

## Honoured 271

Chapter 271 Master, please!

Standing on the small terrace, Zhao Tian sipped his coffee as he glanced at the surrounding apartments. "I see," he muttered under his breath after hearing Cai Luo's explanation, who was standing beside him.

Cai Luo glimpsed at him. "So there might be like six Monarch Astral Stage ministers at peak level. But on our side, you have me and you. Xiang is in the 2nd level of the Monarch Astral Stage."

"We need more powerful people to kill them. What should we do?" Cai Luo asked while her mind raced with thoughts, thinking if she should ask for help from Zhenzhu.

'But even in Zhenzhu, I can only ask for help from Queen Xue. I can't place my trust in those fuckers, sect masters. Even that Ombudsman old man won't be that helpful, and the government is also weak.'

'Should I leave for Zhenzhu and ask for help from Queen Xue after all?'

Zhao Tian shook his head as he took another sip of his coffee. "We two are enough."

Hm? Cai Luo raised an eyebrow and spoke "You are being overly confident."

Zhao Tian just shrugged and Cai Luo narrowed her eyes as she remembered the black flames he used last time to kill that guy from Lycan Syndicate.

'Empyreal flames.'

Curiosity tinkling in her eyes, she asked with a small smile "Are you aware of the High Stars?"

Zhao Tian glanced at her in the corner of his eyes and let out a chuckle before nodding his head. "Yeah, I know about them."

Cai Luo nodded her head as she leaned on the railing. "Everyone here thinks there are aliens but there are people out there more powerful than us. It's so amusing."

"I am surprised you know about them and you also have an Empyrean flame."

Zhao Tian raised an eye in surprise that she knows about Empyrean flames too. "You are quite knowledgeable, aren't you?"

Cai Luo giggled hearing this, "Well, I know some things. So, with your powerful Empyrean flame... we can kill them huh."

"Well killing them or not, we should surely visit that place by ourselves one time."

\*knock\* "Lady Luo."

Cai Luo glanced at the door of her room and spoke "Xiang come in."

Opening the door, Hun Xiang entered the room and saw them on the terrace as Zhao Tian's hand is around her shoulder.

She is still confused about the nature of their relationship, as she couldn't believe that Yu Hua is so close to a man and is letting him touch her butt.

Cai Luo spoke "Xiang, place the cake on the table and leave."

Hun Xiang nodded her head and placed the cake on the table as she left the room to clear the remaining debris.

Zhao Tian walked inside and sat on the couch and opened the box as he began to eat the cake. "Hm, this flavor is also good."

With a giggle, she came and sat beside him. Looking at her, Zhao Tian asked, "That woman, can she be trusted?"

"Xiang?" Cai Luo nodded her head.

"Yeah, I have been taking care of her since she was young. She lost her family to some Dark Spirit Masters, so I took her in and trained her with me. She is technically my disciple."

"So she can be trusted."

"I see." Zhao Tian mumbled as he took a spoonful of cake and brought it near his lips. But Cai Luo quickly moved and took the spoon in her lips as she ate the piece of cake.

Zhao Tian looked at her with a 'Are you fr?' stare and she showed a faint smirk, eating the cake.

Shaking his head helplessly, he took another spoonful of cake and this time she didn't intervene.

However, a blush crept over Cai Luo's lips as she saw him using the same spoon, she just took a bit off 'Indirect kiss?'

After he finished eating, Cai Luo asked "So, when are we leaving for the western nations."

"As soon as possible?"

Cai Luo's eyes narrowed upon hearing this: "How about tomorrow? We can go there by airplane."

Zhao Tian nodded his head. "Ok, then."

"Hm. I will also inform Xiang that we are leaving tomorrow. With her, we can navigate easily."

"En."

...

Zhao Tian drove back to the Lamborghini to his mansion and as he drove close, he saw a Rolls-Royce outside of the mansion.

Seeing the lambo, Fei Lingxi quickly walked near it, but Zhao Tian drove past her and entered the garage first to park the car.

After parking the car, he stepped outside, and Fei Lingxi quickly approached him "Wait."

Zhao Tian stopped for a second and looked at her indifferently. Mustering her courage, she asked "What did you do to my body?"

Zhao Tian's eyes narrowed and seeing his eyes, Fei Lingxi lowered her gaze "My body is feeling hot constantly and I can't concentrate on my work."

"I... my lower part is always itching and I couldn't stop m-masturbating." She honestly spoke and asked about this.

"Bitch, why are you asking me about your sex drive?"

Huh? Sex drive?

She has never had sex before so after tasting Zhao Tian's dick, she couldn't stop thinking about his dick.

Zhao Tian walked to his Mansion and Fei Lingxi quickly followed him "W-What to do now? I..."

Zhao Tian stopped and raised his hand, clutching her neck "Urgh!" Fei Lingxi gasped in shock as he suddenly grabbed her neck.

His fingers tightened over her neck and her eyes trembled in pain, as she felt her vocal chords slowly being crushed.

However at the same time, seeing his indifferent eyes and feeling his hands on her body, her pussy twitched as love juices began to trickle down her pussy.

W-What? Fei Lingxi's heart shook sensing this and at that instant, she understood why carrots and masturbating tools couldn't satisfy her lust.

She needs her master's touch to satisfy her pussy and body.

Zhao Tian said in a cold tone "Don't ever disturb my Mom or Miya in the future. You are the one who chose your freedom."

As he retracted his hand, visible red handprints were on her neck, and she tumbled to the ground, gasping for breath.

As Zhao Tian turned to leave, Fei Lingxi grabbed his leg "Master, please!"

Chapter 272 To the western nations!

"Master please!" Fei Lingxi grabbed Zhao Tian's leg in desperation as she pleaded. Huh? Zhao Tian turned his leg and gave her a kick in the face. \*thud\* She rolled down the floor and clutched her face in pain. "Urghhhhh!"

There was a clear red bruise on her cheek caused by his shoe. As Zhao Tian walked in, Fei Lingxi hurriedly came and clutched his leg "No, master."

"Bitch!" Zhao Tian stomped his foot on her face and pressed her head on the floor.

"Arrrrggghhhh!" The agonizing scream that escaped her lips was met with indifference as his shoes bore down on her face, tears cascading down her cheeks.

"M-Master listen to me..." Despite her attempts to plead with him, he only increased the pressure, showing no signs of mercy or compassion. \*thud\* Then he again gave her a kick in the face and a drop of blood came out of her nose, staining her lips. Feeling the irony of the taste of her blood, Fei Lingxi clutched her face in her palms.

"M-Master urghhhh please listen to me." She pleaded, her tears mixing with her blood as they cascaded down her cheeks.

Zhao Tian narrowed his eyes and Fei Lingxi quickly wiped the blood stains from her face with the shirt she was wearing.

"Master, I just realized that my body needs you. I cannot control this feeling... Please do something. I..."

With a cold glint, Zhao Tian spoke "I have no interest in you and why should I help you?"

Fei Lingxi panicked and hastily spoke "N-No, Master... my body needs you. I can sense the feeling subsiding after your touch. Please."

"Please." She placed her head on the floor and humbly kowtowed.

Zhao Tian smiled faintly "What were you saying?"

Fei Lingxi spoke "M-My body craves your touch."

"Is that it?"

Fei Lingxi spoke, the blood from her nose staining the floor "Y-Yes, master."

"Hmm.. you know how to beg."

Huh? Fei Lingxi's eyes trembled and she closed her eyes "Y-Yeah, my pussy twitches every time you touch me. So please Master, my pussy needs your big cock."

"So... you want to be my slave again."

Fei Lingxi gritted her teeth but she had no other choice as she could not live her daily life with that tingling feeling in her body.

So she nodded her head "Yes master, I want to be your slave and meat hole."

"I see..." Zhao Tian muttered as a grin spread across his lips.

...

\*pakh\* \*pakh\* The sound of flesh hitting against flesh echoed throughout the room as Zhao Tian's dick pounded relentlessly into Mei Xiu's pussy. The room was filled with the rhythmic and passionate sounds of their lovemaking, as their bodies moved together in perfect harmony. "Haangh~~ Tian." Mei Xiu let out a moan; however, Zhao Tian sealed her lips with a kiss and pushed her onto the bed, thrusting his hips quickly.

"Hangh~ Haangh~~" Mei Xiu's breasts heaved up and down with his every thrust and ceaseless moans escaped her lips.

"Xiu." Mumbling her name, Zhao Tian opened his mouth biting on her nipple and Mei Xiu who was on the brink of ecstasy, orgasmed.

The sheer intensity of the pleasure overwhelmed her to the point where she couldn't keep track of the number of times she climaxed.

Her mind was completely consumed by the sensation, leaving her lost in a blissful haze of ecstasy.

\*pakh\* "Angh~!" Zhao Tian didn't stop and continued to move his hips, enjoying how her sensitive pussy walls are tightly clutching on his cock every time he spreads them open.

The way she arched her back and gasped in pleasure only spurred him on, driving him to explore every inch of her quivering body with fervor. "Yaaanghh~!" Mei Xiu felt pure ecstasy as she surrendered to his powerful thrusts, losing herself in the intense pleasure of the moment as she let her tongue out.

Each movement sent waves of desire coursing through her body, leaving her breathless and yearning for more. "Urgh!" With a groan, Zhao Tian pushed his dick even deeper and her pussy walls tightened \*splurt\* he shot his semen deep into her core.

Mei Xiu's eyes trembled with pleasure, feeling the warmth of his cum filling her intimately as she let out a contented sigh and took slow, deliberate breaths to savor the moment. "haah!"

\*pop\* Zhao Tian pulled out his dick and his cum overflowed from her pussy. Mei Xiu's blurry eyes glimpsed at his cock still standing erect and her heart sank. 'A-After all that?...'

She turned her body and raised her ass cheeks, showing him her pussyhole. "Tian... another round?"

But Zhao Tian gave a slight slap on her ass and spoke "Don't push yourself and go to sleep."

"But... it will be uncomfortable, right?" "I will relieve that." Zhao Suyin burst into the room with a big smile on her face.

Zhao Tian chuckled seeing her grand entrance and Mei Xiu let out a soft sigh "Aunt... Suyin." she already knew Zhao Ying and Zhao Suyin are his women.

"Haah!" With a heavy sigh, she surrendered to the overwhelming fatigue that had been building up, and she gently shut her tired eyes. "Good night."

...

The following morning, Zhao Ying and Zhao Suyin embraced Zhao Tian in a tight hug, whispering in his ear, "Stay safe, Tian'er," with heartfelt concern and love evident in their voices. "I would."

"Come back to the artifact whenever you have time."

"I would."

"Kill the enemies and come quicker, Tian'er."

"I would."

Retracting the hug, he placed soft kisses on their foreheads and smiled tenderly "I will be back soon."

He cast a quick glance at Xia Shenyi who was sitting on the couch and she nodded her head.

"Inform to Miya and Xiu when they wake up." Zhao Tian spoke and the others nodded their heads.

"I have already talked with Huang'er and Meiyang. They might also bring Chen'er, so treat her nicely."

Zhao Suyin and Zhao Ning nodded their heads.

...

"H-Huh? You are going to a different nation?" Ning Zuiye was startled to hear Zhao Tian's words as she lay on his shoulder on the plush bed.

Ning Zuiye hugged him tightly, cuddling her face in his neck "How long will it take for you to return?"

Hugging her soft body in his arm, Zhao Tian spoke "I will probably return in a week."

"It will take a week?" Ning Zuiye mumbled under her lips as she hugged him even tighter.

"You have become so clingy." Zhao Tian chuckled, his fingers running through her lustrous black hair.

Ning Zuiye sulked her lips "I mean... we have just started our relationship and you are already leaving from here."

Zhao Tian's eyes grew tender hearing her voice and spoke, reassuring her "I will comeback as soon as I can."

"En." Ning Zuiye muttered placing a kiss on his cheek.

...

\*tap\* Fei Ziyu walked through the hallway of the mansion and quickly reached a room. With a sigh, she opened the door and entered in.

With a heavy heart, she turned her gaze to the wall where a naked woman is tied to the wall, her body hanging from the ceiling.

Fei Lingxi's eyelashes fluttered open and a pained smile appeared on her face "Z-Ziyu."

Fei Ziyu's eyes trembled as she saw the red handprints all over Fei Lingxi's body while her hands and legs are tied with ropes to the ceiling.

"Mom..."

Fei Lingxi felt the pain in her hands and legs where the ropes are tied very tightly and gritted her teeth. "Urgh... it hurts."

Fei Ziyu just stayed silent as her Master has ordered her not to remove her ties.

"You shouldn't have left Mom."

Tears streamed down Fei Lingxi's eyes. What's worse is that Zhao Tian didn't touch her body nor ravished her.

She could still feel her pussy twitching and longing for her master's touch.

"urghh... I am sorry Master."

...

\*secreech\* Zhao Tian parked his Rolls Royce near the apartment and soon, Cai Luo and Hun Xiang approached the vehicle.

"Tian she will drive."

Zhao Tian shrugged and passed the car key to her. Cai Luo smiled "Come and sit with me on the backseat. ahem, so we can plan our moves in western nations."

Zhao Tian chuckled faintly and went to the back seat.

Hun Xiang quickly drove the car to the airport. And the three of them entered the airport.

Once they arrived, the trio made their way into the bustling terminal and after verifying their passports, they board their planes.

"We should have gone there flying. Now this will take hours."

"No, this kind of transportation will be less suspicious as we can easily infiltrate the nation."

After a few hours of travelling by air, they finally set foot on the soil of the western nations.

Walking out of the airport, they ordered a cab and made their way towards the hotel they have reserved.

Meanwhile, at the same time, a purple haired woman was looking at Zhao Tian in surprise as she saw the handsome young man passing beside her on the cab.

A smile appeared on Zahra Ashante's lips "Tian, what is he doing here?"

Chapter 273 In the hotel!

\*thud\* Closing the cab's door, Zhao Tian, Cai Luo, and Hun Xiang exited the cab and made their way into the hotel they had already reserved for their stay. Entering the hotel, they walked to the reception and the receptionist welcomed them with a warm smile, looking at the foreigners. A look of surprise flashed across the receptionist's eyes as she gazed at the handsome young man. 'Damn, he's hot...'

But she quickly snapped out of her thoughts "Welcome, dear customers."

Hun Xiang stepped forward to speak with the receptionist. "We have already booked three rooms in this hotel via online." she began to tell the booking details.

Cai Luo glanced at Zhao Tian who was standing beside her "We need to exchange some money to the currency of this nation."

Zhao Tian gave a nod as he whispered, his voice barely audible "How long will they follow us?" he muttered as he sensed two men outside the hotel watching over them sitting inside a car.

Cai Luo squinted her eyes "No idea, we have suppressed our auras so there is no way they can find out we are cultivators."

Moving close to her, Zhao Tian wrapped his arm around her shoulder "Seems like they are suspicious because we are foreigners."

Cai Luo nodded her head "Yeah.. but there are foreigners coming and going out daily from this nation. Then why the hell are they following us specifically."

At this time, Hun Xiang came closer to them "Here are our room keys."

With a nod, Zhao Tian took a room key and Cai Luo took another key and saw the number 9 on it. She discreetly glanced at the key in Zhao Tian's hand and saw the number 7 in it.

Hm? Cai Luo looked at Hun Xiang. "Xiang, show your key."

Huh? "Lady Luo?" Though confused, Hun Xiang showed the key, and Cai Luo saw the number 8 on it.

"Here, you can have this. Give that to me." She exchanged the keys with Hun Xiang.

I-It's not like she wanted the room to be closer to Zhao Tian's; it's just that she likes number 8. It's her lucky number.

Zhao Tian shook his head helplessly. "Why such fuss? We are going to leave the hotel soon, anyway."

Cai Luo just scoffed, "Hmph, let's go."

They quickly took the lift and went upstairs to their rooms. Zhao Tian entered his room and sensed around the room to see if there were any cameras or any other voice recording shit.

Seeing that it was clear, he walked near the windows and opened them, glancing at the two men who were inside the car, just outside the hotel.

However, a little later, they drove away, and Zhao Tian narrowed his eyes. "Do they do this to every foreigner coming to this nation?"

\*knock\* Zhao Tian turned towards the door and spoke, "Enter." \*swish\* At the same time, he cast a noise barrier around the room.

Opening the door, Cai Luo entered the room and sat on the bed "There are no spy devices in my room."

With a nod, Zhao Tian sat beside her on the bed "I have also placed a noise barrier in this room."

"Oh, good."

"Where is that soy of yours?"

Cai Luo spoke falling back on the bed. "She has gone to exchange some money. We can stay here for two days and then we can go to her home, which is actually quite close to the place of this Lycan Syndicate."

Like Zhenzhu, Lycan Syndicate is also like a small kingdom within the Western nations and most of the cultivators in the western nations roam around at that even if they are not a part of the Lycan Syndicate group.

"This Lycan Kingdom of theirs, how are we going to infiltrate it? We are foreigners and they will find out about us just by looking at our faces."

Zhao Tian raised an eyebrow "Then, how did that spy of yours infiltrated that place and gained information?"

-- Cai Luo was dumbfounded and she could not say anything about the artifact from High Star she got from Freya Everglade. "Hmm, probably wearing masks."

Zhao Tian gave a nod, "Masks..."

"We are only three people but there will be thousands of people from Lycan Syndicate and each dog can regenerate. So we need to kill the higher-ups first with a surprise attack."

"And then we can concentrate on the small dogs."

Zhao Tian frowned his eyebrows as he was confident that his Darkness flames could burn anything easily and the small minions wouldn't be a problem as he can burn the flames endlessly because of his limitless Astral energy pool.

Cai Luo glanced at him "I know you have confidence in your Empyrean flame, but if a nuke like that blasts on a large scale, we are gone."

"And I am afraid of another thing, as Xiang said... there might be a person hidden within the Lycan Syndicate who has already stepped into the Half-Empyrean realm."

The half-empyrean realm is the most important step for any cultivator. It is the stage in between the Transient realm and the Empyrean realm."

(A/N: Check the auxiliary chap if you are confused.) Various thoughts ran inside Zhao Tian's mind 'I am sure I can beat half-empyrean cultivator as long as I use my darkness flame and lightning efficiently.'

'And this is a great chance to boost my cultivation. Devouring the powerful souls of the ministers and also the minions. Even I myself could reach the Half-Empyrean stage in an instant.'

'I also have to complete the black tower in the artifact later and check if I am getting any good rewards.'

As Cai Luo pondered her next move, a sense of doubt crept into her heart, 'Am I acting hasty? This is the first time... I am afraid that I will lose my life. All those previous battles in my life... I never feared death, as I have nothing to lose, but now...' Her eyes glimpsed at Zhao Tian who was in his own thoughts: 'Is it because I have grown attached to him. I am afraid I will lose him?'

'Urgh, I even dragged him into this problem. What should we do?'

The thought lingered in her mind, causing her heart to race with uncertainty. She couldn't shake the feeling that her connection to him was stronger than she had anticipated, leaving her vulnerable to the idea of him slipping away from her grasp. Letting out a soft sigh, she pulled herself up to sit on the bed and her eyes trembled looking at Zhao Tian.

She timidly shifted her body before finally resting her head on his lap, softly uttering his name, "Tian..." in a gentle tone. Huh? Zhao Tian couldn't help but chuckle "Nah, we'd win. Don't be worried."

Hm? Zhao Tian snapped out of his thoughts and looked at Cai Luo's head on his lap, a faint blush coloring her cheeks.

"Luo?"

Glancing at his blue eyes, she asked "Do you think... we will lose and die here?"

Huh? Zhao Tian couldn't help but chuckle "Nah, we'd win. Don't be worried."

Cai Luo smiled faintly hearing his words and turned her head on his lap to face his abdomen. Curiosity piqued, she raised her hands and brought it near the hem of his shirt.

She slowly pulled it up and seeing her actions, Zhao Tian was dumbfounded, What the fuck are you doing, woman?

\*gulp\* She gulped her saliva, seeing the ripped abs on his abdomen in awe. She also has abs because of her rigorous sword training but this looks even more cool.

As she moved her hand to touch his abs, suddenly her eyes narrowed and Zhao Tian also squinted his eyes "Emperor Astral Stage cultivator!"

Zhao Tian muttered as he felt a strong presence in the sky just above the hotel.

"We should check."

Hearing his mutter, Cai Luo gritted her teeth in anger because she was just about to get to the good part of touching his body and deepen their connection.

'I will kill whoever the fuck disturbed me.'

Reluctantly, she took her head from his lap and both of them stood up from the bed. They casually walked out of the hotel as if nothing was happening.

Hm? Cai Luo narrowed her gaze as she felt the presence at the nearby alley.

'It feels like they are deliberately showing their presence and calling us.'

Zhao Tian and Cai Luo both nodded at each other and walked towards the alley behind the hotel.

Zahra Ashante is standing in the alley with a smile, waiting for Zhao Tian's arrival after revealing her presence.

However, she suddenly felt a shiver run down her spine and her death instincts kicked in but before she could move, she felt a sword on her neck from behind.

"So, why are you calling us?"

Meanwhile, Zhao Tian walked in front of the woman and quickly recognized the purple haired woman and her tan skin.

"Zahra!"

"Tiannnn~"

Cai Luo: -\_- eh?

...

\*tap\* A middle aged man was desperately running through the small path and he quickly reached a small hut made of wood.

He dashed in and yelled "Village head, they are here again."

A woman with long blonde hair, who was in her room was startled as she heard the sudden yell. What?

The middle aged man looked at the woman coming out of her room, her hair cascading down her waist but her face is hidden by a metal mask, only her purple eyes could be seen.

Chapter 274 Its been a while, Zahra!

"Tiannnn~"

Zahra Ashante moved her head away from the sharp blade pressed against her neck and leaped into the arms of Zhao Tian, embracing him tightly. "Tiannn, how are you?" Zhao Tian let out a soft laugh and pulled her into a warm embrace, his arms encircling her waist. "It's been a while since I saw you." Zahra Ashante let out a soft sigh and retracted herself from his hug "Yeah, I should have asked your contact number when I left last time. Hehe, I will be sure to get it this time."

Zhao Tian shook his head helplessly and Cai Luo had a frown looking at the tan skinned woman "Tian, who is she?"

With a nod, he introduced her "She is Zahra, my friend."

"Hey, hey now..." Zahra Ashante wrapped her arms around his hand and grinned "I actually love him but I asked him not to love me back... Well, that makes us friends, huh. So, yeah we are friends now."

She loves him, but she doesn't want him to reciprocate her feelings? Cai Luo's frown deepened in confusion, what the hell? Is this some kind of kink... masochist?

As Zahra Ashante leaned in closer to Tian's neck, she couldn't help but take a deep breath, savoring the intoxicating scent that enveloped him "Haah, you smell incredible as ever, Tian." she whispered, a smile playing on her lips. Zhao Tian grabbed her face and pushed her "And you are still a weirdo."

"E-Ehhhhh, Tiannn." But she didn't let him go and grasped him tightly.

Seeing her being reluctant, Zhao Tian retracted his hand and Zahra Ashante again snuggled on his hands with a wide smile on her face "Hehehe."

Cai Luo withdrew her sword back into her storage ring and her eyebrows twitched, seeing how Zahra was hugging him so damn tightly.

'She not only ruined my good time but was also so clingy to him. It's so frustrating.' She glared at Zahra Ashante in exasperation.

Feeling her piercing stars, Zahra Ashante's body shivered and she turned her gaze to Cai Luo "Tian, I told you not to love me, but I didn't expect you would cheat on me with another woman."

"Ouch!" Zhao Tian flicked her forehead causing her to writhe in mild pain and he glanced at Cai Luo "Let's go back to our rooms."

...

Sitting on the bed, Zahra Ashante continued nuzzling her face on his neck while Cai Luo was sitting on his other side, her eyes fixated on how Zahra's fingers were running through his body.

She clutched her hand in anger, as Zahra was doing what she wanted to do to him.

"By the way, Tian... what are you doing in this nation."

Hearing her question, Zhao Tan spoke casually "We came here to destroy the Lycan Syndicate."

Wha- Cai Luo was dumbfounded hearing this "Why did you tell her that, Tian?" Zhao Tian reassured her "Don't worry, she can be trusted. Actually, we can gain even more information from her."

Zahra Ashante narrowed her eyes upon hearing his reply and spoke in a serious tone "That's a... big goal, huh."

Cai Luo saw that Zahra Ashante was finally being serious and asked, "Do you have any crucial information?"

Zahra Ashante gave a nod as she turned her gaze to Zhao Tian "Yes, it's best for you to go back to your own country." Eh? Zhao Tian squinted his eyes and Cai Luo spoke in a cold tone "This is not a thing to joke about, you new woman."

Zahra Ashante kept her indifferent face and spoke, "Tian, listen to me. Return to your nation. Inside Lycan Syndicate, there is a large powerhouse who has already crossed the 9th Monarch Astral Stage."

"Hoh?" Zhao Tian raised an eye in amusement upon hearing this, so their guess is actually right. There is someone in the Half-Empyrean realm.

Cai Luo still didn't believe Zahra Ashante and gave her a suspicious look "How can we believe you."

Zahra Ashante shrugged her hands "I don't have any proof to show you. But I heard my boss talking about it with someone and I also saw a document on his table about this Lycan Syndicate."

"Your boss? Who is your boss?" Cai Luo asked in confusion. Who would know such confidential secrets?

Zhao Tian spoke clearing her doubts "Zahra is from the Eclipse Order and is an Emperor rank assassin."

What? Cai Luo was startled to hear this, she is from the most notorious assassination organization in this world?

Her gaze squinted as she looked at Zahra Ashante "Are you the... Windwhisper?"

"Eh? You know my assassin name? I am surprised. See Tian, I am so popular." Zahra Ashante flashed a wide smile, looking at Zhao Tian.

Cai Luo nodded her head "Yeah, there are no women in Emperor rank assassins except Windwhisper as she was also on my wanted list."

A dry smile appeared on Zahra Ashante's lips "Wanted... list?"

Cai Luo giggled at seeing her face "Assassination organizations are against the government so of course they will be on my wanted list. In the past, I have killed a few Emperor rank assassins."

Zhao Tian rolled his eyes "Oh, yeah... you are a police."

Meanwhile, Zahra Ashante was confused. She killed Emperor rank assassins? Is she saying the truth or just bullshitting?

If anyone hunted Emperor rank assassins, that wouldn't get overlooked by her organization. They would surely try to get information on that person who killed their Emperor rank assassin.

To the best of her knowledge, there was only one woman who had successfully taken down Emperor rank assassins, and that was Yu Hua, the Battle Maiden of Zhenzhu.

Is she Yu Hua?

Zahra Ashante cast a quick glance at the black haired woman sitting beside Zhao Tian "What is your name?"

Cai Luo replied casually "Cai Luo."

Cai Luo. Zahra Ashante muttered under her lips, so she is not Yu Hua? But she has never heard of this name Cai Luo.

\*knock\* At this time, a knock was heard on the door and Zhao Tian spoke "Enter."

Opening the door, Hun Xiang entered the room "Lady Luo."

Chapter 275 Maybe, we should retreat!

Hun Xiang who was standing in the room was shocked "What? So, our guess is right, Lay Luo? There is actually a person in Half-Empyreal realm?"

Cai Luo nodded her head and now even she is contemplating whether to return or not. There is no way they can beat a Half-Empyreal stage cultivator.

The odds are already against them with the number of Monarch Astral Stage cultivators, and now there is a Half-Empyreal realm cultivator and they can also regenerate.

They are doomed!

Doesn't that mean without Freya Everglade on Zhenhzu's side, they would be weaker than Lycan Syndicate?

Thinking about this, Cai Luo made a decision "Tian, we should abandon this mission and go back to our nation."

"We can't handle this level of threat."

Hun Xiang also lowered her head as her efforts of collecting information became useless and she could only sigh.

"No, we are not leaving."

Zhao Tian shook his head and Cai Luo was stunned hearing this "Tian, what are you saying? Why should we attack them knowing very well that we would lose."

Zhao Tian rolled his eyes at her "We have come this far. So let's finish the job and leave."

The Lycan Syndicate has already provoked him and he knows if he let them live any longer, it would only cause even more problems in the future.

That Orlando Williams or Miles Williams will surely send someone else to kidnap his women or his family.

He can't always live in fear that his women might be attacked at any time.

So he was dead set that he wouldn't leave this country until the root of this problem is exterminated.

Cai Luo shook his shoulders "Tian, do you understand what you are saying? There would already be a lot of enemies in Heaven Astral stage to Emperor Astral stage."

"And there is also these ministers and Miles Williams who are in Monarch Astral stage. And above all of this, there is a cultivator in Half-Empyrean realm."

"Tian, it's better to retreat."

But Zhao Tian was reluctant "As I said, we are not leaving. If you want to leave, you can leave. After all, I am the one who has personal grudges with Orlando Williams."

"I will stay here and kill them." he spoke casually as he fell back on the bed.

Cai Luo clutched her head in pain, seeing Zhao Tian being reluctant and Hun Xiang stayed silent, a hint of admiration in her eyes seeing that Zhao Tian is courageous.

Zahra Ashante also had a frown on her face "Tian, I also advise you to leave. I can feel that you have become stronger than the last time I saw you, but this time.. the enemy is even more powerful."

Zhao Tian turned his eyes at her. "You can't convince me. Luo, don't worry... you can leave."

Cai Luo took a deep breath, conflicting emotions swirling in her heart. She couldn't just leave him, knowing very well that he was going to face danger.

So she shook her head, a gleam of determination in her eyes "No, Tian... if you are staying. I am also staying. Xiang, you can leave."

Hearing Cai Luo's words, Hun Xiang spoke "No, Lady Luo... you saved my life, then how can I leave you in a dangerous situation like this. I am also staying."

-- So we are all staying?

Zhao Tian shrugged his shoulders. "Ok, then we can leave this hotel tomorrow and go to Xiang's house."

Cai Luo and Hun Xiang, both nodded their heads.

Zahra Ashante spoke with a smile "Then I am also staying with Tian."

Zhao Tian glanced at her "By the way, Zahra what are you doing in this nation?"

"Oh, that... I have a mission to kill someone in this nation. So I came here and my mission is also done. Just when I thought of returning to my base, I saw you and followed you, hehe."

"I see."

With a mischievous smile, Zahra Ashante moved on top of him, who was lying on the bed "Since we are here, Tian... why don't we go for a date?"

"A date?"

"Yeah, let's goooo."

Zhao Tian nodded his head with a wry smile "Yeah, sure."

Cai Luo squinted her eyes "Then I am also joining."

"Huh? A date is called a date because it's between a couple. Why should you join?"

Cai Luo retorted "Because Tian is in my care right now. How can I let him be alone with an assassin woman like you."

"That's a dumb reason, you know." Zahra Ashante said with a teasing smile.

"Don't care, I am joining anyway."

-- Hun Xiang had an indifferent face looking at both of them fighting.

...

The middle aged man looked over at the woman with flowing blonde hair, her features obscured by a metallic mask that revealed only her piercing purple eyes. "Where are they?" She asked, her voice dripping with coldness.

The middle aged man spoke "Lady Natalie, near the river, in the mountains. There are a lot of people and there are even large trucks and helicopters there."

Natalie Thompson narrowed her eyes "You stay here and ask the village people to be alert. I will be back in a while."

"Y-Yes."

Natalie Thompson came out of the house and quickly dashed towards the air and her destination was the rivers.

"These bastards, how many times do I have to warn them?" Cursing under her lips, she quickly flashed through the sky reaching near the river.

As she looked down, her eyes landed on the group of men dressed in sleek black suits, accompanied by an array of massive trucks and luxurious black cars, all surrounded by the presence of a helicopter overhead. \*thoom\* She landed down with an impact, causing the soil to crack and form a huge dent on the ground.

Among them, a man clicked his tongue seeing the metal masked woman. Liam Hayes scoffed "Don't think we will be afraid of your warnings, you village head."

Natalie Thompson walked closer to them, a glint of yellow energy flashing across her eyes "You fuckers, how many times have I told you. This mountain range is not for you to test nuclear weapons?"

Chapter 276 Natalie Thompson!

Natalie Thompson walked closer to them, a glint of yellow energy flashing across her eyes "You fuckers, how many times have I told you? This mountain range is not for you to test nuclear weapons?"

Liam Hayes clicked his tongue in disdain. "This mountain range is not yours; it is government property and we have a permit from the government to test our nuclear weapons here and do anything to these mountain ranges."

Natalie Thompson scoffed under her breath "And guess what? I don't give a fuck about that."

Hearing her cursing, Liam Hayes narrowed his eyes "Don't think you can scare us away like last time."

\*thud\* \*thud\* With a heavy and resounding thud, a large and imposing man strode confidently to the front from the group of men in black suits, shaking the ground a little. Natalie Thompson was taken aback by the aura "2nd level of the Monarch Astral Stage?"

Liam Hayes responded with a smug grin, "You seem to be feeling fearful, huh?" His tone was filled with arrogance as he taunted her. Under the metal mask, a smile crept over Natalie Thompson's lips as her fingers caressed her mask "Nah, after staying in the village for many years... I am glad I can finally use my powers."

\*swoosh\* Her body suddenly glowed in mesmerizing yellow as a powerful aura oozed out of her body, causing the air itself to shake in reverberation.

The men were filled with a sense of dread as they caught a glimpse of her piercing purple eyes peering out from behind the mask, sending a chill down their spines. \*thrishhh\* The sound of crackling energy filled the air as a vibrant yellow light began to swirl around her, gradually coalescing into a shimmering, intricate suit of yellow armor around her body. Liam Hayes was taken aback by the incredible energy emanating from her, causing his eyes to widen in surprise "You have—\*swoosh\*

But before he could finish his sentence, Natalie Thompson vanished from her place leaving a trail of yellow energy as she reappeared in front of Liam Hayes in an instant.

She reached out her hand and firmly gripped his face, a flash of yellow light flickering in her eyes before smashing his face against the ground. \*thoom\* The grassland split open as his head hit the ground and his skull broke splattering out blood. Instant kill.

She stood up, her eyes turning to the other men "I know how to kill you, wolves who could regenerate. Last time, I gave you guys a warning. But you came here again."

The men snapped out of their state of shock and swiftly took fighting positions as their bodies quickly began to transform. Natalie Thompson cupped her palms as yellow energy gathered around her hands and as she opened her palm, the yellow energy took the form of a blooming lotus.

The delicate petals unfurled before her, radiating a sense of serenity and beauty. She raised her hand and a mutter left her lips "Radiant lotus."

\*swish\* The yellow lotus grew in size as it floated above her hand and stretched above in the air for two hundred meters.

As the men lunged towards her, Natalie Thompson smiled faintly as she saw the claws inching closer to her.

\*boom\* With a sudden explosion of energy, the lotus flower trembled momentarily as the petals burst out from it and the sharp yellow petals slashed towards the men. \*sleech\* Cleaving through the air, each petal found its target as it began its barrage of slashes on the wolves. The petals targeted mainly the vitals like heads and hearts, as Natalie knew hitting them would ensure an instant kill for these wolves.

\*sleesh\* \*weesh\* "GRAAHH!!!"

The sound of agonizing grunts filled the atmosphere as the petals mercilessly ended the lives of every single one of those wolves. \*woosh\* Natalie Thompson squinted her eyes and sidestepped narrowly, avoiding the incoming slash of the claws.

"Don't be hasty." She mumbled, her eyes glancing at the bulky wolf, which heighs like 4 meters.

\*swish\* She raised her hand, and a pair of gleaming yellow daggers appeared in her hand. With a smirk, she lunged forward, her daggers slicing through the air aiming for his vitals.

But the werewolf was also not an ordinary foe, he quickly moved his body avoiding her daggers from slicing his chest.

The werewolf counterattacked, his claws extended, aiming to end the fight with a single swipe. But she was faster, ducking under his arm and driving her blades deep into his abdomen. \*sleech\*

"AURGHHHH!!!" With a guttural scream of agony, he writhed in pain and as she infused her astral energy into the blade, the blade gleamed and \*thoom\* the energy ripped through his stomach, sending him flying and crashing to the ground. On the other side, the blooming lotus continued to bare its fangs, and its petals showered endlessly from the glowing lotus in the air, each petal dancing around the wolves, claiming their lives.

The scene was a mesmerizing yet deadly dance of beauty and destruction. "Just a 2nd level of the Monarch Astral stage. Honestly, you guys are not that hard to kill as long as I can stab your heart or head." She muttered looking at the bulky werewolf who was slowly getting up, its abdomen healing almost instantly.

\*sleesh\* A metallic glint shined in her daggers as she leaped in the air, dashing toward the werewolf.

\*gleech\* Her daggers stabbed right through the eyes of the werewolf as blood splattered around from his bloody eyes.

"GUARRGHHH!!!"

It screamed in pain, but she didn't mind it and thrust her dagger deep into its eyes directly stabbing its brain and she again infused her energy into it.

\*boom\* His brain blasted from her energy and she quickly took five steps back with a disgusted face looking at the chunks of his flesh and brain "Tch, blood."

She then turned her gaze to the swirling yellow petals of the lotus, leaving a blood bath on the floor after killing all of the men in black suits.

The yellow lotus and its petals disappeared from there leaving no trace.

At this time, some villagers rushed towards the place after hearing the battle noises across the forest.

They all shivered in horror as they witnessed the horrifying sight of blood flowing through the river and Natalie Thompson, who was standing amidst the dead bodies. Some of them turned their gaze in fear "Glad.. the kids are not here."

One of them couldn't help but mutter in confusion "Since Lady Natalie is so powerful... why is she in our small village."

Hearing the question, a middle aged man let out a sigh and walked to her "Lady Natalie."

Natalie Thompson turned her head "Maxwell, I told you to stay in the village. Why did you bring them here."

Maxwell lowered his head "Forgive me, Lady Natalie... when I told them that you went to fight them. Everyone was worried about you, so we came here."

Natalie could only sigh and she glimpsed at the array of trucks and cars. "Now... what to do with these nuclear weapons."

"Drown them in the ocean or something?"

Her eyes narrowed 'No... if the Lycan Syndicate knew that the people they sent are already killed, they would just sent even more powerful people to test the nuclear weapons.'

'Maybe... I should go there and destroy them?'

Chapter 277 Kiss kiss!

Zahra Ashante's curious eyes glanced around at the array of clothes in front of her. Extending her hand, she took a dark blue dress and placed it over her body. "Tian, what do you think of this dress?"

The four of them came to the mall for a shopping date. Yeah, Hun Xiang stuck along with them.

Zhao Tian looked at the dress in Zahra Ashante's hands and smiled "Yeah, it will look better on you."

"Hehe." Zahra Ashante smiled happily, a wide smile playing on her lips.

At this time, he felt a tug on his shirt and he turned back to look at Cai Luo "Luo?"

Cai Luo showed a pristine white shirt and asked "Tian, do you think this will look good on you?"

For me? Zhao Tian was surprised and Cai Luo placed the shirt's shoulders above his shoulders to check the size.

She nodded in satisfaction, a smile gracing her lips "En, this will be a perfect fit for you, Tian."

Tsk! Zahra Ashante clicked her tongue in annoyance 'Damn it, she scored a point. I should have also chosen a shirt for him.'

Handing over the shirt in his hands, Cai Luo pushed him "Go, go and wear."

Zhao Tian smiled wryly and walked to the dressing room to change his clothes.

As he left, Cai Luo glimpsed at Zahra Ashante in the corner of her lips and showed a smirk. i won.

Zahra Ashante narrowed her eyes "Seems like I have a competitor here."

Cai Luo kept the smug look on her face and Zahra asked "You also love, Tian?"

Huh? Hearing the question, Cai Luo was taken aback and she asked the question to herself. Do I... love him?

She was not sure of herself and Zahra Ashante clicked her tongue as she took the blue dress and left there to try the dress.

Cai Luo glanced toward Hun Xing who was standing near her "Xian, do you think... I love Tian?"

-- What? Hun Xiang was perplexed and hesitated about how to answer the question.

Cai Luo spoke in a gentle tone, her eyes softening in affection "I mean... when he smiles at me, my heart flutters. And his touches are causing something in my stomach, like butterflies."

"And he is so cute when he eats the cakes. But bastard, he teases me all the time. Yeah, he is a bastard... but sweet bastard." she couldn't help but chuckle.

And he is also touching your bum. Hun Xiang spoke in her mind and tilted her head "Lady Luo, does your heart beat faster sometimes when you are with him."

Cai Luo hurriedly nodded, a smile spreading across her lips "Yeah, yeah... so?"

Hun Xiang squinted her eyes, as she was also not aware this feeling called love "I have read in internet... after hearing the symptoms..."

"Lady Luo, you might actually be in love."

"O-Oh... I see." Cai Luo lowered her head, a faint blush painting her cheeks in rosy hue. So I am really in love?

Hun Xiang blinked her eyes looking at Cai Luo weirdly, so you let him touch your bum without even knowing your own feelings?

Well honestly, she also doesn't know how it feels to be in love as since childhood, she was raised and trained by Yu Hua.

How does it feel to be in love?

...

Meanwhile, inside the dressing room, Zhao Tian smiled looking at the shirt in his hands. He then removed his shirt and hanged it beside in the hanger.

As he was about to wear his shirt, \*creek\* someone suddenly opened the door of the dressing room and he turned his head to the woman who just entered in.

"Zahra?"

Zahra Ashante smiled playfully and closed the door, her eyes fixated on his chest and abs "Damn, Tian... woah." she muttered in awe looking at his well defined body.

She took a step closer to him and stretched her hand, her fingertips touching his rigged abs. "It is soft and hard at the same time."

"Hehe." Giggling she jumped into his arms, her arms encircling his neck as her fingers danced over his bare back.

With a soft sigh, she rested her head on his shoulder, feeling the warmth of his skin and she took a deep breath, inhaling his scent.

"Hmng~ Tian." she moaned faintly nuzzling his face all over his chest as she enjoyed the heat of his flesh.

Zhao Tian smiled wryly and Zahra Ashante raised her head placing a kiss on his cheek, snuggling her body onto him like a crazy woman.

"Tian... I don't want you to fall in love with me, but..." her eyes glimpsed into his tender blue and she bit her lips, controlling her urge to just sink her teeth into his lips and bite them very hard.

"I just want to... kiss that damn lips of yours. But I am scared... you will fall in love with me then."

Zhao Tian chuckled and leaned in, bringing his face close to hers. Huh? Zahra Ashante was startled by his sudden approach and before she could react, his lips touched hers.

Her eyelashes fluttered feeling the soft lips caressing her lips and Zhao Tian brought his hands lower to her waist and pulled her closer, his chest hitting with hers.

Feeling the heat of his lips, she closed her eyes to enjoy the kiss and her hands tightened around his body.

"Tian.." she mumbled, her soft breath hitting her lips and Zhao Tian again took her lips sucking on them.

Zhan Tian's hands got bolder as his hands went lower, cupping both of her ass cheeks in her palms.

Zahra Ashante was startled by his sudden touch but Zhao Tian didn't let her think as he gave a tight squeeze, feeling the softness of her ass.

"Hnnngggg~ Tian~" her hands were also not idle as they began to wander his body taking in every contour of his body and relishing in his warmth.

They lost themselves in the taste of each other lips, that they continued kissing as if they were the only ones in this world.

\*creek\* However, at this time the door opened. "Tian, how long to wear the shirt?"

Cai Luo's jaw dropped as she saw the scene in front of her. "What the hell??!!!"

## Chapter 278 Fuck you, bitch!

"What the hell are you doing?" Cai Luo yelled in shock, looking at Zhao Tian and Zahra Ashante hugging each other so tightly and madly kissing each other's lips.

Zahra Ashante, with a coy smile playing on her lips, shifted her attention to Cai Luo and chuckled softly "Can't you see what we are doing? Of course we are kissing." Cai Luo's gaze narrowed as she saw his hands on her ass 'This guy really has a thing for ass, huh.'

Zhao Tian spoke with a teasing smile "It is really mannerless to open a door without knocking, you know."

A faint blush appeared on Cai Luo's cheeks as she saw Zhao Tian's top body, as he is not wearing any shirt right now and she quickly captured his body in her mind.

But as she saw Zahra Ashante's hands on his bare shoulders, her lips twitched "Hmph, womanizer."

Zahra Ashante scoffed and rolled her eyes "You are not his woman, so it's none of your concern, right?"

H-Huh? Cai Luo was startled to hear this and Zahra Ashante smiled upon seeing her face.

"Hmph!" Cai Luo let out a huff and turned on her heel, striding away from the scene with a look of contempt on her face. Zahra Ashante was amused to see her reaction and turned her gaze to Zhao Tian "Tian, are you aware she loves you?"

Zhao Tian couldn't help but chuckle "Yeah, I know..." he is not dense enough to not see through her feelings.

Zahra Ashante giggled and leaned in again pecking his lips "You better wear that shirt she took, or else she's going to be even more furious," she playfully warned. With a nod, Zhao Tian took the shirt as he began to wear it and Zahra Ashante too, took the dress and spoke "Tian, can you turn around, I want to change clothes."

A playful smile appeared on his lips and he shook his head "No."

Seeing his smile, Zahra Ashante turned around her body showing her back to him and spoke "As I said, Tian... I don't want you to fall for me before I finish my goal. What if you saw my body and fell in love with me?"

"So I will turn this way."

Zhao Tian fastened the buttons on his shirt and Zahra Ashante also began to remove her dress, as the fabric of her cloth slipped from her body, revealing her black underwear.

But all Zhao Tian could see was her back and his gaze lowered as he saw her shapely ass cheeks, with the underwear splitting them into two.

With a teasing glint in his eyes, he gave her a sharp slap on the ass causing her body to tremble in pain.

"Shhhh!" Zahra Ashante hissed in pain but she didn't turn her body and spoke in a soft tone "Stop, Tian... it hurts."

However, Zhao Tian took a step forward and hugged her body from behind, his fingers sliding down to her abdomen.

"T-Tian." Zahra Ashante was stunned by his sudden touch and Zhao Tian placed his chin on her shoulder, whispering in her ear "I will fall in love with you if I see your body?" he asked his fingers teasing her belly button.

"Hmnngh~!" Zahra Ashante let out a soft, muffled sound of pleasure as she felt a tingling sensation from the gentle touch of his finger. "Let me see what you have got, Zahra."

He muttered, before placing a kiss on her ear as his hands moved forward to her chest. Zahra Ashante glimpsed down at her hands moving close to her boobs but she didn't have the desire to resist his touches and anticipation filled her heart.

\*flick\* With a swift motion, he raised her bra up and her boobs popped out of hiding.

A hint of amusement danced in Zhao Tian's eyes as he softly cupped her boobs under his palm "Zahra, F cup?"

Zahra Ashante's body trembled at his touch and she nodded her head "En. y-you like them?"

Zhao Tian eyes softened as his fingers circled around her dark nipples "Yeah..." he mumbled gently biting on her ear.

Zahra Ashante closed her eyes feeling his teeth biting her ear "See, this is why I told you... you will love me, if you saw my body."

Zhao Tian chuckled and spoke "Who told you that I love you, I hate you. I have many other women I love the most."

Zahra Ashante squirmed in his arms as he continued to fondle her boobs "Lies, see how your greedy hands are groping my chest."

Zhao Tian smiled faintly "That's because you have such a sexy body, Zahra. I love your body, not you..."

Zahra Ashante's eyes quivered and a soft moan slipped past her lips as he squeezed and twirled her nipples, causing her to gasp and call out his name in pleasure. "T-Tian... haangh~~ yeshhh~~"  
\*thud\* A loud knock was heard on the door, startling them. "How long, both of you?" Cai Luo's frustrated voice was heard from outside.

-- Zahra Ashante's heart simmered with rage as she abruptly pulled away from Zhao Tian's embrace. "How long?" Cai Luo again gave a kick on the door and the door slightly opened.

Huh? Cai Luo raised her gaze and saw a hand peeking out from the door. Zahra Ashante showed her middle finger "Fuck you, bitch."

Cai Luo eyebrows twitched in exasperation "What did you say? You cunt..."

"Hmph!" Zahra Ashante again closed the door to Cai Luo's face and walked in.

Zhao Tian shook his head helplessly, seeing them cussing at each other and Zahra Ashante took a deep breath "She ruined the perfect moment for us."

(A/n: Karma is a bitch!)

With a soft sigh, Zhao Tian spoke "Let's change our clothes and go outside."

Zahra lowered her gaze in disappointment and nodded her head "Ok, then."

...

\*creek\* Opening the door, first Zhao Tian walked outside and Cai Luo, who was waiting for him, smiled brightly seeing Zhao Tian wearing the shirt she chose.

"Yeah, it looks good on you."

Zhao Tian gave a faint nod and a little later, Zahra Ashante stepped out wearing the dress she took and did a 360 spin "Tian."

"You look great."

"This is the ugliest shit I have ever seen."

-- Zhao Tian and Hun Xiang stood there dumbfounded hearing her cuss words. Zahra Ashante narrowed her eyes "Its still better than your face, bitch."

HUH? Cai Luo's frustration boiled over as she tightly gripped her fist in anger. Despite the fact that her appearance was a facade, she couldn't help but feel incensed. "Heh, atleast I am not bl-" "That's enough!" Zhao Tian closed her mouth and stopped her from uttering that word.

"You both are hopeless."

Zahra Ashante smirked, seeing Cai Luo's mouth being pressed by Zhao Tian's hand "I know what were you ab-"

"Shut up, Zahra."

"Yes daddy!"

...

-\_- You guys!

Zhao Tian let out a deep sigh while sitting on the back seat of the car, crushed between Zahra Ashante and Cai Luo.

Both of them were hugging his arm from each side and Zahra Ashante turned her eyes to Cai Luo "Why are you hugging him, you are not his lover."

Cai Luo squinted her eyes "He came to this nation under the care of me, so I have to take good care of him."

Both of them frowned at their eyebrows and Zhao Tian could definitely feel the electricity sparking between their eyes.

Sitting in between the cat and dog, Zhao Tian finally came back to the hotel.

...

Zhao Tian fell back on his bed after the tiresome date and the others also entered his room sitting on the couches, while Zahra Ashante fell behind him on the bed.

Zhao Tian glimpsed at Hun Xiang and spoke "Let's go to your home near the Lycan Kingdom."

Cai Luo narrowed her gaze and a sigh escaped her lips "Yeah, let's stop dwindling around here and focus on our mission."

Zahra Ashante looked at Zhao Tian. "Tian... how about me?"

"You... don't need to come with us for the mission, Zahra."

Zahra Ashante raised an eyebrow "Its because I am weak?"

Zhao Tian nodded his head and spoke honestly "You are still in Emperor Astral Stage. Luo is in 8th level of Monarch Astral Stage and she is in the 3rd level of Monarch Astral Stage."

"So we can withstand the fight, but you are weak... so, its better if you leave."

Zahra Ashante bit her lips in frustration but what he said is true. She has to become strong as she has an even bigger goal she has to reach.

Zhao Tian pulled her into his arms and smiled faintly. "Go and train to become stronger quickly. So after finishing your goal, I can love you."

Zahra Ashante's heart quivered with emotion upon hearing his words, and she found solace in nuzzling her face into his neck as she responded softly, "Surely, Tian." As he tenderly grasped her hand, a white light shot from his ring and it entered her storage ring.

"I have given you some pills, use them to strengthen yourself."

"Uh, okay." Zahra Ashante nodded her head and tap kissed his lips.

"Then I am leaving now... I won't be hindering you anymore. Stay safe, Tian."

After standing up from the bed, she cast one last glance at Zhao Tian before turning the doorknob and stepping out of the room. Cai Luo let out a sigh and looked over at Hun Xiang "Prepare the car, we are going to Lycan Kingdom."

Chapter 279 Xiang's apartment!

\*vroom\* As the sleek car zipped down the open road, Zhao Tian relaxed in the back seat, a smile spreading across his face as he read a message from his mother on his phone. He turned his gaze to

the woman who was leaning on his chest, her eyes were closed as she was sleeping, his arm draped around her shoulder.

Hun Xiang who was driving the car, slowed down the vehicle as she reached a group of apartments and quickly parked the car in front of an apartment.

She turned her head and looked at Zhao Tian "Uh..." she felt a little awkward as she didn't know how to call him.

Zhao Tian shifted his eyes to the view of the small apartment outside the window before turning back to gently nudge Cai Luo's cheek "Luo, get up." he whispered softly.

Cai Luo's eyebrows wrinkled but she didn't open her eyes and nuzzled her face in his chest "No, Tian... let me sleep a bit more."

Zhao Tian couldn't help but chuckle and pinched her cheeks "Get uppppp. We have arrived."

"Ahh!" Cai Luo opened her eyes, feeling a slight pain in her cheek and looked at Zhao Tian.

She playfully lifted her hand and gently squeezed his cheek, a playful glint in her eyes "Why are you disturbing my sleep?" she asked pouting her lips. Hun Xiang spoke "Lady Luo, we have arrived."

"Oh?" Cai Luo looked outside and saw the apartment.

She sensed around the area but she couldn't sense any cultivators "Eh? Xiang, you said, your house is close to the Lycan Syndicate Kingdom. But we are in an apartment."

Ehhh? Hun Xing was dumbfounded "What I meant was, Lady Luo, this is the closest place to the Lycan Kingdom where normal people can live."

"The place is quite hidden so, normal people won't reach that place."

Zhao Tian flicked Cai Luo's forehead making her writhe in slight pain "You want her house next to the Lycan Kingdom palace or something?"

Cai Luo smiled wryly and Zhao Tian tapped her cheeks and said, "Get down."

"En." With a nod, Cai Luo opened the door of his car and went out. Following him, Zhao Tian also got out.

"Lycan Kingdom is not so far from here. Maybe at night, we can fly there. We just need to cover our faces with masks and wear dark hoodies."

Zhao Tian nodded his head and glimpsed at Cai Luo as she gave a nod.

\*creek\* Opening the door, Hun Xiang first entered, but then she realized "There are only two rooms as I prepared this apartment only for me and lady Luo when she comes."

Cai Luo shrugged her shoulders "No problem, Xiang..."

Hun Xiang nodded her head "En, Lady Luo and I can take a room and uh he..."

Huh? Cai Luo narrowed her eyes "I thought I and Tian were taking a room."

Hun Xiang: -- Huh?

Zhao Tian smiled wryly upon hearing this. He thought he could go and see his women later in the artifact, but if Cai Luo came to his room, it would be impossible.

Hun Xiang hesitated a little, "Um, Lady Luo... he... is a man."

Hm? Cai Luo discreetly glanced at Zhao Tian "Do you think, this bastard will do something to me?"

Hun Xiang blinked her eyes as she remembered him groping Cai Luo's ass the first time she met him. "Are you... sure?"

Cai Luo nodded her head "Yeah, damn sure." she spoke looking at Zhao Tian in the corner of her eyes.

Hun Xiang could only sigh, "Then... i will go and prepare tea for you guys since its already evening."

"Coffee." Zhao Tian muttered.

"Coffee for me too." Cai Luo spoke glimpsing at Zhao Tian.

Zhao Tian shook his head helplessly and Hun Xiang pointed at a room "You can take that room, it's quite big." With a nod, Zhao Tian walked to the door and twisted the doorknob, entering the room. Cai Luo walked past him and jumped on the fluffy bed "Haah. So, we are going to share a room, Tian."

Zhao Tian chuckled faintly "We are entering the kingdom at night, so don't worry... I won't lay my hands on you."

Ohhh! Cai Luo squinted her eyes upon hearing this. Damn it!

...

As the sun started its gradual descent in the horizon, casting a warm golden glow over the terrace outside Zhao Tian's room, he and Cai Luo sat leisurely, savoring the freshly brewed coffee. Taking a sip of his coffee, Zhao Tian casually wrapped his left arm around Cai Luo's shoulders, who was sitting beside him on the wooden bench.

Cai Luo mumbled in a soft tone "Tian, this might be the last coffee we are drinking together."

Zhao Tian narrowed his eyes upon hearing this "You think we will die?"

Cai Luo let out a sigh "There is a 90 percent chance we will die if we go to fight those Lycan Syndicate today. Even I underestimated their strength."

With a slight frown, Zhao Tian spoke "I have told you, Luo, not to worry. We can handle this..."

Cai Luo's heart shook and her eyes were filled with worry. "Tian... there is still time. Think about it, we need even more strength."

"We can come back later with more people and we can fight them. Then we can surely win."

Zhao Tian squinted his eyes as he looked at her. "Luo, I have already talked about this with you. If you are scared, you can leave... but I am staying here."

Cai Luo gently hit his chest "Bastard, how can I leave you alone... when I know, you are going to face a dangerous situation?"

Zhao Tian just stayed silent and took another sip of his coffee.

Meanwhile, many thoughts and emotions are swirling inside Cai Luo's heart and her eyes tremble in uncertainty.

Her fingers clutched her coffee cup tightly "Then I have no other choice... but to do it."

\*tap\* Hearing footsteps, Cai Luo turned her head and smiled looking at Hun Xiang "Xiang."

"Lady Luo, I brought the dessert."

Chapter 280 About Heavens!

\*swoosh\* The woman, her silver hair cascading down her back, floating crosslegged above the bed with an ethereal grace, red flames and sparks of ice swirling around her.

She has her eyes closed, but her long pointed ears give an ethereal look to her face.

Ning Xue sat comfortably on the couch, a soft smile playing on her lips as she watched Freya Everglade diligently practicing the Twin Phoenix cultivation technique. With a swift \*woosh\* the swirling ice shards began to multiply rapidly, causing the temperature of the room to plummet instantly. The once comfortable atmosphere was now enveloped in an icy chill as the icy shards continued to spread and grow out of control. Huh? Ning Xue stood up from her seat in panic and walked close to her "Sister Freya..."

Freya Everglade's brows knitted together as a sharp pang shot through her body, causing her to tremble uncontrollably.

The intensity of the discomfort was evident on her face as she struggled to keep her composure. "Urgh." She let out a frustrated growl, feeling the turbulent Ice energy within her body, struggling to keep it under control as she nervously bit down on her crimson lips. \*swish\* The dark red flames consumed the ice shards and the ice shards evaporated into nothing.

"Haah!" With a gentle exhalation, Freya Everglade slowly opened her eyes, a crimson sparkle flickering through them. Her body descended and her ass slowly settled on the bed.

Ning Xue asked in concern "Sister... Freya, what happened."

Freya Everglade clutched her head in pain hearing Leya Everglade's scream in her mind "It is leya... urghhh."

"She is repelling me and making my energies unstable, making it hard to maintain the cultivation technique."

Ning Xue frowned her eyes in confusion "Why is she... doing that?"

Freya Everglade muttered under her breath "Seems like as I learn this cultivation technique, my body and soul is healing."

"if I use my Phoenix flame now, it won't suck my life energy like before. So... the soul which got corrupted and split is also gradually healing."

"Which means Leya Everglade inside me is dying."

Upon hearing this, Ning Xue smiled "That's actually great. Now she won't disturb you anymore."

"I... guess."

Leya Everglade was cursing inside Freya's mind "DON'T YOU DARE LEARN THAT CULTIVATION TECHNIQUE, I WILL KILL YOU!!!"

Freya Everglade shook her head but she was also a little hesitant to kill Leya Everglade, as she had been with her for years now.

Even though she is so annoying, she is a part of herself... like another sister to her.

But, she has no other choice now, if she wants to use her powers and stop her body from losing its life energy, she has to kill her own persona. Leya Everglade!

Freya Everglade got down from the bed "I will continue my cultivation later. Now, I will go and take a dip in that Hot bath."

Ning Xue nodded her head with a giggle "Seems like you have gotten quite addicted to the Hot springs."

Freya Everglade smiled wryly "I have been wandering the stars for years to search for a remedy and I barely got any time to relax."

"But the Honoured One has given me access to his artifact and also gave me the suitable cultivation technique." "Haha, this is a good time to relax. And by the way, where are our Empyrean flames."

Ning Xue could only smile wryly "With Sister Shenyi."

...

Xia Shenyi sitting in her room looked at the two flame spirits in front of her on the table and both of them had a dissatisfied look on their faces.

They always wanted to be with their Archon, but got stuck with this woman.

The reason why they are following her? Because their Archon ordered them to obey his women, so they had no other choice.

The Phoenix flame spoke in a cold tone "Don't have the habit of touching us... hmph."

Hearing the cold feminine tone, Xia Shenyi's lips twitched "I won't touch both of you... but I am quite curious."

The Golden Sun flame and Phoenix flame looked at each other "Curious about what?"

Xia Shenyi asked "I heard you guys are created by the heavens, where the astral density of fire is high."

Both flames nodded their heads "Yeah, that's correct."

Oh! Xia Shenyi smiled in amusement and asked "So, can you say what is Heavens?"

The Golden Sun flame and the Phoenix flame opened its mouth and began to speak at the same time.

"Actually the heavens is-"

\*zap\* With a sudden crackle of energy, a tiny bolt of vibrant yellow lightning materialized seemingly out of thin air and struck both of the flame spirits at the same time.  
"ARGHHHHHH!!!!" The flame spirits screamed in pain feeling the lightning course through their bodies.

"WHAT!" Xia Shenyi screamed in shock as she hurriedly stood from her seat and her whole body shivered in fear.

"J-J-Just now.. it is the Heavenly lightning?!"

...

Zhao Tian was sitting on the bed, his finger scrolling down the Finstagram. The soft glow of the screen illuminated his face, casting a faint blue light in the dimly lit room.

"It's almost 7... time to leave" a mumble left his lips. \*thud\* With a loud thud, Cai Luo, who had been lounging on the bed, suddenly sprang to her feet and leaped onto Tian's back, calling out his name excitedly. "Tian." "Luo." Zhao Tian smiled wryly and with a teasing glint, she pulled his ears making them red.

Eh? Zhao Tian was startled by her sudden pull and his lips twitched as he turned his body, pushing her onto the bed. \*thud\*

"You little..." he murmured as he flipped her over on the bed. "Ahh!" Cai Luo let out a soft laugh as she playfully snuggled into the bed, her eyes twinkling mischievously. "Tian, hahaha you know I'm just teasing," she said between giggles. Zhao Tian had no intention of allowing her to leave and firmly pushed her body down onto the bed, refusing to let her escape. With a playful smile, he raised his hand \*plah\* giving a sharp slap on the ass.

"Kyah! It hurts... hooahhh."

Zhao Tian's smile widened as he looked at the blue shorts she was wearing. He grabbed the shorts and pulled it down through her legs, leaving her only in her red panties.

H-Huh? Cai Luo was shocked and tried to turn her body however, Zhao Tian didn't let her go and pressed her onto the bed.

He then grabbed her panties and Cai Luo's heart skipped a beat as she knew what was he about to do next "T-Tian, don't tell me, you..."

\*treek\* Zhao Tian pulled her panties tearing them down and his gaze fell on the smooth- skinned buns in front of him.

The sight of her half naked body elicited a mischievous twinkle in his eyes, as he couldn't help but admire the way the vibrant hue of her red underwear contrasted against her skin. Cai Luo's eyes trembled as she knew she was half naked in front of his eyes and she tried to twist her body "T-Tian... do you know what you are doing?"

"Yeah." Zhao Tian muttered as he grabbed her ass cheek with his one hand, while his other hand is pressing her back to restrain her on the bed.

As his fingers sank into the marshmallow, he smiled and gave it a tight squeeze feeling the warmth of her ass in his fingertips.

A huge blush took over Cai Luo's face and she felt she would die in embarrassment.

A bold idea appeared in Zhao Tian's mind and he spoke in a teasing voice "You said... I won't lay my hands on you."

He turned her body again and saw the adorable, deep crimson face of Cai Luo. She quickly clutched her thighs together, so he won't look at her vagina.

"See, how I am ravishing this body of yours..."
