

When His Eyes Opened Read Novel Chapter 3047

Novel Chapter 3047 -Joanna took a shower as quickly as possible, then changed clothes, and came out of the female guest area.

When she came out, she saw Hayden immediately.

Hayden was sitting in the hall waiting for her.

Seeing her come out, Hayden pushed the fruit plate on the table towards her.

“There is also a fruit plate here?” Joanna had just finished taking a shower, her cheeks were flushed.

Hayden: “There are also snacks.”

“Just eat some fruit.” Joanna put an apple in her mouth with a fork, and then looked at his hand.

She put down the fork, took Hayden’s hand over and looked at it.

“It’s wet. I’ll go and change your dressing.” She didn’t care about eating, so she dragged Hayden out of the bathhouse.

After Joanna and Hayden left, everyone chatted freely in the ladies’ area.

“Did you see just now that Ms. Picard has a wound on her abdomen?” A female employee started first.

“What kind of wound? I didn’t see it. I only saw that she has a good figure.”

“I didn’t see either... Didn’t she cover her body with a towel? But she is indeed in a good figure, especially the waist is so thin! I’m so envious!”

“You’re not married yet and have children, so you don’t understand. Generally, the scars on the abdomen are the scars from caesarean section. Ms. Picard may have given birth to a child.” Seeing the scar on Joanna’s abdomen, the female employee said, “I also have a scar on my abdomen. It’s just that mine is cut vertically, and Ms. Picard’s is cut horizontally.”

“Ah? Does our boss know about it?”

“I know for sure. The two of them must have slept. If they haven’t slept, the boss can’t take her out to participate in the team building.”

“But the boss and Ms. Picard are each in a tent! If they have slept together, why don’t they just use one Tent?”

“Anyway, I think the boss must know about it. Even if the boss doesn’t investigate Ms. Picard’s situation, the boss’s family will investigate Ms. Picard. Most of Ms. Picard’s children are born for the boss. Otherwise, Ms. Picard With such a family background, how can she be our boss’s girlfriend?”

“If this is the case, then it is completely in line with the rules of the overbearing president’s novels! Ms. Picard is really lucky! A mother is more expensive than a child, and even if the boss does not marry her in the future, in the future, she can rely on her children to cross classes!”

“This kind of envy doesn’t come. In fact, apart from the average family background, Ms. Picard is also pretty good in other aspects. At least she has a good-looking parent and a good figure, and I think she has a pretty good personality. Every time I see her, she will smile at people. It just complements our boss.”

“Don’t be funny, if I can give birth to the boss, I can smile at everyone haha! The key is that I usually even the boss’s people I can’t see you. It’s maddening to compare people with each other!”

...

Joanna and Hayden returned to the camp.

The camp was by the sea.

The street lights on the beach were all lit up.

Where they camped, additional lighting was installed.

Joanna took out a portable medicine bag from her bag and treated Hayden’s wound.

Hayden: “My mother seems to have such a medical bag.”

“My aunt recommended that I buy it. She said that the medicines in it are relatively complete and can basically meet daily minor injuries. So I bought it.” After Joanna re-bandaged his fingers, Looking at the short sleeves on his body, “Did you bring a coat? It’s a bit cold at night by the beach.”

Hayden: “No. I’m not afraid of the cold.”

“Then let’s go to barbecue? Do you like barbecue?” Joanna asked.

Hayden shook his head: “It’s probably the same as your attitude towards ice cream.”

Joanna: "Haha! It's good to have some once in a while for a different taste."

Hayden: "Alright."

The two of them walked towards Harry.

Seeing the two of them approaching, Harry immediately gave up the stall to them.

"You sit here, and I'll bake it for you." Joanna gave Hayden the small bench.

Hayden glanced at his freshly bandaged fingers, then sat down obediently.
