

## HIS FAVOR 25

### CHAPTER 25: DISCUSSION

At that time I was all confused, when my face was bad into that way, I just couldn't believe that she didn't know, but I still explained to her that I was not feeling well. She said, "If you want to skip class, just say so, which has so many excuses ....." The last session of physical education class I still went on, but still the physical education teacher saw that I got a really bad face, let me rest in the playground

I thought I had nothing to do with this, but she seemed to recognize that I did not dare to resist, so every now and then to find me trouble

In the classroom, I was not in gym class that time almost she repeatedly took to say dozens of times, laji and other words are often used to me, every time I go to her will also be a mockery .....

.....

This article is very long, about two thousand words, but the comments forwarded tens of thousands of

"Oh my God, how can there be such a person, is the ordinary people can not do such a thing, right"

"Boy, Pan Yuexiang is also too ruthless, not worthy of being a teacher" "That is, it feels like a middle school just expelled her, which is too cheap for her ....."

"Hey, suffer these stay shadow is lifelong, I am now married and have children, the thought of still trembling ....."

"Article this feeling is too familiar, expose her ...."

"Unfortunately I was also taught by her, once she said an hour, almost did not autistic, those hot chicken and other words, all used in me, I was feeling that I do not deserve to live ....."

"Upstairs is so miserable, but feel so funny by what you say..."

"You can see how bad a person is..."

"....."

Countless people posted what they had endured, only now the person who came out as a target was indeed Pan Yuexiang, who was on the cusp of the storm

The media also began to make a lot of coverage, attempting to use this matter to generate full attention in order to bring traffic to themselves

Things were completely reversed and countless people started to run to the first middle school to leave messages below

"I was blind the other day, I feel this is too lightly handled"

"Yes, I'm sorry for misjudging you guys the other day ....."

"Heartache a middle, heartache you guys, hug ....."

"said a middle school is not already know her actions ah, how not early expulsion ah ....."

"Nonsense, certainly do not know, know can still let her continue to stay?"

"....."

Things seem to be resolved, but continue to ferment .....

Blue Min shared information to Huo Shi An Chu them one by one

An Chu some low boring: "Pan Yuexiang did so many bad things, I should have made this matter public earlier ...."

Huo Shi comforted: "I don't blame you, we didn't know ...."

Huo Shi's statement is not wrong, the first two years, An Chu in the classroom completely immersed in their own world, to the outside world happenings turned a deaf ear, while Huo Shi they are skipping classes, also did not take a few Pan Yuexiang class, so naturally also do not know.

"But now it's good, Pan Yuexiang has also been sanctioned ....." Du Ruan also spoke

"It's cheap for her..." Huo Shi opened his mouth

"But then again, the other day were all biased towards Pan Yuexiang, how come this information was not released at that time ....." An Chu puzzled

"Heh ~, when things are not fermented before, even if it is published, will not stir up a splash, across the screen of some people are always a kind of self-righteous creatures.

The people will use their own righteousness to crusade against those who think it is harming the righteousness of things, not knowing that they are the accomplices, like this thing, when those netizens think that the righteousness of the peak, in giving them a loud slap

And then they will pretend to say that their own miscarriage of justice the other day, to find all kinds of reasons for themselves, in order to make their own exculpation out, the murderer they help will become the target of everyone's anger and become a living target.

So, Pan Yuexiang this time in trying to turn around is also impossible ....." Huo Shi mocked

It was Du Ruan who took the lead in grasping the point, opening his eyes wide and speaking, "I rubbed ~ Huo, so this matter was done by you ...."

"Not really, just looking for people to investigate what Pan Yuexiang has done, it turns out that she has blacked out, very simple, those who have been hurt by her, see the netizens are toward Pan Yuexiang, naturally will not be fair, I just found a small number of people, provide some evidence, there will be more and more people consciously stand out, to get back to them many years ago should be Justice ....."

"Bull Batch ....." Blue Min sighed, indeed no one knew that the last to dominate this public opinion is a teenager

Huo Shi suddenly ah remembered something and spoke: "An An, do you have time tonight?"

An Chu: "Ah? Yes ....."

Huo Shi hooked his lips and smiled faintly: "So, let's go to the movies tonight, I'm set, tonight we'll watch Spy ....."

An Chu: "..... Good~"

Lan Min Du Ruan: "..... Pawn" This movie is hard to finish at a glance, can not find a normal movie .....
