

## HIS FAVOR 24

### CHAPTER 24: REVERSAL

At ten o'clock in the morning of November 10th, the Political Education Department of C-City First High School officially issued a document on behalf of the school

Because Pan Yuexiang Pan teacher's own behavior has been wrong, bringing bad influence to the school, so our school gives dismissal discipline, if it brings inconvenience to everyone, please bear with me.

Once this statement came out, the community was in an uproar, many people have run to the official microblogging of a middle school below to scold

"Oh my God, the principal of the first middle school are you blind, what makes you fire Mr. Pan?"

"Yes, Mr. Pan is a good teacher, you all can not see? Expresses the disappointment of a middle school to the utmost ...."

"Agree, such a good teacher was fired, not afraid of other teachers feel cold?"

"Garbage school, wish to close down soon"

"Agree with the upstairs, wish a middle school to close down soon"

"misguided, one in the future is definitely a negative teaching material ....."

"Too trash it this school, so good teachers can be fired?"

"Here does not leave the master has to leave the master, support this teacher, I hope that in the future a middle school do not regret ....."

"Really long insight, who is the principal? Still not removed him ...."

"Yes, this principal is estimated to be a retard ....."

" ....."

But an hour after the article was posted, there were already thousands of messages, and the phone number of the first middle school was almost burst, all of them were scolding the school for not knowing what was good and bad

The director of the political education department approached the principal and asked what to do.

Tang Zhijian sat in his office, drinking tea, watering flowers, spoke: "It's okay ....."

Political education department director anxious oh: "Principal, our first middle school are about to be scolded by netizens, especially you, your ancestors have been greeted by netizens, you are still not anxious ....."

Tang Zhijian leisurely took a sip of tea: "not anxious"

"What is not anxious ah, the principal, our first middle school if this can not be cleansed will probably affect this year's enrollment ah ....."

"Hahahahaha," Tang Zhijian laughed: "is to clean up so not in a hurry ah .... Wait for it, at most three days ...."

"Hey, you ...." The head of the political education department left in anger

Tang Zhijian took another sip of tea and did not go online, lest he find himself unhappy.

Although he did not know who sent him that document, but the intention is already very obvious is not it, in warning him not to meddle, or wait to be hit in the face, since the other side sent him this document, then it can only mean that within these few days, the other side will definitely make some moves, as for Mr. Pan, Tang Zhijian also expressed his shock disappointment

I didn't think that she, who always seemed fair and upright, could do such a thing

On the third day, the entire online crusade against a middle school like a snowball is rolling bigger and bigger, and is about to fall apart when a video quietly flowed out from nowhere, a blogger's article was instantly reprinted tens of thousands of times.

Open the video, it is a teacher is loudly reprimanded students video

"Just like you waste, live waste of air die waste of land, really do not understand your parents gave birth to you such trash what?"

And the student looked cowardly, hands clenched, indignantly looking at the teacher

Only to see that this teacher did not have the slightest fear, on the contrary, more condescending: "What to see, like your kind of family, ten lifetimes will not have the possibility of turning over, your parents are really incompetent to give birth to a trash goods like you ....."

That student with red eyes still can't seem to hold back the retort: "Teacher, you say I forget, but can't say this about my parents"

"Heh~, still not allowed to say, I just said that what can you do to me ah, you do not forget the face of your parents to get you into this class begging grandpa and grandmother, right ...."

The student seemed to be unable to resist and wanted to leave, the teacher threatened, "If you walk out of this class today, you will come to class tomorrow, really think this classroom is your own home, your mother and father begged me to let you in this class, and this is how you treat your parents ....."

The student's eyes were red as if they were going to spit fire, but he bowed his head, and the teacher, with a smug look on his face, said, "Go stand at the door and call your parents tomorrow, I want to discuss with your parents about whether you can attend the school?"

The student also seems to intend to break the pot, directly on the back of the bag to go ....

The teacher who treated the student like this is none other than Pan Yuexiang

The comments below the video were also shocked

"How can there be such a teacher, this is Pan teacher? This face really never seen, this is too much ....."

"Oh my God, my heart goes out to this student, this teacher is really full of shit ...."

"I am a parent, I really can't stand this kind of video, if my child was treated like this - by the teacher at school, I would really go out of my way to find this teacher to fight for his life ...."

"This is really Pan teacher, I shit this is also too disgusting, thanks to I two days ago also for her to hold the injustice to come ....."

"This teacher is really scum, should go to hell ...."

This is a long comment received tens of thousands of praise, "honestly I stayed in a middle school, unfortunately at that time my class teacher is Pan teacher, Pan teacher is really extraordinarily snobbish, treating some students from a bad family really often scolded, the words are unpleasant to the extreme, and sometimes even hands, as for the video is not the most unpleasant, than this unpleasant to hear is everywhere, but at first only concerned about I am very glad that I was not the one who suffered from this, if it was me, I would almost really collapse in my heart ....."

For this long comment, netizens have blamed why not report this teacher, why sit back and do nothing? There are also some netizens who expressed understanding.

At the beginning, the video is only this one, but more and more video outflow, open the whole thing is Pan Yuexiang scolded students, and even hands.

The content of that article

To be honest, when I saw this time Pan Yuexiang suffered from unmarried children, I was very happy, happy is so long Pan Yuexiang finally came to retribution, but when I saw that the netizens are all biased towards Pan Yuexiang, I almost collapsed, began to hate the heavens without words, why such a teacher but never come to retribution.

I have graduated from a middle school six years ago, but every time I think of Pan Yuexiang will hate teeth chattering

I am a student taught by Pan Yuexiang, unfortunately my parents are just an ordinary working family, I myself do not compete, can only be barely a medium level, but Pan Yuexiang left me a shadow I will never forget!

It was from the day of the second year of high school, I am a girl, I remember a physiological period, stomach pains die, pale face on the table, the next class was physical education, so I found the help of the table to ask for leave.

The physical education teacher then told the matter to Pan Yuexiang, Pan Yuexiang back to the classroom that day I still remember, she was like a devil like I came.

Yes, when she saw me lying on the table, eyes looking at her, she did not listen to any of my explanation, directly grabbed me up and slapped me
