

## HIS FAVOR 16

### CHAPTER 16: VISITING

Seeing Guan Xing Yuan walking away, Huo Shi twisted his head and said to An Chu in a serious manner

"An An."

"Hm?"

"Some people look harmless, but they are actually sinister and cunning inside, the best at disguise"

An Chu: "???"

"So An Chu you have to carefully identify the people around you, some people do not have good intentions, you do not be deceived ....."

An Chu completely baffled, which with what ah ....

Turning away from the topic spoke: "Brother, not let me with you to make up for it, let's go ....."

"An An, you must remember what I said ah"

"I know, brother," An Chu helplessly smiled

The two found a silent place, sat on the bench, An Chu looked at Huo Shi did not take the textbook, and looked at their own book bag about the physics information.

"Brother, let's make up physics today."

"Anything, anything."

An Chu opened the textbook, patiently from the beginning to explain

"Brother, look at this question,  $F$  is tension,  $F_2$  is friction, according to the tension formula  $F = ma$ , respectively, substituted, known acceleration, you can find the mass  $m$ , and then look at this ball from  $b$  rolled to  $c$ , known initial velocity, and then according to the kinetic energy formula  $m_1v_1 = m_2v_2$  and then in the solution ....."

The young girl's voice is soft and sticky is very beautiful, but Huo Shi completely did not listen to go on, focused on looking at the side of the girl's face, the breeze randomly blowing sideburns of hair, the girl speaks of the problem when the eyes shine, said the years are still good is not too much

"Brother ~" the girl's voice has a rage

"In ..... I'm listening to it" Huo Shi is weak

"So what am I talking about?" The young girl asked

"Talking about .... The talk, the talk is  $F=mv$ " Huo Shi even more whispered, looks like a big wilted wolf dog

Anchu sighed: "Forget it, I'll tell it again"

The company's main business is to provide a wide range of products and services to the market.

.....

When it came time to eat at noon, An Chu spoke to Huo Shi: "Brother, your foundation is very bad, today I went back to you to organize the knowledge points, tomorrow to bring you, you take a good look, it should be of some help to you ...."

"Good, thank you An An ~" Huo Shi promised full of mouth

"What do you want to do after An An, brother think you are quite interested in physics?"

Speaking of dreams, An An had some shyness: "Brother, I told you not to laugh at me ....."

"How?"

"I want to be a physicist, deep into the field of quantum" An Chu said the dream when the whole person seems to be glowing

Huo Shi: "..... Also, really good ~" dregs of the field, he can not even understand the quantum, but the physics still know, part of the physics

Huo when remembered some TV physicists, bald, eyes standard, all day serious without a smile, hurriedly shook his head, get rid of these ideas from his mind.

"Is it? Brother~ you think it's good too?"

"Of course, Ann's dream is not common, but it's great," Huo Shi agreed

"Brother, you are the first person to hear my dream, so what is your dream, brother?"

"To be a soldier, to guard the four directions"

"....."

Another weekend, An Chu came down from upstairs and found people talking in the hall on the first floor

"Suddenly visiting Uncle An, it won't seem like a nuisance..."

"Xing Yuan, you're too polite, just treat this place as your own home, I watched you grow up at first..."

"Xing Yuan has a slight impression that Uncle An has not changed at all as he remembers..."

"Hahahaha, the traces left by the years on the body can not be washed away oh, or older"

"Uncle An is joking."

An Chu came down and opened his mouth for a change: "Dad, Xing Yuan brother"

"Well, you came down just in time, today is the weekend, you will take Hsingyuan stroll c city, Hsingyuan has not returned to c city for a long time, you take him well familiar with familiar ....."

"Dad, but I have an appointment with a classmate to make up for it ....." An Chu look difficult

The government also said: "Since Xiaochu has something to do, forget it, I can accompany Uncle An..."

"What classmate? Push it, your brother Xing Yuan has not returned for a long time, accompany him to get familiar with C City, that is the most important thing you should do at the moment!" An Yanhua looked at An Chu, his gaze was unpleasant.

Then turned his head to look at Guan Xing Yuan, a peaceful face: "It's okay, just let Xiao Chu accompany you ...."

.....

The two came to a street in c-city

The two of them came to a street in the city of C. Guan Xing Yuan spoke: "Xiao Chu, you can leave first if you have something to do, although I have left the city of C for so many years, but I can still familiarize myself with the road."

An Chu looked at Guan Xing Yuan and said, "Since dad asked me to accompany you to get familiar with c city, it's not good to leave you here ...."

"It's really okay, there's still plenty of time for that later, Uncle An's temper... Maybe a little grumpy, but I will find him to talk about it ...."

An Chu did not speak this time, but quietly looked at Guan Xing Yuan for a while and spoke, "Thank you~"

Then turn around and leave, stay where you are, Guan Xing Yuan quietly stared at An Chu left "This is really gone ...."

This side An Chu hit a car and arrived at Huo Shi's villa

Huo Shi moved a small bench and sat in front of the door, looking pitiful

"Brother, why don't you go inside and sit down?" An Chu was amused for a moment

"Waiting for you ah, An teacher, so that you can see the sincerity of students ah ....." Huo student with a bland face

"Hmm... That's fine, then the teacher will check to check Huo student's recitation first ...." An Chu went along with Huo Shi's words

As expected Huo Shi wilted down: "An An, you've become bad..."

At the beginning, every time she teased her, she was able to make her face red and ears reprimanded, now, even learn to fight back

An Chu laughed-"Always learn to grow up ...."

Then Huo Chu brought An Chu to his room, with blue and gray as the main tone, cleaned up very neat and clean, opposite the bed placed bookcase desk, An Chu did there to Huo Chu tutoring.

Anchu found Huo Shi is actually very smart, many things a little will, but just did not put the mind on learning.

"An An, eat here, I asked Uncle Shen to make us fish to eat, you do not know that Uncle Shen's fish is particularly delicious, braised fish head, steamed fish, spicy fish, pickled fish ... Let's all have one, okay?"

Poor Uncle Shen, did not know that he was going to make a whole fish feast at noon today, and was planning what to make for An Chu and Huo Shi to eat at noon

An Chu looked at Huo Shi's offering: "Good~"

The remedy did not completely make up a noon, later Huo Shi nimbly took a large blanket, placed on the lawn of the first floor, and then found many treasured snacks, the two sat on the lawn of the small blanket good pleasure

"Crap!!! Brother Huo, you have a girl, why not call us?"

The first thing you need to do is to look at the person who came: "So it's sister An~" the disappointed tone is not too obvious

Huo Shi: "How did you guys come?"

"Of course I'm looking for you to see the sister ah ...." Blue Min is straightforward

Du Ruan touched Lan Min's arm, Lan Min hurriedly changed his mouth: "Go, go play ~"

Du Ruan rolled his eyes, it is better not to explain it

Huo Shi hurriedly looked at An Chu, found that the latter is still smiling and not angry look, relieved

The first time I saw a girl, I saw a girl.
