

## When His Eyes Opened Read Novel Chapter 3136

**Novel Chapter 3136** -Hazel looked at the lady at the front desk: "My friend's name is Lucas."

The front desk immediately handed the box to Hazel.

After Hazel got the box, she walked towards the hotel entrance.

Lucas gave her this box, did he discover her identity?

Otherwise, why did Lucas give her mother-in-law's bracelet?

Outside the hotel, it was raining heavily, cars were coming and going on the street, but Hazel's heart was very quiet.

She took the box and walked towards the elevator.

Back in the room, she opened the box, took out the bracelet, and looked carefully.

This bracelet carried all the memories of her childhood.

Lucas returned home and turned on the phone, but there was no message or call from Hazel.

Hazel must have received the gift; he was unaware of her current emotions.

He suspected that Hazel was Siena. However, he didn't have the courage to ask Hazel face to face.

In fact, he had already asked Hazel this question, but Hazel denied it at the time.

Lucas was a very sensitive person. He knew that Hazel lived in Aryadelle, had a family who loved her very much, and her family was very rich.

Although Hazel's dress was not jeweled, it could be seen at a glance that she was rich, but her well-mannered conversation showed that she had received a good education. Only children from rich families could be so confident and calm.

The previous crisps were not like this.

Although Siena was also very optimistic, but she was not so confident.

If Hazel is Siena, he doesn't know how he will face this matter.

At least not yet.

Hazel was lying on the bed, wearing a bracelet in her hand, not feeling sleepy at all.

so awkward.

She knew that she should send a message to Lucas to express her gratitude, or call Lucas, and say something casually, but the moment she received the bracelet, the strength in her body seemed to be drained.

Presumably Lucas also felt that there was an inseparable connection between her and Siena.

After lying on the bed for a while, Hazel sighed, then found the phone, clicked on Lucas's dialog box, and sent him a message: [I have received the gift, I like it very much.]

Lucas did not return.

Hazel opened her eyes, looked at her mobile phone, and suddenly saw that it was twelve o'clock in the night, and Lucas did not reply at night.

Hazel put the phone aside, closed her sour eyes, and said to herself: "If you don't reply, you won't reply! There's nothing to reply. I lied to him first. It's possible that he is angry and ignores me!"

The next day, Hazel and Aaron came to the airport.

Before boarding the plane, Hazel sent a message to Lucas: [Boss, I'm boarding the plane. I'll bring you a gift when I come back!]

After Hazel sent the message, she turned off the phone.

Aaron stared at the bracelet on Hazel's wrist and asked, "Hazel, when did you buy the bracelet?"

Hazel raised her wrist and showed it to Aaron: "Does it look good?"

Aaron: "Do you want to listen to the truth?"

Hazel glared at Aaron: "Then you better stop talking."

Aaron laughed loudly: "This bracelet is a bit old-fashioned. I don't think you would buy this style of bracelet. Someone gave it to you, right?"

Hazel: "You are the only one who is smart."

Aaron: "Seeing that you like it so much, Lucas must have given it to you!"

Hazel fell silent.

Aaron suddenly became a little worried: "Hazel, could this be his token of love for you? He is so stingy, so he gave you such a broken bracelet!"

Hazel: "This is not a broken bracelet! This bracelet has a very special meaning to me! I won't allow you to talk nonsense!"
