

# HIS FAVOR - CHAPTER 6: STILL BEING THROWN DOWN

An Chu glanced at An Qiu and spoke, "There is no relationship"

"There is no relationship how Huo Shi came to your seat to speak to you?" An Qiu condescending, just now someone posted to the school forum that Huo Shi they gathered next to An Chu's seat

"Shocked, would the school bully really like a little transparent?"

There were 99+ replies below the post instantly.

An Qiu didn't like Huo Shi much, but she felt An Chu didn't deserve to be friends with someone like Huo Shi, a lowly person should have a lowly look.

"I got hurt last time, it was Huo Shi who helped me."

The actual fact is that An Qiu looked like she understood: "I told you, how could someone like Huo Shi look at someone like you?"

Anchu's eyes were downcast, and her heart began to wander: "Look... You don't like it? Then why do you want to recognize her as your sister?"

He started to retort, "Why wouldn't he look at her? We're all the same, aren't we?"

An Qiu looked at her askance: "The same? Heh~ What qualifications do you have to compare with us, with him, do you know who he is? Even in the imperial capital, he is a famous prince, and you are just a person who lives on the nostrils of others, you really can't tell how much you weigh?"

"What, you still dare to stare at me? You really need a lesson." After saying that, he directly twisted An Chu's arm again, directly driving An Chu down.

"An Chu, I think you should take your bus back in the future, you don't deserve to go home with me in the same car." An Chu sat in the back seat, lowered half of the window mockingly, then spoke to the driver: "Uncle Wu, drive~"

An Chu silently stood in place, heart bitterly laughed, now An Qiu so rampant? Sooner or later she will have to leave the An family, leave this home that made her suffer from bullying.

I was about to leave, ready to go home as usual.

Suddenly a car stopped in front of her, then a head came out of the window: "An An~, get in~ I'll drop you off on the way."

If it was specifically to send her home, An Chu would feel embarrassed, but it was said to be on the way, An Chu at this time is not too good to refuse, pursed his lips, and then get into the car.

"Thank you, brother ~"

"This is a small thing," Huo Shi did not care to speak, did not ask other.

This, An Chu still sense, if the other side really asked why they did not leave, she really do not know how to answer.

"Oh, you are Miss An, is the young master said the newly recognized sister, right?" The middle-aged uncle in front of her spoke.

An Chu nodded and spoke, "Yes brother he is more helpful."

"Hahaha~, in all these years, you are the first one to say that the young master is more helpful..."

Anchu looked at Huo Shi with a bewildered face: "Brother ...."

Huo Shi retorted with a serious face: "Of course I'm helpful, yes, I'm most helpful"

"You youngsters ah, I really can't understand..." What brother and sister, really young people, really know how to play ~

Huo time to speak: "An An, Laozi said you are my sister, what trouble must be encountered and brother said."

In fact, he just saw it all, saw An Chu from the car was driven down, only to feel a little bad in the heart, but also can not open his mouth, in case to hurt An An's self-esteem is not good. For the first time, Huo Shi considered that other people also have self-esteem.

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

Huo Shi: "....." Who will save the old man, the old man's heart is going to melt.

"Brother, if one day everyone says I'm not worthy of you, not worthy of being your sister? Will you dislike me?" An Chu voice with a little uncertainty, but still hesitantly asked out.

She is a rather timid person, no friends, and can not feel the warmth of relatives, if the same thing is to lose in the end, then she would rather never get it.

"Shit~, Laozi's sister is also they can discuss, dare to say so see Laozi not screw him." Huo Shi Zhang Yang spoke

"What if there really is that day?" An Chu seriously once again opened his mouth.

The straight man at this time, Huo, attributed this to the heartache of his sister; not knowing in the least that his own wang of spring water had been flooded with a bit of ripples.

"An An, even if there really is that day, you just need to stand behind me, you are still the old son sister, forever."

Years later, Huo Shi: "Daughter-in-law~"

An Chu: "Brother, didn't you say I'll always be your sister?"

Huo Shi: "....." Hiss ~ face really hurts.

The other is not to say, but An Chu this moment is really touched, this is the feeling of being defended?

Sitting in front of the driving Uncle Shen: "....." The actual fact is that he is old and can't keep up with the times, even the mountain alliance and sea vows are said to be so fresh and uncomplicated these days.

Huo Shi stroked An Chu's head with his hand and spoke, "An An, we will encounter many people who disapprove or hate us in this life, and no matter what we do to such

people we still won't get their hearts, so let's simply ignore them and slowly live out ourselves, OK?"

Huo Shi also saw that An Chu's guts were really small, and it was not too much to say that it was cowardly, so he said this, hoping that he could slowly guide An Chu.

Although An Chu is timid, but still intelligent, also heard out Huo Shi's words outside the meaning.

He carefully apologized, "I'm sorry, brother~"

"I don't mean to blame you, I just want you to not live so hard no matter what you do" Huo Shi opened his mouth, An An can be timid, but not so timid as to let people bully him, he can protect her now, but there are always places he can't see, he doesn't want An An to be aggrieved when he can't see.

Uncle Shen felt that today's teenager is simply a master of teasing girls, such meaty words can also be said, look at the little girl's face moved, tsk ~ we'll see in the future ~
