

## C201 Speak up for Jiang Tian

These days, Zhao Qian had been busy with his own stuff and didn't have the time to ask about Faang Ni's production.

Zhang Yang would never forget him. He called him and told him to go to the shareholders' meeting.

After placing on the Leyou rankings, Faang Ni's production had temporarily stabilized. At least in the last six months there were orders to be made, not without income.

When Zhao Qian came to the company, all his colleagues smiled at him awkwardly, then shouted at him perfunctorily before falling silent.

Zhang Yang had already said that he was in charge of managing the company, so everyone had to leave without a trace, or else get lost.

Everyone was aware of the conflict between Zhang Yang and Zhao Qian, so they naturally didn't dare to be too polite with Zhao Qian.

Inside the Conference Room, Faang Ni, Zhang Yang, Wang Hanxu, and Jiang Tian were all present. Strangely, Faang Ni did not sit at the conference table, but sat behind Zhang Yang like an assistant.

Seeing that Zhao Qian had arrived, Faang Ni quickly stood up and greeted him, "Zhao Qian, how have you been?"

"How can it not be good? Relying on despicable means, the Feiyu Group must close down." Wang Hanxu said in disdain.

Jiang Tian also sneered and said, "You don't know your limits. Sooner or later, there will be a day where you will pay the price for your actions."

Zhang Yang laughed and continued, "Zhao Qian, sometimes I really admire you a little. No matter who it is, you dare to go against them. I really want to know what you are thinking. Isn't it better to live well? Let's not talk about the Yang Family father and son, will those shareholders let you off? "

With an indifferent expression, Zhao Qian sat down with a smile and replied, "I have always wanted revenge. As long as I can get my revenge, I don't care about the consequences. I don't understand how Mr Zhang and Director Faang are sitting here. If I recall correctly, Mr Zhang doesn't have any stocks, so he doesn't have the right to sit here, right? "

"Haha ..." Little Ni was pregnant and temporarily left behind the scenes. I am now his spokesman, exercising all the power in her place. " Zhang Yang replied proudly.

Zhao Qian nodded and didn't say anything else.

Zhang Yang wielding power in place of Faang Ni, he was the majority shareholder and should be presiding over this shareholders' meeting.

"Alright, let's cut the crap and get down to business. The purpose of this shareholders' meeting today is to inform you of a matter. Ni and I have decided to continue to expand the company's registered capital. As it concerns the proportion of your shares, I should inform you. You all can express your opinions. "

As soon as Zhang Yang finished speaking, Wang Hanxu immediately expressed his support, saying, "In principle, I can support it. But I have one condition. After I expand my capital, I will be allowed to continue to inject capital into the company to acquire a stake in the company. "

Jiang Tian quickly said, "I also mean that. As long as you agree, I can unconditionally support your decision."

Zhang Yang immediately promised the two of them: "What you are talking about is a small matter. As long as you can support me, I will take care of you. Zhao Qian, what's your opinion? "

Zhao Qian laughed coldly and said, "You guys have all agreed on it, my opinion is not important anymore. It won't affect the outcome."

"Haha ..." You know your own limitations. However, you are a shareholder in the company after all, so you should respect your opinion. So we vote. Those who agree to my expansion of the company's capital, please raise your hands! "

After Zhang Yang said this, he raised his hand, followed by Wang Hanxu and Jiang Tian. Zhao Qian smiled contemptuously but did not show any expression.

According to the proportion of the shares, Zhao Qian's opinion could not affect the result after his share was diluted to 25%. He might as well not talk and waste his saliva.

Zhang Yang smiled proudly. This was the first time he felt that he was stronger than Wu Tie.

"Zhao Qian, you did very well. If you had behaved so well in the past, you wouldn't have been kicked out of the company. Now we are going to talk about the allocation of shares, so you can leave. " Zhang Yang said in an commanding tone.

Zhao Qian shook his head and said: "As a shareholder, I have the right to know about any share movements. Isn't it? "

Jiang Tian sneered and said with disdain, "If he wants to stay, then so be it. We don't need to ask for his opinion anyways. Just pretend that he doesn't

exist."

"Yes, I agree with Director Chiang. He doesn't mind being superfluous, we can be more tolerant." Wang Hanxu followed.

Zhao Qian didn't stay to listen to how they distributed the shares; he had his own plans.

Zhang Yang nodded and said: "Since that's the case, let's begin. Little Ni and I are going to raise the company's registered capital to 100 million yuan. After all, we are working with Director Chiang, we will definitely not worry about orders in the future. The Leyou of Director Chiang will be of great help to our company, so we naturally have the right to increase the capital to acquire the shares. If Xuanzi wants to increase his capital, of course I welcome him. As for Zhao Qian, I don't have any extra shares to buy for him. What are your opinions?"

Zhao Qian immediately raised his hand and said, "I have an opinion to express."

Zhang Yang said with a look of disdain: "It's better if you keep your opinions to yourself. You know in your heart that I cannot give you the opportunity to raise more funds."

Jiang Tian and Wang Hanxu laughed in schadenfreude.

Faang Ni felt very embarrassed and said, "Zhang Yang, Director Chiang, Mr Wang, I think it's better if we give Zhao Qian some." He is a shareholder in the company, and we have to respect him."

Just as Zhang Yang was about to open his mouth, Zhao Qian stepped forward and said, "No no no no, Director Faang should respect Mr Zhang's decision. I don't want a stake, but I have a condition that you increase the proportion of shares in Director Chiang to at least 30%. After all, the company will still be

relying on Leyou to survive in the future.

When these words came out, the Conference Room suddenly became quiet.

"What does this kid mean?" Why would you take the initiative to speak up for me? " Jiang Tian wondered.

Zhang Yang was also puzzled and thought to himself: "Strange, shouldn't he try his best to stop Jiang Tian from growing up? Why speak for him? Could it be that there's some sort of trick to this? "

Wang Hanxu felt like he had been cheated, was this not a scam? Otherwise, why would Zhao Qian speak up for Jiang Tian?

Zhang Yang couldn't hold it in anymore and asked, "Zhao Qian, are you scheming something? "Let me tell you, the company is no longer the same as before. If you dare to cause trouble here, I will definitely not let you off lightly!"

Zhao Qian replied innocently, "Mr Zhang, what do you mean by this? In order to make the company a better development, I want to make Director Chiang more equity, is there anything wrong with that? I still have a stake in the company. Even if the company makes money, I can still split it! So, is it unreasonable for me to support Director Chiang? "

Jiang Tian laughed heartily and said proudly, "It seems that you've thought through everything very thoroughly. It's a good thing that you've figured out your position. Some things don't belong to you, and you can't force them. It would be better for everyone to accept reality peacefully. "

"Right, right. Director Chiang is right." "I hope that Director Chiang can bring the company and earn a lot of money. I will support you silently from behind." Zhao Qian said very "firmly".

Jiang Tian laughed again. Zhang Yang and Wang Hanxu also laughed. In their opinion, Zhao Qian had lost.

Zhang Yang officially announced: "Then I'll accept Zhao Qian's suggestion to at least raise Director Chiang's share of the shares to over 30%. As for Xuanzi, I can promise you that at least I won't let your shares fall below 20%. Alright, let's disperse! "

Zhang Yang immediately whispered to Jiang Tian and Wang Hanxu, not allowing Zhao Qian to hear.

Zhao Qian did not need to listen anymore. He only needed to wait for Zhang Yang to finish changing the ownership and he could control the Leyou.

Zhao Qian smiled in satisfaction and said to himself: "A bunch of idiots, let's talk slowly. "I'm just waiting to reap the rewards, haha ..."

## C202 A Small Dish

Zhao Qian walked out of the Conference Room and was about to leave when Faang Ni chased after him.

"Zhao Qian, come sit in my office for a while." Faang Ni invited.

Zhao Qian felt that there was nothing to talk about with her, so he rejected her, saying, "Director Faang, if you have anything to say, please say it here. Otherwise, I will be leaving. "I'll follow you to the office now. When Mr Zhang sees it, it's time to misunderstand."

Faang Ni smiled awkwardly, "I know there are some things that are useless to explain, but I hope that you will let it go." I can't guarantee you anything else, but you definitely won't lose a single cent. "

Soon, Zhao Qian would be able to control Faang Ni's production, so of course, Zhao Qian wasn't worried about the dividends.

Faang Ni still foolishly believed in Zhang Yang's ability and thought that he could really learn to use it and lead the company to greater heights. Little did he know that he was losing the company step by step.

Zhao Qian replied with a smile, "I have never doubted Director Faang's character, so you don't need to promise me anything. Alright, if there's nothing else, I'll be leaving first.

Faang Ni nodded with a smile as she prepared to see Zhao Qian out. At this moment, Zhang Yang and the others came out.

"Zhao Qian, wait a moment, we have something to tell you!" Zhang Yang shouted.

Zhao Qian could only stop in his tracks and wait for them to come over.

Zhang Yang smiled maliciously and said, "The three of us discussed for a while and unanimously decided that as one of the shareholders in the company, you should contribute your own strength to the company's development. If you have any questions, we can hold a shareholders' meeting and vote again. "

Zhao Qian knew that these three grandsons must have come up with some evil idea. They were planning to do something to him. However, he was not afraid of it. He would deal with it when it came to the enemy, but when it came to water, he would deal with it when it came to the enemy.

"Mr Zhang is right, I wonder what the three of you have come up with?" Zhao Qian asked with a smile.

"We have decided to appoint you as the head of the company's marketing department, which is responsible for taking orders for the company. The most important thing right now is to catch up with Huanyou and bring the order back. After all, this order belongs to us. It was only after some misunderstanding that Liao Xiaoyun decided to ask for it back. If we let you chase after us now, you'll only be taking back what was originally ours. I suppose you're all right? " Zhang Yang said with a faint smile.

To Zhao Qian, this was a piece of cake, it wasn't difficult at all.

"Alright!" I will certainly do as the three shareholders have agreed. "Then I'll go and ask for the order now. If there's any news, I'll let you know immediately!"

After Zhao Qian said that, he turned around and left. Zhang Yang and the others revealed a proud smile.

Zhang Yang said proudly, "Director Chiang is very knowledgeable, thinking to

use the shareholders' meeting to suppress him! As long as the three of us join forces, he'll have no choice but to obey orders, unless he doesn't want the shares in his hands anymore! "Haha ..."

Wang Hanxu also followed suit and flattered Jiang Tian, saying, "Director Chiang is indeed more experienced than us. I hope Director Chiang will give us some pointers and teach us more about the shopping mall."

Jiang Tian had a proud smile on his face as he replied, "The two of you are too polite. Actually, this is nothing. You two are definitely better than me after dozens of years of fighting and crawling. Alright, I still have things to do, so I'll head back first. The three of us are allies who are on the same side, so don't be polite and don't have any concerns. "

Zhang Yang and Wang Hanxu immediately smiled and nodded in agreement.

Wang Hanxu followed Jiang Tian and entered the elevator. He immediately said to Jiang Tian: "Director Chiang just received the investment from Fuhai. In the future, he will definitely be able to spread his ambitions and dominate the domestic gaming industry. If there's a chance, Director Chiang has to take care of little brother for a bit. "

Jiang Tian understood Wang Hanxu's meaning. He replied with a smile, "Brother, you're too kind. If you really want to work with me, I can get you to invest in me."

Wang Hanxu was extremely happy, he just wanted to invest in Leyou. With the help of the Fuhai, his Leyou would definitely develop very well. If he could invest now, the future returns would be very generous, and his performance would be great.

"Aiya, this is so refreshing for Director Chiang. "Then what price does Director Chiang intend to pay and how much shares would you give me?" Wang Hanxu asked excitedly.

Jiang Tian wasn't stupid or a philanthropist, so he wouldn't give Wang Hanxu a chance to earn money for nothing. At the end of the day, he was a mercenary businessman. Earning money was the way to go.

"I don't need to tell you what the future of the company will be like. As for the share transfer price, that will depend on how much you want. " Jiang Tian said.

"Of course, the more the better. I wonder how much Director Chiang can give me?" Wang Hanxu asked.

"I only have 55% of the shares right now. If you can sign an agreement with me and support me forever, I can only give you 20% of the shares at most. I'll give you a discount on the price too, just 200 million is enough. " Jiang Tian replied.

Wang Hanxu was shocked when he heard 200 million. What's the difference between this and stealing money? However, he did not dare to say it directly, and said in a euphemistic tone, "Director Chiang is indeed straightforward, but I cannot make the decision for 200 million. I have to be evaluated by the head office. If that was the case, then it would be too troublesome. He probably wouldn't be able to deal with all of them within a year or so. This way, I only need 10% of the shares and I'll bid 50 million. Can Director Chiang give it to you? "

Jiang Tian got angry the moment he heard that. Wang Hanxu didn't have any sincerity at all.

"I think we should forget about it. Bro, you should save the money to invest in other companies. There are many good companies, and I'm not the only one. "

Wang Hanxu panicked and quickly said, "Don't be angry Director Chiang, I

really have no choice. More than 100 million funds had to be inspected by someone from the headquarters. "How about this, I'll send an email to the headquarters' leader detailing the situation and see what his opinion is."

Jiang Tian nodded indifferently and replied, "No problem." I'm in no hurry. You can take your time. "Alright, I have to go now. You can look for me when there's a result for you."

"Ah, alright!" Director Chiang, drive slowly and be careful on the road. "Wang Hanxu said with a flattering look.

Jiang Tian ignored him and drove away.

Wang Hanxu felt that this was a good opportunity to prove his worth. He couldn't afford to miss it. He hurried home and sent an email to Wall Street headquarters, reporting on the situation here and asking for the Leader's opinion.

On the other side, Zhao Qian called Liao Xiaoyun not long after he left the company.

"Hello, Liao Xiaoyun, how have you been these days?" Zhao Qian asked with a smile.

Liao Xiaoyun replied happily, "How can I be good? Class is so boring. What are you doing these days? Why didn't you come and play with me? "

"I have no choice. I have to work to earn money to support myself. I'm not as lucky as you. I don't dare or worry about anything. Where are you? I'll go find you now. "

Liao Xiaoyun immediately asked, "Then tell me why you're looking for me."

Since she asked, she must be very concerned about Zhao Qian's purpose in

finding her. As a girl, he had to be coaxed. Zhao Qian understood this point.

"Do you even need to ask? Of course I want to see you!" What other purpose could he have? You don't think I'm going to kidnap you, do you? "

Liao Xiaoyun was so happy that she immediately replied, "Alright then, come look for me. I'm almost done with class. There's no class in the afternoon, so I can go out and play. "

Zhao Qian nodded and continued, "I'll go over now. Let's meet at the school gate later. "

"No problem, we'll meet later!"

Liao Xiaoyun happily hung up the phone and waited for Zhao Qian to come find her.

Zhao Qian quickly turned around and went to Donghai University. An hour later, he saw Liao Xiaoyun at the east gate.

However, other than her, Zhao Qian also saw another familiar person, it was Chiang Tao. This grandson didn't know what he was talking about with Liao Xiaoyun, but it seemed that she was very unhappy.

Zhao Qian stopped the car, got out, and walked over. Walking closer, he finally heard what Chiang Tao and Liao Xiaoyun were saying.

"Xiaoyun, I am sincere to you, why don't you believe me? Just give me a chance, I will definitely prove to you that I am your most correct choice! "

"Are you bored?" How many times have I said this? I'm not interested in you. If you keep doing this, I'll send my dad to find your dad. Are you only happy if you have to make both parents fall out with each other? "

As Chiang Tao continued to pester Liao Xiaoyun, Zhao Qian could not tolerate him. He walked over and hugged Liao Xiaoyun tightly.

Liao Xiaoyun was scared silly by the sudden hug. She turned around and saw it was Zhao Qian, so she immediately relaxed.

Chiang Tao's eyes were filled with rage as he roared, "Let her go!"

## C203 I Can't Let You Live Either

With a curse, Chiang Tao rushed at Zhao Qian, raised his fist, and was about to strike. Zhao Qian smiled scornfully and kicked him away.

Wasn't it easy to deal with an ordinary person if he couldn't beat a practitioner like Lin Ying? Otherwise, all the hardships they had endured during the winter and summer months of their childhood would have all been for nothing.

After being kicked down in front of so many people, Chiang Tao felt embarrassed and cursed: "Fuck, just you wait, you won't be smug for long. I want to see how you die! "

Zhao Qian frowned. Judging from Chiang Tao's words, he probably knew that someone was going to deal with him.

"Sir Jiang, do you think saying a few harsh words can scare me?" Zhao Qian intentionally lured him.

Chiang Tao sneered and replied, "Whether I'm being harsh or not, you'll know in a few days."

The reason he said that was because the hitman his father found from other places was almost here. Those were the people who would not cancel the quest if the target did not die after taking the money. Zhao Qian was dead for sure.

Zhao Qian's face turned ugly. He asked in a serious tone, "From what you're saying, you're looking for someone to deal with me?"

Chiang Tao laughed and asked: "How is it? Are you afraid? "

Zhao Qian coldly snorted and replied, "I'm not afraid. I just want to tell you that I won't do anything to you. If you play dirty with me, I won't be polite. If you want to kill me, I naturally cannot let you live either. "

"Haha ..." Who was he trying to scare? I have investigated clearly, the reason why Yang Hu helped you is because you spent a lot of money on him. If it's just a small matter, he might help you. But when you meet a truly powerful opponent, do you think that he will risk his life to protect you? "In your dreams!" Chiang Tao said with a complacent expression.

It was obvious that Chiang Tao couldn't wait to kill Zhao Qian. With so many people present, he dared to reveal this secret.

However, he was not afraid, the opponent was a professional killer, even if he was caught, he would never sell out his employer.

Liao Xiaoyun was furious. It was all because of her that Chiang Tao became enemies with Zhao Qian. Now that Chiang Tao was so crazy as to find someone to kill Zhao Qian, she had to deal with him.

"Chiang Tao, have you gone mad? "No matter how much trouble we have, it is still within the limits of the law. You actually dare to commit such a crime!"

Chiang Tao smiled bitterly and replied, "Can you blame me? It's all because of you! If you had agreed to be good to me earlier, would all this have happened? If he doesn't get involved, how can I become enemies with him? In the end, it's all your fault. I'm just passively protecting myself. "

Liao Xiaoyun wanted to argue with Chiang Tao, but she was pulled away by Zhao Qian. She quickly pulled on Zhao Qian and asked, "Why are you pulling on me? I have to tell him not to go crazy, or you'll be in danger! "

However, Zhao Qian replied with a look of indifference: "Don't worry, I can handle it. "Let's go and eat."

Liao Xiaoyun pulled Zhao Qian back and asked seriously, "Tell me with all your heart if you can really handle it this time. There is not the least bit of risk and safety must be ensured. "

Zhao Qian pinched Liao Xiaoyun's chin and gave her a coquettish look. He smiled and asked, "Why do you care so much about me? Did he fall in love with me uncontrollably? "Hmm?"

Liao Xiaoyun immediately pushed Zhao Qian away and explained: "Stop being so shameless! I just feel that all the conflicts between you and him are caused by me. If you are harmed, I have a certain responsibility, so I asked more questions. "Don't think about it randomly, you're not my dish."

Zhao Qian nodded with a smile and replied, "That's good. If you fall in love with me, I'll have to find a way to refuse you. After all, only a perfect woman like Sister Ziling can be worthy of an outstanding man like me. "

Liao Xiaoyun immediately looked like she wanted to vomit, and said with a disdainful look, "Are you the only one who is outstanding? You actually have the nerve to say that you refuse me! If you could catch up with Sister Feng, that would be great. "Humph!"

Liao Xiaoyun shook off Zhao Qian's hand and walked angrily towards Zhao Qian's car.

Zhao Qian smiled, opened the car door and let her go in, bringing her to Donghai Hotel. He had come to see her today for official business, so he naturally had to be polite.

When the two of them were almost done eating, Liao Xiaoyun put down her chopsticks, picked up her spoon and drank the soup, asking, "Tell me, what do you want to talk to me about?"

Zhao Qian put down his chopsticks and wiped his mouth with a smile. He replied, "Must I look for you for something? Can't I just play with you? "

Liao Xiaoyun pouted and replied in disbelief, "I believe you, old man. You're so bad, if you were fine, you wouldn't have taken the initiative to look for me. Is it about the order? "

Zhao Qian purposely teased Liao Xiaoyun and said, "Aiya, the Old Ancestor has foresight and invented the term 'clever with ice and snow'. The word is meant for you, and you are the perfect explanation for it. A good-looking and intelligent girl like you can match up to a man as good as me. "

Liao Xiaoyun immediately covered her mouth and laughed. Zhao Qian also laughed and asked, "Why are you laughing like that? Do you also think that what I just said makes a lot of sense? "

"Tsk, you're really thick-skinned. When praising others, he did not forget to praise them along with himself. He was too embarrassed. "Humph!"

Liao Xiaoyun then pouted her lips and purposely turned her head away, pretending to be angry. However, the smile on her face had already betrayed her deepest feelings.

Zhao Qian saw that he had calmed down enough, so he got down to business.

"Actually, the reason I sought you out this time was for the order. Since we have a relationship, it shouldn't be a problem, right?"

Liao Xiaoyun picked up her napkin and smashed it on Zhao Qian, pouting, "What nonsense are you talking about!? Who's had a relationship with you? We're just ordinary friends! That's not right! They can't even be considered normal friends, and I don't even take you as my friend, but just a stranger who is slightly familiar with you. "

Zhao Qian smiled and replied, "Alright, a familiar stranger. Is there any problem with the order?"

Liao Xiaoyun immediately became serious and asked, "I don't understand what you're thinking. What's so good about that lousy company? They already kicked you out, why did you still pull out orders for them?" Don't tell me you have an affair with the Lady Boss? Otherwise I can't think of any other explanation. "

Zhao Qian rolled his eyes and replied, "I have shares in the company. Originally, I didn't want to care, but the other shareholders joined forces to embarrass me and forced me to return the order. If I don't go back, they will definitely make things difficult for me. So, it's all up to you. "

Liao Xiaoyun immediately smiled happily and replied, "It's not impossible if you want an order. The key is whether or not you can be a person. "

Zhao Qian quickly covered his chest and acted like he was terrified, asking, "What do you mean? Don't tell me you want to follow the rules? I am a man of virtue, and will not be threatened by you. "

Liao Xiaoyun was so angry that she stood up and rushed over to give Zhao Qian a beating.

"Why are you so shameless, who wants you to follow the unwritten rules, you wish!" Friday is my birthday, do you understand? "

Zhao Qian immediately nodded and replied, "Understood! Rest assured, I will definitely give you a gift that no one else will be able to. "

Liao Xiaoyun immediately asked, "Then why don't you leak it out for me? What gift are you going to give me?"

"Since it's a gift, of course we have to treat it as if he knew so that there would

be a surprise. "I'll tell you right now, even if I give you a gold mountain, you won't feel surprised anymore." Zhao Qian replied.

Liao Xiaoyun nodded and immediately took out her cell phone to call Faang Ni.

"Hey, our order is still in effect. You can prepare it now. "I will go to your company to sign the contract tomorrow. Remember that Zhao Qian is going to be there, otherwise, I won't sign."

Faang Ni was overjoyed, and quickly replied: "Understood! Don't worry, Miss Liao. Zhao Qian will definitely be there. "I hope that Miss Liao can believe in our abilities. If you cooperate with us, you definitely won't be disappointed."

Liao Xiaoyun nodded and hung up the phone. Then, she said to Zhao Qian, "Okay, are you satisfied now?"

Zhao Qian nodded with a smile and replied, "I'm too satisfied. To express my gratitude, go to the National Gold Center and buy anything you want, I'll pay the bill! "

"Good job!" Heehee ... "Let's go immediately!"

Liao Xiaoyun lightly patted Zhao Qian's arm and quickly took the bag and left.

Zhao Qian smiled as he followed her and brought her to the National Gold Center.

Since Chen Jiacong took over the National Gold Center, Zhao Qian has not come. He would make use of this opportunity to see how he was doing.

## C204 Don't Make Friends with a Poor Man

Zhao Qian brought Liao Xiaoyun to the National Gold Center and allowed her to buy whatever she wanted at the mall. No matter how rich a woman was, once she fought with her blood, she wouldn't care for her life.

Liao Xiaoyun bought it from the first floor to the top floor, then from the top floor to the first floor. Her arms and Zhao Qian's were covered in shopping bags, but she still wasn't happy.

"Zhao Qian, can you return these things? I'll buy them again." The feeling of shopping is really great! " Liao Xiaoyun shouted.

Zhao Qian was speechless, he replied with a smile: "If you want to buy then buy it, I can find someone to send the thing home to you, there's no need to return the favor. But I really can't walk anymore. You can go buy it yourself, I'll wait for you in the resting area. "

Liao Xiaoyun was truly unhappy. She immediately nodded and replied, "Okay, you can go rest and take a look at the items. I'll go take a look around."

Zhao Qian nodded. Together with Liao Xiaoyun, they put down their stuff in the resting area and found a seat to rest in. Liao Xiaoyun waved to him, turned around and ran away.

Zhao Qian sent a WeChat message to Chen Jiacong, asking him to bring two people over.

Five minutes later, Chen Jiacong rushed over with his two assistants. However, this was a public place. He did not dare to reveal Zhao Qian's identity, so he intentionally asked, "Sir, you bought so many things. Do you need our help?"

Zhao Qian replied, "If possible, that would be for the best. My friend went shopping again, and we won't be able to carry it. "Right, you are?"

"I'm the manager here, it's my job to provide all the convenience to the customers. It just so happens that I brought two colleagues over here. If mister doesn't mind, let them help you carry your stuff. " Chen Jiacong replied with a smile.

Zhao Qian nodded and took out a stack of money from his wallet. Usually, he didn't bring much cash, so this amount of 2000 yuan was all he had left.

"I'll take these to have some tea. I'll leave them to the two of you."

Zhao Qian then passed the money to Chen Jiacong's assistant, but neither of them dared to stretch out their hand.

Chen Jiacong smiled and said, "Sir, there's no need to be so polite. This is our duty."

Zhao Qian shook his head and said: "This is your responsibility, but I also have the right to tip the people who help me. Take it. I never ask for help for nothing. "

Chen Jiacong understood why they're looking for money, so he said to the two assistants: "Then take it. This gentleman is very kind. You must be very careful in what you do, so as not to ruin the guests' belongings. "

The two of them quickly nodded their heads and happily accepted the money.

Zhao Qian smiled with satisfaction and said to Chen Jiacong, "Oh right, where's the restroom?"

Chen Jiacong was very smart. He knew that this was Zhao Qian finding an excuse to be alone with him, so he must have something to ask. He

immediately smiled and replied, "I also want to go to the washroom. I'll take you there, mister."

Zhao Qian stood up with a smile and replied, "Then thank you."

Chen Jiacong quickly replied, "You're welcome. It went smoothly. You two keep an eye on the goods. If mister doesn't come back, you two can't leave. Do you understand? "

"Understood!"

"Understood!"

Chen Jiacong nodded and left with Zhao Qian. Instead of going to the bathroom, the two of them went around to his office.

Zhao Qian didn't waste time and directly asked: "How is it? Have you been working well? "

Chen Jiacong quickly took out a folder and showed Zhao Qian the operating report from the past two months.

No words could compare with the numbers. In comparison, when Chen Jiacong took over the National Gold Center, it did make things a little better here.

It had only been two months. If he had been given a little longer, he would definitely have done better.

Zhao Qian smiled and returned the report, saying, "I didn't misjudge you, you are really capable. "If you keep up the good work, I will speak up for you at my father's side."

Chen Jiacong excitedly bowed to Zhao Qian and thanked him, "Thank you,

Young Master. As long as Young Master does not mind, I am willing to serve Young Master and Zhao Family in this lifetime. "

"Haha ..." Good. A capable person like you, I welcome. Do well, and after three years, your results will satisfy me. I will help you buy a house in Donghai City. " Zhao Qian said with a smile.

Chen Jiacong became even more excited. The average price of a Donghai City house was sixty thousand, and a one-hundred-square house was six million. If he relied on himself, he would probably only be able to earn this room for the rest of his life.

But now, Zhao Qian said that he would be able to give him a suite after three years. This was even more intimate than a father.

Chen Jiacong's eyes became moist as he hurriedly said, "Young Master's great kindness is something I cannot repay. I can only repay the debt of gratitude wholeheartedly to Young Master for the rest of my life."

Zhao Qian smiled and patted his shoulder, then left his office.

"Young Master, take care!" "Welcome, often!"

Chen Jiacong bowed deeply as he saw Zhao Qian off.

Zhao Qian went for a stroll in the washroom. As soon as he came out, he bumped into an acquaintance.

"Yo!" Isn't this Miss Wang? Which celebrity did you see today? "

Wang Jing suppressed her laughter and went up to pat him, asking, "Which sister did Young Master Zhao bring out for shopping today? I think I saw you guys buying a lot of stuff. Tsk tsk tsk tsk ... Young Master Zhao is really willing to take the risk to pick up a girl. "

Zhao Qian smiled awkwardly and replied, "You saw it all. Why didn't you say hello to me? Oh, I see. "Is it a private meeting with some handsome celebrity? Are you worried that I might get angry and not dare to show my face?"

"I'm sorry!" Seeing how warm your conversation is, if I appear, wouldn't I become a light bulb? " Wang Jing said unhappily.

Zhao Qian took a step forward and nudged her with his arm, asking softly: "Hey, tell me the truth, did you fall in love with me? I think you're very jealous. "

Wang Jing turned her head around and glared viciously at Zhao Qian. She snorted coldly and went into the ladies' room.

Zhao Qian was stunned, this woman really turned hostile quickly. One second he was joking, the next he was leaving.

Wang Jing angrily stormed into the toilet room, her mind in chaos.

"What's wrong with me? Why does it feel so uncomfortable to see him with other girls? Men are of no use to me. Only trash will treat men as necessities. I am not a piece of trash! "

Wang Jing thought to herself. The more she thought about it, the more confused she became. In the end, she was so angry that she accidentally dirtied her pants.

"Damn Zhao Qian! Wait till I get out, let's see how I'll deal with you!"

Wang Jing muttered to herself as she wiped her pants.

Zhao Qian had been waiting outside the bathroom for almost ten minutes, but Wang Jing still hadn't come out. He took out his cell phone and called her, but

he was rejected.

In the next second, Wang Jing walked out with a gloomy face with her right hand behind her back.

"What are you doing? Did you fall into the toilet and swim before coming up?" Zhao Qian asked jokingly.

Wang Jing didn't say anything as she walked quietly towards Zhao Qian.

Zhao Qian felt that something was wrong and quickly retreated. However, it was already too late. Wang Jing threw her right hand forward, and a piece of paper that was soaked in water flew to his chest.

"What the hell!"

Zhao Qian hurriedly hit the toilet paper on his chest and quickly took a few steps back.

Wang Jing laughed heartily and purposely threatened him, "This is the paper I just used, haha ..."

Zhao Qian quickly took off his clothes and threw it into the trash can.

"Are you disgusting!?" "Why are you so childish!" Zhao Qian complained.

Wang Jing didn't bother to explain anything to him and ran away, covering her mouth and laughing.

"Your tone is quite harsh! Your hands are full of piss, and you're even stuffing it into your mouth!" Zhao Qian shouted from behind him.

Wang Jing felt her stomach churning. She retched and cursed, "Why are you so disgusting! Think of it with your elm head. It's just running water. Idiot

and rascal, I can't be bothered with you! Hurry up and get out of the mall, don't let me see you two again! "

It seemed that Wang Jing really had feelings for Zhao Qian. Otherwise, why would she care so much about him and Liao Xiaoyun?

Zhao Qian picked up the clothes angrily, shook them a few times, then put them on again.

Coincidentally, a girl walked past them. When she saw Zhao Qian pick up his clothes from the floor and put them on, she immediately showed a look of disdain.

This was the door to the washroom. Wasn't this too disgusting?

Zhao Qian didn't know her so he didn't care about her opinion. He turned around and left.

"This is too disgusting, how dare such a poor person come to this kind of place." I'm afraid you don't just want to buy it. " The girl said softly with a disdainful expression.

However, Zhao Qian's ears were too sharp, he still heard her words.

"Beauty, are you free? Let's have a drink together! " Zhao Qian said coldly.

The girl curled her lips in disgust. Then, she quivered and replied, "I've never been friends with poor people. Don't dream about it!"

She went into the bathroom.

Zhao Qian sneered and didn't take her seriously.

## C205 I'm Sorry Young Master

Zhao Qian returned to the resting area. After waiting for a while, Liao Xiaoyun came back with something in her arms. He hurried forward to receive it and to bring it over.

"How is it? Are you satisfied now?" Zhao Qian asked with a smile.

Liao Xiaoyun laughed heartily and replied, "I'm too satisfied! He had never enjoyed himself so much before! But with so many things, how are we going to get them back? "

Zhao Qian pointed to Chen Jiacong's two assistants and said, "I've hired two people to help you deliver the goods to our door. It will relieve all your worries."

Liao Xiaoyun was overjoyed. She rushed up to Zhao Qian and kissed him. After the kiss, she was shocked, as was Zhao Qian.

"Oh no, why would I kiss him? What should he do? "This is so embarrassing ..."

Liao Xiaoyun thought to herself. She felt embarrassed and wanted to find a hole to hide in.

Zhao Qian was also a bit worried and thought: "What does she mean? You aren't going to confess to me, are you? I don't have that kind of intention towards this kind of unruly and headstrong girl. It's fine to be friends, but it's not good to be girlfriend. "

Liao Xiaoyun complained to Zhao Qian in her heart: "Damn Zhao Qian, as a man, shouldn't you show your attitude now? At least say a few words, let us have a way out of this! Do you want a girl like me to speak first? "How

awkward!

The two of them stared at each other awkwardly for a minute. In the end, Zhao Qian couldn't hold on anymore and could only open his mouth to speak.

"If you want to thank me, then just get a room. Let's have a good spar. It's not fun to just give you a bland kiss! "

Liao Xiaoyun immediately punched Zhao Qian in the chest, and replied with a look of disdain: "Stop dreaming! I can't go with you! Humph! I'm not talking to a bastard like you anymore, hurry up and send me home. "

Zhao Qian laughed and waved for Chen Jiacong's two assistants to come over.

"Sir, what can I do for you?"

Zhao Qian replied with a smile, "We'll go back first. You guys send the stuff over. "Liao Xiaoyun, give them the address."

Liao Xiaoyun quickly gave them the address and left with Zhao Qian.

Zhao Qian drove Liao Xiaoyun home and hurried back to the company.

Everyone already knew that Zhao Qian brought the Huanyou order back. The moment he entered the door, everyone applauded and cheered.

"Young Master Zhao, you're as impressive as ever!"

"Of course, when Young Master Zhao makes a move, he has never failed before."

"Is Young Master Zhao going back to the company?" I applaud you and warmly welcome you back. "

"Yes!" I also welcome you back! "

"We welcome you back ..."

Everyone immediately applauded.

Zhang Yang heard the noise outside and immediately ran out.

"What's going on? It's about 10 minutes before the time for work to end, what are you arguing about? "

Everyone quickly quieted down and went about their own business.

When Zhang Yang saw Zhao Qian, he got angry and asked, "Why are you disturbing the office when you're back?"

Zhang Yang was in charge of the company now, but Zhao Qian didn't put him in his eyes.

"Mr Zhang's words are wrong. From the moment I entered the door until now, I haven't said a single word. You can't blame the disorder of order on me." Wu Junyi said righteously.

Zhang Yang laughed coldly and asked: "It's almost time to get off work. What are you doing back here?" have you come here to receive your rewards? "

Zhao Qian followed up Zhang Yang's words and replied, "Mr Zhang is really too smart, I just came back to ask for a reward. I am no longer working for the company. I should be rewarded for contributing to the company. Don't you still have the salary and commission to contribute to the company? There's no reason why I can't get anything. Don't you think so? "

Zhang Yang was stunned. He just wanted to ridicule Zhao Qian. But he didn't think that Zhao Qian would actually go along with his idea. Now, he had no

choice but to give him a reward.

"Hehe ..." What reward do you want? As long as you don't overdo it, the company will definitely meet your requirements. " Zhang Yang said with disdain.

"It's definitely not excessive. Just give me an upgrade of the orders that should be given to me. This order is 5 million, according to the 10% success rate, I deserve 500 thousand. Right? " Zhao Qian replied with a smile.

Zhang Yang's heart ached. 500 thousand was not a small number. Moreover, he was even more reluctant to give it to Zhao Qian.

After thinking for a while, Zhang Yang smiled and invited Zhao Qian to the office for a chat. Zhao Qian knew that he wanted to be shameless, so he replied, "You don't need to go to the office to talk. You can just talk about it here. I still have an appointment later, so I'll be leaving after getting the commission. "

Zhang Yang immediately replied, "Don't be in such a hurry! Even if you want to get a commission, you have to wait until next month's salary payment. "

Zhao Qian purposely provoked Zhang Yang: "Mr Zhang is wrong, I'm not a company employee, why would I wait for the salary to be paid." If someone introduced you to a business, wouldn't you have to pay for it on the spot? Why are you delaying my arrival? Unwilling to give? If you don't want to give it to me, then just say it, I don't want it. "

With so many employees watching, Zhang Yang didn't have the face to say he didn't want to give it. He laughed out loud and replied, "It's really funny. Our company has developed so well and has sufficient funds. How can we let you down by such a small percentage? Wait, I'll write you a note right now. You can go to the finance department and get the commission. "However, it's five hundred thousand yuan. She definitely doesn't have that much on her hands,

so she'll have to ..."

Zhao Qian immediately interrupted Zhang Yang and said, "You don't need Mr Zhang to worry about that. Just transfer the funds directly to the bank." You can write the note, thank you. "

Obviously, he couldn't avoid it anymore. Zhang Yang could only obediently write a note, seal it, and hand it over to Zhao Qian.

"Thank you." Zhao Qian said with a smile.

Zhang Yang snorted and said loudly, "No need to thank me, this is what the company should give. As long as you all work properly, the company will definitely not treat you unfairly! "

Zhao Qian laughed and ignored him. He went straight to the Finance Department to ask for money.

With Zhang Yang's signature and stamp on the note, the Finance Department didn't say anything. However, she did not have 500,000 yuan with her, so she suggested to transfer the funds to the bank tomorrow.

Zhao Qian shook his head and said, "There's no need for tomorrow. We'll use the internet money to transfer the funds now."

With that, he took out his bank card and had the finance department transfer the funds in front of him. It didn't matter when the money would be transferred. The most important thing was to transfer the money now.

After leaving the company, just as Zhao Qian was about to go home, his phone rang. It was an unfamiliar number from Yanjing.

Thinking that someone at home might have changed the number, he answered.

"Hello, who is this?" Zhao Qian asked.

"Hello, Young Master. I am Wu Xiaohua, the daughter of Wu Tianzhi. My dad sent me to help you take over Leyou and other companies' shares. Are you free tonight? Let's meet once. "

"Oh, it's CEO Wu's daughter. Then go to Donghai Hotel. Where can you announce my name, someone will arrange for you to go to a private box. I'll be there in a minute. "Is that okay?"

"Fine, fine, fine. We'll meet later. "Goodbye."

"Yes, we'll meet later."

After hanging up, Zhao Qian frowned. It was as if he had heard this voice somewhere before, but he couldn't recall where.

In the afternoon, he went shopping with Liao Xiaoyun. He was sweating a little and felt a bit uncomfortable all over. Zhao Qian then went home to take a bath and change his clothes before going to see Wu Xiaohua.

The moment the private box's door opened, Zhao Qian was stunned, as was Wu Xiaohua.

"Why is it you?" Zhao Qian asked in surprise.

Wu Xiaohua's face instantly turned red and she quickly bowed to Zhao Qian in apology, "Young Master, I'm sorry! Sorry... It is my fault that I failed to recognize Tarzan. Please, Young Master, for my dad's sake, don't blame me. If my dad found out, he wouldn't let me off so easily. "

This Wu Xiaohua was the girl that Zhao Qian met in front of the washroom at the National Gold Center. She was mocking him because he was poor and

wouldn't be his friend.

It was hard to imagine that she was actually the daughter of Wu Tianzhi.

Zhao Qian wanted to tease her, so he replied with a straight face, "I think you should go back. I'll call my dad later and fire him along with you."

Wu Xiaohua was instantly scared to the point of tears and begged, "Young Master, I'm sorry, I'm sorry ..." It's my fault! I really didn't know it was you. Otherwise, even if I had the guts, I wouldn't dare to say it was you. Please, give me a chance to start over. "Sob, sob ..."

## C206 Why Should I be Sad

Zhao Qian just wanted to tease Wu Xiaohua. He didn't expect to scare her to such an extent. He hurriedly smiled and said, "Enough, stop crying. Let's see how you will perform in the future." If you do well, I'll let you off the hook. If you don't perform well, then you can't blame me for not showing mercy. "

Wu Xiaohua quickly wiped away her tears and assured Zhao Qian, "Young Master, don't worry. I will do my best to not disappoint you."

Zhao Qian nodded and told the waiter to serve the dishes and chatted as they ate.

Wu Xiaohua was no longer as arrogant and proud as she had been in the washroom outside the National Gold Center. He was like a docile little sheep, with his head lowered as he ate in silence.

It was Zhao Qian's first time meeting her, so he didn't know what to talk about. When the two of them were almost done eating, he put down his chopsticks and began to talk about proper business.

"How is he doing with all the things I told your dad to do?"

Wu Xiaohua quickly replied, "It's all done. The Jin Yuan Mining Area and Leyou have been invested and controlled by us, the Fuhai."

"Mm, very good. "Then how did your father arrange for the shares to be transferred to me in a reasonable manner?" Zhao Qian continued to ask.

Wu Xiaohua quickly replied, "My dad said that because of the huge amount of money involved in the two companies' shares, it's impossible for them to be transferred to you. In order to test your ability, the company asked for you to manage the gold mine and Leyou. This way, your identity won't arouse

suspicion and you can take control of both companies. "

Zhao Qian felt that this plan wasn't bad. It wasn't important if the shares were not in his hands, what was important was that he could exercise management authority over Leyou and the gold mining industry.

"I think that's fine too, just follow your dad's arrangements." Zhao Qian replied.

Wu Xiaohua quickly took out the prepared contract and said to Zhao Qian, "This is our company's hiring contract. Please sign it in case you need it."

Zhao Qian nodded and skimmed through the content to make sure there were no problems with the contract before signing it. One should not have the intention to harm others, and one should not lack the intention to guard against others. It was not wrong to be careful.

Wu Xiaohua smiled as she put away the contract and asked, "Is Young Master going home to rest now?"

From her words, it was obvious that she had something to say. Zhao Qian replied, "If there's nothing else, then go back to sleep."

Wu Xiaohua bit her lips. After a moment of hesitation, she gathered up her courage and asked, "Then, can I ask Young Master to go to the movies?"

Zhao Qian replied with a laugh, "If you want to watch a movie, I'll accompany you."

Wu Xiaohua was overjoyed and quickly thanked him, "Thank you, Young Master. Let's go now."

Zhao Qian nodded, stood up and walked out, bringing Wu Xiaohua to the cinema.

Zhao Qian agreed to come to the movie because Wu Xin's new movie is in the process of being released, and her reputation and box office are not very good. Therefore, he wanted to personally experience what exactly was the difference.

This was Wu Xin's first exposure to the big screen, and it had a huge impact on her future career. Zhao Qian naturally wanted to find a remedy, so that she wouldn't lose faith in him.

Very quickly, the movie began playing. Five minutes later, the audience booed. The people sitting around Zhao Qian started to discuss softly.

"This female lead's acting skills are too awkward. It makes me feel embarrassed."

"Being able to become a celebrity like this, I feel that I can also give it a try."

In the previous scene, Wu Xin's character needed to show a horrified expression. Yet, she was using her eyes wide open and shouting at him. This was far too much.

After a few minutes, the audience started to complain about Wu Xin's acting.

"She's actually so calm when she sees the person who killed her father."

"Calm down. There must be hatred in your eyes! I couldn't see any hate in her eyes, just indifference. Is this the expression a dead man should have? "

Now Zhao Qian understood that the main reason for this movie's failure was because Wu Xin's acting skills were not good enough. It led the audience to ignore the plot, not look at what the movie was about to express, and instead, focus on making fun of her acting skills.

After watching for about half an hour, Wu Xiaohua couldn't help but whisper to Zhao Qian, "Let's go, this movie is too awkward. If it wasn't for the fact that it was produced online, I would have left in five minutes."

Zhao Qian wanted to find out how many problems Wu Xin had with her, so he naturally didn't want to leave.

"Since I've already spent all my money, I might as well bear with it a little longer before leaving. I'd like to see how bad this heroine's acting can get."

Wu Xiaohua didn't dare to disobey Young Master's words. She could only endure the discomfort in her heart and continue watching. However, she couldn't concentrate at all, so she leaned back in her chair and closed her eyes to sleep.

Zhao Qian didn't care about him, he still concentrated on watching the movie. An hour and a half later, the movie ended and Zhao Qian woke Wu Xiaohua up.

"Get up, it's time to go!"

Wu Xiaohua woke up from her sleep and quickly apologized to Zhao Qian, "Sorry, sorry, I really couldn't stand the boredom of this movie, so I couldn't help but take a nap."

Zhao Qian chuckled and replied, "It's fine, let's go."

Wu Xiaohua quickly followed Zhao Qian out to the parking lot, but they didn't say anything.

Zhao Qian was thinking about how he could talk to Wu Xin about acting. It would serve as a reminder to her, but it wouldn't hurt her confidence.

Wu Xiaohua was scared. It was her first time watching a movie with Young Master, but she actually fell asleep. If her father found out about this, he

would definitely scold her to death.

Zhao Qian opened the car door and told Wu Xiaohua to get in quickly.

"Young Master, I really know I was wrong. Don't blame me, okay? Give me one more chance, and I'll definitely perform well. " Wu Xiaohua continued to apologize.

Zhao Qian smiled and replied, "Don't be nervous! I don't blame you. Get in the car and I'll take you back. Where do you live now? "

Wu Xiaohua calmed herself down and replied, "Sheraton Hotel."

Zhao Qian acknowledged and immediately sent her to the Sheraton Hotel. When she entered the hotel, he called Wu Xin.

Wu Xin was still feeling sad when she saw Zhao Qian's call. She immediately picked up the call.

"Hey, you're still up so late." Wu Xin said weakly.

"Haha ..." I just went to see your movie. It felt really good. You did a lot better than I thought. " Zhao Qian encouraged him.

Wu Xin was instantly overjoyed and asked, "Really? But I see a lot of people on the internet are scolding me for my poor acting skills. "Did you say that on purpose to comfort me?"

"How is this possible? How could I lie to you? This is my inner thoughts." You are a new person, you can't be compared to those old people who have already taken the picture. Your acting is considered one of the better ones among the newbies. However, you can't be arrogant. You have to continue polishing your acting skills and try to catch up to those movie emperors. "

Wu Xin's mood instantly brightened after hearing what Zhao Qian said.

"Although I know that you are comforting me, I am still very happy. Rest assured, I will definitely work hard and strive for a better performance in the next movie. Where are you now? "Did you go home?"

"I just sent a friend from Yanjing to the hotel, and am heading home now."

Wu Xin immediately felt a tinge of sadness and blurted out, "Friend? Is it a man or a woman? "

Zhao Qian didn't think too much and replied directly, "A girl, the daughter of a customer."

Wu Xin was just a little bit happier, but when she heard this, she immediately became unhappy.

"Oh ..." "I'm a bit tired, let's not talk anymore. Let's chat again when we have time." Wu Xin said in disappointment.

Zhao Qian was about to drive, so he couldn't continue to talk on the phone. He replied: "Alright, let's chat when we're free. Do your best, I believe that you will perform even better in the next scene. "

"Mm, thank you."

Wu Xin immediately hung up the phone and lay on the bed, unable to get over.

"How could I be like this? Why are you so sad? " Wu Xin muttered to herself.

## C207 This Is Your Only Chance

Zhao Qian quickly drove home to sleep. The next morning, when he was still awake, Zhang Yang called him.

"Hey, Mr Zhang, what's the matter?" Zhao Qian asked in annoyance.

Zhang Yang replied angrily: "You actually have the mood to sleep!"

Zhao Qian was a bit confused and sobered up. He quickly asked, "That's interesting. Why can't I sleep?"

"Humph!" The call from Huanyou just now, the order was cancelled! You still have the nerve to sleep? Tell me, are you joining forces with that Liao woman to play with us? " Zhang Yang asked angrily.

Zhao Qian didn't answer his question and just hung up the phone. He quickly called Liao Xiaoyun. Unfortunately, she didn't answer the phone and instead hung up.

It was clear that Liao Xiaoyun felt embarrassed or it would be inconvenient for her to answer the call because of something happening at the Huanyou.

With Liao Xiaoyun's personality, she would never do such a capricious thing. It was definitely something that she wouldn't be able to handle easily.

Zhao Qian sent her a WeChat message asking her what had happened.

Liao Xiaoyun didn't reply. Zhao Qian sent a few more voice messages. Only then did she reply.

"Give me some time, and I'll come find you!"

Liao Xiaoyun replied with a simple sentence. There was nothing else.

There was no need to ask. Something must have happened over there. She was trying her best to salvage the situation. Zhao Qian didn't continue to disturb her and waited for her news.

With this happening, Faang Ni's production would definitely be a mess. Everyone was definitely cursing Zhao Qian again. This was what they were good at.

Zhao Qian quickly brushed his teeth and washed his face before rushing to the company.

Sure enough, as he had expected, everyone in the company was talking about him. Seeing that he had arrived, everyone quickly rushed over and surrounded him.

"Zhao Qian, what's going on?" Why did Huanyou cancel the order? "

"Exactly! It was all over and over again. It was truly outrageous! How did you talk to them, and why did you do it? "

"Hurry up and contact the Huanyou side and ask them what's going on. "Who would cancel an order for no reason?"

"We are already working on the project. If we cancel the order at this time, wouldn't our preparations be in vain?"

"... "

Zhao Qian was annoyed to death by the question. He quickly shouted, "I can understand everyone's feelings. Please go back to your jobs and I will settle this as soon as possible!"

With that, Zhao Qian went to Faang Ni's office. Coincidentally, Zhang Yang and Wang Qiang were both here, so he could explain the situation clearly.

Seeing that Zhao Qian had arrived, Zhang Yang immediately pointed at him and cursed: "You bastard, you still dare to come here? Aren't you afraid of getting beaten to death by the employees outside!"

Wang Qiang sneered and taunted, "Why is Mr Zhang so angry? He is already used to it, it is useless for you to be angry. It's not your first day knowing him, posturing is his basic skill. "

Zhao Qian didn't want to talk to the two little characters, so he directly asked Faang Ni: "If the other party wants to cancel the order, they will at least have a reasonable excuse, right? "Or you can sue them!"

Faang Ni sighed and replied, "I called Huanyou. They said the boss's sister forbade you to give us an order."

"Boss' sister?"

Zhao Qian said to himself. He already knew most of it.

The elder sister of Huanyou Owner Liao Bixiong was Liao Bi'er. Liao Bi'er's husband was Chen Guanghua, and Chen Guanghua was disgraced by Zhao Qian, who was still in court and unable to protect himself.

It was certain that as long as Liao Bixiong still recognized this sister, he wouldn't allow Liao Xiaoyun to work with Zhao Qian. In other words, the responsibility was indeed Zhao Qian's.

Zhao Qian was silent for a while and then said to Faang Ni, "I got it, let me handle this matter." You can all wait in peace. "

Zhang Yang sneered and asked, "Are you still pretending? What are you going

to do with it? "I don't understand, how did you offend Liao Bixiong's sister?"

Faang Ni immediately nudged Zhang Yang, blaming him, "Zhang Yang, don't talk nonsense. How could Zhao Qian offend her! "

Zhang Yang insisted on his point of view and replied, "He must have been putting on an act outside and unwittingly offended someone. Why else would they suddenly cancel the order? The rest of the people in the company don't have any contact with Huanyou. There's only one possibility, and that is that Zhao Qian offended Liao Bixiong's sister. "

At this moment, Wang Hanxu called Zhang Yang.

"Hey, Zhang Yang, did you call me just now? "What is it?"

"Nothing, I just wanted to tell you that the order from Huanyou has been cancelled, so that you know about it."

"Hmm? Why? I just wrote the company's operating report to the head office, and now you're telling me that the order has been cancelled, what kind of international joke is this? "

"Sigh ..." If the customer suddenly cancels the order, there's nothing I can do about it. We are currently thinking of a way, and we will notify you when there's news. "

Wang Hanxu was silent for a moment, then asked: "Then why does Huanyou cancel the order, there has to be a reason, right?"

"Liao Bixiong, also known as the boss of Huanyou, had his sister cancel the order. I suspect Zhao Qian offended her, but there is no evidence. "

"You said the owner of Huanyou is called Liao Bixiong? Then is her elder sister called Liao Bi'er? "

"Right, right, how do you know?"

"Hehe ..." That's right. Zhao Qian had sent Liao Bi'er's husband to jail, but he still hadn't released him after more than a month. Do you think she could not cancel the order? "

Zhang Yang was instantly enraged and shouted at Zhao Qian, "You're still saying it's not because of you! Let me ask you, did you send Liao Bi'er's husband to jail? "

Zhao Qian nodded and did not deny it.

Zhang Yang hung up the phone, pointed at Zhao Qian angrily and said to Faang Ni, "Now do you believe my words? "I already said that it's impossible for them to cancel the order for no reason. Zhao Qian must have offended him."

Faang Ni also blamed Zhao Qian and asked, "How did you get into an enmity with them? You two won't have any interaction! "

Zhao Qian didn't want to explain too much, so he replied: "Anyway, I will get the order back, so don't say anything else. "I'm leaving, you guys can do the other orders first."

With that, Zhao Qian immediately left.

Zhang Yang and Wang Qiang cursed from behind, but Zhao Qian ignored them and walked out.

After exiting the building, Zhao Qian immediately sent a WeChat message to Liao Xiaoyun.

"Ask your aunt out. I'll talk to her."

After a while, Liao Xiaoyun replied.

"She doesn't even see me now, she doesn't answer the phone, she doesn't reply to messages. "It's better if you don't cause any trouble. I'll let you know when I've settled things with her."

Zhao Qian didn't want to wait passively like this, so he quickly replied.

"If you give me her cell number, I'll contact her myself. The answer bell still needs to be connected to the person who answered it, perhaps I can find her in person and it will be effective. "

Liao Xiaoyun thought it made sense, so she sent Zhao Qian her aunt's cell phone number.

Zhao Qian immediately called Liao Bi'er and answered the call.

"Hey, who is it?" Liao Bi'er asked.

Zhao Qian immediately replied: "It's me, Zhao Qian. I want to talk to you about how to save your company."

Liao Bi'er was immediately agitated. She scolded loudly, "You bastard! How dare you call me?! You've gone too far!"

Zhao Qian quickly replied: "Don't be agitated, I do have a way to save your company. This is your only chance, don't miss it."

Liao Bi'er hesitated. If this continued, the company would definitely close down. However, all of this was caused by Zhao Qian. How could she convince herself to accept his rescue?

## C208 You Have to be Rebellious When You Are Young

Liao Bi'er refused right away, "Even if my company goes bankrupt, I will never accept your help. Stop talking rubbish with me, I can't possibly let you get the order for Huanyou.

Zhao Qian laughed loudly and replied, "Don't misunderstand, I didn't call you for the order. I just think that environmental protection and sustainable development are the subject of the future, and your company has a very promising future. It would be a pity if it failed. That's why I wanted to help you all connect the strings and cooperate with Fuhai for investment. There might be hope for you all. "

Liao Bi'er was very clear about the power of Fuhai investment. She didn't even know anyone that invested in Fuhai, so why would Zhao Qian give them a call?

Liao Bi'er laughed and mocked, "Do you think I'm too stupid, or do you think you're too smart? You want to have something to do with Fuhai investment? "In your dreams!"

Zhao Qian also laughed and replied: "To tell you the truth, I was just accepted by Fuhai Investment at Donghai City's office. As long as you cooperate, I can guarantee that there won't be any problems. You should understand Fuhai investment better than me. As long as they intervene, even if it's a company that is close to collapse, it can revive the dead. Your company has been your husband's life's work, and you just watched it go out of business? "

Liao Bi'er was a little moved by Zhao Qian's words. If Fuhai could be used to inject funds, the company might get a blessing from this misfortune. It was just that she cared too much about her face and was too embarrassed to admit defeat.

Zhao Qian was very smart and guessed that Liao Bi'er might want to save face, so he felt embarrassed to take the initiative to reconcile with her. Thus, he wanted to give her a way out.

"If Director Liao is interested, then tonight in Donghai Hotel Room 708, I will treat you to a chat in detail. I will also invite Liao Xiaoyun, Director Liao is willing to go, if not, then I will treat Liao Xiaoyun to a meal. "Alright, I won't disturb Director Liao anymore. I'm hanging up."

With that, Zhao Qian hung up the phone and quickly called Huang Ren.

"Hello, Manager Huang, can you help me leave room 708? At 7 o'clock in the evening, I'm going to treat someone to a meal." Zhao Qian instructed.

Huang Ren hurriedly replied, "Understood. "Young Master, don't worry, I will make the arrangements."

Zhao Qian nodded and hung up. He believed that Liao Bi'er would definitely not allow the company to close down like this. If she had the chance to save the company, she definitely would not refuse.

At 6:30 in the evening, Zhao Qian and Liao Xiaoyun met in the private room.

Liao Xiaoyun looked extremely unhappy, so Zhao Qian comforted her, "Why are you looking at me like that?"

Liao Xiaoyun replied gloomily, "What do you think? I was ready to go all out, and it happened. My aunt is very stubborn. It's hard for her to change a thing if she's got it right. According to my father, my grandfather didn't agree to let her marry an uncle. In the end, she secretly ran off to follow him. I feel that this time, our cooperation will not continue. It's better for you to be prepared."

Zhao Qian laughed and comforted her, "People change eventually. Being

impulsive when she's young doesn't mean she's still impulsive now."

"Sigh ..." I don't think she could have come. " Liao Xiaoyun said again.

But before she could finish, there was a knock on the door.

Zhao Qian walked over to open the door with a smile. Liao Xiaoyun quickly followed him.

When the door opened, Liao Xiaoyun's eyes widened in surprise. There was no one else outside. It was her aunt, Liao Bi'er.

"Aunt, hee hee ..." "Come in!"

Liao Xiaoyun hurried forward and pulled her aunt inside, letting her sit on the seat.

Zhao Qian shouted for the waiter to serve the dishes.

Liao Xiaoyun was very solicitous. She continuously served dishes to her aunt and even introduced them to her.

Liao Bi'er smiled and asked, "Why are you so familiar with these dishes? Do you come here often to eat?"

"Hee hee ..." Recently, Zhao Qian has indeed brought me here often to eat. Since he's the one treating, I'll eat to my heart's content. " Liao Xiaoyun replied honestly.

Either Zhao Qian loved Liao Xiaoyun very much or he was a very rich person. Even Liao Bi'er felt that she was reluctant to treat her guests here often.

Zhao Qian was just a worker, so he obviously wasn't too rich. There could only be one explanation. He really liked Liao Xiaoyun.

Liao Bi'er's attitude towards Zhao Qian was much better. She asked, "Since when are you going to be rich enough to get married?"

Zhao Qian smiled and replied, "I haven't considered that for now. I can still struggle for a few more years, so I don't have to worry about losing money."

"You're quite open-minded. However, our family is not short on money. If you're really suitable for Xiaoyun, then my little brother will definitely have a lot of your dowry. "

Liao Xiaoyun blushed when she heard her aunt's words.

"Oh, Auntie, what nonsense are you spouting? We are just ordinary friends, adding another layer of cooperation is not what you think. "

Liao Bi'er knew that her niece was shy and was too embarrassed to admit it, so she did not continue. She then said to Zhao Qian: "Let's talk about business, are you really someone who invests in Fuhai now?"

Zhao Qian took out his work card and showed it to Liao Bi'er.

Liao Bi'er nodded her head, returning the work card to Zhao Qian, and asked while smiling: "You are just a newbie who just entered the job, what ability do you have to make Fuhai invest in gold and silver for our company?"

Zhao Qian replied with a smile, "I told Director Liao over the phone that environmental protection and sustainable development are the main themes of the future. As an investment institution, Fuhai was naturally willing to invest in any company that could make money. Of course, based on the current situation of your company, we will definitely 'rob' them and acquire the most shares at the minimum cost. I can tell you this, but I hope Director Liao is prepared for it. "

Liao Bi'er immediately laughed and replied, "You are an honest child. If it weren't for the grudge between you and my husband, I would definitely accept you. However, there was no point in saying this now. Everything had to be looked forward to. If we can really cooperate with Fuhai, then everything that happened in the past will be written off. "

Zhao Qian nodded with a smile and served some dishes to Liao Bi'er.

After dinner, Liao Bi'er left first. Before she left, she even reminded Liao Xiaoyun to go home early and not stay the night.

Liao Xiaoyun's face instantly turned red again, and she hurriedly explained to her aunt, "Aiya, Auntie, you really misunderstood. I don't even want to explain it to you. Drive slower on the way, and send me a WeChat message when you get home. "

"Don't be shy, and don't admit it. I'm an experienced person, so I know what you're feeling right now. You can't do anything stupid without getting married, remember. "

"Alright, alright, I'll remember. You should hurry back. "

Liao Xiaoyun pushed her aunt into the car and watched her leave before finally letting out a sigh of relief.

Zhao Qian walked to Liao Xiaoyun's side and whispered, "Are you a young man?"

"Nonsense!" Am I an old man? " Liao Xiaoyun retorted snappily.

"Young people have to rebel, elders don't do anything, you just have to do it. She won't let you stay out, so you must stay out, or you'll be sorry you're young. "Come, I'll go get a room. I must have a good talk with you about how a young man can rebel!"

As Zhao Qian said this, he pulled Liao Xiaoyun to find a hotel, causing her to hold her stomach and laugh out loud.

Zhao Qian intentionally joked, "Isn't your happiness a bit exaggerated? I just want to talk to you about life, but I don't want to do anything else. I'm still a pure young man. "

Lili laughed even harder when Wang Qiang came over with a group of people. In addition to him, Wang Xinxin and Wang Chianglin were there.

Zhao Qian frowned. Why would they be in cahoots?

## C209 The True Identity of Wang Qiang

Wang Qiang also saw the good money and walked over proudly.

"Yo!" Isn't this Zhao Qian? "What, you brought a girl out to chat with us again?"

Zhao Qian smiled and asked, "Wang Deputy Manager has gotten into a good position." What, ready to jump into the nest to make real estate? This border crossing of yours is pretty big. "

"Haha ..." I'm going to work at Wang's property, but Faang Ni's production team still won't resign. " Wang Qiang replied proudly.

At this moment, Wang Xinxin said, "Brother, don't beat around the bush with him. Just say it directly."

Zhao Qian was stupefied when he heard this. Bro? When did Wang Qiang become Wang Xinxin's brother?

Wang Chianglin laughed and said, "That's right, Wang Qiang is my first date's child. We broke up because of the conflict. Later, when I got married, I found out about Wang Qiang's existence. I've been helping the two of them in secret all these years, waiting to meet him today. My Wang estate has an heir, but it won't fall so easily! "

Such a melodramatic scene actually happened in reality. No wonder Wang Qiang had a smug look on his face. He might as well recognize his ancestors and live the life of a young master in the future.

However, even if Wang Qiang acknowledged his ancestors and returned home, he still became the successor to the Wang estate. In Zhao Qian's eyes, he was still no different from an ordinary person.

Zhao Qian extended his hand to shake hands with Wang Qiang, but Wang Qiang rolled his eyes at him.

"You were not qualified to be on the same level as me before, and now you are even less qualified. "Zhao Qian, accept your fate. I will eat you for sure in this lifetime." Wang Qiang said arrogantly.

Zhao Qian retracted his hand and replied with a smile, "Sure, I'll wait for you to eat."

Wang Qiang coldly snorted and directly knocked Zhao Qian away and left. Wang Chianglin and Wang Xinxin also glanced at Zhao Qian complacently and quickly followed Wang Qiang.

Liao Xiaoyun rolled her eyes and scolded Wang Qiang and his family in a low voice, "What's so great about that? It's a real estate company that's not even worth mentioning." Humph! If he dares to cause trouble for you, tell me and I'll definitely protect you. "

Zhao Qian pretended to be moved as he hugged Liao Xiaoyun and wailed, "I ..." I'm so touched. I can't repay you for what you've done for me, I can only promise you with my own body. "Let's go find a hotel and a room. I want to repay this debt of gratitude."

Liao Xiaoyun smiled as she rolled her eyes. Then, she started to pound on Zhao Qian's chest.

"You scoundrel, all you want is to take advantage of me. "Humph!" Liao Xiaoyun complained.

Zhao Qian quickly explained: "I'm not trying to take advantage of you, I'm trying to repay you. Since you are unwilling, then forget it. Tell me, what are we going to do now? "

Liao Xiaoyun quickly replied, "Of course, it's still early. Of course, it's to go to the movies." "I heard that there's been a really hot movie recently called the predecessor. Let's go watch it."

Zhao Qian laughed evilly and asked, "Former? What? Do you miss your predecessor?"

Liao Xiaoyun hit Zhao Qian again and replied, "Go! I haven't been in a relationship yet, so where did I get a predecessor?" "Are you going or not?"

"Go!" How could I dare to disobey? Let's go see our predecessors right now. "

Liao Xiaoyun quickly nodded and pulled Zhao Qian towards the movie theater that wasn't too far away.

Zhao Qian is not interested in this type of film, he prefers some literary or commercial films.

However, Liao Xiaoyun was very interested in this kind of film, so much so that she cried.

Zhao Qian patted her back to comfort her as he wiped her tears away with a piece of paper.

When the story came to the female lead who was heartbroken over eating Cheng, Liao Xiaoyun broke down, hugging Zhao Qian and crying.

Not only Liao Xiaoyun, but many other girls in the cinema were also crying.

Zhao Qian comforted her softly, "This is a movie, but it's not the truth. Why are you so sad?"

Liao Xiaoyun sobbed, "But art creation comes from life. It must have

happened in real life. I'm so afraid of being in love right now. If I break up, I'll be as sad as the heroine. "

"Then don't get in a relationship. When you want to get married, go and have a blind date. If you don't have any emotional experience, you won't feel sad. "

"But if I don't have a passionate love affair, wouldn't my life have been a wasted one?"

"Then you don't have to worry about breaking up. You just need to cherish the sight before you."

Liao Xiaoyun was silent for a moment. Suddenly, she held Zhao Qian's head very seriously and asked, "Then can we date each other?"

Zhao Qian was stunned and didn't know how to reply. Reject, this situation is obviously not suitable. But if he accepted it, he didn't feel that way about her now.

Seeing that Zhao Qian hesitated, Liao Xiaoyun immediately asked, "You don't like me?"

Zhao Qian shook his head and replied, "No, it's just that it was too sudden and I couldn't react in time. You are so beautiful and your family is so good, how could anyone not like you? "

Liao Xiaoyun laughed happily and asked again, "Then, do you think you're willing to date me?"

Zhao Qian gritted his teeth and replied directly: "To tell you the truth, I'm not too willing. You haven't even been in love, and I'm afraid you will pay too much and we won't make it in the end. I really like you, so I don't want to become enemies with you one day. I can't even be normal friends. After breaking up, there are too many enemies, so not everyone can have a good

time and part from each other. "

Liao Xiaoyun sat back in her seat and said nothing.

Soon, the movie ended and the two of them walked out of the cinema theater.

Zhao Qian felt a little tired, so he said to Liao Xiaoyun, "It's getting late, let's go home and rest."

Liao Xiaoyun replied, a little disappointed, "Oh, bye."

Zhao Qian waved to her and walked to his car. However, just as he walked a few steps away, Liao Xiaoyun caught up and hugged him from behind.

Liao Xiaoyun confessed emotionally, "I don't care if I will break up with you in the future, as long as you treat me sincerely now. Will you? I think I've fallen in love with you, and I can't live without you. "

Zhao Qian turned around and pulled Liao Xiaoyun into his arms. He said softly, "Then you must be mentally prepared. I have my own dreams and ambitions and won't have the time to accompany you like in the movies."

"It's okay, I won't be too sticky. Men should prioritize their careers, I can understand that. " Liao Xiaoyun replied.

Zhao Qian nodded. He had nothing else to say.

Liao Xiaoyun asked shyly, "So now we're officially in love?"

Zhao Qian nodded and replied, "Yes, we are officially in love. So, can I now exercise my boyfriend's rights? "

Liao Xiaoyun lowered her head shyly, already guessing what Zhao Qian wanted to say and what he wanted to do.

"Yes, but ..." Don't go too far. We just confirmed our relationship, so we can't develop too quickly. "

Zhao Qian nodded with a smile and pulled Liao Xiaoyun to find a hotel.

The two of them found it difficult to control themselves, so they stopped looking for a star hotel and headed straight to Ru Family Inn, which wasn't too far away.

As it was Liao Xiaoyun's first time getting a room, she was naturally extremely nervous. As soon as she entered the room, she went straight into the bathroom.

Zhao Qian didn't want to do anything to her, so he laid on the bed and played with his phone. After an unknown period of time, he finally fell asleep.

After a long while, Liao Xiaoyun quietly walked out of the bathroom. Seeing that Zhao Qian had fallen asleep, she finally felt relieved and let out a heavy sigh.

For the first time, Liao Xiaoyun was nervous and curious to be alone in a room with someone she liked. She lay beside Zhao Qian, listening to his breathing and heartbeat, admiring the way he slept, feeling extremely happy.

After a while, Zhao Qian's phone rang, waking him up. Liao Xiaoyun quickly rolled off the bed. She was so nervous that she didn't know what to do.

Zhao Qian looked at her and smiled. He looked at his phone and saw that it was from Liao Bi'er.

"Your aunt is calling. Don't talk."

Liao Xiaoyun quickly nodded and replied, "Oh, oh, I definitely won't say

anything."

Zhao Qian picked up the phone and asked, "Director Liao, what's the matter?"

"I think we can try out your suggestion. Meet with your company's people for a bit, we'll talk about it in detail when we meet."

"Sure, at 10 o'clock tomorrow morning, I will bring someone to your company for a chat."

"Yes." Has Xiaoyun gone back yet? She's still a child, don't take advantage of her. "

"Got it, I definitely won't take advantage of you."

Liao Bi'er nodded and hung up the phone.

If he didn't take advantage of the fact that all the rooms were open, was he still a man?

Zhao Qian threw his phone to the side and hooked his fingers at Liao Xiaoyun, gesturing for her to come over.

## C210 I'm Sure I Won't Do Anything too Excessive

Since Liao Xiaoyun dared to agree to get a room, she was prepared to sacrifice herself. It was up to Zhao Qian to grasp the opportunity.

Seeing Zhao Qian beckon her, Liao Xiaoyun shyly asked, "What? If you have something to say, just say it, I can hear it. "

Zhao Qian replied with a smile, "You are so far away, so you don't feel anything when you speak. Come closer, come here. "

Liao Xiaoyun lowered her head and did not speak. She no longer had her usual barbaric willfulness.

Zhao Qian walked over, took her hand and pulled her onto the bed.

Liao Xiaoyun's heartbeat quickened. "We agreed not to do anything excessive, so you have to keep your promise."

Zhao Qian nodded and replied, "Don't worry, I won't do anything too excessive."

With that, he leaned forward and kissed her.

Liao Xiaoyun shyly closed her eyes, allowing Zhao Qian to kiss her.

Everything was so natural, Zhao Qian pushed Liao Xiaoyun down.

After a round of rain, Yang Chen carried Liao Xiaoyun and fell asleep.

The next morning, Liao Xiaoyun woke up first. When she saw Zhao Qian lying beside her, she felt both happy and shy as she watched him sleep with a smile.

Ten minutes later, Zhao Qian woke up. As soon as he opened his eyes, he saw Liao Xiaoyun looking at him. He rolled over and pressed her down on his body, giving her a big kiss and asked, "What are you looking at? When did you wake up? "

Liao Xiaoyun pouted and replied, "I woke up a long time ago, but you can still sleep like a pig. "You scum, I don't even know how to say some comforting words to you in your sleep. You just have to focus on your own sleep."

Zhao Qian laughed and replied: "I was worried that you were too tired and wanted you to get a good night's sleep. You seem to be in good spirits, while the two of us are discussing the mysteries of human nature. "

Liao Xiaoyun hurriedly covered her face with a pillow as she complained, "You are shameless! I don't want to discuss this with you! I want to go home!"

Zhao Qian held Liao Xiaoyun's pair of breasts with both of his hands and said with a smile, "I will first explore the mysteries of human nature before going home. "Come on, baby."

"Ah!" Haha ... No! Get lost, you scoundrel!

" ... "

The two of them went crazy again. At this moment, Liao Bi'er called Zhao Qian.

Zhao Qian signaled Liao Xiaoyun to be quiet and picked up the phone.

"Hey, Director Liao, have you set off yet?"

"Well, I'm out. You should hurry up and leave, don't be late. "

After hanging up, Zhao Qian quickly got up.

Liao Xiaoyun whispered to Zhao Qian, "Be careful, don't let aunt see anything, otherwise she will definitely tell my dad."

Zhao Qian nodded and replied, "Don't worry, I won't make things difficult for you. "You can continue sleeping, I'll go do my proper business first."

Liao Xiaoyun nodded, covered herself with the blanket and went back to sleep.

Zhao Qian washed up and went to meet Liao Bi'er at the rich guy's place.

Halfway there, he called Wu Xiaohua and told her everything so that she would be ready.

An hour later, Zhao Qian brought Liao Bi'er to the Conference Room where Fuhai were invested in. Wu Xiaohua came over to discuss the capital injection with Liao Bi'er.

Liao Bi'er very strongly said: "Although my company is suffering, but that does not mean that we are at the mercy of others. So don't think about robbing us while we're on fire, or you might waste everyone's time. "

Zhao Qian replied with a smile, "Director Liao, don't worry. Our Fuhai is always fair. How much stock do you want from me? I will definitely pay you equal funds. There is absolutely no such thing as robbing someone while they are still alive. Our purpose is to cooperate and win, not to reap leeks. "

Liao Bi'er couldn't help but laugh as she asked, "You brat, did you use your mouth to trick my ignorant niece?"

Zhao Qian laughed heartily and replied, "Director Liao is really humorous. Men and women only love each other, how can they not deceive each other? If she doesn't like me, I won't be able to get away with it no matter how much I

try. We're talking about work now, let alone personal matters. "Let's continue with our business. Let's get down to business."

Wu Xiaohua quickly gave her Fuhai's investment plan. Simply put, it was to invest 100 million into Fuhai, obtaining 51% of the shares.

Liao Bi'er immediately objected. No matter how much money they paid, they would never give up control of the company.

Wu Xiaohua comforted her, "I can understand Director Liao's feelings. But Director Liao has to recognize the reality, your company can only revive with our cooperation now. If this continues, you will all die. "

Liao Bi'er immediately counterattacked: "There are so many investment companies in the entire nation, and even the entire world. We don't necessarily have to cooperate with your Fuhai."

Zhao Qian took over and said, "Director Liao is right. There is a lot of capital that can be invested into your company. But they won't be as easy to deal with as us, Fuhai, so we can't escape while there's fire. The key thing is, in the whole of China, can you even find another capital that can compare to our Fuhai? As long as Fuhai made a move, any company that was on the verge of failure would be given a new lease on life. Do other capital have the ability to do so? "

Liao Bi'er was rendered speechless. Zhao Qian's words were true, and she was indeed unable to refute anything.

However, she still wanted to gain more benefits for herself. It would be best if she could keep control of the company.

So she said, "I can tell you what I think. I'd rather have the company destroyed in my hands than give it to someone else."

Zhao Qian laughed and told people to pour Liao Bi'er a glass of water. He then continued, "I think Director Liao is not lacking in money. I don't want to introduce capital for the sake of money, but for the survival of the company. Other capital can only give you money, and we can not only give you money, but also let the company survive. If the company is gone, so what if you have a 100% stake? If the company develops better, even if you only have 10% of the shares, you may end up with more benefits than when you had a 100% stake. Is Director Liao right? "

Liao Bi'er understood all of this. She asked, "Do you have to have control of my company? No room for negotiation? "

Zhao Qian and the rest immediately nodded their heads firmly.

Liao Bi'er immediately stood up to leave, but no one moved. Since they were used to being arrogant and proud, they naturally would not ask Liao Bi'er to stay.

Zhao Qian was also someone who would not beg anything from others. Since today was not a good day to negotiate, they would discuss it another day. If things got out of hand, he would take over after Liao Bi'er's company goes bankrupt.

Liao Bi'er thought that Zhao Qian would stop her and then she could bargain. This was great, he actually just sat there without moving.

Now she felt awkward. If she left like this, the company would definitely be finished. If she didn't leave, she would have already stood up. How could she still have the nerve to stay? If they were to continue to stay, the Fuhai would certainly give an even more excessive condition.

At this moment, Liao Bi'er's phone rang. She took it out and checked it. It was Liao Xiaoyun.

Liao Xiaoyun asked, "Aunt, how was your discussion?"

Liao Bi'er immediately replied angrily, "Nothing much, I was just about to leave." They didn't have the sincerity to cooperate at all, they actually asked me for control of the company.

Liao Xiaoyun said angrily, "This Zhao Qian is so evil, he even wants your company. How dare he do that? Aunt, don't go yet. I'll call him and scold him."  
"

Liao Bi'er lowered her donkey and replied, "Fine, scold him properly for me. I want to listen!"

Liao Xiaoyun quickly replied, "No problem. I'll call him now and scold him!"

Liao Xiaoyun quickly hung up the phone and called Zhao Qian.

"Hey, aren't you asking for too much? My aunt is very unhappy." Liao Xiaoyun asked.

Zhao Qian replied with a smile, "But it's just a matter of giving her 100 million. We can't possibly spend a large sum of money for someone else to develop their company. We definitely have to take ownership of it."

"Talk to her again. I've already stabilized her and seized the opportunity."

"Yes." How long is this phone call of yours? "Alright, let's stop talking. I need to continue talking to her."

Zhao Qian immediately hung up and stood up with a smile. He walked over and pulled Liao Bi'er to sit down.

"Director Liao, don't be angry, we have something to talk about."

Liao Bi'er originally didn't want to leave, she just wanted to put on airs so that she could bargain more.

Now that she understood Fuhai's attitude, she did not dare to be so willful anymore. She could only obediently sit down and chat properly.

## C211 The Killer Is Coming

The fact that Liao Bi'er was able to sit down showed that she wanted to cooperate. It also meant that she would be in a passive position in the negotiations that followed.

Fuhai investment attitude was very firm, must obtain at least 51% of the shares. If Liao Bi'er was not willing to give up on her controlling interest, Fuhai would definitely not invest.

Liao Bi'er had no choice but to give up controlling the shares. However, she wanted a little more cash compensation.

"It's not impossible for you to have control of the company. I can give up the controlling interest, but you have to compensate me with 200 million at once. Not even a single point less is enough."

Honestly speaking, to Zhao Qian, 100 million or 200 million, he really didn't care. As long as he was optimistic about the future of the industry, he would not care about spending more money.

Zhao Qian signaled Wu Xiaohua with his eyes. She immediately understood and replied, "Money is negotiable as long as it can be controlled by us."

Liao Bi'er nodded and replied, "Alright then. We can give you 51% of the capital for the two hundred million in cash compensation. However, I also want to add one more thing. If you want to raise money in the future, you have to limit your consideration to us. We made it clear that we would not accept it before you could give it to the others. "

Zhao Qian replied, "These are all small matters. As long as we care the most about controlling the shares, we can discuss about everything else."

Zhao Qian was saying this to Liao Bi'er, but he was actually also saying this to Wu Xiaohua and the others. As long as the controlling interest is in hand, other rights can properly satisfy Liao Bi'er.

After saying that, Zhao Qian stood up and said: "I'll be leaving first. Director Liao and Manager Wu, let's have a talk."

Liao Bi'er thought that he was not qualified to continue participating in the competition, so she decided to leave and did not stop him.

Zhao Qian called Liao Xiaoyun from outside and said, "Done, your aunt asked for 200 million from our company before she was willing to give up 51% of the shares."

Liao Xiaoyun exclaimed, "200 million!" Your company is so rich! My aunt's company isn't worth that much, right? "

Zhao Qian laughed loudly and replied, "If you continue to put it in your aunt's hands, it definitely won't be worth this price. But in our hands, it's different. You can ask your father about the ability of Fuhai. "In a short period of three years and in a long period of five years, your aunt's company has a market capitalization of at least five billion."

Liao Xiaoyun exclaimed again, "Five billion! What a joke! How can it develop so fast? "

Zhao Qian replied: "This is the ability of Fuhai. Fuhai holding hundreds of companies, the ability to integrate resources is not something you can imagine. Environmental protection and sustainable development are the mainstream of the future, and the company will naturally develop very quickly. "

Liao Xiaoyun acknowledged and understood Zhao Qian's meaning. The main reason was because Fuhai were powerful, which was why the company

developed so quickly.

Still, it was good enough for her aunt to get two hundred million in cash.

"Hee hee ..." Are you coming out tonight? I thank you on behalf of my aunt. "

Liao Xiaoyun was obviously asking for it in a euphemistic manner, so Zhao Qian naturally understood her true intention.

"Sure, I'll get a good room for you at the Four Seasons."

"Aiya, I just wanted to have a meal with you and didn't say I wanted to cook anything else."

"I didn't say anything else. Can't we have a room to eat?"

"You scoundrel, I don't want to tell you anymore. "Humph!"

Liao Xiaoyun immediately hung up the phone, but her heart was bursting with joy.

After a while, Zhang Yang called Zhao Qian.

"Hello, Zhao Qian. Come over to hold the shareholders' meeting."

"Another shareholders' meeting? What's the matter?"

"You can come here and know. I've already notified you. If you don't come, then treat it as you giving up. If we make a decision, don't say we didn't notify you. "

Zhao Qian had no choice but to hurry over to Faang Ni's production. He came directly to the Conference Room, and other than a few shareholders, there were also Wang Qiang and Jiang Xiaoqing.

Wang Qiang and Jiang Xiaoqing were not shareholders and did not have the qualifications to be here. However, he was indeed here. That could only mean one thing, the shareholders' meeting today was definitely related to the two of them.

Zhang Yang smiled and said, "Since everyone is here, let's begin. The reason why I have brought you all here today is because I have something to discuss with you. I decided to raise the price by 50 million to Wang Qiang, who will acquire a 30.1% stake in the company. Everyone, please tell us your opinion. Oh right, Jiang Xiaoqing represents Leyou Wu Steel. "

Zhao Qian looked at Jiang Xiaoqing and said with a smile, "Not bad, this superior speed is comparable to a rocket!"

Jiang Xiaoqing replied with disdain, "I want to get on the throne. It's a matter of minutes. It was just a bad opportunity in the past, do you think I can't do it!?"

Zhao Qian nodded and gave her a thumbs up, but didn't say anything else.

Although the relationship between Jiang Xiaoqing and Wang Qiang was already known as a dead man, they only colluded against each other. After all, they had one common enemy, and that was Zhao Qian.

Therefore, Jiang Xiaoqing first expressed her support for Mr Zhang's proposal.

Zhang Yang smiled and nodded. He raised his hand and said, "Now it's two votes. Hanxu, Zhao Qian, what do you two mean by this?"

Wang Hanxu was now in the shape of a puppet and could only be led by the nose. He could only raise his hand and say, "I also support Mr Zhang's proposal."

Zhao Qian nodded and said, "The combined shares of all of you are enough. I don't need to say anything."

Zhang Yang laughed out loud and said: "You can't say that. Since you are the shareholder and the shareholder at the shareholders' meeting, you have the right to express your opinion. Of course we have to respect your rights in case you refuse to accept it. "

Zhao Qian coldly snorted and replied, "How could I dare to be unconvinced? I'm just a small shareholder. Now, is there anything else? If there's nothing else, I'll be going. "

Zhang Yang shook his head and Zhao Qian immediately left.

Wang Qiang followed and shouted, "Zhao Qian, let's go to my office to have a chat."

Wang Qiang is Wang Chianglin's illegitimate child, and immediately wants to accept the Wang estate. Zhao Qian was bound to have a fight with him, there was no need to avoid it.

"Alright, let's go."

Wang Qiang brought Zhao Qian to the office. After locking the door, his face immediately changed.

"Damn, are you scared now? Do you regret it? " Wang Qiang asked arrogantly.

Zhao Qian laughed and asked, "Why do you say that? Why should I be afraid? Why should I regret it? "

"You're still trying to act cool with me!?" I'm about to take over the Wang estate, killing you is only a matter of time. "Just you wait, the day when I take

over the Wang estate is the day that your nightmare begins."

Zhao Qian pouted and nodded, then asked, "And then? Do you have anything else to say? "

Wang Qiang shook his head with a smile.

"En, I have nothing to say, so I will be leaving now. I'm waiting for you to take revenge on me, so don't let me down. "

With that, Zhao Qian turned around and left.

Wang Qiang replied arrogantly, "Sure! Continue acting tough, I want to see how you die! "

Zhao Qian ignored him and directly left Faang Ni's production. He went home to rest for a while and had a date with Liao Xiaoyun in the evening.

Wang Qiang returned to Conference Room and continued his meeting. When it was over, Jiang Xiaoqing followed him into the office.

Jiang Xiaoqing walked in front of Wang Qiang and pulled his tie. She smiled and said, "I didn't expect you to be a rich second generation. You really don't have such a bullshit story in novels." Congratulations, you've reached the sky in a single leap. "

Wang Qiang smiled complacently and replied, "I never thought that such a day would come. The heavens are simply joking with me." "You're not bad too. You're already only representing Director Chiang to come to participate in the shareholders' meeting."

Jiang Xiaoqing laughed happily, then said in a low voice: "Let me tell you something, that old brat invited a killer to deal with Zhao Qian, and I think he will arrive at Donghai City in the next few days. "Zhao Qian won't be able to

live for long."

Wang Qiang immediately laughed happily and asked: "Really? Is the news accurate? "

Jiang Xiaoqing nodded and said, "Of course, it's absolutely true. He told me about it on the bed. Are you sure?"

## C212 Expansion of Recruitment

Wang Qiang immediately laughed happily and replied, "I didn't expect that old man Jiang Tian would be so ruthless. He directly invited a hitman to deal with Zhao Qian."

Jiang Xiaoqing sneered and replied, "It would be strange if Zhao Qian didn't want to kill his son."

Wang Qiang's attitude towards Jiang Xiaoqing became a little better and asked, "How is it? Are you all right with him? Is he nice to you? "

Jiang Xiaoqing smiled bitterly and replied, "What's there to be happy about? Give me enough money to get me an executive position in the company. It's good."

"That may be the case, but it's not a long-term solution. You're still young, after all, and you won't end up with an old man like that. "I think you should just go and earn some money. Otherwise, you won't be able to get away." Wang Qiang advised kindly.

Jiang Xiaoqing sneered and asked, "What do you mean? He used to despise me, but now he cares about me? You men are truly despicable. "

Wang Qiang laughed heartily and replied, "Don't misunderstand, I was just reminding you out of consideration for our previous relationship. It's fine if you don't want to listen, but pretend I didn't say anything. "

Jiang Xiaoqing also laughed heartily. She turned around and walked to the door and said, "Thank you for your concern." If there's a chance, I'll get the Wang family and Leyou to work together, and then we can work together to deal with Zhao Qian. "If, if he doesn't die!"

Wang Qiang nodded with a smile and replied, "No problem." "Let's see how good the killer Jiang Tian hired is first."

At this moment, Zhao Qian had already driven home.

For him, everything was under his control, so there was no need to be nervous. First, let Wang Qiang and the others play around for a while, and when everything settled down, he would take action and take over all the companies involved.

Soon, night fell. Zhao Qian drove the car to Donghai Hotel and saw Liao Xiaoyun in the private room.

Zhao Qian smiled and kissed her for a while before asking, "You've been here for a long time?"

Liao Xiaoyun shook her head and replied, "Not long. "Hurry up and order, I'm hungry."

Zhao Qian nodded and called the waiter in to order.

After the two finished their dinner, Liao Xiaoyun asked shyly, "Where are we going now? To the movies? "

Zhao Qian walked over with a smile and held her in his arms. "We are already adults. We should do what adults should do. What's the point of watching movies all the time? That's what kids do. "

Liao Xiaoyun immediately patted Yang Chen's chest in bashfulness, and asked knowingly, "What should an adult do?"

Zhao Qian stood up with his arm around Liao Xiaoyun and replied softly, "It's okay if you don't know. I'll take you there to teach you. You just need to cooperate.

Zhao Qian immediately left with Liao Xiaoyun. They went to the Four Seasons Tavern to get a room and do what adults should do.

After half a month, Wu Le could finally get out of bed. However, if he wanted to get on the bus again, he would need at least half a year to recover and train.

While the Asian Invitation Competition was in progress, Wu Le could only watch it live online.

Zhao Qian was worried that Ye Zichen wouldn't be able to get it through his head, so he came over to the hospital to see Ye Zichen.

Wu Le quickly put down his phone and wanted to get off the bed to greet Zhao Qian.

Zhao Qian quickly stopped him and said, "Don't move, there's no need to be polite to me." How have you been feeling? "

Wu Le replied with a smile, "Not bad, I feel like I've recovered pretty well. "Unfortunately ..."

Zhao Qian knew what he wanted to say, so he comforted him, "It's alright, we can't do it this time. We still have a next time. As long as you do not give up, I will always support you. "

Wu Le nodded and suggested: "Boss, our team will only have me and Big Joy. If something happens to us, no one will be able to participate in the race. I think you should recruit a few more drivers. Even if we don't always win a prize in the tournament, it would at least increase our exposure to the public. "

Zhao Qian nodded with a smile and replied, "I have the same idea. When the Asian Invitational Finals are over, I'll go to the event. I'll buy it to see who has

the intention of job-hopping. When you get better, you can bring them to train together and try to expand our fleet. "

Wu Le immediately promised, "Don't worry boss, I won't let you down."

"Well, I believe you. Alright, I won't disturb your rest any longer. Call me anytime if you need anything. I've already told you about the hospital, you don't have to worry about any problems. "

With that, Zhao Qian got up and left.

The finals were scheduled to be held in the afternoon. Zhao Qian went to the competition grounds after finishing his lunch.

At 3 PM in the afternoon, the finals officially began.

Zhao Qian is not very familiar with racing cars and does not know which outstanding drivers are in the country. He could only wait for the results of the match before making his decision.

After ten rounds of competition, the results were out.

Yang Jiankun, No. 6 racer from Kunda, won the championship. The runner-up was his teammate Chen Hsing, and the third was another rider, Liu Guang, called the Brightlight Color Team.

Zhao Qian quickly went online to check on the situation of the two cars and the three drivers.

Both kunda and streamer color were set up in 2015, and the two fleets competed for a decade. The driver who had always been a streamer in color was now the first to emerge victorious over Kunda.

Yang Jiankun and Liu Guang were previously members of the Wind Chasing

Club. Later on, the two left the club due to a conflict, and each set up a team to do their own thing.

The lack of money in the team was too great. The two of them were on the verge of collapse. However, now that Yang Jiankun has won the Asian Invitation Competition, there will definitely be an advertiser to sponsor him and he should be able to solve the urgent situation.

Rays of Light was unlucky. If they didn't win this match, they might even be able to announce the downsizing or even disband their teams.

Zhao Qian had made up his mind that he would take both Rays of Light and Kunda.

Liu Guang was the first to accept the interview. When he walked out, Zhao Qian immediately went up to greet him.

"Hello, my name is Zhao Qian. I just watched your match and I really want to talk to you. I wonder if it's convenient? "

Liu Guang nodded, pointed to a place where there was no one around and said, "Let's go over there to chat."

Zhao Qian nodded and walked to the side to chat with Liu Guang.

Liu Guang asked, "What do you want to talk about?"

Zhao Qian went straight to the point: "I also have a team under me. In the Donghai City competition, my team's driver won the championship. He was later beaten to pieces because he was envied. He was unable to participate in the Asian Invitational Tournament. He and the other driver were the only ones on my team, and some of them were obviously too weak. "So I wanted to buy your team and let you join."

Liu Guang extended his hand in a very polite manner and Zhao Qian gave a reply.

Then, Liu Guang said, "I'm very grateful that you took a liking to me, but I don't have any thoughts of being acquired right now. I'm really sorry. "

Zhao Qian replied with a smile, "It's alright, this is your freedom. If you don't want to, I'll go talk to the champion. I sincerely want to recruit you both into my team so that you can fight together again. "

Liu Guang was surprised and asked, "You know about my past with him?"

"Yes, there is news about you all on the internet. I have a rough idea about it." If he's willing to be acquired, you won't have the right to be compared with him. I can invest no less than 10 million a year into the team, which is enough for the driver training. "

With that, Zhao Qian turned around and left.

Liu Guang was shocked when he heard the 10 million. Since he was so willing to invest so much, it seemed like he was a capable boss.

If Yang Jiankun accepted the purchase, then Kun Da would definitely leave the light and color far behind.

Liu Guang fell into a dilemma. On the one hand, he didn't want to be an employee. On the other hand, he didn't want Yang Jiankun to get stronger and stronger. For a moment, he didn't know what to do.

## C213 I Want This Place

After a moment of thought, Liu Guang rushed over to stop Zhao Qian.

"Mr Zhao, you just said you want to take Yang Jiankun and me in as well?"

Zhao Qian nodded and replied, "That's my plan. If all of you can work together, it's not impossible for you to become the champion of the international tournament in the future. My goal is not just to be the national champion, but the world champion. "

Liu Guang was silent for a while and then said, "If I accept your purchase, you don't need to buy Yang Jiankun's team anymore, okay?"

Zhao Qian shook his head and replied, "If he refuses my purchase, then forget it. If he accepts, I can't let a talent go. To me, I don't care how much it costs. The key is to be able to see the results. "

Liu Guang said awkwardly, "Then forget it, I don't want to work with him anymore."

"So, what you mean is that he doesn't have you, and you don't have him. Is that what you mean?" Zhao Qian asked.

Liu Guang nodded firmly.

Zhao Qian nodded and said, "Leave our contact information with each other." "If I can fulfill your request, I'll contact you again. "

Liu Guang nodded, exchanged phone numbers with Zhao Qian, and then left.

Zhao Qian continued to wait. Half an hour later, Yang Jiankun came out. He quickly went up to welcome her.

"Hello, my name is Zhao Qian, I'm the boss of Le Tian's team. The champion of the previous municipal level competition was the driver of my team. "

Yang Jiankun shook hands with Zhao Qian and asked, "What business do you have with me?"

Zhao Qian went straight to the point, "I want to buy your team."

Yang Jiankun immediately laughed out loud and asked mockingly: "Bro, are you joking with me? I heard that Wu Le in your convoy had his legs broken because he offended someone, is that right? "

Zhao Qian did not deny it and nodded, "Yes. "So I'm in urgent need of talent right now, so you're perfect."

Yang Jiankun laughed again, and so did his followers.

"Bro, my team is very expensive, you can't afford it!" Yang Jiankun said.

Zhao Qian took out his cheque book and replied: "You can name a price. As long as it's reasonable, I won't bargain. But the premise is that you must train well and strive for higher grades. "I don't raise a cripple, you have to remember this point."

Yang Jiankun sneered and replied very impolitely, "I think you should keep it for that driver of yours to attach to his thigh." "Haha ..."

"Silly hat, we just won the championship, why would we buy it for you!?"

"Go back and treat your driver."

"It's great to have a cheque book! "What are you pretending for!"

" .. "

Yang Jiankun's lackeys were also very rude, each of them extremely arrogant.

Zhao Qian also couldn't help but laugh. It seemed that these brats will float away once they win the championship.

Yang Jiankun and Liu Guang had bumped into each other.

It wasn't easy to win, so Yang Jiankun naturally wouldn't let go of such a good opportunity to show off.

"Brother Guang, I'm sorry. I won this time." Yang Jiankun said proudly.

Liu Guang snorted and replied, "So what? Didn't we only win once? In the past, I have always suppressed you, what's there to be proud about! "

Not only was Yang Jiankun not angry, he even laughed arrogantly.

"Little brother Guang, I heard that you lack the financial support for your caravan. It's going to end soon. The gap between us has been widened, and you will never catch up to me. Do you know? "

Liu Guang chuckled and didn't say anything.

Yang Jiankun turned around and looked at Zhao Qian, pointed at him and said to Liu Guang: "Did you see that? That guy said he wanted to buy my team, but I rejected him. If you are interested, I can introduce him to you and have him purchase your fleet. Otherwise, your fleet will be disbanded. "

At this time, Zhao Qian walked over and said loudly to Liu Guang, "I think we can cooperate now. "What do you think?"

Liu Guang nodded and replied, "I also think we should join hands. My team

can be assigned to your team for free as long as you provide sufficient financial support. You must accept all my brothers. "As long as the salary is given by an expert, I won't ask for too much from you."

Zhao Qian didn't say anything, directly signing a cheque for two million and giving it to Liu Guang.

"Take this, I have never taken advantage of anything I do. I will definitely give whatever I need. I'll accept your entire team, pay your salary, and pay for your training. But you must promise me, in the next competition, you won't be the champion, but you must defeat him! "

Zhao Qian pointed at Yang Jiankun with anger in his eyes.

Yang Jiankun laughed loudly and said, "Brother, you think too highly of him. From today onwards, I will lose to no one and will never lose to him again. "

Liu Guang snorted and said angrily, "Fine! I promise you! I don't need to take the championship, but I definitely won't lose to him again! "

Yang Jiankun laughed out loud very confidently. He looked at Zhao Qian and Liu Guang as if they were idiots.

"The two of you, stay here and plan how you'll win against me. I'm going to hold a celebratory feast at Donghai Hotel. That's right, little brother Guang, for the sake of our past relationship, I can invite you over and also congratulate you on winning second place. You might not be able to go to such a high-class place in your lifetime, but you must not miss this opportunity. "Haha ..."

Liu Guang gritted his teeth in hatred. However, he was indeed in second place, so there was nothing to refute.

Yang Jiankun waved his hand and proudly led his men away.

Zhao Qian immediately laughed, as if nothing had happened. He said to Liu Guang, "Don't bother with him. Just do your own thing. "Let's go, I'll give you a celebratory feast."

Liu Guang nodded and asked, "Where are we going to eat?"

Zhao Qian looked at Yang Jiankun's leaving back and smiled evilly. He replied: "We will also go to Donghai Hotel. Wherever Yang Jiankun holds the celebratory feast, we will occupy his place."

Liu Guang felt that Zhao Qian must be rich, so going to a place like Donghai Hotel to eat was very normal. Thus, he didn't say anything and directly followed.

Very quickly, the two of them arrived at Donghai Hotel.

Zhao Qian took out the Supreme VIP card and gave it to the waiter, then said, "Tell your manager, just tell me where Yang Jiankun is eating, I want to eat."

When the waiter heard that he was here to cause trouble, she was so shocked that she quickly called the manager over.

The manager already knew Zhao Qian's identity from Huang Ren, so he quickly ran over to greet him.

"Hello, Mr Zhao. Welcome." "If you have any orders, just ask away. I will do it as soon as possible."

Zhao Qian nodded and repeated what he said to the waiter.

The manager felt a bit awkward, but Zhao Qian was Young Master, so he did as he was told.

"Mr Zhao, wait a moment, I'll go and kick them out right now."

After saying that, the manager quickly turned around and ran to Yang Jiankun's room.

At this moment, Yang Jiankun was leading a bunch of lackeys to eat and drink. The manager came over and said loudly, "Everyone, I'm sorry, but this room has customers who need it, so I can only inconvenience everyone to change rooms."

Hearing that, Yang Jiankun was furious, he threw the blanket away and angrily asked: "Did I f\*cking hear wrong? I ate well, and you want me to change boxes? Are you afraid I can't afford it?"

The manager quickly explained, "That's not what I meant. There are guests who have taken a fancy to this place, so I can only inconvenience everyone by changing rooms."

"Who is it!?" "Damn it, let him come over and tell me himself!" Yang Jiankun shouted.

At that moment, Zhao Qian arrived with Liu Guang.

"I want this place!" Zhao Qian shouted.

## C214 Smash His Head

As the crowd followed the sound, Zhao Qian and Liu Guang walked over.

Yang Jiankun's face revealed a hint of displeasure, his mouth twitched a few times, and said: "Mr Zhao, what do you mean by that? We ate well, so why do you insist on taking this room? "

Zhao Qian looked at Liu Guang with a smile and replied, "Liu Guang said that he wants to take everything that you have. So, I'm sorry, but he wants your room. "

"Damn!" Who do you think you are? Say that I want it! "

"The restaurant is owned by your family? "What you say is what you say?"

"Manager, we're not leaving today, what can you do to us?"

Yang Jiankun's men started to act arrogantly, but it was a pity that this trick was useless here.

The manager replied very seriously, "If you all don't want to leave, then I can only ask my people to leave. If you all cooperate actively, I can give you all a different room. It's just a meal, it's always the same wherever you eat, isn't it? "

Yang Jiankun shouted angrily, "Then why don't you tell them to eat wherever they go? Damn it, we've already eaten half of it. Now you want us to leave and slap our faces! When I, Yang Jiankun, came out for my first day! I also know a few reputable people. Do you need me to call them over? "

After all, he had the backing of the rich world.

"Mr. Yang, I don't care who you want to call, but please leave the room immediately, don't disturb Mr Zhao's meal."

Yang Jiankun was furious. He raised his hand to flip the table and scolded, "I'm not leaving. What can you do to me?"

"Damn, your head is full of shit!" You actually chased us away! Did you know that Big Brother Kun just won the Asian Invitation Tournament? How many reputable people were waiting to treat him to a meal? You actually f\*cking drove him away! "

"Is Donghai Hotel that impressive? Could his Donghai Hotel even be compared to that of the deputy mayor? My big brother Kun and the young master of the deputy mayor's family are friends, do you know? "

"Hurry up and get someone to pack up. After changing the dishes, get out of here!" Don't disturb my Big Brother Kun's meal! And you two, your fucking brains are flooded with water. You actually dare to harass big brother Kun! I'm tired of living! "

Yang Jiankun's men were all relying on their power and influence, shouting out ferociously one by one.

Liu Guang was a bit scared. He felt that this was just a meal and could be eaten anywhere. There was no need to turn hostile towards Yang Jiankun.

"Mr Zhao, how about we go to another room to eat?"

Zhao Qian smiled and patted Liu Guang's shoulder, replying, "Don't be afraid, the manager will take care of this. We just have to wait. I can tell you for sure that I'm going to eat here today! "

Yang Jiankun clenched his fists and was about to attack, but the manager quickly stopped him and scolded him, "Don't do anything rash! This is the

Donghai Hotel, not a place for you to cause trouble! "

After saying that, the manager immediately used his walkie-talkie to inform the security guards to come up. Three minutes later, a dozen security guards rushed in.

Yang Jiankun's team had just won the championship and many people were trying to curry favor with them. They weren't afraid of these security guards at all.

"Fuck, you want to fight, don't you? "Come on!"

"Who's afraid of who!" Whoever doesn't dare to attack will be the grandson!"

"F \* ck them!"

The group of people cried out incessantly. They even picked up their wine bottles and used them as weapons, ready to make a move at any time.

The security guards pulled out their batons, and the manager and the others backed out.

The manager warned loudly, "Don't act recklessly, we have the right to defend ourselves. You all are not afraid of the big things, our Donghai Hotel are not afraid of that! If you don't believe me, you can try! "

Yang Jiankun's lackeys were all clueless. No matter how big the issue was, the boss would carry it for them.

However, Yang Jiankun was a little worried, no one would carry the load for him. Even if he wanted to ask for someone's help, he would have to give them a present or something. To deal with Donghai Hotel, the price must not be small.

However, he could not admit it. With so many subordinates following him, especially in front of Liu Guang, he could not lose face.

After a brief moment of consideration, Yang Jiankun took a step forward and arrogantly said to the security guards, "If you have the guts, throw it here!"

He stuck his head out.

How could the security guards dare to smash him? They looked at each other and finally looked at the manager.

This was Zhao Qian's home ground, he definitely wouldn't allow anyone to behave atrociously in front of him.

"Manager, smash him!" Zhao Qian ordered.

The manager was confused, feeling that he had misheard. He asked guiltily: "Was Mr Zhao saying he was smashing him?"

Zhao Qian nodded and replied, "That's right! Smash him! "

The manager was flustered, but thinking that Zhao Qian had ordered him to smash it, regardless of the consequences, Donghai Hotel would definitely not ignore him. Just smash it.

Yang Jiankun laughed out loud and scolded: "Look at you bunch of cowards, each one is more cowardly than the other. I stuck my head out for you to smash, none of you dare to move. This is your place, and you still have the nerve to chase me away? "Your father ..."

"Bam!"

With a dull thud, Yang Jiankun fell to the ground. Blood spurted from his

head, and the floor was soon dyed red.

"You are f \* \* king courting death!"

"F \* ck him!"

Yang Jiankun's lackeys screamed, but no one dared to go up.

The manager pointed at the group of people and said to the security guards, "Whoever dares to move will be the one to ruthlessly smash them." As long as you don't kill them, the restaurant will bear all the consequences and you will be safe. "

This frightened Yang Jiankun's subordinates, so they quickly threw away the bottles and things in their hands.

Yang Jiankun laid on the ground to rest for a while. Then he stood up while holding his head and swaying a little.

"You ... You really dare to smash this daddy! "Just you wait, I will tell you until the end of this matter!"

With that, Yang Jiankun took out his phone and made a call to the deputy mayor's son.

However, the moment the other party heard that it was Donghai Hotel, he immediately said that it was not easy to deal with and told him to think of a solution.

There was no other way. He could only switch with someone else. Although his position was lower, it was still of some use.

Unfortunately, he was too naïve. How could a friend who ate and drank wine possibly dare to shoulder such a burden for him? Moreover, he had even

offended Donghai Hotel, so who the heck would want to go against the rich nations? Wasn't he a fool?

After a round of calls, Yang Jiankun actually couldn't find anyone. They all refused to help using all sorts of excuses.

Yang Jiankun's eyes were captivated by the blood. He could only say: "Let me go to the hospital first."

The manager mocked, "Aren't you going to follow me to the end? What? You didn't even call anyone? "

Yang Jiankun said angrily: "I'm going to the hospital! If I really die here, no matter how awesome all of you are, don't even think about getting away with it! "

At this time, Zhao Qian said, "Mr. Yang is right, it's just a small fight, it's easy to solve. If someone really did die, it wouldn't be good for anyone. Manager, I think he's already been educated. Let him go to the hospital and deal with it. "Hurry up and clean up this place. I still need to treat Mr. Liu to a meal."

The manager quickly nodded and replied, "Okay, okay, everything will be as Mr Zhao says. "Someone, send them out. Get someone to clean them up and prepare a banquet for Mr Zhao."

The security guards quickly "invited" Yang Jiankun and the others to leave. The waiters outside the door were already prepared, waiting to come in to clean up the mess.

Yang Jiankun walked up to Zhao Qian and asked, "Who the hell are you? Why do they listen to you so? "

Zhao Qian took out the Supreme VIP card and replied, "I'm the Supreme VIP card here, whatever I want them to do, they have to do."

Yang Jiankun laughed and said: "You! I've remembered this matter. We'll meet again when we meet again in the future. "

With that, Yang Jiankun walked out. His minions hurried to keep up.

The manager hurriedly and politely told Zhao Qian and Liu Guang to wait outside for a while. The waiter quickly came in to clean up the mess.

## C215 A Bunch of Cowards

Liu Guang was currently panicking in his heart. He never thought that Zhao Qian was so powerful that he could make people from Donghai Hotel listen to his commands.

Zhao Qian smilingly patted him on the shoulder and comforted him, "Don't be afraid, I am the Venerable VIP here. I spent tens of millions here. They will more or less give me some face. For a small fry like Yang Jiankun, there's no need to be afraid at all. "

Liu Guang hurriedly replied, "I didn't expect Mr Zhao to be so powerful. It seems like I made the right bet this time and followed the right person." I will definitely train hard and not let Mr Zhao down. Oh, right, I can't accept this 2 million check, so let's return it to Mr Zhao. "

Zhao Qian laughed out loud, pushed the cheque back and said: "Since I gave it to you, I will not take it back. Don't worry, I don't need that much money. "

Liu Guang wanted to increase his relationship with Zhao Qian, so he couldn't take the money.

"Boss, I really can't accept this money. You can take over the team and give me enough training funds. I've already made a lot of money, so I can't take this money anymore. "

Zhao Qian patted Liu Guang's shoulder again and replied, "If you think I'm your boss, then keep the cheque properly. "If you don't want the money, then I can't take it!"

Liu Guang was helpless and could only accept the cheque obediently. However, he quickly added, "Thank you, Boss. I will definitely work hard at my training. I won't let Boss spend his money in vain."

Zhao Qian laughed and replied, "Alright, I believe you."

By this time the waiters had come out, and they had packed the box.

"Mr Zhao, you can go in now."

Zhao Qian nodded and brought Liu Guang into the restaurant with a smile.

On the other side, Yang Jiankun went to the hospital to tend to his wounds. Then, he led his men out of the hospital.

"Brother Kun, what should we do?" We can't just admit defeat like this, right?"

"That's right! We're not cowards. I can't just admit defeat like this. "

Yang Jiankun thought for a while and really couldn't take it anymore.

"F \* ck, call someone and go look for someone in Le Tian's team!" I can't do it, but I can't do it, can't do it, can't I, a little boss? "

"Yes!" "Call..."

Yang Jiankun's lackeys quickly made a phone call and called everyone who could come.

There were a total of five vans, more than 60 of them.

The team is currently closed, and only the garage is still open.

Suddenly, five minivans drove over and everyone looked over. Seeing dozens of people rushing out of the car, the people from the car store were so scared that they quickly called Zhao Qian.

"Hello, boss. Someone is causing trouble at the car store. There are almost a hundred of them."

Zhao Qian comforted them, "All of you retreat into the house and close the doors and windows. I'll go over now."

After hanging up, Zhao Qian quickly called Yang Hu and told him to take someone to the car store.

Yang Jiankun pointed at the door of the car store and cursed: "F \* ck you! Get out here right now! "

"Come out! You're afraid now? "Too late!"

"Come out! Come out! "Come out ..."

Yang Jiankun's men smashed the car with their sticks. The sound was so loud that it was quite scary.

"The boss went out and hasn't come back yet." I just called him, and he said he'd be right back. Don't knock on the car. They were put here for repair. If it's broken, then you guys will have to compensate! "

Yang Jiankun sneered. He turned around and smashed the windshield of a car.

"Dammit, you still dare to ask me for compensation?" This father's brain still needs to be compensated! "Smash it!"

At Yang Jiankun's order, everyone frantically smashed their cars.

Ever since Wu Le won the championship, the reputation of the car store had improved a lot. Many rich people's cars would also come and be repaired. There was no lack of Mercedes-Benz and even some famous cars like Porsche

Land Rover.

"What should we do? These cars have all been smashed into scrap iron, how are we going to compensate? "

"Call the police! We can't let them escape! "

"Wait a little longer. The boss told us to hide in the house and leave everything behind. When he comes back, he didn't tell us to call the police." As you've heard, these people are always looking for trouble with their boss. We don't know what's going on, so let's not call the police. What if we cause trouble for the boss? "

"That's true. We'll just wait." "I hope the boss can handle this well. Otherwise, we're going to lose our lives here."

"..."

The employees of the car store were all worried. They had to compensate tens of millions.

Yang Jiankun roared after smashing the car, "You laozi will wait for him to come back!"

Half an hour later, Yang Hu's men arrived first. There weren't many of them, only about twenty. However, their hands were filled with steel rods and the like. Some of them even had machetes hidden in their pockets.

Yang Hu personally led the team here. Actually, it's fine if they don't have any weapons, no one would dare to move.

"Which one of you is the leader?" Yang Hu asked.

Yang Jiankun was a bit scared, but thinking about how he had more than 60

brothers, there was no need to be afraid of these 20 people. He took a bold step forward and replied, "Me! "Who are you?"

Yang Hu replied with a look of disdain, "You don't have the qualifications to know who I am. Your name is Yang Jiankun, right? "

Yang Jiankun asked in confusion, "How do you know me?"

Yang Hu laughed heartily and replied, "Last week, you were drinking at the Night Pearl Bar and got into a fight with someone. It was my people who helped mediate for you."

Yang Jiankun was a little flustered, and asked guiltily, "You're the owner of the Night Pearl Bar, Yang Hu?"

"It's me. I don't want to start a conflict with a bunch of ordinary people, so I'll calculate how much money I should pay and take your people and scam. Yang Hu said in a domineering manner.

Yang Jiankun was so scared that he retreated a few steps, while his subordinates were also so scared that they quickly put down the things in their hands. Who hadn't heard of Mr Hu's famous name, the one who succeeded the most in mixing up Donghai City.

At this moment, Zhao Qian also arrived. Seeing the broken glass at the entrance, he was very angry.

"Mr Hu, stop bullshitting with them, pay the price and beat them up again!" Zhao Qian ordered.

Yang Hu nodded and said to Yang Jiankun, "You heard it too. Mr Zhao said that you will compensate for the losses here."

Only then did Yang Jiankun calm down. He quickly looked at what kind of cars

were broken. With so many cars in front of him, how was he going to compensate?

Those who came to help quickly threw away the things in their hands and fought to distance themselves from Yang Jiankun and the others.

"Mr Hu, this has nothing to do with us. "We're just here for a formality. We're leaving now. We won't delay Mr Hu in his business."

"Yes!" This matter was caused by the few of them, so Mr Hu should get even with them. "

"Sorry, Mr Hu, sorry ..."

Soon, the 60 people left, leaving only Yang Jiankun with his underlings in the team.

"Brother Kun, what should we do?"

"Why don't we call the police?"

"You're so stupid! Call the police! If we smash so many cars, the police won't have to compensate us? "

"Then what should we do? He had to compensate even if he didn't call the police! You dare to fight against Mr Hu? "

"Let's just listen to what big brother Kun has to say."

"Big Brother Kun, say something."

"Yeah, say something ..."

Yang Jiankun was already annoying enough, yet these guys kept on

blabbering about it. This was really infuriating.

"All of you shut up!" You are the ones who instigated me to do this, and you are the ones who are afraid now. F \* ck, what's the use of asking you? Other than eating and playing, there was nothing else he could count on! Stand still, I'll go talk to that Zhao guy. "

With that, Yang Jiankun threw away the stick in his hand and quickly walked towards Zhao Qian.

"Mr Zhao, let's talk." Yang Jiankun said with a smile.

## C216 We Can't Afford It

Zhao Qian smiled and replied, "Boss Yang, isn't it a little late to talk about it at this time? So many customers' cars were smashed by you, what else is there to talk about? "

Yang Jiankun quickly replied: "Didn't Mr Zhao want to buy my team? I agree now. From now on, Kunda's convoy will belong to Mr Zhao, I hope Mr Zhao will take good care of them. "

Zhao Qian laughed out loud, pointed at the broken glass on the ground and said, "You should compensate these cars first, then we can talk about the acquisition. Well, I'll give you three days. Within three days, you will compensate these cars at your original price, and all our grievances will be written off. If you don't want to pay, I'll tell you clearly. Black and white, you won't be able to escape. "

With that, Zhao Qian walked into the car store, leaving the matters outside to Yang Hu.

Yang Hu walked in front of Yang Jiankun and said directly, "Remember what Mr Zhao said just now. If he calls me three days later and doesn't receive your compensation, I'll take my men and sweep your fleet away."

Yang Jiankun did not dare to fight against Yang Hu, so he nodded and replied guiltily, "Ming ... Understand... I will definitely compensate you. But can you give me some time to spare? "With so many luxurious cars, I need at least tens of millions at times. I need some time to raise some money."

Yang Hu shook his head and replied seriously, "Mr Zhao said three days is three days, not even one more day. "Clean this place up and quickly go back to raise money. Don't waste time."

Yang Jiankun could only call for the people in the team to clean up the mess.

"Brother Kun, what should we do?" We can't afford to pay for so many luxury cars. "

"That's right! I roughly estimated just now that it was at least 12 million yuan. Where can we get so much money? "

"Why don't we just agree to the purchase of that Zhao guy? As long as the convoy becomes his, he will have to take care of us. "

"Yes, I think this method is reasonable. Big Brother Kun, after we're done tidying up, go and have a good chat with him. In any case, he must be allowed to buy our fleet. "

"..."

The words from his brothers made Yang Jiankun upset. But for him, asking Zhao Qian to buy it was the only way.

Soon, Yang Jiankun and his lackeys cleaned up the mess and went inside to look for Zhao Qian.

"Mr Zhao, can we talk again? I hope you'll give me a chance to talk again. " Yang Jiankun said very politely.

Zhao Qian could guess what he wanted to talk about, so he nodded and led him to a place where no one was around to talk.

Yang Jiankun quickly bowed towards Zhao Qian and begged, "Mr Zhao, please buy my team. If you don't, I'll have to dissolve the convoy. I know this brings some unpleasantness to Mr Zhao, but I promise that I will definitely work hard in training and strive to bring more champions to Mr Zhao in the future. "Please give me a chance to make amends, I'm begging you."

Zhao Qian chuckled and replied, "If I take over your team now, then I will have to bear the responsibility of compensating those cars outside. Do you take me for a fool? "

Yang Jiankun quickly replied, "Mr Zhao, I know this is very unfair to you. So as compensation, I don't want a single cent. I'll let you buy it for free. Is that okay? "

If it sounds nice, it's free of charge, but Yang Chen had spent over 10 million to buy Kendall's convoy.

However, 10 million was nothing to Zhao Qian, so he just took it out.

Zhao Qian smiled and asked, "In that case, won't I become a despicable person that takes advantage of the situation?"

Yang Jiankun quickly replied, "No, no... Wu Tie is saving me from the fire and water. It's a very kind thing to do, not robbing while the fire is burning. "

Zhao Qian laughed loudly, hugged Yang Jiankun and said, "Since you said that, then I won't be polite. I'll do this kindness. "

Yang Jiankun felt as if a heavy burden had been lifted from his shoulders. The pressure on his heart was finally lifted. He quickly said, "Then let's sign the contract now."

"Why are you in such a hurry?" Zhao Qian asked with a smile.

Yang Jiankun replied helplessly, "I have to solve the problem of those cars outside in three days, otherwise Mr Hu will not let me go." "Oh right, can I ask the boss a question?"

Zhao Qian nodded and replied, "If there's a problem, just ask. There's no need

to be so reserved."

Yang Jiankun gathered his courage and whispered: "What is the relationship between the boss and Mr Hu? Why did he help you like that? And I saw him as if he was afraid of the boss. Logically speaking, since he's so amazing, he shouldn't be afraid of you, boss. "

Zhao Qian laughed and replied, "If you gave him a restaurant, bar, KTV and other places that you open every month, he would be so polite to you."

Yang Jiankun nodded in realization and said softly, "So that's how it is. I thought you were related to him in some way." "Then let's go sign the contract now."

Zhao Qian nodded and brought Yang Jiankun to Wu Le's office.

Zhao Qian drew up a simple agreement. Yang Jiankun read it carefully and said there were no problems. Only then did he print it out. Both of them were holding a copy, and the agreement was officially in force.

Only after getting the agreement did Yang Jiankun feel assured.

At this moment, a few car owners came back to pick up their cars. When they saw that their cars had turned into scrap metal, they were immediately infuriated and shouted out what was going on.

The shop assistants were naturally unable to deal with these people, they could only deal with them personally by Zhao Qian.

Zhao Qian's handling of the situation was very straightforward and crude. He loudly said, "I'm very sorry. Vaughn did not expect such an accident to happen. However, our shop will be responsible for the compensation. "Bring me the legal details of the car purchase, and I'll pay you the full price."

When everyone heard Zhao Qian say it so straightforwardly, they swallowed what was about to come out of their mouths.

"Since you guys are so straightforward, then we won't say anything else."

"Right, I won't say anything, as long as you do what you say."

"I will go back to get the information. I have to settle the matter today."

Several drivers quickly turned around and ran to the side of the road. They took a taxi back to retrieve the information.

Soon, more and more drivers came to pick up the cars. They were all very angry when they saw that their beloved car had been turned into scrap metal.

However, Zhao Qian always used money to stop them from talking.

According to the employees in the shop, the owners of these cars would definitely cause a huge commotion. He didn't expect the boss to deal with him so easily.

"It's good to have money. No matter how angry you are, as long as you pay enough, it's fine."

"From what you're saying, who's going to get into trouble with money?"

"I know my boss is rich, but I didn't expect him to be so rich. "He's too low-key."

"..."

Zhao Qian heard the employees' discussion. In order to not arouse their suspicions, he quickly smiled and said, "Don't envy me. Speaking of which, I'm still envious of you."

"Boss, these words of yours are a bit too modest."

"Yeah, you're so rich, and we're so poor, so why are you envying us?"

"..."

Zhao Qian laughed and replied, "You guys only saw that I have money, but who here knows where I got it from? I got a loan from the bank and I have to pay interest. If the motorcade makes money for me, that's all right. If the motorcade didn't give me money, I would soon be bankrupt. The bank had taken away the house, so there was no way to stop it. Do you all still envy me?"

After Zhao Qian's persuasion, everyone stopped talking.

"Alright, you guys work hard. I'll be leaving first."

After Zhao Qian said that, he waved to everyone. Everyone respectfully watched him leave.

After the recruitment was completed, it was time to help Kunda and the stream of light fuse together perfectly.

## C217 Investigate Clearly

Three days later, Zhao Qian called Yang Jiankun and Liu Guang over to Donghai Hotel for dinner.

From the beginning of their meeting to the end of the meal, Yang Jiankun and Liu Guang did not say a word. In the end, Zhao Qian was the first to speak.

"You two should know what I mean by calling for a meal together today. No matter how much you two used to compete, there was always a conflict. You are both my men now, and I will not allow myself to fight. Do you understand what that means? "

Liu Guang really wanted to hang out with Zhao Qian, and he knew Zhao Qian was good. It wasn't easy for him to get his hands on such an awesome boss, so naturally, he treasured it even more.

"Director Zhao, I'll say my piece first. I'm willing to reconcile with him." Liu Guang said very sincerely.

Yang Jiankun had no choice but to follow Zhao Qian because he was forced to do so. In his mind, he still had some thoughts of his own.

"Director Zhao, I will also show my appreciation. I am also willing to reconcile with him. "However, you can't have two tigers in one mountain. How will you train us from now on? You should at least get points, right?"

Zhao Qian laughed and replied, "I have my own training plan. I only train you two and Wu Le. In addition, each of you will be assigned an assistant who will be responsible for giving you a spot and protecting you during the competition. As long as it's a normal training, I'll pay for it no matter how much it costs.

Yang Jiankun asked doubtfully, "Is Director Zhao sure? To develop a qualified driver, you have to invest at least 2 to 3 million yuan a year in training. You need to spend at least ten million points every year to nurture so many at once. "Are you really willing?"

Zhao Qian gave Yang Jiankun a look of affirmation and replied, "Forget about ten million, even if it's over a hundred million, as long as the three of you can give me the results, I'm willing to invest."

Yang Jiankun was puzzled again and asked, "Where did Director Zhao get so much money from?"

"This is not a problem for you to worry about. What you should worry about is whether or not you will be able to train until the end of the day. I will provide you with the best training conditions. If you don't get any results in the end, you'll be letting me down." Zhao Qian replied.

Yang Jiankun did not dare to continue. He did not dare to guarantee to Zhao Qian that he would get a good result.

Some people had this kind of character. They would leave everything to chance, and wouldn't give any guarantees until they were certain that they could do it. Yang Jiankun might be such a person, so Zhao Qian didn't force him to give a guarantee right now.

Zhao Qian continued, "Do you two still have questions? If there were no problems, he would go back and pack up, and move all of them to the Le Tian Club. Within three days, I must be involved in the formal training."

Liu Guang immediately responded and got up to say goodbye.

Yang Jiankun hesitated for a moment and said to Zhao Qian, "Director Zhao, don't worry. I won't be worse than Liu Guang."

Zhao Qian nodded with a smile and replied, "It's good that you have this kind of confidence. I also trust in your ability. Otherwise, I wouldn't have paid such a huge price to take you in. "Alright, go back and pack up. Move over earlier and officially start training now."

Yang Jiankun nodded and waved goodbye to Zhao Qian.

Zhao Qian has never been involved in specific daily tasks. He has only formulated development strategies to provide necessary help to the staff. Whether they could do it well depended on their abilities.

He definitely wouldn't treat those with ability badly. Those who roamed around for a year or so at most. He felt that there was no need to stay any longer and would resolutely fire them.

It was ten in the evening. Zhao Qian browsed the news while eating. Soon, a piece of financial news caught his attention.

"Feiyu Group stripped off Flying Fish, receiving a total of 1 billion yuan in investment capital."

Zhao Qian quickly checked the background of Hua Mei's investment. It was a company that had just registered for a month. Online, it's rumored that its backers come from Wall Street.

Zhao Qian felt a little uneasy. He felt that this investment was very likely to be the newly established subsidiary of the venture capital company that Wang Hanxu belonged to.

In order to verify his conjecture, Zhao Qian called Wu Xiaohua and ordered her to investigate the background of the investment as soon as possible.

Half an hour later, Wu Xiaohua sent him a message. As Wu had guessed, this investment was indeed a subsidiary of Wang Hanxu's venture capital firm in

Huaxia.

From now on, the investment business of Huaxia and the surrounding countries will all be under the responsibility of Huaxia Investment. The manager's name was Jason Smith, and Deputy Manager was Wang Hanxu.

1 billion was invested in flying fish and received 30% of the shares. From the looks of it, Hua Mei wanted to use the flying fish broadcast platform to fire the first gun she had invested in China.

If they invested in other companies, Zhao Qian might not ask. However, they had to invest in flying fish. This could only be blamed on their bad luck.

Zhao Qian gave Wu Xiaohua an order to figure out how the money from Hua Mei came to China from the United States and figure out their route.

Wu Xiaohua immediately promised, "Understood. Young Master, don't worry, I will figure out their route as soon as possible. If there's news, I will report it to you immediately. "

Zhao Qian acknowledged and hung up the phone. After a while, Yang Hu called.

"Hey, Young Master, where are you now?" Yang Hu asked anxiously.

Zhao Qian replied calmly, "I'm home, what's wrong?"

"Two days ago, I received news that someone from the East China Sea was paying a hefty sum of money to buy off the killer at Xiangjiang. I just asked my friend over there to get some information. Who do you think is the person who paid so much for the assassination? "

"Yang Ming?"

"No, it's Jiang Tian."

Zhao Qian was not surprised. There were only a few people who had a grudge with him. It was either Yang Ming or Jiang Tian.

"Young Master, do you want to mess with him?" Yang Hu asked.

Zhao Qian didn't want to disrupt his plans, so he replied: "Don't touch the Jiang father and son for now, think of a way to get rid of the people from Xiangjiang. If we can make them disappear, then let them disappear. I don't want to have any worries. "

Yang Hu immediately replied, "Understood. "Young Master, don't worry, I will do it cleanly and leave no traces behind."

Zhao Qian replied with a smile, "I trust you very much. He needed to know exactly how many people were there before making a move. There was no way he would be able to escape the net. Report to me as soon as things are done. "

"Understood. I'll hang up first then. I'll do it right away."

"Yes."

Yang Chen hung up the phone, and lay on the sofa in a daze.

A few minutes later, Liao Bixiong called Zhao Qian.

"Hey, Director Liao, what good business care do you have?" Zhao Qian asked with a smile.

Liao Bixiong replied without a trace of politeness, "I don't have the time to play around with you. Let's get down to business. The contract you signed with my daughter is invalid, we signed the agreement with Wang Qiang again. The content hasn't changed, it's just that the person signing the contract has

changed to him. "

"What do you mean? You guys continue to work with Faang Ni, but just don't want to work with me, is that what you mean? " Zhao Qian asked in confusion.

"Yes, it would be best if you could hear it." Liao Bixiong answered firmly.

"Hehe ..." "What does Director Liao mean by that?"

"Since you and my daughter are friends, I'll tell you the truth. Wang's Real Estate has reached a strategic partnership with us. We will be family from now on if we buy shares in each other's company. I don't need to tell you what happened between you and Wang Qiang, do I? Do you think I can get the company to have anything to do with you? "

"Oh, I see. I understand. Thank you, Director Liao, for calling me personally. "

"Hehe ..." My daughter is embarrassed, so I'll have to call you. Also, you should stop dating my daughter from now on. You are a man, and don't let me leave her in a way that insults your dignity. "

With that, Liao Bixiong hung up the phone. Zhao Qian didn't even have a chance to speak. If Zhao Qian told Liao Bixiong that he had already slept Liao Xiaoyun away, he didn't know whether that old brat would die from anger or anger.

However, this was good as well. He could also naturally take down Huanyou. At that time, he could merge several companies and instantly establish a large company that was the number one in the industry.

Zhao Qian thought to himself: "Haha ..." The more trouble you all cause, the more I like it. "

## C218 Yang Hu's Injury

For the sake of safety, Yang Hu had sent more than a dozen of his lackeys to protect Zhao Qian. These people were all brothers that had followed him to become special forces soldiers, and all of them were experienced and experienced.

Zhao Qian was more careful, he stayed at home and didn't go anywhere until Yang Hu found the killers.

In the evening, Liao Xiaoyun called Zhao Qian. He didn't want to answer the call, but thinking that she had already given it to him for the first time and couldn't do it so cruelly, he still picked up the phone.

"Hello." Zhao Qian said weakly.

Liao Xiaoyun did not speak immediately. After a long silence, she finally replied, "What are you doing? "Why didn't you call me?"

"Your father wants to join hands with others to deal with me. I'm still in a dilemma on what to do." Zhao Qian replied honestly.

Liao Xiaoyun's heart tightened as she asked guiltily, "Can you not go against them on my account?"

Zhao Qian laughed and replied, "You have to understand the situation. It's not that I want to go against them, it's that they want to go against me. Even if I tried to avoid them, they would still come after me. You'd better persuade your father not to work with Wang's estate. Otherwise... We can only be enemies. "

Liao Xiaoyun immediately burst into tears. No one could accept such heartless words from someone they liked.

But there was no other way, she knew in her heart that what Zhao Qian said was the truth. He intentionally avoided it, so Wang Qiang might not let him off.

Right now, the only way to save their relationship was to persuade Liao Bixiong not to work with the Wang family. There was no other way.

"Okay, I'll talk to my dad again. Give me some time, and you can't go against my dad unless I give up." Liao Xiaoyun pleaded.

Zhao Qian acknowledged and hung up the phone. He went to take a bath and was about to sleep when Liao Bixiong called again.

"Are you fucking funny? If you provoke us father and daughter to become enemies, how can you be considered a man?" Liao Bixiong scolded.

Zhao Qian also had a temper, so he directly scolded back: "You are already so old, have you lived this long for nothing? Your daughter doesn't want you and me to be enemies. She wants you to not cooperate with the Wang estate, that's all. "What do you mean by 'I instigated your parents into a feud'?"

Liao Bixiong replied mercilessly, "I don't care about that. I just want to tell you, stay away from my daughter. Otherwise, I won't be polite!"

Zhao Qian confronted him and replied, "Damn! I was going to say watch your daughter and don't let her bother me! Liao Bixiong, for your daughter's sake, I'll give you a chance. As long as you don't collude with Wang Qiang, everything is fine. If you insist on not realizing your mistake, don't blame me for not showing mercy."

Liao Bixiong burst into laughter and scolded ruthlessly, "How the f \* ck do you have the face to say such words? I, Liao Bixiong, have been in the mall for so many years. "You just grew up, and you dare to talk to me like this, you

must be tired of living!"

Having said this, Zhao Qian felt that there was no need to continue. Thus, he hung up the phone and lay down to sleep.

Around 2am in the morning, Yang Hu called Zhao Qian.

Zhao Qian woke up with a start. There must be something urgent for him to make a phone call like this. He quickly answered the phone and asked, "Mr Hu, what's the matter?"

Yang Hu replied very nervously, "Young Master, those people went to your villa to rest. Our people have already followed them to look for a place to rest. As long as we can find out where they are, I will immediately send people to kill them all. "

"Okay, you be careful. Be careful. Since these people were professional killers from Xiangjiang, they must have some ability. Maybe they have guns. You have to be careful. Don't make a move if the chance is bad, safety first. " Zhao Qian warned.

Yang Hu was extremely touched. At this time, Young Master was more concerned about their safety than how to deal with the killers. It was worth it to put your life on the line for such a person!

"Young Master, don't worry. I will be careful and not force anything." Yang Hu promised.

"Yes." I'll wait for your news. "

"Okay, Young Master, I'll go first."

Yang Hu hung up the phone and quickly led the people to move out.

Zhao Qian didn't go back to sleep, he just sat on the bed and waited for news.

When it was 5 in the morning, Yang Hu called. Zhao Qian quickly answered the phone and asked, "Hello, Mr Hu, how was it?"

Yang Hu's voice was a little weak as he replied, "Done. Young Master can go out without worry now."

Zhao Qian saw that something was wrong with Yang Hu's voice and quickly asked, "Mr Hu, what's wrong with you? Was he injured? Is it serious?"

Yang Hu replied weakly, "It's fine, I got shot. The bullet was taken out already, it's fine."

"F \* ck!" Which hospital? I'll be going over right now!" Zhao Qian shouted as he put on his clothes.

Yang Hu didn't want him to come over, so he comforted him, "I'm fine. Young Master definitely hasn't slept at all. It's better for him to sleep well."

"What nonsense are you spouting!" "Hurry up and tell me which hospital it is!" Zhao Qian roared.

Yang Hu could only reply obediently, "The First People's Hospital."

"I'll be right there!"

Zhao Qian immediately hung up and rushed out, driving to the hospital.

Soon, Zhao Qian met Yang Hu.

Just like Yang Hu said, it was fine, the bullet wound was on his thigh. However, Yang Hu had a knife wound on his right arm and his back.

Zhao Qian reprimanded him, "Didn't I tell you not to force it? It's so dangerous, why are you taking action? "

Yang Hu comforted her with a smile, "I'm fine, don't worry, Young Master. The doctor said that I would be fine after a period of rest. "

It was already like this. No matter how much Zhao Qian said, it was useless. Yang Hu's injury could not be healed immediately.

Fortunately, he had dealt with all the assassins, so he could go out safely.

If Jiang Tian dared to hire a professional killer, then he was destined to not have a good ending.

However, this was not the time to settle the score. He had to wait a little longer.

Zhao Qian came to the Fuhai for investment and went straight to Wu Xiaohua's office.

"Young Master, did you not sleep well last night?" Wu Xiaohua asked with concern.

Zhao Qian didn't want to waste time on trivial matters, so he directly asked: "How's the progress on the purchase of shares in the Wang estate?"

Wu Xiaohua quickly pulled out the information and showed it to Zhao Qian.

According to the data, Fuhai Investment already had control over 38% of Wang's property through direct and indirect means, and was currently the second largest shareholder.

Wang Chianglin, the majority shareholder, controls 49 per cent of the shares. The other shareholders had very few stakes.

Zhao Qian had given Wu Xiaohua an order to control the Wang estate in the shortest time possible. It didn't matter if he spent more money, so he bought the remaining minority shareholders' shares as soon as possible.

Wu Xiaohua suggested, "Young Master, I think it's better to take this matter slowly. We can send people to grind with the small shareholders, and one day they will compromise. If we are in a hurry to buy their shares, they will definitely take the opportunity to ask for a high price, and we will be the ones at a disadvantage. "

Zhao Qian was anxious to avenge Yang Hu and did not want to wait any longer. Spend more money, and he'll get it back.

"It doesn't matter, as long as we can control the property as soon as possible, it doesn't matter if we spend more money."

Hearing Yang Chen say that, Wu Xiaohua felt helpless. She felt that this was something that only the second generation of brainless rich people could do. However, he was Young Master after all, and she had to listen to him.

"Alright!" I will finish it as soon as possible and report it to Young Master in time. "

Zhao Qian nodded in satisfaction. He only needed to wait a few more days, then he would be able to settle the accounts with Leyou and the other companies.

## C219 General Assembly

A month passed quickly. With the doctor's permission, Wu Le finally left the hospital.

Zhao Qian reserved the banquet hall for everyone in the Donghai Hotel and called everyone in the group over.

Those ordinary employees had never thought that they would be able to eat here in their entire lives. Each and every one of them was extremely excited.

"Director Zhao, it's all thanks to you. Otherwise, I wouldn't be able to eat the dishes here in my lifetime."

"That's right. I heard that it costs over a hundred thousand to open a private room here, this is way too expensive. "

"Director Zhao, what exactly are you doing? Why are you so rich?"

"..."

Since everyone wanted to know what Zhao Qian was doing, he could only come up with a lie.

"I started out as an ordinary white-collar worker, but I was lucky enough to win the lottery. It just so happened that the company was in a difficult business at the time, so I put my money into it. "Afterwards, the company's management improved, and my equity value increased significantly, earning me almost 20 million..."

Zhao Qian told everyone for more than ten minutes in one breath. Everyone was shocked by his bizarre family history.

"Director Zhao, it's like your life is over!" Ever since you won the lottery, it seems like your luck has never been bad. "

"Yeah, do you have some kind of secret? Tell us about it. "

"Yeah, tell us about it."

"... "

Zhao Qian laughed and replied, "What secrets can I possibly have? It was purely luck. "Or rather, I have a unique vision and can always invest in a company that has a bright future."

Zhao Qian didn't eat much during the entire meal. One person asked a question, and just as he finished, someone else asked a question.

After the meal, Zhao Qian reprimanded everyone.

"Since we've finished eating, let me say a few simple words. The main purpose of today was to celebrate Wu Le's discharge from the hospital and also to let everyone in the team meet him. I won't say anymore nonsense. In two months time, there will be an autumn competition. I hope that Wu Le, Yang Jiankun, and Liu Guang will be able to get in the top three. Are you confident? "

Wu Le immediately replied, "Don't worry Director Zhao, I will definitely try my best to get into the top three."

Liu Guang also quickly followed up: "I also promise Director Zhao that I will definitely work hard to get into the top three."

Only Yang Jiankun didn't dare to make such a promise. He smiled and said, "I can't give Director Zhao any guarantee on his grades. I can only say that I will do everything I can and let nature take its course."

Zhao Qian was not angry with Yang Jiankun's words. Perhaps he was someone with this kind of character, not to mention dying, leaving a path of retreat for himself.

This kind of person was quite tactful and couldn't be called bad. As long as he did his best, Zhao Qian would be satisfied.

Zhao Qian nodded and replied, "Alright, I believe in your determination and ability. Everyone else, listen up. Everyone will have to cooperate with the three of them for the next two months. As long as the three of them can get in the top three, this year's year-end rewards will each be at least a hundred thousand dollars. "

Everyone immediately cheered.

"Long live Director Zhao!"

"Director Zhao, don't worry. We will definitely do our job well and actively cooperate with the training of the three bosses."

"... "

Everyone expressed their opinions, while Zhao Qian laughed out in satisfaction. He said loudly, "Alright, we'll end today's lunch here. Everyone, go back to your work. I'll be waiting for good news. "

Everyone bid farewell to Zhao Qian and left the banquet hall.

Zhao Qian stood up and left after everyone had left.

Wang Jing called just after they left the restaurant.

Zhao Qian smiled and said, "Ah, beauty, why did you take the initiative to call

me? The sun hasn't risen from the west today. "

Wang Jing giggled and replied, "What can I do? It's not like a heartless person like you would take the initiative to contact me." "Then I can only call you myself."

"Haha ..." I'm so touched by what you're saying. Are you free tonight? Come out and contact me with your feelings. "

"I'm free, I'm free right now." Are you free right now? "

"Yes." I'm at the Donghai Hotel, why don't you pass. "

"Sure." I'll be right there. "

Wang Jing quickly hung up the phone and rushed to Donghai Hotel.

Soon, she met Zhao Qian in the room.

Zhao Qian joked, "It's been a while since we've seen each other, you've become even more beautiful now. What? Have a good time with that handsome director? "

Wang Jing rolled her eyes and quickly replied, "Don't speak nonsense. I only have a working relationship with him, nothing more."

Zhao Qian snickered and said, "Why are you so nervous? It was obvious that he was afraid of being a thief. Explaining is concealing, concealing is deceiving. "

Wang Jing grabbed a glass of water and threw it over, while Zhao Qian quickly dodged it. She said faintly, "Boring. Stop talking nonsense and get down to business. The last racing theme film we talked about, we've settled on it. Do you still want to do it? "

Zhao Qian nodded and asked Wang Jing to explain in detail about the script.

Wang Jing then told him in detail about the plot, the actors, and so on.

As a popular director, rare topics, coupled with first-rate movie stars and the flow of fresh meat, it was definitely a box office guarantee. As long as this drama was filmed, it would definitely not be a loss.

However, Zhao Qian didn't want to waste such a good opportunity. He said to Wang Jing, "I will decide on the second female lead, and I need to change the character's personality."

Wang Jing nodded and asked, "You want Wu Xin to be the second female lead?"

Zhao Qian gave a thumbs up and praised, "Smart. The only artiste in my company, so of course I have to give her all the resources."

Wang Jing thought about it for a moment, then nodded her head.

"I can promise you, but you have to let go of some shares. I want to make it up to the other investors."

Zhao Qian nodded and replied: "Sure, I only want 45% of the shares, you can split the rest. How much is the investment expected?"

Wang Jing immediately replied, "300 million. If you want 45% of the shares, you'll have to pay 150 million."

Wang Jing actually wanted to play with such a simple math problem. Zhao Qian asked with a smile, "That 15 million is my gift to you?"

Wang Jing covered her mouth and laughed, asking, "Are you going to spend

15 million just for marrying me?"

Zhao Qian laughed and asked, "Then how much do you want?"

Wang Jing replied without hesitation, "At least three to four billion! When have I earned enough money to propose to me? "

Zhao Qian stood up and walked to Wang Jing's side. He whispered, "If I can offer 4 billion, you'll marry me immediately?"

Wang Jing felt that it was impossible for him to take out that much money, so she deliberately replied, "Yes, if you can take out 4 billion now, I will go home immediately and take my account book to prove to you."

Zhao Qian knocked on her head and cursed: "What are you daydreaming about! I have four billion and I propose to you? You should be waiting for me to propose to you! "

Wang Jing was in so much pain that she was on the verge of tears as she scolded, "Bastard, no matter how much you're joking, can you please lower your hand a little? Is there anyone who would hit a girl so hard? "

"Oh, I'm sorry, it's my fault. In order to apologize to you, I want to invite you to a fight to the death. I want you to eat dinner and go to the movies.

Wang Jing immediately laughed and asked, "Really?"

Zhao Qian took out his black card and put it in Wang Jing's hand. He replied, "Just randomly swipe it. The password is 3, 6, 3 8."

Wang Jing played with the black card in her hand and praised, "Yo! Not bad! I even got the black card, but I didn't even get it. Just where did you come from, to be so powerful! "

Zhao Qian embraced Wang Jing and smiled, "How about it? Do you think that your brother is so awesome that you can't extricate yourself and fall in love with me?"

Wang Jing threw the card back and pushed Zhao Qian away, cursing, "Bastard, use a fake card to trick me. However, I don't care if your card is real or fake. You have to do as you say if I'm going to go through a bloody fight, have dinner, and go through a movie. "Let's go, let's start fighting with our lives on the line."

## C220 It Was You Who Took the Initiative

Zhao Qian brought Wang Jing to the National Gold Shopping Center and told her to buy whatever she wanted.

No matter how rich a girl was, as long as she could fight without limits, she would be happy.

Wang Jing didn't lack famous clothes, cosmetics, bags and the like, but she still bought a lot. She might not be able to use these things, but she could enjoy the pleasure of shopping.

Time flew by quickly. It was about to get dark, so Zhao Qian brought Wang Jing to a western restaurant for a meal.

They had just arrived at the entrance to the dining room when Yang Ming and Wang Hanxu, Wang Qiang, Zhang Yang, Wang Xinxin, and two foreigners arrived at the entrance.

Yang Ming became angry when he saw his dream lover being together with Zhao Qian. He sneered and asked, "You actually dare to come out? Aren't you afraid of dying on the streets?"

Zhao Qian laughed and replied, "You're not dead yet, how can I walk in front of you?"

Zhang Yang laughed and asked, "Who is this person beside you? The rich and beautiful lady who just got hooked up with us recently? "

Zhao Qian tit for tat, replied: "Speaking of being close to rich lady, I certainly do not have Mr Zhang's experience. After going to the United States for a few years to study, he came back and became a rich woman, becoming the company's manager. Now that the rich woman was pregnant, Mr Zhang was

in charge of the company. Tsk tsk tsk tsk ... This kind of jumping speed, only Mr Zhang, who is well versed in the art of eating soft food, can do it. "

Zhang Yang was furious and shouted, "What the f \* ck are you saying? "I'm a fucking Harvard Business School graduate, how can I not be qualified for this position?"

Zhao Qian nodded and replied, "Definitely capable. After all, your business school has learned how to take advantage of others these few years. "Haha ..."

Zhang Yang clenched his fist and immediately wanted to go up and hit Zhao Qian.

Wang Qiang quickly pulled him back and comforted him, "Why does Mr Zhang have to lower himself to the same level as him? Why should I be angry with someone who is about to die?"

"Haha ..."

Everyone laughed.

Zhao Qian knew they were talking about Jiang Tian asking the killer to kill him, so he asked: "You guys keep saying I'm going to die, what, do you guys have any news?"

Wang Hanxu laughed, "Even if we do, why should we tell you? "Let's go, ignore him. When he's dead, we can burn incense for him."

"Haha ..."

Everyone laughed and turned to enter the dining room.

Wang Jing had not spoken a word since the start of the conversation. When everyone had walked in, she asked in concern, "What's the matter with you?"

Who did I offend? Why would they say that you would die? "

Zhao Qian quickly comforted her, "It's fine, don't listen to their nonsense. "Let's go and eat."

However, Wang Jing did not believe that Yang Ming would say that if Zhao Qian wasn't really that dangerous. She immediately pulled at Zhao Qian and asked seriously: "Zhao Qian, I'm very serious right now. What exactly happened? Who did you offend? "

Zhao Qian pretended that he didn't have much time left and replied, "Why are you doing this? Isn't it good to let me enjoy this period of time? "

Wang Jing's eyes immediately became watery, no longer the queen she usually was. She asked nervously, "You bastard, just who did you offend? In that group just now, no one would be ruthless enough to take your life, right? "

Zhao Qian purposely sighed and walked into the restaurant while hugging Wang Jing. He said, "Let's eat first. After dinner, let's find a place with no one to talk."

The two of them found a table near the window and sat down. They ordered steak and spaghetti, and also some red wine.

Zhao Qian pretended to look sad on the surface, but he was actually very happy and happy to eat.

However, Wang Jing was different. She had no appetite at all. In her mind, she kept thinking about how she would deal with Zhao Qian if he was killed.

Zhao Qian raised his glass and said, "What are you daydreaming for?" "Here, cheers."

Like a puppet, Wang Jing mechanically raised her glass and took a sip.

Very soon, Zhao Qian finished his meal and asked, "I've finished eating, do you still want to eat more?"

Wang Jing didn't have any appetite. She shook her head and quickly put the money on the table. Then, she pulled Zhao Qian out.

Zhao Qian asked, "Where are we going now?"

Wang Jing pointed at the motel not far away and said, "Over there."

Zhao Qian almost couldn't hold back his laughter as he took her to get a room.

When they entered the room, Wang Jing asked with tears streaming down her face, "It's quiet now. Tell me honestly, who did you offend?"

Zhao Qian shook his head and replied, "Don't ask anymore, I can handle it myself."

Wang Jing immediately burst into tears and asked, "How are you going to deal with this? I want to see if you can handle it! "Sob, sob ..."

He couldn't tell her yet. Once he did, Wang Jing wouldn't be so worried.

Zhao Qian hugged her and patted her back gently. He comforted her, "Idiot, I'm fine. Even if I can't handle it, as long as I can spend these days with you, I won't have any regrets. "

"I don't want you to say that, sob sob..." Tell me, who is it? "You're fast ..."

Zhao Qian immediately kissed it and Wang Jing immediately fell silent.

Everything went smoothly. Not only did Wang Jing not resist, she even gave

an intense response.

After a storm, Zhao Qian carried Wang Jing and prepared to sleep.

However, Wang Jing couldn't fall asleep. She held Zhao Qian's face with both hands and asked, "Bastard, can you tell me who is it now? If you don't tell me, and I keep being so worried, will you bear it? "

Zhao Qian sniffed and replied, "I'm afraid that if I told you, you would get angry."

"I promise you, no matter how strong my opponent is, I won't be angry. As long as you honestly explain it to me. Rest assured, no matter who the other party is, I will definitely do my best to save you. "

"Yes ..." It's the owner of Leyou, Jiang Tian. "

"Ah?" Who? What swimming? "

"Leyou. The owner of Leyou, Jiang Tian. "

Wang Jing was stupefied for a moment. She had never heard of this company before, nor of this person's name. Only now did she realize that she had been tricked.

"Bastard, how dare you scheme against me!"

Wang Jing was furious. She got up, touched the phone beside the bed and smashed it on Zhao Qian's head.

Zhao Qian didn't expect her to be so merciless. He couldn't dodge in time and a big bump instantly appeared on his forehead.

"Aiyo!" F \* ck me! You really can bear to do this! " Zhao Qian shouted while

covering his forehead.

Wang Jing's temper was plain to see. Since Zhao Qian dared to scheme her into bed, how could she bear with it? He ignored the swelling on Zhao Qian's forehead and continued to smash him with the phone.

"I told you to lie to me! "I told you to lie to me ..."

Wang Jing shouted as she smashed the door. She was so angry that her teeth were itching.

Zhao Qian was furious. He punched the phone and sent it flying, crushing Wang Jing beneath him. He roared, "If you continue to call me, I won't be polite to you."

"Bastard, why aren't you being courteous?" Wang Jing didn't cower in the slightest.

"F \* ck, I don't understand. Just now, you were crying and worrying about me. Why did you react like this the moment I said it?" Zhao Qian asked gloomily.

Wang Jing immediately retorted, "No sh \* t! Would I have thought it was some big shot, the boss of a small company I didn't even listen to, who needed to be so scared? "You are clearly putting on an act for me, let me get a room!"

"Wah!" I swear to God, it was you who took the initiative to get a room, not me. Furthermore, even if it's just a small boss, don't tell me you're not worried about my safety? " Zhao Qian continued to ask.

Wang Jing snorted and replied, "Can it be the same? If it's someone very powerful, I might not be able to save you. Of course I'm worried. A little shop owner, do I have to worry? You think I'll get a room with you? "

Wang Jing pulled up her blanket and covered Zhao Qian with it, giving him another round of punches and kicks. When she was tired, she lay down on the ground to rest in a huff.

Zhao Qian was furious. He pushed the blanket away and jumped on top of it. If she wasn't taught a lesson, she wouldn't even know what a man was!
