

C181 What a Coincidence

Zhao Qian also felt it was strange. As long as this Xu Lili wasn't retarded, she would never do such a thing. Had she already noticed Wu Xin in the car?

Xu Lili's colleagues were so angry by her scolding that they ignored her completely.

"Whatever you want to do is fine, I'm too lazy to care about you!"

"Only now do I realize that you are a brainless person. Just go and dream with your celebrities. This place isn't suitable for you. Hurry up and get out of here."
"

"Let's go. It's so hot, don't waste time on her."

Just as everyone was about to turn around and leave, a voice suddenly rang out.

"What's going on? What are you all doing here? Don't you have to work? "

Everyone looked towards the source of the voice and quickly bowed their heads in greeting.

He knew the person who came over. It was Wang Xinxin, who he had interacted with during Liao Xiaoyun's high school reunion.

After Wang Xinxin heard the staff's report, she quickly walked over. When she saw Zhao Qian looking at her with a smile on his face, she was furious.

"You have guts to come here and cause trouble! Did you get bought by some real estate company? How much money do they give you? I can give you twice the price and turn him upside down when you go back! " Wang Xinxin said

with a look of disdain.

Zhao Qian laughed and replied: "I just came over to buy a house, is there a need to frame me like that? What? You don't sell me a house here? "

Wang Xinxin sneered and said, "We'll open our doors to do business. If you want to buy a house, of course we'll sell it. "Which suite did Mr Zhao take a fancy to? I'm only giving you a discount."

"No need, your sales staff really pissed me off and I don't want to buy it here anymore. I think we should go to Jinghai District to buy, I don't know if your ex-boyfriend returned the order, I'll go and take a look for you. If he returns the order, you can consider recombining with him. "Haha ..."

After Zhao Qian said that, he turned around and walked towards the car. Wang Xinxin immediately chased after him and blocked his path.

"He's already here. It's not good for him to just leave like this. Come, let's go in and see which one you like. I'll sell it to you at half price. " Wang Xinxin said with an expressionless face.

This was a building developed by Wang Xinxin's family, so Zhao Qian definitely wouldn't want it. Otherwise, what privacy would Wu Xin have in the future?

Zhao Qian refused, "From what you said, am I short of money? I'll go to Jinghai now and buy it all at once, just that I don't want your house. "

Wang Xinxin thought that he was just making an excuse and ran away. I'm afraid you can't afford it. I have almost ten million yuan in one suite. Do you have that much money? Was an unemployed worker really thinking of himself as a character? If you want to introduce her to a film company, why don't you just say that you want to package her as a celebrity? "

Wang Xinxin's employees all burst out laughing.

Zhao Qian specialized in dealing with all kinds of complaints. He took out a photo of Yuan Mi from his wallet and told Xu Lili: "Call her and tell her that Zhao Qian introduced you. She'll arrange for you to interview her." You can talk to her about the details, but I won't be able to get involved. "

Xu Lili looked at the name card in her hand, trembling with excitement as she thanked him, "Thank you ..." Thank you... I... I don't know how to thank you. It was indeed my cheap mouth previously, let me apologize to you and that beauty. "Sorry, sorry ..."

When their colleagues saw how despicable Xu Lili was, they did not even have the mood to scold her.

Wang Xinxin was furious and scolded, "Are you a retard? You believe him when he gives you a card? Even if this is really someone from a movie company, would they want you if you called? What do you think you are? "

Xu Lili felt that since things had come to this point, there was no room for her to retreat, and thus, there was no reason to give Wang Xinxin face.

"I believe him, do you not? I will now formally inform all of you that I will not do it! In any case, you didn't sign a contract with me back then, so if I want to leave, I have to! "

Wang Xinxin was infuriated. She shouted, "I won't let you go! Let me see you leave one by one!"

Xu Lili was a good person, so she hid behind Zhao Qian and begged, "Handsome, you have to help me." Once I earn some money, I'll definitely treat you to the best restaurant in Donghai City. "

Zhao Qian laughed out loud. He took a step forward, broke away from Xu Lili's

hand, and said to Wang Xinxin, "You saw it too. She's begging me to help her. As a man of justice, I cannot stand idly by. I want to take him away. If you have any objections, come at me. I'll take it. "

Wang Xinxin replied coldly, "I'm afraid you can't take it!"

Zhao Qian smiled confidently and replied, "You don't need to worry about whether I can carry you or not. You just need to remember that I will carry you!" "Alright, I don't have any time to waste with you, I still have to go to Jinghai to buy a house."

"Hehe ..." Jinghai's house is at the same price as ours, and our two families are direct competitors. You can't afford my house, so you naturally can't buy his house. What are you trying to act cool to me? " Wang Xinxin said in a mocking tone.

Zhao Qian could accept that others were smarter, more handsome, taller, and more talkative than him ...

However, who would dare to look down on him for having no money? This was something he could not accept.

Zhao Qian walked straight to the car. Wang Xinxin thought he was scared, so she scolded him, "If you are poor, then be poor, why are you pretending to be strong!?" "Hurry up and get out of here! At least you know your own limits! "

Zhao Qian got in the car, gave the keys to the car to Wu Xin and said, "You drive my car home, I'll go to Jinghai District and have a look at the new house. Don't show your face, it's too dangerous. It would be bad if they were to be recognized and cause unnecessary disturbance. "

Wu Xin nodded. "Did you solve the problem with them?" "They won't make things difficult for you, will they? "

"Don't worry, everything has been settled." You go first, I'll take a taxi to Jinghai District to look at the houses. I'll send you a photo when I see it later. Zhao Qian replied with a smile.

Wu Xin nodded. Zhao Qian got out of the car and watched her drive away before walking back to Wang Xinxin.

"What is it? Not leaving? You still want to continue acting cool in front of me? I know how many people you know, but so what? Can they bring out their true gold and silver to act cool? "Haha ..." Wang Xinxin said with a mocking expression.

Pearl of the Sea's average price is 70,000. Jinghai District's average price was 90,000. But in terms of price, Jinghai District was at a disadvantage.

Jinghai District was developed and developed by Yan Hai, and was the property of Zhao Qian's family. Zhao Qian wanted to help out his family's business, first he had to mess up the sea pearls.

Zhao Qian said loudly to his lodger, "How many of you really want to buy a house? Please show me your hand. "

Those who really wanted to buy a house raised their hands. About thirty.

Wang Xinxin smiled scornfully and asked, "What? You want to encourage them to buy with you so you can bargain with me? "

Zhao Qian deliberately replied, "What? Can't I? Don't you have a group purchase preference policy? You don't want it to count? "

Wang Xinxin laughed heartily and replied, "I'll put my words here for today. As for other people buying in groups, I can give them a 10% discount. However, as long as you participate, there won't be a single discount. I want to see who's willing to play with you! "

"Just give him a 10% discount. This is too little." With your temper, shouldn't you give me a half price? " Zhao Qian challenged.

Wang Xinxin was at a loss for words, while the other tenants were extremely excited.

"That's right! Just now you said you'd give him a half price discount. Why is there only a ninety-fifty discount for us? "

"That's right! Why don't you give us a half price discount! We'll sign the contract immediately! "

"Do you dare to give it to me!?" As long as you dare to give it to us, we will dare to sign the contract! "

As the scene turned chaotic, the security guards could only shout out to maintain order.

Wang Xinxin shouted, "All of you shut up! Half price, why didn't you guys go and snatch it? Zhao, stop causing trouble here. You don't have the money to buy it, and yet you encourage others to make a ruckus. And you still say that you're not sent by another building to cause trouble? You kept saying that you were going to Jinghai to buy it, that you were sent here by them! "

Zhao Qian laughed out loud, and took out his bank card and said: "I won't say any more nonsense, I will take all the money I have in Building # 5! "Let's swipe our cards!"

With this said, the scene immediately became quiet.

The others all bought the same thing, but this was something they had to consider for a long time. Isn't it a bit of an exaggeration for him to directly buy a house?

C182 Half-price Sale

Zhao Qian directly asked for a building, which scared everyone.

Zhao Qian originally wanted to take out the black card, but after thinking about the fact that so many people were present, it was not convenient for him. It would not be good to cause an unnecessary sensation.

In this world, there was no lack of people who risked their lives for money. He did not want to be the target of kidnapping.

If he took out the black card, everyone present would be even more shocked.

Wang Xinxin wiped the sweat off her forehead and forced a smile, "You just need to casually take out a card to act cool, do you think we're all idiots?" So easily tricked by you? "

Zhao Qian replied with a smile, "Why are you talking so much nonsense! If you don't have enough money in this card, do you have any losses if you don't sell it to me? Are you afraid to sell it to me, or don't you want to sell it to me? "If you don't sell it, then I'll complain about it."

Wang Xinxin had no choice but to call the manager over. "How many rooms are there in Building # 5? How much is the total price?"

"I'll do it right away!"

After saying that, the manager and a few sales staff rushed into the sales office to calculate.

Twenty minutes later, they ran out in a hurry and reported to Wang Xinxin, "Miss, only a few customers in Building 5 have agreed to meet with you verbally, but they have not signed the contract yet. There are a total of forty

suites in Building # 5, for a total price of 318 million. "

The corner of Wang Xinxin's mouth curved into a smile. Three hundred million yuan, even if she sold herself as a worker every day, she would still not have that much money.

"Zhao Qian, did you hear that? There were a total of forty suites in Building No. 5, for a total price of 318 million. Do you have that much money on this card? "If you can't get it out, then you'll lose a lot of face." "Wang Xinxin said with a mocking smile.

Zhao Qian chuckled and threw the card to Wang Xinxin, saying, "I'll take it."

The moment he said this, the entire scene was in an uproar.

"Wah!" It's true! Over three hundred million, and he bought it just like that? "

"This brother doesn't look like a rich person either!" Just like that? "

"I think it's just posturing. Who would buy a building all at once? "

"Isn't this just posturing? Can't you see it? "

Wang Xinxin felt that it was impossible for Zhao Qian to buy a house just for the sake of acting cool.

"Are you serious?" Wang Xinxin asked with a guilty conscience.

Now, it was Zhao Qian's turn to mock Wang Xinxin.

"What is it? Are you scared? I've already given you the card, and you don't dare to set it? "

Wang Xinxin forced a smile and replied, "Why wouldn't I dare to? If you buy a

house and I earn money, why wouldn't I dare? Someone come, go through the formalities for Mr Zhao, swipe his card, and sign the contract! "

The manager immediately took the card and led his people to prepare the contract. He had never met a customer who bought a building directly, so he had to make a temporary one of these contracts.

Zhao Qian smiled and said to the guests, "Everyone, don't go. I have good news to tell everyone. It will definitely satisfy you."

"What news?"

"You don't mean to give us these houses, do you? "Haha ..."

"How could there be such a good thing!" He's not a philanthropist! "

"It's just a joke. We'll have to see what good news you have to give us. "

"Yes!" It's not like I have anything to do today, so I just came out to look at the house. "It's not bad if you don't think highly of the house and can see the big show as well!"

Everyone followed Zhao Qian and Wang Xinxin into the sales office, waiting for Zhao Qian to announce the good news.

Half an hour later, the manager showed Zhao Qian the contract he made.

Zhao Qian looked through the contract carefully. After confirming that there were no problems, he just signed it.

The manager also signed and sealed the contract.

Now it was time for the main event. It was time to swipe the card for payment.

"Do you think this card can get 300 million?"

"It should be possible. With so many people watching, if it was you, would you be embarrassed to take out a card without money and disgrace yourself?"

"Wah!" Then what kind of background did he have!? I also know about most of the rich second generations with Donghai City, but I have never seen someone like him before! "

"True rich people tend to keep a low profile, so it's normal that you haven't seen it."

"..."

Everyone started discussing again. They were no longer paying attention to whether this card could get 300 million, but were more curious about Zhao Qian's identity.

"Hello, Mr Zhao. Please enter your password." said the manager very politely.

Zhao Qian nodded and quickly entered the password. He successfully swiped his card.

The manager looked at Zhao Qian in surprise, then nodded at Wang Xinxin and said, "The credit card was successful. 318 million is in the account!"

"What?"

Wang Xinxin couldn't believe her ears and rushed over to check the amount on the computer. It was definitely 318 million.

"Wah!" He had succeeded in swiping his card! He really has over three hundred million! "

"Oh my god! "Just how much money does he need to have in order to make it so that he can casually store 300 million in his bank card?"

"As expected of the young master of an invisible rich family, I have to find a chance to get to know him."

The men all wanted to get to know Zhao Qian, so they might have a chance to work together in the future. Knowing someone at this level, any random project could be calculated in billions.

The women's thoughts were simple and crude, they just wanted to have an unspeakable relationship with Zhao Qian. It would be best if he could become his woman. If he could marry into Zhao Family, that would be even better.

Xu Lili was so excited that she started crying. She never thought that she would accidentally bump into such an awesome person on the leaderboard. Was there a need to worry about the days to come?

Even if he didn't become a celebrity, he wouldn't need to worry about food and drinks with someone of this level.

The one who could not accept this reality was Wang Xinxin. She did not expect an unemployed worker to be able to earn so much money. This card must have been stolen by him. It was impossible for him to have that much money!

"Call the police! Call the police! This card was definitely stolen by him, he couldn't possibly have that much money! He is just an unemployed worker, how could he possibly have so much money! " Wang Xinxin shouted.

The manager carefully reminded her, "Miss, this card should be his. It shows that the money was transferred from an account. He also knows the password, so he couldn't have stolen it, right?"

At this moment, the onlookers couldn't bear to watch any longer. They were

still hoping for Zhao Qian to announce the good news, so they naturally had to speak up for him.

"You are such an interesting person. He already paid you, how can you fake it? What on earth are you thinking? Shouldn't you be happy to buy your house?"

"I also don't understand this person's mentality. Why can't others have money? You're only happy if you have to be a pauper?"

"What Miss is this? The quality is too low!"

"If the Lady of the Wang Estate only has this kind of quality, I really want to consider buying a house here. I think it's good for Jinghai, why don't we go over and have a look?"

Wang Xinxin was scared to the point that she didn't dare to speak. No matter how unwilling she was, she could only suppress the resentment in her heart. However, she had to figure out one thing, what was Zhao Qian planning to do with so many houses.

"Zhao Qian, why did you buy this building? Don't you dare keep it." Wang Xinxin asked.

Zhao Qian immediately said loudly: "Since Miss Wang has asked, then I can only tell you why I want to buy this house. This is the good news that I have just announced to everyone. Just now I asked who wanted to buy a house. Anyone who raised their hand could buy a house in Building Five from me at half price. She doesn't dare to give you a discount, I dare to give! Such a good thing isn't something that happens every day. You must seize this opportunity."

The moment he said this, the entire hall went into an uproar.

How was this a tycoon? A rich second generation, this was clearly a fool. A

house with over three hundred million bought, selling it at half price, a net loss of over one hundred million, the money was burning like crazy!

But who cares! If he wants to act cool, then let him. The most important thing is for everyone to get benefits.

"I want it!" I want it! "

"Me too!" "I want to ..."

All the buyers rushed towards Zhao Qian. This was what it meant to earn money when you actually bought it. If you missed out on this village, you wouldn't have this shop.

"Everyone, don't squeeze, don't squeeze! I just counted, only thirty. Those who didn't raise their hands just now weren't given any preferential treatment! "Come, come, everyone line up and register with me!"

With that, Zhao Qian took pen and paper from the table and began to register everyone.

Wang Xinxin was so angry that her makeup was on the verge of exploding. She quickly told the security guards and sales staff to separate everyone from each other, preventing Zhao Qian from registering them.

Wang Xinxin knew clearly in her heart that once these people bought the house in Block 5, the whole residential area's price would be in chaos. If they wanted to sell the other buildings, it would be difficult.

C183 The Boss Come in Person

If he could buy a house from Zhao Qian now, then he would earn a few million in net profit. If the sales department dared to stop them from registering, it would be killing their parents and ruining their fortunes.

Those buyers immediately started fighting with the people from the sales department. There was an intense collective conflict between the two sides, and the whole sales department was smashed into ruins.

Soon, the police arrived, stopping the fight between the two sides.

After asking about the situation, the police asked Zhao Qian, "Please show your ID and bank card."

Zhao Qian cooperated and took out his ID and bank card. The police immediately checked and found that there were no problems with his ID and bank card.

"No ..." I don't understand. What kind of behavior is this? You think there's too much money?" the policeman asked, puzzled.

Zhao Qian replied with a smile, "It's not that she has too much money, it's just that I can't take this lying down. I want to compete with her to the end."

"Take out one hundred and fifty million to compete with others. Did you get all that money out of the wind? You don't feel bad at all?" the policeman continued.

"Comrade Police Officer, you sure know how to joke, whose money came from the wind. It's just that I have a bad temper and I can't stand people fighting with me. "Forget about 100 million, even if I were to spend 300 million all at once, as long as I throw out the evil in my heart, I feel that it's worth it." Zhao

Qian replied honestly.

The police could do nothing about this "inhumane" behavior.

"There's no problem with his identity or money. He's free to buy as many houses as he wants." The policeman said to Wang Xinxin.

Wang Xinxin immediately complained, "But he sold it at half price. This is considered to be disrupting the market's price. You all have to take care of it."

Zhao Qian immediately retorted, "I sell second-hand rooms, so no matter how much I sell, it's my freedom. As long as I can sell it, it's fine. This doesn't count as disrupting the market price."

Wang Xinxin was rendered speechless by Zhao Qian. The police didn't want to waste their time here and left immediately.

Those who wanted to buy a house had nothing to fear. The police didn't say anything, which meant that their actions were reasonable and legal.

"Hey!" Don't get in the way here, stop us from signing the contract! "

"Exactly! You guys are selling it for too high a price, yet others are not allowed to sell it for too cheap! "

"Unscrupulous developer, you're too evil!"

Wang Xinxin was infuriated. She shouted, "If you want to sell it, you can sell it outside. Don't sell it here!"

Zhao Qian nodded and swaggered out. When he left, everyone who was actually looking at the house followed Zhao Qian out. In an instant, only the sales clerk and a dozen or so children were left in the lobby.

The manager hurriedly asked Wang Xinxin: "Miss, what do we do now? Once the fifth floor was sold, those who had already bought a house would definitely have a fight. People who did not buy a house would definitely not buy it. With such a difference in price, they will definitely be worried that the house here is not safe. "

Wang Xinxin stomped her feet in anger and shouted, "Don't I know this? I'm also thinking of a way! "You guys hurry up and think of a way. No one is allowed to get off work if you can't think of a solution."

After a while, a sales clerk ran over and reported to Wang Xinxin, "Miss, it's not good. At the intersection, Zhao Qian shouted that he would sell the 40th apartment in Building 5 at half price. Everyone could participate in the shaking of the numbers. If this goes on, who will buy our room for real!?"

"This bastard, is he really going to play with me for so long?" Wang Xinxin cursed fiercely.

"Then what do we do now? Why don't you call the chairman and ask for instructions? He is experienced and may have a solution. " the manager suggested.

Wang Xinxin couldn't think of any good methods, so she could only nod and say that she wanted to try. She immediately called her father and told him about the situation and asked if he had any ideas.

Wang Chianglin didn't have any good ideas, so he replied: "I think it's better if I go over and see for myself. "You take care of him first, I'll be there soon."

"Alright."

Wang Xinxin hung up the phone and quickly ran out to Zhao Qian's side.

Zhao Qian was in the middle of registering people to buy a house, so he

shouted, "There were originally only 30 or so people who raised their hands, but now there are already 50 or so registered people. So I can't sell the house the way I did, I have to roll the numbers. The price is still half price, this will not change. "

As long as they could buy it, they would be able to earn several million immediately.

Wang Xinxin couldn't help but ask Zhao Qian, "Zhao Qian, what are you trying to do? What good will it do you? Spending more than 100 million to compete with me, is it worth it? "

Zhao Qian laughed and replied, "I just told the police that as long as I can get rid of my anger. Not to mention 100 million, even if I spend all 300 million, I think it's worth it. After all, he could earn more money without it. However, if we do not return the anger we received in time, we will truly suffer. "

"Hehe ..." What good would it do to go against me? Do you think these houses will be sold to them? "I can make the residential property not provide any service and turn off the water and electricity, do you believe that?" Wang Xinxin threatened.

"Who are you scaring? We are all legally selling and transferring households according to the law, yet if you say that water and electricity are cut off, then water and electricity are cut off? Do you want the property to be out of service? I can't sue you! I wish you guys could do this, then I'll have another reason to play with you all! " Zhao Qian replied without any hesitation.

When those who bought houses heard that Zhao Qian would stand up for them, they were not afraid of Wang Xinxin's threats at all.

As Zhao Qian had said, they were all legally engaged in business. Property couldn't not provide services, and they had no right to shut down water and electricity. Otherwise, the residents of Building 5 had the right to sue them,

and every one of them had the right to sue.

Wang Xinxin knew that she couldn't beat Zhao Qian, so she could only stay silent and wait for her father to arrive.

Half an hour later, Wang Chianglin arrived. He asked the security guards to separate the random people from the others. He wanted to talk to Zhao Qian alone.

"Young man, what's your name and what do you do?" Wang Chianglin asked.

"Zhao Qian is temporarily jobless. Don't spout nonsense and get straight to the point. Let me make this clear first. I have already paid for the house and signed the contract. I have the right to dispose of my own property and you have no right to interfere." Zhao Qianqiang replied stiffly.

Wang Chianglin was very angry in his heart, but he pretended to be kind on the surface and smiled: "Young man, I really admire your courage to dare to play with my Wang estate like this. I admire you very much. I don't want to become mortal enemies with you. How about this, I'll buy the house in your hands for another ten million yuan. This is a win-win situation, so don't fail to appreciate it. "

Zhao Qian laughed loudly and replied, "10 million? Boss Wang, this face value of 10 million was very high! As long as I keep my apartment number five in suspense, I won't be able to sell any of the other fifteen buildings in the district. You can't get the money back, but the bank's interest is more than that, right? "How can you be so shameless as to add ten million?"

Wang Chianglin was afraid that Zhao Qian would use Building # 5 as an example. Anyone who wasn't an idiot would choose to buy a house that cost half a price.

If this continued, there would be problems with the return of Wang's property

funds. Without money to pay back the bank, interest would be a terrible figure.

Wang Chianglin knew that the powerful one was willing to pay some price to solve that problem. So, he asked, "How much do you want?"

Zhao Qian laughed happily and replied, "In business, 30% of the profit is the bottom line. If you don't even have such a small margin, you're losing money. "Anyways, I won't do the loss business, does Boss Wang know how much I should add?"

Wang Chianglin's face was ashen, his eyes were cold as he said: "Young lad, aren't you a little too greedy? Even if I give you 100 million, do you dare to take it? "

"Why not? Don't even talk about 100 million, even if it's 10 billion, as long as you dare to pay, I dare to take it. " Zhao Qianqiang replied stiffly.

Wang Chianglin didn't have any good ideas. If it couldn't be helped, then he could only use force.

"Security, please let this little brother in."

After Wang Chianglin said this, he walked into the sales office. The security guards immediately rushed over to grab Zhao Qian.

C184 Can't Play

Everyone at the scene was an adult, so they knew what would happen if Zhao Qian was brought in. These buyers were still hoping to buy half the price from him, so they naturally had to protect his safety.

"What are you doing?" Now that we are in the midst of exterminating evil, do you guys want to go against the wind and commit crimes?! "

"So many of us are watching. You guys bring him in and try. We'll call the police and capture you!"

"If you do this, who's going to buy your house in the future? The underworld!"

Wang Chianglin wasn't afraid of these people, they were just a bunch of ordinary people.

"Security, kick them out!"

At Wang Chianglin's order, the security guards rushed forward to drive everyone else aside.

In the end, Zhao Qian was still brought into the sales office, but he was not afraid. With so many people watching, he did not believe that Wang Chianglin would be stupid enough to hit him.

Looking at the messy sales department, Wang Chianglin was furious.

"What are you all doing? For my own place to be in such a state! "

The crowd was so reprimanded that they didn't dare to raise their heads. They could only let Wang Xinxin step forward to explain.

"Dad, it's all Zhao Qian's fault. He used half price to tempt those people to create trouble. You have to teach her a lesson." Wang Xinxin said angrily.

Wang Chianglin glanced at Zhao Qian and said, "I'm giving you one last chance, do you know what to do?"

Zhao Qian laughed and replied, "I don't know. Director Wang, tell me, what do you want to do?"

"I already said that I will add 10 million and you can tear up the contract. This is my bottom line, it's best if you don't challenge my bottom line. " Wang Chianglin said fiercely.

Zhao Qian laughed loudly, completely disregarding him, and replied: "Is Director Wang joking with me? There are so many people outside who have seen me signing up with you, and the bank has a record of the transaction. I'll give you the contract, do you dare to tear it? "

"That's why I told you to tear it up!" Wang Chianglin shouted in a serious tone.

Zhao Qian completely ignored Wang Chianglin and threw the contract to the side, looking at him with a smile.

Wang Chianglin couldn't stand a little kid looking down on him so much, so he immediately called for the security guards to take action.

Zhao Qian took a few steps back and warned, "Wang Chianglin, you have to think this through. With so many people outside watching me come in unscathed, if I get hurt, they'll testify for me. I can buy one building at a time, and I'll be able to bankrupt your company. "

The security guards were so scared that they didn't dare to move anymore.

They turned around and looked at Wang Chianglin, waiting for his new order.

Wang Chianglin was unable to calm down his anger. He had to teach Zhao Qian a lesson. He said to the guards, "Put a book on his chest and give me a hammer. Since they didn't appear to be injured, they couldn't possibly testify, right? "Hehehehe ..."

Wang Chianglin had a savage smile on his face, while Wang Xinxin and the rest also revealed a vicious smile.

The security guards immediately complied. Just as they were about to make their move, the manager shouted, "Wait a moment, I'll turn off the surveillance."

The manager quickly turned off the monitor and walked out laughing. He said to Zhao Qian, "Now you can enjoy yourself. No one will know what happened."

Zhao Qian laughed heartily and replied, "Really?"

Wang Xinxin asked with disdain, "What? You still want to fight back? "Come, resist one and let me see."

Zhao Qian shook his head and replied: "Who said I want to resist? Not only will I not resist, I'll even help you guys! "

The moment he said that, Zhao Qian grabbed the hair on the back of his head and pulled it with force. Then, Zhao Qian crashed into a pillar beside him.

Everyone present was frightened, no one expected Zhao Qian to do this.

"You ... What are you doing? " Wang Chianglin asked in confusion.

Zhao Qian held his bleeding forehead and laughed. He replied, "Didn't you

want to teach me a lesson? Let me help you! Here, put the book on my chest and smash it! "Haha ..."

"Madman!" Madman! You are a madman! " Wang Chianglin shouted.

With so many people outside watching Zhao Qian enter unharmed, now that his head was broken, if he were to suffer any more internal injuries, all the injuries would be blamed on Wang Chianglin.

If Zhao Qian didn't kill himself, he would inevitably be tortured. It's good now, even he did not dare to move when Wang Chianglin took action.

Wang Chianglin couldn't win against Zhao Qian, so he immediately admitted his defeat and said: "Count me in for bad luck. I'll give you 20 million and tear the contract."

Zhao Qian shook his head and refused: "I said it already, at least 30% of the profit, otherwise I wouldn't have made a move. "I'm going to the hospital now, what do you think I should do?"

Wang Xinxin quickly said to her father, "Dad, we can't let him out, or else we won't be able to explain it to the police."

As soon as Wang Xinxin finished her sentence, the sound of sirens came from outside. The people outside wanted to curry favor with Zhao Qian so that they could buy half the room from him. When Zhao Qian was captured earlier, someone immediately called the police.

Wang Chianglin was panicking. He quickly said to Zhao Qian, "Don't speak nonsense, or else I'll really kill you!"

"Is Director Wang a three year old child? Trying to scare me at a time like this. "Hurry up and make up your mind. Once the police enter, things will no longer be under our control!" Zhao Qian replied easily.

The manager quickly led the security guards and the sales staff out to stall the police and give Wang Chianglin some time to talk to Zhao Qian.

"It's definitely impossible for you to increase the price by 30%. I can't make that much money from this building. 350 million, tear up the contract! This is really my bottom line. Even if I were to ask for another penny, I won't be able to pay it!" Wang Chianglin said anxiously.

As far as Zhao Qian was concerned, money was not much, so he didn't care about it at all. He only added 30% to scare Wang Chianglin, he never intended to break the contract.

"Director Wang, you should prepare to go bankrupt!" Zhao Qian replied coldly.

After saying that, Zhao Qian picked up the contract and left.

At this moment, the sales clerk who had a conflict with Zhao Qian rushed over, snatched the contract and tore it into pieces.

"Where did all this nonsense come from? Just tear it up!"

Wang Chianglin and the rest were stunned. Did this idiot think that law was child's play? If a contract could be torn apart just like that, then what would be its legal effect?

Zhao Qian laughed and clapped his hands. Deliberately harming another person's body, destroying contracts, terrorizing and imprisoning personal freedom, Director Wang, this time your company has no choice but to close down! "

The buyers outside were worried that Zhao Qian would be in danger, so they helped the police break through the security guards and sales staff and rushed

into the sales office.

Zhao Qian chuckled and said softly, "You don't have a chance anymore!"

Wang Chianglin was scared out of his wits and immediately replied in a soft voice, "30%, don't say random things!"

"Like I said, you don't have a chance. It's already too late for me to accept it now!" Zhao Qian replied.

The police rushed over and immediately protected Zhao Qian.

"How are you? Do you want to go to the hospital?" the policeman asked.

Zhao Qian immediately covered his head and pretended to faint. He replied: "I feel dizzy and need to go to the hospital. They beat me on the strength of their numbers, Comrade Police Officer. You must uphold justice for me. These people can all testify for me. I was fine when I came in, but now I've been beaten up like this by them. "

"That's right!" We can testify that he was fine when he came in, and that there was no wound on his forehead! "

"We have the video as proof. He came in unharmed. Now that it's like this, it must be them."

"Comrade Police, you must enforce the law impartially. You can't let these gangsters off!"

" ... "

Wang Xinxin couldn't hold it in and hurriedly explained, "Don't speak nonsense. It wasn't us who hit him, it was him who hit himself."

"You really know how to spout nonsense, why don't you bump into one for us to see!"

"That's right. If you dare to cause such a ruckus, we will believe your words!"

"Bang!" "Bang, bang ..."

"You all ... How can you be like this! It really was him, and it has nothing to do with us." Wang Xinxin explained.

The sales staff and security personnel quickly supported Wang Xinxin, saying that Zhao Qian's injury was caused by his own body and not theirs.

This caused the guests to be infuriated.

"The police still dare to speak nonsense here! You guys can bump into one for us to see! "

"You still don't want to admit it even after beating someone. Do you still have police and laws in your eyes?"

"Exactly! So many of us are watching, I don't believe that you can do whatever you want with your bare hands! "

" ... "

The police officer saw that all of them were agitated and quickly consoled them, "Everyone, quiet down! Don't get excited, we will investigate the truth clearly and definitely not let criminals escape justice! "

C185 He Who Treads the Path of Man Shall be Punished

Even if the police said something, they couldn't quell the anger of the buyers. They were all fighting to show off in front of Zhao Qian.

If Zhao Qian was grateful to them and directly gave them a half price room, they would immediately earn several million.

In the face of such huge benefits, they did not care who Wang Chianglin was, nor did they care what the police said.

Seeing that order was about to go out of control, the police quickly sent Zhao Qian to the hospital and brought all the people from the Wang estate to the police station.

Wang Chianglin was furious. He had never thought that he would fall for such a clever man.

The buyers quickly followed the police to take Zhao Qian to the hospital. They had to keep an eye on him in case the house was robbed. Anyway, they don't do anything these days, just wait to rob the house.

Zhao Qian went to the hospital to treat his injuries. The doctor said he had a mild concussion and needed to be hospitalized for a few days to observe.

"F * ck!" This is too big, your attacks are a bit ruthless! "

Zhao Qian thought to himself. The more he thought about it, the angrier he got. If he didn't teach Wang Chianglin a lesson, he would have suffered a concussion for nothing.

After completing the registration procedure, Zhao Qian called Yang Hu and explained the situation here. He instructed him to not let Wang Chianglin

walk out of the police station easily.

Yang Hu was terrified. Zhao Fu had told him that he had to ensure Zhao Qian's safety. Young Master had a concussion, how could he explain it to Old Master?

"Young Master, I'll bring my men to mess with the Wang Family right now!"
"If I don't make a mess of his house, I will cut off his head and let Young Master kick him like a ball!" Yang Hu said fiercely.

At this time, Yang Hu could only express his loyalty and determination. He was afraid that Zhao Qian would blame him.

Zhao Qian is not a temperamental, indiscriminate bastard. This had nothing to do with Yang Hu, he definitely wouldn't blame Yang Hu.

"Mr Hu, don't get too excited. I only had a slight concussion and would be fine after a few days of rest. You have to have a thorough plan before you can make your move, and you have to ensure your own safety. Do you understand?" Zhao Qian warned.

Yang Hu quickly replied, "Understood. Young Master, don't worry, I definitely won't be impulsive. I'm going to a few bank activities right now to let them cut off the loan for Wang's property."

"Right, we have fair and square methods to deal with the Wang family, there is no need to use illegal methods. You go ahead and do it, I'll wait for your good news." Zhao Qian praised.

"Young Master, don't worry, I definitely won't let the Wang Family off easy! This time, even if they do not go bankrupt, they will not be able to recover from the setback!" Yang Hu promised.

Zhao Qian acknowledged and hung up the phone. He had always been at ease when Yang Hu did things. Right now, he only needed to rest and wait for Yang

Hu's good news.

After a while, Wu Xin called Zhao Qian.

"Hey, Zhao Qian, where are you?"

Zhao Qian didn't want to worry Wu Xin, so he coaxed, "I was looking at the house. I haven't chosen one yet. I'll shoot it for you when I've chosen one."

Wu Xin let out a light breath and said, "Oh, no rush. No rush. As long as you're looking at the house, I'm afraid you're still fighting. That's okay, look."

After hanging up, Zhao Qian quickly called Yan Guofeng.

"Hello, Young Master, what can I do for you?" Yan Guofeng asked respectfully.

"Send me a few pictures of Jinghai District's scene. I want a room more than 130 square meters. It has a lot of light and space." Zhao Qian instructed.

Yan Guofeng immediately replied, "Understood." I'll call someone to take the photos and send them over to Young Master right away. "

"Yes." "It's urgent. Hurry up."

"Alright."

Yan Guofeng quickly hung up the phone and called the sales manager of Jinghai District, ordering him to quickly send a photo.

A few minutes later, Zhao Qian received a photo from Yan Guofeng, which he forwarded to Wu Xin.

Wu Xin selected one and sent a message to Zhao Qian.

"I guess that's it. After you finish watching the competition tomorrow, let's go and take a look. "

Zhao Qian quickly replied and agreed to Wu Xin's invitation.

At this moment, a group of buyers rushed into the ward despite the obstruction of the nurses.

"Handsome, how are your injuries? Are you alright? "

"The handsome brother has his own talents, he will definitely be fine!"

"Handsome brother, don't worry. We will definitely testify for you. We will absolutely not let them get away scot-free!"

"... "

Everyone quickly expressed their sincerity towards Zhao Qian and tried their best to curry favor with him.

Zhao Qian naturally understood their intentions, and thanked them with a smile: "Thank you for everyone's concern. As soon as I recover from my injury, I'll arrange for a bugle. You guys must be tired, hurry up and go back. "

"Not at all, what's there to be tired about? We can chat with the handsome brother."

"I just came out to look at the house today. I don't need to look at the house anymore, I don't have anything to do when I go back, so I might as well talk to the handsome guy here."

"I'm fine too. I'll stay and chat with the handsome brother."

"..."

Everyone was so "passionate", which made Zhao Qian feel helpless. He could only say to the crowd, "Thank you for your kind intentions, but I'm too tired and want to have a good night's sleep. "You guys can go back first. Pay attention to the text message and I will inform everyone to participate in the lottery in advance."

No one dared to anger Zhao Qian, so they could only obediently leave.

Zhao Qian laid down peacefully and was about to get a good night's sleep when Wang Xinxin called him.

"Hello, what's the matter?"

"Zhao Qian, can we talk properly?" Wang Xinxin asked softly.

Zhao Qian chuckled, and replied: "Didn't Miss Wang always have a domineering attitude? Why are you speaking so softly, unlike you! "

Wang Xinxin was so scared that she didn't dare to talk loudly to Zhao Qian anymore.

"I'll go to the hospital and look for you. We'll talk when we meet."

Wang Xinxin hung up the phone and rushed over to the hospital to see Zhao Qian.

Zhao Qian lied on the bed, pretended to be very serious and asked weakly: "What are you looking for me for? You want to hit me again when I'm weak? "

Wang Xinxin immediately shook her head in denial. "How could I possibly hit you? I want to discuss with you about how to resolve the conflict between us."
"

"I'm going to leave it to the lawyer. You can talk to the lawyer later." Zhao Qian replied.

Wang Xinxin pulled up the curtain and sat beside Zhao Qian. She intentionally leaned close and begged, "Since they are showing their weakness to you, can't you be a little more magnanimous? Do you really want me to kneel down and beg you? "

The usually spicy Wang Xinxin actually used such a coquettish voice to speak, making Zhao Qian's goosebumps rise.

"What are you doing?" I'll sue you for sexual harassment! " Zhao Qian warned.

However, Wang Xinxin disapproved and replied happily, "Then you can call the police. See if the police believe you sexually harass me or me harass you."

"What do you mean?"

"From what I've learned from you, I'm only giving you a taste of your own medicine."

Wang Xinxin had a complacent expression as she looked for money.

Indeed, under normal circumstances, people would think that men sexually harass women and not men.

At this time, Wang Xinxin tore off her clothes and shouted for help. Zhao Qian couldn't explain it clearly. It was indeed the same as Zhao Qian, who put everything on the line to end his life.

Zhao Qian chuckled and said: "Your dad wants you to sacrifice your looks to seduce me?"

"My dad just asked me to come and have a good talk with you, but I don't think you'll ever have a good chat with me. I have to take the initiative, or you won't give me the chance. Are you right?" Wang Xinxin replied with a complacent expression.

Zhao Qian gave Wang Xinxin a big thumbs up and praised, "You are so much stronger than your dad."

As Wang Xinxin undressed, she said, "Thank you for your praise. You better hurry up and make your decision. If I take off my clothes, you won't have a chance."

As Wang Xinxin spoke, she had already taken off her shirt, revealing the clothes underneath.

Zhao Qian quickly turned his head away and said, "Don't be like this, she's a girl after all. She has to be shy and reserved."

Wang Xinxin sneered and said, "Concealment?" I don't understand what that word means. "

While speaking, Wang Xinxin had already torn two buttons on her shirt, and her hands were preparing to tear the collar.

"If you don't make a decision now, it'll be too late." Wang Xinxin reminded with a smile.

Zhao Qian was furious. He reached out his hand to pull Wang Xinxin onto the bed and pressed her down, warning her, "Don't play with fire. If you piss me off, I'll take care of you."

Not only was Wang Xinxin not afraid, she even burst out laughing.

"Alright, come on, let's do it. I'm glad I can sleep with such an awesome man like you. "

After saying that, Wang Xinxin tore the collar of her shirt. Then she took Zhao Qian's hand and put it on her thigh and tore her stockings.

"F * ck!"

Zhao Qian cursed and quickly retracted his hand.

C186 Haven't You Seen the Tv Series yet

Wang Xinxin was extremely happy and pressed Zhao Qian down onto her body. She pinched his face and asked with a proud expression, "Are you going to continue doing this to me now, or are you going to listen obediently, or do you want me to call people to come in and send you to police station? You should think about it properly. You will only have one chance to choose. "

Zhao Qian laughed and replied: "I really don't know which one to pick. Why don't you help me pick it? As long as you choose, I will do it. "

Wang Xinxin retracted her smile. After a moment of silence, she replied, "I think it's better for you to be obedient." "Don't worry, I won't let you do anything. I just want to resolve the conflict peacefully."

Wang Xinxin now knew that Zhao Qian wasn't easy to mess with, and she didn't dare to go against him at this time. If the matter got out of hand, the company would be greatly affected, not to mention the fact that her house couldn't be sold.

Zhao Qian had ordered Yang Hu to attack the Wang estate, how could he compromise with her so easily?

"Hehe ..." But I just don't want to be obedient. What do you think I should do?
" Zhao Qian said with a smile.

Wang Xinxin sneered and replied, "Then don't blame me! Help! Help! "Save me ..."

Wang Xinxin shouted as she ran, constantly ruffling her hair and scratching a few blood-red marks on her body.

Zhao Qian was lying on the sickbed watching Wang Xinxin's performance to

see how she would perform.

Hearing Wang Xinxin's cry for help, the nurse rushed over.

"What's wrong? "What's wrong?" the nurse asked nervously.

Wang Xinxin cried as she held onto her chest and asked the nurse for help, "Help me! Help me! That beast wants to rape me. Help me call the police!" "Sob, sob ..."

Even the nurses were confused. They hurried into the ward and asked, "You want to rape her?"

Zhao Qian smiled and replied, "Do I look like someone who tried to rape her? She blackmailed me, and when I didn't say yes, she did it. Hurry up and call the police. Let the police handle this. "

The nurse didn't know who was telling the truth, but calling the police was definitely the right choice.

Ten minutes later, the police arrived. After learning about the situation, they asked the doctor if they could help Zhao Qian get discharged.

Yang Hu had already informed the hospital. The doctor knew he had to take care of Zhao Qian, so he replied: "I don't recommend leaving the hospital now. He still needs to observe for a few days. Of course, if you use your authority as a police officer to take him away, we won't be able to stop you. However, I would like to state in advance that we, the hospital, will not bear the consequences. You must bear the consequences. "

Since the doctor said so, the police didn't dare to forcefully bring Zhao Qian away and could only interrogate him in the ward.

"Tell me about the crime." The policeman said.

Zhao Qian nodded and replied, "She ran in and asked me to reconcile with them. If I didn't agree, she would tear off her clothes, scratch herself, and frame me for raping her."

"You're talking nonsense! I came to ask for your forgiveness, and you took the opportunity to coerce me into sleeping with you, or you wouldn't agree. If I don't agree, then do it. I pushed you away with all my might and ran out to scream for help. Wang Xinxin said.

Zhao Qian laughed heartily and replied, "You really are an idiot. Haven't you seen a forensics movie or television before? I can't detect your skin under my nails. Your wounds and clothes can't detect my fingerprints and DNA. You think the police and the law are a joke? I still have some money on me, so I can afford to pay the appraisal fee.

Wang Xinxin was momentarily struck dumb. It seemed that this was indeed how it was played in TV dramas. As long as the medical examiner gave the two of them a detailed test, it would definitely be able to prove Zhao Qian's innocence.

The police saw that Wang Xinxin was confused and immediately asked seriously, "What is going on? "Tell me the truth!"

Wang Xinxin trembled in fear, her eyes floating erratically as she weakly replied, "Don't listen to his nonsense. "He's really going to rape me ..."

The policeman continued to ask, "Then do you dare to go with us to the city bureau for a forensic examination?"

"I ..."

Wang Xinxin was terrified, unable to utter a word. Seeing her reaction, the police naturally understood what the truth was.

"Come back with us for a bit. Your actions are very serious, damaging the reputation of others. You have to report it to the fake police. We have to deal with it seriously!"

Wang Xinxin quickly apologized to the police, "I'm sorry, I'm sorry ..." I didn't get it. I was confused. Sorry, sorry... Don't catch me, I really know I was wrong. "

"A fake police officer, according to the regulations, has to be punished by five days of detention, and a fine of five hundred!" As for the matter of you damaging the reputation of others, as long as you can beg for his forgiveness, we will not punish you. "

Wang Xinxin quickly apologized to Zhao Qian: "Zhao Qian, I'm sorry, I was in the wrong. I shouldn't have done this to you. "Look at the state my family is in. Please forgive me."

Just as he said that, Wang Chianglin walked in with the police. Seeing that his daughter's body was in a mess, he immediately rushed towards Zhao Qian in rage.

"What the fuck did you do to Xin Xin?"

The police quickly stopped Wang Chianglin and advised him to calm down.

"Calm down!" How can I be calm! Can you still be calm after your daughter has been raped? " Wang Chianglin shouted.

The policeman shouted angrily, "No one raped her. It was she who framed him like this. We're dealing with her now! Do you really have the nerve to say that you're your daughter? Did you just educate her like that? Do you have any legal knowledge? "Do you feel a little ashamed?"

Wang Chianglin was reprimanded by the police until he couldn't even lift his head, but then he thought, it's just a police station's police officer, what right do I have to reprimand him?

"Be more polite when you speak! How am I, Wang Chianglin, to educate my daughter? It's not up to you to judge! I'm good friends with Chief Li of the Municipal Public Security Bureau. You'd better think of a way to talk to me!" Wang Chianglin said angrily.

The old policeman also had a stubborn temper and replied: "You are Chief Li's relative, you have violated the law, I still have the power to arrest you!" "Now, I will bring your daughter back for investigation. If you have the guts, stop me!"

"What's your alarm number? So unreasonable! I want to know who gave you the guts to talk to me like this!" After Wang Chianglin said this, he started to tear up the old policeman's warning number.

The old policeman was not scared at all. He showed his police ID and answered righteously, "This is my ID, you can take any photos! Who gave me the guts to talk to you like that? It was the country, it was the law, it was the people! Do you think you are lawless, bigger than the country, bigger than the law, bigger than the people?"

The other policemen quickly urged the old policeman to calm down. He would be retiring next month, why was he so serious?

"Humph!" I'm not afraid of these rich people just because I'm retiring! I've suffered a lot from them in the past, but now, I have to repay them! Take him away! I will bear all the consequences!" The old policeman said stubbornly.

Wang Xinxin was so scared that she quickly asked her father for help. "Dad, save me! I don't want to be detained. You have to save me."

Wang Chianglin quickly comforted his daughter, "Xin Xin, don't be afraid. No one has ever detained my daughter. Don't worry, you just need to take a walk and will be out soon! "

Wang Chianglin looked at the old policeman viciously when he said that. The intention to provoke and threaten was too obvious.

The old policeman did not know what kind of excitement he received, but he really did not want to give Wang Chianglin any face at all.

"What is it? Threatening the police? Take out your ID card, I suspect that you are a terrorist! " The old policeman warned solemnly.

Wang Chianglin was so angry that his nose was crooked as he gasped heavily for breath.

"You really want to follow me to the end, don't you? Fine! I want to see how you die! "

Wang Chianglin immediately took out his ID card. The old policeman checked it and returned it to him.

"You have to treat the police with respect in the future. If you are caught as a terrorist because of a misunderstanding, you will be the one at a disadvantage! "Let's go back to the station."

The old policeman led his disciples and left with Wang Xinxin.

Wang Chianglin felt that his face, even his dignity, had been trampled on. He would never be able to swallow his anger if he did not make that old policeman cuddle up.

He immediately called Chief Li, briefly explained the situation, and asked for Chief Li's help.

"This... Boss Wang, I can only say I'm very sorry. You're making a bit too much of a ruckus. With so many people watching you beat people up, you won't be able to explain yourself to the public if you don't punish them severely, and you won't be able to explain yourself to the law. "Alright, I still have a meeting to hold, so I won't say anymore."

Commissioner Li hung up the phone without even giving Wang Chianglin a chance to say anything.

Wang Chianglin was dumbfounded. What's going on? Why is Chief Li not willing to help him this time?

C187 Play to the End

If Commissioner Li didn't help Wang Chianglin, Zhao Qian could guess why. Presumably, Yang Hu had already started his activities.

However, he didn't understand why that old policeman was so against Wang Chianglin. He did not believe that an ordinary civilian police officer who was about to retire and cause such a big trouble for him.

Wang Chianglin was stunned for a long time. He couldn't understand why it would be like this.

Zhao Qian laughed and said, "Aiya, you failed to steal a chicken and ended up losing a man and a soldier..." Ah? "Boss Wang, can you help me think of any other idioms to describe the current situation you and your daughter are in?"

Wang Chianglin looked at Zhao Qian angrily and replied in a low voice, "A petty person gets what he deserves."

"Haha ..." Even if I am a nobody, I can still achieve my goals in the end. At least, it was better than what Boss Wang wanted, right? If there's nothing else, please leave. I want to rest. You all cannot afford to delay my illness! "

With that, Zhao Qian laid down, pulled up the blanket, closed his eyes and pretended to sleep.

Wang Chianglin said to the policemen beside him, "Fellow policemen, can I trouble you to leave first? I have some things I want to say to him alone."

The policemen nodded and walked out. Only Zhao Qian and Wang Chianglin were left in the ward.

Wang Chianglin chuckled a few times, walked to the side of Zhao Qian and

said in a low voice: "Young man, be a good person and be easy to meet in the future." "Why do you have to be so ruthless?"

Zhao Qian opened his eyes and replied with a smile, "If Boss Wang has something to say, just say it. Don't beat around the bush."

Wang Chianglin smiled awkwardly, and said very politely, "Alright! I like dealing with people like you. A single bid, 350 million yuan, and the return of the house completely wiped out all the conflicts. Hearing Xin Xin say that you don't have a job right now, I can hire you to be my company's manager. In the future, besides me, no one else in the company can care about you. "How about it?"

Zhao Qian laughed out loud and replied, "You're a company that's about to go bankrupt, I'm not going."

"What you're saying is a bit unprofessional. We do have some grudges, but there's no need to curse me." My company is doing well, selling pearls at sea, and making a net profit of at least 500 million this year. If you come to work here, you will definitely have a good future. " Wang Chianglin said confidently.

Zhao Qian was more confident than him and directly told him the truth.

"As for me, I've asked a few friends for them to act. I expect the bank to put some pressure on you. If you can't handle it, you'll have to go bankrupt. "

Wang Chianglin's face turned ugly and he hurriedly asked, "Is what you said true? Not... Do you need to? For such a small matter, you want to kill me? "

Zhao Qian nodded.

Wang Chianglin was silent for a while and then laughed, "Although my company is not a big company, it is still a real estate company that I can buy.

Aren't you overestimating yourself by saying that you will be destroyed just like that? Since you are so confident, we will wait and see if my company falls or if you fall first. I warn you in advance, from now on, I will have a lot of time to play with you every day. You have to be mentally prepared, and definitely not be a fool! "

Zhao Qian replied with a smile, closed his eyes and waved his hand, saying, "Then Director Wang will take his time. I want to rest well and wait for Director Wang to come over to play with me. "

"Humph!"

Wang Chianglin snorted and left in anger. Originally, he wanted to make peace with Zhao Qian, but who would've thought that both sides would completely lose all decorum.

However, Wang Chianglin wasn't afraid either. He didn't believe that with the connections he had with the government and business, he wouldn't be able to win against a youngster.

Yang Hu had been exercising all afternoon. After midnight, he came alone to the ward to see Zhao Qian.

"Young Master, it's about done. Tomorrow, the banks would officially inform Wang's Real Estate to close the loan and withdraw the money. I roughly estimated that the amount of money Wang had in the bank was about three hundred million. This time, we can only deal them a heavy blow, so killing them will be a little difficult. " Yang Hu reported.

Nodding his head, Zhao Qian replied, "It's fine. It's fine if we heavily injure them." However, you have to stay close to Wang Chianglin.

"Young Master, don't worry. I have already arranged for people to investigate him. Even if he saw Little San recently, we would still record the evidence."

Yang Hu replied.

Zhao Qian nodded in satisfaction and asked again, "Then how much information do you know about him now?"

Yang Hu quickly replied, "Not too much, I heard he has several women and an illegitimate child. But we have to find out who it is. He estimated that it wouldn't be long before he would find the illegitimate child himself. He was already over fifty years old, and had reached the age of inheritance. According to the common sense of mankind, men should never pass on women. He definitely has to find the illegitimate child ahead of time, train up first, and then think about the matter of succession. "

Zhao Qian burst into laughter. He never expected Wang Chianglin to have such a romantic affair. If Wang Xinxin knew that her father still had an illegitimate child, she would have no idea how sad she would be.

Yang Hu left after the two chatted for a bit longer. However, he left a few of his Special Forces brothers to guard outside Zhao Qian's ward.

At eight in the morning, Zhao Qian took advantage of the doctor's rounds to quickly slip away. After leaving the hospital, he called Wang Jing.

"Hey, are you free? Please take a look at the car. "

"I'm on my way to the International Racing Center. However ... "It's better if you don't come." Wang Jing said with a guilty conscience.

Zhao Qian felt that it was strange and quickly asked: "Why? You're not fooling around with some wild guy, are you? "

Wang Jing was silent for a moment before she replied softly, "It's necessary for work. It's best if you don't come, lest you see some discomfort."

"Holy shit!" If you say so, I have to go even more. What do you mean? You're carrying me on your back, aren't you? "Looks like I need to educate you properly!" Zhao Qian pretended to be angry as he said.

"Scram!" I said it was work. Our company is preparing to make a film on the subject of racing cars, so we will accompany the director to watch the competition and take a picture of it. " Wang Jing replied.

"Oh, what's there to be shy about? Why are you afraid that I'll see it?"

"Because that director is Feng De! I'm afraid you'll feel inferior. "

Feng De is one of the most popular directors among the new generation in China. His film pay is more expensive than many A-list celebrities. Even the price of Wang Jing, who was discussed by Zhao Qian earlier, couldn't compare to Feng De.

Feng De has only made three movies since his debut, but each has more than a billion yuan at the box office. This wasn't all. These three films had swept through the major awards ceremonies, such as those of the film emperors, the film empress, the best director, the best film, and so on.

It could be said that his name was now a box office and an award guarantee. Many investors directly threw their cheques in front of him so that he could make any kind of movie he wanted.

However, he was very picky and would not easily let the show begin. This time, she had cooperated with Huaying because Wang Jing had invited her multiple times to treat him to a meal.

Zhao Qian did not understand Feng De very well. He only roughly knew that Feng De was a very popular genius director.

There was one more important point. He was very handsome and

affectionate. Three films, all three female protagonists having a scandal with him. This was also the reason why Wang Jing didn't want Zhao Qian to see them together.

Zhao Qian laughed in disdain and replied: "A man that can make me feel inferior still hasn't made a sound! You think too highly of him for making me feel inferior. "

"Tsk, what's the use of having a tough mouth. They are excellent, and even if you don't admit it, you can't avoid it. " Wang Jing said mercilessly.

Zhao Qian had a temper and replied: "No matter how good he is, he is still a person. If you are a person, you will kneel under your brother's jeans. "

Wang Jing could no longer bear to listen. She said ruthlessly, "How shameless! How can you say such words? Who gave you that confidence? "

"You don't believe me? "Brother will now officially inform you. I'm going to get this Feng De!"

After Zhao Qian said that, he hung up the phone and rushed to the International Racing Center.

Wang Jing didn't think much of it. She didn't believe that Feng De would be defeated by money. Otherwise, why would he not want them when so many investors had thrown their cheques in front of him? Zhao Qian's desire to smash him with money was simply wishful thinking.

C188 Match Start

Soon, Zhao Qian arrived at the International Racing Center. After he parked the car, he immediately called Wang Jing.

"Hey, where are you?" Zhao Qian asked.

Wang Jing replied softly, "You really want to come? I've already told you in advance that you can't go crazy later. "

"What are you saying? Why would I go crazy? "Don't worry, I will make him kneel in front of me." Zhao Qian replied confidently.

Wang Jing thought for a moment and told Zhao Qian her location.

Zhao Qian quickly rushed over, pretended to bump into him by accident, and walked up to greet him.

"Miss Wang, what a coincidence. We actually bumped into you here. "

Wang Jing didn't want to see Zhao Qian here and replied reluctantly, "What a coincidence. What are you doing here? What happened to your head? You got into a fight with someone? "

Zhao Qian laughed and replied: "When I was bathing, no news slipped and fell. It was a knock, it's fine. I want to make a movie about a racing car and come over to see the scenery and think about the feasibility. "

Wang Jing rolled her eyes speechlessly, thinking that this Zhao Qian was really bullsh * tty.

Feng De thought Zhao Qian was a nuisance who pestered Wang Jing. He glanced at Zhao Qian and asked, "Handsome, I've never seen you before. Are

you from the inner circle?"

Zhao Qian shook his head and replied: "You can say that. Newbie, it's normal that you haven't seen it. I think you're a little familiar, handsome. I think I've seen you somewhere before. "

Wang Jing helplessly rolled her eyes and quickly introduced Feng De to Zhao Qian.

Zhao Qian feigned a panicked look and said: "Wah! I thought it looked familiar. So it turns out to be the most popular new generation director, Feng De, disrespect and disrespect. "

Feng De thought that Zhao Qian was a new director, so he pretended to look deep and said, "Newcomer should start with a simple topic, first shoot an advertisement or an MV, then exercise first. If you fail to take such a big shot, it will ruin your career. "

Zhao Qian nodded and replied, "What Director Feng said makes sense. I really shouldn't have done things that I'm not good at." "But I really want to film this topic. I don't know if Director Feng has the time to talk about cooperation recently."

Feng De looked down on Zhao Qian, smiled disdainfully and replied, "I don't have the time, I also want to make a movie about racing cars, so I can't cooperate with you."

As he was speaking, the match was about to begin.

Zhao Qian quickly said, "Then I won't disturb you two from watching the competition anymore. We'll talk after the competition is over."

After saying that, Zhao Qian immediately ran to his seat.

Feng De asked Wang Jing with a look of disdain: "Who is that person? Your company? "

Wang Jing shook her head and replied, "No. With his temper, he will definitely come and find you after the competition ends. When that time comes, you should have a good chat with him.

Feng De was even more sure that Zhao Qian was a nuisance who pursued Wang Jing. He definitely couldn't show mercy to such a stubborn person.

Zhao Qian came to his seat and lifted the banner along with the people in the team.

There were two people competing in the team. Other than Wu Le, there was also a rider called Zhang Ming. Of course, the one fighting for the championship was still Wu Le. Zhang Ming's mission was to protect Wu Le and help him block opponents who wanted to pass the car. It was necessary to sacrifice himself to ensure that Wu Le would not be disturbed.

This was a common tactic used in racing, and almost every club did it.

The track used in this competition was very complex. One section of the road was used to simulate the curve of a five-speed hairpin in a game. It especially tested the skill of a racer. It could be said that the victor would be decided here.

Wu Le and Zhang Ming were in the middle position at the start of the match. After a few seconds, the two of them were left behind.

Zhao Qian didn't know much about racing cars, so he asked the staff next to him: "Is this Wu Le's tactic?"

The employee quickly nodded his head to explain.

"This is indeed Brother Le's strategy. We have to run a total of three laps in this competition." Brother Leicester felt that there was no need to compete for the first two laps, as long as he did not fall too far behind, it would be fine. If he ran too fast, he would become everyone's target. Everyone would see him as an enemy. Brother Leicester's plan is to make the last lap and pass at the corner of the road. "

Zhao Qian nodded in satisfaction and praised, "Not bad, it's good to know how to use your brain. If Wu Le wins, then I'll hold a celebration feast at Donghai Hotel and everyone can go. "

"Thank you, boss!"

"Thank you, boss ..."

Everyone was so happy that they immediately started singing praises for Zhao Qian.

"Boss is awesome!"

"Boss is invincible!"

" ... "

After the first lap was over, Zhang Ming suddenly exerted his strength and passed by the car in quick succession and arrived at the middle position.

"Boss, this is Brother Le's strategy. Let Zhang Ming snatch the seat first, it'll be convenient for him to pass the car and get to the center later."

The employee beside Zhao Qian quickly explained to him.

Zhao Qian nodded and continued watching the competition.

After Zhang Ming stabilized his position, he kept changing directions to the left and right to suppress the car behind to prevent it from overtaking him. Wu Le took the opportunity to speed up and, with the perfect cooperation of Zhang Ming, easily overtook the car to the front.

At this moment, they arrived at the corner of the road. Wu Le and Zhang Ming continued to use the track to suppress the drivers behind them, refusing to let them pass.

When they came out of the bend, Zhang Ming's car was the first to pass and take up a certain position. After that, Wu Le overtook the car and caught up to them.

Relying on this tactic, when the third lap started, Wu Le's position came to third place. Zhang Ming continued to change directions and suppressed the car behind him, giving Wu Le five seconds to get away from the car behind him.

"Definitely win!" "Haha ..."

"Congratulations Young Master Lin, this championship is safe."

"Congratulations, congratulations ..."

At this moment, a group of young people, who were not far from Zhao Qian, shouted loudly.

Zhao Qian looked over and saw another familiar person. It was Yang Ming, whom he hadn't seen for a while.

The employees beside him immediately introduced the group of people to Zhao Qian.

"They're all from the super running club, they're all rich second

generations."

Zhao Qian frowned and said in confusion, "Running away from the club? Impossible, right? I've never seen these people before! "

"Boss doesn't know, there are many different levels of overrun clubs. The overrun club the boss knew of was definitely the higher-end one. This is a bit of a low end, as long as you have a sports car worth more than 5 million RMB. These cars were also from the rich second generation, and did not rely on their own abilities to buy a sportscar. "That Lin Zhi is the founder and his father is Lin Xiong, the boss of Rong Cong Investment."

Zhao Qian nodded, it turned out to be a bunch of unpopular rich second generations.

While they were talking, the top three had already arrived at the corner of the five card series.

This would be the crucial stage for deciding the championship. It could be said that whoever could be the first to break out of the corner would be the one to lock onto the champion.

Lin Zhi's group was sure to win because the first two were from Lin Zhi's convoy. His tactics were the same as Wu Le's, having Number 35 block Wu Le and let Number 10, who was ranked first, win the championship.

In addition to the one million prize money, the champion could also directly enter the Asian Invitational Tournament finals in a month's time. Therefore, Lin Zhi was determined to win this match.

At the first turn, Wu Le tried to pass but failed. Number 35 did very well. He purposefully slowed down and kept changing routes, blocking Wu Le's overpass.

"Aiya! Brother Le's overdrive has been blocked. If this goes on, there will be no more chances! "

"Brother Le's only chance is to overtake us at the corner of the road. If we don't succeed, we won't have any chance to overtake you in the last two thousand meters."

"If we can't win the championship, in next month's Asia Invitation Tournament, Brother Le will have to participate in the Ranking Tournament. This is too troublesome."

"The key is that the champion has a million in prize money. If we can get it, we won't have to worry about the fees for the next six months. "

Zhao Qian doesn't know much about racing technology, so he has only seen a few movies like "Head Letter D". He couldn't give an analysis technically, but he could give spiritual encouragement.

"We need to have confidence in Wu Le. As long as he wins, I will personally reward you with one million gold coins.

When everyone heard that Zhao Qian wanted to reward them with one million yuan, they all became happy.

"Boss is awesome!"

"Let's cheer for Brother Le. I believe he will definitely win!"

"Good luck, Brother Le!" "Come on, Lego ..."

The cheering from over here had attracted the attention of that group of people from the super-running club.

"What's your name? The third place is your people, right? He's definitely

going to lose! "

"Haha ..." The first two are all Young Master Lin's men.

"If you continue, I'll smash your heads to pieces!"

"..."

Yang Ming saw Zhao Qian and let out a sneer. Then, he whispered something into Lin Zhi's ear.

Lin Zhi looked at Zhao Qian and sneered.

C189 A Man Is Better than a God

In Zhao Qian's eyes, Yang Ming was no different from a cat or dog. He could fight whenever he wanted to and curse whenever he wanted to, completely ignoring this trash.

However, Lin Zhi didn't seem to be willing to let Zhao Qian go, so he brought those rich second generations and walked over.

Just as Lin Zhi wanted to speak, Zhao Qian growled: "Scram! Don't hold me back from watching the competition! "

Zhao Qian stared at Wu Le's car without even looking at Lin Zhi.

Lin Zhi was very angry, and so were his subordinates. This group of "walking money" was always praised wherever they went, so how could they bear such contempt?

Lin Zhi said with disdain, "What the f * * k are you looking at? The first two are both my men, how can the third place win? Long wings flying over! "

"Yay!" Brother Le has surpassed second place! "

Everyone immediately looked at the stage, and indeed, the second place became Wu Le.

At this moment, all three cars had reached the fifth bend, and Number 10 still had a clear advantage. Number 35 was desperately chasing after Wu Le, not even sparing to scratch Wu Le's car in an attempt to interfere with his pursuit.

Wu Le stepped on the throttle, shook off Number 35 a little, and took advantage of the bend to quickly chase Number 10.

Lin Zhi was a bit flustered, but he still smiled confidently: "So what? The fifth bend is almost over, he has no chance! "

Sure enough, Wu Le tried three times but failed to pass the train and managed to make it out of the bend successfully for No.10.

"Haha ..." "The final two thousand meters, can be won with your eyes closed!" Lin Zhi laughed proudly.

The others also started to mock Zhao Qian.

"I heard that you saved up and supported this convoy. Now that all the money has been bought, is it bad?"

"What's the use of feeling upset? It would be better to just pick up trash and sell it for more money and waste it on racing."

"Haha ..." He probably wasn't in the mood to continue picking up trash and wasting it on cars. This isn't a project that beggars can play! "

Yang Ming was overjoyed. He had successfully instigated these rich second generations to form enmity with Zhao Qian. In the future, he could join these people to deal with Zhao Qian together.

Lin Zhi clapped and shouted with a smile, waiting for the end of the 10th.

However, things were unpredictable. Not five hundred meters away from the finish line, Number 10's car suddenly jerked and then went out of control.

"Oh ..."

A cry of alarm rang out from the stands. Number 10 rolled a few rounds and crashed into the fence, dismembering the entire car.

Wu Le seized the opportunity and was the first to reach the finish line.

Lin Zhi and the rest were all dumbfounded, they were at a loss of what to do.

10 The good driver was probably crippled as well. It was really inappropriate to laugh at this moment. But Zhao Qian really couldn't hold it in.

"Haha ..." A man is not as good as the heavens. The heavens do not like you two to be so arrogant, so I'll give you two a punishment. "

Angry, Lin Zhi turned and tried to hit Zhao Qian.

"What for?"

"You want to fight!?"

The staff immediately stood up and moved in front of him.

The rich second generations behind Lin Zhi were not to be outdone.

"What is it? A bunch of beggars want to act tough just like them?"

"F * ck, laozi is standing here for you to hit, do you dare to move?"

"Scram!" If you touch me, I will annihilate your entire family! "

" ... "

Yang Ming felt that the opportunity had come, so he immediately instigated:
"Zhao Qian, you were against me before, but I couldn't beat you alone, so I had no choice. However, we have so many brothers here today, yet you still dare to be so unreasonable, are you trying to not put us in your eyes? "

Zhao Qian stood up with a smile and replied, "Aiya, I understand your

feelings. However, you have to understand my feelings. I have to go celebrate now. You guys can get angry here. Haha ... "Let's go!"

After Zhao Qian said this, he stood up and left. The staff quickly followed him and protected his safety.

Lin Zhi and the rest were furious, but the safety of the No. 10 racer was more important, so they had no choice but to go and take a look.

Soon, Zhao Qian and the others saw Wu Le.

"Boss, I won!" "Haha ..." Wu Le laughed happily.

Zhao Qian didn't say anything as he smiled and went forward to give Wu Le a hug.

The others also quickly congratulated Wu Le. This was the beginning of their blessings to return to their peak.

At this moment, the paramedics came out with number 10 racer. Everyone made way for them to pass.

Lin Zhi and the others also arrived. They glanced at the Driver, then turned around and walked to face Zhao Qian and the others.

"Don't think that you can be happy just because you won the championship by luck. In next month's Asian Invitation Competition, I will still torture all of you!" Lin Zhi said fiercely.

Zhao Qian didn't even put him in his eyes as he replied, "Treat the rider first before talking about anything else. Also, let me warn you, Yang Ming is my enemy, you better not get entangled with him, otherwise it will get you into trouble. "

"Haha ..."

Everyone laughed.

Lin Zhi said ferociously: "Are all the stuff in your head sh * t? How dare you say such words to your old men! Among us, you can pick any one of us, and we'll beat you to death with our money! "

"Young Master Lin, what's the use of saying all this to a country bumpkin?" He thought everyone was just like him, picking up trash for a living! "

"Why are you wasting words with him? Let's find a time and teach him a good lesson!"

"Brat, we are also warning you, Young Master Yang is one of us. If you dare to make an enemy out of him, then you will be going against us.

Yang Ming was scared to death. The several million was not spent in vain. He was finally going to make use of them.

"Thank you, brothers. I really don't know what to say anymore." Yang Ming said emotionally.

"There's no need to say anything. Since you have become brothers with us, we should protect you. I, Lin Zhi, am just saying this. If he dares to touch you, I'll be the first one to not forgive him!" Lin Zhi said as he looked at Zhao Qian with disdain.

After that, Lin Zhi led the group away. Not long after he left, Wang Jing came over with Feng De.

Yang Ming became bolder and said to Wang Jing, "Jing, I advise you to stay away from him. My brothers have already expressed their stance towards him. In the future, if he dares to oppose me again, we will deal with him

together! Do you think he can stand up to us? "

Wang Jing didn't even look at Yang Ming as she walked past him.

Seeing that Wang Jing was not bad, Lin Zhi asked Yang Ming with an evil smile, "Young Master Yang, who is this chick? What does it have to do with you? "

Yang Ming immediately understood that Lin Zhi had taken a fancy to Wang Jing. In order to win him over to deal with Zhao Qian, he had to sacrifice Wang Jing.

"She is called Wang Jing, the young miss of the Huaying Group. Originally, we had an engagement, but it was all ruined by that bastard Zhao Qian. I loved her dearly, but she ignored me. Sometimes, I would think that rather than letting that brat Zhao Qian get away cheaply, it's better to let an awesome person whom I know to take her in. It's a pity I don't have the right person in the social circle. "Sigh ..."

"If you say so, then isn't Young Master Lin very suitable?"

"That's right! No one was more suitable than Young Master Lin. A beauty goes with a hero. What kind of thing is that country bumpkin, and what rights does he have to date such a beautiful girl? "

"Exactly! Besides Young Master Lin, no one else is worthy. "

The few of them conversed with each other until Lin Zhi was overjoyed. However, he still wanted to show his face. If Yang Ming didn't say anything, it would be too embarrassing for him to say anything.

Yang Ming wanted the current situation, so he said: "If Young Master Lin can deal with her, of course I'm willing. But her temper is too bad, Young Master Lin might not be able to handle it. "

Lin Zhi immediately patted his chest and replied happily, "Don't worry about that. As long as I, Lin Zhi, take a fancy to a girl, there's nothing I can do about it." He has a bad temper, but I'm not interested in a good one. The more irritable and violent it was, the more it would conquer it! "Hee hee ..."

"Haha ..."

A few of them began to laugh vulgarly.

Yang Ming felt bitter in his heart, but when he thought about revenge against Zhao Qian, he felt that everything was worth it.

More importantly, he felt that with Wang Jing's personality, Lin Zhi would definitely not succeed. To him, nothing was lost, but he had gained the trust of Lin Zhi and the others. It was worth it!

C190 I'm the Boss

Wang Jing brought Feng De in front of Zhao Qian. Feng De directly said to Wu Le, "Hello, I'm Feng De. I've been preparing a movie about a racing car. Interested in learning about it? I think your image is pretty good, maybe we can use you as the male lead. I won more than a billion at the box office for all three of my films, and I won many more. As long as you are willing, I have the confidence to praise you. "

Wu Le shook his head and refused: "Sorry, I'm not interested. I just want to race a good race and not be a star. "

Feng De refused to give up and continued to advise: "As a racer, you can earn a lot of money and your life is in danger. "Being a celebrity is great. A movie will earn you tens of millions. How many matches will you win?"

Zhao Qian interrupted Feng De and said, "Director Feng, don't waste your breath. He won't agree to your request."

The smile on Feng De's face immediately disappeared. He replied with extreme anger and disdain: "Who do you think you are? I've never seen a fan ask their idol how to do things. Aren't you thinking too highly of yourself? "

Feng De thought Zhao Qian was a fan of Wu Le, so he didn't think Zhao Qian was Wu Le's boss.

Not to mention Feng De, even Wang Jing had not expected Zhao Qian to be the owner of this convoy.

Wu Le said unhappily, "Why are you talking to my boss?"

With that said, Feng De and Wang Jing were both shocked.

Feng De asked in surprise, "Are you sure? Is he your boss?"

Wu Le smiled speechlessly and replied, "You're asking if it's my boss. I'm not sure yet."

"No ..." It was said that raising a team would cost a lot of money! Ordinary people couldn't afford it. He's just a rookie director, how could he afford it?" Feng De asked in confusion.

"Director? Haha ... "Boss, when did you become a director?" Wu Le laughed.

"Boss, if you want to be a director, why didn't you tell us?"

"Yeah, we can also help you save some money."

"You guys don't have any goals at all, you actually want to run away. I want to be the main character. "If I get red, I can go after Lin Zhiling."

"Haha ..."

Zhao Qian chuckled, signalling for everyone to quiet down.

Wang Jing couldn't hold back her laughter. She seemed to be very happy. She said to Zhao Qian, "I didn't expect you to invest in a team. You're right. I really didn't realize that you have a wide range of vision!"

Zhao Qian laughed and replied, "You know I don't feel good if I have some money on me. If I don't spend it, I won't be able to sleep soundly. As it happened, the team was unable to continue because they didn't have the money, so I invested in them. "Looks like my eyes aren't bad. They are very powerful."

Feng De's impression of Zhao Qian had improved a bit. After all, if he wanted to talk to Wu Le alone, he had to go through Zhao Qian's nod.

Although he still didn't want to admit it, the truth was the truth. He had no choice but to admit it.

Therefore, he smiled and said to Zhao Qian, "Then can Mr Zhao let the champion talk to me alone?"

Zhao Qian immediately stopped smiling, shook his head and replied, "No. You're my competitor. Do you think I could let you talk to him? "

Feng De was stunned for a moment and then looked at Wang Jing with an awkward smile.

Wang Jing immediately understood what he meant and signaled him to stand aside to speak.

Zhao Qian nodded and followed Wang Jing to the side.

"What?" You want to plead on his behalf? " Zhao Qian asked.

Wang Jing smiled and replied, "It's good that you know this. We don't need to talk so much nonsense between us, do we? Speak up if you have any conditions. "

Zhao Qian said with a naughty smile, "My head was broken when I was bathing. I wanted to find someone to give me a bath. If you can do it, I can consider it. "

Wang Jing rolled her eyes and replied angrily, "Stop dreaming! How could I agree to such conditions? "

"Then why are you still talking to me? I can't just give my competitors a chance! "Alright, let's stop talking. I have to take them to celebrate."

After Zhao Qian was about to leave, Wang Jing pulled him back and asked, "Where are you planning to hold the celebratory feast?"

"Of course it's Donghai Hotel. Otherwise, how could they be worthy of our status as champions?" Zhao Qian replied honestly.

Wang Jing thought quickly. Since Zhao Qian didn't want Wu Le to talk to Feng De alone, why not change her mind and let her talk to Wu Le?

"Alright!" If I had the time, I would go over and bless you. "Would you welcome it?" Wang Jing asked tentatively.

Regardless of whether or not Wang Jing was simply giving her blessings to Wu Le, she wanted to go, so Zhao Qian naturally welcomed her.

However, Wu Xin would definitely be there by then. Wang Jing had met with her, so they would talk more. If Wang Jing said something that shouldn't be said, then Wu Xin would know that his identity wasn't simple.

At the moment, Zhao Qian didn't want Wu Xin to know that he was the one helping her from the back, in case she couldn't accept it emotionally.

Zhao Qian then refused, "No! I still don't understand you, you're not going to bless us, you're obviously trying to take this opportunity to get in touch with Wu Le and ask Feng De some questions. "

With her thoughts exposed, Wang Jing was so angry that she hit Zhao Qian a few times, blaming him, "You know what I'm trying to do, but you're still not giving me any face. Can't you give me a break when you see that we have some kind of relationship in fact? "As a man, you're always so narrow-minded. Don't you feel embarrassed?"

Zhao Qian replied innocently: "What's there to be embarrassed about? I feel embarrassed! I have to take them to the celebration. I won't tell you.

However, I must warn you, do not do anything that would let me down. "

After he finished speaking, Zhao Qian waved towards Wu Le and the others, preparing to go eat at Donghai Hotel.

At this moment, a group of reporters rushed over. They all asked to interview Wu Le, hoping to give them some time.

Wu Le was too nervous for the cameras and the reporters. He quickly said to Zhao Qian, "Boss, it's better if you accept the interview."

Zhao Qian grabbed Wu Le, who wanted to escape, and pulled him to the side. You can't be a driver all your life. When you get old, you have to retire. Have you thought about what you can do after you retire? Was he going to be a coach at a driving school? Look at those sports celebrities. Once they achieve good results, they will all struggle to develop into the entertainment circle. In addition to earning money, he also wanted to find a job for his future. How could he feed himself when they retired? You have to learn from them and take advantage of the opportunity. When you retire, you won't have to worry about nothing else doing. "

Wu Le was a bit moved by Zhao Qian's words, but he was still afraid of facing the cameras and reporters.

"Boss, why don't you accompany me for an interview?" If there's any question I can't answer, or if I'm not able to, you help me. " Wu Le requested.

Zhao Qian felt that there wasn't much of a problem, so he nodded in agreement.

The two of them walked back and immediately gave interviews to the reporters.

Feng De was very angry as he watched on the side. He muttered, "I wonder

what kind of luck has befallen him, to be able to get him to invest in such a team."

When Wang Jing, who was standing at the side, heard this, she felt extremely unhappy. If she didn't want to invite him to film, she would have already fallen out with him.

Half an hour later, the interview ended.

Zhao Qian still looked relaxed and proud, but Wu Le was sweating nervously, his hands were shaking and his heart was still beating fast.

At this time, Feng De walked over and asked Zhao Qian, "How much did you invest in the team?"

"Does this have anything to do with you?" Zhao Qian replied without any hesitation.

Feng De smiled, turned around and said to Wu Le, "How much did he invest in you, I'll compensate him twice the amount for you." I'll give you another ten million and I'll cover all the expenses of the team, but you have to listen to me alone. "What for?"

Feng De firmly believed that no one could resist such a huge temptation.

A team that was once unable to participate in the tournament due to lack of funds would only submit in front of money.

Feng De is confident that he can turn Wu Le into an A-list celebrity. He is also confident that he can make a work that will cost more than a billion yuan at the box office. When that time came, he would be able to double the amount of money he invested and earn it back. He definitely wouldn't lose out.

Wu Le looked at Zhao Qian embarrassedly. It seemed that he was' knocked out

'by the money.
