

HIS FAVOR 44

CHAPTER 44: ALL EYEBROWS ARE TENDER

Ten years later

The Huo family in the imperial capital.

A childish voice came from: "Poop, didn't mommy say she would accompany us to Uncle Lan's birthday party today?"

The boy's delicate features resemble those of An Chu, about four or five years old.

The man in the suit picked up the little boy: "Mom's lab has a temporary project, let's wait, OK?"

The little boy nodded obediently, although he could not understand, but the mother now something is right.

Speaking, a stunning facial features, but there is a gentle temperament, wearing white lab coat.

Rush back, raw voice with a hint of haste: "Brother, I did not come back late, right."

Smiling Huo time smiled: "Not late, blue two that kid is also estimated to be busy."

"That's good." Then pinched the little boy's cheeks in the man's arms: "Qi'er, did you miss your mother?"

The familiar voice, the little boy's delicate little face to the side a twist, arrogant voice: "also just a little want to la"

.....

Just entering Lan Min's house, I heard a voice: "Huo, sister-in-law, just waiting for you."

The company's main goal is to provide the best possible service to its customers.

The main seat was occupied by Lan Xuan Jingwen, Lan Min's brother-in-law, and on his left was Du Ruan, as well as Si Shao, who was serving Du Ruan's food.

Seeing them coming, Du Ruan was most happy: "Come, come, sister-in-law, Xiao Qi sit here sit here."

Huo Shi's face darkened: "What about me?"

"Then... I don't care, just take care of sister-in-law and Xiao Qi." Du Ruan proudly said, was aside Si Shao took over the words: "dinner also can not let you quiet for a while."

At that, Du Ruan looked at Si Shao with a displeased face: "Are you displeased with me? Hum, I am like this, do you think I am bored, you are tired of it?"

Si Shao stroked his eyebrows: "I did not"

Du Ruan picked up: "No, you do..."

The crowd ate melon: "....."

Or Huo Shi coughed twice: "Du San'er, don't be capricious."

Du Ruan also reacted to what he had done, glanced at Si Shao: "Hum, let you off today"

Si Shao eyebrows smiling, thankfully glanced at Huo Shi.

"Xiao Min, come here." Lan Xuan Jingwen waved at Lan Min who was standing at the door.

Lan Min smiled and sat down naturally next to Lan Xuan Jingwen, frowned lightly and said, "Little Uncle, I'm 28 years old this year, so old, but when I think about it, aren't you even older?"

Blue Xuan Jingwen's face slowly turned black, his voice had a kind of gnashing of teeth: "Itchy skin?"

Blue Min quickly reacted: "Hey hey, little uncle I do not mean that, I just want to lament the time flies. What's that saying, called the years are a pig-killing knife, a knife to make people old."

But found the man's face even worse: "You think I'm old?"

"Ah, no, I just want to say that time passes quickly."

The man's face was not as good as the man's, so he looked at An Chu with pity: "Sister-in-law, please take him in."

An Chu smiled tenderly: "Good ~"

But Huo Shi directly interrupted: "No ~, I still want to hold my daughter-in-law to sleep, no time to take care of you."

Blue Min looked sad: "I'm not ready to hug my sister-in-law to sleep either."

Huo Shi: "... Damn you for thinking beautiful"

Lan Xuan Jingwen smiled and also pinched Lan Min, "If you don't know how to use words, don't use them indiscriminately."

Lan Min slightly lowered his head and got a soothing touch from Lan Xuan Jingwen.

Huo Shi and An Chu also glanced at each other, their eyes were loving.

Blue Min suddenly remembered something, picked up a glass of wine and stood up and shouted: "Come, this cup toast our past ten years."

At that, everyone stood up, even Xiao Huo Qi was also replaced with a glass of juice, cups of wine collided, memories flashed by like a car.

An Chu's eyes moistened and looked at Huo Shi: "Brother, it's good to have you all these years."

The company has experienced the destruction of the An family, the accidental death of An Qiu, and even the threat from her father, but she has always had such a person by her side.

Huo is also full of emotion: "It is also fortunate to have you"

It is fortunate that I was young and frivolous, and it is also fortunate that your heart was not moved at that time.
