Novel Chapter 3149 -Hazel: "That's not what I meant...Actually, I also want to work occasionally. You don't know how delicious my chef cooks...I occasionally want to cook something by myself, but I'm sorry. It's different here, you will definitely eat it if I make it."

Lucas blushed in embarrassment: "Have you cleaned up almost?"

Hazel nodded.

"You should rest for a while! I'm leaving first!" Lucas said, "It's still early for dinner, and we'll eat when you're hungry at night."

Hazel: "Oh, okay! Then I'll call you later."

"Okay." Lucas got up and left.

Coming out of the hotel, Lucas called Niko and asked Niko to pick him up.

Niko: "You came out so soon? Did you two have a good chat?"

Lucas: "The chat is over."

Niko was very excited: "Okay, I'll pick you up now. You have to gossip and gossip when we meet! I'm so curious!"

After a while, Niko drove over.

After Lucas got into the car, Niko's mouth kept chattering: "Lucas, did she tell you about her family? Is her family super rich? To be able to attend Hayden's wedding, her family is definitely the upper class! She likes you so much, you must grasp it! Even if she asks you to go to Aryadelle with her, don't hesitate! If I were you, even if she asked me to go to her house to be her son-in-law, I will never refuse!"

Lucas frowned: "Why did you guess everything right?"

Niko slammed the steering wheel: "D*mn it! She really asked you to be her son-in-law?"

Lucas shook her head: "She wants me to go to Aryadelle with her."

Niko turned his head to look at Lucas: "Did you agree?"

Lucas: "Drive hard!"

Niko: "Okay! I'll drive hard! Don't stop, just keep telling me!"

Lucas: "We'll talk about it when we get back to the company. I'm afraid you'll be too shocked to drive properly."

Niko: "You are still going around in circles with me, you are not usually like this! You are a big man, so not straightforward...Forget it, I think you seem to be frightened, please be calm and calm, When you arrive at the company, you must tell me everything!"

Ten minutes later, the car stopped downstairs in the company.

After the two got out of the car, Niko pulled Lucas for fear that he would run away.

Niko: "Tell me! How rich is Hazel's family?"

Lucas's mood calmed down a lot, "Her father is Elliot Foster."

Niko frowned: "Huh?"

Lucas: "Hayden is her real brother."

Niko: "Ah! *Fck! Fck!* I feel like I'm going to die!"

Niko covered his heart with one hand, looking like he was having trouble breathing.

Lucas's expression was calm: "She is Siena. She is my family's former nanny."

"I'm going! Isn't that Siena dead? How did she become Hazel?" Niko caught up with Lucas and grabbed Lucas's arm, "No wonder she came here to find you, so it was you babysitter."

Lucas: "She came to Thopiavelle as a refugee. She is the youngest daughter of Elliot who has been missing for many years. Three years ago during the summer vacation, she went to Aryadelle, and was found by the Foster family.

Her family let Siena die , In fact, she didn't intend to let her come to Thopiavelle again."

Niko nodded: "It's really touching that she came to look for you now! Lucas, I'm serious, her family's conditions are among the best in the whole world, why do you reject her?"
