

CLAIMING HIS RESISTING MATE

Chapter 76 – A Small Family Time

REESE'S POV

I looked at my mate who somehow looked so stunned. Like he couldn't believe what I said just now. The door of our room was closed tightly and right now he was staring at me with wide eyes.

"Did you really?" He asked, wearing a mask of confusion.

"I told you already, didn't I?"

He shook his head, stepping closer "why did you think of such an idea? Fuck the main point is why do you even need to do that?"

"Because I wanted to," I replied. "Maybe it doesn't mean anything to you or maybe it's not important in your eyes, but for me I guess it's important. I wanted to have it, not only for you, but for myself"

Azrael looked shocked, "why?"

I couldn't help but smile. He was always anxious that I would leave him one day, and I have been trying to assure him I won't. But I guess the events of the past wouldn't let his mind be in peace to think clearly and put a small part of trust in my words. I raised my hand and cupped his cheek.

"It's important, because I couldn't see you in fear, I want you to trust me fully. Azrael I know this is hard, and even though you are reluctant you are forcing yourself to believe in me, and what we have. I may have been a senseless

bitch in the past, chasing the wrong person and ruining myself to the point I couldn't mend other than regretting. But I wanted to do this for you, because you are precious to me" I smiled at him. My eyes were already wet.

"You have given me everything I ever dreamt for. You showed me how beautiful life could be with the right person. You showed me everyone deserves to be happy with their partners, I deserve to be happy" my voice was weak and I let out a sigh. "I know I don't have any right to talk about righteousness when I ruined other's life for my own interest. I am regretting till now, I couldn't forgive myself for such an action and I don't know if I could ever be able to. But even if I want I can't change my part and could only depend on my present. I wanted to do this because I want to show you that I am sincere with my feelings"

Azrael shook his head. There was a light smile on his face "you are silly, I could see your pain through your eyes. Do you think you can really hide it from me? I don't talk about it because I know you want to avoid it. Even if you are smiling I could just predict your internal storm"

I stared at the man who has become the most important person in my life. Two years ago, I never thought I would fall for this man whom I neglected once and forced him to reject me, to break the bond. There was a time when I thought he is inferior to me. But today I felt like I was nowhere near him. I couldn't even say I am inferior to him because this man is simply perfect in every aspect. I couldn't ask more.

"You know me better than me" I whispered, fixing my gaze on him.

He smirked "I learnt everything that would keep you close to me. Because darling, I wouldn't let you complain for anything"

I laughed "so mister, you think I will complain?"

"No, but it's for future cautious"

I rolled my eyes “now you sound like a typical husband who is tired of his wife’s daily drama”

“Oh, if you put me in that place then let me clear something darling” he pulled me closer gripping my waist, “getting tired of you is far from the question. I would do every fucking thing you ask me”

I raised an eyebrow “you would?”

“You can try by asking,” he nodded.

“Great then. I want to meet mom and dad. Shall we go?” I grinned. Haley forced me to refer to them as mom and dad. She said it would feel more like a close one.

“You want to meet them?” He frowned, “that’s it?”

I nodded “yes, it has been so long. Because of the battle and other things we didn’t have the chance to sit with them and have a chat for some time. Besides we should visit them frequently so that we could be assured we won’t worry about them”

He laughed “darling, have you forgotten? We are werewolves, we can handle a little bit of hardships. Besides humans worry about old age, but our age is kind of limitless”

I rolled my eyes “you talk too much. Just do what I say” I frowned at him.

“Okay, okay, we will go tomorrow. Happy’?”

I grinned “very”.

“So what kind of design is it? Now I am kind of curious”

“You will see it after three days mister” I poked his cheek “but till then you need to restrain your stamina” my fingers trailed down to his chest which he gripped abruptly.

“Darling you shouldn’t seduce me like that or I can’t guarantee if I could listen to your words” he warned and I could clearly see his eyes getting dark.

I gasped and pulled my hand back before pushing him away a little “I guess no closeness for three days too”

Azrael let out a low growl of disapproval “fuck it, you know how to torture me”

I chuckled “serves you right” and to his horny wolf.

Next morning I got up early and got ready. When I walked out I saw Adriana walking around the garden. That was her favorite spot and I guess she liked to hang around the flower even if she was alone. She hugged herself and closed her eyes. Looked like she was enjoying her morning time.

“Good morning” I said as I walked towards her.

“Morning” Adriana smiled then raked her eyes on my body from top to bottom.

“Going somewhere?”

I grinned “yeah, to meet his parents”

“You looked happy, don’t tell me you have become the fan of Uncle Eliseo’s cooking”

“You can say that. Well I have tasted his food and that was damn delicious. I still can’t forget the taste” I shook my head. When I was talking about the taste, my mouth was already watered.

“Look at you, your dreamy eyes. I never knew you are a foodie” she rolled her eyes making me chuckle.

“I never knew I have this habit too but I think I developed it after tasting his food”

“Sure Reese, you know how to remember things” Adriana grinned then looked behind me “and I guess it’s your time to leave. May be when you are visiting this early, you will be able to get breakfast too”

“Idea is not bad indeed” I nodded and felt a presence behind me. Then the familiar scent hit my nose.

“Good morning Luna” Azrael’s voice sounded near my ear.

“Morning John, I guess you both have a plan ahead”

“Just visiting mom and dad,” he replied.

“Of course” Adriana chuckled and shot me a knowing look which immediately made me smirk.

“Shall we go?” John asked me.

“Yes” I nodded. “See you soon Adriana” I waved my hand.

“Yeah, see you later. Have a good day” she nodded.

Since his parents live in the forest, it didn’t take much time to reach there. I gasped when I saw the place had changed. Even there was a slight change of the house style.

“I felt like, I have never come here before” I exclaimed looking around the area.

“Yeah, because of the battle everything has changed slightly,” Azrael replied.

Suddenly the door opened revealing Haley. At first she frowned when she saw us then smiled brightly before calling out “John, Reese?”

“Mom” Azrael smiled and walked towards her.

“Oh my god, you two are really here?” Haley walked to us and we greeted with a hug. “How are you two?”

“We are fine,” I smiled.

“How’s your wound John? Do you feel any pain or something?” Haley asked.

“No mom, it’s healed. Turner really gave good medicine” Azrael replied.

“I am glad. Oh, it’s good that you two are here. Your dad is making pancakes for breakfast. Let’s go inside, he will be happy to see you two” Haley said and led us inside the room. Suddenly Adriana’s words came into my mind and I laughed inwardly. She was right, we really caught the breakfast timing.

After the meal the men were in the yard while Haley and I sat on the veranda.

“I am glad you decided to visit. I really wanted to see John. When I heard he was injured in the fight. But we couldn’t leave the place since we had to fix the destruction caused due to the fight” she sighed.

I hold her hand “please rest assured. He is fine. Alpha Cassius was also so worried about him. It was lucky that Turner was there to help him”

“Turner is such a good doctor. I believe in his treatment” Haley nodded and glanced at her son “after such a long period of time I am seeing her happy. And it’s all because of you Reese, you helped him regain his original posture”

I shook my head “I did nothing. Instead it was him who changed my life for good. If he hadn’t forced me to come here, may be I would still be a rogue and roaming around the forest aimlessly”

Haley smiled “everything is already decided. Since Moon Goddess gives pain, it’s because she knows at the end everything will be worth it. Besides if we don’t do mistakes then how will we learn”

I nodded with agreement. I turned my head to look at my mate, “and I am glad I learnt enough to be rewarded such a prize”

REESE'S POV

3 days later....

"It's beautiful" I heard him whispering. I could feel his heated gaze on my back. But I couldn't stop the smile that was blooming in my face. I knew he would like it. And this is why I went out without telling him. I wanted to surprise him.

"Do you like it?" I asked. I felt him touching the area then tracing along the design. I closed my eyes when his fingers lingered in my skin. Just a mere touch yet my body is already responding to his touch. I never knew I was this weak in front of him. He could seduce me in a second and make me his all over again.

"You wrote my name?"

I grinned. I told Athana to write his name on the design. I haven't seen the design yet but I guess it will be beautiful.

"Yes, I told Athana to draw it," I nodded.

"Why?"

I turned my body to look at him. His eyes were deep, dark and filled with unreadable emotions. I could see how strong his emotions were. "Because I wanted everyone to know I belong to you. I wanted you to be assured that there's no way I would leave you again. You are my home, my life and my world. If I live then it will be with you and if I die then it will be in your arms" I confessed truthfully.

His expression changed and before I could understand he pulled me on his lap and kissed me hard. I moaned in his mouth and returned the kiss in equal

favor. I wanted to show him how much I love him. Eve purred sexily in my mind. I could feel her getting excited. Azrael's hand roamed around my body before grabbing my ass cheeks.

"How dare you talk about death?" His expression was grumpy and his tone was hard.

"I was telling the fact, I wanted you to be assured and wouldn't have anymore doubts in your heart"

"Don't worry darling, whether you have a tattoo on your back to tell everyone or not, there's no way you can go. I will never allow that. As for your offending words I guess you need a good punishment so that you will never utter such word again"

Suddenly my body gets excited hearing his punishment. I smiled sexily at him "punishment? I don't know what it is" I pretended to be innocent.

He raised an eyebrow but I could see the lust and excitement swirling in his eyes "since you don't know, let me show you"

"Ahhh...." I cried out loudly when I felt his hard hand slapped my butt harshly. It sting and pain but it also made my lower region clench painfully.

"Do you like it?" Azrael smirked then gave another also. I cried out closing my eyes. God it was painful but I couldn't stop the moan escaping my mouth.

"Fuck" he groaned when I felt his cock reacting. I was almost sitting on it and when it bulged it poked my pussy making me moan again.

"You are going to be the death of me," Azrael said as he started to kiss my neck. His hands were pressing my ass cheeks which were hot and in pain because of his slap. But hell I like the pain, it only gets me excited.

“Oh god ..” I moaned when he tore my dress freeing my breasts and started to play with it. His hardness was rubbing my already wet pussy so hard that I wanted to push it in me, to feel the hard steel cock and fill my emptiness.

“Do you see what you are doing to me darling? My cock is already so hard aching for you. It want to fuck you so hard” he whispered as he sucked on my nipples rolling, pinching and torturing it. I moved my hips to run on his hardness.

“So desperate darling?” He chuckled.

“Please, fuck me Azrael, I can’t wait” I cried out in pleasing tone.

“Since you are pleading so sexily” he whispered and unzipped his pants pulling out his hard rock hard cock. His hand slid the panty aside and then with a one hard thrust he was inside me. My emptiness filled with his hardness and I moaned again.

“Oh.... God you feel so good” I closed my eyes.

“Ride me baby, I want to see how much you want this cock” he whispered dirtily in my ear. Without wasting any more seconds I moved my hips and started to ride him. He was so hard that it felt so strong and powerful. My pussy was already sensitive and when I felt his cock was rubbing my walls I almost exploded.

“Fuck, it feel good” he groaned and gave another slap on my butt which had me speed up. He holds my waist to keep me in place while I ride his huge, strong cock.

“Ahh..... It’s too hot and deep” I cried out when our movements become faster and uncontrollable.

“Fuck baby you are so good in riding my cock. Yes do that, ride me hard and fast” he said groaning.

“Oh god...” My walls clenched around his cock squeezing it hard.

“Ahh...” Azrael growled painfully.

“I am cuming...” I moaned. I can feel my walls are tender and squeezing around his cock like it wants to grab hold of every seed it is about to spread inside.

“Cum baby” he said and captured my lips. Then my walls clenched hard and finally let go of the sensation built inside. But all my cries were swallowed by him. He kissed me hard and fast. He held my hips and thrust hard, making my body jump. I moaned in his mouth again. After a few more thrust he spilled his seeds inside and growled out.

We panted as our forehead touched. Our eyes are closed but we are still joined down there. He didn't pull out and I seem to care less about it. His huge cock fills my emptiness and I love the feeling.

“You tattooed my name on your back, it's fucking feels good” he looked at me.

I chuckled “are you happy?”

Suddenly he grinned “so fucking happy” he rubbed my ass cheeks “but I feel you need a reward for that don't you darling?”

I couldn't help but laugh at his meaning. I reached out tracing his chest with my fingers “if that's the case then bring it on dear Beta”

He smirked and got up from the bed and walked towards the wall. Just as my back touched the cold surface my body started to jump again. His every thrust is hard and fast but this is what I like the most.

“Wow look who is here, you are glowing my dear” Adriana teased as soon as she saw me.

I blushed “shut it, don't you have anything else to say?”

“What can I do when I see that blushing face of yours? Of course it’s hard to control myself” she laughed. I sat down on the chair faking the glare at her.

“What? Your cheeks are still blushing, are you going to deny it?”

I shook my head “he was too happy when he saw the tattoo on my back”

“John was always curious and to be added he will be assured of seeing the tattoo. But I must say you really got the perfect design for yourself. I really like that” Adriana smiled.

Adriana knew about this arrangement. After all it was her who informed me about Athena, the famous tattoo artist. It was lucky that Athaba lives just outside the pack house. It will be like a 15 minute walk from the pack house which made my planning go smoothly. Choosing the perfect design was hard but I found a rose tattoo which was good and I told her to write Azrael in the middle. And must say she did the perfect design. His name and roses tangled each other giving the look I wanted for myself. The tattoo was made on the back of my right shoulder and Azrael kisses it at every chance he gets.

“That was also the reason I wanted this tattoo. I wanted to make him feel content. I really don’t want to see any more doubts in his eyes or fear of me leaving him” I sighed.

“Reese, things get better with time. Look at me, there’s a time I always thought about how to leave the pack and get away from Cassius. But now it’s totally the opposite. In the first phase of our relationship I always thought of him as the cold blooded one. I used to think he was rude, distant and too cold for anyone to be with. And now when I think of that time I wanted to laugh at myself. I mean how could I fall for someone whom I despised so much?”

“Even if you don’t, there’s no way you can escape from me Peaches”

We turned to see Alpha Cassius walking towards us. His expression was dark and aloof. Well I am used to it. Adriana gasped looking at him.

“Cassius” she exclaimed in surprise. Alpha Cassius stood in front of her gazing at her darkly.

“Surprised Peaches? Even if you are thinking of leaving you can’t and you know the truth. But since you have thought of such nonsense you really needed to be punished” he said and in a second Adriana was in his arms.

“Ahh... Cassius I was just telling her” Adriana pouted.

“You still needed to be punished” Alpha Cassius seemed to be blind to her pleading and took her away forcefully. Belonging to

I sat on the chair and looked at their back before chuckling. Alpha Cassius is really dominating and I don’t know how Adriana copes up with him? Sigh. I looked around. Well, the garden view is really beautiful. This is the reason Adriana admires this place . The breeze blew, bringing the sweet smell of the flowers. I closed my eyes and enjoyed myself.
