

# HIS SECRET MILLIONAIRESS WIFE (LAUREN)

## Chapter 2

Chapter 2

Rape?

Mr. Bennett and Mrs. Bennett looked at the contents of that piece of paper in shock and turned to look

at Sally, asking, "Did you really do this to Lauren?"

Sally tried to shed her tears. And as soon as she was about to speak, she heard Lauren saying coldly,

"That man gave me the screenshots of your conversation online and transfers, so it is useless for you

to say anything to deny this now." Lauren didn't want to waste time with Sally.

Sally trembled and cried even louder, "Sorry, I admit I made a mistake! That's because I'm afraid that

Dad and Mom will give up on me..." Suddenly, she grabbed Lauren's arm and said, "Please forgive

me. I know you are the biological daughter of Mom and Dad.

Now you can have anything you want. Please forgive me!"

Listening to Sally say those hypocritical words, Lauren frowned in disgust.

It sounded like Sally was asking Lauren for forgiveness, but in fact, she was reminding Mr. Bennett and

Mrs. Bennett how

innocent she was as if she was the victim. It turned out that they immediately forgave Sally.

said.

"Sally, don't cry. It's not a big deal. We understand you," Mrs. Bennett said.

“Your mother is right. You are our daughter. Lauren wouldn’t do anything to you since you didn’t mean to hurt her,” Mr. Bennett

Hearing this, Lauren’s expression changed immediately. She once wanted her parents to do justice for

her. It turned out that her

parents didn’t care about her at all. Lauren felt disappointed

While Lauren was still immersed in sadness, a cup of cold water was poured toward her face. She

subconsciously dodged, but the

water still wet her shoulder. It was her younger brother Darren who poured the water!

“Since you are alright, what else do you want by saying this? Do you want to drive Sally out of our

family?” Darren was angry

and grabbed a glass, throwing it at Lauren, straight to her eyes!

If it hit her, Lauren might be blind! So she hurriedly retreated, but behind her were the stairs. Lauren

twisted her ankle and then

fell to the ground, screaming in pain. At this moment, all of Lauren’s expectations for this family were

completely gone!

“What else do you want to say now?” Darren was very dissatisfied with Lauren’s silence so he stepped

forward and raised his

hand, wanting to grab her hair to force her to raise her head.

As soon as his hand reached over, he was stopped by a stern voice from upstairs, “Stop!” It was his

Grandpa!

“How can you hurt your sister!” Grandpa was so angry that he pointed his crutch at Darren.

Seeing that Grandpa was angry, Mr. Bennett and Mrs. Bennett quickly defended Darren. "Father,

Darren is still young. He didn't mean it," Mr. Bennett said.

"Yes, he just cares too much about Sally but he didn't mean to hurt Lauren," Mrs. Bennett said.

Just now, when Darren used the glass to hit Lauren, Mr. Bennett and Mrs. Bennett watched coldly,

without saying anything to stop him. But now they couldn't wait to protect Darren.

Lauren, who was sitting on the step, looked at them, and she didn't know whether her ankles hurt more

or her heart hurt more. Mr. Bennett junior took a look at Mrs. Bennett and then changed the topic.

"Sally asked someone to rape Lauren so how are you going to deal with her?" Mr. Bennett senior asked

them. Although he was upstairs then, he heard the conversation.

"Father," Mr. Bennett was afraid that his father might strictly punish Sally, so he took the initiative to

say, "Lauren was alright now. So just let this go."

"I agree," Mrs. Bennett said, "Sally didn't mean to hurt Lauren. Maybe she just asked someone to scare her."

"Nonsense!" Mr. Bennett senior sneered coldly and said, "She should pay for what she did even if she

didn't hurt Lauren." He took a tough attitude toward Sally.

Hearing this, Mrs. Bennett was worried about Sally but she didn't dare to argue with Mr. Bennett senior,

so she had to turn around to look at Lauren, "Since you are alright now, could you forgive Sally?"

## Chapter 2

Lauren raised her head to look at Mrs. Bennett seriously, and then lowered her head. This was the

feeling of having a mother, but  
it didn't feel good at all, Lauren thought.

Mr. Bennett junior said, "Lauren, in the future, you will be a member of the Bennett family. So I believe

you want our family to be a harmonious one, right? Don't you think you should forgive Sally?"

Lauren couldn't believe this was what her parents said to her after they knew Sally wanted to hurt her.

Her father was even

threatening and forcing her to forgive Sally. Did he mean that if she didn't forgive Sally, she was being

unreasonable?

me."

Lauren raised her head, suddenly stood up, and walked to Sally.

"Lauren," Sally glanced at her, blinking her big watery eyes which were pitiful, saying, "I realize my

mistake and please forgive

Lauren faked a smile, then suddenly raised her hand, and slapped Sally with all her might.

"Okay, I can forgive you now!" Lauren said. A loud slapping sound echoed in the room.
