Chapter 2: A small match!

vroom Sitting in the car, Zhao Ying hummed the lyrics of a song. Her lips gently whispered the lyrics and her head swayed in sync with the rhythm, fully absorbed in the music

With a smile on his face, Zhao Tian raised the gear and firmly pressed down on the accelerator, causing the engine to rev loudly. *vroom* *vroom* The speed of the car suddenly increased and Zhao Ying glanced at the speedometer and saw the numbers increasing with each second.

thrrissh *vroom* The sound of the engine revving and the tires screeching was heard but she was not scared because she had absolute faith in her Brother's driving skills.

She reached into her backpack, pulled out an apple, and looked at Zhao Tian "Tian'er, you want an apple?"

Zhao Tian smiled wryly "Can't you see I am driving...and why are you carrying an apple now? That's just so out of pocket."

Zhao Ying let out a playful giggle "Well, I took it from the kitchen while leaving..." she said and took a bite of the apple in her mouth.

Then she took the piece of the apple from her mouth and extended it near Zhao Tian's mouth "Here, you can eat now..."

Zhao Tian didn't mind that it was the bite she took and ate the apple piece. Zhao Ying smiled "Don't you feel happy that you got an indirect kiss from your sister."

"Yeah, I am really happy that I got an indirect kiss from the second most beautiful woman I know..." He said with a playful smile munching the apple.

This caused Zhao Ying to frown "Then who is first?" she narrowed her eyes glancing at Zhao Tian.

"Our Mom... she is so beautiful." Zhao Tian said with a fond smile.

Zhao Ying was stupefied hearing this but she couldn't refute that. Her mom is indeed beautiful with her silver hair and silver eyes. She also looks so young for her age.

Her mom has been taking care of both her and her brother since they were kids. They don't even know their dad's face.

They heard from their mother that he died shortly after Zhao Tian's birth and the two siblings were also not so concerned about him because there was their mother to look after them.

Even now they are mostly living with the money left behind by their dad.

...

vroom They quickly reached the university and Zhao Tian parked the car. A woman looked at the car and walked towards it.

Zhao Tian and Zhao Ying opened the door and came outside. The woman approached them with a smile "Good morning, Ying..."

Zhao Ying glanced at her friend and smiled "Morning...Xing" The woman's gaze fell on Zhao Tian and she spoke with a little blush tracing her cheeks "G-Good morning, Zhao Tian..."

Zhao Tian showed a faint smile and nodded "Morning..." He then glimpsed at his sister "You can go to the class, I will join you later..."

"En..." Zhao Ying nodded and grabbed the woman's hand. "Come on Xing, let's go..." she said pulling her. That woman looked at Zhao Tian without even blinking and mumbled "He looks hot as always. Say, Ying...why don't I just become your real sister?"

"Fuck you, woman..."

"Y-You are so mean..."

...

As Zhao Tian strolled across the vast expanse of the campus, his eyes were drawn toward the basketball court in the distance. *thud* The rhythmic sound of a bouncing ball reverberated through the air and he could hear some people cheering.

"They are really active in the morning..." He muttered entering the basketball area. As he reached there, two young men wearing basketball jerseys walked near him "Morning, Tian..." x2.

"Morning..." He said with a smile clapping their hands.*cheers* Hearing sudden cheers, his gaze swiftly shifted towards a young man who had just skillfully scored 2 points jumping within the court's arc.

One of Zhao Tian's friends, Li Zhen sighed "He is a junior who joined just recently. Quon Chen...he also has good physical strength just like you, Tian..." he remarked looking at the young man who just scored.

His other friend Huang Li nodded, "But his talent is wasted, as he refused to join major competitions. I wonder why though..."

Seeing the fluidity of his movements in the court, Zhao Tian squinted his eyes. "Let me have a small match with him." the other two were startled hearing this "Tian? you are..."

"I just want to confirm something..." Zhao Tian spoke as he stepped into the court premises. As soon as the crowd laid eyes on the white-haired young man entering the court, an outburst of high-pitched screams filled the atmosphere. "YAAHHH!"

Huang Li laughed hearing the commotion "He is popular as always..." The players stopped and Quon Chen turned looking at Zhao Tian who just entered the basketball court.

He raised his eyebrows in surprise "He is?" One of his teammates spoke "He is our Senior, Zhao Tian..." Quon Chen was amused hearing his name "So it is him, huh... I heard about him." he mused aloud, his voice tinged with curiosity.

Zhao Tian walked in front of Quon Chen "Quon Chen, right...?" Though a little taken aback, he nodded back with a smile "Yes, Senior Zhao..."

Zhao Tian glanced at another player and he passed the ball towards Zhao Tian. Zhao Tian deftly caught the ball, bouncing it on the floor "Let's have a small spar... whoever first scores wins."

Huh? Quon Chen was taken aback by the unexpected turn of events, a sudden one-on-one? But they were playing a match right now... um Quon Chen looked around and saw other players exiting the court.

"So?" Zhao Tian asked and Quon Chen nodded with a sigh in his mind. 'Is he suspicious of me? I can't sense a spark of energy from his body. I hope Senior Zhao doesn't find out about me.'

Zhao Tian passed the ball to Quon Chen and the match began. *woosh* *thud* Quon Chen, effortlessly dribbling the basketball with the familiarity of a seasoned player, eyed the opposite hoop with a predator's focus

Zhao Tian, quick on his feet, shadowed his every move with fast reflexes, and Quon Chen as he entered the arc... In a swift motion, Quon Chen leaped into the air, aiming to secure a two-point score.

swoosh But Zhao Tian jumped even higher defending the ball and took the ball in his hands.

As Zhao Tian landed on the ground, his piercing blue eyes locked on the hoop positioned directly across from him. With a swift jump, he pulled up for a deep three-pointer, and skillfully released the basketball from his fingertips.

swish The ball spun elegantly, its speed reaching its peak, before gracefully descending into the hoop with a satisfying swish. *thud* The sound of the ball hitting the backboard resonated throughout the court, concluding the match.

Quon Chen was dumbfounded, his eyes widening in complete shock 'He scored three points from the opposite side of his net? What the fuck? And the speed and precision... I would not be surprised if he is a cultivator...but.'

Quon Chen again glanced at Zhao Tian 'Truly a superhuman!'

"OHHHHH!!" The crowd, appreciative of the unexpected basketball showcase, erupted in applause and yelled Zhao Tian's name. "As expected, Zhao Tian is the best!"

"Yeah, he is playing this well wearing casual clothes..."

But Zhao Tian had a deep frown looking at Quon Chen 'As I thought, he was holding back...' he presumed.

While playing. Zhao Tian noticed that Quon Chen's eyes were able to swiftly respond to his moves, yet his body movements did not match the same level of quickness. So he interpreted that Quon Chen can see through his every move but he is deliberately holding back his body. Why?

This was the first time Zhao Tian saw someone who was more talented than him in basketball. Quon Chen chuckled wryly "As expected of Senior Zhao, I can't beat you... haha." admitting defeat with a light-hearted laugh.

A faint sigh escaped Zhao Tian's lips and they dapped each other's hand. "You are really talented, why are you not joining competitions?"

Quon Chen smiled scratching his neck "I just play basketball for fun... but I am happy to hear your words, Senior Zhao."

"Well, it's your choice... Let's play again sometime." Zhao Tian said and walked out of the court. "Yes, Senior Zhao."

Zhao Tian again took a quick glance at Quon Chen as he left the Basketball court. 'He is so skilled, yet he is hiding it... Hm... I should talk about this with that old man.' With such thoughts, he walked towards his classroom.

...

With one hand in his pocket, Zhao Tian leisurely walked through the corridors. Seeing him some people greeted him "Senior Zhao..." "Zhao Tian." He gave a small nod with a smile.

And as he made a casual right turn in the corridor *thud* a woman stumbled upon him, causing her to lose her balance because of the force and fall to the ground. "Ah..."

Hm? Zhao Tian stood there in a little surprise as he glanced at the beautiful brown-haired woman and all the books that were haphazardly scattered around her.

He gently extended his hand "You okay?" he asked and the woman raised her head, "Where are you keeping your eyes..."

The woman was momentarily taken aback, a look of surprise crossed her face glancing at the handsome young man "Um..." Filled with a mix of confusion, she hesitated for a moment before extending her hand.

Zhao Tian pulled her hand, helping her stand up. "T-Thanks..." she spoke while simultaneously trying to brush off any dirt from her clothes.

A sigh left her lips her frustration evident and she again glanced at Zhao Tian "You have to walk properly in the corridor without bumping like this..." she said sternly with a little frown.

Zhao Tian raised his eyebrows, a little annoyed by her tone "Woman, It is your fault for bumping into me while carrying all those books..."

As he took a quick glance at her outfit "And what's with that formal attire? Why are you dressed like a teacher? Do you aspire to be a teacher or something? That's why you are dressed like that... practice?"

The woman's lips twitched as she listened to his sarcasm "I am not dressed up like a teacher. I AM a teacher... and my name is Mei Xue.. call me Miss Mei, you understood?"

"Yeah, sure I believe..." This woman looks young and she is a teacher at this university? No way...

Mei Xiu became furious and shouted in a slightly raised voice "What's with that I-don't-believe-you face? I-I really am a teacher..."

Getting annoyed by her, Zhao Tian spoke "Just pick up the books and leave.." "Hmph..." Mei Xue huffed, clearly irritated by Zhao Tian's nonchalant attitude, and crouched down collecting the books she took from the library for reference.

Zhao Tian also gently bent down to pick a few books in the thought of helping her. Looking at the books Zhao Tian frowned, 'Isn't these books for our major?'

Mei Xiu quickly collected most of the scattered books and stood up. Zhao Tian also had three books in his hand. *bonk* He playfully tapped the stack of books against her head, emitting a soft *bonk* sound.

"Idiot..." He uttered placing those books on top of other books in her hand. Mei Xiu's lips twitched in annoyance "What is your name, by the way.."

"Zhao Tian it is..." He said and walked past her "Be careful on the corridors..."

"Zhao Tian.." Mei Xiu muttered his name under her lips as she stole a quick glance in his direction.

Chapter 3: Woman who are you?!

Zhao Tian entered the classroom and walked to the back sitting near his sister. Zhao Ying said with a frown "Tian'er, that bitch came looking for you."

Zhao Tian rolled his eyes "Which bitch are you talking about?" Zhao Ying clicked her tongue in displeasure "That Fei Ziyu bitch..."

"Oh, her huh..." Zhao Tian knows her very well, she has been pursuing him since he joined this University and is always bugging him.

Zhao Ying squinted her eyes "Tian'er, you really don't have feelings for her?" she asked suspiciously. Zhao Tian gently leaned down on the desk closing his eyes "No, why you ask?"

Zhao Ying reached out patting his head, softly running her fingers through his white hair. A sigh escaped her lips "It's... just that, she is really beautiful and she is also very rich. So I thought you would fall for her."

Zhao Tian just chuckled still keeping his eyes closed. Zhao Ying's eyes softened seeing his sleeping face and she tenderly caressed his cheeks.

Zhao Ying is actually one year older than him, but they are in the same class. It's because, during middle school, Zhao Ying wanted to study with her brother so she deliberately failed classes so she could repeat the classes with him in the next year.

But Zhao Tian who found out her plan gave a bonk on her head and he studied harder and skipped a grade to study with her in the same class.

"Ah, by the way, Tian'er, I heard that a new teacher is coming today." Zhao Ying spoke and Zhao Tian replied carefreely "Ah, I see..."

Zhao Ying smiled wryly "You are gonna sleep during that class too."

...

"Tian'er.. Tian'er!" Hearing a soft whisper, Zhao Tian's eyes fluttered open and met the gaze of Zhao Ying, who was seated beside him and urgently beckoning him.

"Hm? What happened?" Zhao Tian asked and he also noticed all the students glancing at him. "Tian'er the teacher..." Zhao Ying said pointing at the front.

Hm? Zhao Tian looked at the woman and was surprised as she was the one he stumbled upon earlier "Mei Xiu right? What are you doing here?" he asked casually with a small smile.

Mei Xiu came out of her surprise, She didn't expect the boy who was sleeping in her class to be Zhao Tian. She 'smiled' "Student Zhao, I am the new teacher to you! Keep attention and you can't sleep during my classes."

"Heh, so you really are a teacher here... I am surprised." Zhao Tian spoke leaning his hands on the desk. Mei Xiu replied with a tinge of annoyance in her voice "So now you believe me? I really am a teacher."

Zhao Tian gave a faint nod "Hm.. since it's you. I will sleep." The other students chuckled hearing this. Mei Xiu got irritated and yelled "STUDENT ZHAO! You should not sleep in my class."

"You are really annoying. It ruins a beauty to be such a jerk!" Zhao Tian replied looking at her. Mei Xiu squinted her eyes hearing his half compliment and half rude comment.

A weary sigh escaped her lips and she again began to start teaching. "It's been a while since I listened to any classes.." he mused softly.

Zhao Ying giggled seeing this and Zhao Tian just smiled looking at her giggling.

...

As the class ended, Mei Xiu took a quick glimpse at Zhao Tian and left. "She teaches surprisingly well..." Zhao Ying spoke in amusement.

"Tian!" At this time, a beautiful voice echoed through the classroom capturing everyone's attention. Hearing the voice, Zhao Ying's eyes darkened "This bitch!"

The gorgeous black-haired woman who just entered the classroom quickly walked toward Zhao Tian's seat with a bright smile on her face. Zhao Ying narrowed her eyes "Fei Ziyu!"

Fei Ziyu approached Zhao Tian and settled down next to him "Tian, earlier I came here searching for you but you are not here..."

Zhao Tian glimpsed at her and asked nonchalantly "Why are you searching for me?"

Fei Ziyu shrugged her shoulders "Just to talk with you, hehe... I heard you had a small match with one of the juniors."

"Yeah!" Zhao Tian replied shortly. The other students in the classroom smiled seeing Fei Ziyu and Zhao Tian. They know Fei Ziyu has been pursuing him for a long time and loves him.

Zhao Ying looked at her coldly in the corner of her eyes. Feeling the glare, Fei Ziyu smiled dryly "H-Hi... Ying!"

Zhao Ying averted her gaze, a small sigh leaving her lips. Zhao Tian looked at his sister's reaction and couldn't help but chuckle in his heart seeing her getting jealous.

But honestly, he also doesn't like Fei Ziyu, but she kept pestering him.

"By the way, you know Tian..." Fei Ziyu continued talking...

...

In the night~

click *click* Zhao Tian's fingers moved quickly as he continued playing the game. His blue eyes concentrated on the PC screen and gun sounds echoing in his earphones.

[VICTORY!]

Seeing this on the PC's screen, a smile appeared on his face *click* and at this time a faint sound of a door creaking open reached his ears, Zhao Tian turned his head and saw the woman on his room's doorstep.

"Mom?"

Zhao Suyin smiled "Tian'er, it is already midnight... are you going to play games all night again?" Zhao Tian chuckled "I like this game and I can also earn money, so it's a win-win."

Zhao Suyin's eyes crescented in worry "I heard from Ying'er, there is a tournament tomorrow." she spoke walking near the bed and sitting on it.

Zhao Tian gave a nod "yeah..." Zhao Suyin's voice carried a hint of concern as she let out a weary sigh "Tian'er, you don't have to push yourself so hard... we still have the 'money' left by your dad and we are already living a great life." she knew that he was gaming mainly to earn money for the family.

Zhao Tian shook his head with a smile "I know that Dad's money will soon come to an end. And I guess it's my responsibility to earn money. Since you won't allow me to do part-time jobs, this is the way and I also like this..."

Zhao Suyin's eyes quivered 'I still have another one of them with me and if I sell it, it will be sufficient for another five years maybe...' she thought in her heart.

With a small sigh, she stood up from the bed and walked near him. She gently ruffled his hair "Don't stay up very late... ok?"

Zhao Tian laughed light-heartedly as every mom would say this "Yeah, yeah..."

"Hm... Good night dear!"

"Good night!"

...

zzz

In the middle of the night, while Zhao Tian was sleeping peacefully in bed... *feen* suddenly a bright vibrant green light filled the room.

feen *feen* The green pendant on his neck continued to glow brightly saturating the room with a potent and invigorating energy.

swoosh The green light abruptly stopped and out of nowhere suddenly a breathtaking woman appeared in the bedroom.

With her elegant, flowing black hair cascading down her back, her black eyes scanned the surroundings in shock. And she was wearing large red robes covering her body which looks so beautiful for her.

Her eyes darted around the new environment in surprise and huge excitement filled her heart "D-Did I finally?"

"B-B-But how?" Sensing the presence of the young man sleeping on the bed, her pretty eyebrows frowned. Her gaze fell on the green pendant on his neck and a look of surprise filled her face.

Looking at his handsome facial features, her frown deepened. Her eyes shined in white and in the very next moment, a wave of terror washed over her, causing her to involuntarily take a step back and her eyes widening in sheer disbelief. "N-N-No way... he is..." Her body trembled in extreme fear seeing him.

Her heart began to beat rapidly and she panicked not knowing what to do. Is this real? Is this real? H-He is... I have to confirm it clearly.

Calm down! Calm down! she told to herself calming down her heart.

She took a step closer to the bed, and gently extended her hand touching his chest. Her eyes again glowed in white again and her eyes trembled... Fuck, he is the real deal! she exclaimed in her heart.

She again looked at the green pendant. "Hm... so the pendant- huh?"

fwish The pendant glowed again and the green energy surrounded the woman's body. "What? Again?" *swish* she disappeared from there.

Chapter 4: A weird woman!

As the morning sunlight began to peek through the curtains, Zhao Tian's white eyelashes blinked open, as his hand reached out to take the mobile from the nightstand. Glancing at the screen, the time was 6.45 am so he woke up and sat on the bed.

He opened the curtains letting the sunlight reach the room and with a yawn, he entered the bathroom for a quick refresh. Standing in front of the mirror, he brushed his teeth and also washed his face.

As he gently dried his moist face with the soft towel, he couldn't help but steal a glance at his reflection in the mirror and look at his handsome face. "Huh?" But he was startled by the figure standing behind him and it looked like a fucking ghost.

woosh Out of instinct, he quickly reacted and turned around punching right in the figure's damn face. *thoom* *thud* "Urgh, what the fuck?!" he heard a sweet female voice and was surprised. "Hm?"

His eyes fell on the stunning woman with luscious black hair standing in front of him, She delicately touched her reddened cheek, indicating a mild discomfort, which only added to her allure.

She is one of the most beautiful women he has ever seen. Looking at the red long robes, he was perplexed by her unique fashion sense.

His eyebrows frowned "Who are you? How did you enter the house?" he asked coldly. "You! why did you hit me?" The woman yelled back at him in frustration.

-_-! "Of course, anyone would hit a weird woman like you who enters the house without permission," he said, looking into her black eyes.

"W-Weird woman?" The woman spoke and at this time, the green pendant on Zhao Tian's neck shone brightly and he was taken aback "What's this?"

"Shit!" Looking at this scene, the woman leaped forward hugging Zhao Tian in her arms "Come with me and let me explai-" *woosh* Both of them disappeared from there.

...

Zhao Tian blinked his eyes open and in the next instant, he was in another place. He looked around in great shock, there was a huge lake in front of him. Its water glistened with pristine clarity, while lush green plains and towering trees enveloped its surroundings, creating an enchanting vista.

He was totally bewildered seeing the beautiful place... "Ah..." Zhao Tian felt a pair of soft fingers pinching his cheek. The woman pinched his cheek and said with a smile "This place is real not a dream..."

Zhao Tain looked at the woman who was still hugging him, "But how did I come here and this pendant..." he spoke looking at the green pendant hanging on his neck.

The woman took back a step from the hug "This pendant is one of the rare artifacts with spatial power. This vast world is in this small piece of pendant...amazing, right?" she said with a gentle smile.

"Artifact?" Zhao Tian took the pendant and looked at it deeply. Artifact? Like in those cultivation novels? he thought in his mind.

Seeing his clueless eyes, the woman frowned "With that power of yours, what are you doing here in this middle star?" she asked in suspicion.

"Middle star? Which star are you talking about?" He asked even more confused.

"Huh?" The woman was visibly perplexed. But then realization struck her "You... are not aware of the astral energy and cultivation?"

Astral Energy and Cultivation? Zhao Tian had a wild guess in his heart... D-Don't tell me that cultivation is real and shit.

His eyes again glanced around the surroundings and he also felt the air in this place strange filled with some unique energy.

'This is not a dream and the woman also said that this pendant is an artifact... so cultivation really exists!' Coming to terms with the reality of the situation, he again looked at the woman.

"By the way, what's your name?" he asked and the woman grinned "My name is Xia Shenyi! and...you?"

"Zhao Tian..." Xia Shenyi nodded her head upon hearing his name 'Zhao Tian....hm... none of the great families had this family name' she mused in her heart.

"Let's go to my place..." Xia Shenyi spoke and began walking. A sigh left Zhao Tian's lips, he just woke up normally today and got to know that this world has cultivation and this energy called astral energy.

And a strange woman is in his pendant artifact who pulled him into another place and now he is walking beside her.

"That strange energy in the air, is that the astral energy?" Zhao Tian asked and Xia Shenyi nodded her head "En. That's the astral energy... but here it is denser than your middle star."

"You said that term earlier too, did you mean the Earth when you said 'star'?" Zhao Tian asked and Xia Shenyi raised her eyebrow "So your star's name is Earth?"

Zhao Tian squinted his eyes and inquired "Then you are not from Earth?" Xia Shenyi shook her head "I am from a high star far away from your middle star."

Then she is a fucking alien? Wait, there are other planets from Earth where human beings exist? Then why don't scientists couldn't find them? Is she even from this galaxy? A lot of questions swirled his mind...

But he kept that question aside for now and asked "What is this middle and high star?" Xia Shenyi looked at him in the corner of her eyes "So you really don't know about anything huh..."

"In a high star, the astral energy is much denser and almost every person is a cultivator... but when I came out of this pendant, I sensed a middle level of astral energy in the air, so there must be very few cultivators in your star."

Hearing this, Zhao Tian vaguely understood some things. So there are cultivators among him in this modern world. But why has no one talked about this and there are no such things on the internet?

"Seems like the concept of cultivation is hidden from normal people in your star..." Xia Shenyi spoke and Zhao Tian gave a faint and pondered over this revelation, his mind still engrossed with thoughts about it.

Soon they reached a large house built in old style and Zhao Tian was awed in wonder. Xia Shenyi chuckled in her mind seeing his reaction.

"Come in..." she opened the door and entered inside. Xia Shenyi led him inside a room with a small table and three chairs around it. "Come and sit..."

Zhao Tian went along with her as he wanted more information about this cultivation and stuff. As Xia Shenyi sat opposite him, sitting face to face... a deep sigh left her lips "But I am really glad, it's been a long while since I saw another human being."

Zhao Tian squinted his eyes "So, you've been living inside my pendant for a long time?"

Xia Shenyi's eyes darkened and her lips twitched "Living? Fuck... I was trapped in this space for... I don't know how long urgh!"

"Trapped?"

Xia Shenyi casually leaned in placing her hands on the table "Yeah... in my star almost everyone is a cultivator and they thirst for power. But I am more interested in artifacts and the treasures they hold."

"And that's when I got this pendant... I got really curious, because this pendant may belong to the old war which shook the whole realm. And while researching, I suddenly got sucked into it and since then I was living here."

Wait a fucking minute, at this time Zhao Tian realized something "Shenyi, do you know how to exit this place?"

"Hahaha..." Xia Shenyi giggled hearing this and shrugged her shoulders "Honestly I don't!"

The fuck? "Then I am also trapped here? But... you came out that time and I even punched you."

Xia Shenyi couldn't but chuckle and stood up from her seat. She came and sat in front of him on the table "That's because at that time, a space crack appeared and I just touched that out of curiosity and I came outside... but within few seconds I was sucked in again."

She extended her left hand and a small black pendant tattoo appeared on her wrist "See, this means I have bonded with this artifact and can't really leave..."

Huh? Zhao Tian quickly checked his wrist but there was no tattoo... but suddenly a golden tattoo of the pendant appeared indicating that he was also bound with it.

Xia Shenyi laughed seeing this "Seems like we are in this together and we are bound here forever... but why is yours golden?"

Zhao Tian looked at her blankly, who cares about the colors, now he was also trapped here forever with this beautiful woman.

A playful giggle escaped her lips seeing his blank stare "Well, I am quite happy.. since I won't be alone anymore."

She leaned towards him bringing her face closer to his and whispered "And Zhao Tian, um, I'll call you Tian... Since we are gonna be alone forever how about we get married and start a new family here?"

Hearing her teasing, Zhao Tian spoke "You want me to punch you again?"

Xia Shenyi playfully pouted her lips "You are very rude to a woman.... but I am half serious. You look very handsome and your physique is top-notch. If we are really gonna be alone together here... I don't mind marrying you."

"If the women in high stars came to know about your physique they would pounce on you...haha."

Huh? Zhao Tian's eyebrows creased into a frown "My physique?"

Her lips curled into a mischievous smile, as she playfully remarked "You are a mysterious man...Tian." she spoke as she pulled his white t-shirt tearing it into shreds. *treeekk*

With his upper body completely exposed, Zhao Tian could only sigh helplessly "What was that for?"

Xia Shenyi reached out her hand and her delicate fingertips made contact with his robust chest. In that moment, she couldn't help but marvel at the sensation of a man's solid physique beneath her touch "So this is how a man's chest feels like... heh."

Zhao Tian grabbed her hand "You are really weird..."

Xia Shenyi just smiled and spoke, "Let me show you a trick." As she spoke, a white transparent layer appeared around Zhao Tian's body and he raised his eyebrow "Barrier?"

"No, a seal!" Xia Shenyi smirked and *thrasshhh* in the next instant the transparent layer broke into pieces. "Urgh!" Zhao Tian clenched his forehead in mild pain.

"Now can you feel who you are? Tian?"

I hope you guys liked this chapter!

I have added her pic in character chapter!

Chapter 5: The Honoured One?!

Zhao Tian suddenly felt something strange with his body. His eyes darted around and he felt like he could see things more clearly than before.

And now he can perceive the astral energy in the atmosphere even more and he slightly raised his hand. Suddenly the astral energy swirled and converged, merging seamlessly with his body. *siish*

Huh? What is this strange feeling?

"How do you feel now? Tian?" Xia Shenyi asked with a smile and Zhao Tian looked at his own body "I feel totally different than I felt from the last minute, my body and mind felt like they just got out of a restriction and are now... free."

"What did you do, Shenyi?"

Xia Shenyi spoke looking into his blue eyes "Nothing big, I just broke the seal that was placed on you."

Zhao Tian was dumbfounded "A seal? Someone has placed a seal on me? But why?" he mused aloud.

Xia Shenyi spoke in a serious tone "Because you are not normal, Tian. I was so scared when I first looked at your physique, it sent shivers down my spine."

"Do you know why? Because your physique is the most terrifying physique in the entire realm... including my high star too."

"Your physique is extraordinarily rare that there have been only two people with the physique in the history of cultivation of millions of years."

Looking at his palm, Zhao Tian spoke with a slight frown, confusion etched in his voice "My physique?"

Xia Shenyi gave a nod "There are some rare cases where a person born with a powerful physique... and yours is the first on the list."

Zhao Tian had a vague idea in his mind. He knows he has a peak human body and he is very strong compared to other normal humans and his vision is also very sharp. Even if he got injuries they will heal faster... all because of this physique?

"Then the seal?"

Xia Shenyi nodded looking at his questioning eyes "Hm. Someone has placed a seal so others couldn't find out about your physique and to also limit your powers."

Zhao Tian raised an eyebrow in curiosity "Will something happen to me... if anyone found out about my physique?"

Xia Shenyi chuckled hearing this "If the people in the high star know about you... They would do anything to kill you or capture you hahaha."

The fuck? Didn't she just say that women would pounce on me if they found out about my physique? Now she is saying they would kill me! Is this woman stupid?

But this raised even more questions in Zhao Tian's mind. "Why would they kill me? My physique just gives me extraordinary human abilities... nothing big."

"I am sure cultivators can become stronger than that, right?"

A small smile spread across Xia Shenyi's cheeks "Do you know what your physique's name is?"

Zhao Tian shook his head "No!" He just came to know that he has this rare physique, then how the hell is he supposed to know about its name?

"The Honoured One's physique!"

"The Honoured one?" Zhao Tian asked and Xia Shenyi nodded her head "The one who has this physique has no restrictions or limits!"

"He who has this physique is not under the restraints of the heavens and he is free. He can cultivate faster than others and endlessly and there are no... limits!"

"No limits?"

With a nod, Xia Shenyi spoke "En. I said that there were two other people before you who had this Honoured One's physique, remember?"

"Yeah, I do!"

Xia Shenyi continued "Hm. The first one to have this physique broke the limitations of the mortal realm and finally became a God!"

Zhao Tian was surprised to hear this "God?"

Xia Shenyi giggled seeing his expression "What? Are you an atheist?"

"I am sure you are not talking about that kind of 'God'!" Zhao Tian remarked and Xia Shenyi couldn't help but giggle even more.

"Well, jokes aside... you truly have the potential of becoming God or even more than that... only if you are still alive to reach that stage."

"So that's why someone placed a seal to hide your physique and limit your powers. If the high-star people find out about your physique you are dead meat."

Zhao Tian raised an eyebrow "If there is a seal, how did you find that I have this physique?"

Xia Shenyi smiled "Heh, you are really smart. I found you have this physique because I also have a special physique."

"Oh? So, those who have special physiques can see other's special physiques?!" Zhao Tian asked in amusement and Xia Shenyi replied shaking her head "No, No... I found yours because I have a physique that could detect if others have rare physiques."

"So, that's how it is..."

Xia Shenyi rolled her eyes "But I have to appreciate the person who placed this seal on you. Even I couldn't sense the seal at first... but seems like the seal has gradually weakened over the past years and that's why I could find yours."

Zhao Tian frowned his eyebrows deep in thought "But who placed this seal on me?" He has no recollection of anyone doing anything to him. He lived with his mother and sister all his life...

Xia Shenyi also narrowed her eyes looking at Zhao Tian 'The Honoured One's physique. There's no way he belongs to this middle star where astral energy is low... Even in this high star, this is highly impossible. Maybe he is from the Astral realm?'

'And the seal is also very complicated, it only weakened because of his mysterious physique resisting it over the years. Just who are you, Zhao Tian?'

At this time, Zhao Tian remembered something "You said there are two people with this physique, right? What happened to the second one?"

"Oh? The second person was killed after a few years. Assassinated, to be precise."

"Assassinated?" Zhao Tian asked and Xia Shenyi spoke "Yeah, they feared what the physique holder would reach as the first one reached Godhood. So they killed the person in their childhood before they could reach their potential."

"Some high-level people don't really like when there is an entity which could surpass them, which could also be a potential threat to them in the future."

"And that's why, no one knew about the full potential of this physique holder. I heard that this physique could do miracles..."

Zhao Tian contemplated her words, So someone placed a seal on him to protect him. But who did this?

Xia Shenyi's eyes fell on his pendant and she asked "Do you know how you got this pendant?"

"Oh? I got this from my Mom. This belongs to my late father..." He stopped his words and realized something "Maybe the one who placed this seal was actually my father?"

Xia Shenyi shrugged "I don't know who did this, but that person is not simple and really wanted to protect you."

"And now that you know about this cultivation, do you want to cultivate? It'd be a shame if you didn't cultivate with that physique."

Zhao Tian nodded his head, he had already decided about this. Xia Shenyi smiled "Then I will teach you now and-"

Zhao Tian raised his hand interrupting her "We can do those things later, first we have to search for a way to exit this place."

Xia Shenyi sighed heavily expressing her frustration "If there was a way, I would have exited already. We have to wait till another space crack forms and still, we can only stay a few seconds outside."

Zhao Tian shook his head "If there is a way inside, there should be a way outside."

Xia Shenyi just smiled "Your efforts will be useless because there is no way outside... only entering not exiting. Do you think I spend all that time here sitting idle?"

Zhao Tian frowned, as she said she should have tried leaving this place many times. So am I really stuck here?

"Hehe..." Xia Shenyi got down from the table and sat on his lap seating her ass on his thighs perfectly while placing her hand on his bare chest "That's why I said, stay here with me..." she spoke seductively.

A sigh escaped Zhao Tian's lips "Stop with this fake temptation. You are obviously teasing me. Even if I push you now and force myself on you... you'd instantly kill me, you damn woman. I can see you are one hell of a monster." he spoke his blue eyes narrowing and it glowed.

Xia Shenyi giggled playfully "Well, I am from a high star so obviously I have higher cultivation and it's fun to tease you, you know?"

"And it is not fake temptation... I am really attracted to you!" she spoke her fingers softly tracing his cheeks. "A handsome face that could not be seen even in the high star and a physique which could break the restrictions of heaven, who wouldn't fall for you?"

So that's what she meant by women pouncing on me? Zhao Tian smiled "I will hear all of your yapping later. I have many things to do in the outside world so I really gotta leave."

"Your nonchalant behavior is also cute." Xia Shenyi spoke in a teasing voice. "And if you want you can leave no one is stopping you!"

'Is there really no way? But I want to leave now...' Zhao Tian thought in his mind and without knowing him, the tattoo on his wrist again appeared and shone a little.

thriish A huge space crack appeared in the room and both of them were startled. Xia Shenyi got down from his lap "The space crack has appeared again."

"If you want you can go out and look at your family for a few seconds, haha!" Xia Shenyi laughed.

Zhao Tian didn't respond to her and stood up from the seat touching the space crack. After him, Xia Shenyi also touched it leaving the space.

As they appeared in the bathroom, Xia Shenyi teased again "Take a deep breath inhaling air from this place cause you will be returning back soon."

Zhao Tian spoke in irritation, "Shut up, Shenyi!" A few seconds passed and the green pendant glowed again. "Shit, here we go again..." Xia Shenyi muttered in frustration and she disappeared.

But Zhao Tian was still in the bathroom. He was confused "Huh?" Do I still have more time? But even after a minute, nothing happened to him.

He opened the door and came out of the bathroom "What's happening?" he wondered aloud, his hand reaching out to grasp the pendant tightly "I am not sucked in anymore?"

creek At this time, Zhao Ying entered his room with a smile "Oh, you woke up soon today." She walked near him and saw him holding the pendant "Why are looking at this?"

"Big Sis..." With a smile, Zhao Tian hugged her in his arms letting out a gentle sigh of relief. As his arms wrapped around her, Zhao Ying's body tensed up in response to the unexpected hug, yet she couldn't help but feel the warmth radiating from her brother's body, embracing her chest.

"T-Tian'er?" Though a little surprised, she also hugged him back feeling the touch of his bare skin as his t-shirt got torn by Xia Shenyi. And this kind of skinship is normal for them.

Embracing her Zhao Tian frowned his eyes, today he came to know about an important thing in this world. Cultivation! The future could change into anything when it is revealed to the public.

And he has two most important people in his life who he loves dearly and will do anything for them. That's the main reason he accepted to cultivate. To protect his dear Mom and big sister.

Pulling back slightly from the embrace, Zhao Tian's eyes softened and he raised his hand softly patting her head 'I'll protect you, Ying'er...' he spoke in his mind as he leaned in gently, pressing a soft kiss to her forehead.

gasp Zhao Ying's eyes widened in shock by his sudden forehead kiss and her heart began to race wildly. *badump* H-Huh? Did I just get kissed on my forehead? he has never kissed me before... h-huh? Dream?

She could still feel the lingering touch of the warmth of his lips on her forehead. Her pink eyes quivered in intense emotion as she glanced into his tender blue eyes captivating her.

A soft blush crept over her cheeks and her lips trembled uncertain of what to say and all she could utter was only his name "T-Tian'er?"

With a warm smile on his face, Zhao Tian gently tucked her pink hair behind her ear and playfully pinched her nose "Go and get ready. Let's go to the university..."

Zhao Ying stumbled out of her shock and her face turned an even deeper shade of crimson as she replayed the moment in her mind. Trying to shake off her embarrassment, she stammered, "I-I better go and prepare myself..." She quickly dashed out of the room at full speed heavily embarrassed and Zhao Tian just chuckled seeing her antics.
