

When His Eyes Opened Read Novel Chapter 3116

Novel Chapter 3116 -Hazel's cheeks were hot: "No. If he really falls in love with me, I can take him away with me."

The expression on Niko's face was directly distorted: "Hey! If you say that, I have to guard against you! I didn't expect you to be so ambitious that you would actually want to abduct our company boss!"

Hazel: "You have a little confidence in him, okay? Do you think he is that kind of love brain?"

Niko took a deep breath: "Okay! He's not! It's still difficult to make him fall in love with a woman. Come on! If you can let him go with you, I will admit it too! When the time comes, you two will bring me together!"

Hazel couldn't help laughing: "Brother Niko, your family is so rich, why did you follow Lucas?"

Niko: "Who told you that our family is rich?"

Hazel: "You said it! You said you invested in this company."

Niko: "It doesn't mean I'm rich! The money I invested in is my dad's death compensation."

Hazel: "..."

Niko: "After my father died, my mother died too. I was bored to be alone, so I partnered with Lucas."

Hazel: "Brother Niko, are you so miserable?"

Niko: "Yes! I'm so miserable."

Hazel quickly adjusted her mood: "Actually, you are not particularly miserable. I have seen worse than you."

Niko: "If you say that, of course I'm not the worst. There are a lot of parents who have died in this world! There are also many people who have no father or mother since they were young. He passed away, and left me a lot of compensation...Anyway, I think I am better than Lucas. Although Lucas's

parents are still alive, he has a bad relationship with his father, and his mother has the disease again. Seriously ill, he suffers more than I do.”

Hazel: “Yes! He is really bitter.”

Niko: “So you came to heal him?”

Hazel: “I hope I can make him happy.”

Niko: “You are such a sweetheart!”

Hazel: “Brother Niko, you can also find a girlfriend!”

Niko looked disgusted: “I’m not looking for it! Looking for a girlfriend to take care of me? I don’t know how happy I am living alone!”

Hazel: “Okay! Then I’ll go to the boss’s office first.”

Niko: “Go ahead!”

Hazel entered Lucas’s office, cleaned the office briefly, and then Lucas came.

Niko came in with Lucas.

The expressions on the faces of the two were serious, as if something had happened.

Hazel stepped aside and listened to them quietly.

Niko: “I think if you want to grow big, you still have to accept other people’s investment. As long as the investor doesn’t interfere with our work, it will be fine!”

Lucas: “You think things too simply!”

Niko: “You haven’t met and talked with others in detail. How do you know that others will definitely interfere with our work? Let’s meet and talk first! Even if we don’t get along, there is no loss.”

Lucas: “Then you talk to the other party?”

Niko: “What am I talking about! I don’t understand our company’s business at all, I can only be the front desk sweeping the floor...”

Hazel couldn't help laughing out loud.

The two looked at Hazel in a flash.

It seemed that there was another person in this office until now.

Lucas: "Are you eavesdropping on our speech?"

Hazel: "I'm not eavesdropping. You didn't let me out, so I thought I could listen here!"

Lucas: "..."

Niko: "Hahaha! Lucas, don't be so serious! It's not a big deal, she just listened."
