

## Chapter 0054

### Izaak's Pov

It's been a couple of days since I last saw Fiona. Some part of me misses her, but it just doesn't feel right, she deceived me. But here I was wishing I could just have a glimpse of her face. 1

I heard from one of the guards assigned to her quarters that she has not even left her room since the day of the festival. Her breakfast, lunch, and dinner had been brought to her room by Cora.

The vote had been in her favor to remain Luna, but this is how she repays the kindness? By ignoring her duties, and laying around wallowing in self pity, and making herself look miserable. Does she think the world revolves around her?

I hated the fact that she was not by my side when we had the last meeting with the elders, the thought of it just makes my blood boil, and I hate myself more for feeling this way.

I decided to go to her quarters myself, and talked some sense into her. I had just arrived at her quarters when I came across Cora, about taking her dinner to her.

"Good evening Alpha," She greeted with a bow.

"Good evening Cora," I replied, and tried going towards Fiona's room, but Cora stepped in front of me, preventing me from going any further.

"What's the meaning of this?!" I demanded.

"I'm sorry Alpha, it's the Luna's orders," she apologized, but still kept her stance, about me going any further.

I took a deep breath, trying to keep my anger in check. It's not like if I had

insisted on going, Cora would be able to stop me, but I just decided to respect Fiona's wishes.

I turned around in anger, and stormed off towards my room. Getting to my room, I flung my robe carelessly on the floor, as I paced around in my room. Why does she have such an effect on me? I'm already losing my mind just because I've not laid my eyes on her for the past few days. This time around it was even worse than the last time when she was ignoring me, at least I got to see her face, but this time, I can't even see her.

Thud. Thud. Thud. I heard a slight knock on my door.

"Get lost!" I growled at whoever was at the door. Now's not the time for visitors.

"Izy?" I heard Tiana's voice. I was so filled with rage that I didn't even perceive Tiana's scent. I quickly went over to sit by my desk, and pretend like I was working, so she would leave.

"Babe, you busy?" She asked in a slutry voice, as she walked in.

I raised my head up from the file I was pretending to be working on, and gave her a fake smile. "Yes babe, I have lots of work on my desk today. It's not easy being an alpha," I said in a calm voice, trying to mask my anger.

Tiana made her way to me, and sat down on my desk. "What's wrong babe, you don't look too good?" She asked, cupping my face, and pulled on my beard's gently.

"I'm okay T," I replied, giving her another fake smile.

"I know what will make you feel better," she said seductively.

"And what's that?"

Her lips curled up into a smile. "Guess what I'm wearing underneath?"

I took a deep breath, because I already know where this is headed.

"Blue," I blurted out lazily.

"Wrong," she whispered in my ears, and nibbled on the tips. She took my hand, and brought them up to the knot on her robe. "Find out."

I could already smell her arousal in the air. Having sex was the last thing on my mind right now, but I can't say no to a good hot f\*\*k, at least that will keep me distracted for a while.

I slowly untied the knot to her robe, while keeping eye contact with her. I pushed the robe from her body gently, revealing her perfectly round cleavage in a black bra.

Tiana has always had a banging body, and before Fiona came into our lives, having sex with her at the end of each day, was always the best part of my day.

But now it suddenly felt wrong. Even my dick that usually becomes erect just at the mere thought of her, didn't budge, despite her being right in front of me.
