

Honoured 401

Chapter 401: About Yao Lian!

Looking at the cute little pink fox, Zhao Tian let out a soft sigh and sat on the opposite couch.

At this time, Ning Xue and Xia Shenyi also came there and sat beside Zhao Tian.

Yao Lian glanced at the new woman and was startled 'Such a strong aura... Has she crossed the Empyrean realm?'

With a smile, Xia Shenyi spoke "So let's see what this little fox from Yasheng star has to say."

Chi Shui, Fei Ziyu and Fei Lingxi also took their seats.

Zhao Tian glanced into the fox's pink eyes and asked "What is your name and where are you from?"

Yao Lian scoffed and turned her head "Hmph as if I would say that- My name is Yao Lian and I am from the Yasheng High Star, princess of the Huandi Empire."

H-Huh? Yao Lian closed her mouth and was surprised 'S-So he was not joking when he said that I am his slave...'

Zhao Tian raised an eyebrow in amusement "So you are a princess..."

A slight frown creased Xia Shenyi's face "hm... That makes sense since you can control astral beasts."

The fox stood up on the couch and glared at Zhao Tian "You puny human. Take this slave seal off me or you will face my wrath!"

"Pfft!" Ning Xue couldn't help but chuckle hearing the fox's cute voice when it is angry.

Xia Shenyi leaned back on the couch leisurely and asked "What are you doing in this middle star."

"Ggrrr!" The fox shot a fierce glare at Xia Shenyi gritting its teeth but feeling Zhao Tian's gaze, she shrieked and curled her tail "Awoooo..."

Looking at this, Xia Shenyi giggled and said "Tian, it does look like she will be a good pet."

Yao Lian was embarrassed to death upon hearing this and looked at Zhao Tian 'Why has he made me a slave? What are his intentions?'

'D-Don't tell me... he wants my body?'

Chi Shui stood up from her seat and picked up the fox in her hand "Haha, yeah.. let's keep it as our pet."

"Grr!! I am not a pet I am the princess of-"

"There... there..." Chi Shui sat on her couch, placing Yao Lian on her lap as she patted her head.

Feeling her face squished by Chi Shui's soft hands, Yao Lian revolted, "D-Don't touch me with your filthy hands... waaawaw... my face."

Zhao Tian asked with a slight frown "You still didn't answer the question."

Chi Shui continued to pat Yao Lian as she spoke "I... ran away from home."

Ran away from home?

She continued "I-I am not that talented but my Brothers are geniuses, so... my family has spoiled them since my childhood."

"I somehow reached the Half Empyrean Stage with my own effort... but even though I am in a high star, I can't break through to the Empyrean Realm."

"Only geniuses can break through themselves, some use the Empyrean pill to forcefully breakthrough."

"H-However, my family didn't want to waste a precious Empyrean pill on a talentless Huli like me."

"So, in anger, I ran away from home."

Zhao Tian was quite surprised "So my guess was right..."

Yao Lian nodded her head "Yeah... SEE HUMAN, WHEN I GET OUT OF THIS SLAVE THING.. I WILL RIP OFF YOU TO SHREDS."

Zhao Tian pointed his finger at her "From now on, you should call me master."

Nodding her head, Yao Lian replied "Yes, Master... WAIT!!! WHY AM I ACCEPTING LIKE THIS!! I WILL KILL YOU HUMAAAANNN!"

Ning Xue had another doubt and asked "You mentioned yourself as a talentless Huli... what does Huli mean?"

Yao Lian glanced at her and replied "It is the name of our race, fox humans. I AM ANSWERING AGAIN WITHOUT MY OWN ACCORD."

Hearing her scream, Chi Shui let out a soft giggle and spoke "Your voice is cute even when you are angry, Lian'er."

Yao Lian turned to look at her and commented "You little girl, why are you calling me like that. Call me with respect... I am the princess of-"

"Okay... Okay..." Chi Shui mumbled and began to play with her soft ears.

Yao Lian's eyes fluttered as she felt a delight sensation when she played her ears and muttered "That is a delicate zone... be careful."

Zhao Tian asked "So you ran away from your star and came to this middle star?"

Yao Lian glanced at Zhao Tian and nodded her head "En. This is the second middle star I came to kill my time. In the previous middle star too, I caused conflicts but soon got bored and left the star."

"This middle star is so much different from the previous star with cultivators on one place and normal people on other side."

"So I let out those astral beasts to cause some commotion for my fun."

"AAHHH!! WHY AM I REPLYING HONESTLY!"

Huh? Ning Xue stood up from her seat and uttered in anger "You killed people for your fun?"

Yao Lian just scoffed and replied "I don't care about these humans anyway."

Ning Xue gripped her palm in rage as a cold glint passed through her eyes "Zahra was right... we should have killed this cunt and eat fox meat."

W-Wha- Yao Lian was taken aback "Fox meat? Y-You... I am the princess of-"

Ning Xue cut her off "I don't give a fuck. Tch, what kind of creature you are to kill people for fun? Are you letting out your frustration over your family on this middle star?"

Hearing her yelling, Yao Lian's gaze lowered and she stayed silent keeping her head dropped because she also knew what she did was wrong.

Ning Xue walked over to Chi Shui and grabbed the fox by her ears, picking her up "It is still not too late. We can still fry you and eat you."

Yao Lian panicked seeing Ning Xue's serious eyes "N-No, Don't do that... I am sorry.. I killed people..."

Yao Lian's eyes trembled as she felt the pain of being pulled by her delicate ears and tears welled up in her eyes "I am really sorrryyy waaaaaa."

Chapter 402: Life energy!

"Waaaahhh! Forgive me... I am really sorry."

Yao Lian screamed in pain, feeling her ears being pulled by Ning Xue.

For Huli species, the ear is the most sensitive and delicate part of their body.

Hearing her scream in agony, Ning Xue's gaze trembled and she let out a sigh as she took Yao Lian properly in her hands.

"You also tried to kill me, weren't you..."

Yao Lian replied "I-It's because you were killing my beasts and ruining my fun."

Nerves popped in Ning Xue's forehead "Ruining your fun?" she thought of snapping the fox's neck.

"I don't like people like you... who can't value life."

However, controlling her anger, she tossed the fox to Chi Shui's lap and went back to sit beside Zhao Tian, a grumpy look on her face.

Zhao Tian had a frown on his face looking at Yao Lian as he was also displeased by her ideology of killing people for fun.

He raised his arm and gently wrapped it around Ning Xue as he pulled her closer "Xue'er..."

Ning Xue hugged his neck and buried her face in his chest as he comforted her.

Yao Lian rolled her body on Chi Shui's lap and clutched her ears with her paws "Urgh, it hurts.."

Chi Shui pouted her lips and gave a bonk on her head "That's what you get for killing people. I didn't know that you were the cause of all that chaos. Hmph..."

Fei Ziyu and Fei Lingxi giggled in their minds as they found this fox cute.

At this time, wearing shorts and a t-shirt, Chi Miya came there and saw that they were conversing "Oh, the fox woke up?"

Zhao Tian glanced at her and patted his lap "Miya..."

With a soft smile, she came and sat on his lap as he wrapped his left arm around her waist.

Yao Lian glanced at all the women in the living room and muttered in his mind 'He has women left and right eh.'

Xia Shenyi rolled her eyes 'So she is a brat with absurd power...'

With a slight frown she asked "And what happened to you? Why are you now in this fox form?"

"Weren't you like a woman before?"

Yao Lian took a quick glance at Zhao Tian and feeling his gaze, her body trembled as she began to reply "T-This is our Huli Species' secret and this is an inherent power only for royal Hulis."

"We can burn our life energy for immense power for a short amount of time."

Xia Shenyi narrowed her eyes upon hearing this "Inherent power only to Hulis? But I am sure... there are many other techniques to burn your own life energy as a last-ditch effort."

Upon hearing this, Yao Lian nodded her head "Yeah, burning life energy is not something so rare... but sucking other people's life energy is."

Zhao Tian gave a faint nod "Yeah, I felt it when you sucked my life energy. So, you suck other people and restore your life energy?"

Yao Lian sat comfortably on Chi Shui's lap and nodded her head "Yeah..."

Ning Xue gently pulled her head from Zhao Tian's neck and asked "At first, you looked like a mature woman... but then you looked like a teenage woman, and then you turned into a fox. Is this all because of burning your life energy?"

With a nod, Yao Lian spoke "Yeah... that is because of that."

As they were speaking, Zhao Tian slowly slid his hand under the hem of Chi Miya's t-shirt and caressed her soft abdomen with his fingers.

Chi Miya giggled and turned her head, planting a kiss on his cheek.

Zhao Tian glanced down at her chest and saw her nipples perked on the fabric of her t-shirt.

Moving his lips close to her ear, he whispered "You are not wearing a bra?"

Chi Miya giggled and looked down at his lips "Well, you know they are quite big and it feels quite suffocating to wear a bra all the time."

"I see..."

Muttering under his breath, he pushed his hand upward inside her t-shirt, reaching her bountiful boob as he squeezed it within his palm "Then let me hold it for you..."

"Haha..."

Chi Miya giggled and a sudden moan escaped her lips, as he pinched her nipple. "Hmmmhgh~~"

Xia Shenyi smiled wryly to see him acting naughty when they were having serious discussions "What a pervert..."

Ning Xue didn't mind that much and again glimpsed at Yao Lian "So, now for you to restore your previous form, you have to suck someone else's life energy?"

Yao Lian tilted her head and spoke "Uh... yeah."

Ning Xue's lips twitched in frustration "So you have to kill to get that energy... Your whole being screams evil. Let us just kill you, so there will be no future troubles, right, Tian?"

As she turned her head to Zhao Tian, she saw him passionately kissing Chi Miya, his hands playing with her boobs.

"Hnngh~ Tian... kiss me more."

smooch Zhao Tian took sips of her delicate lips, tasting the velvety texture of her pink lips.

"Miya..."

Letting out a deep sigh, she raised her hand as golden flames flickered on her palm "Well, he will agree with me, so I shall just kill you."

Wha- Yao Lian was dumbfounded and hurriedly replied "Oi, Oi... I just need live energy doesn't mean I can only get from humans."

Huh? Xia Shenyi raised an eyebrow and asked "So you can absorb life energy from astral beasts too?"

Looking at her, Yao Lian nodded her head "U-Uh.. En. Not only animals... anything that has life energy, I can suck that energy to replenish my own life energy., like plants, birds, fishes...."

Ning Xue was quite surprised "No wonder, you were burning your life energy so casually... you can get them back easily."

"Yeah... so don't kill me."

Zhao Tian pulled back his lips from the kiss and glanced at Yao Lian "Well, now that you are here... you can stay here as my slave."

"You have to obey my every command... if not, I will kill you."

Yao Lian narrowed her eyes and revolted "I am the princess of the Huandi Empire and I need to act to your commands, huh?"

Hm? Zhao Tian's gaze squinted and she felt a shiver run down her spine as her head lowered "I-I shall Master..."

Even though she says that, she was fuming in her heart 'Once I gain my strength back, I will break out of his slave spell and run away from here.'

'Fighting him is dangerous... and there is that Empyrean Flame bearer too.'@@novelbin@@

'More than all of that, this new woman.. her aura alone is scary. So escaping is the best route.'

"Arghhhhh!!" But in the next instant, she felt a shock and her fox body twitched in pain.

"W-Whattt is h-h-happening?"

Hugging Chi Miya in his arms, Zhao Tian let out a chuckle "You must have thought about something which is against me."

Chapter 403: Enjoying life!

Hugging Chi Miya in his arms, Zhao Tian let out a chuckle "You must have thought about something that is against me."

Yao Lian was taken aback and her gaze narrowed "Then... if I thought something that is against you U-Urghhh.. I will get this pain?"

She gazed down at her paws trembling and clenched her jaws in agony 'M-My body... it is kind of going numb?'

Zhao Tian shrugged his hands and replied "Yeah, you have to acknowledge me as your master and have to apologize for the pain to wear off."

Yao Lian quickly nodded her head and closed her eyes 'I am sorry for thinking bad about my Master. He is my Master... ahhhhh.'

Feeling the pain wearing off, Yao Lian let out a sigh of relief and turned her eyes to Zhao Tian who was kissing Chi Miya.

'What is... his intentions with me actually?'

Pulling back his lips from the kiss, Zhao Tian glanced at her and spoke "So now you need life energy through some another source to restore your original appearance."

"I will arrange for that later."

Yao Lian tilted her head "Um, okay?"

Chi Shui stood up from the couch taking Yao Lian in her hands and did a 360 spin in the middle of the living room, playing with Yao Lian.

She stopped and glanced at Zhao Tian "Brother Tian, I can take her outside and play with her right?"

Without another thought, he nodded his head "Yeah..."

"Yaay!!"

Yao Lian squirmed her body in her arms "Oi!! I am not a pet... I am the princess of the-"

"Ok, stop it. It's hella boring to hear that again and again... Say something new."

-_- Wha- Yao Lian was stupefied and before she could say anything, she was taken away from the living room.

"Let's go and playyyyyyy"

As she left, Ning Xue let out a sigh and kissed Zhao Tian's cheek "Then, I will go and meet Big Sister. Right now, she is single-handedly doing things in Zhenzhu..."

Zhao Tian nodded his head and she disappeared from there with a smile.

Xia Shenyi also stood up and stretched her arms, "I am also going to take a nap. I am tired after researching... the Elven Artifacts."

She glanced at Zhao Tian and winked her eyes "If you need something, call me Tian."

She walked upstairs to her room and Chi Miya leaned forward whispering in her ear "Then... shall we fuck?"

She asked as she reached to the hem of her t-shirt and pulled it up, revealing her curvy breasts to Zhao Tian.

Throwing the t-shirt to the floor, she moved her body to sit on his lap facing him "Tian..."

Zhao Tian too gently grasped her waist and glanced at her beautiful skin, with her bountiful breasts.

Fei Lingxi and Fei Ziyu also silently stood up and left there, leaving them alone.

As she raised her arms to tie back her blue hair, Zhao Tian's gaze fell on her pristine armpit and he couldn't help but lean forward to kiss it.

"Hmnngh~" Chi Miya was surprised and a kittenish moan escaped her lips.

"T-Tian? Where are you..."

Gently holding her hand, he kissed her armpit and let out his tongue, licking her cute armpit.

Chi Miya's eyelashes trembled as she uttered in a soft tone "You pervert..."

Zhao Tian let his lips trail to her shoulder and rained her shoulder with kisses as she hugged his head with her left hand.

"Mngh Tian...."

Zhao Tian's hands traveled up to her chest, as he gently squeezed her boobs making her body melt in his embrace.

"Tian..."

"Miya..."

...

Zhao Tian and Chi Miya were cuddling on the bed with the quilt covering their bodies as they hugged each other closer in a cozy embrace.

ring At this time, Zhao Tian's mobile which was on the mobile stand rang and Zhao Tian raised his head to look at the mobile.

"Wait Tian, I will get it..."

She rolled on the bed and took the mobile in her hands to check who was the one calling Zhao Tian.

"Ah.. its Sister Zuiye..."

Zhao Tian gave a nod and spoke in a lazy tone "Pick it up."

Chi Miya answered the call and brought the mobile close to her ear "Sister Zuiye..."

"Tia- ah eh... Miya? Is Tian there?"

"Yeah Sister.. he is here."

"Tell him the lunch is ready..."

Chi Miya glanced at Zhao Tian and spoke "Tian, she is calling you for lunch."

Ahh! Zhao Tian remembered and nodded his head "Yeah.. tell her, I will be there now."

Nodding her head, Chi Miya spoke on the mobile "Sister Zuiye... he will come right now."

...

It was already evening and Zhao Tian walked inside the kitchen of the artifact and saw Ling Xin preparing tea for him.

His eyes softened and he leaned on the door rail as he watched his wife meticulously preparing tea for him.

Ling Xin also noticed him in the corner of her eyes and was pleasantly surprised "Husband..."

Zhao Tian walked in and hugged her "Xin'er..." as he raised her body from the ground and began to spin.

"A-Ahhh... no stoppppp Husband.. I am scareddd don't spin..."

"Hahaha..."

Laughing, Zhao Tian enjoyed the scared face of Ling Xin and a bit later, he stopped and slowly placed her on the floor.

But as her feet touched the floor, she couldn't control her balance as her head was still spinning and stumbled onto Zhao Tian's chest.

"Husband..."

A little later, the dizziness stopped and she sulked her lips hitting his shoulders "W-Why you... Husband... "

"Hahahaha..."

Zhao Tian enjoyed her cuteness and leaned forward to kiss her lips melting her silly anger.

Pulling back from the kiss, he gently tucked a strand of her pink hair behind her ear and Ling Xin pouted her lips.

"You always do something like this and then you do something romantic... and my anger is gone. You cheater."

Zhao Tian let out a hearty laugh and murmured in a soft tone "I love you, dear...."

Ling Xin quickly blushed and averted her gaze, her cheeks turning beet red "S-Stop doing that..."@@novelbin@@

Zhao Tian's eyes grew tender looking at the crimson blush on her cheeks "But your face looks beautiful when you react like that and couldn't stop teasing you...."

Looking into his eyes, Ling Xin smiled warmly "I also love you Husband..."

However, at this time, she looked at the stove and her jaw dropped "Noooo!!"

"T-The milk.. it overflow?! Now I have to start again... haah."

Zhao Tian blinked his eyes as he also didn't realize about the milk.

However, at this time, a piercing voice was heard through the artifact "MASTTTETRRR!"

...

At the same time, Ning Yueli sitting on the crouch was scrolling on her mobile but suddenly seeing a post, she was startled and showed the post to Ning Zuiye.

"Mom, Brother Tian is cheating on us."

Eh?

Chapter 404: Enjoying Life 2!

"Waaahh.. the milk..." Ling Xin whined looking at the overflowing milk and a sigh escaped her lips.

"MASSSTTERR!"

At this time, a piercing cry echoed through the artifact and Zhao Tian's gaze narrowed.

"Huh? Ziyu?"

flick Zhao Tian appeared in the medical garden within the artifact and glanced at the atrocity happening in front of him.

The pink fox is grabbing a plant, while Fei Ziyu is clutching her tail and trying to pull her away.

Yao Lian grimaced in pain "Urghhh, let go of me... you damn girl. If I suck this plant's life energy... I can quickly recover."

However, Fei Ziyu was persistent and pulled Yao Lian "N-No, you can't... I have been taking care of them so Master could use that."

"Masterrrrr!! Come here, HELP!!!"

Along with her, Yao Lian also screamed "WAHHH!! TAKE YOUR HANDS OFF MY BODY!! MASTERRR!"

-_- Zhao Tian stared at them blankly and saw that almost half of the medicinal plants had already withered. "Ziyu..."

Seeing him, Fei Ziyu let go of Yao Lian and because she suddenly released her body, Yao Lian rolled on the floor.

She shrugged her body and got up, dusting the soil from her body as she raised her head to look at Zhao Tian "This little girl is presumptuous enough to stop me from sucking the life energy of these plants."

"Master..."

Fei Ziyu's breath hitched as she sprinted across the courtyard, her vision blurred by the tears welling in her eyes.

She burst towards Zhao Tian, her face flushed and streaked with tears. Without a word, she flung herself into her master's arms, the sobs she had been holding back finally breaking free.

"Master..." she choked out between sobs, her voice trembling. "Yao Lian... she... she ate them! The plants... I took care of them for so long... for you... and now... they're gone!"

"Ziyu..." Zhao Tian patted her back and comforted her as he turned his gaze to Yao Lian.

Yao Lian scoffed and replied "I need the plant's live energy... so taking them from these medicinal plants is quicker than taking them from normal plants."

"But that girl was not allowing me to..."

Meanwhile, Fei Ziyu clutched onto his t-shirt tightly "Master... I am sorry, I was late to notice her eating away the plants."

Zhao Tian knew how Fei Ziyu was taking good care of those medicinal plants for him as he also heard from Chi Miya.

Feeling her trembling hands on his shoulders, his hands on her waist got tighter as he gazed over at Yao Lian.

gik Yao Lian's body twitched feeling his glare and she lowered her head in submission "Awoo..."

Zhao Tian closed his eyes and took a deep breath, his hands continuing to pat her back "Ziyu, don't worry... we can plant them again."

He felt a nod on his shoulder and even though Fei Ziyu was sad that her plants had been destroyed, a faint smile appeared on her lips feeling his warm hug.

Zhao Tian didn't let her go and continued to pat her. Fei Ziyu's eyelashes fluttered open and a bold idea appeared in her mind, as her hand traced back to his neck.

'Hun Xiang is also his slave... but she initiated the kiss and he didn't refuse her.'

She pulled her face from his shoulder and leaned forward to kiss him "Master..."

Closing her eyes, she took his lips in a tender kiss and Zhao Tian too, reciprocated the kiss.

-_- Yao Lian stared at them blankly as they started kissing out of nowhere and turned her head to the side.

'H-How shameless... Even when he was there, he was kissing and doing b-bad things to that woman.'

'S-So he is really after my body?'

Pulling back from the kiss, a soft smile stretched across Fei Ziyu's lips as she muttered "I love you... Master..."

But soon, embarrassed by her boldness, she buried her face onto his shoulder "Master..."

Zhao Tian smiled faintly since she was not sad anymore and Fei Ziyu raised her gaze, looking into his tender eyes.

Happiness washed over her heart as she realized, 'He has stopped hating me...'

He gave a pat on her head as he rubbed the tears from her cheeks "Don't cry anymore. we can grow the plants."

"En." she nodded her head and Zhao Tian spoke "Now, I will go and give her the life energy she needed."

...

As Zhao Tian and Yao Lian disappeared from there, Fei Ziyu clutched her palm and she couldn't control the growing smile on her lips.

At this time, Chi Miya, who just woke up from her sleep came there and saw that the medicinal garden is half gone.

H-Huh? startled, she hurried to Fei Ziyu "Ziyu, what happened?"

However, Fei Ziyu was in her dreamland as a wide smile was plastered on her face "Huehue, I kissed Master."@@novelbin@@

Eh?

...

swoosh Dashing into the air, Zhao Tian quickly appeared above a green forest filled with large trees and asked "How many trees like this will require for you to fill up your life energy?"

Yao Lian who was on his hand shrugged "Not much... M-Master... around thousand."

Nodding his head, he tossed Yao Lian in the air as she fell toward the ground "UWAAAHHHH!"

"You go and continue your work."

...

Zhao Tian was sitting on the shelf in the kitchen drinking his tea and Ling Xin was also beside him, his arm wrapped around her shoulder.

Sipping his tea, he asked "By the way, what is happening in your Sect? I see that you are always here."

Ling Xin nodded her head "Yeah, Chen'er is taking care of the Sect duties right now and others are also helping her."

"I see..."

"Ah now that I remember it Husband, Chao'er said that she is missing you... because she hasn't seen you lately in the Sect."

Zhao Tian nodded his head "Yeah, if I came to Zhenzhu, I would be mostly in the palace.. I need to go and meet Chao sometime."

"Yeah., do that..."

At this time, he raised an eyebrow "Oh, Yueli is here..."

"Brother TIANNNN!!!!"

Ning Yueli rushed inside the mansion and looked around "Brother TIAN! where are youuuuuu~"

Chuckling, Zhao Tian raised his voice "In the kitchen, Li'er."

Ning Yueli rushed to the kitchen and showed the mobile screen to him "Brother Tian, why are you cheating on all of us?"

Eh?

Chapter 405: Enjoying life 3!

"Brother Tian, why are you cheating on us?"

Eh?

Zhao Tian who was sipping his tea was dumbfounded looking at the picture of him and a beautiful western woman hugging each other so tightly.

His gaze narrowed in confusion "Who is she? I don't even know her..."

Ning Yueli pouted her lips and complained "Brother Tian... she is one of the popular actresses in America. Why didn't you say you were so close with her?"

-- Huh? Zhao Tian smiled dryly "Li'er, I don't even know her before this... This is the first time I am seeing her."

"It must be edited or created by Ai."

Upon hearing this, Ning Yueli nodded her head in understanding "Well, I believe in Brother Tian and both of you are so famous right now, so they will create things like this."

With an awkward smile she spoke "Truth to be told... uh, I saw some sexy pics of Brother Tian on the internet showing your sexy muscles."

W-What? Zhao Tian was weirded out hearing this and he could only sigh "This is also the cons of being famous."

"There is no privacy... and they are posting some pictures that aren't even real."

Letting out a chuckle, he patted her head "By the way, why were you searching for sexy pictures of mine on the Internet?"

Ning Yueli blushed quickly and with a slight cough, she spoke "That is... uh, my friends shared me in the group.. a picture like that."

"So, I was curious and searched for it online.. I got a ton of it."

Zhao Tian smiled dryly "That's really concerning. I have already told the world leaders to delete any of my personal information from the internet... and now this too.. haah.'

"Besides..." With a playful smile dancing on her lips, Ning Yueli reached out and grabbed the hem of his t-shirt as she rolled the fabric up.

"Hehe... I can see the real deal whenever I want." She said as she ran her delicate fingers over his robust abs.

Ling Xin couldn't suppress her chuckle and laughed out loud.

Smiling, Ning Yueli suddenly pulled up the hem of the t-shirt, and his hand stumbled as the tea spilled down from the cup he was holding.

"A-Ahhh... Sorry Brother Tian." Ning Yueli panicked and took two steps back.

'Prime time.'

Zhao Tian quickly reverted back six seconds.

!@#\$\$&

As Ning Yueli was about to pull up his t-shirt, Zhao Tian passed the cup to Ling Xin's hand and raised his hands for easier access.

"Hehehe..." Giggling, Ning Yueli pulled up the t-shirt from his body and Zhao Tian caressed his hair from his face.

Looking at his fabulous body, Ning Yueli smiled and reached out, touching his chest "This is the real deal... You are so hot, Brother Tian."

Zhao Tian smiled dryly and glanced at Ling Xin, who was drinking his tea.

Embarrassed, she hurriedly passed the cup into his hand "Here... Husband."

Taking the teacup, Zhao smiled at her while Ning Yueli was playing with his chest.@@novelbin@@

She hugged him, rubbing her face on his chest feeling the warmth of his skin "Brother Tian... hmmm..."

She raised her gaze from his chest and asked "Brother Tian, why don't you create a public social handle? That way, you can get a lot of followers."

Zhao Tian softly pinched her cheek "No, I don't want that... it's a hassle and it's not needed as we will be leaving this planet soon."

Ning Yueli was amused and asked "Then we are going to different planets and enjoy there?"

Chuckling, he patted her head "Yeah..."

"I need to find out about my real parents and need to reach the Astral realm. For that, I have to become strong... I also need to visit, Shenyi and Freya's stars on the way."

Ling Xin leaned her head on his shoulder and asked "But Husband... isn't that far away from here? As Sister Shenyi said.. you need an ark to travel long distances. How are you going to get it?"

Upon hearing this, Zhao Tian let out a soft sigh "I am still wondering about that. We need to find an ark to travel."

...

It was already night and with a tear in space, Zhao Tian appeared in the sky above a dense green forest.

Looking down, he saw that most of the tall trees in the forest were withered and lifeless.

flick He appeared on the ground and raised his head looking at the gorgeous, mature woman with long pink hair and pink eyes, with two fox ears on her head sitting on the branch of the tallest tree in the forest.

He arched an eyebrow in amusement because she is really beautiful in this mature body.

Yao Lian looked down and a sweet mutter escaped her lips "Master..."

flick Zhao Tian appeared beside her and sat on the branch, gazing at the full moon brightening the stars in the sky.

As the cool breeze caressed their faces, Zhao Tian asked "How do you feel now?"

A faint sigh escaped Yao Lian's lips as she muttered in a soft tone "I feel alright."

Eh? Zhao Tian was quite startled as he felt her personality had completely changed 'With her form, her personality also changes?'

"I see..."

As they were sitting there, the silver moon reflected on her pink eyes as she mumbled "You know what? Our star has two moons."

"Two moons? That's interesting..."

"En."

Both of them again went silent as only the chirping noise of the crickets filled the forest and breaking the silence, Zhao Tian asked "How did you come to this middle star?"

"You came by using an ark?"

Yao Lian nodded her head and spoke proudly "Of course, as the princess of the Huandi Empire.. I naturally had a majestic ark."

"While I was crossing the high star circle and entering the middle star circle, I was cornered by a group of space pirates and they attacked me."

"I burned my life energy and escaped from there. Then I started to wander the space with my remaining energy."

"I can't return back to my Star without an ark, so I wandered around in the middle star and found a star... I caused some chaos there."

"After that, to kill some time... I came here."

Chapter 406: Intruders?!

After hearing her story, Zhao Tian arched an eyebrow "Seems like these Space pirates are really troublesome out there."

Yao Lian curled her legs as she hugged her legs and nodded her head "Well yeah... They are a powerful organization and no one knows where the main headquarters is."

"So no powers in the High stars could wipe them out."

"Even though I ran away from my star... right now, I am stuck in this middle star. I am sure none of these middle stars are developed enough to build space arks for long-distance travels."

Letting out a sigh, she spoke, "When you break through to the Half-Empyrean stage... you can travel in space without getting yourself killed by the pressure."

"And reaching that stage in the middle stars is really hard. I was really surprised when I saw that woman on Half-Empyrean stage and even an Empyrean Flame in her hands..."

"But... after seeing that space artifact of yours, it makes sense how you and that woman break through to the Half-Empyrean stage."

Zhao Tian turned his gaze to the stars in the sky and asked "There are no space pirates in the middle star circle?"

Upon hearing this, Yao Lian shook her head "No... they wander around in the High Star circle and they don't care about middle stars as there are fewer resources."

"They are a problem even to the apex six High Stars."

Zhao Tian again glanced at her gorgeous face and thought in his heart 'So she can have a good conversation without showing her bratty side...'

Yao Lian took a deep breath and turned her head looking into his eyes "I... am sorry for what I did to this star. I was just having fun playing around... I didn't think much about others."

"Ever since childhood, I was all alone and only cared about myself. No one was there to give attention to me... well, there was my grandmother."

"Without her, I would have lost hope in my life a long time ago."

"Haah... maybe I was just frustrated that I can't return to my star and that's why I caused such chaos."

-- You don't know yourself? Zhao Tian looked at her blankly and spoke "It has already been done. So, don't whine about that."

"Well... because of you, now everyone in this star is aware of these cultivators and now that it has become a high star, this star will develop even more in the future."

Yao Lian shook her head and spoke "No... not necessarily. This is an opportunity and a curse."

"Your star is so weak right now and vulnerable and if any other High Stars or even Space pirates spotted it, you will be in big danger."

"Especially, the Space pirates... they have a wide range to pass information and they know anything major that is happening within the high star circle."

"So... I am quite surprised that they haven't invaded this star yet."

Zhao Tian gave a nod "Yeah.. I know that. That's why I have placed an artifact that will tell me when people invade this sta- *beep*"

Huh? A frown crept on Zhao Tian's face as he felt his space ring beeping and a blue beacon appeared on his palm.

Looking at the beacon shining in red, Zhao Tian's gaze narrowed and he raised his gaze looking at the sky.

"There are some intruders."

H-Huh? Yao Lian was startled "How... do you know?"

Looking at her, Zhao Tian replied "I have placed an artifact in this star that will detect anything foreign that enters 500 kilometers within the atmosphere of this star..."

"So... they are very close to this star."

Yao Lian muttered "if they are that close... then, I am sure, it must be the space pirates. We should leave here... They will take the whole planet under them and will treat the people as literal slaves."

"We should escape."

Zhao Tian's thought about it and shook his head "First let's see who it is."

Yao Lian gripped her palm in frustration "Then at least, let me go."

"No.. this is all happening because of you, so you have to stay here."

Yao Lian's lips twitched but what he said also made sense: "You can be a hero saving this precious star of yours from invaders. But I don't want to get caught up in this... please let me go."

Zhao Tian replied casually, shrugging "Hero? I don't want to be that... If situations get dire... I would also run away from here. Why should I face them knowing I can't win against them?"

"I only care about my family and women."

Yao Lian was confused "Then.. why do you want to go up there and look for the intruders?"

"I am just curious who came here. If they are from.. maybe a good star and wish for peaceful communications with us, we would be lucky."

...

feen Amidst the endless space, twenty specialized red arks are dashing toward the solar system where the Earth is situated.

One of the bigger arks was leading the front and inside that, a bulky man was standing in the control room, looking at the outer space through the window.

The man was wearing red and blackish clothes, with a red skull symbol on its back and the skull was wearing a black eyepatch.@@novelbin@@

He turned his cold eyes to the man who was standing next to him "Are you sure of the information?"

The man gave a nod "Yes Commander Caspian. We were sure of the information, because we even got a picture of the star."

"One of our members who were patrolling around that area saw a whole solar system there which should be empty space in this Luminara Nexus galaxy."

The Space Pirates won't stay in a single place and they have members in almost around all of the High Star circle.

It is not an exaggeration to say... that they have the map of the whole High Star circle and the galaxies in them.

The man, Caspian turned his eyes and looked at the Envisage shard, which was showing the image of a blue green planet with a single moon.

"Our members were cautious, didn't get close to the star and took this picture from a distance."

Caspian nodded his head and uttered, "That star surely looks plenty.. heh. We can get good loot."

"And what not, With this, I can even be promoted to be an Admiral. Hahaha!!"

Soon, the twenty arks inched to the planet and the blue green planet came into their view.

However, at this time, a melodious voice echoed through the space...

"Want to attack my darling's star?"

Chapter 407: Intruders 2?!

"Want to attack my darling's star?"

Hearing a melodious voice, the men in the space arks were startled and looked outside the space through the window.

"Huh? Am I the only one who heard that?" Commander Caspian muttered as a frown appeared on his face.

The man who was standing beside him shook his head "No.. Commander. I also heard that sweet voice of a woman."

Commander Caspian was quite surprised and sensed the space around him "I can't sense anyone..."

treak Suddenly all of the twenty space arks began to tremble and the cultivators in those arks were surprised.

"What is happening?"

"W-We don't know... the arks are not stable."

"Commander.. to the front... I can see something? someone?"

Commander Caspian turned his gaze to the front through the window and saw a beautiful woman standing in mid-space.

Her long silver hair cascaded down her shoulder, her eyes gold as the heavens, and a golden veil hid half of her face but she was wearing a pair of pants and shirt?

A smile stretched across her lips as she mumbled under her lips "It feels good to wear darling's clothes... I can smell him.. hehe."

"Now then, to clear some pests."

As she uttered, a cold glint passed through her eyes "Eyy... information surely passes quickly within your organization."

Commander Caspian was taken aback looking at the unparalleled beauty and his gaze narrowed "Who is she... and what is she doing here?"

The man near him spoke "C-Commander, I am afraid... the woman in front of us is at the pinnacle of the Empyreal Realm."

"She has such an intense aura..."

Commander Caspian's face turned bitter "That's... what I am also worried about. Should we just retreat?"

"We don't need to offend and slip away from here... like we were just passing by."

"Contact the headquarters and report to them about the situation and the star we found here."

"Y-Yes commander."

The man beside him quickly took a small red beacon from his space ring and pressed on the black skull button on top of it.

However, he was confused as the light on the beacon didn't turn on and he realized "Commander... our communication has been cut off."@@novelbin@@

What the-

He squinted his gaze to take a clear look at the woman who was standing at the distance in space "I shall go out and check who she really is..."

Qian Shi giggled softly and a sly smile appeared on her lips as she saw the main ark's door open and a man come outside.

"Oh.. you don't have to waste time like that. let me finish it off real quick."

Again hearing her melodious tone, Commander Caspian was startled and stopped on his tracks as he stood in mid-space.

flick In the next instant, a bright golden energy filled the space blinding their eyes and looking down at them, Qian Shi muttered...

"Everyone is under the Heavens... under me, except for him."

As the golden energy burst forth from her body, the space around her began to crack and crumble under her immense pressure.

The smile on her face widened, and her golden eyes glowed brighter "Let me show off a bit."

As she extended her hand, the space behind her began to cleave like a long line and it slowly opened as the enormous golden eye peeked out a little from the space rift...

Commanding the heavens itself for her power "Come forth the light of Heavens, armed for death and spears to play, till death do you part and forgive thy hearts."

"Eye of the Heaven."

FEEENNNN The space rift began to crack and the golden eye fully opened its eyelid, gazing at the feeble twenty space arks.

Is this the real Eye of the Heavens?

No, it's just a simple mimic of energy Qian Shi commanded the Heavens to acquire.

In her life, Qian Shi has seen the Eye of Heaven only twice. One was during her birth and the next was during the Earth's ascension.

"Now you shall perish."

No one knew what happened next and with a bright golden light, the arks were obliterated into nothingness, not leaving anything.

Qian Shi turned her eyes and at the corner of her golden eyes, she saw a small red ark which is half broken is trying to escape in a slow pace.

"Hmm.. You ejected yourself from the ark before I opened the eye."

It was Commander Caspian's right hand man, who escaped from the main ark as soon as Commander Caspian went outside.

The man pushed the engine on the ark and used manual controls to push his leg on the throttle.
"Ahh fuck this shit!!! WHAT IS THAT THINGG!! WHO IS SHE??"

No matter, how much he tried to increase the speed, he couldn't, as the ark is half destroyed and malfunctioning.

She nodded to herself "Well, I saw you escaping... but I won't kill you because your destiny lies in the hands of someone else."

Giggling, she turned to look at the two people who were dashing from the Earth and as she saw Yao Lian, she clicked her tongue.

"How envious..." she uttered as she disappeared from there.

swish Zhao Tian and Yao Lian dashed into the space and a blue energy covered Zhao Tian's body to not let his body rip in space pressure.

His gaze squinted as he saw a red glint in the endless space and Yao Lian who was beside him uttered "That's an ark... and it seems like one of those space pirates."

"But there is only one... Most likely they came for patrol work."

Looking at the ark which was half broken, dragging in the space, he took a silver bow from his storage ring.

Seeing him, Yao Lian was confused "What are you doing?? That ark is broken and looks like that guy is going away from here... Don't attack him. If he came out, we are dead."

But Zhao Tian didn't heed her and a blue arrow appeared on his palm.

He gritted his teeth, feeling the sheer pressure of the arrow and putting the arrow between the string, he pulled back the string.

His sharp gaze was fixated on the ark and *swoosh* as he let go of the arrow, it hurled through the space as a long streak of blue energy and...

BOOOOOOOMMM

Chapter 408: See you later!

The arrow shot through the void space as a streak of long blue energy and as it hit the red ark.

BBOOOOOMMM

The ark was shredded into pieces, creating a huge explosion as the rubbles of the ark scattered across the space.

WHAT? Yao Lian's jaw dropped looking at the destroyed ark, and she couldn't believe that he just obliterated an ark and killed an Empyreal Realm cultivator with just an arrow.

"What the hell? What did you do? Is it that arrow?"

With a chuckle, Zhao Tian spoke "You see, I have a wife who loves artifacts very much. She was so worried that I would get up in some danger with the High Star people so she gave me some of these Elven artifacts."

H-Huh? Yao Lian knows how precious Elven artifacts are because, among all of the High Stars, the Elves are the ones who can refine the most powerful artifacts.

There are rumors that even people from Astral Realm contact them to get artifacts.

"But... how did you get your hands on Elven artifacts in the first place?"

Zhao Tian just shrugged as he glanced at the shredded pieces of the ark scattering around in the space "I have my ways."

So you have no intention of saying it... Yao Lian started at him blankly.

His frown deepened as he spoke "You said that they were here for patrol work, right? These space pirates..."

"But that one's ark was like half destroyed?"

Hearing him speak, Yao Lian's gaze also narrowed "Maybe while they were passing through this star for patrol, their ark malfunctioned?"

"But it will be real trouble if he has already informed his headquarters about the situation and told them about this new star he found in the High Star circle."

"In a few days... they will come with their powerful people to plunder this star."

Zhao Tian's gaze narrowed in thought as he turned his eyes to the moon and looking at his face, Yao Lian asked "So you were not blindly coming here to check on them..."

"You already have some powerful artifacts to kill someone at Empyreal Stage... even though we don't know which stage that man was in... it is still impressive."

Zhao Tian gave a nod "You have to be cautious when you know you are the weakest in this High Star circle."

A soft sigh escaped his lips 'I have to cultivate to get even stronger, so I don't have to be afraid of anyone... and don't have to rely on anyone.'

At this time, he felt someone poking at his shoulder and he turned his gaze to Yao Lian "Hm?"

Yao Lian pointed at the flying thing around Earth and asked "What is that? I saw that when I first came here too."

Looking at the satellites slowly circling around the Earth, he spoke "Those are satellites."

"Ehhh, is that an artifact?"

-_- Zhao Tian gave a nod "Yeah, something like that."

Then she pointed at a huge satellite and asked "Is that also an artifact?"

"That is the Space Station. I wonder if there is anyone inside it right now."

Stretching his arms, he spoke "Let's return back to the Earth."

Yao Lian rolled her eyes at him "What if the Space Pirates came to this star? What will you do? Escape from here?"

Zhao Tian smiled faintly "I would just stay inside my artifact for years and cultivate. When I get stronger, I will come outside."

"You are really selfish."

"I am."@@novelbin@@

...

swish As they left, Qian Shi appeared there and smiled looking at Zhao Tian who is hurling back to his star.

"Darling... I shouldn't interfere much anymore because that might change our destinies. So I will just leave from this star."

"See, you later... My Darling."

"I will be waiting for you at my Heaven Domain.. Please come sooner."

A majestic golden ark appeared there and as the doors opened, Qian Shi stepped in and in the next instant it began to travel quickly across the space.

A few hours later, the ark reached the regal palace which is surrounded by white clouds and as the ark reached the gates, it opened.

flick Qian Shi appeared out of the ark and the ark disappeared into her storage ring.

...

tap With light steps, she walked through the grand corridor and quickly walked toward her room.

As she stepped into the room, a wide smile appeared on her lips, and she gazed around at the unholy number of pictures of Zhao Tian plastered on the wall.

She walked to a glass closet on the wall and removed the shirt and pants from her body instantly becoming naked.

She beautifully hung them on the closet and smiled contently "Hehehe, now it looks good."

Then she took a glass bottle that contained some white hair and placed it in the closet.

"My darling~~" As she uttered his name, she bit her lips in lust as her left hand unconsciously slipped in between her thighs caressing her pussy walls.

"My dear~~ darling~~ soon... come to me."

...

It was already morning-

Under the white quilt on the bed, Zhao Tian and Ning Zuiye were cuddling, their legs intertwining with each other as their hands explored each other's bodies.

"Tian..." Ning Zuiye breathed his name under her lips, as he placed a kiss on her collarbone, making her body melt in his embrace.

"Zui'er..."

Hearing his affectionate tone, Ning Zuiye's heart fluttered and he reached out taking her boob in his palm as he gave her a nice squeeze.

Zhao Tian raised his gaze and looked into her purple eyes. As he glanced at her velvety lips, he couldn't control himself and leaned forward, kissing her lips.

"Hmnngh~ Tian..."

As he sipped her lips, Ning Zuiye's hand went behind his neck, pulling him even closer to him.

At this time, another pair of hands hugged him and Zhao Tian chuckled "Xiu'er... you woke up."

Mei Xiu turned his body and pecked his lips "Good morning, Tian..."

"Tian... kiss me more..."

"No, me..."

"Aunt Zuiye.."

"Angh~~ Tian.."

"Hmnngh~"

The door of the room opened and Ning Yueli stepped in "Brother Tian...."

She was dumbfounded as she saw the three people who were covering themselves with the quilts and cuddling underneath it.

Huh?

Giggling, she jumped on the mattress, crushing them "BROTHER TIAN!"

"Ughh.. who is that..."

"My chest."

Ning Yuelin pulled down the mattress and yelled "Brother Tian you are in news again."

"Zhao Tian in space..."

Huh?

Chapter 409: In Space?

"BROTHER TIAN!!"

Yelling his name, Ning Yueli jumped onto the mattress where the trio was cuddling underneath.

"Ughh!"

"Who is that?"

"My chest..."

Ning Yuelin pulled down the quilt and saw Zhao Tian's face as a smile stretched across her lips
"Good morning, Brother Tian."

Ning Zuiye lowered the quilt, her face grimaced in slight pain as she glanced at Ning Yueli "Yueli...
uhh.. my stomach, why did you jump on us?"

Pouting her lips, Ning Yueli replied "Because you sneaked yesterday night, without telling me and cover that..." she said pointing at her boobs.

Ning Zuiye was embarrassed and hurriedly covered her boobs with her hand as she averted her gaze shyly.

Looking at her Mother being shy, Ning Yueli let out a sigh and at this time, Mei Xiu also peeked out from the quilt.

"Little Sister Yueli... uhh."

Ning Yueli showed a cheek smile and spoke "Good morning, Sister Xiu..."

Mei Xiu rolled her eyes "Not good anymore, you just ruined it... I was cuddling with Tian." she uttered hugging Zhao Tian.

Zhao Tian pulled himself up and sat on the bed as he stretched his arms after a 'long' night.

"W-Woaahh..." Ning Yueli's eyes sparkled with stars looking at his muscles contorting and twisting.

She moved and sat on his lap, curling her hands around his neck "Brother Tiannnnnn...."

Letting out a chuckle, Zhao Tian hugged her back "Li'er."

flick Ning Yueli took her phone from the storage ring and showed a post to him "See this Brother Tian... you are in space."

Eh?

Zhao Tian saw a light blurred picture of him in the space with a bow on his head and beside him, Yao Lian is levitating.

Faces and Yao Lian's fox ears can't be seen clearly because the whole image is quite blurry.

A frown crept over Zhao Tian's face looking at the picture and muttered under his lips "They took this picture through... satellite or Space station?"@@novelbin@@

Hearing his mutter, Ning Yueli was taken aback "E-Eh? You really went into space, Brother Tian? I thought this was an edit."

Hm? Getting curious about their conversation, Mei Xiu and Ning Zuiye also peeked at the mobile screen.

"That looks like... Tian."

"And the other one is who?"

Ning Yueli blinked her eyes in confusion "Then... the pink-haired woman is also real... so you were cheating on us after all?"

A wide smile appeared on Ning Yueli's lips "This is interesting, Brother Tian... Who is that woman you were cheating on us with?"

"I like spicy stories like this and now it is happening to me, hehe."

Zhao Tian shook his head helplessly and spoke "It is Yao Lian... that pink fox."

Pink fox? The three of them remembered the cute pink fox Chi Shui was playing with and muttered "Oh.. that fox."

"So, this was her human form?"

Zhao Tian gave a faint nod and spoke "You know about the artifact I placed to detect if any High Star people come here."

"That beeped and I went to check that."

As he uttered, the frown on his face deepened 'This must be taken from the Space Station because I was close to it... and there is no way this image leaked from a high-security organization like the International Space Organization...'

'Unless the government deliberately leaked it.'

'And they didn't ask me... before leaking it?'

Ning Yueli sighed in disappointment. "So Brother Tian is not having an affair?"

Mei Xiu was confused and asked "Little Sister, you want Tian to cheat on you...?"

Giggling, Ning Yueli nodded "Hehe, that would spice things up..."

Ning Zuiye reached out and grabbed Ning Yueli's ear, twisting it "That's why I told you not to read.. Fantasy Romance books on the internet."

"See, how your thinking is going now..."

Ning Yueli winced in pain "M-Mom... it hurts, now that I remember it, you were also secretly having a relationship with Brother Tian behind my back."

H-Huh? Ning Yueli blushed and quickly retracted her hand "That's..."

-- Ning Yueli stared at her blankly "Hide your bozongas."

"Ah!" Ning Zuiye hurriedly hid her breasts and Ning Yueli clicked her tongue "Tsk, tsk... think about stealing your daughter's man..."

The flush on Ning Zuiye's cheeks deepened and she looked at Zhao Tian with puppy eyes as she threw herself into his arms "Tian, see... she is bullying me."

Zhao Tian chuckled seeing their wives banter and his gaze turned to the mobile which was vibrating on the nightstand.

Ning Yueli got down and took the mobile "Let me..."

Looking at the number, she tilted her head and accepted the call, bringing the mobile close to her ears "Hello, who are you?"

Joshua Brown, the Secretary General of UNO, who was on the other end was startled hearing a feminine tone and spoke "Um, Miss... is Mr.Tian there?"

Ning Yueli turned to him and nodded her head "Yeah, he is here."

"Can you pass the mobile to him?"

Ning Yueli raised an eyebrow and asked "Who the hell are you?"

Joshua Brown smiled bitterly and replied "Miss, I am Joshua Brown."

"Eh?"

Zhao Tian hugged Mei Xiu and asked "Yueli, who?"

Looking at him, Ning Yueli said casually "Some Old man called Joshua Brown..."

Joshua Brown: -- Old man?

Zhao Tian raised an eyebrow and extended his hand as Ning Yueli passed the mobile to him.

Bringing the mobile close to his ears, Zhao Tian spoke "Mr.Brown."

Joshua Brown spoke in a respectable tone "Mr.Tian, I hope you are having a good morning and didn't disturb your time."

Zhao Tian shook his head "Oh, nothing like that. What's the matter... The image of me..."

Joshua brown scratched his head "About that... we can't talk such confidential things over the phone. So if you could tell me when you are free, I can arrange a meeting with all the world leaders at that time."

Zhao Tian was quite surprised... Changing the meeting of world leaders for his free time?

Chuckling in his heart, he replied "How about afternoon, 2pm... China time."

Joshua Brown hurriedly accepted, "Yes, Mr.Tian.... we can do it."

"Ok, then I will see you there."

Cancelling the call, Zhao Tian glanced at the three women surrounding him and smiled softly.

Mei Xiu pulled him and hugged his naked body, pressing her boobs on his chest "Tian... let's cuddle even more."

Ning Zuiye also hugged him from behind, placing a kiss on his ear "Yeah... it was kind of so good cuddling with you under the quilt."

Seeing them Ning Yueli also began to remove her clothes "Let's all cuddle together naked on the bed."

Chapter 410: Ideas for future?!

Clad only in pants, Zhao Tian stepped out of the mansion and raised his head, gazing at the sun within the artifact.

*clanK *clank* Hearing some noises, he moved his gaze to the right and saw Yu Hua and Zahra Ashante fighting as the first thing in the morning.

"Bring it on.."

"Fuck, off cunt."

Letting out a soft sigh, he turned his eyes to Xia Shyi who was sitting on a chair at the table in the grassland and a pink fox was also on the table.

He walked close to them and uttered "Oh, so you can also change forms like this..."

Yao Lian turned her head and nodded "Yeah... I can take this fox form even if I have life energy."

Zhao Tian pulled a chair and sat on it.

He then glanced at Xia Shyi who was in deep thought and called her "Shyi..."

Xia Shyi lifted her head and looked into his eyes "Tian, I just heard what Lian said... yesterday night, you killed someone from the Space pirate organization."

Zhao Tian gave a nod "Yeah, Freya's Elv artifacts are of great help."

The frown on Xia Shyi's face deepened "We didn't know if the one who came for patrol passed the information to his headquarters about this new High star he found."

"If he did... Tian, you need to escape from this star."

Upon hearing this, a soft sigh escaped Zhao Tian's lips as many other thoughts ran in his mind.

At this time, Yu Hua and Zahra Ashante also came there after their training session "Tian..."

Zhao Tian turned his head and smiled at them "Hua, Zahra..."

Zahra Ashante hopped on his lap as Yu Hua sat on the table she asked "What happened? It seems like you were having a serious conversation."

Xia Shyi began to explain the dire situation they were in and Zahra Ashante raised an eyebrow "Th, Tian... why don't you just leave for another High Star right now?"

"Are you worried about the people of this Earth?"

Zhao Tian shrugged softly "One thing is Zhezhu. Xue'er and Zhilian are ruling that. I can't just abandon them and leave as they are emotionally connected to Zhzhu..."

"I don't want Xue'er to be sad..."

Zahra Ashante's gaze squinted and she spoke "But Tian... if Space pirates came, we can't fight back anyway, so we should just leave... at least to protect ourselves."

Xia Shyi replied "Zahra, we can't be sure that the Space pirates are the ones coming.. if some good apex star people come, it will be beneficial for us."

"That's why Tian is staying here to negotiate with them, representing this star."

Zhao Tian continued "And another thing is, I will be going into closed cultivation."

H-Huh? Hearing this, Zahra Ashante and Yu Hua were startled "You are going to... seclude yourself?"

Zhao Tian nodded his head "Yeah... I can't go to another High Star while I am weak like this."

"I need to at least reach Soul Refine Stage... before venturing in the High Stars."

Yu Hua was quite confused and tilted her head "Soul Refine Stage... what are the stages in the Emphyrean Realm in the first place?"

Looking at her, Xia Shyi replied...

--- Half-Emphyreal Realm---

Emphyrean Realm:

1. Ascendant Spirit Stage (levels to 9)

2. Nascent Warrior Stage (levels to 9)

3. Aetheric Heart stage (levels to 9)

4. Soul Refine stage (level to 9)

5. Stellar Essence stage (levels to 9)

6. Heavly Tribulation Stage (levels to 9)

7. Eternal Paragon Stage (levels to 9)

8. Transcdt Sovereign Stage (levels to 9)

9. Immortal Ascsion Stage (levels to 9)

"By the way, I am at Eternal Paragon Stage Hehe. I am quite powerful."

(A/n: I have updated the Auxiliary chap too)

Chuckling, Zhao Tian spoke "My first aim is to reach the Soul Refine stage."

Xia Shyi nodded her head and spoke "After that, you can go to my Star, Jade Eclipse Star and join the same sect as mine."

"You can't join my wing because... in our wing, only female disciples are accepted."

"But there are many other wings you can join. And there are capable Wing Masters there. If you want some protection in high star, you have to rely on a powerful sect."

"And our sect is a good place and if they knew your talt... they would surely accept you in."

(A/n: Check chapter 66, if you are wondering what wing is she talking about!)

Zhao Tian smiled faintly and nodded his head "But before all of that... we need an ark."

Xia Shyi reached out and pinched his cheek "I have already told you to go and finish that Black Pagoda. There might be an ark on the last floor of the Black Pagoda."

Being pulled by his cheek, Zhao Tian smiled dryly "Okay, okay..."

Yu Hua also chimed in "Th Tian, I think we should start your sword training as soon as possible."

"Yeah..."

flick At this time, Shi Yixian appeared there and asked "Did someone say sword?"

Yu Hua got down from the table and bowed her head "Master..."

"I still hav't accepted you as my disciple."

"Bahahahahaha!" Zahara Ashante pointed her finger at Yu Hua and laughed out loud mocking her.

"You cunt!"

"Hahaha..."

...

Meanwhile, somewhere in the low star-

A woman with flowing blonde hair stood gracefully at the corner of a quaint little restaurant, as she glanced at the customers and workers, a gtle smile dancing on her lips, hinting at a sse of conttmt and appreciation

"It's be years since I made this restaurant..."

... a mutter escaped Zhao Ning's lips.

(A/n: Check chapter 60 for a little referce to Zhao Ning if u have forgott..)

However, the smile on her face disappeared and she turned her blonde eyes to the door at the front.

She could feel the air around her grow heavier, thick with an unsettling tension that made her skin prickle.

Her body shivered in fear and her eyes shrank in shock, feeling the presence coming towards the restaurant.

swish Zhao Ning felt a tightness in her throat as she stood frozen in place, looking at the powerful presence standing at the doorstep.

In the dim light of the evening, there stood a chanting woman whose beauty captivated all who dared to look upon her.

Her long, lustrous black hair cascaded gracefully down her shoulders, shimmering with every subtle movement as if it were spun from the finest silk, her eyes were red crimson.

She has a pair of demonic horns on her head, and a cold light lingering in her eyes.

As the woman waved her hand, a surge of dark, swirling energy erupted from her palm like a powerful vortex and before Zhao Ning could make a move, the black energy spread across the whole restaurant.

swish In the next instant, the darkness consumed the people inside the restaurant and cindered them to nothingness.

The restaurant which was bustling till now, went eerily silent.

Zhao Ning could not even react and the newly arrived woman uttered in a cold tone, her voice cutting through the air.

"After years... I have found you..."

Zhao Ning's mind finally registered the things that were happening and turned her trembling gaze to the woman.

"E-E-Eldritch Empress..."

tap *tap* The woman walked closer to Zhao Ning and reached out, her fingers clutching Zhao Ning's neck.

"Urghhhh!!!"

Zhao Ning could feel the pressure of her cold hand tightening a her throat, making it increasingly difficult for her to breathe.

Panic surged within her as she fought against the constricting grip, desperately trying to free herself from the suffocating hold.

There were no emotions in the crimson eyes of the woman as she spoke "Let me ask you..."

"Where is my son, Vester?"
