

When His Eyes Opened Read Novel Chapter 3068

Novel Chapter 3068 -10 o'clock at night.

Hayden's car slowly drove into the yard.

Joanna kept her eyes open and did not sleep.

Seeing the lights flashing by, she immediately sat up from the bed and turned on the lights in the room.

When Hayden got out of the car, he saw the lights in the bedroom on the third floor turned on.

That's his room.

It's so late, why is Joanna still up?

Is the child not asleep?

It's not good for a child to stay up so late.

Hayden hurried back to the house and took the elevator to the third floor.

When Hayden entered the bedroom, he saw the big bed was empty, and then heard a sound from the bathroom.

"Joanna, where's the child?" Hayden walked to the bathroom door and saw that Joanna had put away the bath water for him.

"Today, auntie told the nanny to let the nanny take Gia to sleep." Joanna blushed slightly, "Did you come home after working so late before? It's so hard!"

Hayden entered the bathroom, "When I was busy before, I sometimes came home later than now. But I will pay attention in the future and try to come back as soon as possible."

"Hmm. Are you exhausted? Go take a bath!" Joanna walked up to him and reached out to help him unbutton his shirt.

Hayden gently held Joanna's hand, "Why are you so active?"

He felt that Joanna was a little strange.

"I've always been proactive towards you!" Joanna smiled and continued to unbutton him.

Hayden was not a man who didn't understand style at all.

Joanna had already taken the initiative so much, it was impossible for Hayden not to satisfy her.

Hayden's big palm penetrated under Joanna's skirt, and then pushed her against the wall.

...

This night, crazy and satisfying.

The next day, Joanna took simple luggage and went to the airport alone.

She had never traveled far alone.

So she booked the trip impromptu.

She needed to calm down and think about whether to withdraw from Hayden's life.

When Hayden received a text message from her on a long trip, he didn't notice anything unusual.

Because Joanna said that this trip was something she had been looking forward to for a long time.

In order to make her have fun, Hayden even transferred a sum of money to her.

Saturday was the time agreed by the Foster family and the Picard family to meet.

Hayden called Joanna at noon on Friday, wanting her to come back.

Standing on the balcony of the hotel, Joanna looked at the majestic mountains in the distance, and said her decision: "Hayden, let's break up! I've thought about it for the past two days, but I still don't think I'm good enough for you. You should find a better woman to be your life partner."

Hayden seemed to be hit hard: "Are you sure?!"

"I'm sure." Joanna said firmly, "I like you very much, but because our identities are unequal, this liking always makes me worry about gains and losses. This kind of life is not what I want."

Hayden's face turned red instantly.

He thought that the marriage was settled and he would no longer have to worry about finding a wife, but in the end, the wife he got flew away!

Hayden took a deep breath, still in disbelief, "...What about the child? You don't think that I will give you the child if you propose to break up like this?"

"I don't want it anymore." Joanna's tone was exceptionally free and easy, "I'll give you both children."

Hayden felt someone hit his head hard with a brick!

Knocked him out all over!

"I believe that you and your family will treat our children well. Tomorrow's meeting with the elders, cancel it!" Joanna continued.
