Novel Chapter 2956 -When Joanna heard what Avery said, her face turned pale with fright.

Joanna: "Auntie, when will your driver arrive?"

Avery: "I guess it will take a while. He is going to see someone off right now. Are you at home today?"

Joanna: "Yes, at home. But my house is very messy."

Avery: "It's okay. The things are a bit heavy. I'll ask him to deliver them to your home. You don't need to clean them up. I know you're usually busy at work..."

"Okay, thank you, Auntie." Joanna really couldn't refuse Avery's kindness, "I'll pay you New Year's greetings when you're free some other day."

"Okay! When are you coming, tell me in advance, and I'll entertain you." Avery said enthusiastically.

After hanging up the phone, Joanna scratched her head.

"Mom, Aunt Avery said that she sent someone to deliver food to me. Her driver will come to our house later. When her driver comes, you have to take Gia out to hide." Joanna said. She was originally in a calm mood, but it turned out like this.

"It's so cold outside, where can I hide with Gia?" Mrs. Picard was a little embarrassed, "Everyone is at home to celebrate the new year! Why is her driver not celebrating the new year?"

"You don't understand this. The driver is going to work today, may be his salary is high!" Mr. Picard said, "I'll take Gia out later. I'll take Gia to the safe passage for a while. The driver will come to see you off. He won't be with us for very long after delivering the gifts."

"Okay! I'll collect Gia's things first." Joanna immediately collected Gia's things in the living room.

Before she had children, Joanna's room had never been so messy.

After having a child, the room was not tidy at all.

Gia's bottles for milk powder, her toys, and her clothes. When she looked around, Gia's things were everywhere.

“Joanna, don’t panic. You put the things in your room, it’s impossible for others to go to your room.” Mrs. Picard helped her daughter put them away together.

“I shouldn’t have accepted the flowers from them last time. If one of them doesn’t call in advance next time, won’t it be revealed?” Joanna said. She was becoming more and more attached to Gia, making it impossible for her to send Gia to the Foster family for custody.

Facing so many top wealthy families with better conditions than herself, what Joanna could do was to hide Gia well.

“Don’t be so pessimistic. I think Avery is a very nice person. Today’s New Year’s Eve will still miss you.” Mrs. Picard was in a good mood. “If you hadn’t given birth to someone else, how could our family be with you? Is someone involved? Your current dessert shop is also getting better and better because of the help of others.”

“Mom, I know what you said. I didn’t say they were bad. It’s just that I can’t lose Gia. The thought of losing her makes me feel bad.” Joanna quickly put her daughter’s things into a large storage box and she carried the storage box into her room.

An hour later, the driver of Foster’s family called Joanna and delivered the things.

Joanna went downstairs with her father and younger brother to help carry things.

The three of them carried all the things the driver brought, and they didn’t need the driver’s help to take them upstairs.

The driver scratched his head in embarrassment: “Then I’ll go first.”

“Let’s go! Thank you for your hard work!” Joanna let out a big sigh of relief after watching the driver get into the car.

When the three of them returned to the rented room, Mrs. Picard hugged Gia and said, “Look, Joanna, things are not as scary as you think. Don’t always be so pessimistic in the future.”

“Maybe I’m a little pessimistic!” Joanna opened the presents one by one, “Ginseng, bird’s nest...why did Auntie send me so many supplements? Do I look weak?”

Novel Chapter 2957 -“There’s still wine here!” Mr. Picard happily looked at the good wine on the ground, “Is this especially for me? You don’t drink.”

“That’s right... Then these supplements may be for mom.” Joanna said, “Last time I told her that mom had an operation so she didn’t have a job.”

“Avery is quite considerate.” Mrs. Picard was very moved, “She gave us so many things, Joanna, you have to go to pay New Year’s greetings to her in a few days.”

Joanna: “Mom, even if I go to pay them New Year’s greetings, there’s no way I can give them the same amount of gifts.”

“People don’t care what gifts you bring. You can be sweet and make their family happy. This will only benefit you and not harm you.” Mr. Picard taught his daughter how to behave in the world.

“Understood, it’s impossible for me to take the initiative to make enemies with their family!” Joanna took the things and put them away.

It was agreed to go to New Year’s greetings, but Joanna didn’t dare to come to the door until the eighth day of the lunar new year.

Because the Foster family was not an ordinary family.

There were many relatives in their family, and there must be many people who want to pay New Year’s greetings to them during the New Year, so Joanna didn’t dare to go there before the eighth day of the lunar new year.

Avery called Joanna a few times and asked her if she wanted to go over for dinner, but Joanna refused.

Because every time Avery called Joanna, Avery’s side was very noisy, and it seemed that there were many guests at home.

“Joanna, are you avoiding Hayden on purpose?” Avery warmly received Joanna, “Hayden started to go to work today. Don’t you want to go to work today?”

Joanna blushed in embarrassment: “I went to work two days ago, and I rest today.”

“Haha, I thought you were avoiding Hayden on purpose, and didn’t want to see him!” Avery held Dorian and showed it to Joanna, “Look, Dorian has grown a lot now, right?”

“Yeah! I feel like he has grown up a lot!” Joanna looked at her son, her heart almost melted, “I feel like he’s getting more handsome the longer he grows.”

“Hahaha! Everyone says that. I think he looks a lot handsome!” Avery was very satisfied with the grandson, “Are your parents still here?”

Joanna replied: “They have returned to their hometown.”

“Oh, it’s a pity. They should also want to see the child, right? They didn’t let them see the child.” Avery felt that this was unfair to Joanna’s parents, “Next time your parents come over, you can take them to our house to see Dorian. Don’t feel embarrassed.”

Joanna suddenly remembered that she was still thinking that Avery would snatch Gia away a few days ago.

It seemed that she’s narrow-minded.

“Auntie, why are you so nice?” Joanna asked emotionally.

“Is that good?” Avery said, “Joanna, if you really think me good, then don’t refuse the gift I prepared for you today.”

Joanna was stunned.

Gift?

“How about this house? It’s near your dessert shop.” Avery turned on her phone and showed Joanna the detailed information of the house, “Even if I cannot be your mother-in-law, you are Hayden’s child’s mother. From my perspective, you are my half-daughter. I am unable to watch you continue to rent a house.”

Joanna’s cheeks were hot: “Auntie, this is too expensive, I dare not accept it. Apart from not daring to accept it, it is also because I want to buy my first house on my own. If there is no accident, I should be able to afford it this year. Can you let me work hard on my own?”
