### Rose's P.O.V.

I put some tape on my hands and a mouth guard in as Jake instructed. Walking into the mat I meet Bethany in the middle.

She was saying some bad words and trying to bring my confidence down inside my head but I just blocked her out.

"And Fight!" Justin yells blowing a whistle.

I get into my fighting stance and eye her every move. She is planning to do something. She starts to move her feet around to perform a kick. Her foot swings down so she is trying to knock me over. I jump over her foot and punch her in the ribs.

She clearly has the wind knocked out of her. I go for another punch. One on each arms then hit in the same place each time. It felt so good to let all my anger out. She now has a cut in her le forearm and another whistle is being blown.

"Rose, you win!" Jake screams and runs to hug me.

I push him away. **I don't want to hurt you, I'm in the zone.**try to explain it to him but he doesn't listen. He comes up behind me and puts a hand on my shoulder.
