**Novel Chapter 3092** -Lucas picked up Hazel's resume and glanced at it.

After seeing that she majored in broadcasting and hosting, Lucas took another look at Hazel: "Did you go to the wrong place?"

Hazel: "No!"

Lucas: "You know where you're?" What kind of company is it?"

Hazel smiled and said, "I know! It seems to be making games."

Hazel still remembered that Lucas loved playing games before.

He could stay up late playing games without eating or drinking.

Now it's good to turn a hobby into a job.

Lucas: "Since you know, then what are you doing here? What do you think you can do?"

Hazel said optimistically: "I can do anything! I have a high level of comprehension, and I can learn everything quickly."

Lucas put the resume on the table, and asked: "You are from Aryadelle, why did you come all the way to Thopiavelle?"

No matter how dull Lucas was, he could see that there was something wrong with Hazel.

Hazel graduated from a good university in Aryadelle, majoring in broadcasting and hosting. With this kind of education, it should not be difficult to find a job in Aryadelle that matches her major.

If Hazel likes Thopiavelle and insists on working in Thopiavelle, then she should be able to easily find a professional job in Thopiavelle. But why did she come to her job?

"Thopiavelle is my second hometown! I used to live in Thopiavelle." Hazel explained, "The reason why I didn't look for a job as a professional counterpart is because I found that I don't like being a host so much now."

Lucas: "Then what do you want to do?"

Hazel: "I like the game industry... If you see what I can do, just arrange for me to do it!"

Lucas: "You can do anything No!"

At this time, The front desk guy came over: "Boss, she looks pretty good, why don't you keep her! You can let her do odd jobs. We are all bachelors in our company, here is a beauty, everyone will work more energetically!"

Lucas glared at the front desk guy: "Then you arrange it!"

After Lucas finished speaking, he walked towards the office.

Hazel immediately thanked the front desk guy: "Thank you! I didn't expect you to have such a big voice at the front desk!"

The front desk guy also laughed: "I am his partner."

Hazel: "???"

The front desk guy: "It happens that I'm tired of doing the front desk, so you can do the front desk in the future?"

Hazel: "... Is it so casual?"

Aaron listened to it, and he was not well.

"Hazel!" Aaron shouted sharply, wanting Hazel to wake up.

Before signing the labor contract, Aaron had to take Hazel away.

Hazel immediately pulled the bodyguard out of the company.

Aaron: "Miss, wake up! They want to pick you up!"

Hazel: "The front desk guy is just joking. Don't be so serious. You let me stay here for a few days. If I can continue, I will talk to my dad. Mom said, if I can't keep working, I'll go home with you."

Aaron excitedly said, "You're the receptionist there, what about me?"

Hazel said, "Why don't you go to the hotel to rest? Look at you working so long, you haven't even had a good rest."

Aaron: "How can this be done! I must be with you! This is a death order from your parents! Even if you go to work, I must keep an eye on you!"

Hazel: ". ...I'll call my mother!"

Aaron: "Call now. Unless your mother tells me to rest in the hotel, I will definitely follow you."

Hazel took a deep breath and took out the Mobile phone, walk to the side.

She turned on the phone, hesitated for a few seconds, and dialed her mother's number.
