When His Eyes Opened Chapter 3171-Without even thinking about it, Hazel shook her head immediately and said, "I won't leave now. Leave me alone; just do your own thing well."

Lucas: "You are just wasting your time by staying here."

Hazel: "I have studied and practiced hard for so long. What's wrong with taking a break now?"

After a while, Hayden and Joanna finished shopping, and Hazel and Lucas went to the hospital immediately.

Isabela didn't know that Hazel's brother and sister-in-law were coming to see her, so when she saw them, she seemed a little embarrassed.

Isabela wanted to sit up, but her body had no strength.

Hazel raised the head of the hospital bed and said, "Auntie, my elder brother and my sister-in-law are here to play, and take a look at Lucas and you."

Isabela: "How embarrassing! My son is really lucky to know Hazel."

Joanna: "Auntie, don't say that. Lucas is also very good; otherwise, Hazel wouldn't like him."

Isabela: "Hey, I heard that you are very rich. You don't despise my son, do you?"

Joanna: "Auntie, what we value most is character. Don't worry about Lucas and Hazel. If they really love each other, no one can separate them."

Isabela: "Thank you, thank you! What I worry about the most is my son. I hope you don't look down on him. He has a strong self-esteem."

Hayden looked at the emaciated Isabela and said, "Auntie, don't worry; my family and I will not look down on your son."

Hazel didn't expect Hayden to say this. She was so moved that she couldn't help but secretly hold Lucas's hand.

Hayden stayed in the ward for a while, then walked out.

Hazel was a little puzzled and asked Joanna, "Sister-in-law, why did my elder brother go out?"

Joanna: "He may have gone to ask about Auntie's condition. Don't you know your eldest brother? His face is cold, and his heart is warm."

Hazel: "Oh."

Hazel asked the doctor in private, and the doctor said that Isabela's cancer had metastasized and that even if she were alive, it would not help.

That's why Hazel gave up the idea of taking Isabela abroad for treatment.

Isabela looked at Lucas and said, "Son, I am very satisfied; as long as you and Hazel live well, I will be satisfied. Take them away and entertain them well. You can't keep guests in the hospital."

Lucas nodded and looked at Joanna: "Sister-in-law, let's go!"

Joanna nodded.

...

On the other side, Mr. Hogan received a call from the hospital. The doctor told him that Lucas brought Hazel's family to the hospital to visit Isabela and congratulated Lucas on marrying the Foster family.

Mr. Hogan was extremely excited when he heard the news.

The Hogan family was in decline. At this time, it would be a great joy to marry the Foster family!

Let's see who dared to look at the Hogan family, then!

Mr. Hogan hung up the phone and rushed to the hospital.

Unfortunately, when Mr. Hogan arrived at the hospital, Hayden and the others had already left.

Mr. Hogan came to Isabela's ward and asked, "Did Hazel's family come just now? What are they here for? Are they here to talk about Lucas and Hazel's

marriage? It's so important; why didn't Lucas notify me? I have to meet Hazel's family!"

Isabela looked livid: "Don't bother them! Lucas has severed ties with you! Don't influence him!"
