Chapter 391: A new kind of beast 2!

Yao Lian's eyes gazed over at Zahra Ashante and Yu Hua as she muttered, "Mere 9th level of Monarch Astral Stage..."

Yu Hua's gaze narrowed and she glanced at Ning Xue who was floating beside her "Sister Xue, just now... our blades."

A frown etched Ning Xue's face and she conjured golden flames on her palm "Both of you don't fight her. Return to the artifact or protect Ying and Suyin."

"She is in the Half-Step Empyreal Stage."

Upon hearing this, Zahra Ashante raised an eyebrow "Should I go and call Tian-

\*swish\* In the next instant, Yao Lian appeared in front of Zahra Ashante, her claws outstretched aiming at her neck.

Ning Xue's gaze narrowed and as Yao Lian's claws inched close to Zahra Ashante \*swish\*

H-Huh? Yao Lian was taken aback as her claws just cleaved plain air and her pink eyes wandered around. 'Where did she go?'

\*sleesh\* At this time, another sharp sword pierced through the air and Yao Lian quickly turned her hand.

\*clank\* She caught the blade by her palm, the power behind the attack causing her hair to flutter, as she gazed into the calm eyes of Yu Hu.

\*thoom\* But a sudden burst of white energy burst forth from the sword and Yao Lian was sent spiraling into the air.

Yao Lian was bewildered as she balanced her body mid-air "What the- She is just 9th level of Monarch Astral Stage..."

Her pink gaze fell on the sword in Yu Hua's hand and she muttered "Ahh... Mythic grade weapon, no wonder."

\*swish\* At this time, Zahra Ashante reappeared from the artifact and sighed "Entering the artifact was the best call."

Dashing through the air, Ning Xue approached Yao Lian "Hell Fire Chains."

Just like before, chains forged of pure gold blazing with golden brilliance swiftly appeared around Yao Lian trapping her body with the fiery chains.

But the chains passed through her physical body and Ning Xue's eyes narrowed "Above..."

\*swish\* A sword is in Ning Xia's grasp and she slashed at the empty air above Yao Lian's head.

\*clank\* Ning Xue smirked at Yao Lian who had just appeared in the empty air and blocked her blade with her claws.

Zahra Ashante was startled to see two Yao Lian. One is parrying Ning Xue's attack, while the other is transparently leaving Ning Xue's Hell Fire chain.

"There are two of them..."

Yao Lian clicked her tongue in annoyance "So you figured it out..."

Yu Hua's eyes narrowed in confusion "Is that a cloning technique?"

Yu Hua swiftly ducked her head, dodging the pink orb and Ning Xue twisted the sword in her hand and threw a powerful punch with her left hand, striking Yao Lian squarely in the face.

Yao Lian's head jerked sharply to the right, causing a surge of frustration to twist and churn within her chest.

Her emotions bubbled over \*swish\* a large pink fox tail appeared from her back, bashing towards Ning Xue.

Ning Xue quickly reacted and parried the strike with the sword in her hand.

\*thoom\* But the force behind her attack was too huge for Ning Xue to parry and she was pushed back into the air.

"Sister Xue..."

Yu Hua hurriedly came near her and caught her body, stabilizing her mid air. "Sister Xue... be careful."

Ning Xue shook her head and tossed the sword to Yu Hua "Don't worry. I have already seen through her trick."

"It's not like she can pass through objects. It is just an illusion to confuse us and in fact, she is dodging or breaking free from my chains."

Hearing this, Zahra Ashante clicked her tongue "What a cunning cunt."

Ning Xue glanced over at Zahra Ashante "Zahra, you go in and call Tian... I think I can defeat her, but she is quite tricky. So it is better to call him."

\*flick\* In the next instant, Yao Lian appeared in front of Yu Hua and Ning Xue swiftly pulled Yu Hua back, narrowly avoiding the claw attack.

"Hua'er, back to the other sisters. Go and watch over them." \*swish\* Yu Hua took a quick glance at Yao Lian and dashed out of there.

Yao Lian smirked and seeing the smile, Ning Xue's eyes condensed 'Huh? She was not aiming for Hua'er... she is...?'

"Arghh!" A pink orb bashed at Ning Xue's stomach and she was blasted away in the air, swirling pink lightning running through her body.

"Urghhh!!!" Gritting her teeth, she quickly maintained her balance and glanced down at her robe which was burned on the abdomen, revealing her belly button.

\*swish\* Yao Lian again appeared in front of her and punched at her.

As Ning Xue was about to block her punch, she felt the pink eyes glaring at her and her body suddenly went numb. 'Huh Wha-' \*thoom\*

\*boom\* Yao Lian's punch landed on her abdomen and she was crashed down to the floor as debris and dust flew around in the area.

Seeing this Yao Lian giggled mischievously.

However, her amusement was short-lived. In the very next moment, Ning Xue burst forth from beneath the rubble, debris scattering in all directions with pink electricity still surging through her body.

Ning Xue clasped both of her palms "Eternal Inferno prison."

\*feen\* The morning sky became even brighter as the air itself burned in golden flames.

\*wooshhh\* Suddenly arrays of fire runes formed around Yao Lian, forming a round prison-like structure.

Huh? Yao Lian was startled by the sudden formation.

Ning Xue didn't stop, she was dead set on roasting this bitch today "Purifying blaze!"

As she muttered through words, a glint of golden energy passed through her eyes.

\*FEEEEENNNNNNNN\* The 'Eternal Inferno Prison' burned brightly with golden flames, reaching the highest temperature that could be extracted from the golden flames for her cultivation prowess.

"Arghhhhhhh!!!" The deafening cries of anguish screeched across the surroundings, causing ripples in the air as the sound waves reverberated.

Yao Lian felt the Empyrean flames searing through her nerves and gritted her teeth in pain 'I-I can't break away from this array formation.'

The flames continued to burn brightly and the painful cries of the Yao Lian trembled in the air.

A little later, the flames disappeared, and Ning Xue gazed at the deep hole in the ground with some molten lava.

Amidst the fuming smoke, Yao Lian was kneeling on the ground with half of her robes burned and her pink eyes quivering in pain.

A round pink barrier is surrounding her and she took deep breaths "W-Without this, I might have been dead, and on top of that, I had to use my life energy... Empyrean flames are frightening."

Chapter 392: A new kind of beast 3!

Zhao Tian was sitting with Xia Shenyi on the couch as he examined the artifact in his hand, with Fei Ziyu sitting beside him.

\*swish\* Zahra Ashante appeared in the artifact and ran to the mansion. "Tian, Tian..!"

Hm? Zhao Tian raised his head and saw Zahra Ashante sprinting into the living room.

Seeing the panic on her face, Zhao Tian frowned and stood up from his seat "Zahra, what happened?"

Zahra Ashante quickly came near him and spoke "Tian, there is a powerful woman out there and she is currently fighting against Sister Xue."

Zhao Tian's frown deepened and he glanced at Xia Shenyi "Shenyi, i am leaving."

Zahra Ashante clasped Zhao Tian's hand and both of them disappeared from there.

...

Ning Xue floated near Yao Lian, who was kneeling on the destroyed ground with her robes torn in some places and blood spilling from her lips as the pink barrier disappeared.

Huh? Ning Xue was confused looking at Yao Lian because she looks a bit different now.

Her mature face has disappeared and it seems like her age has decreased because she looks like a 20 year old now.

What happened to her?

\*slesh\* Yao Lian did a surprise attack and slashed her claws at Ning Xue, as numerous pink slashes dashed towards Ning Xue.

As Ning Xue was about to block with her Fire wall, \*swish\* a gust of astral energy burst through the air, thwarting the pink slashes.

A gentle smile curled on Ning Xue's lips and she uttered "Tian..."

Zhao Tian appeared beside Ning Xue on the ground, his gaze fixated on the woman kneeling on the ground.

Hoh? His eyebrows arched in amusement looking at the fox ears and tail on the woman's body.

"Interesting..." He muttered as a smile stretched across his lips.

Yao Lian raised her head and her pink eyes glowed, as she instantly dashed towards Zhao Tian, her claws outstretched to pierce his chest.

Zhao Tian casually caught her wrist her claws inches away from his chest and looked into her pink eyes.

Wha- Yao Lian was startled to see that her paralyzing was not working on Zhao Tian.

He spoke in intrigue "Hmmm, your eyes have the power to paralyze and you charged at me, thinking I was paralyzed."

Ning Xue was surprised "So that was the shock I felt and my body went numb at first."

She twisted her hand and tried to kick him.

However, Zhao Tian reacted quickly, delivering a forceful kick to her leg that disrupted her balance. In one fluid movement, he then grasped her wrist with a vice-like grip, effortlessly lifting her off the ground and hurling her into the air.

\*woosh\* \*thoom\* Yao Lian was sent crashing into three buildings as she rolled down on the ground spreading rubble in the air.

Zhao Tian turned to Ning Xue and saw her abdomen, which was reddened because of Yao Lian.

He reached out, his fingers grazing her belly button and she hit his chest playfully "Don't tease me, it tickles."

Letting out a chuckle, Zhao Tian used his light energy to heal her and Ning Xue closed her eyes, feeling the rejuvenating energy flowing through her body.

His gaze softened and he patted her head "You have really fought well, looking at the condition she was in."

Ning Xue showed a proud smile and nodded her "Of course, and by the way, she is from Yasheng high star. I don't know much about them."

"RAHHHH!!!!" Screaming, Yao Lian appeared in front of him in a flash, her eyes raging in anger as the pink energy swirled around her body in a chaotic manner.

\*flick\* Hm? Zhao Tian eyes narrowed as he saw three more Yao Lian hurling towards him 'Cloning?'

His blue eyes glowed faintly and he smiled in amusement "Illusion, heh."

Zhao Tian disappeared from his place and reappeared mid-air as he extended his delivery with a powerful kick to the real Yao Lian's face. \*thoom\*

Yao Lian was again blasted into the air obliterating the building, but she quickly recovered and howled "Awwuuuuuhhh!"

She then turned her gaze to Zhao Tian, her eyes sparkling with pink lightning. "How dare you kick this Queen?"

Upon hearing this, Zhao Tian let out a chuckle "Queen? If you are from a High star and still in the half-ste Emyreal stage... that means you are trash."

"A trash who can't even ascend to the Emyreal realm on her own and needs the Emyreal pill. So she is wrecking chaos in middle stars?"

Yao Lian's face contoured in displeasure upon hearing his words and seeing her expression, Zhao Tian smiled "Oh, was I right... I was just guessing."

Yao Lian clicked her tongue "You should be grateful to me. It was because of me that the star ascended."

"I didn't know those barriers were sucking up astral energy. I just broke them to release my beasts... but who would have thought."

"Along with the sudden spill of astral energy and the rush of energy given by this astral beast wave, it could even ascend a middle star."

Ning Xue's eyes narrowed and muttered under her breath "So, she was the one who actually released all the beasts."

Zhao Tian shrugged casually upon hearing this "Can't really be grateful to you. See all the chaos you have created."

"And ascending this middle star only brings more trouble... to this star."

Yao Lian squinted her eyes and waved her hand as pink energy suddenly filled her surroundings with small flowers sprouting in the air.

Zhao Tian had a thoughtful expression on his face looking at the pink energy surrounding him and Ning Xue like a mist 'Charm Hynotizing spell, along with illusion and bombs?'

Yao Lian clenched her fist in frustration and yelled in her mind 'Why my charm is not working on him? Ahhh....'

Ning Xue glanced at the small sprouts of flowers trembling around them and uttered "Tian..."

"Don't panic..."

\*boom\* \*boom\* \*boom\* Each of the flowers began to blast like mini bombs sending waves of astral energy into the air as the ground trembled.

\*swish\* A little later, the pink mist cleared and nerves popped up in Yao Lian's forehead, seeing that he and Ning Xue were still unscathed.

"Ahh, this bastard is really frustrating."

Yelling in frustration, the claws on her fingers condensed and she dashed towards him at her full speed, pink lightning sparkling on her feet.

Seeing this, Zhao Tian began to count "6"

"5"

"4"

"3"

"2"

"1"

In the next instant, Yao Lian appeared in front of Zhao Tian and thrust her hand, as her claws pierced through his stomach and came through the other side.

\*sleesh\* \*puchi\*

H-Huh? Yao Lian was surprised 'Why didn't he dodge or defend?'

Ning Xue's eyes shrank in utter shock seeing the crimson blood bursting from his body "T-TIANNNN!"

"0"

A sinister smile stretched across his lips as he mumbled...

"Prime time."

Chapter 393: A new kind of beast 4!

\*sleesh\* \*puchi\* Yao Lian's sharp claws pierced through Zhao Tian's stomach tearing his skin and muscles as blood gushed out of his abdomen staining Yao Lian's hand.

Huh? Yao Lian was taken aback as Zhao Tian didn't dodge or parry 'What happened?'

Seeing the blood splurting out from her gut, Ning Xue's eyes dilated in terror "T-TIANN?"

However, Zhao Tian was smiling as a mutter escaped his lips...

"Prime time."

\$#%&@

"Ahh, this bastard is really frustrating."

Yelling in frustration, the claws on Yao Lian's fingers condensed and she dashed towards him at her full speed, pink lightning sparkling on her feet.

In the next instant, Yao Lian appeared in front of Zhao Tian and thrust her hand, but Zhao Tian just smiled "Not this time..."

He swiftly caught her wrist and raised his leg, giving a low axe kick to her face and smashing her head to the ground.

\*thoom\* The ground cracked and a pained growl escaped Yao Lian's lips "Urghhhhh!"

Zhao Tian smirked in his heart looking at Yao Lian who was smashed on the ground by his foot 'Good thing I could comprehend this time energy...'

'I am sure this is how the First Honoured One also learned to manipulate this time energy and created that artifact. I wonder how many years it took for her to comprehend this and create an artifact of that level.'

'For now, I can rewind time for like 6 seconds... But I couldn't go back 6 seconds when I am already in a 6 seconds rewind.'

'If I could do that, I could even go back in time for hour, a day and weeks... that would just be a broken ability.'

During the space distortion and ascension of this planet Earth, Zhao Tian not only comprehended Space energy, he also learned this time energy in that time stopped world.

But for now, he can only rewind time for 6 seconds and the ability is prime time.

He just let Yao Lian hit him, so he could test this skill and see if it could recover even fatal injuries.

As Zhao Tian let go of her hand, Yao Lian quickly jumped behind, took some steps back and touched her face.

Looking at the blood staining her fingers, her gaze trembled "HOW DARE YOU, BASTARD! YOU HURT MY BEAUTIFUL FACE?"

Meanwhile, Zhao Tian frowned looking at his palm 'The moment I touched her wrist...'

He turned his gaze to Yao Lian and saw the rage burning in her eyes "Did you just suck some of my life energy when I touched you?"

*\*SWOOOSSHHH\** Suddenly pink astral energy burst out from Yao Lian's body as lightning crackled around her, trembling the atmosphere.

*\*flick\* \*flick\** Numerous pink orbs appeared around her crackling with lightning and in the next instant, they were shot towards Zhao Tian and Ning Xue.

*\*swish\** Zhao Tian disappeared from his place as a sword appeared in his grasp.

*\*slessh\** He maneuvered the sword in his palm as the blade sliced through the pink orbs cleaving them into two.

Yao Lian opened her mouth as pink energy condensed around in front of her lips and as Zhao Tian closed near her, a pink barrier surrounded her to protect her until she charges her beam.

Zhao Tian smiled upon seeing this and as his fingers touched the pink barrier, the space fabric began to break and twist with his force.

*\*treek\** The pink barrier shattered to pieces by his touch and Yao Lin getting frustrated by this, shot the beam from her mouth.

*\*feen\** Looking at the incoming beam, Zhao Tian stretched his left hand and blocked the pink beam with his left hand.

Feeling the energy, Zhao Tian frowned slightly 'Her powers have been boosted. I see, so she burned her life energy to gain such strength.'

'But in the end, this beam contains lightning and as the Archon of elementals, the elemental attacks won't hurt me... only the astral energy does.'

As the beam dimmed, Zhao Tian looked at Yao Lian who was taking heavy breaths with her face all sweaty.

Zhao Tian retracted the sword back into his storage ring and walked to her "That's what happens when you burn your life energy by straining your body."

As he walked closer to her, a sudden pink orb was shot towards him. \*swish\*

Zhao Tian reached out, grasping the orb in his hand and crushing it between his palms as it shattered to pieces.

\*Haah\* \*Haah\* Yao Lian took quick breaths as her eyes flickered with lightning 'What is he? That woman has Emyreal flames... but he is still on the same stage as me and still.'

'I will just escape from here...'

\*SWOOOSHH\* Yao Lian began to burn her life energy even more and this time, even pink flames began to form around her body.

Glancing at the enormous outburst of life energy, Zhao Tian was surprised, his hair fluttering in the air.

Ning Xue was dumbfounded to see the chaotic energy and mumbled "I might have lost if she used this power against me."

The swirling flames around her burned with ferocity as they began to dance around her and form a huge phantom.

The phantom grew 30 meters tall and appeared as a gigantic fox with a long tail.

"Oh..."

Raising his head, Zhao Tian glanced at the fox and saw Yao Lian running away from there in the corner of his eyes.

\*flick\* He teleported in front of the fox and pulled back his hand as a dark glint flickered through his eyes.

\*swish\* Dark flames consumed his fist and he threw a punch at the phantom fox's face.

\*thoom\* The phantom was blasted away in the air and seeing this, Yao Lian clicked her tongue in annoyance "Can't even keep him at bay..."

\*flck\* Zhao Tian appeared before and he reached out, gripping her neck.

"Wha-" Yao Lian was taken aback, gazing into his cold blue eyes 'He is faster than me? Urghh! The time is over...'

\*swish\* Suddenly her body disappeared and Zhao Tian was surprised to see the small pink fox floating in front of him.

Huh?

Chapter 394: A new kind of beast 5!

\*flck\* Zhao Tian appeared before and he reached out, gripping Yao Lian's neck.

"Wha-" Yao Lian was taken aback, gazing into his cold blue eyes 'He is faster than me? Urghh! The time is over...'

Hm? A frown crept over Zhao Tian's face as he felt the grip on her smooth neck slip away and her body suddenly disappeared.

The fox's fur shimmered softly, catching the light in a way that made it look almost magical.

Huh? Zhao Tian was surprised to see the cute little fox with pink fur floating before him.

"She... turned into a fox?"

Ning Xue also came running towards him and saw the pink fox levitating in front of him "Tian... what happened to her?"

Zahra Ashante who was on the sidelines, also came there and glanced at the pink fox "Ehhh? This bitch turned into a fox."

Zhao Tian slowly lifted his hand and gently cradled the delicate fox in his palms, feeling the weightless body of the sleeping fox.

Frowning, Zahra Ashante spoke "Tian, now is the right time... snap its neck and kill it so it won't cause any more problems."

-- What? Ning Xue stared blankly at Zahra Ashante. "Zahra, what the hell are you saying? To kill that woman?"

Zahra Ashante pouted her lips and replied "This cunt almost killed me, Yu Hua and you.. Sister Xue. It is dangerous to leave it alive like this."

"See, I am sure... even now this bitch is pretending to be asleep and acting cute, so we won't kill her."

Zhao Tian blinked his eyes and glanced at the sleeping fox in his palm. He gently used light energy and noticed there was only a bit of life energy left in the fox's body.

With a sigh, Zhao Tian spoke "She is really unconscious. She is not sleeping... she has burned out her life energy."

Wha- Zahra Ashante was taken aback "She burned her life energy? Doesn't that mean... she is almost dead now?"

Whenever a cultivator ascends to a new stage, their life energy increases which means their life span increases and they can prolong their youth for a longer period of time.

So burning this life energy essentially means burning your years of life for an instant boost of power.

Zhao Tian shook his head "No, she is not dead... When I grabbed her wrist, she absorbed my life energy. Maybe she can suck other people's life energy, that's why she is boldly burning her life energy."

At this time, Ning Xue also remembered, "Tian... At the start, she looked like a mature woman but later on, during our fight, she suddenly became younger..."

"And now, she looks like a fox."

Zhao Tian raised an eyebrow upon hearing this "Then, there must be some way she can regain her life energy."

Ning Xue had a frown on her face as she spoke "Tian... you bring her back to the artifact and the artifact will give her the black tattoo which will make her a slave to you and obey your commands."

"Since she is like a beast... ask Sister Shenxi if there are any beast-tame techniques too."

Zhao Tian nodded his head and uttered "I also thought of that..."

As he spoke, he turned his eyes and saw that Zahra Ashante was thinking about something. "What are you thinking, Zahra?"

Zahra Ashante let out a sigh "No, it's just that a sudden thought came into my mind."

Hearing her serious tone, Zhao Tian and Ning Xue narrowed their gaze "What is that, Zahra..."

"That... how would it taste if we roasted that fox and ate it?"

HUH?

HUHHHHHHH?

\*gik\* Ning Xue shivered in fear and raised her hand bonking her head "What the hell are you actually thinking? You damn idiot."

Zahra Ashante was taken aback and rubbed her head in mild pain "W-Why? it is also a beast... We can eat it?"

"No, No, No.. Are you out of your mind?"

Zhao Tian face palmed himself and shook his head helplessly. 'How did she become my woman...?'

But he couldn't help but chuckle in his heart amusedly as he found her aloofness cute.

He walked to her and pecked her lips "You can't eat her..."

Zahra Ashante instantly smiled and nodded her head as she tried to hug him.

But since the fox was interfering with her hug, she grabbed the fox and yeeted it up in the air "Hahah, Tian... now hug me..."

-- huh?

Ning Xue hurriedly jumped in the air and caught the fox in her hand "You bitch!"

Zhao Tian smiled dryly in his mind 'She is one hell of a crazy woman...'

"Tian..." Zahra Ashante hugged him tightly, snuggling her face around his neck.

Seeing her beautiful face, he sighed faintly in his heart and kissed her forehead, his fingers caressing her cheek.

Nestled in his warmth, Zahra Ashante's eyelashes fluttered and a smile stretched across her lips, happiness washing over her heart "Tian... I lo- WRAGGHHHHHHHH!!!"

Suddenly, a chilling and piercing cry from a beast reverberated through the air, causing her to jolt in surprise and Zhao Tian turned his gaze to the astral beasts in the distance running here and there.

"It seems like this woman was guiding them all along. Now that she is unconscious, they are running in confusion causing chaos."

A green glint passed through Zahra Ashante's eyes and her lips twitched in annoyance "You fucking astral beast."

She pulled herself from the hug and dashed up high in the air, as twin green daggers appeared in her hand.

"How dare you ruin my peaceful moment with Tian!"

With a fierce yell, she hurled herself towards the ground, her wind energy erupting in powerful bursts that tore through the astral beasts surrounding her, leaving the ground shattered in her wake.

Ning Xue could only shake her head "Is she pissed? Well, glad she is motivated to kill the beasts."

Zhao Tian walked near her and took the fox from her hand as he planted a kiss on her lips "Now, you go and help the others kill the beasts."

"I will take this to the artifact."

"En."

Chapter 395: A new kind of beast 6!

\*swish\* Zhao Tian appeared back in the artifact with a cute pink fox sleeping in his hand and as he disappeared again, he reappeared in the living room of the mansion.

He let out a sigh in his heart. 'I should finish those space runes soon...'

Hm? Xia Shenyi, Chi Shui and Fei Ziyu, who were sitting on the couches were startled to see Zhao Tian's sudden appearance.

Chi Shui placed a hand on her heart, which was beating rapidly in shock "I still haven't used to Brother Tian suddenly appearing like this. You almost gave me a heart attack..."

Zhao Tian smiled wryly "Sorry for that."

Meanwhile, Xia Shenyi stood up from her seat and glanced at the fox in Zhao Tian's arms, her eyebrows narrowing in thought.

"Hm... this is..."

Chi Shui and Fei Ziyu also quickly stood up, surrounding him as they looked at the fox curiously.

Seeing the pink fox, Chi Shui's excitement bubbled over and she couldn't contain herself. "Brother Tian... it's so cutttteeeee! Can I hold it? please, please,please..." she exclaimed eagerly.

Zhao Tian showed a warm smile and placed the fox on her arms "Here..."

"Wahhhhhh, its so soft..." Chi Shui giggled happily and Fei Ziyu also peeked to see the fox.

She also wanted to pat this cute little being but she held back her urges because she didn't want to look like a child in front of Zhao Tian.

Chi Shui quickly hurried over to the couch and sat down, placing the fox carefully on her lap. She began to pat its head gently, her fingers moving softly through its fur.

With a slight cough, Fei Ziyu also sat beside her to admire the fox.

Smiling gently, Zhao Tian hugged Xia Shenyi and pulled her, making her fall into his arms "Shenyi..."

Xia Shenyi placed her hands on his shoulder and asked in a confused tone "Tian, that fox... is from High Star?"

With a nod, Zhao Tian spoke "She was the one who actually broke the barriers and has also been guiding the astral beasts to attack the human cities."

The frown on Xia Shenyi's face deepened "So it is actually a woman turned beast. Judging by the looks, she is surely from the Yasheng high star, well... I don't know much about that star."

Yasheng High Star... That is not one of the six apex high stars, Zhao Tian mumbled in his heart.

Xia Shenyi rolled her eyes "Since you said that it is controlling all the astral beasts, then the woman who turned into a fox must be from the royal family of the Huadi Empire."

Hearing this, Zhao Tian got curious and asked "Royal family of Huandi Empire?"

Xia Shenyi nodded her head "En. Only the royal family of Beast Empires on the Yasheny star can control other astral beasts and since she is a fox, she must be from Huandi Empire."

Zhao Tian was amused and glanced at the cute fox sleeping on Chi Shui's lap "Then, there are many other beast women like her?"

Nodding her head, Xia Shenyi continued "Yeah, there are. There are even dragons... hmm, if memory serves right, the Jinlong and Huandi Empire were on bad terms."

"Not only that, Freya should know more about that star because in the past, the Jinlong Empire of Dragons and the Elven Star had some conflicts."

"Well, that was like 2000 years ago. I don't know what's happening in that star right now."

"I see..." Zhao Tian muttered under her lips, contemplating the things he heard.

"And Shenyi, be careful of her if she ever wakes up... she can suck other people's life energy."

Xia Shenyi was amused to hear this "Now, that's interesting. Well, she is just in Half-Empyreal stage, so I can handle her."

"And since she came to the artifact now, she should have already gotten the black tattoo. She is already your slave."

At this time, Zhao Tian remembered something and asked "By the way, can I tame her?"

Xia Shenyi's gaze squinted "Well you can tame her and can even use her as a beast summon. But since she is already your slave now, I don't think you would need to do that."

"i see."

Xia Shenyi spoke as she glanced at the fox "If she is here, the beasts she was controlling... they must be wreaking havoc out there."

"Haah, yeah.. I need to go and kill of them before they even spread."

Xia Shenyi moved forward, taking his lips in a soft kiss and Zhao Tian too, readily reciprocated the kiss, tasting the fresh texture of her velvety lips.

Pulling away from the kiss, Xia Shenyi's lips curved into a gentle smile "Well, you have already killed almost 50 percent of the astral beasts that spread on the planet with the help of all of the women."

"Only another 50 percent more, so you can do that by tomorrow."

"En..."

Meanwhile, Fei Ziyu's eyes were trembling as she gazed at the soft pink fur of the fox and the desire to stroke her tail appeared in her mind.

But she stayed silent, just looking at the chubby fox.

Chi Shui who noticed her looking at the fox suggested in a gentle tone "Here, Sister Ziyu... you can keep it for a while."

Fei Ziyu hurriedly shook her head "No, No.. I don't want to... and please don't call me Sister.. i uh..."

Chi Shui was confused and tilted her head "But you are brother Tian's woman and you are an year older than me. So how can I not call you as sister."

Fei Ziyu's head dropped and she lowered her gaze, her heart clenching in pain "W-Well,"

"Ziyu..." Zhao Tian walked to her and patted her head gently as an embarrassed smile appeared on Fei Ziyu's lips.

"Why are you hesitating, You can also pet the fox."

Seeing this, Xia Shenyi was dumbfounded and she couldn't help but smile wryly "You turned that into a pet now?"

Zhao Tian turned to her and spoke "Well, if that fox behaves well... we can keep that as a pet. I am sure, others won't disagree either."

Xia Shenyi let out a deep sigh "I am sure the women will agree, but the fox behaving obediently? I doubt that... Since she is a royal, she would naturally be arrogant."

"Well, we can see once she wakes up."

...

One more day passed-

Zhao Tian along with his women has exterminated all the astral beasts that were spread from Zhenzhu

Chapter 396: Feeling distant?!

\*sleesh\* Yu Hua's sword cleaved through the air as the sharp blade sliced through the neck of the astral beast, which looked like a hyena in purple color.

\*thud\* Its head rolled down on the ground and Yu Hua swung her sword as the remaining blood splattered from her blade.

\*swoosh\* At this time, Zahra Ashante came there and landed beside her on the pile of astral beast corpses

"Is that the last one?"

Yu Hua nodded her head and glanced around at the demolished buildings with blood splattered around with the astral beast corpses.

"I don't sense any other astral beasts in the vicinity."

With a smirk, Zahra Ashante rolled her arm around Yu Hua's neck pulling her closer "And bitch, how many beast you kill?"

Yu Hua let out a sigh and replied "I lost count after a while.. what about you?"

Zahra Ashante rolled her eyes and replied "Maybe, 60 thousand?"

Upon hearing this, Yu Hua's lips twitched "Damn bitch, the total number of astral beasts is around 50 thousand..."

"Ah..." With a slight cough, Zahra Ashante replied "Maybe six thousand?"

"Pfft...." Yu Hua couldn't help but laugh at Zahra Ashante's silly face and Zahra showed a cheeky smile.

"Hehehe..."

\*swish\* Ning Xue floated there and saw the banter between them.

Her gaze softened and a sigh escaped her lips "Even though they bicker at each other all the time, they get along very well."

She then turned to the astral beast corpses and waved her hand as a swirl of golden flames ignited the remaining astral beast corpses.

\*thirsssh\* Looking at the burning corpses, Yu Hua and Zahra Ashante turned their heads to Ning Xue.

A frown crept on Yu Hua's eyes and she spoke "I think... humans won't come to this place anymore."

Ning Xue nodded her head "En, Sister Shenyi already talked about this... the place where astral beasts spread like some parts of China, Mongolia, Russia and Korea along with Japan..."

"There should be more astral beasts appearing in the future now that the planet has ascended to a high star and the concentration of astral energy has been increased."

"Tian has also talked with the world leaders to not renovate the beast-prone areas anymore and let it be."

A sigh escaped Yu Hua's lips "The cultivators on the planets will also break through to the Emphyreal realm in the future."

Zahra Ashante chimed in and asked "By the way, where is Tian?"

"He is with Suyin and others, clearing the other areas."

...

"Hngh~! Tian'er..."

Pushing Zhao Ying onto a building wall, Zhao Tian kissed her lips and Zhao Ying too passionately wrapped her arms around her Little brother's neck to pull him closer.

Zhao Tian gently sucked on her lips as his hand wandered down from her neck, traveling to her waist.

"Ying'er..."

Their hot breaths mingled and Zhao Ying closed her relishing the tender sensation of his gentle, affectionate kisses on her soft, pink lips.

"Tian'er..."

Zhao Tian's lips moved from hers, tracing a path down her jawline, his kisses growing more fervent as he found the sensitive spot on her neck that made her gasp.

"Hmng..." Her eyelashes fluttered, her fingers gripping his hair tightly as he savoured the taste of her skin.

He pressed a lingering kiss against the sensitive skin there, letting his lips explore the curve of her neck with slow, deliberate movements.

Zhao Ying tilted her head slightly, giving him better access, her breath catching in her throat as he lavished attention on the spot that sent shivers down her spine.

With a flutter, Zhao Ying's eyes opened and a soft sigh escaped her lips as she hugged him tightly  
"Tian'er..."

Hm? Feeling her tight hug, Zhao Tian placed another kiss on her neck and asked "Got something on mind, Ying'er?"

Zhao Ying's eyes trembled and she spoke "Recently.. I don't know why... but I feel distant from you."

Huh? Zhao Tian was perplexed and retracted his lips from her neck as he gazed into her pink eyes.

"Distant from me?"

She leaned onto him and softly kissed his ear "En, Tian'er... in the past, there are only three of us, me, you, and Mom... but now there are a lot of sisters."

"Just like 3 or 4 months ago, you showed all of your attention to me... always spoiling me and cuddling with me."

With a giggle she continued "I also had dreams of marrying you and having a family with you and all... raising kids, sending you off to work..."

"But in just a few days.... the course of our daily lives changed drastically... and see us now, we are here, killing off some beasts to save the world."

"Now... you are spending most of your time with other women and I uh.. suddenly feel quite distant, that you are drifting away from me..."

Upon hearing this, Zhao Tian let out a soft sigh and Zhao Ying pecked his lips "Well, don't take it to heart... it's just that I missed you a little."

Zhao Tian shook his head gently and replied in a soft tone "Ying'er, when I say I love all of my women equally... it surely is a lie. A beautiful lie..."

"Feelings can't be manipulated to love everyone equally, there are some people special to me... very close to my heart."

He raised his hand, gently grazing her cheek as he uttered "I know this will hurt others if they heard this... and I know I shouldn't say this... but in truth, I love you and Mom more than others."

"For sure, I love all my women... but you and Mom are...."

Zhao Ying's eyes trembled and happiness washed over her heart as she hugged him even closer "Well, it can't be helped, Tian'er... they have been with you only for months now..."

"Their bond with you will grow stronger over time and there will come a time, when you will love all of us equally...."

Zhao Tian's eyes softened and he nodded his head "I hope..."

...

Meanwhile, Qian Shi who was sitting on the throne above in the sky overheard their conversation and was perplexed "His Mother and Sister are his... lovers, huh?"

"Huh? But that 'woman'?"

Chapter 397: The aftermath of the tide!

"And with that... the astral beasts in this world are perished."

Joshua Brown, the Secretary general of the UNO addressed the round conference with a smile as he stood in front of them.

"This is all thanks to the efforts of Mr.Zhao Tian and all the other cultivators in the field."

\*clap\* Everyone in the round conference stood up and clapped there hands in unison appreciating Zhao Tian's efforts.

Zhao Tian just showed a faint smile and sat there silently.

As everyone began to settle down, Joshua Brown continued "We are still using our military drones and aircraft to monitor the beast-prone areas to make sure that every beast was killed."

"And as per Mr.Zhao Tian's request... we won't renovate the places which were destroyed in this Astral Beast Tide."

"Mr.Zhao Tian hopes that in the near future, astral beasts will emerge in this forest because of the high concentration of astral energy on this planet."

The president of France raised his hand and asked "Then... we won't be attacked by the new astral beasts which will be appearing?"

The others were also clueless as they had the same doubts.

Joshua Brown nodded his head and replied "Mr.Zhao Tian has reassured us that he will be placing a stronger barrier this time just like the last one to prevent the astral beasts from venturing out from that place."

The American President Brenden Smith scoffed and spoke in a mocking tone "I hope at least this won't break like the last time. Hahaha..."

He laughed expecting others to join with him but the others were just silent and Brenden Smith coughed to hide his embarrassment.

One of the world leaders spoke "Well, I think we can trust Mr.Zhao Tian, without him.. we could not have cleared this world-level threat."

With a nod, Joshua Brown spoke "This Astral Beast Wave and the revelation of cultivators would surely go down in the human history... and I am sure we can see Mr.Zhao Tian's name in it."

Eh? Zhao Tian smiled dryly in his heart and everyone in the room once again stood up to clap their hands.

The Ombudsman of China leaned down and whispered "You are a global sensation now... you got really so popular."

Zhao Tian rolled his eyes as he thought in his mind 'Well, I won't be staying in this star more...'

Joshua Brown spoke with a slight smile "And with that, we will also be building a grand statue of Mr.Zhao Tian made of pure gold in the capital of China to appreciate his heroic deeds."

What the fuck? Zhao Tian was taken aback and raised an eyebrow as he turned his gaze to the Chinese president who was standing beside him.

Wang Hui showed a smile and said "Don't worry, we shall create a heroic pose for you."

-\_- Zhao Tian smiled dryly and asked "Do you have the funds for the compensation of the loss you suffered? Why do you have to waste funds like this?"

Wang Hui added "I am not the only one funding this. Every world leader around this planet is investing in this grand statue of yours."

Eh?? Zhao Tian blinked his eyes and turned his gaze to look at all the world leaders who were smiling at him.

Letting out a sigh, he spoke "Do whatever you want..."

Joshua Brown smiled happily and spoke "Now, that we have Mr.Zhao Tian's recognition, we can start our work by tomorrow."

Wang Hui nodded his head and spoke in a proud tone "I have already called for the best engineers around China to build this statue. He is from our nation after all, so we got to give him the respect."

"There are also ideas for creating a new money bill and printing it with Mr.Zhao Tian's face in it. Of course after getting his recognition."

H-Huh? Zhao Tian was totally taken aback "Aren't you guys going too far."

The Ombudsman chuckled faintly and spoke "He is just trying to use your name... you are so popular around the world, so doing something for you will make people think positively about him."

"He is a cunning guy..."

Zhao Tian stared at Wang Hui blankly and he panicked "No, Mr.Zhao Tian... I am also doing this with good intentions. Believe me."

Zhao Tian shook his head helplessly "You don't have to do that... money bill. In this situation, the future of this planet is critical."

"So we need to wait and watch, which high star people are going to invade here first."

Hearing this, everyone gulped in fear... thinking that their future would be on some random cultivators from the high stars.

Joshua Brown let out a deep sigh and spoke "We can't prepare ourselves to fight back and can only submit to them feels really pathetic..."

With a grumpy chuckle, the Ombudsman of China spoke "Welcome to the world of cultivation."

The others also let out a sigh and sat back in their seats.

Joshua Brown glanced at Zhao Tian and spoke "Coming to the main topic, Mr.Tian, we found something yesterday but we didn't inform you right away since you were busy killing the spirit beasts."

Zhao Tian was amused and raised an eyebrow "What is it?"

Joshua Brown turned his head and on the white screen behind him lit up displaying some people speaking.

Joshua Brown spoke "Well, let me say it in short... people are awakening."

"Awakening?"

With a nod, Joshua Brown explained further "Some of the normal people getting awakened into cultivators."

As Shenyi predicted, Zhao Tian thought in his mind.. because the concentration of the astral energy has increased, there will be more cultivators born into this planet.

When it was a middle star, the rate of cultivators are low compared to other middle stars because the barriers in the Zhenzhu are sucking the astral energy from all around the world.

Now that the barrier is broken and the planet is getting rich astral energy, people are evolving and awakening after bathing in the astral energy.

## Chapter 398: The aftermath of the tide 2!

People are awakening to cultivators...

Joshua Brown glanced back at the white screen and uttered "Suddenly some people were rushing to the hospital, saying that they could see some weird sparkles in the air."

"It is as if some energy is floating in the air and is going inside their bodies..."

"So we grouped some people who have the same symptoms to talk with them and found that what they are feeling is all similar."

"At first we were confused and quickly took the people into custody, wondering if any virus had begun to spread during the astral beast wave."

In the net image on the screen, Zhao Tian saw different normal people placing their palms on the affinity orb to check their affinities and they were glowing resonating with their affinities.

"But later we found that it is astral energy and people are becoming cultivators."

"We call them Awakened and we have issued a public order for anyone to come and meet their country's ACL if they have symptoms like this."

"The cultivators were also helping us in this."

Zhao Tian had a thoughtful look on his face and nodded "I see..."

Joshua Brown let out a soft sigh and continued "The other cultivators have also been helping us on this. Normal people were also confused about the whole thing when they knew that they were suddenly awakening as cultivators."

Zhao Tian gave a nod "That is to be expected... this is all new to them."

The Ombudsman of China spoke "People might also misuse these powers for killing and robbery... so we need to reconstruct many things in this world."

"It is really going to be a hassle..."

Joshua Brown nodded his head and spoke "We have created separate organizations for these new awakeners in each country..."

"They will look after these new cultivators and train them if they want to... and at the same time we need to catch the awakeners who misuse their powers and break their cultivation base."

"The other cultivation factions are helping us in this and I hope Zhezhu will also support us by donating some of their resources."

Zhao Tian gave a nod "Naturally... but don't overdo anything. Wait at least three months before taking any major steps."

Wang Hui raised an eyebrow in confusion "Why the three months?"

With a faint sigh, Zhao Tian replied "That is the time I have estimated for the High Star people to notice our planet and invade here."

"I have also placed an artifact which will detect if any powerful presence crosses through our planet."

Hearing this, everyone in the room was surprised and exchanged bewildered glances.

But they are also relieved in their hearts that Zhao Tian is also taking these things personally.

Joshua Brown bowed his head to Zhao Tian and spoke in a respectable tone "We will be relying on you again, Mr.Zhao Tian."

Zhao Tian raised his hand and spoke "You don't have to be that polite... Mr.Brown."

Joshua Brown showed a slight smile "But we all have to bow in front of power."

Zhao Tian could only sigh and the talks continued for a while.

...

\*creech\* A luxurious Rolls Royce is screeching through the roads, leaving people in wonder.

"Yessssss BROTHER TIANNNN vroom vrooommmmm." Sitting beside Zhao Tian on the driver seat, Ning Yueli yelled in excitement.

"Brother Tian, now turn to the left. Drift vroommmmm."

\*screechhhh\*

"Woahhh hahahaha...." Due to the inertial pull, Ning Yueli screamed in excitement, while Ning Zuye, who was sitting in the back seat, screamed in fear.

"TIIIAANNNN!! SLOW SLOW SLOWWWW!! AAAHHHH!"

\*screech\* Zhao Tian slammed his foot down on the accelerator, causing the car to surge forward and slice through the air with increasing speed.

After a while of driving, the car slowed down to normal speed and Ning Zuiye let out a sigh of relief.

Ning Zuiye jumped in her seat "Wahh, that was fun."

Ning Zuiye who was behind, moved from her seat and pinched Zhao Tian's ear "You little.. don't drive like that."

Zhao Tian let out a soft chuckle "Aunt Zuiye..."

With a playful smile on his lips, he gently grasped her hand and pulled her to the front "Come here, dear..."

"A-Ahhh wait wait Tian."

Zhao Tian pulled her to the front from the back seat and Ning Zuiye twisted her body comfortably while sitting on Zhao Tian's lap sideways.

With his one hand on steering wheel, he turned her chin with the other hand and kissed her lips  
"Aunt Zuiye..."

Ning Zuiye readily reciprocated the kiss and tenderly sucked on her lips.

Ning Yueli frowned slightly and commented, "As Sister Ying said, seeing your mother kiss your boyfriend does feel weird."

Ning Zuiye smiled dryly and raised her hands, wrapping them around his neck "So, Tian... where are we going?"

With a nod, Zhao Tian spoke "To meet Old man and his wife."

Ohhh! Ning Zuiye nodded her head as she already heard from Zhao Tian that he had arranged a safe place for them.

Meanwhile, Ning Zuiye's face turned grim "WAIT! I totally forgot about them... Ahhhhhhhh! How is Grandpa and Grandma."

With a chuckle, Zhao Tian spoke "Don't worry, they are alright."

\*sleech\* Soon, Zhao Tian's Rolls Royce pulled up in front of a small mansion, and when he opened the door, Ning Zuiye got out first, and Zhao Tian got out after her.

Zhao Tian walked to the other side of the car, opened the door, stretched out his hand, and said softly: "Come on, my princess."

"Hehe..." Giggling, Ning Yuelin took his hand and stepped out of the car.

"Brother Tian, how gentleman of you... you are opening a car for a woman."

Ning Zuiye couldn't help but chuckle upon hearing this.

"Hahaha..."

...

Meanwhile, at the same time, Qian Shi who was floating in the air smiled slightly at their banter.

However, a sudden frown appeared on her face and she muttered under her lips "What happened?"

She heard a female voice inside her mind "Master, someone has come to meet you."

The stars in Qian Shi's golden eyes glowed faintly and she saw through her domain, the 'Heaven's Gate'

"Tch.." She clicked her tongue in displeasure looking at the handsome man with short pink hair and four arms.

"Jiu Yang?"

Chapter 399: Scram away!

Qian Shi let out a deep sigh glancing at the handsome man and uttered in her mind 'Tell him to scram and I don't wish to meet him right now.'

The woman on the other end was surprised and spoke "But Master he is...."

Qian Shi rolled her eyes and spoke in a cold tone "He might be the ruler of the Astral Realm, but in my domain, he is under me... so tell him to leave."

...

Feeling the soft wind caress his face, a tall man was standing on the golden clouds, his gaze fixated on the enormous golden gates in front of him and the golden palace that lies after that among the fluffy clouds.

He has short pink hair and his eyes are gleaming as his four arms are crossed his chest.

He had a slight frown on his face and glanced around "I am in her domain and I... really feel my power decreasing."

As Jiu Yang stood there contemplating, the golden gates began to open and Jiu Yang showed a warm smile.

A gorgeous woman with long black hair and green eyes walked out of the gates, her piercing gaze fixed on Jiu Yang.

Jiu Yang chuckled keeping his smile "Oya, you are her disciple, right?... where is Q-"

"Master does not want to meet you."

Upon hearing this, the smile on the handsome man's face disappeared "Again?" he asked, his eyes narrowing.

The woman kept an indifferent face and replied "Yes, again and no matter how many times you come here... you can't meet her. She asked you to scram away."

A blue glint passed through his crimson eyes and with a \*flick\* he appeared right in front of the woman, intimidating her with his majestic presence.

The woman's body shivered in response but she stood unfazed and raised her head to look at the tall man.

A piercing, cold voice escaped his lips. "Say that again."

The woman didn't back off and replied keeping her nonchalant face "I said... Scram away."

Jiu Yang was amused and a slight frown etched his face "You have some guts, girl."

The woman just stayed silent and Jiu Yang spoke "Are you aware that I can burn you down to cinders now."

The woman, Long Yelan replied with a slight smirk "And you would need to face the wrath of my Master after that."

Jiu Yang's face darkened upon hearing this and he controlled his rage "That woman..."

Gritting his teeth in anger, he turned to leave 'If not for her name 'Goddess of Heavens' I would have already invaded her and killed her. Damn bitch'

'I still have use of her...'

Long Yelan glanced at the back of Jiu Yang and clicked her tongue in disgust "Why is he even obsessed with Master?"

"Men are always like this... scum."

...

Zhao Tian, Ning Zuiye and Ning Zuiye walked towards the door and pushed it open.

\*creek\* Already hearing the vehicle noise, Li Jie came out of his room and saw Zhao Tian and the other entering the home.

He smiled softly "Yueli, Zuiye."

Ning Yueli quickly rushed to him and bubbled in excitement "Grandpa, do you know what? I am Brother Tian's girlfriend now."

Eh? Li Jie was taken aback and glanced at Zhao Tian "Tian..."

Ning Yueli continued "Not only that, Mom too, she is also his girlfriend now."

WHAT? Li Jie was shaken to the core and his jaw dropped in shock "Z-Zuiye?"

As he looked at Ning Zuiye, she was embarrassed and averted her gaze, hiding behind Zhao Tian, showing a shy smile.

"I uh Father, I also liked Tian for two years now... so I just..."

Zhao Tian walked to Li Jie and wrapped his hand around his shoulder "Come on old man, won't you give your daughter and granddaughter to me?"

Coming out of his shock, Li Jie smiled dryly "I hope you would atleast leave my wife alone."

Zhao Tian laughed upon hearing this and turned to Ning Zuiye and Ning Yueli "You go and meet that Old woman, she was also worried about you."

"En, come on Yueli." Ning Zuiye pulled Ning Yueli and went into a nearby room.

Zhao Tian strolled to the nearby couch and Li Jie came, sitting beside him "So, the world's hot sensation Zhao Tian is in my home. I am proud of it."

Zhao Tian let out a soft chuckle and glanced at him "And what about you? Aren't you also an Awakened? I can see astral energy in your body."

With a heavy sigh, Li Jie nodded his head "Yeah, seems like I am a cultivator now."

Seeing his face, Zhao Tian raised an eyebrow "Aren't you happy, old man?"

Li Jie shrugged helplessly "How can I be happy, Tian... Even though I am a cultivator. I still can't cure my wife."

Zhao Tian sighed in his heart because Li Jie's wife has blood cancer which even healing pills nor his light energy can heal.

His gaze trembled as he spoke in pain "S-She is also counting her last days and every day when I wake up, I am in fear if she is alive or not."

Zhao Tian placed his arm around his shoulder and comforted him "Old man..."

Li Jie took a deep breath to control his overwhelming emotions "How can I live happily and extend my life with cultivation when my wife is dying, Tian?"

"So I decided not to become a cultivator."

Zhao Tian's heart clenched in pain because he could not just imagine any of his women dying, so he could somewhat understand Li Jie's feelings.

Losing your loved ones really hurts.

Li Jie let out a deep exhale "Well, I am happy for Yueli and Zuiye now that they are in your hands."

"I am relieved... to hear that."

Zhao Tian patted his shoulder "Don't worry Old man, I will surely take good care of them."

With a laugh, Li Jie spoke "You better, if not I would come to kill you no matter where you are."

"Hahaha..."

And with a lighthearted moment, their conversation continued.

Chapter 400: Yao Lian awakens!

While Zhao Tian and Li Jie were talking in the living room, a little later Ning Zuiye and Ning Yueli emerged from the nearby room.

Seeing them, Zhao Tian smiled faintly "How Is that old woman?"

Ning Zuiye nodded her head with a smile "She is good..."

Li Jie stood up from the couch and let out a sigh "I will go and ask the maid to prepare extra food."

"You three are having lunch here, right?"

Zhao Tian nodded his head "Yeah..."

Li Jie smiled and walked upstairs, where the maid was cleaning the floor earlier.

Ning Yueli hurriedly came and sat on Zhao Tian's lap, her hands finding themselves around his neck "Brother Tian..."

Looking at her troubled face, Zhao Tian gently wrapped her hands around her waist and pulled her closer "What happened, Li'er?"

Ning Zuiye also sat beside him and leaned on his shoulder "Tian.. can't we cure Mom's cancer?"

Letting out a soft sigh, Zhao Tian shook his head "If I could, I would have already done that..."

"But she has blood cancer and it is at a critical stage which even healing pills and my light energy can't heal."

Ning Yueli's eyes trembled and she hugged Zhao Tian's neck tightly "Then... she is going to die."

Sighing in his heart, Zhao Tian placed his arm around Ning Zuiye neck and spoke "Aunt Zuiye, Li'er... both of you stay here for a while with them."

Ning Zuiye smiled softly and pinched his cheek "I also thought of that Tian... I am glad."

She leaned forward kissing his lips and Zhao Tian reciprocated her kiss without hesitation, tenderly sucking on her lips.

Seeing them, Ning Yueli still felt kinda weird and stared at them blankly.

"Yes, Master. I shall prepare them."

Hearing a voice, Ning Yueli raised her head and saw Li Jie walking downstairs with a woman who was wearing maid's dress.

As the maid woman turned her head, she was taken aback to see the handsome man with long white hair and instantly recognized him.

"I-Is that Zhao Tian?"

Hm? Zhao Tian turned his head and looked at the woman who was rushing down the stairs with stars in her eyes.

"Mr.Zhao Tian.. I saw you in the news even today and you are the strongest cultivator, right?"

Ning Yueli smiled proudly and nodded her head "Yeah, he is... hehe."

Zhao Tian smiled dryly and nodded his head "Um, yeah..."

"Ahhhhh Mr. Zhao Tian... can I take a picture with you? My little son has been a big fan of yours ever since he saw you on the TV."

Not wanting to refuse her, Zhao Tian nodded his head and the woman quickly moved in front of him as she took the mobile from her maid uniform.

Seeing all of this, Li Jie shook his head helplessly.

\*click\* After clicking a selfie, she looked at the mobile screen as a huge smile spread across her lips "I can brag with my son about it. Hahaha...."

With a slight cough, Li Ji added "And you will be cooking for him now."

The woman was dumbfounded but at the same time excited "Yes, Yea... i will do that."

As the woman rushed to the kitchen, Zhao Tian glanced at Li Jie and spoke "Old man, Li'er and Aunt Zuiye would be staying here for a while."

Li Ji's smile softened and he nodded his head "En. She will also be at peace around them."

Ning Zuiye placed a sweet kiss on Zhao Tian's cheek and mumbled in his ear "We will come and set you during nights, Tian..."

"En."

...

Chi Shui was patting the pink fox, keeping it comfortably on her lap as Fei Ziyu and Fei Lingxi were sitting beside her.

"It has been more than a day, but it is still not awake." Fei Lingxi commented looking at the sleeping fox.

Chi Shui nodded her head "En, but it is still alive and Sister Shenyi also told to inform her if the fox wakes up."

As she spoke, suddenly the fox's body glowed in pink and its eyes slowly opened.

"A-Ahhhh, it is awake now." Fei Lingxi screamed and got up from the ouch.

Chi Shui hurriedly yelled "G-Go and call sister Shenyi."

At this time, Ning Xue who happened to be passing through the living room saw the fox and hurriedly walked towards it.

"Oh, she woke up?"

Chi Shui hastily stood up and placed the fox on the couch as she moved away "Sister Xue..."

\*swoosh\* As the fox opened its eyes, Ning Xue released her cultivation pressure on the fox and a cold mutter escaped her lips "Don't move an inch."

Yao Lian glared at her and clicked her tongue in annoyance 'I am in my weakest form, gr.''

Ning Xue turned to Chi Shui "Call Tian."

"Yes, Sister Xue."

As Zhao Tian stepped out of the small mansion, he felt his mobile vibrating in his pocket and reached out to take the mobile.

Seeing Chi Shui's name, he picked up the call and brought it near his ear "Shui'er..."

"brother Tian, hurry... that fox woke up."

Zhao Tian's gaze narrowed and he disappeared from there. \*swish\*.

...

Zhao Tian reappeared inside the living room and saw the pink fox which was pressed on the couch by Ning Xue's cultivation pressure.

Ning Xue smiled gently looking at him "Tian..."

Zhao Tian smiled back and uttered "Xue'er, go and bring Shen'yi."

"En."

As she left, the cultivation pressure disappeared and the fox jumped from the couch, trying to run away from there.

\*woosh\* However, the fox floated and settled on the couch under Zhao Tian's gaze.

"You are inside my artifact and you are already my slave now, so you are under my command."

Wha- The fox screamed in rage hearing his words "HOW DARE YOU!! I AM QUEEN! YOU MADE THIS QUEEN A SLAVE?!!"

Even though she was seething in anger, for the others' eyes it seemed cute and Chi Shui let out a giggle.

At this time, Xia Shenyi and Ning Xue also came there.
