

Hot Meets Cold Chapter 2

Heh

But change, how is she going to change?

There must be a way out!

At least she was no longer the stupid, impulsive, ignorant girl at the mercy of others seven years ago.

“Oh my God! 000 “0 At that moment, an excited shriek suddenly came from her ears.

Immediately, she saw the face that she would never forget, the face that was so charming and unguarded that she would never forget it.

Her best friend in her previous life – Shen Mengqi!

“00, how could he do this to you, Si Shao!” Shen Mengqi rushed over and grabbed her hand, her gaze so shocked that it fell on the messy bed mattress and her body covered in bruises and marks.

Ye 000 looked quietly across at the seemingly caring girl, and for once, she didn't miss the flicker of cynicism and gloating at the bottom of the other girl's eyes.

“000, what's wrong with you? Are you alright! 0Don't scare me!” Shen Mengqi saw the strange look in her eyes and assumed she was irritated, asking anxiously.

Ye 000000 withdrew her hand without moving and shook her head, “Nothing.”

Back then, Shen Mengqi was responsible for her being tortured so badly by Si Yehan.

She had always thought that Shen Mengqi was sincere in treating her and had even thought that she would be her future sister-in-law for a while, but she did not know that Shen Mengqi's real purpose for staying by her side was Si Yehan.

She treats Shen Mengqi as her most trusted friend, and she does not dare to tell anyone but her about all the bad things between herself and Si Yanhan.

However, on the surface, Shen Mengqi is helping her, but in reality, she is using her to get close to Si Yanghan, and she is provoking her relationship with him at every turn, so that every time she is tortured to death by a furious Si Yanghan.

Not only did she not notice, but she was also grateful for Shen Mengqi's “advice” to her.

Looking at herself in the mirror, she couldn't help but smile bitterly.

In fact, she agreed with Shen Mengqi's idea of making her look ugly.

She didn't care what others thought of her, as long as she could make Si Yanhan dislike her.

However, she had never expected that even with such a ghostly look on her face, Si Yanghan would be able to take her down.

"How can it be okay when it's like this! Don't worry, I'll definitely help you!" Shen Mengqi looked as if she was deeply in love.

In her previous life, Shen Mengqi was also like this, righteously offering to help her escape from Si Yanghan's side, and even went to Gu Yueze for help.

The end result was that Shen Mengqi had already sold her out privately and told Si Yanghan that she was going to "elope" with Gu Yueze.

This incident completely intensified the conflict between her and Si Yehan, and from then on, Si Yehan's temperament became even more violent and unpredictable, and his possessiveness towards her was even more terrifying

The actual fact is that in her previous life she was so stubborn that she couldn't even pull back, and she listened to Shen Mengqi's words, and she was banging her head against the wall again and again.

The Ye family's revenge has yet to be avenged, her mother and father are still waiting for her to return home, and she has to pull her brother back from the wrong path, she has too much to do.

She needed to stabilise Si Yanghan, and definitely not do anything else that might anger him and create such a terrible enemy for herself.

"Wait for me!" Shen Mengqi said a bunch of false words to her again to herself, and left before she could wait.

After Shen Mengqi left, the helpless and fragile expression on Ye Mengqi's face instantly turned into coldness and numbness.

Time and time again, she was encouraged to commit death, and it seemed that she would not rest until she was dead.

Then let's see

Let's see who will die this time!
