Chapter 3094 -Mike answered the phone, and after hearing the word Lucas, he laughed: "Hazel told you?"

"You're still laughing! Why are you keeping such an important matter from me?" Avery complained.

Mike: "Of course I can't tell you. Hazel told me this secret, and I have to help her keep it. If I tell you, you will definitely not be able to resist asking Hazel, so that Hazel will know that I betrayed you. After leaving her, she will never tell me any more secrets."

Avery: "Have you investigated the boy Lucas? What's his situation? Hazel said he likes him. I'm very disturbed now."

Mike : "I did a little research before. This boy is an illegitimate child from a middle-class family. He studied in Eozambiulle. He looks good, but I don't know what his character is. Hazel likes him, which should mean that others are still good. It's not bad! It's just that the family conditions are not so good. After all, the middle class in Thopiavelle is not the middle class in Aryadelle, and the gap is still quite large."

Avery sighed: "I'm not the kind of person who has to be of the same family, but why do I have a small family? When I found someone with poor conditions, I am so uneasy! Hazel has suffered for so many years, how can I let her continue to suffer in the future?"

Mike: "I understand your feelings. But despite the fact that Hazel likes him, she wants to marry him! You may not be able to convince Hazel to leave you; marry far away! Don't be so anxious; communicate effectively with Hazel."

Avery: "This is the first time Hazel told me that there is someone she likes. Hazel wouldn't tell me if she didn't really like him. I'm afraid that she'll be stubborn and marry that boy."

Mike: "Don't panic. You won't be the only one at that point. Stop it. First of all, Elliot will not agree. If someone must be the villain, then let Elliot be the villain."

Avery: "..."

After hanging up the phone, Avery looked at Elliot.

Elliot: "I will definitely not let Hazel marry that br*t! Hazel's future husband must be better than Hayden!"

Avery: "It doesn't have to be so strict. Mike said that Lucas is the illegitimate child of the family, I'm afraid that Hazel will be angry after marrying him."

Elliot: "I won't let Hazel marry to Thopiavelle. If Hazel doesn't come back in a week, I'll pick her up."

Avery nodded.

...

Thopiavelle.

Lucas picked up Hazel's resume and read it again.

"Niko, don't you think it's strange?" Lucas said, "Why does this woman come to work in our company?"

The front desk guy who recruited Hazel was Niko Ward.

At this moment, he was sitting in Lucas's office making tea and drinking: "It's strange! That's why I kept her and see what she wants to do."

Lucas put down the resume, "I always feel that she looks familiar, as if I have seen her somewhere."

Niko laughed loudly: "Lucas, I didn't expect you to say such vulgar words! What you said just now is our usual way of talking to beautiful women."

Lucas didn't answer his words. Instead, he turned on the computer and began to check Hazel's information.

Hazel was from Aryadelle, so Lucas switched the network of Aryadelle.

Soon, Lucas found Hazel's basic information.

"She used to be a host in Aryadelle." Lucas said.

Niko walked to Lucas, glanced at the information on the screen, and scratched his head: "Then why did she come to our company?"
