

# I alone am the Honoured One!

## *Chapter 36: The culprit!*

\*vroom\* A Lamborghini is smoothly screeching its tires across the night roads. Zhao Tian turned the steering wheel and called Chi Miya who was seated beside him "Miya!"

But Chi Miya remained unresponsive, her gaze fixated on the roads ahead, lost within the depths of her own thoughts.

Huh? But when she felt a pinch in her cheek, she snapped out of her thoughts and looked at Zhao Tian "Tian?"

Zhao Tian asked, "Do you have any suspect who would try to kill you?" A discontented sigh left Chi Miya's lips as she replied "No, I don't know who would do such a thing to our family."

Zhao Tian squinted his eyes "Well, I have a suspect in mind." Hm? Chi Miya, curious and intrigued, raised an eyebrow "Who is that?"

"It's so obvious, your Uncle."

H-Huh? Chi Miya frowned in disbelief "Tian... Our Uncle is my father's younger brother. He has helped a lot in our company over the past fe-"

Zhao Tian interrupted her yapping "He has connections with cultivators and seems quite shady. I will just check on him, if he is not the culprit then it's good, but I am pretty sure he is the one."

Chi Miya squinted her eyes hearing this. She didn't know that her Uncle had connections with cultivators.

"I'll drop you at your home and place a barrier to prevent anyone with killing intent to enter."

Barriers? Chi Miya was amused hearing this "O-Oh, Ok..."

...

As Chi Miya exited the car, she turned to face Zhao Tian, lowering her head in a respectful bow. "Thank you so much, Tian. You really saved my life and I don't know how I am gonna repay for this."

Zhao Tian let out a chuckle "Why are you being serious? Don't fret it." Hearing this, Chi Miya's eyes turned tender, and she gave a soft nod. "En."

Zhao Tian also placed a transparent barrier around the house.

\*vroom\* As Chi Miya gazed at the Lamborghini driving away from the villa, a deep sense of disappointment washed over her. She lifted her head to catch a glimpse of the moon and closed her eyes, trying to find solace in the peaceful night. "HE HAS A FUCKING GIRLFRIEND!!" she screamed letting out her frustration.

...

Hmm... Floating in the sky, Zhao Tian glanced through the hospital window looking at Chi Shui who was sleeping peacefully on her bed.

"So, Chi Shui was not attacked, only Miya has been. Well, let's go and see this Uncle of theirs..." \*woosh\*

...

Inside a hotel room-

"Huh? What do you mean by there is no response from them?" Chi Jin shouted at the person talking on his phone.

"Which means that they are dead and the assassination is a failure. Someone has saved the target." A cold emotionless voice was heard from that side.

"You pieces of crap! I gave you that much money and you can't even kill a woman? That Chi Miya? huh? Give my money back." Chi Jin expressed his frustration and anger towards the man on the other end of the phone call, berating him.

"Don't raise your voice at me. It will not be hard for us to kill you too. And once the transactions are initiated, there are no refunds. We have lost our men in this attempt... consider your money as compensation for that." \*click\*

H-HUH? Chi Jin's eyes filled with anger, eyebrows furrowing in irritation as he glared at the screen before him "Fucking shit!"

"Haha!" The oldman sitting comfortably on the sofa laughed wickedly seeing Chi Jin screaming in frustration "As I said, I would have gone to kill her... so you could take over the company."

Chi Jin took a deep breath and sighed "Forgive me, Master Ye. I should have listened to you first. Now I have lost a lot of money."

The old man's smile widened "So are you willing to seal the deal with our Sect? 20 percent shares and we will also give you protection. In this world, you know how powerful having a sect behind your back is."

Chi Jin once more pondered the terms of the agreement before finally giving a resolute nod "I agree with this."

"Good! Enter!" The old man spoke and the room's door opened as a man entered the room. Chi Jin frowned "Master Ye, he is?"

"He is my disciple. Bring him tomorrow with you and he will help you kill her." Chi Jin glanced at the man "Your disciple?"

The old man raised an eyebrow "What? Are you doubting him? He is in the 4th level of the True Astral Stage. To kill a normal human, he is more than enough."

Chi Jin gave a nod looking at the man "I'll appoint you as my bodyguard and will bring you to company tomorrow." The man frowned his eyebrows in displeasure "Don't talk to me as if you are my boss, you human."

Huh? Chi Jin was taken aback. The man continued "Just killing a woman. I will do it easily tomorrow."

Seeing him acting arrogantly, Chi Jin just sighed in his heart. he couldn't say anything back because the man is a cultivator "Um, okay!"

At this time, the oldman remembered something and asked "Even if she is dead, are you sure you can take over the company completely."

Chi Jin smirked "Among the shareholders, there are people who allied with me embezzling the company's money, and after she is dead, when it comes down to voting for the next President I will have many votes and I am her Uncle so..."

The Oldman gave a small nod and after a bit of talking Chi Jin stood up "Then, I am leaving Master Ye." he spoke with a bow and left the room.

After he left, the oldman glanced at his disciple "Luo Bo, you know how important this deal is for our sect. So tomorrow your work should be flawless."

Luo Bo bowed "Yes, Master." The oldman gave a nod and stood up "I am going back to our sect. Finish the mission and come later."

...

Zhao Tian leisurely enjoyed his tea while eavesdropping from the other room and overhearing the conversation between Chi Jin and the old man.

Outside, Zhao Tian's hotel room a waitress stood with a serving cart. She again examined her hair "Yeah, it's good... hehe. He is really handsome I wonder if I can get his number."

A smile appeared on her lips and opened the door as she entered pushing the serving cart into the room. "Mister, do you need something to eat?"

Zhao Tian stood up from the sofa "You came at the right time." he placed the teacup on the cart and handed over the room key to her.

"Here is the key. Cancel my reservation for this night?" he said coming out of the room.

ヽ(O\_O)? Huh? The waitress stood there dumbfounded like a statue. He left like that?

*Chapter 37: No plan?*

Chi Miya stood in front of the full-length mirror, butt naked as she examined every curve on her body. She turned back to get a better view and saw her ample thighs and ass.

"What is it I am lacking?" She muttered under her breath and looked down at her boobs. "As long as his palms can hold?" she slowly raised her hands and grabbed her boobs feeling the softness "It is big so of course it would feel good for him to grab!"

"Maybe I should buy a bra for my size and wear it around him. With that, he may get interested in me..."

Then she rotated her arms "Hmm... the pain has decreased a lot. The pill is super good." Then she looked at her ass "He also saw my ass right? even though I wore underwear."

\*ring\* The sound of the phone ringing pierced the silence around her and a small sigh left her lips "Glad I didn't bring the phone with me during the drive." She walked to the bed and saw it was Zhao Tian, she hurriedly picked up the call "Tian?" she sat on the edge of the bed holding the phone close to her ear.

"Miya... as I thought it is your Uncle who has planned to kill you." She heard his voice from the phone and her eyes widened in shock "W-What? Uncle... he."

"Yeah, and there are many other shareholders who are allied with him and till now they have embezzled a lot of money from the company behind your back."

Chi Miya was taken aback, startled by hearing the information. But then she realized something and her eyes trembled "If my Uncle is the one who wanted to kill me, then the one who killed my f-father is..."

"Yeah, it seems like it should be your Uncle's doing too."

Chi Miya clutched her forehead in dread as she digested the information. The Uncle whom she trusted for years was actually the one who killed her parents. The realization left her feeling lost and betrayed, struggling to come to terms with the harsh truth of his betrayal.

"I really didn't expect this..." Chi Miya spoke with a deep sigh. Zhao Tian spoke, "Well, they are planning to kill you tomorrow with a cultivator."

"K-Kill me with a cultivator?" Chi Miya asked in shock. "Yeah, don't worry...I'll be there tomorrow, and for the rest, I will explain in the morning tomorrow."

"Um, okay."

After speaking for a while, Zhao Tian canceled the call and floating in the air he glanced at the mansion in front of him "Let's see if I can get something useful."

\*thud\* Chi Miya fell back on her bed naked, her boobs jiggling, as the mobile slipped from her hands. "Tian..." A soft sigh escaped her lips as she remembered the embarrassing situation in the bathroom her mind flooding with the face of Zhao Tian.

A blush crept over her cheeks remembering her own bold words "If only he had grabbed my breasts there..." she raised her hands softly groping her own boobs.

"Hnngh~!" She let out a soft, kitten-like moan as she gently fondled her breasts, imagining how he would have handled them, fondling them just like she was doing. "He would have grabbed them like this Haangh~ squeezing them... Haangh Tian~~~"

"T-Then with his fingers he would softly caress and tease my nipples..." she uttered as she softly pinched her nipples "Haanghh~! T-Tian... Tian..." as she continued to fantasize about his touch.

"A-Angh~! Tiannnn~ gentle..."

This woman was almost killed four times a day, came to know that she got betrayed by her Uncle and now she is masturbating for the man who indirectly rejected her.

...

Zhao Tian drove the Lamborghini into Chi Miya's villa and saw her standing outside. "Hop in, we can chat as we drive,"

Seeing him, Chi Miya heavily blushed and gave a slight nod as she entered the car. Seeing her beet red face Zhao Tian frowned "Why is your face red?"

"I-I- um Nothing!" How can she say that yesterday night she masturbated thinking about him ravaging her?

"Well, leaving that aside, do you have any plan, Tian?" Chi Miya asked with a little cough clearing her embarrassment and Zhao Tian raised an eyebrow "Plan? What Plan? Let's just go and see how things are gonna unfold."

Eh? Chi Miya was dumbfounded. Zhao Tian chuckled and took a set of papers from the back seat "But I got some evidence I guess." he said passing the paper to Chi Miya and starting the car.

Reading through the contents of the papers, Chi Miya was shocked "These are the shareholders and the list of money they stole from our Company. And the amount is... huge. How did you got this?"

"I just snuck into your Uncle's house." He did it offscreen.

"O-Oh!" Chi Miya narrowed her eyes "Maybe we should just call the police and arrest my Uncle and the other shareholders for embezzling the money."

"Police? Hm.. Don't you wanna kill your Uncle?"

H-HUh? Chi Miya was startled to hear this. "Kill my Uncle?" Zhao Tian shrugged "Why not? He killed your parents... don't you want revenge? Or are you in 'I have no enemies phase'?"

"N-No, I mean, you are casually talking about killing a person. You would get arrested by police for mur-" but then she remembered how he seamlessly killed those assassins with no concern.

She felt a shiver run down her spine, again remembering his cold and brutal nature. Looking at him in the corner of her eyes, she asked "I-Is it very normal for you to kill people because it seemed easy for you to kill those assassins?"

Zhao Tian rolled his eyes "I don't know... Maybe because I have played many PvP and killing games, I felt it easier. And you just gotta kill in life or death situation."

"O-Okay." Killing people in-game and real life is not the same. She looked at him stupefied.

"And by the way, I have arranged for a meeting with all the shareholders... so how about we call the police and catch them all at once?"

...

As Zhao Tian and Chi Miya entered the company, everyone greeted her. However, the sight of the strikingly handsome young man by Chi Miya's side caught everyone's attention and sparked whispers among the staff. "Did she finally get a boyfriend?"

"Our President is committed?"

As they strolled closer to her workplace, two gentlemen approached them from the opposite direction. Chi Jin spoke with a smile on his face "Good morning, Miya."

Chi Miya smiled back "Good morning, Uncle." she responded as she glanced at the man standing beside Chi Jin. Noticing her gaze Chi Jin replied, "He is actually a friend of mine who also owns a company, he just came to visit our company and me."

"Hm.." Chi Miya gave a nod and Chi Jin asked "Miya, why did you call for a sudden meeting today?"

A sigh left Chi Miya's lips "Uncle, someone actually tried to kill me yesterday..." she spoke. Chi Jin was startled "S-Someone tried to kill you?" he asked in shock "Who would try to kill you?"

Chi Miya shook her head "I don't know Uncle... Fortunately, Tian was with me and he saved me. If not I would have been dead right now."

Chi Jin glanced over at Zhao Tian and a small smile formed on his face "I remember seeing you young man. Thank you for saving Miya." Zhao Tian gave a slight nod.

Chi Miya spoke "Yeah and there are also some things I wanna discuss that's why I called for a meeting." Chi Jin smiled "Oh, I see... let's see later in the meeting. And be careful... while going outside."

Chi Jin and Luo Bo walked away from them. A frown appeared on Chi Jin's face and he glimpsed at Luo Bo whispering "Is he a..."

Luo Bo shook his head "No..." Huh? "Then how could he?"

Chi Miya clicked her tongue in disgust "Tch! How can he talk and smile when he killed his own brother and now trying to kill his niece."

"Tian, the man beside him..."

"A cultivator!"

*Chapter 38: The Culprit was caught!*

The novel's cover got removed for being explicit and now I can't update it. I can update after 3 days... I am so sad.

-----  
Chi Miya's workplace-

Chi Miya urged Zhao Tian "The plans are already set. Come on, let's go Tian. It is already time..." Zhao Tian shook his head lying on the sofa "Nah, wait a little..."

"Give them tea and something to eat in the meantime."

H-Huh? Chi Miya looked at him blankly "What are you doing?"

Zhao Tian rolled his eyes "I am taking a little rest." Chi Miya walked over to him shaking his body "Tian, get up..."

"Just let me rest for a while." Chi Miya's lips twitched seeing him being so casual. "Maam!" Chi Miya's PA walked into the room "The meeting is ready and the share holders are already there."

Chi Miya glanced at Zhao Tian smiling at her. A sigh left her lips "Do as I say."

...

In the conference room, around the large table, many men in suits are discussing. "Why the sudden meeting?"

"I don't know..."

"Mr.Jin, do you know why this meeting is?" Chi Jin let out a sigh "Miya will come and say it herself."

"By the way, Mr.Jin, who is it beside you?" A man asked looking at Luo Bo sitting next to Chi Jin. "He is my friend, soon he will also become an integral part of our company. So I brought him for this meeting."

All of them nodded in agreement without any hesitation or doubt. Chi Jin holds a highly esteemed position within the company and he also happens to be the President's uncle. As a result, they are all too afraid to challenge or speak up against him.

At this time, a waitress entered inside pushing a serving cart with tea cups and a kettle. Following closely behind her was Chi Miya's personal assistant, a warm smile lighting up her face as she delivered the news, "Due to unforeseen circumstances, Ma'am will be unavoidably delayed for the meeting. Please enjoy some tea while you wait."

The shareholders frowned hearing this "She called us for a meeting and she is late?" The PA gave a slight nod "Maam got up with some things right now. So please be patient."

...

After a while, Zhao Tian and Chi Miya entered the conference room and everyone stood up seeing her. "President!" Chi Miya gave a nod and sat on her seat and Zhao Tian took a seat next to her.

The arrival of the newcomer piqued the curiosity of everyone present, resulting in all eyes being locked on him. After a brief moment of intrigue, they all again sat in their seats.

Out of curiosity, one of them voiced "Madam Chi, the young man beside you is..." Chi Miya looked at the man and then glimpsed at Zhao Tian "He... is my boyfriend."

As she spoke, she turned her gaze towards him, curious to see how he would react. However, Zhao Tian just sat there nonchalantly his eyes scanning all the people in the meeting.

The others were amused hearing this. Chi Miya frowned "Keeping my personal life aside, I recently noticed a large amount of money missing from our company's accounts, which was not accounted for in any of the financial calculations."

H-Huh? The shareholders who were allied with Chi Jin panicked upon hearing this. It wasn't just a recent occurrence, but rather a scheme that had been ongoing for years, since the death of the previous president they have been embezzling money and it is really a huge amount.

Chi Jin squinted his eyes in shock 'How did Miya discover this? I was sure I did without leaving any error in the calculations...'

Chi Jin asked 'surprised' "What? Our company's money..."

"What are you saying, President?"

"Are you saying that someone is embezzling our money?"

"..."

Zhao Tian saw some genuine people voicing their concerns, while some shareholders who were the culprits were also acting surprised.

Looking at these money dogs acting, he got irritated "Miya, fuck this shit!" Huh? His outburst caught the attention of everyone in the room. Chi Miya was taken aback. What? This is not in their plan!

Zhao Tian narrowed his eyes "Let me get this straight. Someone tried to assassinate Miya yesterday."

A wave of shock and surprise washed over them as they looked at Chi Miya in disbelief "Madam Chi, what your boyfriend saying is..."

Chi Miya let out a sigh acting along with Zhao Tian "Yeah!" What is he planning?

"W-What?"

"But why would anyone want to kill our President?!"

\*thik\* Zhao Tian placed his mobile on the table and everyone was confused seeing his actions. Huh?

A voice note played "You pieces of crap! I gave you that much money and you can't even kill a woman? That Chi Miya? huh? Give my money back?"

The shareholders heard someone raging and they felt the voice familiar and they immediately recognized this. Isn't this...? Without hesitation, all eyes turned towards Chi Jin.

A deep silence blanketed the room, leaving everyone present in a state of utter stillness. Even the shareholders who had previously aligned themselves with Chi Jin couldn't help but feel a sense of unease creeping into their hearts, causing a wave of panic to wash over them.

Chi Jin's eyes widened in shock upon hearing the phone conversation he had with the assassins. His entire body trembled with fear and stress 'Fuck! Fuck!' he kept cursing in his heart.

He slowly turned his eyes and saw Chi Miya looking at him coldly. 'Shit! Miya's mad... does she already know? Fuck!' Dread and despair washed over him, his mind processing to get out of the situation.

One of them stood up "What is this Chi Jin? How can you do this to our President?"

The shareholders who were allied with Chi Jin also began to act "C-Chi Jin, I never knew you were this kind of person."

"Yeah, Madam Chi... arrest him and send him to prison."

"We shouldn't have such people in our company."

Chi Jin glanced at the people who were opposingly voicing against him 'You fuckers are betraying me now?'

Chi Jin retorted back looking at Zhao Tian "T-This voice note is not real, it is fake. It must be AI shit or something... Boy, do you know who you are playing with?" He said glaring at Zhao Tian.

Luo Bo who was looking at the drama clicked his tongue disappointed. Frustrated he abruptly stood up from his seat "I am tired of this playing Chi Jin. Let's kill her here and now."

He narrowed his eyes and focused on Chi Miya before charging towards her in a flash. With a confident smirk, he closed the distance between them and prepared to strike 'I don't even need to use my cultivation technique.' As his fist neared her face, he could already sense victory within his grasp.

H-Huh? Confusion filled his mind as he observed Zhao Tian rising from his chair with a smile as he was waiting for this. Just as he was about to strike Chi Miya with his fist, \*swoosh\* Zhao Tian swiftly intervened, firmly clutching Luo Bo's head and forcefully slamming it onto the table.

With a resounding \*boom\* Luo Bo's body was violently blasted onto the table, the impact shattering it into two pieces. "Arghh!!" The excruciating pain caused him to let out a guttural scream as his face slammed into the hard floor below.

\*creek\* \*thud\* The people sitting around the table abruptly stood up from their seats in fear as the table broke. W-What just happened? Confusion and fear filled the room as they tried to comprehend what had just occurred.

They saw Chi Jin's friend jumping at Chi Miya but in the next instant, he was blasted onto the floor.

Every single person in the room shifted their gaze towards Zhao Tian, their eyes wide with a mix of trepidation and anxiety and they instinctively gulped their saliva, feeling their heartbeats accelerate in a state of panic and fear.

\*cough\* \*cough\* Luo Bo coughed blood as he writhed in agony. The excruciating sensation seemed to permeate every inch of his body, leaving him feeling utterly helpless. "Urghhhhh!"

Chi Jin took a step back in terror as he saw Luo Bo squirming and screaming under Zhao Tian's feet. H-How could this ordinary man overpower a powerful cultivator like Luo Bo?

Zhao Tian smirked as he pressed his foot down on Luo Bo's head, all while casting a disdainful glance at the horrified Chi Jin "Even now you are trying to kill Miya, huh..."

"Argggggghhhhhh!!" But the guttural cry and screaming noises of Luo Bo were heard across the room as Zhao Tian stomped his foot on his head, crushing his head against the floor.

"You are annoying!" Zhao Tian spoke with a swift kick to Luo Bo's face. \*thoom\* The force of the blow sent Luo Bo flying across the room, where he collided with the wall and crumpled to the ground, rendered unconscious by the impact.

*Chapter 39: Case closed!*

The shareholders who were with Chi Jin, their fear grew stronger as they witnessed Zhao Tian brutally thrashing Chi Jin's friend. In light of this alarming situation, their primary concern shifted to ensuring their own well-being, prompting them to take immediate action.

One of them approached Chi Jin and forcefully grabbed his collar, expressing his outrage "How dare you try to kill our President... you bastard."

"You have been with us for many years and now you have betrayed us!"

"Can't believe you did such a thing! Chi Jin!" One of them yelled and punched at Chi Jin. Chi Jin glared at the man who punched him "Don't act! Aren't yo-"

"Shut up! Don't speak!" The man again punched Chi Jin keeping his mouth shut.

\*creek\* \*thud\* At this time, the door suddenly swung open, and members of the police force swiftly made their way inside. "Get away from him."

Seeing the police, the shareholders were surprised. 'How did they come here quick? Was this their plan all along?'

The men backed away from Chi Jin as the police swiftly apprehended him. "Let me go! Do you know who I am? Urghh! I will talk to your officials...." as they forcefully dragged him out of the room.

When the police approached the unconscious Luo Bo, Zhao Tian spoke "I'll take care of him. You can leave."

Um... The policemen looked at each other and nodded "Ok, then!"

After the police left, another silence engulfed the room. The shareholders collectively released a sigh of relief, their nerves still tingling from the chaotic situation that just happened.

"Tch! I am so disappointed in Chi Jin..."

"Yeah, I am so ashamed to say that I am friends with him."

"A bastard who tried to kill his own Niece."

One of them smiled at Zhao Tian "Good thing, we have Madam Chi's boyfriend. Seems like he knows some martial arts and is powerful. If not, I am scared something might've happened to our President."

"Y-Yeah, Her boyfriend must have saved her from the killers too." They tryna smooth talk to get some brownie points from Zhao Tian.

Zhao Tian gave a nod "Now that's the culprit is caught. Let's see the next main subject." he said as he calmly sat on his chair.

Huh? Next subject? The shareholders panicked that there are still some things that need to be talked about.

"Some of you in this group are allied with Chi Jin and have embezzled a lot of money from Miya's company. You have the opportunity to admit your crimes and as long as pay back the money..."

Several of the shareholders were feeling nervous as they listened to Zhao Tian's words, with beads of sweat starting to form on their foreheads. Despite the pressure, they refused to confess to any wrongdoing and remained silent standing there.

"Still reluctant, huh?" Zhao Tian glanced at Chi Miya and Chi Miya's PA quickly came to him handing over some documents.

"The documents in my hand have the illegal transactions done by the people who embezzled company funds over the years."

\*gasp\* Shocked gasps can be heard as everyone involved in the fraud exchanged bewildered glances. Each and every one of them turned their attention towards the documents presented by Zhao Tian, their eyes widening in disbelief as they recognized their own names inscribed upon them.

One of them voiced "T-Those are fake. This is not real... I didn't take any money." tap Another man quickly approached "I-I need to see the proof for myself.. This is obviously fake."

Zhao Tian shrugged and handed over the documents. As soon as he got the documents, the man vehemently tore them \*treeek\* \*treeek\* he tore them into pieces, and with his mouth he tore them off into shreds. \*num\* \*num\*

"Haha, now there are no proofs to arrest us." Eh? Chi Miya looked at him dumbfounded. Is he an idiot or something?

Zhao Tian raised his hand and Chi Miya's PA came placing another set of the same documents in his hand. H-Huh? the man who tore the documents was stupefied.

Chi Miya eyed her PA and she walked to the room opening the door. As the door opened, even more policemen quickly dashed inside. They were already informed who the culprits were.

Some of the shareholders were persistent and struggled "N-No, take your hands off me... I am a rich man, you know?"

After a prolonged period of difficulty and resistance, the police officials successfully removed the perpetrators from the conference room. Following this, a police officer approached Zhao Tian and Chi Miya.

"Madam Chi, after investigating we will give you a clear report, Additionally, we will follow through on your request to look into the potential involvement of any other employees in the embezzlement scheme."

Chi Miya gave a nod "Thank you, Mr.Bai." the policeman nodded and walked out of the room.

Chi Miya glanced at the few shareholders who remained loyal to the company. Out of the group, one individual took a step forward "Seems like there are many people among the shareholders who were in this embezzlement."

Chi Miya gave a nod "Yeah, even I was surprised..." Then the man glanced at Zhao Tian "Your partner is really great as he saved your life and also caught the culprits."

Chi Miya glimpsed at Zhao Tian and nodded. The man spoke, "Then we will take our leave, President... call us if you need something."

Chi Miya gave a nod and one by one they left the conference room. "Miya, you go and handle the things with the police. I'll be back after a while." Zhao Tian said walking towards Luo Bo.

Seeing this, Chi Miya responded with a nod and walked out of the room followed by her PA. Zhao Tian gazed down at the motionless body of Luo Bo and delivered a swift kick to his face "Oi, get up!" cough With a sudden cough, Luo Bo stirred and slowly opened his eyes, struggling to regain consciousness.

Zhao Tian firmly grasped the man's collar and hoisted him off the ground "I have some things to talk about with you." he spoke narrowing his eyes. \*woosh\*

*Chapter 40: A little info!*

Floating in the air near the clouds, Zhao Tian squinted his eyes grabbing Luo Bo's neck in his grasp.

"H-Huh? HUH???!!!" Luo Bo let out a shrill cry of disbelief, his voice quivering with fear as he desperately shook his legs and looked down, his eyes trembling in dread sending a shiver of terror down his spine. He is so fucking high in the air.

As he lifted his gaze to meet the icy stare of Zhao Tian, his lips quivered in utter shock "Y-Your cultivation is above Heaven Astral Stage?" he stammered, his voice barely above a whisper. Only the people in the Heaven Astral Stage and above can fly.

Luo Bo's heart sank, he never knew there was a powerhouse residing with the normal humans. Aren't all the powerful people residing in the Zhenzhu?

"Tell me why you are after the Chi company allying with Chi Jin?" Zhao Tian asked in an indifferent tone. "Haah!" Luo Bo, still catching his breath, exhaled heavily in response, his heart still gripped by a lingering sense of fear.

"If you don't answer, I'll kill you." Zhao Tian said tightening his grip on Luo Bo's neck. "Urghh!" Luo Bo squirmed in pain feeling the tight grip "Y-You are gonna kill me even if I say, right?"

Zhao Tian nodded as it was obvious "Of course. I am not foolish enough to let my enemies go." Luo Bo knows the cultivation world better, weaker ones always get trampled under the stronger ones.

"Haha!" Luo Bo laughed mockingly "Then I won't say anything about my sect. I am gonna die anyways."

A small smile appeared on Zhao Tian's lips "Really?" Seeing his smile, Luo Bo frowned "What are you smiling about?"

Zhao Tian spoke still keeping a faint smile "If you tell the truth, I will kill you instantly, a peaceful death. If you didn't... I'll torture you every day by slowly ripping off your fingers, then your limbs, and then... I'll use high-level healing pills to regenerate your limbs and I'll do the same again."

H-H-Huh? Luo Bo's body petrified in shock just hearing about the torture from Zhao Tian's mouth and seeing his serious eyes Luo Bo was terrified. H-He is not joking!

So he decided to tell the truth "W-We are an evil sect, who kills peoples and are not under the recognition or allied with the world government."

"And we currently ran out of money in our sect and we don't have good relationships with any great families in the world. Meanwhile, many prominent sects in Zhenzhu have connections with great families providing them protection."

"S-So we can't target those great families, so we narrowed our target to companies like Chi company and we allied with Chi Jin for the shares in the company. With that much money, our Sect can live for many years."

Zhao Tian raised an eyebrow "So your Sect is within the Zhenzhu?" Huh? Luo Bo was confused "What are you talking about, those Sects will kill us if they see us evil sects... we are hiding on the outskirts of Zhenzhu."

"Is that so?" Zhao Tian's words slipped out in a barely audible whisper, leaving Luo Bo utterly bewildered. Zhao Tian is a cultivator above Heaven Astral Stage and he doesn't know about this basic stuff?

"What do you know about this Zhenzhu?" Zhao Tian asked curiously, wanting to know more. "Why are you aski-urrghhhh" he grunted in pain as Zhao Tian clutched even tighter.

"Just answer my question." A cold voice left Zhao Tian's lips.

"Y-Yes, Yes..." Luo Bo, writhing in agony, vigorously nodded his head as he spoke. "Z-Zhenzhu is ruled by the royal family with some major Sects directly under them and many minor sects."

"A-As a disciple of the Elder in our Sect, we are not taught much about the Zhenzhu and what lies inside it. This is all I know."

Zhao Tian narrowed his eyes and Luo Bo felt his body being pressured. "Arghhh!!! W-WHY?" "Is that all you know?"

"\*cough\* Y-Yeah, that's all I k-know."

Zhao Tian sighed in his heart, well what did he expect from a disciple of a third-rated evil sect?

"Just die." Zhao Tian let go of his neck and released his cultivation pressure, crushing Luo Bo's body into the forest below blasting his body into pieces.

"Let's return for now!" \*woosh\*

...

Zhao Tian quickly flew his way back to Chi Miya's office at the company, seamlessly entering through the balcony to reach her workspace.

Chi Miya, who was seated at her desk, was taken aback when Zhao Tian unexpectedly walked into her office. "Tian?" she exclaimed in surprise.

Zhao Tian approached Chi Miya and took a seat in front of her at the table. "So, is it all over?" In response, Chi Miya let out a heavy sigh, "The police are still on the ground floor arresting the shareholders and also some employees associated with them. This has become a huge headache for me."

Zhao Tian chuckled faintly "If I was you, I would just sell the company... You are already rich so you are not short of money. And you just lost a lot of shareholders, it will be very hard to maintain from now on."

Eh? Chi Miya looked at him dumbfounded. "How can I let it go? This is my Father's company..." Zhao Tian just shrugged "Then you have to work harder."

Chi Miya sighed wearily, her mind suddenly recalling something important "Tian... I have your mobile." she mentioned, reaching into a nearby drawer and retrieving the mobile out of it.

"You placed it on the table for everyone to hear the voice note and then you shattered the table. I just found it in the debris."

"Oh!" Zhao Tian took the phone from her hand and noticed there were two missed calls from Zhao Ying. Chi Miya frowned "I saw someone calling..."

With a nod, Zhao Tian got down from the table calling back Zhao Ying.

\*ring\* 'Tian'er, where are you?' he heard her lazy voice.

"At Miya's company right now."

'Oh, it is very boring to watch TV without you... come home quicker."

Zhao Tian chuckled "Ok, I'll be back now."

Zhao Tian glanced over his shoulder at Chi Miya "Miya, I am leaving." Chi Miya's heart shook seeing him leaving after calling his girlfriend "Tian!" she hurriedly called him.

Hm? Zhao Tian stopped and turned his head "Miya?" \*cough\* A faint cough escaped her lips as she mustered the courage to inquire "The number is saved as Babe. Is that your g-girlfriend?" she wanted to confirm whether it was really his girl or not.

As soon as she asked the question, a surge of anxiety coursed through her, her heart beating rapidly as she anxiously awaited his response.

Zhao Tian gave a nod "Yeah, she is." Chi Miya's eyes teetered with emotion as she tried to muster a forced smile "I see..." masking the hurt she felt in her heart as she saw Zhao Tian leaving her office.

After he left, she fell on the table "Urgh! This sucks!" a frustrated whisper escaped her lips. Who is his girlfriend? Is she prettier than me? Maybe younger than me? Big breasts than me? Haah!

The thoughts swirled in her head, leaving her feeling disheartened and insecure.

...

When Zhao Tian came downstairs, his eyes fell upon the scene of police officers herding the shareholders into waiting police cars. However, amidst the chaos, a familiar face caught his attention, causing a smile to slowly spread across his lips.

He approached the woman in the midst of the bustling crowd, reaching out to gently grasp her hand and effectively removing her from the chaotic scene that was swarmed with police officers.

Zhao Tian smiled looking at the surprised woman in front of him, "Long time no see..." His eyes glanced at the badge on her chest, "Cai? Is that your last name?"

"You handsome guy!" The woman exclaimed looking at Zhao Tian and her eyes shifted downwards, noticing that Zhao Tian was still gripping her hand. "Let me go or I'll push you into prison for sexual harassment," she spoke narrowing her eyes.

Zhao Tian playfully taunted, releasing his grip on her hand and smoothly wrapping his arm around her waist. "You will do that?" he quipped, a mischievous glint in his eyes. "I still have a kiss I have to give you." gently lifting her chin with his finger.

"N-No!" That woman shook her head pushing away his hand from his chin "You first teased me, but now you are retorting when I tease you back?" Zhao Tian asked with a chuckle.

The woman sighed "I am sorry for teasing you. I thought you were a serious person and you would just brush it off. Who knows you were a bastard."

"Bastard?" Zhao Tian pinched her lips with his fingers "It's not nice to call someone like that? Seems like I have to punish these lips."

"Hnngh!" The woman let out a frustrated groan as she attempted to break away from Zhao Tian's grasp on her lips, but he continued to playfully tease her, refusing to let her escape.

"Miss Cai!" At this time, another policewoman came looking for her friend, and when she saw her friend being hugged by a handsome man and him pinching her lips, caught the policewoman completely off guard.

The female police officer quickly averted her eyes and sheepishly apologized "I-I am sorry for interrupting your kiss."

The woman pulled back from Zhao Tian's embrace and walked near to the policewoman. The policewoman asked "Miss Cai, I didn't know you had such a hot boyfriend.. he even came to see you in between your work."

The woman turned her head to look at Zhao Tian and saw him teasingly smiling at her. Seeing this, her lips twitched "Bastard!"

Zhao Tian's smile disappeared as a frown appeared on his face "It's quite weird." he muttered, his gaze fixed on the woman he had playfully teased just moments before.

"Well, I'll just go and see Ying'er!"
