

When His Eyes Opened by Simple Silence Chapter 701

Avery's emotions seemed much more stable than before.

Although she was still missing Tammy, because she had just given birth to a small human being, her outlook has changed a little. Her child in her was initially still doing well, but because of this accident, she has to give birth to it earlier.

When the nurse showed her the baby, she wanted to cry, but she could not cry out, as if her tears were frozen.

Looking at the small baby, Avery blamed herself.

When Hayden and Layla were born, they were premature too. That was because twins were usually given birth prematurely, so their pregnancy term was shorter than usual. Robert was even smaller than Layla and Hayden.

Although she knew that he would survive, she was still upset.

“Avery, does it hurt?” Elliot saw her in a daze, so he broke the silence.

Avery shook her head gently. She was injected with anesthesia before the surgery.

The effects have not worn off yet, so she did not feel pain.

“Have you seen the baby?” Avery’s eyes fluttered. Her voice was very soft.

“I saw it. He looks like me.”

Elliot gently held her hand and said hoarsely, “Avery, thank you.”

“The child is still so small...” Avery choked up.

“It’s all my fault. I’m a bad mother.”

“It has nothing to do with you. Also, premature labor does not mean that our child will not be healthy. Don’t overthink this. You need to rest now,”

Elliot coaxed, “I will properly look into Tammy’s incident. I will make sure that she gets justice.”

Avery has just finished surgery. She was weak at that moment.

Even if she was angry and upset, she could not flare up.

On the other side, the news of Avery’s premature labor was spread to Chelsea. Chelsea was elated.

Although premature labor did not mean that the child would die, the risk was there.

Chelsea could not sleep for the entire night. She was thinking of her next step. She handed a card to Nora.

“Leave right now. The money in this card is enough for you to go for cosmetic surgery,”

Chelsea said, “If you were caught by Elliot, I won’t protect you.”

Nora accepted the card. Nora said gratefully, “I’ll leave now master. I promise I won’t get you in trouble.”

“Don’t call me master. From today onward, I don’t need you anymore.” Chelsea took one last glance at her. Her eyes were filled with disgust.

After Nora left, Chelsea took her phone out and dialed Ben.

At that moment, Ben was visiting Avery in the hospital.

When he received Nora’s call, he walked out of the ward.

“Ben, I found out who was the one that kidnapped Tammy already” Ben’s eyebrows throbbed.

“Are you going to say that it was Nora?”

Other than Chelsea and Nora, he could not guess who else would hurt Tammy.

Other than playing and having fun, Tammy rarely mixed with complicated people.

Avery got into premature labor because of Tammy’s incident. He was even more convinced that the culprit kidnapped Tammy to agitate Avery.

“What do you mean by that?”

Chelsea said angrily, “Are you trying to say that I have to bear the responsibility of what my cousin did? Her mental being has been distorted due to her ruined looks, so she did something terrible. How is this anything to do with me?”

“Oh, you’re calling me to tell me this, so I’ll tell this to Elliot?”
Ben derided.

“No need! I’ll call him and tell him this myself! I’m calling you because you came to look for me last night! I initially thought that you care about the truth. I didn’t expect that you would doubt me!”

“Chelsea, you better don’t call him. I don’t think he will want to listen to your excuses,”

Ben mocked, “Avery was upset and got into premature labor because of this. He won’t let this go just like that. You better pray for luck!”

Chelsea’s body turned cold.

Pray for luck? They could never find the evidence that she was the one who did it! With Nora as her scapegoat, it will never be her.

Even if they all thought that she was the one who did it, as long as they did not have any proof, they could not do anything to her.

Elliot never loved her before. How bad could their relationship turn?

At the hospital, Chelsea brought a bouquet of lilies to visit Tammy.

Visiting Tammy was only one of the reasons.

It was mainly to see how Tammy was doing, at the same time, telling them that it was Nora who did it and she had nothing to do with it. She initially wanted to tell Elliot about this on her own, but she lacked the courage. She indeed called Ben so that Ben would pass the word to Elliot.

However, Ben has completely lost trust in her, so she could only come to visit Tammy.

Jun stopped Chelsea outside the ward.

“How dare you come here!” Jun threw the bouquet of lilies in her hand into the bin.

He clenched his fists, his eyes burning with rage.

Chelsea said calmly, “Jun, I’m sorry. Nora should be the one who did it. Her face was ruined previously, she was agitated, so she recklessly planned this...”

“Shouldn’t she seek revenge on you because her face was ruined? Could she not have known that you were the one who did it?”

Jun did not spare her any mercy. He revealed her ugliness in this matter.

‘ ‘You and your dirty tactics.You tried to hurt Avery but ended up ruining your cousin’s face.Do you think we won’t know about this ?’ ’

Chelsea said, “It wasn’t me!”

Jun looked at her retorting, he felt disgusted, “Elliot said he would look into this.If you want to explain yourself, do it in front of him.I’m angry just by looking at you right now.If you don’t leave any time soon, I’m afraid I won’t control myself and beat you up! If I beat you up or make you cripple, I won’t be sentenced to death.At most, I’ll have to compensate you with money...”

Jun’s words scared Chelsea half to death, and she immediately fled.

After she left, Jun returned to the ward.

He saw how Tammy’s eyes were open, but they were empty

Although she was awake, her mental being was terrible.She said nothing, but tears kept falling.

Jun looked at her and he was heartbroken over and over again.

From the bruises on her body, he knew what torture she went through.

The doctor said that she might not be able to reproduce anymore.

This was a huge blow to him. He could choose not to have children, but his family would not accept that he did not have any offspring. He was the only child of three generations.

Ever since he turned adult, his parents had constantly told him that he could choose not to get married, but he must have children.

Jun was feeling terrible.

He could not abandon Tammy because of this, but when his parents heard how Tammy could not have any children in the future, they left the hospital in sadness.

They would not force him to divorce Tammy, but once Tammy was discharged from the hospital, they would surely force him to do so.

“Tammy, Avery gave birth this morning.” Jun sat down next to her bed and looked at her eyes.

He gently chatted with her, “Her baby was born prematurely, but don’t worry, mother and son are safe. Only that her son needs to stay in the incubator for two months.”

Tammy seemed to have heard what he said, she looked at him in a daze.

“Tammy, I know it will be hard for you to feel better soon, but you have to know that I, my parents, and Avery, will always love you.”

Jun raised his hand and wiped away her tears.

“No one will bully you ever again.I will protect you well.”

Tammy looked at his face and heard his voice.Her tears fell even harder.

“Jun, let’s get a divorce!” Tammy said hoarsely.

At the same time, she pushed his hand away from her face.

When His Eyes Opened by Simple Silence Chapter 703

At that moment, as long as Tammy was awake, she would think back about the incident the day before.

Her last shred of sanity told her that it was not her fault.

She could not take her own life, if not, what would happen to her parents?

She was a princess born with a silver spoon in her mouth.

She has never been bullied.

Not because she was fortunate, but because her parents built a castle for her.

Her parents would grow old one day.

She had to survive to take care of them.

This was her only motivation for surviving at that moment.

“Tammy, what are you saying?”

Divorce?

I won't do it!

I won't divorce you!

" Jun was hugely agitated.

His tone turned harsh.

"I know you're very upset right now, but I will be with you.

.

.

" "I don't want you to be with me!

I feel like puking at the sight of men right now!

Leave!

I want my mother to be with me!

Leave!

" Tammy shrieked.

Her screams attracted the Lynchs' bodyguard.

Soon, Mary, Tammy's mother, rushed over and got Jun to leave.

An hour later, Mary coaxed Tammy to bed before coming out of the ward.

Jun has been waiting outside all the while.

When he saw his mother-in-law, he immediately went up to her and said, Mom, is Tammy asleep?

" "Hmm.

Jun, let's talk!

" Mary's eyes were reddened.

She immediately cut to the chase, "Tammy has always strived for perfection.

Now that she has been hurt, she can't accept it, so she doesn't want to see you.

I think you should get a divorce!

" "No, I can't accept this!

" "You have to accept this.

My daughter can no longer have children.

Even if you don't mind, your parents would mind.

My daughter is my precious child.

I would rather her be single her entire life than to be despised by others!

" Mary's tone was firm.

"Go back home.

Once Tammy gets discharged, we will contact you.

" In the evening, Mike brought the children to visit Tammy.

The effects of anesthesia on her have already worn off.

At that moment, her wound hurt badly, but she bore through it.

She did not want her children to worry.

"Mommy, why can't we see our little brother?

" Layla looked around G;;y='ds asked confusedly.

"Your brother is in an incubator right now.

I told you when we were coming over!

" Mike answered first.

I "Where is the incubator?

I don't see any!

" Layla was searching around the room.

She found nothing.

"Layla, your little brother is not here.

They put him in the place where they especially keep the incubators," Avery explained, "We can't see him yet.

" "Oh!

He must be lonely!

" Layla said before changing the subject, "Mommy, I heard that giving birth to children is painful.

Are you in pain right now?

" "I'm not in pain.

I can return home in two days.

" "That's good to hear, Mommy.

Let me tell you a secret.

Actually, I don't like that your tummy got bigger because you won't be able to play with me.

" Layla sounded a little aggrieved.

"I want you to bring Hayden and me out to play more.

" Avery said, "Hmm, I won't have any more children.

Three of you is more than enough for me.

" "Oh, what is our little brother's name?

" Layla blinked her huge eyes curiously.

"Avery pondered for a few seconds before replying, "His name is Robert.

Robert Foster.

" The children looked at Elliot in unison.

Elliot was taken by surprise.

"Avery, didn't you say that the child would take your surname?

" "I hope that you can be a good father.

" Avery looked at him and explained.

His gaze burned into her.

His heart was feeling even warmer.

He could not promise that he would be a good father, but he would try his best.

A moment later, it started raining lightly outside.

Mike was about to send the children home.

At the same time, Elliot's phone rang.
