

HIS LORDSHIP ALEXANDER KANE BY USELESS CAESAR

Chapter 541

Chapter 0541 Mercy? Alexander checked his phone for text messages in the open space of Xanthos Industrial Park. Then he quietly sighed.

'Callie is a Xanthos, after all!' "Alexander." Amber was next to him, and she had also noticed Callie's message. She appeared disturbed and bit her lips softly before saying, "Now that the Callie Group is gone, there's not much the Xanthos family can do. Miss Xanthos is, after all, your... No, she is our friend, so let's give the Xanthos family a chance, okay?" Chance? Had he not given them a

chance? Alexander exhaled slowly and then chuckled.

Callie's plea was insufficient for him to release the entire Xanthos family.

Ywain had made a grave mistake by defecting to the Black Maple

Organization, and he deserved to die! What could be the harm in letting Tacker live? Even if the entire Xanthos family banded together, they could not harm Alexander, as he was a Lord of War.

Amber was kind. She did not want the Xanthos family to be completely wiped out, so Alexander decided to fulfill her wish and let the Xanthos family live!

"Tacker!" Alexander did not hesitate after making his decision. He turned to the

trembling Tacker and said coldly, "Remember, your life is mine. If not for Amber, I would've killed you ten times over! "I don't want to see you again.

Get lost!" Tacker shook. He no longer acted arrogantly. He quietly ducked into the helicopter and fled toward the Xanthos family manor! "Now, let's make the rest of the announcement." Alexander returned Amber's gaze with a gentle smile before turning to face the terrified Callie Group employees in the distance. Then, he laughed aloud.

"All Callie Group employees are dismissed, and you are all free to go!

"And I welcome you all to join the Oll' Mare New Chesire Group branch here in the northern region! - "All employee benefits will remain the same! Boom!

The announcement stunned all the employees at Xanthos Industrial Park.

They were excited. Some people drove cars, while others took the shuttle bus or a taxi to Deephaven.

The new Chesire Group office was in Deephaven! Time flew by, and three days had passed. | The dust had settled after the sneak attack on Alexander! |

The Xanthos family still owned 40 percent of the Callie Group. However, the building was empty; nearly all their employees had joined the New Chesire Group. The Xanthos Industrial Park had been turned into a worthless, empty shell! Except for Tacker, no one in the Xanthos family knew where Ywain was!

"Master." Ywain knelt on the ground in a pavilion on the mountainside of Inkstone Mountains and looked up at the black-robed and masked man standing above the pavilion in the dense forest.

Suddenly, he dropped to his knees and begged with thick resentment.

"Please, Master, make a move to kill Alexander completely!

"I am willing to hand over the 40 percent of the Callie Group's share and the entire Xanthos family's collection of cultural antiquities we have collected over 120 years. They all add up to at least \$45 billion! "If Alexander is not dead, I'll never be at peace!" Above the pavilion, a masked man tapped his toes. His feet touched the ground as he held the mini harp in his arms, laughing hoarsely and coldly at Ywain. "Ywain, you are a clever man.

Do I need to tell you what's on your mind? "Are you thinking of reaping the benefits of me and Alexander fighting to our deaths? That's just ridiculous!_

"Now that it's no secret that you're a

member of the Black Maple Organization, what's the point of keeping you around? However you're still a half-step supreme grand martial artist, so

you're not entirely useless. If you want to exact revenge on Alexander, do it yourself! "I suggest you launch a sneak attack.

With your skills, fighting him head-on is like committing suicide!" After that, he lightly stamped his foot on the ground before kicking himself off. He stepped over a large branch and vanished right in front of Ywain!

"Master! Argh!" Ywain knelt on the ground and stared in the direction the masked man had gone before jerking his head back and looking far away in the direction of Ol' Mare, his teeth clenched.

He was not sure whether he could kill Alexander. However, he knew Alexander was not alone. He had a daughter. He also had his father and mother-in-law to take care of! All the people Alexander cared about were in Ol' Mare!
