

When His Eyes Opened Read Novel Chapter 3151

Novel Chapter 3151 -Lucas frowned and looked at Niko: “I have nothing now, you asked me to go to Aryadelle with her, what did I do there? What would her family think of me?”

Niko: “You don’t care what they think of you, as long as Hazel likes you! Besides, you have gone to Aryadelle, and her family will naturally arrange things for you.”

Lucas: “I don’t want it. I don’t want to depend on others. I’ve had enough of this feeling.”

“Then do you want to give up Hazel? Hazel is so good! Lucas, are you stupid?” Niko said seriously, “If your mother knew about this, she would definitely agree with you to be with Hazel. As long as you are with Hazel, you can save twenty years of struggle! Bah! Twenty years is too little! If you are with Hazel, you will not have to struggle for the rest of your life! I checked Elliot’s information, their whole family is a business genius, and each of them is a very powerful figure if he is singled out.”

“So it’s even more impossible for me to be with Hazel like this.” Lucas said in a firm tone, “Our company’s investment is also given by Hazel’s family.”

Niko sighed: “What the h-e-l-l, rich people are really rich! You can spend tens of millions to play casually. Since you want to have a career, then take this investment and do it well. Wait for the career Wake up, and then go to Aryadelle with Hazel.”

Lucas: “Since I now know that this investment was given by Hazel’s family, I definitely can’t take it. I will tell Eden now that the contract is void.”

Niko: “...”

the other side.

Hayden and Joanna were blowing the sea breeze on the deck chairs by the sea.

Hayden’s phone rang.

Seeing that it was Eden calling, Hayden immediately answered it.

Eden: "Boss, Lucas doesn't want our investment anymore."

Hayden frowned: "Why?"

Eden: "He knows Hazel's identity."

Hayden: "Did Hazel tell him?"

Eden: "Yes. He seems to be quite shocked."

Hayden smiled: "Are you inferior?"

Eden: "It should be. If he wants to terminate the contract, should we ask him to pay liquidated damages?"

Hayden: "If you're not afraid of Hazel cutting you off, you can do it anyway."

Eden shrank his neck in fright.

After Hayden finished talking on the phone, Joanna took off her sunglasses and looked at him: "What's wrong with Hazel? Nothing happened, right?"

Holding the mobile phone, Hayden hesitated whether to send a message to Hazel, and replied to Joanna's question: "It's okay. Lucas knows Hazel's identity, and now he refuses to accept my investment."

Joanna looked surprised: "I thought he would be very happy after knowing Hazel's identity!"

Hayden: "Who knows if he's just pretending. Let's observe first!"

Joanna: "Well. Anyway, Hazel just graduated, so it's impossible to get married so soon."

Hayden: "Joanna, let's go to Thopiavelle in a few days! Go there to play, and take a look at Hazel by the way."

Joanna knew that Hayden wanted to see Lucas, but she didn't expose it: "Okay! I wanted to go and have a look."

Thopiavelle.

Hazel woke up after a nap, looked at the time, it was already past seven o'clock in the evening.

Hazel immediately found her mobile phone and called Lucas.

Lucas quickly accepted it.

Hazel: "I'm sorry! I've been asleep until now! I even said that I went to see your mother with you! Have you eaten yet?"

Lucas: "I didn't eat."

He had been waiting for Hazel.

It was agreed that when they ate together, she would not eat first.

Hazel: "Oh, where are you? Shall I find you?"
