Novel Chapter 3115 -Lucas: "What made you change your mind?"

Hazel: "That's the reason I just said! I just graduated, so I don't have any important things going on."

Lucas: "Aryedelle and Thopiavelle are so far apart, are you sure your parents don't care if you stay and work here?"

Hazel: "I've already told them. They shouldn't be very happy, but they don't care about me."

Lucas: "You don't care about their unhappiness, but you still want to stay here... You don't seem like someone who would disobey your parents."

Hazel suppressed a smile: "You guessed it, I never quarreled with my parents. And I won't stay here forever, so they won't be too angry because I stay here now."

No matter how dull Lucas was, he could see why Hazel insisted on staying in Thopiavelle now.

"You are here for me." Lucas said firmly, "I won't let you work in my company, you just do housework and cook for me at my house, and you promised to go back to Aryedelle, but now you are not going back to Arydelle. You...you like me?"

Hazel's face instantly turned red.

She couldn't deny it.

Because she was really very obvious.

"Can't I like you?" Hazel said awkwardly, "Don't you have no girlfriend? As long as you don't have a girlfriend, I can like you!"

Lucas was speechless at her direct words.

There's nothing wrong with what she said.

“You said just now that you will return to Aryedelle sooner or later. If that’s the case, it’s impossible for the two of us, so why waste time?” Lucas politely rejected her.

Hazel: “I will return to Aryedelle in the future!”

After Lucas understood what she meant, her face also blushed: “Your thinking is too avant-garde. We are not suitable. I don’t want to waste time on you.”

“I didn’t let you waste time on me, but don’t worry about me wasting time on you, okay?” Hazel begged, “How did you live before, now you can be the same as before, you treat me as ordinary People. It will be fine.”

Lucas thought for a while, but didn’t speak.

“Then I’ll go first. I’ll go to your company starting tomorrow!” Hazel picked up her bag and was about to leave.

Lucas still did not speak.

After Hazel left, Lucas leaned on the sofa, dazed.

Lucas: She really looks like Siena, but Siena is dead. Who is she? If she wasn’t Siena, how could she come to Thopiavelle to find me? How could it be possible to be willing to do housework and cook for me, let alone go to work in my company! Only Siena would do that.

the next day.

Hazel came to Lucas’s company.

Seeing her coming, Niko leaned in front of her with a happy face.

“Hazel, did Lucas ask you to come to the company?”

Hazel smiled and shook her head: “I wanted to come. But I told him, and he didn’t object.”

Niko laughed loudly: “Okay! Then you can do whatever you want! Since he didn’t object, it means he accepted you.”

Hazel: “Well! Brother Niko, then I’ll be his assistant!”

Niko: "Yes! How much salary do you want?"

Hazel thought for a while: "Let's talk about it after I've been working for a full month! In case of any accident, I won't have to pay me a salary soon after I work."

Niko sighed and said, "What do you mean, why do I feel that you are going to run away at any time? Don't make Lucas fall in love with you, and you can't be responsible for him in the end, that would be too scumb*g!"
