

C153 It's the First Kiss

Liao Xiaoyun let out a heavy breath and gave Zhao Qian a punch on the chest, grumbling, "You are related here, why didn't you tell me!? It causes me to worry for nothing. I hate it! "

"Should I tell you what color my underwear is?" Zhao Qian teased.

Liao Xiaoyun blushed and hit Zhao Qian again. "Can you be more serious?"

Zhao Qian smiled and replied, "I'm very serious. I don't have to tell you all my secrets, do I? "It's not like you're my person."

Liao Xiaoyun pouted and said, "If your status were a little higher, you wouldn't have become nothing more than a nobody to me. However, with your current identity, you definitely won't be able to do so. Even if I did, my father wouldn't. I would never have been with anyone without the blessing of my parents. "

Zhao Qian rolled his eyes and replied, "You're thinking too much. If you're willing, I'm not interested. "Where do you want to go for dinner?"

Liao Xiaoyun glared at Zhao Qian angrily for a while, then replied coldly: "Go to Donghai Hotel. You may never have the chance to eat in such a high-end place in your life, so I'll take you to have a look. "

Zhao Qian almost laughed out loud, but it was not bad going there. At least it was his place, so he didn't say anything.

"Alright, let's go." Zhao Qian replied calmly.

Liao Xiaoyun said with a look of disdain: "He's indeed a bumpkin, he doesn't even know Donghai Hotel, and actually has this kind of reaction."

Zhao Qian pretended that he did not know what level the Donghai Hotel was at, and replied: "What you said is very interesting, isn't it just a restaurant? Do I have to be very excited? "

"Forget it!" Why tell you so much, you don't understand! "Let's go, I'll lead the way. You follow me." Liao Xiaoyun replied helplessly.

The two of them got on their cars and rushed to Donghai Hotel.

However, in two days, the freshmen will be reporting. There were many people in the Donghai Hotel who had gone to university preparing wine for the celebration, and when the two of them went there, there were already no seats in the hall.

Liao Xiaoyun felt embarrassed and pleaded with the waiter, "Please help me take a look. The customers at the tables are almost finished. We'll be there in a moment."

"I'm sorry, but the hall is almost completely filled today. The remaining tables were full of guests, and it was estimated that it would take at least two hours to finish. If you two are very satisfied with our restaurant, you can open a box. It's the start of the school year, so our room fees are at a discount of 50%. "

Although Liao Xiaoyun was a fuerdai, she only had a few hundred thousand dollars on her. One meal in the main hall was enough money, but the basic expenses alone in the room were a little over 100,000 yuan. This was a bit beyond what she could bear.

Honestly speaking, based on their relationship, Liao Xiaoyun wasn't on the point of borrowing money, or even having to treat her father to a meal when asking for money.

However, she was the one who suggested coming here to treat everyone to a meal. If she were to leave just like that, she would lose a lot of face as well.

Zhao Qian also didn't want to embarrass Liao Xiaoyun, so he said, "Why don't we go somewhere else. It's just a meal, there's no need to waste money. "

Just as Liao Xiaoyun was about to step down the slope, the waiter said with a look of disdain, "Handsome, what you said is wrong. Being able to eat here is a type of honor, to be able to open a room here is enough to show off for a while in the circle of friends. For the poor, eating is eating. But for the rich, eating is also a form of social interaction. Think about it. Do people think you're amazing when they see you eating here? Would you like to work with someone like that, or would you like to work with someone who eats at a roadside stall? Of course, you really have no money, so you have no choice but to eat at a roadside stall. "

Zhao Qian disliked the fact that his employees looked down on customers the most. Regardless of whether the customers were rich or poor, as long as they came to visit, they were customers. Guests were Gods, so how could he have an expression of contempt towards God?

"You're new here?" Zhao Qian asked coldly.

"Does this have anything to do with you?" the waiter replied bluntly.

"I don't think it's suitable for here. You can pack your things and leave now!" Zhao Qian replied seriously.

The waiter covered his mouth and laughed. He looked at Zhao Qian as if he was looking at a retard and replied, "Do as you wish. I don't have time to entertain you."

Liao Xiaoyun was so angry that she kept muttering under her breath, scolding the waiter for looking down on people with his dog eyes.

"Zhao Qian, think of a way to chase her away!" Liao Xiaoyun said in an commanding tone.

Zhao Qian glanced at her and replied, "What benefits do I get?"

"I'll give you money. Ten thousand, is that enough?" Liao Xiaoyun replied confidently.

Zhao Qian shook his head with a smile and said, "I'm not interested in money. If it's something else, someone else might not be able to give it to me. Maybe I can consider it."

Liao Xiaoyun was indeed unhappy. It was already embarrassing for her not to be able to treat the guests successfully, and she was even looked down upon by a lousy waiter. How could she stand this? The waiter had to be driven out to vent his anger.

"You ... If you can get rid of her, I'll kiss you. "How about it?" Liao Xiaoyun asked shyly.

Zhao Qian looked at her with a smile and replied, "It's not a first kiss. It's not worth anything. I'm not interested."

"What!?" "I haven't kissed anyone before, of course it's my first kiss ..."

Liao Xiaoyun's face turned red and her ears turned red. She looked just like an innocent little girl.

Zhao Qian smiled and said, "No problem." But I have a request. I have to kiss my lips. Kiss somewhere else doesn't count. "

"Kiss then, let's see if you have the ability." Liao Xiaoyun replied.

"How about we add more stakes?" If I can open a box here for nothing, don't go home tonight. Come with me to my house. "How about it?" Zhao Qian asked with a naughty smile.

Liao Xiaoyun's heart raced. We're all adults, she knew what Zhao Qian meant.

"You ... You want beauty. You want to get me for a meal, how can that be such a good thing! At most, I'll kiss you a few more times. I don't believe that you can open a room here without spending any money. "

Zhao Qian couldn't help but laugh when he saw Liao Xiaoyun's bashful expression.

"Fine, it's a deal!"

After Zhao Qian said that, he waved his hand and called the waiter over and took out his Supreme VIP card.

"Help me open the best room on the seventh floor. Also inform your manager to open the waiter whose number is 68. "After you're done, go to the room and report to me."

The attendant took the card and immediately replied respectfully: "Esteemed Supreme VIP customer, welcome to Donghai Hotel. We will do our best to fulfill your request. Now I will take you and this lady to the box. "

Zhao Qian nodded and pulled the petrified Liao Xiaoyun along with the waiter to the elevator.

Liao Xiaoyun was stunned. She never thought that Zhao Qian would be the VIP here. She also never thought of such a difficult thing. He only needed a few words to do it.

Wait a minute, this kid was pretending to be a pig to eat the tiger.

"Zhao Qian, you bastard, you set up a trap for me to jump into. You bastard, you hoodlum, you are shameless, you are taking advantage of me!" Liao Xiaoyun scolded angrily.

Zhao Qian glanced at her coldly and replied, "It was you who made the bet, not me who set the trap for you."

"You already know you're going to win, yet you still want to bet with me? What are you doing, not doing this on purpose? You are intentionally taking advantage of me, I won't admit it! "Humph!" Liao Xiaoyun quibbled.

"Oh, forget it. We're not going up. Let's go eat at the roadside stall."

After Zhao Qian said that, he turned around and was about to leave, but Liao Xiaoyun quickly stopped him.

"What are you doing? Stop him from saying it." [She is a girl after all. So what if she is complaining? As a man, you have gained a lot of benefits. Liao Xiaoyun said in an aggrieved tone.

"Wah!" What you're saying is, why would I take advantage of you instead of you? "You make it sound like you didn't kiss me." Zhao Qian replied speechlessly.

Seeing this little couple bickering, the waiter couldn't help but laugh out loud.

Liao Xiaoyun felt even more embarrassed. She gave Zhao Qian a kick and rushed into the elevator.

At this moment, Yang Hu sent a WeChat message to Zhao Qian.

"Young Master, now that the matter is settled, that Chiang Tao won't be so

arrogant anymore. However, his father was the owner of Leyou, so the aftermath would be troublesome. "Since you can't reveal your identity, you can only spend some money to build relationships."

Spending money to solve a problem was never a problem. Zhao Qian then replied to Yang Hu's message.

"Just do it. I'll tell my dad about the money."

C154 Sword-drawn Anxiety

After obtaining Zhao Qian's affirmation, Yang Hu finally had a plan.

Leyou is indeed quite famous in the gaming industry, but it is still only a small workshop in front of rich nations and nations.

No matter how much trouble Leyou boss Jiang Tian caused, in the end, it would not create any big waves.

The waiter brought Zhao Qian and Liao Xiaoyun to the private room on the seventh floor and then handed the menu to the two of them.

Zhao Qian didn't have anything special he wanted to eat, so he said to Liao Xiaoyun, "You have some. I can eat anything. You can order whatever you like. "

Liao Xiaoyun replied with a look of disdain, "Acting tough, you said there's nothing here that you'd like to eat."

"Whatever you want to say, hurry up and order. After eating, you still have to watch movies, so don't waste time." Zhao Qian replied snappily.

Liao Xiaoyun purposely teased Zhao Qian and said, "Since you're so rich, why don't you treat us to a meal?"

"Nonsense!" I've already taken out my VIP card, of course I'll pay for it. Just order whatever you want to eat. I'll be treating you to this meal. " Zhao Qian replied in disgust.

When Liao Xiaoyun saw his expression, she got angry and started picking out expensive things to order.

As long as he could finish his food, Zhao Qian did not care about the price. However, Liao Xiaoyun was being a little too excessive. She ordered dozens of dishes in one go. This was a waste.

"You've ordered so many dishes, can you finish them all?" "Why are you as childish as those bored people? Do you think you can be satisfied if you take the opportunity to make me pay?" Zhao Qian asked in dissatisfaction.

Liao Xiaoyun laughed at once and retorted, "What? Feeling sorry? Since you said treat, then don't mind how many dishes I ordered. If you're not willing, then don't say that you're treating! "

"First of all, I don't need the money for this meal. Then I despised extravagance. If you can eat so much, I won't say anything. But can you eat it? What a waste! I won't waste my breath with you, how much can you eat? "

"I'd rather not, that's all!"

Liao Xiaoyun closed the menu and asked the waiter to follow her orders.

The card was Zhao Qian's, so the waiter naturally asked for his opinion.

"Mr Zhao, look ..."

Zhao Qian nodded and replied coldly, "Just follow her orders. You tell the kitchen to go faster, and we have to go to the movies in a hurry. "

"Ok, Mr Zhao, miss, please wait for a moment. We will serve the dishes right away."

The waiter quickly left the room.

Zhao Qian took out his cell phone and started playing. Liao Xiaoyun had been peeking at him, so she felt extremely guilty. She knew she did the wrong

thing, but she was too embarrassed to apologize to Zhao Qian.

Soon, the waiter came to deliver the food. Zhao Qian started to eat without a word, ignoring Liao Xiaoyun.

After the waiter had left, Liao Xiaoyun couldn't take it anymore and asked angrily, "You just focus on eating by yourself, not caring about me at all."

"Cut the crap!" I'm almost done eating, so I'll give you ten minutes. When you're done eating, go to the movies, but if you can't finish, then you won't be able to watch. " Zhao Qian replied coldly.

Looking at the table full of delicious food, Liao Xiaoyun couldn't eat anymore.

"As a girl, I can't help being a little willful. Can't you be a little more tolerant as a man? Talk to me properly, say some nice words to me, coax me, I'll definitely listen to you. Who told you to be so blunt, I have a temper too, of course I would deliberately go against you! "

Zhao Qian ignored her and continued eating. Soon, he was done eating. He put down his chopsticks, wiped his mouth, and started playing with his phone again. He didn't even look at Liao Xiaoyun.

Liao Xiaoyun had never felt wronged like this before. Tears welled up in her eyes again.

"You ... Do you still want an order for me to do this? " Liao Xiaoyun asked in a slightly threatening tone.

Zhao Qian coldly snorted and replied, "If you are willing to give it, then of course you will. If you don't want to give it, it's useless for me to kneel down and beg you. Also, the partnership is a win-win situation, not because of my side making money. You guys are losing money, there's no one that owes you. I can't work with you. I can find other clients. Don't keep threatening me with

this. Have you eaten? When I'm done eating, I'll leave and finish the last thing. I have to go home and sleep. "

Liao Xiaoyun had no appetite to continue eating, so she replied angrily, "I won't eat anymore! But I'm not going to the movies, so you're going to sit here with me. You can't leave until after twelve. "

Liao Xiaoyun also had a stubborn temper. She didn't believe it at all. The two of them had been alone for a few hours, so Zhao Qian didn't say a word to her.

However, the truth was that cruel. Zhao Qian played with his phone until it ran out of battery. He lied down on the sofa to sleep and didn't say a word to her.

Liao Xiaoyun was so angry that her hands were shaking. Tears dripped onto the table. She had never felt so wronged before. How could a boy take her so seriously?

But people were strange, and the more people didn't take her seriously, the more she wanted to get his attention.

Liao Xiaoyun wiped her tears away, walked to Zhao Qian's side and gently kicked his calf.

"Get up and talk to me." Liao Xiaoyun pleaded. Her attitude was much better now.

However, Zhao Qian felt that there was nothing to talk about with her. He replied without even opening his eyes, "Just say what you want to say. I'm listening."

"I want you to talk to me." Liao Xiaoyun pleaded.

"I don't want to talk to you." Zhao Qian continued to refuse.

Liao Xiaoyun couldn't hold back her tears any longer. At that moment, her cell phone rang. It was her father.

It was already past ten o'clock, and she still wasn't going back. Liao Bixiong couldn't hold it in anymore and was worried that she and Zhao Qian would mess around outside.

"My daughter, why aren't you going home? What time is it?" Liao Bixiong chided.

"Wuu ... wuu ..." "Father ..."

Liao Xiaoyun burst into tears.

When Liao Bixiong heard his daughter crying, he thought that she was being bullied by Zhao Qian, so he quickly asked: "What's going on? Did that tramp bully you? Where are you now? "

"He's bullying me ..." Woo woo ... * We are in the Donghai Hotel box now. " Liao Xiaoyun complained in tears.

F * ck, she actually bullied his daughter in the room. If he did not cripple this brat, he would have just written the words Liao Bixiong in reverse.

"Daughter, just you wait. Dad will rush over to save you right now!"

Liao Bixiong immediately hung up the electric arc, called his son Liao Xiaolong, and brought the company's security team to come over to Donghai Hotel.

Soon, a group of people rushed into the room and surrounded Zhao Qian.

When Liao Xiaoyun saw that her father and brother had arrived, she

immediately rushed towards them while crying.

"Father... "Sob, sob ..."

"Good boy ..." "It's okay, it's okay ..."

Liao Bixiong comforted his daughter as he looked her up and down, but he couldn't find anything wrong with her.

However, a girl would never wrongly accuse someone for her innocence. Liao Bixiong immediately ordered the security guards to teach Zhao Qian a lesson.

Liao Xiaoyun quickly shouted, "Wait! Dad, did you misunderstand something? Why did you hit him? "

"Misunderstanding? Didn't you say that he bullied you? I dare to touch Liao Bixiong's daughter, hit her first and then hand her to the police. " Liao Bixiong said angrily.

At this time, the hotel manager, Huang Ren, came over and said with a face full of smiles, "Director Liao is here to welcome you. Yo, why did you gather so many people? "To think that it would be such a grand meal. Director Liao is indeed someone who does a lot of business."

"Boss Huang, this matter has nothing to do with you. You should just leave and let us handle it ourselves." Liao Bixiong said coldly.

His daughter being bullied was not a glorious matter, he did not want others to know about it.

Huang Ren laughed and replied, "Those who come here are all guests. I have the responsibility to protect the safety of every customer. If Director Liao wants to settle the grudge, he needs to leave my hotel. This is our rule, Director Liao should know that, I hope Director Liao doesn't make things

difficult for me. "

Liao Bixiong was currently in a rage, who cared about the background of his Donghai Hotel, he immediately roared: "Get the hell out of here, if you dare interfere, then this daddy will deal with you as well!"

Huang Ren's face changed as he replied coldly, "I, Huang Ren, will decide if Director Liao wants to show off his power or not! If you dare to use violence here, I guarantee that you won't be able to leave! "

The moment Huang Ren finished speaking, the outside was immediately filled with security guards and thugs.

The atmosphere in the room instantly turned solemn. Both sides refused to give in, and it was very likely that there would be a large scale fight.

C155 Misunderstanding

Liao Bixiong would never have thought that Huang Ren would actually go all out against him for the sake of a little brat.

After all, Liao Bixiong was a veteran who had worked in the shopping mall for many years. He guessed that Zhao Qian's identity wasn't simple, or else Huang Ren definitely wouldn't be like this.

"Boss Huang, just tell me the truth, just what is the background of this brat? I don't believe that you're just protecting your clients." Liao Bixiong asked with a serious expression.

Huang Ren laughed and replied, "I'm not sure about his identity. All I know is that he's in my place and I have the responsibility to protect him. No matter what grudge you have with him, you can't touch him here! If something were to happen to him here, if this were to spread out, who would still dare to come here and eat?"

"Huang Ren, let me tell you as well. He bullied my daughter and this matter cannot end. If you are determined to protect him today, then I can only fall out with you!" Liao Bixiong said fiercely.

Liao Xiaoyun didn't expect her father to be so angry. She quickly advised, "Dad, it's not that serious that you want to fight."

"This is still not serious, then how can it be considered serious?" When you give birth to your child?" Liao Bixiong asked angrily.

Liao Xiaoyun immediately blushed and explained, "Aiya, what are you talking about! He just pissed me off, what are you talking about!"

"The bullying you are talking about is him making you angry? It's that

simple? " Liao Bixiong asked helplessly.

Liao Xiaoyun nodded and replied, "Yes. Otherwise, what else can we do? "

Liao Bixiong smiled awkwardly and turned to Huang Ren, saying, "Boss Huang, I am really sorry, it was a misunderstanding. "I toast you with this goblet of wine. Consider it my apology to you."

Liao Bixiong personally poured two cups of wine, one for himself and one for Huang Ren.

With Young Master present, Huang Ren naturally didn't dare to drink this cup of wine.

"Director Liao is too courteous. You shouldn't have toasted me, you should have toasted my honored guest." You misunderstood him, not me. " Huang Ren said with a serious face.

Liao Bixiong was, after all, a reputable boss, so how could he let down his pride to apologize to Zhao Qian?

"You want me to toast him? What a joke! Was he qualified to drink this glass of wine? At this time, Boss Huang is humiliating me! " Liao Bixiong said in anger.

"Haha ..." Director Liao, as long as you don't cause trouble here, I don't want to ask you about other things. Do you want a toast or not? Your freedom. How you two settle your grudge is also your business. Alright, I won't keep you guys any longer. I'll leave first. "Next time you come, don't bring so many people along, or else you'll be targeted by the police."

After Huang Ren said that, he turned around and walked out, his people also left with him.

Liao Bixiong waved his hand and told his men to go back as well. He would stay and talk with Zhao Qian.

"You're called Zhao Qian, right? What did you do with my daughter today?" Liao Bixiong went straight to the point.

Zhao Qian responded easily and replied, "You might not believe what I said. You should ask her and let her answer you herself."

"No, I want you to answer. "What did you do with her today? Answer me honestly, otherwise I won't be polite to you." Liao Bixiong threatened.

Zhao Qian crossed his arms in front of his chest and asked with a smile, "Director Liao is still trying to find trouble with me, right? It seems like if there's no conflict between us, there's no way to resolve it. Is that right? "

Liao Xiaolong immediately pointed at Zhao Qian and scolded him, "Watch your f * cking words. What qualifications do you have to fight with my dad? Let's see what kind of morals you have!"

Zhao Qian's expression changed as he stared at Liao Bixiong. He pointed at Liao Xiaolong and scolded, "Did your father not teach you to interrupt people's speech? Is that not a very polite thing to do?"

Liao Bixiong stared coldly at Zhao Qian. In an instant, Liao Xiaolong was angered and he was about to attack Zhao Qian.

Liao Xiaoyun quickly pulled him back and advised, "Brother, what are you doing? It's all a misunderstanding, so don't cause any trouble. "

"Who does he think he is, daring to talk to me like that!" Liao Xiaolong roared.

"Brother, why are you so stupid? He must have some unknown background.

Otherwise, how could the owner of this restaurant protect him even if he had a falling out with his father? Do you really think it's just because he's a guest here? "

Liao Xiaoyun's words allowed the father and son to calm down. Indeed, this was the truth.

Liao Bixiong then asked, "Little brother, tell me the truth, what is your background?"

Zhao Qian's face relaxed a bit as he replied, "I don't have much background. I'm just a small employee of the company. Originally, I was going to your company to request for cooperation, but unexpectedly, your daughter pulled me out for a day. She promised to let me go to the company tomorrow and she'll give me an order. "Since Director Liao is here, it's great. I'll tell you about the matter. Let's hear your opinion first."

Since it's a request for cooperation, then it's a request from him. Liao Bixiong asked with a haughty look, "Oh, so it's because you want to cooperate with us. Which company are you from? "

"Faang Ni made it. Our company helped her make the expensive hand tour of Xingyuan company." Zhao Qian replied honestly.

Liao Bixiong sneered, "Haha..." Don't you know that our Xingyuan is a mortal enemy to us? How is it possible for you to make their order and still want to do ours? Neither of us would allow that to happen. "

Zhao Qian replied calmly: "We can produce such high-quality products for Xingyuan, don't tell me Director Liao doesn't want it?"

"Yes, but you're not the only company that can produce this product. Why should I give it to you?" Liao Bixiong asked.

"Ask your daughter. I think she wants to work with me."

With that, Zhao Qian looked towards Liao Xiaoyun. It was now time for her to display her skills.

No matter what, Zhao Qian had accompanied her for a day, so she should fulfill her promise and get him an order.

"Dad, I'm about to graduate. The school is looking for an internship unit. I don't think a normal internship works for me. I'm going to do a project. You have to support me. "

Liao Bixiong immediately knew what his daughter meant when he heard this. He sighed and asked, "How long have you known him?"

"We just met today." Liao Xiaoyun replied honestly.

"We just met today. Do you know who he is? You trust him that much? Foolish daughter, you are too naive. Dad doesn't trust you to do any projects. Losing a bit of money is nothing, what I'm afraid of the most is that your self-confidence will be destroyed. " Liao Bixiong said sincerely.

Liao Xiaoyun refused to give up and continued, "Dad, this is the first time in my life that I want to do something serious. Are you so against it? If you are like this, then my self-confidence will be destroyed by you. "

Just then, Liao Xiaolong spoke up, "Dad, I can promise little sister. However, there is one condition. You cannot cooperate with him. "

Liao Bixiong opened his eyes and quickly added: "Yes, that's fine. As long as you promise not to work with him, I can promise you a project. "

"Dad, you disappoint me! I don't want to see you again, I want to live with Zhao Qian. "

Liao Xiaoyun pulled Zhao Qian and was about to leave.

The father and son of the Liao Family were stunned, as was Zhao Qian. Liao Xiaoyun really dared to say anything!

Liao Bixiong quickly pulled his daughter back and scolded her, "What nonsense! How can a girl talk like that? "

"My legs are on my body. Dad, you don't think you can stop me, do you? I can live with you anywhere I want to live with you. " Liao Xiaoyun said in an unreasonable tone.

Liao Bixiong had no other choice. He sighed and said: "Fine fine, I'm scared of you. But you have to promise Dad you won't do anything stupid. Girls need to be reserved, they need to love themselves, do you understand? "

"This will depend on the performance of dad and big brother. If the two of you behave well, I'll be more reserved." If you two don't perform well, I won't be reserved. "Humph!" Liao Xiaoyunao said in a delicate voice.

The father and son of the Liao family shook their head helplessly. They had really spoiled this little girl. However, this wasn't a big deal. It was just a project and she would be losing some money to gain some experience.

Liao Bixiong looked at Zhao Qian angrily as if it was his father-in-law's first time seeing his future son-in-law. He reminded him, "You brat, behave yourself. If you have any wicked thoughts, I won't let you go!"

Zhao Qian laughed and replied, "Boss Liao, you are being overly considerate. I have a person with integrity. Business is business, there are no other ideas. "

Liao Bixiong still replied vigilantly: "That's for the best. Tell the waiter to come in and pay. "

Zhao Qian waved his hand and said, "No need, I've already paid the bill. Director Liao can bring them and leave right now. "

Liao Bixiong's eyes lit up. He was pretty familiar with this place. With so many dishes in this room, this brat actually paid for himself. He really isn't simple.

C156 Recreation Order

Liao Bixiong stood up and greeted his son and daughter.

Zhao Qian stood up to send them out of the door politely. Liao Xiaoyun kept sneaking peeks at him as if she was reluctant to part with him.

"Zhao Qian, come to the company tomorrow morning at 9 am to find me. We should discuss what to do first, then you can get the order as soon as possible." Liao Xiaoyun invited.

Zhao Qian nodded and replied, "No problem. I'll be there on time tomorrow morning. Say hi to the front desk and don't stop me again. "

"Hee hee ..." I know. When you arrive tomorrow, just state your name. She'll take you to my office. "Then I'll be going home. You should hurry back as well."

Liao Xiaoyun smiled happily and waved goodbye to Zhao Qian.

Zhao Qian also smiled at her and waved goodbye, telling them to slow down.

Liao Xiaoyun suddenly turned around and shouted to Zhao Qian, "I had a great time today, it's the happiest day of my life. "Thank you."

After she finished, Liao Xiaoyun ran out.

Liao Bixiong and Liao Xiaolong had serious expressions on their faces. It seemed that Liao Xiaoyun had fallen for this Zhao Qian.

Zhao Qian sat in the box for a while before Huang Ren quietly came in.

"Young Master, Liao Bixiong didn't make things difficult for you, right?"

Huang Ren asked carefully.

Zhao Qian shook his head and replied, "No." It was all just a small friction, so he wouldn't have to fight. I have to go back to bed. "

"Sigh, take care, Young Master. The next time you come, no matter who you're with, send me a message via WeChat.

"Yes." Don't be too nervous, I know what I'm doing and I won't let things get out of hand. "I'm leaving."

"Young Master, take care."

Zhao Qian left Donghai Hotel and drove straight to the riverside villa.

When Zhao Qian woke up the next morning, his phone reminded him that there was an appointment for today.

"Aiya, I forgot about that."

Zhao Qian said to himself in self-blame, then hit himself on the forehead.

At the ball last Friday, he had asked Jia Jingke, Wang Jing, and Zhang Yi to meet at 10 o'clock this Tuesday morning.

But last night, he had agreed to Liao Xiaoyun's invitation to meet her at Huanyou at nine this morning to discuss a project.

An hour's time difference on the road would be used up, so it was impossible for him to get both at the same time. Zhao Qian called Liao Xiaoyun and said, "Miss Liao, there's something wrong with my car. I need to repair it first, so I might have to wait a bit before coming to find you. To make up for it, I'll treat you at noon. The location is up to you. I hope Miss Liao can forgive me. "

"You scoundrel, you're looking for an excuse to treat me to a meal, right?"

"Heehee ..."

Zhao Qian was also helpless, but she thought so.

"Eh, don't be so direct. "Tell me, where do you want to go for dinner?"

Liao Xiaoyun giggled and replied, "Let's go back to Donghai Hotel."

"Sure." Then at twelve o'clock, we will meet in Donghai Hotel. When you get there, just say my name and ask the waiter to open a box for you. You can order whatever you want to eat, don't wait for me. "

"Got it." See you at twelve. "

After hanging up, Zhao Qian let out a heavy sigh.

Time was of the essence, Zhao Qian quickly got up and got dressed. After washing up, he went out to buy some breakfast and then went to the company.

Faang Ni and Zhang Yang had already arrived. Zhao Qian quickly walked up and said, "Director Faang, I still have to go out today. I'll let you know."

"No problem." If you want to go out, then go out. Faang Ni replied with a smile.

However, Zhang Yang wasn't that easy to talk to, so he said in a weird tone, "What? I didn't play enough yesterday. Do you still want to go today? It's just an ocean pavilion, how much stuff can there be inside that's worth two days?"

When everyone heard that Zhao Qian went to the Ocean Palace yesterday, they all gave him a weird look. Although no one in the company dared to

provoke him, it was too despicable to go out and play in the name of work.

Faang Ni tried to smooth things over, saying, "Zhang Yang, you don't know Zhao Qian, he will definitely go to Ocean Palace to accompany his customers. He definitely won't go alone. None of you know him, but I do. He's always taken his work seriously, so don't get me wrong. "

Zhang Yang snorted coldly. He was extremely dissatisfied with Faang Ni in his heart. Every time there was a problem with Zhao Qian, she would excuse him. Every time no one believed Zhao Qian, she believed him.

"Why are you so nervous? I was just saying that I didn't say that he was going to play alone. " Zhang Yang said snappily.

After saying that, Zhang Yang returned to his office.

Faang Ni smiled awkwardly at Zhao Qian and whispered, "Don't mind me."

Zhao Qian smiled and shook his head. He turned around and left the company, heading straight to the Finance Building.

When they arrived at the hotel, it was 5:00 PM. Zhang Yi and the other two directors arrived at Mr Qian Entertainment company together.

With the arrival of the three industry insiders, the company was bustling with noise and excitement.

Yuan Mi warned everyone in advance to not go near Conference Rooms, otherwise they would all be expelled.

Zhao Qian saw the three directors within the Conference Room. After exchanging a few pleasantries, they sat down to talk business.

Zhao Qian was the first to speak, and said: "Your time is precious, so I won't

waste it. Let's get straight to the point. I know that all three of you have your own studios that you can work alone. As for me, I would like to ask the three directors to act as directors and make a movie for each of us. In terms of remuneration, it was given at the rate of 110% of the three prices. Of course, if you have confidence in yourselves, you can also choose the way the dividends are divided. "How about it?"

For Jia Jingke, who was a professional producer of literary and artistic films, it was already good enough for him to have someone look for him to make a film. Literary films have always been loss-making, and few people are willing to invest.

Now that Zhao Qian asked him to send out some literary and artistic films, he wished for nothing more.

Wang Jing is a pure commercial film director. He can accurately capture the audience's appetite. His works have never lost money.

As for Zhang Yi, he was a leading director at Famous International and had worked with many Hollywood directors and actors. His works had always been known for their majestic atmosphere. Even when it came to eating scenes, the restaurant had always been a high-class place. There were gains and losses in his works, but they could not be generalized.

Jia Jingke directly chose to pay, Zhang Yi and Wang Jing both had confidence in their work at the box office and chose to work together through split accounts.

Zhao Qian smiled and gave each of them a handshake. Then he said, "Then we'll tentatively agree on it. I'll discuss the details with manager Yuan in detail."

The three of them nodded and said that it would be fine.

Zhang Yi said with a smile, "Can we take a look at your company now?"

"Yes!" I'd also like to take a look. " Jia Jingke said.

Wang Wuji nodded and said, "I want to as well."

Zhao Qian replied with a smile, "Of course not. Manager Yuan, I'll leave the three directors to you. You can take care of everything else. I still have some things to do so I won't be accompanying the three of you. "Manager Yuan can represent me in discussing any work with the three of you."

The three of them said their goodbyes to Zhao Qian and followed Yuan Mi to tour around the company.

Zhao Qian quickly took the opportunity to run away, so that the employees wouldn't recognize him.

It was already 11 o'clock when they walked out of the building. Zhao Qian called Liao Xiaoyun.

"Hey, I'm fine, let's go to the restaurant now. You should come over later. "

"Hee hee ..." Okay, I'll go right now. "I'll see you later." Liao Xiaoyun replied happily.

Zhao Qian rushed to get the car, but just as he got in, his cell phone rang. He took it out and saw that it was Zhang Yang's number.

"Hello, Mr Zhang, is something the matter?" Zhao Qian asked.

"Yes, there's something I need to ask you. How is the order for Huanyou?"

Judging from Zhang Yang's voice, something happy must have happened.

"You're still working hard? Mr Zhang seems to have some good news to share with me."

"Haha ..." That's right. After Wang Qiang and I's hard work, the Leyou orders have already been taken down by us. All that's left is for the contract to be officially signed. " Zhang Yang replied happily.

"Really! That's great. With the results from Mr Zhang, even if my side fails, the company won't have to worry about not having an order for a short period of time. Then the pressure on me will be greatly reduced. I must thank Mr Zhang and Wang Deputy Manager. "

Zhang Yang originally wanted to show off, but Zhao Qian's words made him choke back everything he had prepared.

"Hehe ..." Due... You have to do your best, too. We have a bet. If you can't get the order, you will have to resign and leave the company. You can't expect me to be open to you. "

"Mr Zhang is forcing me to work even harder. Okay, I'll bring back the good news as soon as possible. "If there's nothing else, I'll be hanging up. I still have to go see a client."

Zhang Yang nodded and hung up.

But Zhao Qian started to worry, because Leyou's owner was Jiang Tian, Chiang Tao's family's company.

If they found out that he was working on it with Faang Ni, the order might turn yellow. At that time, Zhang Yang would blame him.

C157 I'm Not Going to Stand on Ceremony with You

Zhao Qian was only worried. Maybe Jiang Tian and Chiang Tao wouldn't look at him that carefully. After all, one was the boss and the other was Young Master. It was impossible for him to know every single project in the company so well.

Zhao Qian drove to the restaurant and asked for a private room, waiting for Liao Xiaoyun to arrive.

Ten minutes later, Liao Xiaoyun arrived at the entrance of the private box. When Zhao Qian opened the door, he was shocked by her beauty.

Seeing that Zhao Qian was fascinated by her, Liao Xiaoyun asked happily, "What are you looking at? Have you never seen such a beautiful woman before?"

Zhao Qian smiled evilly and replied, "I've seen many beauties, but it's the first time seeing a beauty at your level. This girl from whose family, how old is she now? Would you like your big brother to introduce you to someone, kiss your mouth, hold your hand, and have a child? "

"Haha ..." Get lost! "You scoundrel!"

Liao Xiaoyun laughed and punched Zhao Qian a few times before quickly entering the private room.

The two of them played around for a while before Zhao Qian called the waiter in to order some dishes.

Just like last night, Zhao Qian told Liao Xiaoyun to order. But unlike last night, Liao Xiaoyun only ordered a few simple dishes.

Zhao Qian smiled and said: "You can order whatever you want to, don't give me money to eat." It's just a meal, you can't let me down. "

"Don't... You're right, you shouldn't waste your time. "I ordered so many dishes last night, but I only ate so little. It's basically all a waste." Liao Xiaoyun said in a considerate manner.

Having grown so much in one night, it seems like Zhao Qian didn't educate her for nothing last night.

The waiter quickly served the dishes, and the two chatted as they ate.

Liao Xiaoyun asked, "This is the beginning of my career. You have to help me think about it carefully and not lose money. Even a dollar would do. It would be a good start. "

Zhao Qian smiled and replied, "As long as you do it seriously, the game industry won't lose anything. It's just a matter of how much you earn."

Liao Xiaoyun nodded and asked again, "Then what type of game do you think we should play? Can you copy Glory Alliance and make something similar? "

Zhao Qian immediately shook his head and denied it, "Of course not. The copyright owner of this game is Xingyuan, if you dare to copy it, you will definitely be sued. However, we can draw lessons from the game's success rate. The game's operation is simple, the time it takes to play a single game is short, and charging no money or money does not have much of an impact on winning or losing. "

Liao Xiaoyun was puzzled. "If the players don't charge the money, then it's the same as charging money. Who's charging money? How are we going to make money?"

"Selling skin!" Although it didn't have much of an impact on victory or

defeat, there was a difference in beauty and touch. The Glory Alliance had just released Zhao Yun's Epic Tier Skin, which sold for 100 million yuan a day. Do you think you can make money?" Zhao Qian explained.

Liao Xiaoyun exclaimed, "100 million a day? My God, wouldn't that be more than our company's annual net profit? I don't care, I also want to make this kind of game, you have to help me plan it well."

Zhao Qian smiled and replied, "Don't worry, I was planning for it. I have definitely planned it well for you. But, I can't plan it for nothing. You have to give me some benefits, no?"

Liao Xiaoyun nodded. "Of course. What kind of benefits do you want?"

"Why don't you kiss me?" "Yesterday, you agreed to give me a kiss. You still haven't kissed me yet."

After saying that, Zhao Qian pouted. Liao Xiaoyun smiled with a red face, hit Zhao Qian and said, "You wish for beauty. I'll remember the rewards first and then give them to you in the future."

For Zhao Qian, it was a difficult thing to gain benefits. He wasn't in need of money, so he could only jokingly ask for a kiss or something.

Liao Xiaoyun was confused and asked, "You said you're just an employee of a company, where did you get so much money? My dad said that dinner last night should at least cost four hundred thousand yuan. When you say swipe your card, swipe your card without batting an eyelid. I asked you what you wanted and you never mentioned money. I was wondering, what kind of family do you actually have? Is money really that unimportant to you?"

Zhao Qian burst into laughter and replied, "It's a long story, I'll tell you about it when I have time."

Liao Xiaoyun shook her head and said, "Don't. Just tell me now. It's fine now anyway, so why don't you tell me about it?"

Zhao Qian nodded and briefly told Liao Xiaoyun about what happened after he was dumped by Jiang Xiaoqing. Of course, he embellished the whole process.

Liao Xiaoyun stamped her feet in anger and scolded, "Your ex-girlfriend is too despicable. To be able to do such a dishonorable thing for money, how despicable! Is she still working at your company? "

Zhao Qian nodded and acknowledged softly.

"Humph!" "Let's go, I want to take a look at your company, I want to help you teach her a lesson!" Liao Xiaoyun said angrily.

Zhao Qian laughed and replied, "No need, I don't care anymore, there's no need to pester her anymore."

"No!" I was too angry. If I didn't teach her a lesson, I wouldn't feel good! Don't worry, I won't make things difficult for you. "Let's go, let's go ..."

Liao Xiaoyun urged Zhao Qian to leave quickly.

Zhao Qian firmly disagreed and said, "No, we can't go. "Since we are already even now, wouldn't it be embarrassing for you to go and make a ruckus again?"

Liao Xiaoyun pouted and replied, "Alright. Then forget it. After dinner, you will accompany me to buy some clothes. "

Before the order was signed, she would do whatever she wanted, so Zhao Qian could only nod in agreement.

After half an hour, the two of them had eaten their fill and leaned against the

sofa for a while before heading to the shopping mall to buy clothes.

Going shopping with girls was physical work and Liao Xiaoyun had no goal. She walked around the whole mall but still didn't have any clothes she liked.

Zhao Qian's legs felt sore from walking, and he really didn't want to walk anymore.

"I say, let's take a break. I really can't walk anymore." Zhao Qian requested.

But Liao Xiaoyun had not bought the clothes she liked and refused to let him rest.

"No, you just have to hold on a little longer. I think some of the clothes are nice. Let's go see them again. If it's more or less right, I'll buy it. "

Zhao Qian stood up helplessly and was about to leave when two familiar faces walked over. The manager of the National Gold Center, Wang Jian, and his secretary, Xiao Hong.

The two of them walked over angrily when they saw Zhao Qian.

"This is really a narrow path for enemies. I didn't think you would still dare to come over!" I haven't settled the score with you for the previous matter, and now that you've come knocking on my door, it's a good opportunity for me to settle it. " Xiao Hong said with a vicious expression.

Zhao Qian chuckled, he did not put her in his eyes at all.

"Originally, I was prepared to not care about all of you. As long as you do not cause me any more trouble, I will pretend that nothing had happened. If you wish to settle the score with me now, don't blame me for not giving you a chance. " Zhao Qian also replied very seriously.

Wang Jian felt that he had to stand out at this time. Otherwise, how could he "show off" in front of his secretary in the future?

"Young man, you are so young and yet you speak so arrogantly! Why don't you come with me to the office and have a chat?" Wang Jian said with a fake smile.

Zhao Qian nodded and replied, "Sure. But I have to make a phone call first."

Zhao Qian immediately walked to the side and called his dad, saying, "Dad, I'm at the Eastsea National Gold Center, their manager wants to mess with me. "Do you think I should find someone to mess with him, or do you think I should call Xin Hongji and let him know?"

Zhao Fu thought for a few seconds and replied, "The National Gold Center? The one that made your mother angry last time, right? Your mom came back and told me that I sent someone to buy it with Xin Hongji, who just signed the contract and is in the process of transferring accounts. Your mom is so pissed off she has to get rid of that manager and his assistant. "I think that rather than begging for help, we might as well just buy it. We can do whatever we want with it."

Zhao Qian sincerely admired his dad for buying the shopping mall without saying anything. He praised, "Dad, you're so cool."

"Of course. In this world, aside from you and your grandfather, I am the most handsome. Haha ... Mainly because your mom was too angry, I bought it to coax her. "

"Then it's settled. Who are you going to hand over to manage this mall?" Zhao Qian asked happily.

"I'm thinking about it. Do you want it?" Zhao Fu asked.

Zhao Qian quickly refused: "I don't want it, I'm still busy with my own things, I don't have time to take over."

"Sigh ..." All right. "Then wait a moment, I'll make a phone call and someone will deal with them." Zhao Fu said in disappointment.

"Yes." Dad, let go of some things if you can, don't do everything by yourself. "

"I understand. When you can come back and take over, I will retire. Pay attention to your own concerns and be sure to pay attention to safety. "

"Don't worry, my identity has always been a secret and no one else knows about it." No one will do anything to an employee of the company. "

Zhao Fu nodded and hung up.

Zhao Qian smiled and put his phone back into his pocket, waiting for his dad's message.

C158 I Can Fix It

Liao Xiaoyun walked over and asked, "Hello, who are you calling?"

"They're calling for reinforcements." Zhao Qian replied.

"Why do you have enmity with them?" Liao Xiaoyun continued to ask.

"This is a long story, I'll tell you another time when I have time." Zhao Qian replied perfunctorily.

Wang Jian and Xiao Hong walked over.

Wang Jian asked with a smile, "You've also called. Can you come with me to the office now?"

Xiao Hong said with disdain, "Does he dare?"

Liao Xiaoyun could not bear to listen any longer. She immediately pointed at Xiao Hong and scolded, "Who are you? How dare you talk to my friend like that! "

Xiao Hong did not know Liao Xiaoyun, so she asked without hesitation, "And who are you? How dare you talk to me like that! "

"My name is Liao Xiaoyun, my father is the Chief of Huanyou, Liao Bixiong." Liao Xiaoyun replied proudly.

Xiao Hong exchanged a glance with Wang Jian and said, "Never heard of it."

This infuriated Liao Xiaoyun to the extreme as she roared, "Is there a mistake here? I haven't even heard of Huanyou before. Do you guys play games?"

The two of them shook their heads and refused to play.

No one could blame them for this, the game companies weren't like the manufacturing companies. Even if he had some fame in the industry, ordinary people might not know about him.

Wang Jian asked Zhao Qian again: "Just give me a quick answer, do you dare to follow me to the office!?"

Zhao Qian was not afraid at all and replied: "I dare, why would I not dare? "Let alone your office, I wouldn't even be afraid if I were to go to Xin Hongji's headquarters."

"Good!" I hope you'll be as stubborn as you are now! "Please!"

With that, Wang Jian led the way and led Zhao Qian and Liao Xiaoyun to the office.

Liao Xiaoyun felt that it was too dangerous to go to Wang Jian's office like this, so she whispered to Zhao Qian, "Why don't we escape?" If you go to the office with him like this, you'll definitely suffer a huge loss. "

Since he already said it, Zhao Qian definitely wouldn't retreat.

"No!" I've already promised to go to the office with him, how can I escape? I would rather be beaten by them, than to become a coward! " Zhao Qian denied it firmly.

Liao Xiaoyun said helplessly, "You're an idiot! He would first escape, then bring his men back for revenge. You follow him over there now. If he sends someone to beat you up, how can you handle it alone? I won't help you fight back. "

Zhao Qian smiled confidently and replied, "Don't worry, he won't have the

chance to touch me."

"No ..." Where did your confidence come from? This place was the national gold center, the head of the Donghai City's three shopping sacred grounds. To put it bluntly, when my dad came over, even the dog shit managers here wouldn't dare to give him face. Who do you think you are? "Listen to me and quickly leave, or else you'll get into trouble again!"

Liao Xiaoyun pulled Zhao Qian as she tried to escape.

Wang Jian and Xiao Hong turned around and laughed when they saw the two of them pulling each other.

"What is it? You're afraid now? Unfortunately, it was too late. Now that you guys want to leave, you won't be able to. It's better for you to honestly come with us to the office for a chat. " Wang Jian said proudly.

Zhao Qian didn't want to let Liao Xiaoyun get in the way, so he deliberately got angry and roared: "If you want to go, go. Don't get in the way here! Get lost! "

Zhao Qian shook Liao Xiaoyun off and quickly walked towards Wang Jian and Xiao Hong.

Xiao Hong said to Liao Xiaoyun with a mocking expression, "Little sister, this useless and good-natured man isn't worth liking. "Listen to big sister and change it."

Liao Xiaoyun was so angry that tears were welling up in her eyes, but she did not leave.

"Yo!" His temper was quite stubborn! I'll let you see your beloved man being pressed down on the ground and rubbing against it. I'll see if you can continue watching! " Xiao Hong mocked.

Soon, they arrived at Wang Jian's office.

Wang Jian didn't waste any time and directly said: "Apologize to us and compensate us with 10 million at once. Everything can be written off at once. From now on, you will walk your own path, and we will walk our own path. It has nothing to do with each other. "How about it?"

Zhao Qian chuckled and replied, "The price is 10 million, you have a big appetite!"

Xiao Hong immediately replied, "If it weren't for you forcing us to close down our store, we could have earned several million a year in dividends. It's not high to ask you for ten million to buy it off once. "

Zhao Qian nodded and asked again, "Then I don't understand, you guys made the counterfeit price and involved such a large amount of money, so the police didn't catch you guys?"

Xiao Hong's expression changed abruptly as she scolded, "It's fine if you don't want to say it, but the moment you say it, I'll get angry!" My cousin carried it all by himself, he might even be sentenced to life imprisonment! Ten million is too little. At least twenty million. My cousin's life was ruined by you, shouldn't you compensate him? "

Zhao Qian laughed out loud and replied: "You guys did illegal actions and you still have the nerve to ask me for compensation? Your cousin was rather pitiful, to be able to take all the blame by himself. This is so unfair to him that I want to redress his grievances. "

Xiao Hong looked confused and asked, "What do you mean? You have the ability to save my cousin? "

Zhao Qian immediately shook his head and replied, "Of course. As long as we

uncover the two bosses behind him, he won't have to take the blame all by himself and won't receive such harsh punishments. "

Their faces turned cold and revealed a sinister smile.

Wang Jian threatened, "I gave you a chance, so don't be so shameless! You said it yourself just now, do you really think I don't have the ability to return such a large sum of money just now? "

Zhao Qian became serious and replied, "I don't know if you have the ability or not, I just know that your good days are over." If I say that I will send you two in to bear the consequences of your crimes, then I will definitely keep my promise. "

"Haha ..." Why are you doing this? " Xiao Hong laughed.

"Bullsh * t!" I will let you pay the price for your youth! "

Wang Jian said fiercely and immediately picked up the phone to call someone in.

Liao Xiaoyun was worried that Zhao Qian might be in danger. She took out her phone and wanted to call her brother for help, but he stopped her.

"No need, I can handle it." Zhao Qian said calmly.

Liao Xiaoyun could not possibly remain as calm as he was. She chided him, "Can you not be so aggressive in everything you do? Stay put, I'll give my brother a call. "

"Aiya, I really don't need to. If I say I can do it, then I can really do it. Zhao Qian said helplessly as he snatched Liao Xiaoyun's phone.

At this moment, there was a knock on the door. Xiao Hong happily went to

open the door as a dozen security guards came in.

"Mr Wang, what can I do for you?" the security chief asked.

Wang Jian pointed at Zhao Qian with a pretentious look and said, "He came to the mall to cause trouble. Help me teach him how to behave." I don't have to worry about the consequences. "

With Wang Jian's promise, the security guards felt relieved. They locked the door, took out their sticks and surrounded Zhao Qian in the middle.

Liao Xiaoyun was scared out of her wits and quickly warned Wang Jian, "You tell them not to act recklessly. My dad is very familiar with Commissioner Li from the Municipal Public Security Bureau. I don't believe that you're not even afraid of the city's police force! "

"Aiyo, aiyo, you scared me like that!" Then call your dad. I'd like to hear what Chief Li has to say to me. " Wang Jian said fearlessly.

Liao Xiaoyun didn't believe him. He was just a manager at a shopping mall, how could he be stronger than the police? She took out her phone to call her dad, but Zhao Qian snatched it away from her.

"What are you doing?" Liao Xiaoyun asked angrily.

Wang Jian followed and laughed, "He doesn't seem to appreciate your kindness. Little sister, I think you should leave. This kind of person isn't worth your sacrifice. If you really want to be in a relationship, I can introduce you to something better. The rich second generation, the officials second generation, they could choose any one of them. "How about it?"

"Shut up!" Liao Xiaoyun roared.

Wang Jian snorted and said, "I was just giving you an excuse to leave, you

better not fail to appreciate my kindness." I don't care who your father is, I'm in charge here! You guys, teach him a lesson. If I don't tell you to stop, you're not allowed to! "

The security guards immediately got ready to strike.

Zhao Qian was still calm on the surface, but he was panicking inside. He wasn't worried that his father wouldn't send reinforcements over, he was just worried that they hadn't arrived in time. If he was beaten up by these people, so what if they sent a special forces unit? Whether he should be hit or not, he had already been beaten.

Liao Xiaoyun was so frightened that she did not dare look. She covered her eyes with her hands.

Xiao Hong revealed a proud smile, cursing Zhao Qian to be beaten to death in her heart.

Wang Jian also had a complacent smile on his face. He thought to himself that he would humiliate Zhao Qian after the fight.

Just when Zhao Qian was feeling guilty, someone knocked on the door.

"Who is it? Come back later! "I'm busy!" Wang Jian shouted.

"Mr. Wang Jian, can I trouble you to open the door? We are here to complete the transfer procedures!"

The moment Wang Jian heard the transfer procedures, his expression changed. He hurriedly told the security guards to stand still before running to open the door.

A middle-aged man with glasses was leading the way, behind him were a few men and women in suits and leather shoes, all holding folders in their hands.

"Who are you?" Wang Jian asked guiltily.

The man with glasses replied, "My name is Chen Jiacong and I am Yan Hai's representative for development. I am here to handle the transfer procedures with Mr. Wang. I believe that Teacher Wang has already received the notice from Xin Hongji, so I won't say anymore. "

"But the company told me that the new owner would continue to keep me." Wang Jian replied.

Chen Jiacong nodded and replied, "The company will keep you, but they won't let you manage the National Gold Center again. As for the specific jobs they will assign you, you will be notified by your colleagues. "

"What?" "Then what's the point of me staying?" Wang Jian roared.

"If you don't want to stay, you can leave. The company won't force you."

Chen Jiacong said without any trace of politeness.

Wang Jian knew he couldn't do anything about this, but before he left, he wanted to teach Zhao Qian a lesson.

"Mr. Chen, can you give me one more hour? I will formally complete the transfer procedures with you in one hour." Wang Jian requested.

Chen Jiacong had brought a mission with him, so naturally, he couldn't agree to it.

"I'm sorry, but the company has given me the order to hand over the goods to you right away. If you cooperate, we will arrange work for you. If you don't cooperate, then I'm sorry, our company doesn't need employees who don't obey orders, you can only seek a higher position." Chen Jiacong replied coldly.

Wang Jian still refused to give up, so he suggested ten minutes. At least give him time to pack his stuff.

Chen Jiacong nodded and replied, "After the procedures are done, you will have plenty of time to pack your stuff. Alright, let's not waste anymore time. I still have things to do. These lawyers and colleagues will have other cases to follow later. There isn't much time left over here."

Wang Jian had no choice but to hand over the work to Chen Jiacong. From the moment he signed his name, this place was no longer under his control.

Xiao Hong was stunned and quickly asked Wang Jian, "Then what should I do?"

"What are you so anxious about?" "My work is arranged. Isn't that your work?" Wang Jian replied unhappily.

Chen Jiacong immediately said, "I'm sorry, the company only arranged Mr. Wang's job, but the lady's job isn't arranged, it's not in the contract."

With these words, Xiao Hong's eyes widened in anxiety.

"Wang Jian, what do you mean?" You didn't ask the company to take me with you? " Xiao Hong asked.

Wang Jian replied awkwardly, "Aren't you just an assistant? I thought my job would be settled, and then I'd hire you. If I apply to the company alone, people will definitely think that there is some shady relationship between you and me. "

Xiao Hong felt that this made sense, so she relaxed her tone and asked, "Then will you really continue to hire me as your assistant?"

Wang Jian immediately patted his chest and guaranteed, "Of course, if I don't hire you as my assistant, who else can I hire?"

"That's more like it." Xiao Hong smiled in satisfaction.

Chen Jiacong looked at the security guards and asked, "Why are you guys here when you're on duty instead of patrolling?"

The security captain immediately replied, "Report, Director Wang said that this brat is causing trouble and wants us to teach him a lesson. Just as I was about to make my move, you guys came. "

Wang Jian wanted to stop him, but he couldn't. This idiot, talking to him like that would only harm him.

Chen Jiacong looked at Wang Jian with a grave expression. Then, he turned to Zhao Qian and asked, "Are you here to cause trouble?"

Zhao Qian shook his head and replied: "Before, there was an overseas shopping mall that sold counterfeit goods, and I reported it. The two of them had a stake in the shop. This time, I accompanied my friends to buy things. They saw me and brought me in. They gave me two choices. One, compensate 20 million. Second, beat me up. So do you think I'm causing trouble? "

Chen Jiacong looked at Wang Jian with an ashen face and asked, "Is that true?"

Wang Jian immediately denied it, "Definitely not, he came to extort me and asked me for 20 million. I had no choice but to call in the security guards to scare him. I didn't really want to do anything to him. Even if you didn't come, I still wouldn't have let the security guards take action, would you? "

These security guards were honest people, they didn't understand the meaning behind Wang Jian's words.

The captain replied, "No, Director Wang already gave the order for us to hit him, you can't stop until you tell him to. If they hadn't arrived in time, we would have definitely beaten him so badly that he wouldn't be able to get up. "

Wang Jian was anxious and scolded, "You idiot, what nonsense are you talking about, is that what I mean? I'm just asking you to scare him, who told you to actually do it! "You all are too stupid, you misunderstood me!"

The security captain was too honest and argued, "Director Wang, you can't say that about us. It is our duty to listen to our leader. But we're not stupid, and you can't insult us. "

"Right, you can't insult us ..."

The security guards became agitated, as if they were going against Wang Jian.

Wang Jian was going crazy. This group of idiots couldn't understand what was going on, they deserved to be guards for the rest of their lives.

Chen Jiacong said coldly, "The security team is set up by the company to maintain order in the mall, not your personal bodyguards. Why are you using them to settle your personal grudges? Also, as the manager of the mall, you dare to open your own shop, sell fake goods, and take revenge on the informant. "On behalf of the company, I will formally inform you that you have been expelled from the company. You should pack your stuff and quickly leave!"

Wang Jian exploded when he heard that, scolding, "What the f * ck did you say? Expel your father? What qualifications do you have to expel me? Black and white, we signed a contract, if you don't arrange a good job for me, I can sue you all! "

Chen Jiacong took out the contract, pointed to one of the terms and said, "It's very clear here, if you don't work for my company due to personal reasons, I have the right to cancel this contract unilaterally. Your conduct is clearly unsuitable for you to remain in the company. You can only leave. If you refuse to accept this, you can apply for a labor arbitration or even go directly to court to sue. But now, please pack up and leave. Otherwise, I'll get the security to send you out! "

The situation was already clear, Wang Jian was destined to be chased away.

Zhao Qian smiled and stood up. He said to Chen Jiacong with a smile, "Thank you for standing on my behalf. Can I leave now?"

Chen Jiacong immediately bowed and apologized to Zhao Qian: "I'm sorry, I'm sorry for the displeasure I brought with you. As compensation, all of your shopping in the mall today will be paid for by the mall. When you leave, bring the invoice here. I will have the company finance send it to your account. I hope that you can give us more publicity and visit more in the future. "

"Haha ..." That's great. You know how to do things better than he does. I feel that under your management, the mall will get better and better. "Then I won't be polite with you guys. You guys can do whatever you want to the entire arena. You guys can pay for it!" Zhao Qian laughed.

Chen Jiacong immediately nodded and replied, "Thank you for your praise and blessings. "Please go and buy them as soon as possible. I will definitely pay for them, even if I have to do what I said."

Zhao Qian nodded and called Liao Xiaoyun over. Then he put his arm around her shoulders and walked out.

Wang Jian's eyes were filled with regret. Xiao Hong was so angry that her teeth were itching, but there was nothing they could do.

Liao Xiaoyun burst into laughter the moment they left the office.

"Haha ..." Who would have thought that he would gain a blessing in disguise in exchange for a free ticket for the entire venue! I found out that your luck is really quite good! It was always terrifying, but it was always solved perfectly at critical moments. No wonder you were able to win the lottery, this luck isn't for nothing. We'll go buy the lottery ticket later. What if we get lucky again? "

Zhao Qian smiled and replied: "A lottery win is something that can only be found by chance. A lottery win can't be won just because it's intentional. "Now is not the time to think about this. You should think about what you want to buy, you can't just blindly buy it for free."

"Haha ..." Clothes, bags, cosmetics, I'm coming! "

Liao Xiaoyun jumped up happily and ran to the shopping area.

C160 Isn't This Shameful(1)

No matter how rich he was, he would be happy to take advantage of her. Liao Xiaoyun looked around but didn't pick anything. Now, after a circle, her and Zhao Qian's hands were covered in shopping bags.

"Haha ..." They had never been so straightforward before. It was too great! Zhao Qian, thank you. "If it wasn't for you, I wouldn't have been able to shop like this!"

Liao Xiaoyun shouted in satisfaction as she looked at the shopping bag in her hands.

Zhao Qian had a smile on his face as he replied: "You know about my problem? "Don't go back tonight. I'll take you to get a room. Hey, how about I pass you some good luck?"

Liao Xiaoyun held in her laughter and immediately kicked Zhao Qian, scolding, "Shameless, can you be more serious? I am sincerely grateful to you for destroying the atmosphere with a single word. "Humph!"

"How can this be called destroying the atmosphere, I am sharing my good luck with you. It's fine if you don't want it, but a bunch of beautiful girls are waiting to share my good luck. " Zhao Qian deliberately pretended to be proud as he replied.

Liao Xiaoyun curled her lips and replied, "Shameless! You're so bad! How could a girl fall for you?" I think you're going to be a bachelor for the rest of your life, there's no doubt about it. "

"Haha ..." Alright, I won't bullshit with you anymore. Do you want to buy anything else? "If you don't want to buy it, then I'll go and pay the invoice."

"I'm not buying anymore, that's enough!" Liao Xiaoyun replied with satisfaction.

Zhao Qian nodded and said: "Then wait here. I'll hand over the invoice."

After saying that, Zhao Qian brought the shopping invoices to Chen Jiacong.

Chen Jiacong had been waiting in the office. When he saw Zhao Qian, he quickly got up and invited him to sit.

Zhao Qian waved his hand and said, "You're welcome. I'm going back soon, so I won't be sitting. "You did well just now. Are you interested in managing this place?"

Chen Jiacong quickly bowed to Zhao Qian and replied, "If possible, I would like to try. However, since the Old Master has not spoken, I would not dare to ask. "

Zhao Qian waved his hand and said, "That's easy to do, you don't have to worry about my dad. You have the confidence to do well, so I can tell my dad. "

Chen Jiacong was so excited that he hurriedly bowed deeply and said, "Thank you, Young Master, for your love and love. I will do my best to do my best. I will absolutely not disappoint Young Master."

Zhao Qian nodded with satisfaction and exchanged his phone number with him. Then, he said, "Wait for my message. I'll send a video to my dad tonight to tell him about you."

"Okay, okay... "Thank you, Young Master, thank you ..."

Chen Jiacong was extremely excited and tears were flowing out of his eyes.

Zhao Qian returned to Liao Xiaoyun's side and asked, "Can we go home now?"

Liao Xiaoyun nodded and replied, "Sure. But you have to take me home. I can't keep so many things in my car, and I can't take that much either. "

Zhao Qian pretended to be nervous and said, "Ah, you're going to meet the family head so soon? I'm a little nervous. "

Liao Xiaoyun rolled her eyes and smilingly punched Zhao Qian, pouting, "Can you be more serious? I'm telling you very seriously, you're always joking. "

Zhao Qian pretended to be serious and replied: "I'm also very serious. Your dad knows we're in touch, and if you take me to your house, he might think we're up to something. "

Liao Xiaoyun replied disdainfully, "Tsk, I'm not interested in your beauty. "

Zhao Qian let out a light breath and replied: "That's good, I'm not interested in you either. This way, I am relieved. Otherwise, I would be worried that you would trick me into coming to your house and not let me go at night, instead taking the opportunity to do that to me. "Aiya, it scares me just thinking about it. "

Liao Xiaoyun was really about to die because of Zhao Qian. She didn't know what to say, so she could only punch him a few times to show her attitude.

The two of them had already finished messing around, so they carried everything and walked out of the mall. Coincidentally, they bumped into Faang Ni and Zhang Yang at the entrance.

Faang Ni originally wanted to pretend she didn't know Zhao Qian, but Zhang Yang didn't think so. He looked at Zhao Qian with anger, with a strong "killing intent" in his eyes.

Liao Xiaoyun noticed Zhang Yang's abnormality and turned around to look at

Zhao Qian. "You guys know each other?"

Zhao Qian smiled and replied, "Yes, my boss and her husband."

"Oh, he's the husband of the boss you mentioned, who doesn't care about the interests of the company! "Indeed, looks like he wants to. Just by looking at him, you can tell that he isn't a good person." Liao Xiaoyun purposely said loudly.

This infuriated Zhang Yang to no end, he questioned Wu Tie: "What kind of bad things did you say about me outside? Is it interesting? He was a grown man, yet he talked like a woman! Little Ni, don't you see? "This is the true face of the man you've always praised as Zhao Qian!"

Zhao Qian turned his head to look at Liao Xiaoyun, not knowing what to say. Then he turned to look at Faang Ni and Zhang Yang, greeting them, "Director Faang, Mr Zhang, why are you here at this time?"

Faang Ni was about to reply, but Zhang Yang snappily replied first, "What? We are the boss, we can get off work whenever we want, do you still need to care about us? As an employee, you went to the Ocean Museum in the name of your job yesterday, and now you're shopping in the name of your job. "Say, why are you so low, doing this kind of vulgar thing like taking care of public affairs?"

Faang Ni quickly pulled Zhang Yang back and scolded him, "Zhang Yang, don't speak nonsense. Zhao Qian is accompanying the customers, so don't speak carelessly. "

"Accompany customers? I have even checked the upper echelons of Huanyou, but I have never seen such a young girl. "He's obviously using his work as an excuse to pick up girls. What a conniving prick." Zhang Yang continued to scold.

Zhao Qian disdained to explain. Everything was based on facts. When he signs the order, he will naturally slap Zhang Yang in the face.

However, Liao Xiaoyun had a bad temper and couldn't stand Zhang Yang saying that to her.

"You ugly bastard, how can you speak like that?" Liao Xiaoyun scolded.

Zhang Yang thought that he was very handsome, and his wife was beside him. Naturally, he couldn't stand Liao Xiaoyun humiliating him like this.

"Who are you calling ugly? Are you good-looking? There's nothing special about it!" Zhang Yang replied.

"Who are you talking about? "Bastard!"

Liao Xiaoyun put down the things in her hands, as if she wanted to spar with Zhang Yang.

It was inconceivable for a grown man to have a conflict with a little girl in such an occasion.

Zhao Qian held back his laughter and held onto Liao Xiaoyun as he consoled her, "Alright, alright. Give me some face and don't bother about it anymore. He's my boss's man, after all. "Is that okay?"

Zhang Yang scolded him snappily, "Stop pretending to be a good person! "How can you pretend to be a good person if you are a pretentious public servant!"

Liao Xiaoyun scolded directly, "Are you crazy? I let Zhao Qian accompany me to the ocean museum, and I let him accompany me shopping. I am the daughter of the Huanyou Elder, is the reason sufficient? "

Zhang Yang was dumbfounded.

Faang Ni pulled Zhang Yang back a little and said, "Look at you, I already told you that he was accompanying a client, why didn't you listen? "Miss Liao, I'm really sorry. My husband just came back from the United States and doesn't know much about the affairs of the world at home. Please forgive me, please forgive me ..."

Liao Xiaoyun replied with a look of disdain, "So what if she is beautiful? No matter how high one's education was, it could not save a person's life. I heard from Zhao Qian that you often find trouble with your colleagues in the company. For your own benefit, you completely ignore the interests of the company. I don't understand, this company belongs to your wife. Zhao Qian worked hard to make the single bill for the company. How can you do such a stupid thing? For people like you, I can't give you the order! Who knows when you're going to do something like this, or whether you're going to leak our secrets or even sabotage the progress of the project? "

Zhang Yang was silent for a while and then said, "You're Liao Bixiong's daughter just because you said so? I also said that my father is Ma Teng! "How could Liao Bixiong have such an arrogant and despotic daughter like you!"

Liao Xiaoyun was so angry that her hands were trembling. She took out her ID card, placed it in front of Zhang Yang and swore, "Open your dog eyes and look carefully! I came back from America. Do you still know the words? "

The atmosphere became awkward. Zhang Yang looked at the ID card in Liao Xiaoyun's hand in a daze and didn't dare to say anything.

Zhao Qian looked at Zhang Yang with an expressionless face and became even more disappointed with him. He was determined to make things extremely awkward and make things difficult for himself. What was the point in doing so? If this isn't cheating, then what is?

You've had enough.

Zhao Qian also didn't want to smooth things over for Zhang Yang, so he just watched silently.

Confirming that Liao Xiaoyun was Liao Bixiong's daughter, Zhang Yang didn't even dare to make a sound when he was scolded like a dog. At the end of the day, he was someone who felt inferior, conceited, and liked to fight in the dark. When faced with someone stronger than him, he could only pretend to be a grandson.

Since her husband had been scolded, Faang Ni naturally felt upset as well. But there was no other way. The customer was the most important. Furthermore, she felt that Zhao Qian would soon get the order, so he couldn't drag her down at this moment.

Thus, Faang Ni hurriedly apologized to Liao Xiaoyun, "Miss Liao, I am really sorry. I apologize on behalf of my husband, I hope you can forgive me. Our company treats our customers very seriously and professionally. There will never be the situation that you just mentioned. This way, we won't disturb you guys. If you have any questions, you can ask Zhao Qian directly. He can represent the entire company's power to represent me and the company's intentions. "

Liao Xiaoyun coldly snorted and said, "I don't think Zhao Qian has the right to do so. Your husband is really against him. Your company is not united, and I think it's too risky to give you the order. Zhao Qian, do you know any friends who do this? Can you help me introduce them to them? I'll give them the list. As long as the product can be made, I don't care who I work with. "

When Faang Ni heard this, she panicked and quickly apologized to Liao Xiaoyun, "Please don't be angry, Miss Liao. I'm really sorry. My husband really did not mean to offend you. Hubby, quickly apologize to Miss Liao. "

Faang Ni's tone was very resolute, not allowing Zhang Yang to refuse. But he was a man after all, and a man of chauvinism, he couldn't bring himself to apologize in front of his wife, especially since Zhao Qian was still there.

"I can apologize, but that depends on how big the order Miss Liao gave us is. If it's just a simple procedure, then it's not worth it for me to apologize!" Zhang Yang said unrepentantly.

Liao Xiaoyun could not stand it any longer and scolded, "You want a large order with that appearance of yours? I don't even want to give you an order for a small program!" "Humph!"

After saying that, Liao Xiaoyun carried her stuff and headed to her car.

Zhao Qian sighed helplessly, packed his stuff and prepared to leave.

Faang Ni hurried forward to stop him and pleaded, "Zhao Qian, hurry up and talk to her. The company has your shares too, so you can't just let the order you got go."

Zhao Qian sighed and replied, "Director Faang, it's not that I'm talking bad about Mr Zhang. If he continues like this, the company will be destroyed by him sooner or later. This time, I will try my best, but I will put my words here. If there is a next time, I will have to enforce the rights of the shareholders and apply to dismiss Mr Zhang from his position."

Zhang Yang became angry the moment he heard it, and rushed over to scold: "Zhao Qian, don't go too far! This company belongs to us, and you still want to dismiss me?"

"Enough! Can you stop talking!?" Faang Ni roared.

Zhang Yang stared at Faang Ni blankly and didn't dare to say anything.

Faang Ni had tolerated him for long enough. Ever since he arrived at the company, she had been disappointed time and time again. If it wasn't for the fact that he had just brought back an order, she might really be angry at him here.

Faang Ni slowed down, changed to a more relaxed tone and said to Zhao Qian, "I'll be counting on you. You have to get this order back. No matter the size of the order, we have to work with Huanyou and it will benefit our future development. "

"Don't worry, I will definitely not let her fly away even if it reaches my mouth. You know what I mean, I don't want to make things difficult for you, but don't let me down again and again! " Zhao Qian said seriously.

C161 This Is Not Cheating

Faang Ni nodded and promised, "Understood. Rest assured, I guarantee that the situation will never occur again! "

Zhao Qian nodded. With Faang Ni's help, he picked up everything and walked towards the parking lot.

Liao Xiaoyun had already packed her things and was waiting for Zhao Qian to come over.

Zhao Qian loaded his car and walked over to knock on Liao Xiaoyun's window.

"What?" Liao Xiaoyun asked snappily.

"You're really angry? Do you think you need to? "Don't be angry, I'll bring you back to shop another day." Zhao Qian comforted her.

"Humph!" That person was ugly, and his words were unpleasant to hear. Just by looking at him, one would feel annoyed. Zhao Qian, resign. Find any company and I'll give you the order. "Is that okay?"

With that, Liao Xiaoyun grabbed Zhao Qian's hand, looking very excited.

Zhao Qian shook his head and replied, "No, I have a stake in the company. If the company doesn't develop well, then wouldn't my shares go down the drain? You're giving me face. If it doesn't work, you should give these things some face. Don't be angry. "Is that okay?"

Liao Xiaoyun shook her head and replied, "Of course not, I would not be bought off by such a small thing. Unless you promise to accompany me to attend a high school reunion in a few days, I will remember what happened just now for the rest of my life. "

Zhao Qian really didn't want to waste time with her, so he replied, "It's not appropriate for an outsider like me to attend your high school reunion."

Liao Xiaoyun immediately pouted and said, "You can pretend to be my boyfriend, but aren't you an outsider?"

Trying to pretend to be a boyfriend again, Zhao Qian was getting a bit annoyed.

"Can you not pretend to be a boyfriend!?" "She always pretends to be a boyfriend, but there's nothing new at all." Zhao Qian said reluctantly.

Liao Xiaoyun smiled and asked, "Then what do you want to pretend to be? Pretend it's my brother? "

Zhao Qian smirked and replied, "Why should I pretend? Can't it be true? Why don't we get a room right now and get closer to each other? "

Liao Xiaoyun rolled her eyes and scratched the back of Zhao Qian's hand. She pretended to be angry as she replied, "Go! You wish! If you say that again, I'll be angry. Get in the car quickly, I'm going home! "

Zhao Qian smiled, turned around and walked back. He got into his car and followed Liao Xiaoyun to her house.

After all, he was the boss of Huanyou, and the Liao family's mansion was extremely grand.

Zhao Qian pretended to be jealous and said to Liao Xiaoyun, "Your family is really big! It must be a lot of money. "

Liao Xiaoyun replied smilingly, "Not bad. It's only been completed in a thousand years, and cost more than 200 million. "Anyway, my family doesn't

lack this kind of money, so we can live more comfortably."

"Over 200 million!" Wow, this is what I saw when I was burying my grandpa. Your family is really rich!" Zhao Qian said in envy.

Liao Xiaoyun laughed until she almost lost her temper, gave Zhao Qian another kick, then reminded him, "You're going in right away. You have to be serious, don't joke with me like that." I don't care, but my dad is an antique and he cares a lot. "

Zhao Qian nodded and assured Liao Xiaoyun, "Don't worry, I know what I'm doing."

Liao Xiaoyun nodded and walked in with Zhao Qian.

When the servants saw that Liao Xiaoyun had returned, they quickly greeted her and even went to report to Liao Bixiong.

"Master, the Miss is back. She even brought a man and bought a lot of things."

Liao Bixiong hurriedly stood up to welcome her. He thought that his daughter wouldn't bring her boyfriend back to see her parents, right?

When Liao Bixiong saw that the man was Zhao Qian, his face immediately darkened.

"Why is it you? Have you forgotten what you promised me? What do you think I am? Are you messing with me?" Liao Bixiong said angrily.

"It is not forgotten that we are simply discussing our work. She said she wanted to go shopping, so of course I, as a salesperson, had to give it my all to satisfy the customers. Isn't this a very normal business practice?" Zhao Qian explained.

Liao Bixiong didn't have anything else to say. He called someone to take the thing in Zhao Qian's hand and then said to him, "Okay, you can go back now."

Zhao Qian didn't want to come from the start, but since he could leave now, he couldn't be happier.

"Alright, then I'll be going. "Goodbye, Miss Liao."

After saying that, Zhao Qian turned around to leave, but Liao Xiaoyun threw down the things in her hands and went up to stop him.

"Don't go, we're already here. Let's go in and take a seat." Dad, he's my friend now, so you can't treat him like this, or I'll get angry. "

Liao Bixiong's expression was very ugly. He ordered, "Hurry up and go in. Your aunt is here. She's waiting to chat with you."

"Aunt is here. "Heehee ..."

Liao Xiaoyun pulled Zhao Qian inside the house, but Liao Bixiong didn't have the nerve to stop them.

However, Zhao Qian didn't want to go in, so he quickly pulled Liao Xiaoyun and said, "I think I'll go first. Your aunt is here, it's very awkward for me to be there. "

"Oh ..." That... Well, you go back first. Tomorrow you should remember to go to the company. We have to make sure of the project. "

"Mm, tomorrow I'll go up to 9, I'll come to your company to find you."

"Yes." Bye bye. Slow down on the road. "

Zhao Qian acknowledged and smiled to Liao Bixiong and the rest before turning around to leave.

C162 Hands

Not long after Zhao Qian returned home, Faang Ni called him.

"Hey, Zhao Qian, how's the situation? "What did Miss Liao say?" Faang Ni asked guiltily.

"I'll talk to her tomorrow and try to be sure. However, she asked me to accompany her to a high school reunion, or she wouldn't sign it. I'm still thinking about it. " Zhao Qian replied honestly.

Faang Ni immediately said, "There's no problem with attending the reunion. You can go and the company will reimburse you for all the expenses. As long as we can sign the order, it would be worth it to give something. "

Zhao Qian immediately replied unhappily: "But I don't want to go. I accompanied her to the Ocean Palace for a few days, then went to the National Gold Center to shop. I also accompanied her to the reunion. Besides, I'm going to the party as her boyfriend, and I don't really want to. "

Faang Ni quickly comforted her, "You have 32% of the company's shares in you. If the company makes money, you will have more dividends as well." If you don't care about my face and look at the money, I'll make you suffer a bit.

Zhao Qian acknowledged and replied, "I'll think about it again. Didn't Mr Zhang and Wang Deputy Manager just sign the form? At least in the short term, the company will not have to do it alone, and even if I don't succeed on my side, it won't have much of an impact. "

"We can only sign the contract tomorrow, so we have to talk about the exact amount. Keep up the good work on your side, it's always good to have an extra order, no one can't get it. " Faang Ni quickly explained.

"All right. Is there anything else? If there's nothing else, I'm going to take a bath. "

"No, you should rest well." I'll wait for your good news. "

Zhao Qian nodded and hung up.

After showering, Zhao Qian sent his dad a video call request, which was quickly picked up by Zhao Fu.

"Son, why did you think of sending me a video?" Zhao Fu asked with a smile.

It's been a long time since I saw my son. Zhao Fu's eyes were staring at his face to see if he had lost weight.

Zhao Qian replied with a laugh, "My dad is so amazing, I have to praise him a little."

"Haha ..." "Don't try that. Just say it directly if you have anything to say." Zhao Fu replied happily.

"Laozi is laozi, your son's thoughts can't escape your eyes. Previously, Yang Hu spent a bit of money to deal with the Leyou Jiang family. Since he doesn't dare to tell you, I'll have to tell you myself. " Zhao Qian answered truthfully.

Zhao Fu laughed and replied, "It doesn't matter as long as it can solve the problem. I'm afraid that whatever Leyou it is, I don't want to continue, and dare to touch my son. Aren't you at work at some game's Production Company? Why don't I buy that whatever Leyou for you? "

The only way for the rich to resolve their disputes was to be direct and buy them. That would be the end.

However, Zhao Qian couldn't take it. Buying Leyou s up to several hundred million, this was not something that he could do with his current identity.

"I don't want it anymore. I can't explain to anyone else how there is so much money to buy a company like this. I don't want my identity to be exposed. I don't want any unnecessary trouble or danger. " Zhao Qian refused.

Zhao Fu laughed and replied, "If you want it, I will naturally arrange it in a reasonable manner. I have asked the employees who invest in Fuhai to go to your company to discuss the purchase of the Leyou. This is the general direction. You can discuss the details. If you use your house as collateral and buy a share of the shares from Fuhai Investment, wouldn't you be able to obtain Leyou? "There are a lot of ways. The key lies in whether you want it or not."

Zhao Qian thought about it and felt that his interest in Leyou wasn't great. He didn't want to buy it if it wasn't necessary.

"Look again. If I want, I'll call you back." It's getting late, you should go to bed, don't be busy. You can't finish your work. You'll have to bring your grandson along in the future. Your body can't collapse. " Zhao Qian advised with concern.

"Haha ..." Alright, alright, I'll go to sleep right away. You better hurry up, or else I'll report you to my grandson. If you have a girl you like, tell him that as long as he has a son, I will reward him with a shopping mall or a big building. " Zhao Fu said happily.

He couldn't continue the conversation that day. If he continued, he didn't know what his father was going to say.

"Alright, I understand. Hurry up and sleep, I'm going to sleep too, I'm too sleepy. "Good night."

"Yes." "Good night."

After hanging up, Zhao Qian quickly went to sleep on the bed.

When he woke up, he felt refreshed. Zhao Qian ate a piece of bread and drank a glass of milk. It was already ten o'clock. Just as he was about to head out to Huanyou to find Liao Xiaoyun, Zhang Yang's phone call came in.

Zhao Qian picked up the phone and asked, "Hello, Mr Zhang, is there anything for me?"

"What do you think? Don't you have a B count yourself?" Zhang Yang replied angrily.

Zhao Qian helplessly rolled his eyes and bluntly replied, "Did you read all of Mr Zhang's books to the bottom of your stomach? It's not a good idea, is it? If you have something to say, then speak. Don't be so weird with me! For Director Faang's sake, I can call you Mr Zhang. If I don't care about her face, I can offer to chase you away at any time! You'd better understand the situation before deciding on the tone and attitude to use when you speak to me!"

Zhang Yang was scolded by Zhao Qian for a while. Then, his tone became a bit more relaxed as he said, "Don't scare me like that. Faang Ni production is my family's company after all. It won't be that easy for you to chase me away. Let me ask you, do you have a grudge with the Young Master of Leyou, Chiang Tao?"

As expected, the worrisome thing happened. Zhao Qian replied helplessly, "I have a grudge with Chiang Tao, what about it?"

"They knew that our company was cooperating with them and refused to sign the contract. There is no possibility of cooperation unless we drive you away. Do you know how much this order is? Five million! Five million! Now that you have enmity with him, it's all in vain!" Zhang Yang roared in anger.

Zhao Qian had guessed that such a situation would occur, so he wasn't in a hurry.

"What's the rush? I'll take care of it. Don't worry." Zhao Qian comforted her.

"Solve it?" What are you going to do with it? I will convene a staff meeting right now, and I must chase you away! "

Zhang Yang roared and hung up the phone.

Zhao Qian knew that there was no room for negotiation with the Jiang father and son. The only thing he could do now was let his father buy the company.

So Zhao Qian called his dad and said, "Dad, I thought about it, let's just buy that company. But I don't want them to make too much money, do you have a way? "

"Then we'll have to get Yang Hu to step in. I'll give him a call and tell him to wait for the news. " Zhao Fu replied calmly.

Zhao Qian nodded, hung up the phone, and went to Huanyou to look for Liao Xiaoyun.

Liao Xiaoyun came to the company early in the morning and waited in the office for Zhao Qian to come find her.

Zhao Qian quickly arrived at Huanyou and told his name from the front desk. The front desk girl immediately brought him to Liao Xiaoyun's office.

"You're finally here. Why are you so late?" Liao Xiaoyun complained.

Zhao Qian quickly explained, "These two days I was too tired and I woke up late in the morning. Let's hurry up and start, don't waste time. "

Liao Xiaoyun said apologetically, "I'm really sorry. It's all my fault, otherwise you wouldn't have been so tired. When we're done with the project, you should take a good rest for a few days, I will definitely not disturb you. "

Zhao Qian shook his head and replied, "It has nothing to do with you. Even without you, I still have other work to do and will be tired. Alright, let's not talk about this anymore. Hurry up and get your plans over here.

Liao Xiaoyun nodded and immediately called for a few of the schemers to come over and discuss the matter.

It wasn't until six in the evening that Zhao Qian walked out of the Huanyou with the contract he had just signed with Liao Xiaoyun.

"Phew ..."

Zhao Qian let out a heavy sigh. The last few days have not been in vain. The order was finally in hand.

However, there are conditions attached to this order. This Friday was the Mid-Autumn Festival, and Liao Xiaoyun had a high school reunion, so he had to pretend to be her boyfriend and go with her.

It was already six o'clock, Zhao Qian was not planning to go back to the company. He would tell them the good news tomorrow.

However, when Faang Ni called, he could only answer.

"Hello, Director Faang. Is something the matter?"

Faang Ni didn't answer immediately. After a few seconds of silence, she weakly said, "Go back to the company."

Faang Ni's voice was not very good. Something must have happened.

"Alright, I'll be right back."

Zhao Qian agreed and quickly drove back to the company.

C163 He Was about to Leave Again

Actually, he didn't need to go back to the company. Zhao Qian could probably guess what was going on. It was definitely Zhang Yang who posted about the Leyou orders and ordered everyone in the company to chase him away.

Soon, Zhao Qian returned to the company. As he had expected, everyone was looking at him strangely.

Zhao Qian didn't want to explain anything to his colleagues, so he directly went to Faang Ni's office.

Zhang Yang and Wang Qiang were also in Faang Ni's office. When they saw Liu Tie, they immediately stood up and scolded him.

"You're finally back! I've been waiting for you for a long time!" Let's not talk about the superfluous. You might as well resign! " Zhang Yang said angrily.

Wang Qiang also complained, "Mr Zhang and I spent so much effort to treat our guests, and spent so much money to finally get the order. But now, because you have a grudge with the other boss and the crown prince, they have to cancel the order. Why do you think you're so good at causing trouble? I don't understand how you could have interacted with them. How did you offend them? "

Zhao Qian remained calm and composed as he replied, "There is no need to tell Wang Deputy Manager about this. It is my personal matter. As for the orders, rest assured, I will settle it. "

"Hehe ..." How funny, what are you going to do about it? Do they give us the order by throwing money at us? Alright! Aren't you rich? Don't you like using money to act cool? "Then use your money to return the order!" Zhang Yang said with disdain.

Wang Qiang chuckled coldly and said, "If he really wants to return with money, then don't give it to him. Just directly give it to the company." It's not high demand, just two million. This bit of money is just a drop in the bucket for Young Master Zhao, right? "

Zhao Qian had said what he needed to say, so he didn't want to waste any more time talking to the two of them. He turned to Faang Ni and asked, "Director Faang, what do you mean by this?"

Faang Ni was naturally angry as well. After all, the meat was just at the tip of her tongue, yet it suddenly flew away. She could not accept this at all.

However, she also knew how important Zhao Qian was to the company, so she didn't dare to fall out with him because of this order.

"I believe in your ability. If you say you can solve it, then you can definitely do it. But everyone's angry, and you'd better go out and explain it to them. See what I mean? " Faang Ni said calmly.

Zhao Qian nodded and turned around to leave, but Zhang Yang was unhappy.

"Little Ni, what exactly do you mean? Anyone who wasn't a fool would know that such a situation was impossible for him to solve it. What do you mean, believe him? "You really don't see me as a human being!" Zhang Yang said angrily.

Faang Ni ignored him and pushed Zhao Qian out of the office.

"Everyone, come over here for a bit. Zhao Qian has something to tell everyone." Faang Ni shouted.

The employees quickly surrounded them, waiting for Zhao Qian to explain.

Zhao Qian said loudly, "Everyone, don't worry. I will settle this matter. Now you can get off work in peace, and it won't be long before you receive the good news. "

These were Zhao Qian's heartfelt words, and they were about to become the truth. But his colleagues were very unhappy. Wasn't he just being perfunctory?

"Zhao Qian, just by saying that, you're treating us like fools."

"That's right! We're not saying that we want to do anything to you, but at the very least, you have to apologize, right? Is it really appropriate for you to say such perfunctory words? "

"Even if we are willing to believe you, what will you use to deal with it? It's such a big company, yet you offended the boss and Young Master. On what basis are you going to solve the problem? "

"Didn't they already make a request? As long as he leaves the company, the order will come back. Hadn't everyone agreed to let him leave in the afternoon? Just say it directly, why do you need to waste so much time talking about it. "

Finally, someone asked Zhao Qian to leave and everyone stopped pretending.

"Zhao Qian, don't blame us too. This is the only solution that the other party has come up with. They will only return the order if you leave the company. "

"We are very grateful for your contribution to the company, but you have made an unforgivable mistake and should be held responsible for it."

"They also said, this is only the first order, let's test our strength. As long as we do well, we will be given at least two orders a year from now on. If nothing else, it would at least guarantee the company's proper operation. With such

favourable conditions, we have no reason to reject it. "

" ... "

His colleagues voiced their thoughts. Basically, they all hoped for Zhao Qian to leave in order to exchange for Leyou to return the order.

Faang Ni stood at the side and did not say anything. It was obvious that she had already agreed to everyone's request. She was just embarrassed to say it out loud.

Zhao Qian laughed and replied, "I can tell everyone that if I want to leave, it can only be because I took the initiative to leave. No one can kick me out. The problem you're worried about, I said it would be solved if it could be solved. I don't need you to believe me. Alright, let's go home from work. "

With that, Zhao Qian returned to his seat and didn't bother to take out the order to share his joy with everyone.

They still didn't want to leave. They had already agreed to let Zhao Qian leave the company. They definitely wouldn't be willing to leave before the matter was settled.

"Director Faang, say something."

"That's right! This company is yours, so if you want to order it, everyone must obey you unconditionally! "

"Yes!" It's time for you to express your stance! "

The employees knew that Zhao Qian had a high position in the company, so they could only force Faang Ni to step in.

Wang Qiang definitely wouldn't miss such a good opportunity to drive Zhao

Qian away. He immediately said to Faang Ni, "Director Faang, no matter how important you are, you can't be compared with the whole company. If Director Faang favors him, it will definitely dampen the enthusiasm of all employees in the company. Without him, our profits would have fallen temporarily at best. However, if all the employees were not in the mood to work, the company would collapse. Director Faang, you must consider clearly what is more important and what is less important. "

"That's right, Director Faang. You have to consider this carefully."

"I have to think this through ..."

Faang Ni had no choice but to let the staff work together to force her into a corner. She could not ignore the opinions of everyone and forcefully keep Zhao Qian.

Zhang Yang was secretly happy behind them and revealed a smile at the corner of his mouth. This time, it was impossible for Zhao Qian to escape. He had to get out of here.

Wang Qiang was also relieved and finally got rid of Zhao Qian. Sooner or later, this company's surname would have to be Zhao if he was allowed to stay.

Even if Faang Ni was in a difficult situation, she had no choice but to express her stance. She said apologetically to Zhao Qian, "Zhao Qian, you know what I mean. But you know what everyone means, I can't help it. I can only sacrifice you for the greater good. I hope you understand, and don't blame me. When the time is right in the future, I will definitely invite you back. "

It seemed like these people had forgotten what would happen without him, so they might as well give them a long memory. Zhao Qian nodded and replied, "Director Faang is the boss. Since you have made the decision, I will naturally obey. However, I will put it first. It's easy to chase me away, but hard to get me back. Oh yeah, I just signed a contract with Huanyou, so it can be

considered my last gift to you guys. "

Zhao Qian threw the folder on the table, picked up the necessary things and got up to leave.

Faang Ni looked at the contract, she was so anxious that tears were flowing out of her eyes. She apologized to Zhao Qian, "I'm sorry, I'm sorry ... "I really have no other choice. Don't blame me ..."

Zhao Qian laughed and replied, "I understand Director Faang's situation. She has no choice but to do so. "Okay, I have to go. I have time to come out and have some tea."

After saying that, Zhao Qian turned around and walked towards the door.

Zhang Yang quickly walked over and blocked Zhao Qian's path.

"He left just like that. "Aiya, the world is really unpredictable." Zhang Yang sighed with pride.

Zhao Qian only smiled and ignored him.

Wang Qiang naturally wouldn't miss such a good opportunity to ridicule Zhao Qian. He immediately ran over and said with a smile: "Don't be discouraged, with your talent, you will be able to shine wherever you go. When you have time, remember to come back and see. Everyone will miss you. Although there is some misunderstanding between us, but I am a very magnanimous person, so I won't bother with you. "

Zhang Yuan also ran over and said with a face full of smiles, "Finally, I'm the one who laughed the last."

Zhao Qian couldn't hold it in anymore. He smiled and said to the others, "This is only the beginning, and you already started celebrating your victory? As for

me, I'll go home and sleep for a few days, waiting for you to beg me to come back. "Haha ..."

C164 I'll be Back

Zhao Qian actually dared to say that everyone would beg him to come back. What a joke.

"No ..." Where did your confidence come from, and why did everyone request for you to come back? " Zhang Yang asked with a mocking expression.

"Mr Zhang, since he left the company in this way, he has to find a way out for himself. You have to understand the feelings of a person who likes to act cool at this moment. " Wang Qiang said with a cold voice.

"Haha ..." That's true. However, Zhao Qian, you don't need to think about beautiful things. Without you, the company will get better and better under my leadership. Before long, it's not that we're begging for a company to cooperate like Huanyou and ours, it's just that they brought an order for us to cooperate with them. I believe that this day will not be too far away. You will soon be able to see this scene. " Zhang Yang said in high spirits.

Zhao Qian really looked down on Zhang Yang a hundred times. He had the reputation of being a good man, but he could not come up with any talents. Yet, he was ambitious.

If the company had fallen into his hands, it would have closed down in two or three years, no doubt about that.

Just then, Faang Ni walked over and said angrily, "Have you guys had enough? After all, couldn't he be more magnanimous with his colleagues? "Since Zhao Qian left and gave us a big order, can't you guys feel a bit grateful?"

Wang Qiang and Zhang Yuan did not dare to speak anymore, but Zhang Yang quibbled, "We are just sending him off. "Unlike an ordinary person's way of

seeing them off, our way of doing so is quite unique."

When Zhang Yang said this, Wang Qiang and Zhang Yuan also quickly followed.

"Yes, we are just saying goodbye to him in our own way, and we don't mean to laugh at him. "Director Faang, don't misunderstand." Wang Qiang quibbled.

Zhang Yuan followed up, "Director Faang, don't misunderstand. I have no other intentions. I was just bidding him farewell."

Faang Ni coldly snorted and replied, "Whether it is a misunderstanding or not, you all should be clear about this. "Don't think you're very smart, and don't treat others like fools."

Zhao Qian didn't want to see their disgusting faces, so he interrupted Faang Ni and said, "Director Faang wants to scold me. Wait for me to leave first." We shall part here and meet again. "

After saying that, Zhao Qian strode towards the door. At this moment, Jiang Xiaoqing blocked his way once again.

"Do you also have something to say?" Zhao Qian asked with a serious expression.

Jiang Xiaoqing nodded. "I have something I want to say to you. Let me see you out."

Zhao Qian didn't want to have anything to do with Jiang Xiaoqing anymore, so he replied: "No need, it's fine if you have something to say here. There's nothing between us that others can't know. Just say it directly. "

Jiang Xiaoqing hesitated for a moment, mustered up her courage and replied,

"You have nothing now. Can you let go of the past and let us start over?"

Zhao Qian immediately laughed and asked: "No..." Jiang Xiaoqing, is there something wrong with your head? The chopsticks I used were also used by others, do you think I can still use them again? Besides, I've used it alone. I'm worried about an infectious disease. I hate dirt! Do you understand? "

Zhao Qian's words are too direct and hurtful, but Jiang Xiaoqing did not get angry. She replied calmly, "I know I was wrong before, and you will not accept it for a while. I'm just telling you that I can accept you again. Go back and think about it, think things through before you give me an answer. "

The reason why Jiang Xiaoqing was so humble and didn't want to ask for recombination was because she had her eyes on the money in Zhao Qian's hands.

In the past, Zhao Qian's monthly salary was very little, but he would save money to buy gifts for her. Right now, he had at least a few million in his hands. This also meant that as long as she reunited with him, she would immediately be able to buy a house and settle down in Donghai City.

The most important thing was that Zhao Qian had the shares produced by Faang Ni, so he would be able to get a share of the profits every year. The company's estimated profit for the next three years was not less than 20 million, so Zhao Qian could get at least 5 million yuan in dividends. In other words, she wouldn't have to worry about eating and drinking while lying down in the future.

However, it was useless for her to do as she wished. Zhao Qian wouldn't give her the chance to do so.

"There is no need to consider this matter. I can now tell you clearly that there can be no relationship between you and me other than that of a colleague. If I remember correctly, I once warned you that you will be with Wang Qiang for

the rest of your life. Even if he turns into a vegetable, you have to take care of him for the rest of your life. If you dare to go against my wishes, I will have plenty of ways to make you live a life worse than death! "

Zhao Qian warned him very seriously and then left in large strides.

Jiang Xiaoqing felt sad that she had been humiliated. However, she didn't say anything unpleasant to Zhao Qian so she could "eat until she dies" in the future.

However, Wang Qiang didn't care anymore and shouted loudly: "You don't have the right to care about this daddy's business, it's better to think about how you'll act cool in the future."

Zhao Qian shouted without turning his head, "Speak, I have already said it. If you dare to go against me, don't blame me for being merciless. Since the two of you are so despicable and living together, I shall help you achieve your goal of living together for your entire lives. "

Wang Qiang didn't want to be with Jiang Xiaoqing anymore. No man could accept a woman that had been rotated by dozens of men.

After leaving the company, Zhao Qian went straight home to sleep. He didn't need to do anything. He needed to eat well and sleep well. He just needed to wait for news from his father.

After resting for two days, it was the Mid-Autumn Festival. As promised, Zhao Qian will accompany Liao Xiaoyun to attend the high school reunion. At nine o'clock in the morning, the two of them met at the appointed place.

Liao Xiaoyun walked over with a smile and greeted, "You're here. We haven't seen each other for a few days, but we're still as ugly as ever. "

Zhao Qian rolled his eyes speechlessly, and replied, "Since you dislike me so

much, then why did you ask me to accompany you to a party? Hurry up and change it. Your company's Little Liu looks pretty good. Tell him to accompany you. "

Then, Zhao Qian turned around to go back to the car. Liao Xiaoyun quickly went up to him and pulled him back, giggling as she said, "It's just a joke. Look how serious you are. How can a person be so petty?" Little Liu is very pretty, but she doesn't have the slightest bit of masculinity.

"Don't try to trick me, you were clearly looking down on me just now." I'm angry and I can't forgive you. " Zhao Qian pretended to be angry and said.

Liao Xiaoyun giggled as she hugged him and asked, "Then I'll apologize to you. I'm sorry, okay?"

Zhao Qian shook his head and said, "Apologizing requires some practical action right? The moment his lips touched hers, he immediately shouted an apology. He showed no sincerity at all! "

Liao Xiaoyun then asked, "Then what do you think I should do to be sincere?"

Zhao Qian smiled and replied: "If you have any sincerity, then kiss me." After all, my current identity is your boyfriend. "If you don't act intimate, I can tell at a glance that something is amiss."

Liao Xiaoyun gave Zhao Qian's back a few times as she complained, "Hmph! "After all, you just want to take advantage of me. Why are you so bad?"

"I'm not a bad person. I was clearly at a disadvantage." Zhao Qian replied in a wronged manner.

"Big brother, we will die to pretend to be male and female friends, what are you suffering from?" Liao Xiaoyun asked, puzzled.

Zhao Qian smiled and replied, "If you're at a disadvantage, then go ahead and pretend. I'm your boyfriend in name, but I don't get the benefits of a boyfriend. Do you think I will suffer a loss? "

Liao Xiaoyun rolled her eyes and snickered. "Then what do you think I should do to make you pay?"

"Simple. Give me a kiss and let me enjoy the benefits of being your boyfriend. I won't feel like I'm losing out."

After Zhao Qian said that, he stopped hurting his eyes and pouted.

Liao Xiaoyun lowered her head shyly and bit her lips, not knowing what to do next.

"Aiya, it's almost ten o'clock. If I don't go now, I'll be late." Zhao Qian deliberately reminded him.

Liao Xiaoyun snorted, slowly approached Zhao Qian and really kissed his lips.

Zhao Qian suddenly opened his eyes, covered his mouth and said in shock, "Aiya, I was just joking, are you serious?"

"Ah!" You... You scoundrel! I'll beat you to death!

Liao Xiaoyun was embarrassed and angry at the same time, but she still threw a punch towards Zhao Qian.

C165 Isn't This Just a Crappy Game

Since the joke was already over, Zhao Qian felt a lot more comfortable. He quickly grabbed Liao Xiaoyun's hand and said with a smile, "If you want to hit me, then open a room tonight. I'll let you have enough calls. If we keep on wasting time like this, your classmates will blame you for being late when you get to the place. "

Liao Xiaoyun grumbled, "You scoundrel, you want to leave after taking advantage of me? Smelly hooligan, stinky bastard ..."

Zhao Qian revealed a naughty smile, and replied: "Then what you mean is that I can't leave, and have to continue taking advantage of you? That's great. I didn't want to go to any reunion anyway. "Come on, if you want me to take advantage of you, I will be satisfied."

"Scoundrel!"

Liao Xiaoyun cursed and ran back to her car.

Zhao Qian laughed out loud. He started the car and followed Liao Xiaoyun's car to the gathering place.

Liao Xiaoyun's high school classmates might not all be from the rich second generation, some of them were just the children of ordinary families. Therefore, the gathering place was not too fancy. They would have lunch at a cheap hotel.

Soon, the two of them arrived at a place called Tianhai Restaurant. After they parked the car, Liao Xiaoyun held Zhao Qian's arm and walked into the restaurant.

The two of them went to the private room and knocked twice. Soon, someone

came to open the door. When everyone saw that it was Liao Xiaoyun, they all hurriedly moved closer to the door to welcome her arrival.

"Liao Xiaoyun, you're late!"

"Did you get up too late with your boyfriend last night and can't get up in the morning?"

"Haha ..."

Liao Xiaoyun pulled Zhao Qian closer to her and replied proudly, "Yeah, but my boyfriend is much stronger. After working thirteen times a night, it's already good enough for me to wake up in the morning. "

"Haha ..."

Zhao Qian was a bit confused. Is the topic of our high school reunion so explosive these days?

"Xiaoyun, hurry up and introduce your boyfriend to us."

"That's right! We are very curious, just how outstanding is he to be able to catch you! When you went to school, a bunch of men chased after you, but you didn't even look at them properly. "

"That's right. You didn't even take a second look at our school's grass, Wang Ze."

"Haha ..."

The guy named Wang Ze immediately became unhappy and shouted, "Fuck, just say it, why did you drag me in as well? Luckily, my girlfriend went to the washroom. If she had heard, we would definitely have quarreled. You're not allowed to say these kinds of words again.

Everyone tacitly stopped talking about this topic and quickly invited Liao Xiaoyun and Zhao Qian to sit.

Liao Xiaoyun pulled Zhao Qian to a seat and introduced him to everyone.

"My boyfriend's name is Zhao Qian, as you can see, he's older than me by two years. He works for Faang Ni Games Production Co., Ltd., and the Glory Alliance that you play is made by that company.

Hearing Liao Xiaoyun's words, everyone's interest was immediately piqued by Zhao Qian.

"Handsome, your company's welfare must be very good, right? Such a popular game must have brought your company quite a bit of money. "

Zhao Qian chuckled and replied: "Actually, we aren't the ones who is making the money, it's the Xingyuan Game Publishing Company. The rights to this game are in their hands. All we do is drink the soup with them. "The company's welfare is not bad, at least in the industry, I've never heard of any company that can compete with us."

The others were full of envy, but Wang Ze was full of disdain. In his eyes, everyone who worked for others was a lowly person. Although he didn't earn a lot of money, he was still a small boss. He was the one who cared about others, but no one dared to.

"Then what's your position in your company?"

Zhao Qian sighed helplessly and replied, "I was just fired by the company. I don't have any job at the moment."

With that said, the entire room was filled with awkwardness.

Liao Xiaoyun was shocked and asked, "You were expelled? Why? Didn't I just sign an order with you? They don't want to do it anymore? "

"This is a long story, another day ..."

"It's a long story, but you have to make it short. What I want to know is why I don't want to change days." Liao Xiaoyun interrupted Zhao Qian.

Zhao Qian could only reply honestly, "Didn't we get into a conflict with Chiang Tao last time? I got someone to teach him a lesson, so I had a feud with the Jiang family. Our company's manager, the one who made you angry last time, just came back from signing a contract with Leyou. But the Jiang family knew that I was in this company and cancelled the contract. "The company just blamed me for letting me take the blame, so they fired me."

Upon hearing that Zhao Qian was no longer a product of Faang Ni, Liao Xiaoyun's classmates changed their attitude immediately, no longer fawning on her.

Liao Xiaoyun was so angry that she immediately took out her phone to call Faang Ni. However, Zhao Qian stopped her in time and said, "Don't mess around. This is my personal matter and I can solve it without your interference. "

"No!" I must ask her to give me a reasonable explanation as to why she wants you to take the blame. If you don't do it there, and I don't want to work with them, I'm going to cancel the order. " Liao Xiaoyun said angrily.

"Aiya, there's really no need. I can handle it." Zhao Qian said impatiently.

"So he's someone who eats soft food. I thought he was really capable!"

At this time, it was unknown who said this, but everyone looked towards the source of the sound. The one who spoke was none other than Wang Ze, who

had once pursued Liao Xiaoyun but was rejected.

Liao Xiaoyun just happened to have no place to vent the flames in her heart. Since this brat had taken the initiative to deliver himself to her, she wouldn't stand on ceremony with him.

"Wang Ze, what are you saying in that weird tone? He is not someone who will give in. He has his own abilities and is much better than you, a single person. If he were to randomly create a project, his profit would be in the millions. "Excuse me, how long will it take for your small workshop to earn several million?"

Wang Ze knew he didn't have the chance to get Liao Xiaoyun, so he didn't give her any face.

"It's true that I earn less, but the more money I earn, the less money I earn is mine. The few million he earns is the boss's, not his. I don't have to look at people's faces. I won't be chased away. I can command someone, and he can only be commanded, and if he's upset they can chase him away. "What's so great about that? If you're working, you have to have the mindset of working, what's there to be smug about?"

Liao Xiaoyun wanted to continue explaining for Zhao Qian, but he stopped her.

"Alright, why are you saying this? Today is a reunion between all of you, so there's no need to sully the atmosphere for an outsider like me. All of you should properly reminisce about the past, liaise with each other, destroy the atmosphere and not do anything that spoils the harmony. "

Zhao Qian wasn't afraid of people talking about him, but felt that these people didn't have the right to talk about him. Liao Xiaoyun's group of high school classmates didn't have much quality left for a self-employed boss to act like this.

At this moment, the class monitor, Liu Xiaoyuan, spoke up.

"Alright, alright ..." It had been almost a year since they had last met. Come, let's all gather a few big tables. "

Since the class monitor had spoken, everyone felt it was too embarrassed to say anything. All they could do was quickly gather a few tables and play cards.

At this moment, Wang Ze's girlfriend, Wang Xinxin, returned. She lowered her head and played the game. She was wearing a famous brand and was wearing heavy makeup. From a glance, it was obvious that she wasn't someone who was easy to deal with.

Wang Xinxin walked over to Wang Ze and the person beside Wang Ze gave her a seat.

"Doublekill! Triplekill! Quadrakill! Pentakill! "ACE!"

"Haha ..." I took five and killed it! "

Wang Xinxin cried out happily, hugging Wang Ze and kissing him excitedly.

Wang Ze knew that this game was developed under the leadership of Zhao Qian, so his heart was filled with resistance and he didn't seem happy at all.

Wang Xinxin was no longer happy and asked, "No ..." What kind of expression is that? Shouldn't you say something nice to me at this time? "

"It's just a game, is there a need to get so excited? So what if it was Five Kills? Can you eat two more bowls of rice? " Wang Ze replied in disdain.

"What do you mean? Wang Ze, do you have any objections towards me? "Or is it that you have a lover here? You intentionally made me look bad, pissed me

off and made me leave. Are you going to continue your relationship with her?" Wang Xinxin asked angrily.

"What nonsense are you spouting! "Your game is so fun, I have to play cards!" Wang Ze said impatiently.

Wang Xinxin was even more humane than Liao Xiaoyun, she directly swept the cards on the table and roared, "I want to see how you play cards! "Explain clearly, what exactly do you mean!"

"Are you crazy!?" Wang Ze roared.

Seeing that the two were about to fight, everyone quickly tried to stop them. Who knew which ignorant guy it was, but unexpectedly said: "Wang Ze's girlfriend, don't you like to play Glory Alliance? He, Liao Xiaoyun's boyfriend, was the person in charge of this game. You can discuss this game with him. "

Upon hearing that, Wang Xinxin immediately quietened down and asked with a face full of worship, "You ..." Are you the person in charge of this game? "He's so powerful, so handsome and so capable."

Wang Ze immediately exploded when he heard that. Praising Zhao Qian in front of him, this was simply slapping his face.

C166 A Pretty Boy

Zhao Qian did not want to have a conflict with Wang Ze. He felt that he was being too disrespectful. Even though Wang Xinxin was very polite to him, he didn't plan to reply.

However, Wang Ze didn't know what he was thinking and immediately said: "Why are you so excited? He has already been fired by the company, so he's no longer the person in charge of this crappy game. "

Wang Xinxin rolled her eyes at Wang Ze, then turned to Zhao Qian and said with a smile, "Ignore him. I don't think you have anything to do, why don't we go chat on the side, you teach me how to play this game." Many of the more outstanding heroes, I've practiced for a long time but haven't been able to do well. As the person in charge, you must be very familiar with the skills of every Hero. You must know a lot of techniques.

What Wang Xinxin said not only made Wang Ze angry, but also made Liao Xiaoyun angry.

"Wang Ze, mind your girlfriend. Being coquettish in broad daylight, do you have any shame?" Liao Xiaoyun said bluntly.

Wang Xinxin was unhappy and immediately pointed at Liao Xiaoyun and scolded, "Who are you scolding, you bitch? "Do you believe that I will tear your mouth apart!?"

"Don't you think that you're being coquettish? Wang Ze, your taste isn't that good. Look at the audience, is there anyone who would put on so much makeup like her? "Too vulgar!" Liao Xiaoyun said with a disdainful expression.

Actually, Wang Ze wasn't very satisfied with his girlfriend, it was just that his

refurbishing company still relied on his girlfriend's real estate company to get projects, so he had to accept her bad luck.

"Does my girlfriend have anything to do with you? No matter how bad she is, in my eyes, she is still the most perfect one."

Wang Ze said proudly and hugged his girlfriend.

The students were worried that the two of them would quarrel again, so they hurriedly tried to stop them, separating the two.

"Wang Ze, come here quickly, we're missing one person."

"Xiaoyun, come over here. Let me have a look at this necklace."

The two knew that their classmates were purposely shooing them away, so they obeyed and stayed far away from them.

But Wang Xinxin was already used to it, so she recognized Zhao Qian and came closer to him.

"Hey, handsome brother, don't be so stingy. Just teach me a few combo moves, and I'll treat you to a meal as a thank you later on. How about it?" Wang Xinxin said happily.

Zhao Qian wasn't interested in this kind of girl at all. He immediately rejected her coldly: "I'm only responsible for the production and I don't know how to play. The game community had an introduction on how to operate each hero. There are also many videos of Great God teaching online, you can go take a look. If it really doesn't work, you can go watch those anchors on Tianxiu broadcast live.

Wang Xinxin was still smiling, but in her heart, she was cursing Zhao Qian for not being able to appreciate his kindness. He actually dared to refuse her kind

offer? This was simply preposterous!

Lili could not bear to watch any longer and yelled at Wang Ze from between a dozen of her classmates, "Wang Ze, are you still shameless? Who cares about your girlfriend? With so many people present, and her constantly flirting, is this the most beautiful thing in your heart? "

Wang Ze couldn't take it anymore, this place was filled with his old classmates and their families. It was really too much for Wang Xinxin to not give him face.

"Wang Xinxin, didn't you say that you were going shopping with your best friend? "You can go. When I'm better, I'll come find you."

Wang Xinxin's face turned cold and asked, "What do you mean? Do you dislike me being in the way here? Or do you think I've disgraced you? Wang Ze, let me remind you, without my family, your company won't be able to function. You'd better figure out what's going on before you decide what to say to me! "

Wang Ze felt humiliated. Earlier, he had mocked Zhao Qian for being a pushover. Now, Wang Xinxin had personally confirmed that he was the one who was the one to be cheated.

But there was nothing he could do. Wang Xinxin's words were true. Without her family's real estate company, his decorating company would never be on this scale.

With the scale and strength of the Wang estate, if Wang Ze dared to anger Wang Xinxin, he could forget about any big projects in the future. At most, he could only take on the job of renovating his own family, earning three to five hundred thousand yuan a year.

If Wang Xinxin had used her father's power to issue a "ban on the martial arts

world" in her anger, he might have directly shut his doors.

"Don't misunderstand, that's not what I meant. I just thought you might be too bored to be here, so I didn't want to make you feel wronged." Wang Ze Qiang explained.

Wang Xinxin snorted coldly and replied, "So what if I don't feel aggrieved? As long as my heart is comfortable, there's no need for you to ask so much."

The students all cast a mocking and pitiful gaze at Wang Ze. They never thought that the former school grass would actually live in such a lowly manner.

Everyone thought that he had relied on his looks to find a rich beauty. Who knew that his status would be so low. It would be better for him to find an ordinary girl.

Wang Ze also felt everyone's weird gazes. His back was sweating and he felt very uncomfortable. The reunion didn't continue, he just wanted to find an excuse to leave.

After a while, Wang Ze's phone rang. It was the business manager of his company.

"Director Wang, good news!" "Earlier, I invited people from Yan Hai Development Co., Ltd., to a meal. They leaked that we have won the bid and that the fine equipment for 15 buildings in Jinghai District is ours!"

Wang Ze was overjoyed and loudly replied, "That's great! Haha ... "Hurry up and fulfill your promise. If you are certain that we won the bid, I will give you one million yuan for this year's year-end bonus!"

"Thank you, Director Wang. I will check as soon as possible!"

Wang Ze nodded and hung up. If he were to use a little bit of his brain, he would at least earn tens of millions.

Wang Ze felt like he was floating, so he didn't need to look at his girlfriend's face anymore.

When the students heard that he was going to give them one million yuan as his year-end bonus, they immediately asked him what was going on. Did he have some big business?

Wang Ze nodded with pride and replied, "Just now, the business manager called me and said we won the bid. We took down 15 buildings of Jinghai District. Haha ... Even if I did it normally, I'd still need at least ten million dollars in profits. If I think a little bit... "Haha ..."

It was obvious that Wang Ze was very happy and he had to laugh a few times before he could say anything.

Wang Xinxin immediately laughed happily, walked up to Wang Ze and kissed him, praising him, "That's great! When the project is finished, I want to go to France, okay? "

Wang Ze hugged his girlfriend proudly and replied, "Of course not. Anywhere is fine, we have plenty of time. "

After all, he was an old classmate. Since Wang Ze had accepted the order, everyone was naturally happy for him.

"Boss Wang, Gou Fugui, don't forget!"

"Haha ... " If you have any chance in the future, remember to bring us along! "

These people were either those who didn't go to university or were in a professional college. Since they had already started working, they naturally

wanted to beg Wang Ze and the others for help.

People like Liao Xiaoyun, who were still in university, didn't need to ask him for help.

Wang Ze was beaming with joy and he replied with a smile: "For such a big project, I really need someone to help me. If you are interested, you can come and help me. "Let's not talk about anything else. Once this project is completed, I can guarantee that you will all be able to buy a car worth two hundred thousand dollars."

Liao Xiaoyun couldn't help but burst out laughing, "I thought you wanted to help them buy a house at Donghai City. You still have the nerve to say it out loud with a two hundred thousand dollar car?"

There was a reason why Liao Xiaoyun disliked Wang Ze so much. That year, Wang Ze relied on his handsome looks to launch a love attack on Liao Xiaoyun.

Unfortunately, Liao Xiaoyun looked down on him and rejected him in front of the whole class.

Wang Ze, who always had a high opinion of himself, naturally couldn't stand such humiliation. He spread the rumor that Liao Xiaoyun was rich and changed into famous clothes every few days because she had been taken care of.

Liao Xiaoyun had to explain this to everyone every day, but many people still believed that she was being taken care of.

To this day, Liao Xiaoyun could not forget the confusion she had suffered in the past. That was why she couldn't get used to Wang Ze.

If it was a few minutes ago, Wang Ze would have been embarrassed to face

Liao Xiaoyun. But now it was different. He was about to become a millionaire, so why should he continue to tolerate her?

Wang Ze sneered and said arrogantly with a disdainful expression, "Heh heh ..." I really don't have the ability to bring everyone to the Donghai City to buy a house. However, at least I can survive on my own and support dozens of people. It's better than you finding a pretty boy, right? Do you have enough money for both of you? If it's not enough, you can get him to work for me. I'll give him two thousand dollars a month. He's only worth this price, don't think that it's too little! "
