**Novel Chapter 3079** -Hayden: "It can be seen that your whole family is very optimistic."

Joanna: "Because our family is not the poorest in our village. When you feel unsatisfactory in life, think about the fact that many people may not live as well as us, and naturally you will feel much better."

Hayden: "Joanna, let's prepare for our wedding together with my mother! After all, it is our own wedding. If you have any ideas, you can tell my mother. We will think about other things after we get married."

Joanna nodded: "Okay! In fact, I can take care of the children at home. It's just that the children will leave me when they grow up and go to school. If they don't have their own things to do, it will be very boring."

Hayden: "It's not impossible to decide what to do after the children go to school."

Joanna: "I'm afraid I'll lose touch with society."

Hayden: "When you stay with your children at home, you don't need to watch your children 24 hours a day. There are so many nannies at home. You can spare time to study, and after your children go to school, you won't be out of touch with society."

Joanna: "Well, let's talk about it after we get married! Hayden, who do you plan to have as your best man?"

Hayden: "Robert."

Joanna: "Do you have any other unmarried friends?"

Hayden: "Isn't Robert a ready-made best man?"

Joanna: "Are you only looking for one best man?"

Hayden: "Could it be that you can find many bridesmaids? You seem to have only one friend, Juliette, right?"

Joanna: "Yes! She helped me when I was in the most difficult time. I am very grateful to her."

Hayden: "So you want me to find more best men, preferably single ones, and let her choose when the time comes?"

Joanna blushed in embarrassment: "It's not for her to choose. This kind of thing depends on the relationship between the two people. I think Juliette is very good."

“Since she’s great, there should be a lot of suits around me. Instead, there aren’t many single people, and even fewer rich single people.” Hayden added, “Harry also has a girlfriend.”

Joanna: “Then I picked up the treasure.”

Hayden: “Some people say that I have high vision, so I have never been in a relationship before. I think what others say is correct. I am indeed high-sighted, and no one can look down on me.”

Joanna: “If it was another woman who slept with you in the hotel..”

Hayden: “I can’t sleep with any woman. If it was too ugly, I would rather knock myself out than do that kind of thing.”

Joanna’s cheeks were hot: “I’ll just take it as you are complimenting me.”

Hayden: “Didn’t that Ellis chase you before? Although you are not as beautiful as my two younger sisters, you are not bad.”

Joanna didn’t expect Hayden to be so direct.

Joanna was about to follow his words and praise their family’s genes.

And Hayden probably realized that he was speaking too directly, so he corrected him: “Everyone is unique. In the eyes of your parents, you must be the most beautiful.”

Joanna: “Haha! You don’t need to comfort me. I can bear it mentally. And I also think your two younger sisters are super beautiful.”

“You have different styles. There is no comparison.” Hayden changed his way of speaking, “Although appearance is a bit important, it is not the most important. Your character and personality are the important factors that distinguish you from other people. “

Joanna: “Um.”
