Novel Chapter 2978 -Hailee was very smart person. After hearing what the boss said, she immediately understood that the boss treated Joanna differently.

But from her point of view, Joanna must not be worthy of the boss.

Hayden was now going to test Joanna probably because of this mentality.

Let's see if Joanna could stand the test.

6:30 in the evening.

Joanna was getting ready to leave work.

Now the store had recruited a few more employees, so she didn't have to stay in the store late at night.

Coming out of the store, a man immediately blocked her way.

Although the man's behavior was somewhat reckless, he had a gentle and friendly smile on his face.

"Joanna, do you still remember me? Last time I came to your store to buy desserts, I had a chat with you." The man who spoke was Ellis, an employee of the planning department of Dream Maker Group.

Joanna immediately responded with a smile: "Of course I remember you, we are fellow villagers! This is the first time I have met fellow villagers from our small county in this city!"

Ellis: "Me too! Last time I saw you, I was so busy that I didn't even bother to find the contact information. Let's add a friend? We can go back together when we go back to our hometown!"

Without hesitation, Joanna immediately took out her phone and added him as a friend.

"Joanna, do you have a boyfriend? I heard you don't. I don't know if the news is accurate." Ellis asked with a blushing face after adding Joanna.

"Who did you listen to? I'm not familiar with the people in your company!" Joanna only knew Hayden a little, but Hayden probably wouldn't talk about her personal affairs with the employees.

"I asked your shop assistant. You don't mind if I ask you about your personal affairs?" Ellis's simple and honest smile made Joanna shake her head.

“What’s the matter, I’m not that stingy.” Joanna asked, “Have you eaten? You are here to buy desserts, right? Although I really hope that the store’s sales will increase, I really don’t recommend eating desserts for dinner.”

“I’m here to see you.” Ellis invited, “Joanna, can I treat you to a dinner? I think we are really destined to know each other. Many people don’t come to Aryadelle, it is really rare that we can meet here.”

Joanna also found it difficult.

Joanna: “I’ll give my mom a call.”

“You can call auntie out to eat together! Maybe auntie knows my mother!” Ellis said enthusiastically, “I’ll take you and Auntie to a lovely dinner at a nearby restaurant.”

If her mother didn’t have to accompany her Granddaughter, Joanna would definitely invite her out to dinner with her.

They were all from a small place, and they felt very cordial when meeting each other.

“No need. Just the two of us eat!” Joanna said, then turned and dialed her mother’s number.

After telling her mother that she was going to have dinner with fellow villagers, Her mother asked Ellis’s name curiously.

As Ellis said, their small county has a small population, so maybe the previous generation really knew each other.

“Ellis, my mother asked what your parents’ names are.” Joanna asked.

Ellis walked directly to Joanna’s side, and yelled out his parents’ names into her mobile phone.

Novel Chapter 2979 -On the other side of the phone, Joanna’s mother immediately laughed: “I played poker with your mother! I didn’t expect you and Joanna to meet here! How nice!”

After listening to her mother’s words, the relationship between Joanna and Ellis suddenly became much closer.

The two went to the restaurant Ellis mentioned.

Ellis took the initiative to order a few signature dishes from the menu, and then handed the menu to Joanna: "You can order whatever you want, my salary is quite high, you don't have to save money for me."

Joanna saw that the dishes he ordered were enough for two people, so she didn't order any more.

"Even if the salary is high, you have to save some money. Do you still want to go back to that small county and settle down?" Joanna hoped that he would get better and better in the future, "I don't want to go back anyway. My goal now is to make money and settle here."

"You are amazing! You opened your own shop and became your own boss at such a young age. And you also developed my boss into your client, which is amazing." Ellis praised sincerely.

Joanna: "Ellis, don't make fun of me. I'm just lucky. My friend invested money in that dessert shop and asked me to take care of it."

Ellis: "Then you are also very good. Really, sometimes when I am tired from working overtime, I envy the kind of people who are their own bosses."

"Then you didn't see me working overtime in the dessert shop. If you want to do things well, whether it's a part-time job or a boss, it will be very tiring." Joanna said here, "For example, your boss Hayden, he must not go anywhere easily."

"That's right. But at his level, I basically never meet him. I don't know what he's busy with every day." Ellis felt powerless when he said this.

In this life, he would never be as good as Hayden.

"Joanna, as you can see, I don't have a girlfriend, and neither do you. Since we both from the same village, why don't we try dating?" Ellis cut to the chase, "Your mother and I know each other; you can ask your mother about the situation in my family. My parents own a small business in the county, and we have a good family life. I also have a married older sister. My situation is even more straightforward. When I was in college, I had a girlfriend. We later split up due to graduation. I've never been in a loving relationship. I'm of marriageable age now, but I've never met someone who's right for me.

The main reason is that my hometown is a small place, and women who are a little better don't look down on me."

Ellis was very sincere.

Joanna was so embarrassed to refuse directly.

“Ellis, why don’t you wait? You have good looks, a good job, and a good salary. Finding a compatible partner will be simple once you purchase a home here.” Joanna suggested to him .

“Are you looking down on me? Is it because my conditions are not good enough for you?” Ellis was a little bit shocked.

“No, no. My situation is more complicated. I don’t know how to tell you. You are not unworthy of me. You are really good. Don’t feel inferior.” Joanna explained with a blushing face.

“Your situation is very complicated?” Ellis didn’t know what this sentence meant, “What’s your situation? You should have graduated from university not long ago, right?”

“Well... Ellis, we are fellow villagers, so I won’t hide it from you, but I hope you don’t tell others about it.” Joanna wanted to reject Ellis without hurting him, so she could only say her own reasons, “Ellis, I have given birth to a child.”

Ellis: “...”

Seeing that Ellis was stunned, Joanna took a teapot and poured Ellis a glass of water.

Ellis quickly came to his senses.

Ellis: “You never married, did you?”

Joanna: “Without.”

“Oh, that’s okay.” Ellis breathed a sigh of relief, “You broke up with the man?”

“Forget it!” Joanna said, “I don’t think about getting married for the time being, I just want to do a good job in the dessert shop business.”

“I understand. You are emotionally hurt, so you definitely don’t trust men anymore.” Ellis looked at Joanna’s pretty face, “Joanna, I don’t really mind your past.”
