

C31 Rack up

Zhao Qian sent a WeChat message to Wang Qi, asking for the WeChat message of Wang Qi, CEO of film, television, Production Company film, television, online.

He had added Wang Qi as a friend, so it was clear who he was.

"I am Zhao Qian. You are now purchasing all the copyright for 'Treading on the Sky' in the name of the company. Ask the website and the author to keep it a secret and not to publicize the fact that the copyright has been sold out. "

Wang Qi immediately replied and immediately sent someone to contact the website.

Three days later, Wang Qi called Zhao Qian and said that he had already signed the contract. All copyrights for Treading on the Sky were now available online.

Zhao Qian nodded in satisfaction. After hanging up, he turned on the app. He flipped open the 《Heaven Treading in the Sky》 and continued to reward her.

"Qian Gege rewarded 100,000 book coins."

"Qian Gege rewarded 100,000 book coins."

"Qian Gege rewarded 100,000 book coins ..."

Zhao Qian rewarded a total of three hundred million books in one go, while his reward record was being broadcasted in the bounty area. The website and the APP took turns broadcasting his bounty record in a conspicuous position, stunning all the authors and readers.

Then, Zhao Qian left a message in the discussion room: "I have my eyes on the author. No one is allowed to insult him. You can only force the author you like by giving him more book coins. Also, those two platinum Great God, you two are brothers. Just because the Great God has to be tough, it's not shameful to be able to get a rhythm from your own fans. "

Ru Meng looked at the author's notification and was stupefied. Just how rich is this reader? Isn't such a reward a bit too brutal? But this was also good. After all, no one would say that he was writing down the leaderboards, right?

When the two platinum Great God saw Zhao Qian's reward record and messages, they felt extremely sour in their hearts. They were, after all, Great God. Since this matter had already been started, they couldn't back down. They had to force their way down.

The golden-white Great God Cang Tian Qi immediately opened a list to express his attitude. The meaning was very simple. He was just a small author who could write books without worry. He just couldn't bear to see some people play tricks and take shortcuts. That was why he had expressed his opinion, not towards someone.

The Platinum Great God Meng Wancang also stated his position after signing the order. He told everyone in detail how he went from flopping on the street to becoming a Great God. He told everyone that there were no shortcuts to success, and only by slowly accumulating all of it would he be able to succeed. If the bounty was given to the Great God, the rich people could all become the Great God.

The two of them described themselves as white lotuses, and their words revealed their disdain for Dreamlike.

Great God's influence was huge, and almost all of the authors and readers had come to target Ru Meng and Qian Gege.

Dreamlike Dream's novel discussion area had been dominated by all sorts of insults and insults. It couldn't be seen at all. Zhao Qian's Qian Gege account also received countless private messages, all of which were insulting words. They all thought that this was one of Dreamlike's trumpets, calling him shameless. He even opened a trumpet to help him level the rankings.

"Heh heh ..."

After Zhao Qian said this, he immediately gave Ru Meng a reward. This time, it was still three hundred million book coins in one breath.

Then, he continued to leave messages in the discussion area, "Those two low forced the fans of the Platinum Great God to do the same. Other than cursing, they didn't know anything else. They were just like three year old children. If any of you can act in support of them, I admire you too. I solemnly declare that this little book, Dreamlike Dream, I have made a presumption! Weren't you looking down on him? Laozi will let you see it on TV, in the internet, in games, and so on. I want to see if you guys can stop watching TV, surfing the internet, or playing games every day. "

The two Platinum Great God fans did not dare to reply to him. After all, if they acted against him, they would reward him with a few million and they might really do as they said. Dreamlike fans left a message for Qian Gege expressing their support. As long as the movie and television games were available, they would definitely buy a genuine version of support.

Zhao Qian's actions alarmed the website's management. To reward a few million yuan in just a few days was not an ordinary thing. The website immediately made a banner to thank Qian Gege, and also gave Ru Meng's novel a big cover.

A web novel that received millions of bounty rewards exploded on the internet in an instant. Weibo's search for the top three was filled by Qian Gege, Dreamlike, and Treading the Sky.

Dreamlike Dream's popularity had soared, as had the popularity of "Heaven Treading on Heaven". Many people came to see the novel in admiration.

"Holy shit!" The little white script from ten years ago, you can still get popular like this. "

"We don't understand the world of tycoons! With so much money to spend on this book, you might as well buy a Lamborghini to pick up girls. "

"I think it's pretty good. "It's simple and clear. It's very suitable for viewing in your free time."

"At least it's better than those so-called Great God. In any case, if it's filmed on TV, I will definitely support it. "

Regardless of the comments, one thing was certain. The book's attention level had increased, and its exposure rate had reached an unprecedented level. Baidu Index and other new records.

The heavens gave up and Dreamless Dreamless felt terrible. The appearance of the book didn't have much of an impact on them. The point was that this time, they had clashed with each other. As a result, they were getting more and more angry, so they didn't pay much attention to what they said. Other than some iron powder, no one talked about it at all.

The two of them had set up a book for a week, but both of them ended up with fifty thousand yuan. But now, a week had passed and they had not increased or decreased. It looked like they were going to fall below ten thousand.

Everyone had the mindset of conformity with the masses. Whatever most people did, the remaining people would automatically follow and do as they were told. These two Platinum Great God fans were mostly students, their financial capabilities were limited. They had spent their money on Treading

the Sky, so they didn't have the money or time to read their books.

This Platinum Great God relied on the rights fee to eat, how could he sell it for a high price? Naturally, he had to look at more people. But now, their focus was getting lower and lower. What the hell was he trying to do?

Zhao Qian continued to reward Treading the Sky, and after another 100,000, he left a message for Ru Meng: "Within a month, if the quality doesn't fall, update to 600,000 words. On the first of the next month, I'll give you a reward of 1 million. post as evidence. "

Qian Gege was the God of Fortune, and Ru Meng quickly responded.

"Thank you for your support, Ru Meng will definitely fulfill your request without rest this month."

Zhao Qian put down his phone and started to think about whether he should set up an entertainment company. Every time he wanted to do something, he had to use his dad's company. It was too boring.

The next morning, he immediately applied to register for an entertainment company. The office location of the company was next to the office of the Tianxiu Broadcasting Platform. Now, he was just waiting for the capital verification to succeed, and his Mr Qian Entertainment Co., Ltd was established.

On Friday night, after watching Wu Xin's live broadcast, Zhao Qian switched on his phone and prepared to chase the book. He found that someone had sent him a private message. He opened it and saw that it was from Yang Ming.

Other than Zhao Qian, no one knew who the owner of Qian Gege's ID was. However, Yang Ming believed that Qian Gege, who praised "Treading on the Sky", was the same person as Qian Gege who supported Wu Xin.

"I am Yang Ming, the Young Master of Feiyu Group. I didn't want to go against you, but if you support Wu Xin, then you're my enemy. I'll tell you this, I'll definitely take care of the book that was abandoned by the heavens and Meng Wancang. The one called Dreamlike Dream is destined to become cannon fodder. "

C32 Prepare for Reformation

Zhao Qian couldn't help but laugh when he saw Yang Ming's private message. With Yang Ming's family's few taels of silver, they actually dared to compete with him.

He immediately replied to Yang Ming, "Then come on. Whoever dares to provoke me will become trash. "

Yang Ming quickly replied with only three words — wait and see.

Just like that, Yang Ming immediately gave each of Forsaken Heaven and Dreamless a reward of five million yuan. The next day at noon, the website released a message, saying that the two Great God's books had all been bought by Feiyu Corporation.

Heaven forsake, and Dreamless and their work immediately ignited the internet. Yang Ming also spent money to buy Weibo search, Baidu index and so on, creating the illusion that these two books would become this year's windfall.

The adaptation of the work would take a long time, from a year to a half, to three to five years or more in the long run. According to common sense, it would take some time for the two of them to determine the victor.

But with Zhao Qian's impatient character, he wanted to see Yang Ming suffer a crushing defeat. As such, he immediately started the program to film the introduction of "Heaven Treading on". His company would need a little more time to verify its capital, but the screenplay could begin.

Zhao Qian contacted Wang Qi and told her to meet him.

Two days later, Wang Qi arrived in the Eastern Ocean by plane from Yanjing.

Dreamlike also flew from Huadu to the East China Sea. The three of them met at Donghai Hotel.

Zhao Qian had told Wang Qi in advance that he was not allowed to reveal his identity, he only said that he was an assistant.

What surprised Zhao Qian was that this Ru Meng was actually a beautiful young girl.

"Are you sure it's the author of 'Treading on the Sky'?" Zhao Qian asked in confusion.

Ru Meng smiled gently and replied, "It's me."

"Such a quiet and gentle girl like you can actually write such a hot-blooded essay. Amazing."

"Hee hee ..." Thank you for your praise. I read a lot, so I can write it. "

"All right. What is your real name? My name is Zhao Qian, I'm Director Wang's assistant. "

"My name is Huang Yingmeng."

Indeed, she was just like her name suggested. She sounded like a beauty.

Zhao Qian and Huang Yingmeng had a good chat, while Wang Qi appeared to be unnecessary on the side. In the end, Huang Yingmeng felt that it was time to get down to business, so she pulled Wang Qi into the conversation.

Wang Qi told Huang Yingmeng about the adaptation plan according to Zhao Qian's instructions.

Currently, the total number of words in "Heaven Treading Technique" had

reached 500,000. Zhao Qian felt that the top 300,000 words could be listed as a small part of the list. He first modified the 300,000 words to produce the first season. If the first season's response wasn't bad, then he could continue with the rest of the production.

As long as Huang Yingmeng can maintain the quality of her work, this series will continue. You can refer to the kind of rice opera that is divided into many seasons to tell a big, complete story.

Huang Yingmeng nodded, indicating that she understood what he meant. However, she wasn't a professional screenwriter after all. If she was alone, she might not be able to adapt to any good effects.

Wang Qi immediately said, "You don't have to worry about that. Our company has a veteran screenwriter, I can transfer one to help you adapt it." In this way, you will move here to live for a period of time. When you are ready to go back, we will arrange everything for you. "How about it?"

Huang Yingmeng nodded and said, "No problem, she can stay here and start working right now."

Wang Qi nodded his head and pretended to command, "Little Zhao, arrange something for Miss Huang. I'm going to take a trip back to the Yanjing right now, so I'll leave everything here to you. "

Zhao Qian quickly replied, "Understood. "Director Wang, don't worry, I will definitely arrange something for Miss Huang."

Wang Qi nodded and told the waiter to serve the dishes.

After dinner, Wang Qi left directly. Zhao Qian took Huang Yingmeng out to buy some daily necessities and changed clothes before returning to his villa.

"Miss Huang, you can stay here from now on. This is the company's arranged

room for me, I have enough rooms, I hope you don't mind. I promise that I will respect you and not disturb you. "

Huang Yingmeng smiled and replied, "Don't say that. I'm the one disturbing you. I should be embarrassed."

"There's no need for us to be embarrassed. Hurry up and see which room we like."

Huang Yingmeng nodded and immediately went to choose a room.

After dinner, Huang Yingmeng immediately went back to her room to work. She still had to fulfill Qian Gege's update request, otherwise, she wouldn't be able to get the 1 million bounty.

Two days later, the screenwriter sent by Wang Qi arrived. Her name was Xu Ying, and she was a veteran screenwriter in the industry. She had participated in many high-end movie and television shows.

Xu Ying also stayed in Zhao Qian's villa and started to adapt the work with Huang Yingmeng.

After another week, Zhao Qian had his business license and other documents ready. Now he could legally run it. The company's first project is to "buy" all of the copyright in "Treading the Sky" from the online hands of film and television, under his sole responsibility for development.

At work on Monday, Wang Qiang made things difficult for Wu the moment he arrived at the company.

"Zhao Qian, you haven't been working very seriously recently?" Either he was late or he left early. Do you want to do it or not? "

Zhao Qian laughed and replied, "I am working. This is the task Director Faang

assigned to me, I do not need to take responsibility for it. I won't be doing the work of the Planning Department from now on. I'll be responsible for collecting orders. "

Wang Qiang laughed out loud and asked, "What do you take yourself for? You got lucky and took Xingyuan's order, did you really think of yourself as a shop assistant? The order Wang Chuan got from Feiyu is much bigger than yours. He also didn't say that he would only be responsible for taking the order from now on, so you're not ashamed at all. "

Zhang Yuan had not been angry with Zhao Qian for quite a while, so he felt really bad inside. Seeing Wang Qiang making things difficult for Zhao Qian, he also got involved.

"Young Master Zhao, since you said you were going to get the ticket, then did you get it? As long as you get it, we have nothing to say. If you go out to play and get paid, won't it be a loss for all of us to work hard every day? Everyone, is that right? "

The others also joined in the jeering, saying that Zhang Yuan was right this time. They asked if Zhao Qian had obtained the form.

At this moment, Faang Ni walked in.

"What's going on? "How could it be so noisy?"

Wang Qiang quickly replied, "Director Faang, recently, didn't Zhao Qian always retreat early? I was worried that he might affect the enthusiasm of my colleagues, so I asked him what he did every day. He actually said that he was now in charge of the project and would no longer be in charge of the program department. And he said you told him that, didn't he? "

Faang Ni didn't tell Zhao Qian she was going to get the ticket, but since he said so, she had to give him a round.

"Yes!" Yes, I told him to get the ticket. I find that his business skills need to be more prominent and that he should be able to make use of his leadership. "

Wang Qiang was speechless. He turned around and asked Zhao Qian: "Then do you have any idea after so many days? Don't say you haven't made any progress at all. "

"You don't have to worry about that. I'm not interested in the next project. If you want to take it, then take the big one."

At this moment, Zhang Yuan interrupted again. He thought of a way to make Zhao Qian lose face.

"Large project? Then, do you know the popular online novel "Heaven Treading" recently? According to the grapevine, the entire copyright in the book has been bought by some company. If you can find this company and win over the game development project, then that would be amazing. It should be a big project now, right? Do you have the ability to bring in an order? "

After saying that, Zhang Yuan looked at Zhao Qian with an evil smile, waiting to see him make a fool of himself in front of everyone.

C33 Recruitment of Talent

When everyone heard that Zhang Yuan actually told Zhao Qian to get the game order for Treading the Sky, they immediately told him not to make things difficult for them. Exactly which company bought the copyright but didn't even know, where would Zhao Qian get the order from?

Zhang Yuan immediately replied, "That's how you can show off our Young Master Zhao. If it's the kind of order you get so easily, are you in balance? Everyone had to work overtime every day, but he was free and at ease. As long as he can get this order and he doesn't come to work in the future, Director Faang will continue to pay him. I don't have a single complaint. "

Zhang Yuan's words were so heartbreaking that everyone stopped talking.

Faang Ni immediately reprimanded him, "Zhang Yuan, don't cause trouble!"

Zhang Yuan quickly explained with a smile, "Director Faang, you misunderstood me. I didn't cause any trouble. Wasn't this to make everyone feel better? No one said anything, but their hearts were unbalanced. How could work have any passion? "This has a huge impact on the company. "

Wang Qiang also quickly agreed with Zhang Yuan and said, "Director Faang, I think what Little Zhang said is right. Besides, how would he know if he didn't try? Zhao Qian could even get an order for Xingyuan, but this might also be possible. Letting him try is not a loss to us. "

Faang Ni still wanted to say something, but Zhao Qian interrupted her.

"Haha ..." Mr Wang and Zhang Yuan are right, I should try, otherwise it would be unfair for everyone. I happened to be a fan of the book and had added a fan base. I'll go talk to the author and see if I can figure out which company bought the rights. "Then I'll go back now, do you have any objections?"

Faang Ni immediately said with a smile that she had no objections. Wang Qiang and Zhang Yuan also laughed and said that they had no objections, but their laughter clearly showed that they were gloating.

Zhao Qian nodded, waved goodbye to everyone and went to the Finance Department.

Although the company was established, there were no employees. Zhao Qian quickly posted a recruitment notice online.

Not long after the recruitment announcement was sent out, someone called to inquire about the matter. Zhao Qian didn't want to waste their time, so he communicated with the other person over the phone.

At the moment, Zhao Qian needed experienced employees who could get started immediately. He did not have the time to slowly nurture a new person. This was also the usual style of a tycoon. To them, time was money and they would not waste time in nurturing a new person.

The first candidate was a fresh graduate, and Zhao Qian directly eliminated him. He had been on the phone all morning. Many people repeated their questions and he was about to puke.

He revised the offer and listed his requirements and benefits in detail, stating that those who thought they met the requirements could make an appointment by telephone.

It wasn't until the evening that someone called. She called herself Yuan Mi, a professional manager.

Zhao Qian chatted with her for a while and felt that she was indeed experienced, so he invited her out for dinner.

At seven o'clock, the two of them met at the Grand Emperor Hotel. To Zhao Qian's surprise, the other person wasn't that old, at most he was only thirty years old. At this age, with such vast experience, he was indeed a talented person.

"Hello, my name is Zhao Qian."

Zhao Qian stretched out his hand.

Yuan Mi also stretched out her hand and replied with a smile, "Hello, Director Zhao. My name is Yuan Mi, it's nice to have dinner with you."

Talented people are talented people, this speech is very particular, you, not you.

Zhao Qian brought her into a room. They ordered some dishes and chatted as they ate.

"Where did Miss Yuan live in the past?"

"If it's not too high, then so be it. I was working in Feiyu before."

"Feiyu? Haha ... What a coincidence. "

"What is it? Director Zhao also worked at the Feiyu before? "

"No, I don't like those small companies. What I mean is that I have some conflict with the Young Master of Feiyu, Yang Ming. He's trying to do something to me now. You came to me at this time to apply, could it be that you're not a spy sent by him? "

Yuan Mi quickly put down her chopsticks and solemnly assured Zhao Qian that she was definitely not a spy. She left a month ago because Yang Ming wanted to follow the rules. She felt that her ability was not bad, there was no

need for her to sacrifice her body in exchange for anything, so she resigned.

Zhao Qian laughed loudly and said, "That grandson, Yang Ming, really cannot stop himself from eating sh * t. "Oh, that's not right, that's not right. I'm not saying that you're a piece of sh * t. What I mean is that he's still as bad as ever."

Yuan Mi smiled as she shook her head, saying that it was alright, Yang Ming was indeed a dog that couldn't stop himself from eating sh * t.

With Yang Ming as their common enemy, Zhao Qian and Yuan Mi quickly started to chat. Zhao Qian not only saw ability, but also saw if his values were in line with his own, whether it was fate or not. Obviously, Yuan Mi fulfilled all the requirements.

After dinner, Zhao Qian immediately signed a cheque for one million to Yuan Mi.

"This is your first year's salary. If you do well, you will be paid a bonus and a bonus early next year. If you can accept it, you can take the check. "It's unacceptable. You can leave now."

Yuan Mi hesitated for a moment and replied sincerely, "Director Zhao, one million is not even worth mentioning in our industry. But it's not that I can't accept it, it depends on how much stage you can give me. To tell the truth, I have enough money to spend for the rest of my life. As long as I don't lose my family, I can guarantee that I won't have to worry about food and clothing. I want a sense of achievement now, if you know what I mean. "

Zhao Qian nodded and replied, "Although my company has just been established, its starting point isn't low. Do you know of 'Heaven Treading on Heaven'? "

"Got it."

"I was the one who brought out this book, and I have the copyright. The author is currently working on a screenplay at my house and is about to start a series of TV series. "As long as you have the ability, you can make a name for yourself with this IP."

Yuan Mi stood up excitedly and replied with a look of disbelief, "Director Zhao, you're that Qian Gege?"

Zhao Qian didn't say anything else. He took out his phone, opened his reading app, and clicked on his account. Yuan Mi took a look and was completely sure. Without another word, she hurriedly picked up the cheque.

"Director Zhao, from now on, I'm yours."

"Haha ..." Good. I have to tell you something. I don't want anyone else to know who I am. Not even the author of Treading on the Sky. Do you understand what that means? "

"Understood. Truly rich and powerful all keep a low profile, I understand. "

Zhao Qian chuckled, paid the bill and left. He also gave the company key to Yuan Mi and told her to go to work tomorrow to get some office equipment and recruit people. She would be in charge of all of them.

Yuan Mi nodded. She promised Zhao Qian that she would do it well and wouldn't let him down.

Zhao Qian believed that his judgement was correct, so he nodded and said that he believed that she would definitely be able to do it.

"One more thing, I am currently working at Faang Ni Game Production Company, so I am the majority shareholder of this company." "The game development order for Treading the Heavens has been placed here.

Tomorrow, go to the company and sign the contract with me."

"Understood. I'll be there on time at nine tomorrow morning."

Zhao Qian nodded, waved goodbye to Yuan Mi and drove home.

The next morning, when Zhao Qian arrived at the company, it was only around 8 AM. His colleagues were all surprised, asking him why he was here so early. Zhang Yuan even smiled and asked if he knew that the order for "Heaven Treading on Heaven" was hopeless and was prepared to come back to work honestly.

Zhao Qian glanced at him and replied with a smile, "Then you're wrong. I've already settled the order. Their manager will come over later to sign it with me."

"Are you for real?"

"Zhao Qian, are you kidding?"

"It really is the game order for 'Treading the Sky'?"

His colleagues were very excited and gathered around him.

Zhang Yuan immediately shouted: "Impossible, how can you find a company that bought the copyright so quickly and negotiate a deal so quickly?"

Zhao Qian smiled and asked, "Then do you dare to make a bet with me? If someone signs with me later, I'll be happy as long as you learn a few dog barks. If no one signs a contract with me, I'll do whatever you want me to do."
"

C34 A Bet Has Been Made

Zhao Qian proposed the bet to Zhang Yuan, and Zhang Yuan hesitated. But Wang Qiang, Wang Chuan and others encouraged him not to be afraid, overnight, Zhao Qian could not find the company and negotiate the cooperation. As long as he dared to bet, he would win.

Zhang Yuan thought about it carefully and found that it was indeed true. No matter how talkative Zhao Qian was, it was impossible for him to complete such a large order in one night.

So he replied confidently: "Sure! I'll bet you this. If I lose, I can learn to bark like a dog. If you lose, kneel down and kowtow to me, then invite everyone to go to Donghai Hotel for a meal like last time. Everyone, how about it? "

"Alright!"

"Alright ..."

Zhang Yuan is very scheming, using Zhao Qian's money to curry favor with his colleagues. This time, if Zhao Qian lost and invited everyone to go to Donghai Hotel, everyone would only be thanking Zhang Yuan and not Zhao Qian.

Jiang Xiaoqing looked at Zhao Qian with disdain as she said in a low voice, "I've spent almost all the money from the lottery, and you still want to act cool? If you lose, do you have the money to treat us? "

Wang Qiang immediately answered, "That is not what you are worried about. Since Young Master Zhao dared to make this bet, it showed that he was confident. What are you worrying about? We can just wait and see a good show. It can't be that you have yet to have any feelings for him and still feel sorry for him, right? "

Jiang Xiaoqing rolled her eyes at Wang Qiang and replied, "You're crazy! Even if I didn't pursue the matter, I wouldn't have gone back to graze, not to mention a graze like him. I just can't bear to see some people acting so arrogantly. "

With that, Jiang Xiaoqing turned around and returned to her position as the assistant manager.

Wang Qiang revealed a proud smile and even winked at Zhao Qian, provoking Zhao Qian.

Zhao Qian chuckled and ignored Jiang Xiaoqing and Wang Qiang. To him, this gamble was a sure win, but he had no reason to be afraid. Therefore, he smiled and said to Zhang Yuan, "No problem, it's a deal."

Wang Qiang and the others gave Zhang Yuan a proud smile. They felt that this time, Zhao Qian would not be able to act tough and would make a fool of himself in front of everyone.

The bet had been set. Everyone was waiting for the customer Zhao Qian said would sign the contract.

It was almost nine o'clock, but Yuan Mi was not there yet. Zhao Qian was a bit unhappy. Being late on the first day of work was indeed a bit unreasonable. However, he felt that Yuan Mi was not such a person. Something must have happened along the way, so he didn't want any danger.

Zhang Yuan saw that his face was pale and thought that he was scared, so he laughed: "What's wrong? Did he know he couldn't continue acting and was afraid? Don't be afraid. It is merely kneeling down, kowtowing and admitting your wrongs. You don't mind doing such a dishonorable thing anyway. "

Zhao Qian ignored him. He took out his phone and called Yuan Mi.

"Hey, Director Zhao, I'm sorry, something happened to me on the way here and I got hit by a car driving a red light. I was delayed for a while. "I'm heading up now. Please wait a moment."

"Are you okay?"

"It's nothing, I just scratched my leg a little."

"Alright. "Then come over, my boss is here."

"Yes." "Director Zhao, don't worry, I know what to say and do."

Zhao Qian nodded and hung up. Zhao Qian didn't know how Yuan Mi was hurt, so he felt it would be better to welcome her.

He ran out of the elevator and just as he reached the elevator, Yuan Mi came out.

"How are you?"

Zhao Qian quickly walked over to greet her. Her legs and knees were both injured.

"No problem, I can still persevere."

"Persisting my ass!" "Hurry to the hospital, we'll work later."

With that, Zhao Qian pulled her into the elevator.

Yuan Mi quickly declined that they didn't need to go to the hospital. She could really persevere. Zhao Qian ignored her and insisted on taking her to the nearby hospital.

The doctor treated Yuan Mi, prescribed the medicine, and they rushed back.

Yuan Mi was very touched and her affability level with Zhao Qian rose.

The moment the two of them walked into the office, Zhang Yuan smiled and asked, "Zhao Qian, where did you take her to confess to? Do you think you need to? Winning or losing isn't that important, it's just treating everyone to a meal. It's not like you can't afford it. "

"Scram to the side, you have no right to speak."

Zhao Qian did not give Zhang Yuan any face and brought Yuan Mi into Faang Ni's office.

"Director Faang, the customer is here."

Faang Ni hurriedly stood up to welcome him.

"Hello, my name is Faang Ni." "May I know your name?"

"My name is Yuan Mi, I'm here to represent the company to discuss the development of Treading on Heaven with you."

"Sit down, sit down... What's wrong with your leg? "

"It's nothing, I just wiped it. Let's get down to business. Here are our company's information, the requirements for this game, and the rewards that we will give you. "First, you have to see if you can meet the requirements and accept the compensation, then we can talk."

Faang Ni smiled and nodded. She took the folder and started reading.

Zhao Qian was very satisfied with Yuan Mi's performance, which showed that she had done her homework. She wrote down what she wanted and what she

could give. It was quicker to talk this way, and the purpose was clear.

After Faang Ni read it carefully, she nodded and said that there was no problem with the requirements, but the reward was a little too low. With that, she gave the folder to Zhao Qian and let him take a look.

At the end of the day, the majority shareholder of Faang Ni's production was Zhao Qian, and everything was up to him.

Zhao Qian looked at the reward, Yuan Mi was pressuring him to death. Based on experience, Faang Ni's production is estimated to be at most 15% of the profit. Under normal circumstances, a profit below 30% was considered non-profitable. No wonder Faang Ni's reward was too low.

Zhao Qian closed the folder and said to Yuan Mi with a smile, "We can accept the price that Miss Yuan gave us, but on one condition, we will be the ones to do all the following games of this novel. I'm chasing this book, and it's only updated five hundred thousand words. If we were to play the game according to the current plot, we would only be able to create a small part of it.

Zhao Qian had told Yuan Mi before that this game company was his, so he would definitely leave the production to follow up here. Therefore, she nodded her head and said, "No problem. As long as Faang Ni's production can meet the requirements, she can give me the following orders." All this can be written into the contract.

Zhao Qian nodded to Faang Ni and said, "Director Faang, what do you think about this method? For a single order, the profit margin is low. However, as long as the order number is up, the total profits we get from them is still very substantial. "

Faang Ni understood the principle of profiteering. To be able to take all the copyright in Treading on the Sky, the power of a company was definitely not ordinary. As long as this project can be done well, there may be other projects

to work on in the future.

So she nodded, smiled, stood up, and shook hands with Yuan Mi.

"Then we have a deal, we can sign the contract right now."

Yuan Mi replied with a smile. She took out the prepared contract and printed out the supplementary terms on the spot. Both sides will sign and seal the contract and it will take effect.

After the contract was signed, Faang Ni asked when the initial payment would be given. Yuan Mi very generously indicated that she could pay immediately, paying 30% first to finish the product before paying the last payment.

Faang Ni nodded and called the Finance Department's Xiao Liu over, asking her to give the company account number to Yuan Mi.

Yuan Mi nodded and said, "I'll give you guys some money when I get back." You can begin the project now. Once the plot is finished, let me have a look. "

Faang Ni quickly nodded and said that it was no problem. She would definitely be satisfied with the product before starting the production again.

Zhao Qian pretended to be very excited as he ran out with the contract.

Faang Ni smiled as she explained, "Miss Yuan, don't mind me. There's a lot of fun going on between colleagues. I'm just making a bet. Let's go, I'll take Miss Yuan to see our Technology Department. "

Yuan Mi nodded and followed Faang Ni out.

Zhao Qian threw the contract onto Zhang Yuan's table.

"Zhang Yuan, what are you doing here?"

Zhang Yuan was stunned and quickly picked up the paper on the table to read it carefully. The more he read, the uglier his expression became.

"You ... This... How was this possible? "What kind of bullsh * t company is this? Why are you giving me an order so casually?"

C35 Ask for Money

Zhang Yuan's casual words happened to be heard by Yuan Mi and Faang Ni. After all, Yuan Mi had been in the workplace for a long time and had a lot of experience. She knew that Zhao Qian must have had some conflicts with this colleague. Therefore, she wanted to take the opportunity to help her boss.

"Director Faang, your employees don't seem to be very happy with our company. You think we aren't worthy of cooperating with you? "

Faang Ni's face changed as she apologized with a forced smile, "Miss Yuan, please do not misunderstand. The people under your command are ignorant and do not keep their mouths shut. Zhang Yuan, come over here! What were you talking about? Hurry up and apologize to Miss Yuan! "

Zhang Yuan quickly ran over and explained, "Miss Yuan, I'm sorry, I didn't mean it that way. "I ..."

Yuan Mi didn't give him any face and asked, "Then what do you mean? You mean I don't even understand human speech? Did I misunderstand you? "

Zhang Yuan was in a panic. He quickly shook his head and explained that he didn't have that intention. He was just making up nonsense, so he hoped that she wouldn't mind.

"Humph!" You scolded us, and I don't mind! Hehe ... "Director Faang, it's better if the contract we signed just now is cancelled. I don't think there's a need to work with you guys."

Faang Ni was so anxious that she quickly apologized.

"Don't, don't, don't be angry, Miss Yuan. I will definitely give you a satisfactory result in handling this matter." Zhang Yuan, quickly apologize to

Miss Yuan. If she can't forgive you, see how I'll deal with you! "

Zhang Yuan quickly replied, "Director Faang, I apologize, but you saw it yourself. She doesn't accept it."

Yuan Mi snorted coldly and turned around to leave. As she walked, she said that the contract was invalid and that she had a hundred ways to kill them if Faang Ni made them mandatory.

Faang Ni hurried after her to apologize, but Yuan Mi's attitude was extremely resolute and she completely ignored her. Watching Yuan Mi get on the car and leave, Faang Ni ran back to the company angrily.

"Zhang Yuan, are you f * cking looking to die?" Show me the contract. Do you know how much it's worth? If they continued to do so, the company would earn at least tens of millions. You disappeared with a single word! "

Faang Ni angrily walked in. She was so angry that she directly swore.

When everyone heard that the company would lose tens of millions of dollars in profits because of the loss of the order, they were all scared silly.

Zhao Qian didn't lie when he said that he only did big projects. The order was indeed not just a big one.

But what now? Zhang Yuan's single sentence had offended the customer. The tens of millions of yuan in profit was gone.

At this time, Wang Qiang and Jiang Xiaoqing also came out and asked about the situation. Everyone quickly complained to him about Zhang Yuan.

"Mr Wang, Zhang Yuan just said that the customer heard his bad words. The customer is very angry and the order that he signed with us is about to be cancelled. Director Faang said that our company could get tens of millions of

yuan in profit on this order. It's all gone. "

"Why do you think the grudge between him and Zhao Qian involves official matters? He had always been against Zhao Qian, but Zhao Qian never made a fuss about it, and he even actively pulled orders for the company. "It's great now, the ducks in my mouth have flown away."

Everyone was complaining to Wang Qiang about Zhang Yuan, making him feel embarrassed to speak up for Zhang Yuan.

"Zhang Yuan, why don't you know what's important and what isn't? How can you destroy the company's order? "

Zhang Yuan quickly explained, "Mr Wang, I didn't do it on purpose. Sigh ... It's too late to say anything now. "

Wang Qiang picked up the contract on the table and looked at it. This Zhao Qian really had some skill. He really won the order for the production of Treading on the Sky.

Jiang Xiaoqing, who was at the side, also saw this and was extremely shocked.

"What's wrong with this guy?" Recently, he seemed to have become a completely different person. Could it be that he has been dumped by me and is about to become angry after taking a blow? But I know how good he is. "Plotting is normal, how can you get such a big order again and again?"

Jiang Xiaoqing thought to herself. The more she thought about it, the more confused she felt. But with the contract in front of her, she couldn't believe it.

At this time, Wang Qiang suddenly made a hypothesis and said, "I've never heard of this company before. Zhao Qian, did you find someone to act together like this? After signing the contract, he purposely angered Zhang Yuan so that the customer would hear his unpleasant words and then cancel

the order. "In this way, you win the bet, but you don't really need to get this order."

Zhang Yuan's eyes suddenly lit up when he heard that. That's right, the possibility is very high. Otherwise, it would be too illogical for Zhao Qian to finish the task in one night with just his mouth.

At this moment, Jiang Xiaoqing spoke up.

"I think that must be it. I know him too well, and I know how good he is. If he is so capable, how can I break up with him when I get the order from a big company? Zhao Qian, tell me, how much did you spend on this actor this time? The little money you got in the lottery doesn't even go to Huo Huoguang? "

Zhao Qian still didn't explain. He just returned to his seat with a smile. Everyone gathered around and asked Zhao Qian to clarify whether this order was real or fake.

Angry, Faang Ni reprimanded, "You still want to quibble at this time and haven't realized your mistake? Zhang Yuan, I'll give you two ways to go. First, get the order back. Second, we'll meet in court. And you, each and every one of you serve the heart of a gentleman; this is truly shameful! "

Wang Qiang was scolded to the point that he didn't dare to say anything. He was afraid of bringing disaster upon himself.

Zhang Yuan panicked and quickly apologized to everyone, "Director Faang, colleagues, I'm sorry, it's my fault. "I didn't mean to harm you all, I just casually said that ..."

At this time, it was useless for him to apologize. Faang Ni was already angry, so her colleagues could not speak up for him.

"Zhang Yuan, the responsibility for this is all on you. You have to think of a way to get the order back."

"That's right. If the company loses tens of millions of dollars in profits, that means our welfare is also declining. We can't all be implicated because of your single mistake. "

"Yes!" Hurry up and get the order back. Last time, Zhao Qian was able to get the order for Xingyuan back, so you have to go this time too. "

Zhang Yuan was terrified. Just now, Yuan Mi didn't even listen to his explanation. He went to her door to plead for mercy, so she would definitely ignore him. He had no choice but to beg Zhao Qian.

"Zhao Qian, if you can get this order, you can definitely get it back. Why don't you come again, and I'll beg you, okay? "

Zhao Qian chuckled and replied, "You didn't fulfill our bet, and now you're asking me to help you out of a crisis, do you think it's appropriate?"

"I ..."

Zhang Yuan was speechless. Everyone had heard about his bet with Zhao Qian, so it was impossible for him to refuse it even if he wanted to. But if he were to shout and learn in front of so many people, how would he have the face to come to work in the future?

When his colleagues saw that Zhao Qian did not directly reject Zhang Yuan's request, it showed that he was confident that he could return the order. That was tens of millions of yuan in profit. All of their bonuses and benefits would be greatly increased. Zhang Yuan had to fulfill the promise of the bet.

"Zhang Yuan, we are all adults, and you are a man. You know the principle of willing to admit defeat, right?"

"Yeah, it's you who wants to bet with Zhao Qian. You have to admit that you lost, don't make us look down on you."

"Hurry up and learn it. Zhao Qian has a lot of manpower, so I won't bother with you." He just wants face, that's all. You can just give it to him. "

The words of his colleagues made Zhang Yuan anxious. But he still didn't want to sound like a dog. Right now, his only hope was Wang Qiang. As long as Wang Qiang could help him, perhaps he wouldn't need to learn to bark like a dog.

"Mr Wang, you ..."

"Don't look for me for this, it's you betting with Zhao Qian, not me. Since everyone is of the same mind, I think you should hurry up and fulfill the bet. "

Zhang Yuan was stunned for a moment and inwardly cursed Wang Qiang for not being human. Before, he was the one who instigated the bet between him and Zhao Qian, but now, he had been completely ignored.

C36 Jiang Xiaoqing Is with Me

Everyone was waiting for Zhang Yuan to learn how to bark like a dog. He couldn't be shameless even if he wanted to. He comforted himself. Everything was for the sake of his family. For the sake of living, he had to endure!

"Woof woof woof ..."

Zhang Yuan finally shouted out, while his colleagues immediately lowered their voices. However, they quickly retracted their smiles and forced themselves to come up with an excuse.

"You see, it's no big deal. You haven't lost a piece of meat either, have you? "

"Exactly. Didn't you save a lot of trouble by shouting earlier? "You don't need to be scolded by Director Faang."

Zhang Yuan smiled awkwardly and didn't bother with his colleagues. He immediately asked Zhao Qian if he could go and collect the orders.

Zhao Qian nodded with a smile and replied, "Yes, yes. But I can't go to the door empty-handed and ask for an order, can I? At the very least, he had to buy her a present and also buy her a meal. Don't you think so? "

Everyone immediately agreed with Zhao Qian's words. This was indeed the unspoken rule of the shopping mall. Business was discussed at the table.

Zhang Yuan had no choice but to ask Zhao Qian how much money he wanted.

Zhao Qian shook his head and replied, "You are mistaken. It's not that I want money, but that we need funds to negotiate a business deal. As long as you promise me, I will immediately pay whatever I consume and how much you reimburse me. "

"Then if you go to the Donghai Hotel to eat for a few hundred thousand, then I still don't have the money to reimburse you."

"Don't worry, I'm not someone who can take advantage of someone when they are in a dangerous situation." At most, he would go to some of the more upscale places and spend less than 10,000 yuan per person. That should be fine, right? If it's twenty thousand dollars, I think it would be worth it to return several tens of millions of dollars' worth of profits. Everyone, is that right? "

Everyone immediately nodded in agreement with Zhao Qian's words. An order for tens of millions of yuan in exchange for 20,000 yuan must be accepted.

At this time, Faang Ni also spoke up, asking Zhang Yuan to agree to Zhao Qian's request. If he went to court, he would have to pay more than 20,000 yuan.

Under the persuasion of the crowd, Zhang Yuan finally nodded his head. The company continued to receive orders this year. At the end of the year, there would definitely be a lot of them.

Zhao Qian smiled and nodded. He deliberately winked at Wang Qiang and Jiang Xiaoqing. Under everyone's gaze, he walked towards the office door with everyone's expectations.

Wang Qiang and Jiang Xiaoqing were very unhappy and looked at Zhao Qian with enmity.

Jiang Xiaoqing was furious, so she went up to Zhao Qian and stopped him.

"Zhao Qian, wait a moment." Zhang Yuan has agreed to your conditions, and everyone has great expectations for you. You've got to give everyone a

reassurance pill that you can get the order back. Everyone is clear about your relationship with Zhang Yuan. It would be unkind of you to take the opportunity to spend twenty thousand dollars on him without catching the order. Is that true? "

Everyone nodded, feeling that Jiang Xiaoqing's words made sense. With the relationship between Zhao Qian and Zhang Yuan, it was indeed possible for him to take the opportunity to take revenge.

Zhao Qian chuckled and went back to his seat. Then he said to Jiang Xiaoqing, "Alright then. Go and help him catch up with the order. I don't have to smile. In any case, the company belongs to Director Faang, so the promotion of the welfare benefits should be treated equally. It won't be given to me alone. So, why do I have to do things that are hard to do? "

Faang Ni shouted angrily at Jiang Xiaoqing, "Is there something wrong with your head? "Go and get the order back for me. I'll reward you with forty thousand yuan. Go."

Noticing that Faang Ni was angry, no one dared to say another word.

Jiang Xiaoqing quickly explained, "Director Faang, don't misunderstand. I have no other intentions. "I just want to give Zhao Qian a bit of pressure so that he can try his best to get the order back. It's not that I don't trust him."

"Too much trouble!" If any of you say another word, then go and get the order yourself. "

No one dared to look at Faang Ni. All of them lowered their heads in silence.

Faang Ni changed her smile and said politely to Zhao Qian, "Zhao Qian, don't lower yourself to the same level as them. Hurry up and give it a try. If you really spend too much, the company will reimburse you.

Zhao Qian shook his head and replied, "I said no, Director Faang should just let Jiang Xiaoqing go."

Jiang Xiaoqing frowned and immediately said, "Zhao Qian, enough!"

Zhao Qian ignored her and started playing with his computer.

Faang Ni turned her head and glared at Jiang Xiaoqing, reprimanding her, "You still talk too much? I will give you two choices. One, ask Zhao Qian's forgiveness and let him continue to retrieve the order. Second, pack your stuff and get out of here! "

Jiang Xiaoqing didn't dare to disobey Faang Ni's wishes, but she didn't want to beg Zhao Qian so she turned to look at Wang Qiang.

Wang Qiang was a smart person, he would never offend the boss for a woman. Therefore, he advised Jiang Xiaoqing to apologize to Zhao Qian, and to put the interests of the company first.

A trace of disappointment flashed across Jiang Xiaoqing's eyes. Wasn't it due to her abandoning Zhao Qian and following Wang Qiang that she took a fancy to his position? He couldn't protect her at a critical moment, so what was the difference between that and Zhao Qian?

At this time, Zhao Qian shook his head and said, "Don't apologize to me, I won't accept. I won't be going anyway, Director Faang better find someone else. "

Jiang Xiaoqing bit her lips and bowed to Zhao Qian, saying, "Sorry, it was my fault. I shouldn't have said that. The grudge between us, don't involve official matters. As long as you can get the order back, I'll do whatever you want to apologize. "

Zhao Qian smiled evilly and replied, "Really? "Sure, then come with me."

Jiang Xiaoqing's heart tightened as she subconsciously looked at Wang Qiang. Wang Qiang looked calm, but he was panicking. Could it be that Zhao Qian was trying to take advantage of the situation?

Jiang Xiaoqing was also worried that Zhao Qian would take the opportunity to make things easier for her, so she replied with a smile, "I'm just a small assistant. I don't know anything and can't help you."

Zhao Qian chuckled and said that since she wasn't going, he wouldn't go and let her choose on her own.

Faang Ni knew Zhao Qian definitely wanted to take this opportunity to take revenge on Jiang Xiaoqing, so she wanted to help him.

"Jiang Xiaoqing, why is it so hard for you to contribute to the company?"

Jiang Xiaoqing hurriedly replied, "No, Director Faang, you misunderstood. It's not that I don't want to help the company, it's just that my ability is limited and I can't help much. "

"Cut the crap!" Either go with Zhao Qian, or get out! I put the words here, as long as Zhao Qian proposed, the whole company must cooperate unconditionally. Currently, the most important thing for the company is to get the order back. If anyone dares to drag us down, get lost! "

Faang Ni turned around and walked back into the office.

Jiang Xiaoqing and Wang Qiang looked at each other for a while before finally nodding in agreement.

Zhao Qian chuckled as he stood up, deliberately winked at Wang Qiang and said, "Mr Wang, don't worry. I will take good care of her and not let her be bullied."

Finishing his words, Zhao Qian signaled to Jiang Xiaoqing to set off immediately.

Wang Qiang felt disgusted as if he ate a fly, but he couldn't do anything about it.

Jiang Xiaoqing was worried about his thoughts, so she whispered, "Don't worry, I will take good care of myself. If he dares to have any thoughts about me, I will definitely not let him off. "

Wang Qiang could only force a smile and nodded at her without saying anything.

Jiang Xiaoqing chased after him and got into Zhao Qian's car. She habitually sat in the front passenger seat, but she felt that it was not right and quickly went back to the back seat.

Zhao Qian had a smile on his face as he started the car and drove to the Finance Building.

After a moment of silence, Jiang Xiaoqing couldn't help but ask, "Zhao Qian, why did you call me out?"

Zhao Qian replied with a relaxed expression, "It's not interesting at all. I just wanted to drag you out and run errands for you. When we get there, you stay in the car. I'll go up and talk to her. If you don't listen to me, I'll report it to Director Faang. If you are punished in any way, it will be your own fault. "

Jiang Xiaoqing was both disappointed and angry. She thought Zhao Qian wanted to take the opportunity to get her alone so that he could chase her back. She didn't expect him to be so abnormal.

She immediately scolded, "Zhao Qian, you're a bastard!"

C37 Prepare for Battle

Seeing Jiang Xiaoqing's angry expression, Zhao Qian laughed out comfortably.

Soon, the car stopped in the parking lot below the Finance Department building. Jiang Xiaoqing sat angrily in the car and did not move. Zhao Qian went up to find Yuan Mi.

Zhao Qian arrived at the tenth floor. However, he did not go directly to Yuan Mi. Instead, he went to the office on the Tianxiu's broadcast platform next door.

When the front desk girl saw the customer, she immediately smiled and asked: "Hello, mister, what can I do for you?"

This front desk young lady's performance was very comfortable, unlike the front desk young lady from Xingyuan who looked down upon people with her dog eyes.

Zhao Qian replied with a smile, "Yes, I want to talk to your CEO Hong Xiu. Can you please give her a call and tell her that Zhao Qian has come to find her?"

"Yes sir, please wait a moment."

The receptionist called Hong Xiu's extension, saying that someone called Zhao Qian was looking for her.

Hong Xiu quickly hung up the phone and ran out. However, in order to not arouse suspicion from the employees, she quickly calmed down. She walked to the front desk and asked, "You're here. Come in."

Zhao Qian nodded with a smile and followed Hong Xiu into her office.

Hong Xiu very politely gave her seat over and said, "Director Zhao, take a seat, I'll get you a glass of water."

Zhao Qian shook his head and replied, "No need, I came here to do something and came to take a look. Oh yeah, I opened the Mr Qian Entertainment company next door. From now on, help me take a look. However, according to the old rules, you are not allowed to reveal my identity. "

"Understood. "Director Zhao is amazing, it hasn't been too long since you started a company."

"Hehe ..." It's nothing. "Oh yeah, how's Wu Xin recently?"

"It's not bad. After that video incident, it didn't matter how much the troll army discredited her now. The fans and the audience could no longer believe her. According to your instructions, we have been packaging her for promotion. Right now, she broadcasts every day. If the number of people online during her peak period can reach one million, it would be above at least five hundred thousand. "

Zhao Qian nodded in satisfaction. In less than two months, it was already quite good to have this kind of result. This sort of thing could not be rushed, as people's popularity was slowly accumulating.

After the two chatted for a while, Zhao Qian left the Tianxiu Broadcast and went to the Mr Qian Entertainment next door.

Yuan Mi was giving a few people an interview. Seeing that Zhao Qian had arrived, she told the interviewer to prepare well and to continue after a while. She quickly brought Zhao Qian into her office.

Yuan Mi asked with a smile, "Director Zhao, how was my acting just now?"

Zhao Qian gave her a thumbs up and praised, "Not bad, your brain is very active. Go ahead and continue the interview, I'll lie down here for a while. "

"Then does Director Zhao want to drink water?" I'll get you a drink. "

"No need. My limbs are healthy, and I do these little things myself. You should get back to business. "

Hong Xiu nodded with a smile and hurried out to continue the interview. She felt that Zhao Qian was completely different from the other rich people and bosses. Those people had some money and some power. They wished that they could infinitely enlarge and show off their abilities. However, Zhao Qian was very low-key. He didn't bully people and look down on people just because he was rich. This kind of person deserved to be rich for the rest of his life.

Zhao Qian leaned back in his boss's chair and took out his phone to read a novel. As soon as he clicked on it, he realized that it was already the end of the month. It was time for the novels to form their monthly tickets.

However, the two platinum Great Gods that Yang Ming supported had left a message in the discussion area of the "Heaven Treading on", indicating who's monthly ticket was more. This was because a monthly ticket represented popularity. The more monthly tickets, the more fans one had. It was different from a reward.

Ru Meng replied to the two reduced Platinum Great God. She said that she didn't need to compare herself with the two, she only needed to update herself properly.

But these two lows forced Great God to not let her go, they wanted to compete with her. He even asked her if she was worried that her popularity would leak out and she wouldn't dare to compete with him.

It didn't matter if the two platinum Great Gods were really lying or if Yang Ming told them to do it. Zhao Qian would never tolerate them being so impudent.

Wasn't it just a monthly ticket? Who didn't? Zhao Qian got a thousand monthly tickets just by giving ten million book coins previously. He gave more than sixty monthly tickets and still has more than sixty thousand monthly tickets in his hands.

However, these sixty thousand monthly tickets alone weren't enough to guarantee a win. Since he wanted to play, he would have to play larger. Zhao Qian sent Ru Meng a private message, telling her to accept the challenge. He guaranteed that she would win.

Ru Meng quickly replied, asking who he was and if she could come out to meet him. She wanted to thank him in person.

Of course, Zhao Qian couldn't see her, so he directly refused. He only wanted her to announce that she would fight at night, so he definitely couldn't lose face.

Ru Meng quickly replied, saying that she didn't want this title, so there was no need to bother with it.

Zhao Qian replied, "No, I want something that I absolutely cannot allow others to insult. If they want to challenge me, I'll satisfy them. You can just send out a single chapter at noon tomorrow and announce your acceptance."

Ru Meng could only reply well.

Zhao Qian quickly went up to a certain treasure to chat with all the merchants that sold monthly tickets. He directly indicated that he wanted to buy all the monthly tickets in their hands. In addition, if they were able to continue

obtaining the monthly tickets, they could obtain as much as they wanted and even pay in advance.

When the merchants encountered such wealthy buyers, they naturally agreed.

There were only three days of the month left. By noon tomorrow, those Taobao merchants would probably collect all the monthly tickets in the market. When Ru Meng declared that the battle was on, Zhao Qian could ask the Shang family to deliver the goods.

There was a limit to the number of monthly tickets. If Yang Ming wanted the two Platinum Great Gods to win, he would have to pay for the monthly tickets himself. However, a hundred thousand yuan was enough to get a thousand monthly tickets. How much did he have to spend?

The merchants immediately took action, going everywhere to purchase the monthly tickets. No one would be able to get through it. If they didn't get anything for free with the monthly tickets, it would become invalid the next month. If they could sell it now, of course they would.

It was already lunchtime, so Zhao Qian brought Yuan Mi out to eat. When they arrived at the parking lot, Jiang Xiaoqing was already asleep in the car.

"Get up! Do you want to be paid for sleeping during business hours? "

Jiang Xiaoqing woke up immediately after hearing Zhao Qian's words. She was just about to get angry and ask Zhao Qian why he wanted her to wait so long. However, she saw that Yuan Mi was right beside her, so she forcefully swallowed the words that were about to escape her mouth.

Jiang Xiaoqing quickly got out of the car to greet Yuan Mi. "Hello, Miss Yuan."

Yuan Mi's acting was still online as she coldly replied, "What's so good about it? Isn't he looked down upon by the employees of your company?" "Mr Zhao,

let's just forget about it. I really don't have any appetite."

Zhao Qian quickly replied, "Don't worry, Miss Yuan. I definitely won't mention the order. It's just a simple meal. I hope that Miss Yuan will do me the honor. "

Yuan Mi pretended to think about it and nodded. She signaled Zhao Qian to get on the car and then drove her car to lead the way.

Zhao Qian nodded and quickly got on the car. Jiang Xiaoqing also got on the car hurriedly and asked, "What's the situation like?" How long has it been? "

"Nonsense!" You're a client, aren't you? You better be careful when you talk to me. If you screw it up, you'll have to bear all the consequences. "

"Alright, I understand."

Jiang Xiaoqing quickly replied to Wang Qiang and reported on the progress over here.

Zhao Qian followed Yuan Mi to the hotel while driving the car.

"I'm going to have dinner with her. You stay in the car."

After Zhao Qian said that, he unlocked his seat belt and was about to get off, but Jiang Xiaoqing quickly stopped him.

"Are you kidding? I'm not hungry! "

"Endure it, I'll pack it for you later." As you saw earlier, Yuan Mi is not friendly with you. If you follow over, if she's unhappy, I won't even have the chance to pick up the order. "

"I... "You ..."

Jiang Xiaoqing was so angry that she could not speak. She could only stomp her feet on the ground and continue sleeping. There was no snack bar nearby, and she couldn't eat anything she wanted.

Zhao Qian smiled as he and Yuan Mi entered the restaurant to eat. The two of them ate for a whole hour and a half before coming out.

Yuan Mi went to get the car from the side while Zhao Qian came to his car.

C38 Misunderstanding

Seeing that Jiang Xiaoqing was still sleeping, Zhao Qian knocked on the window to wake her up.

"Get up! Why was he so sleepy! Didn't Wang Qiang let you sleep last night? Was he that strong? I can make you sleep for one night? "

Jiang Xiaoqing rolled her eyes and scolded angrily, "What nonsense are you spouting! Why am I sitting here all alone when I'm not sleeping? Where's the food you packed for me? "

Zhao Qian replied calmly, "Oh, I forgot."

Jiang Xiaoqing raged, "You ..." You did it on purpose! Bastard! To avenge a personal grudge, right? "

Zhao Qian retorted with disdain, "Who the hell is interested in getting revenge with you? Don't think so highly of yourself, you're not even worthy to be my enemy. Let's not talk about it anymore. Just now, Miss Yuan said that she was a little sleepy. I'll get a room for her to rest before we talk about the order. "Let's go."

Jiang Xiaoqing replied with a helpless expression, "Is that surnamed Yuan a pervert?" It can't be that she has taken a fancy to you and wants to follow the rules, right? "

Zhao Qian chuckled and ignored her. He immediately started the car and left.

Yuan Mi's car stopped in front of a hotel, while Zhao Qian also stopped beside it. He entered the two rooms and brought Yuan Mi and Jiang Xiaoqing up.

"Miss Yuan, have a good rest. I'll come back at three o'clock in the afternoon

to have a good talk with you."

Zhao Qian gave his room card to her.

Yuan Mi picked up the key card, yawned deliberately, nodded her head, opened the door and walked in.

Zhao Qian also opened the door on the side and motioned for Jiang Xiaoqing to go in.

"I'll go to sleep first. You sit and listen for movement outside the door. If Miss Yuan comes looking for me, you must wake me up immediately. "

Jiang Xiaoqing was infuriated and shouted, "I haven't even eaten yet!"

Zhao Qian fell on the bed, pulled back the blanket and replied: "Eat less than two meals, and you won't die from hunger. If the order comes back, Director Faang will definitely reward you. I'm too tired to sleep, so listen carefully. "

Jiang Xiaoqing was so angry that she didn't dare to say anything. She helplessly sat down. She quickly sent a message to report the situation to Wang Qiang. When Wang Qiang saw that she and Zhao Qian had gone to a hotel, he immediately panicked and called her.

Zhao Qian immediately shouted, "Turn your phone on silent, I'm going to sleep."

Jiang Xiaoqing snappily replied, "Got it."

She hurried to the bathroom to answer the phone.

"Hello, what's the matter? Why are you calling me?"

Wang Qiang replied snappily: "Why do you think I called? Why did you two go

to the hotel? "

"That surnamed Yuan guy is coming to rest."

"Are you f * cking lying to ghosts? Who the hell wants to talk about business at a hotel? What about Zhao Qian? You let him talk to me. "

"He said he was tired and asleep."

"What?" What the fuck did you do to him that made him fall asleep? Explain it clearly to laozi! "

It was obvious that Wang Qiang misunderstood. Jiang Xiaoqing quickly explained that she hadn't done anything yet. Zhao Qian and surnamed Yuan were both too tired, so they both went to sleep.

"F * ck, you guys are playing 3P?"

"What nonsense are you spouting!" "You're crazy!"

Jiang Xiaoqing immediately hung up and switched off her phone. She was angry to the point that she didn't even eat. She was in a very bad mood. She was naturally unhappy that Wang Qiang said such humiliating words at this time.

However, after she hung up, Wang Qiang was even more certain that she and Zhao Qian had shamed themselves in the hotel. After noticing that her phone was turned off, Wang Qiang quickly called Zhao Qian, but also prompted him to turn off his phone. Now he was sure that Zhao Qian and Jiang Xiaoqing were back on fire, clapping in the hotel.

"F * ck, Zhao Qian, how dare you sleep with my woman!" Just you wait, I won't let you go! "

Wang Qiang was angry to the point of throwing things in the office, but he could only get angry and do nothing.

After sitting for two hours, Jiang Xiaoqing couldn't take it anymore and fell asleep on the other bed. By the time she woke up, it was already past four. At this moment, Zhao Qian was still sleeping, so she quickly woke him up.

"Hurry up and get up. Let's go next door and see if that surnamed Yuan is still there." It's past four o'clock. Didn't you agree to talk at three o'clock? "

Zhao Qian rubbed his eyes and opened his phone. Yuan Mi had sent him a message.

"There's no need to talk anymore. The orders will continue to be valid. Hurry up and begin."

Zhao Qian threw the phone to Jiang Xiaoqing and said, "Done. "Calm down for a while, I'll go back and sleep a bit more."

When Jiang Xiaoqing read the message, she was puzzled and shocked at the same time. How did Zhao Qian convince Yuan Mi? Why did she return the order when she was so angry?

"It seems that he has truly changed after I dumped him. I... I hope you didn't make a mistake in your choice, right? "

Jiang Xiaoqing felt a little guilty. She really didn't want to see Zhao Qian rise up. Otherwise, she would feel like it was a huge loss. She threw the phone to Zhao Qian and replied, "Why are you still sleeping? I'm starving, hurry up and take me to eat! "

"I'll sleep another five minutes. Take it easy."

"Slow down on what? Get up!"

Jiang Xiaoqing immediately pulled Zhao Qian. However, having just woken up, he still felt very sleepy and really needed a bit of time to slow down. The way Jiang Xiaoqing pulled him made him very irritated, and he gave her a quick nudge.

Jiang Xiaoqing didn't expect Zhao Qian to push her. Caught off guard, her body was about to fall. In desperation, she spun around and landed on her face, using her hands and knees as a cushion. As a result, her knees were bruised.

"Zhao Qian, you scum!"

Zhao Qian opened his eyes in annoyance. Since he didn't want to get entangled with her, he washed his face and took her out to eat.

Jiang Xiaoqing scolded Zhao Qian non-stop along the way, but he pretended not to hear her.

By the time they finished eating, it was already 5 PM. The two of them hurried back to the company. When he arrived at the company, it was already 7 o'clock. But none of his colleagues had left, and they were all waiting for them.

As soon as the two entered the door, everyone surrounded Zhao Qian excitedly. They praised Zhao Qian and Jiang Xiaoqing along the way.

Yuan Mi had already called Faang Ni to inform her that the order would continue. Therefore, she told everyone to get off work late and welcome Zhao Qian's triumphant return.

This was the first time that Jiang Xiaoqing had received praise from everyone ever since she came to work. She was grinning from ear to ear.

Seeing her so happy, Wang Qiang immediately pulled her into the office angrily.

"What are you doing?"

Jiang Xiaoqing asked in dissatisfaction.

Wang Qiang was even more dissatisfied, and angrily asked: "Why are you so shameless, and why are you cut off from him. What? Looking at his recent glory, he felt regret and abandoned him. He wanted to rekindle the relationship with him, didn't he? I was just trying to give him a reason to take you out on his own so that you two would have a chance to get along with each other, right? "Why are you so cheap?"

Jiang Xiaoqing didn't expect Wang Qiang to think this way. Hearing such insulting words, she was instantly enraged.

"Wang Qiang, clean your mouth!" What evidence do you have that my relationship with him is back on fire? You dared to slander the innocence of others out of thin air, yet you want to be shameless? "

Wang Qiang was furious. This b * tch had done such a shameless thing, yet she still dared to argue and even scolded him for being shameless.

"Pah!"

Wang Qiang gave Jiang Xiaoqing a exasperated slap and yelled, "Your fucking knee is already like this, and you're still telling me that you didn't do anything shameless?"

Jiang Xiaoqing covered her face and replied grievingly, "He accidentally pushed me down and threw me to the ground, not what you think."

"I know he did it. You stay on your knees, but he pushed you from behind. F *

ck you, you slut! "

After saying that, Wang Qiang slapped Jiang Xiaoqing again.

Their ruckus alerted the colleagues outside, so Faang Ni knocked on the door, asking what was going on.

Wang Qiang quickly whispered to Jiang Xiaoqing, "You better be smart for me or I'll deal with you."

Jiang Xiaoqing nodded as she cried, feeling extremely wronged.

Wang Qiang glared at him and walked over to open the door.

C39 Monthly Ticket War

Wang Qiang opened the door and said to Faang Ni with a smile, "Director Faang, it's alright. We're just young lovers having conflicts. It's normal for us to cause a ruckus."

Faang Ni glanced at Jiang Xiaoqing and asked if she was alright. She smiled and shook her head, saying it was all right, but her eyes were filled with tears.

Due to Zhao Qian, Faang Ni didn't want to bother with her as long as the two of them didn't cause trouble in the company.

"Just go home and settle your personal matters. The company is the place to settle official matters."

Wang Qiang quickly apologized with a forced smile, "I'm sorry, Director Faang. I was careless. I'll take her home now."

Faang Ni nodded and turned to leave.

Zhao Qian had already packed up his things and left the company. Even when Wang Qiang came out to look for him, he couldn't find him. However, his stomach was on fire and he felt extremely uncomfortable. So he took Jiang Xiaoqing home and tortured her for a while, venting out his resentment and anger.

Zhao Qian has been keeping an eye on the monthly tickets for Treading on Heaven. Because he ordered so much, the sellers were going around buying monthly tickets. In just one night, all the monthly tickets in the market were bought by those merchants.

Early the next morning, Faang Ni called Zhao Qian.

"Hey, Director Zhao, my hometown has some things to do for a while, do you want to leave the company to Wang Qiang?"

"Is there something at home?" Do you need help? "

"No need, it's just a small matter."

"Yes." "Of course we have to let Wang Qiang be the boss. He's the manager after all."

"Alright, then I'll leave it to him."

Zhao Qian nodded, hung up the phone and went back to sleep.

When it was almost noon, Zhao Qian came to the company and met with Jiang Xiaoqing. She was in a bad state. She was limping and there were faint bruises on her arms and legs. It seemed like Wang Qiang had tortured her quite a bit.

Zhao Qian glanced at her but didn't say anything. However, Jiang Xiaoqing's eyes were filled with anger. It was obvious that she hated Zhao Qian. However, with all her colleagues present, she did not say anything.

When his colleagues saw that Zhao Qian had arrived, they hurriedly took the initiative to greet him. He also waved to say hello to everyone, when Wang Qiang came out.

"Zhao Qian, come to my office for a moment."

Zhao Qian nodded, walked into Wang Qiang's office and asked, "Mr Wang, what can I do for you?"

"I saw Xingyuan companies bidding just now, and they have a travel company in their possession that they want to develop. Go and win over the orders, and tell them to stop bidding as well. How about it? Can you do it? "

Zhao Qian laughed and replied, "It's just a piece of cake. However, the company already has two big orders on hand. If we take another one, I'm afraid we won't be able to complete it on time."

Wang Qiang also laughed and said, "You don't have to worry about that. As long as you take the order, I will think of a way to solve the labor problem. I will definitely do it on time."

Xingyuan was Zhao Qian's family's company, and getting the order was only a matter of a phone call. But the pressure on his colleagues at Technology Department was too great, if it affected the process of Xingyuan's swimming orders, then it would not be good. Whether or not Tianxiu and Wu Xin could go up to the next level all depended on this hand style.

Zhao Qian then asked, "Does Director Faang know about this?"

Wang Qiang thought he was afraid and worried that he wouldn't be able to catch the order. He wanted to use Faang Ni as an excuse.

"Director Faang has some matters to attend to back home, so I have to decide on the company's matters. "Don't worry, I can do it if I say I can."

Zhao Qian nodded and accepted the assignment.

After lunch, Ru Meng followed Zhao Qian's instructions and released a single chapter announcing that she would fight. She also advocated for fans to vote monthly.

Cang Tian Qi and Meng Wuke responded immediately, and they also sent out orders indicating that they would accept the challenge. They also encouraged their fans to throw in their monthly tickets, so they couldn't lose no matter what.

However, at this moment, they discovered that their monthly tickets had all been sold. Only a few fans who didn't visit the forums had some stock in their hands.

After a day had passed, the tickets to the two platinum Great Gods were only around fifty thousand. As for Dreamlike Heaven Treading on the Book, the monthly tickets had already exceeded 100,000, and the gap between the two parties was extremely large.

The two of them quickly called Yang Ming and explained the current situation of the battle. Yang Ming got angry when he heard that. However, he still comforted the two of them not to be afraid, since he definitely wouldn't let them lose.

After hanging up, Yang Ming immediately went to a treasure to buy a monthly ticket. Only now did he realize that all the monthly tickets on a certain treasure had already been bought by someone.

"Damn it, we were tricked by them!" They would first buy out the monthly tickets before accepting the challenge. F * ck! What do we do now? "Your father wants to use real money to exchange for monthly tickets?"

Yang Ming muttered to himself angrily, this seemed to be the only way now. However, if the two books were to be sold for over a hundred thousand monthly tickets, that would require twenty million RMB in exchange for so many monthly tickets. Was it even worth it?

Yang Ming is still not willing to spend 20 million to compete with "Qian Gege", this price is too big. Thus, he once again went to those merchants that sold monthly tickets, and was willing to pay twice the price to buy the monthly tickets in their hands.

All the merchants treasured their shops' reputation. They were thinking about long-term business, so they wouldn't destroy their shops just for a few

tens of thousands of yuan.

Yang Ming felt that there was no money in this world that could not solve this problem, so he continued to raise the price until it was four times more, and finally, there was a merchant willing to sell it to him.

At this moment, Yang Ming's monthly ticket price had reached 80, which was the same as the price he paid for the monthly ticket. However, it was good to be able to save a bit. He felt that as long as he could win, it was fine.

The reason why Yang Ming was willing to spend money to hold the books of the two Great Gods, was because he wanted to imitate Zhao Qian's method, first making the works hot, then developing the IP. With the addition of the Platinum Great God, as long as he used a little bit of strength, he would not lose anything. Unfortunately, his opponent was Zhao Qian, and he was destined for tragedy.

There was only one day left until the end of the month. Cang Tian Qi and Meng Wuke's monthly tickets had already caught up, which was only a few hundred less than 'Heaven Treading on the Book'.

At this time, whoever had the monthly tickets would be the boss. Both sides were buying monthly tickets at high prices, each one reaching 120, which was more expensive than the monthly tickets themselves.

The website knew that both sides were checking their votes, but they didn't care. After all, they were profitable, and there was no need to offend the big boss. Besides, the full rights to Treading the Sky had already been sold, so they didn't dare check it out.

After a day of hard work, the two sides had thought of every possible solution. The monthly tickets had basically stopped moving.

"Heaven Treading on Heaven" was temporarily in the lead with 198,678

votes. The two Great God's books were 19,1234 votes and 19,234 votes respectively.

With only this little bit left, Yang Ming naturally wouldn't give up on struggling. He also rewarded the works of two Great God s and obtained forty thousand votes, placing them in two Great God s' books.

Yang Ming felt certain to win, so he sent a private message to "Qian Gege".

"Kid, how is it? Did you submit? I hold two books at the same time, both of them will beat you. "

Zhao Qian didn't reply immediately. Instead, he waited until 11: 50 PM before replying to Yang Ming.

"Do you know what it feels like to be a killer? "This daddy enjoys the feeling of absolute death the most."

When Yang Ming read the message, he immediately became flustered. He felt that since Qian Gege still needed to pay, the two Great God's books would only lead by 10,000 votes, which was still not enough.

As a precaution, Yang Ming received 20,000 votes and only bet on the book that was abandoned by the heavens. He felt that as long as he could win one book, there was no need to hold two at the same time.

Seeing that it was about to reach 12 o'clock, the monthly votes for "Heaven Treading on" didn't change at all. Dreamlike was very disappointed.

If she didn't fight with the two Platinum-ranked Great God, she wouldn't be sad. If this was going to be a competition, she naturally didn't want to lose. Therefore, she thought about whether she should pay for her work, obtain a monthly ticket, and then throw it at him.

However, she was worried that if someone found out, they would beat her to death. There were many people who didn't like her, so once she was caught, she would be done for.

"Sigh ..." Forget it, I don't have that life. It's already good enough that we can achieve our current results. We can't force ourselves to ask for too much. "

Ru Meng muttered to herself and decided to admit defeat.

C40 Blood Loss of 30 Million

It was 11: 59 in the evening. Seeing Wu Wang flipping the tables, Dreamlike completely gave up. She quickly sent a message to Zhao Qian expressing her gratitude.

"I lost." But no matter, I am still very grateful to you. "

Zhao Qian immediately replied: "I won't lose."

At this moment, Yang Ming was already celebrating his victory. He also sent a provocative message to "Qian Gege".

"Scoundrel Sun, didn't you want to kill me? You sure are a killer! "

Just as this news was sent out, the monthly votes for "Heaven Treading on" suddenly increased by 50,000 votes. At this moment, it was 11: 59 in the evening and the time was 59 in the second.

Zhao Qian immediately replied to Yang Ming, "The feeling of absolute killing is really good!"

When Yang Ming read this message, it was already the first day of a new month.

Finally, Treading the Sky won the Monthly Ticket List last month by a record-breaking 2525 votes.

Yang Ming quickly refreshed his monthly tickets and looked at the fixed monthly tickets. He was so angry that he immediately threw his phone away. He spent nearly 30 million, but still lost. The problem was that he wasn't just losing the match. His thirty million was actually advertising Treading on the Sky.

People had always only paid attention to the champions. Everyone had only discussed "Heaven's Treading on" and won the championship by a record number of votes. As for those two platinum Great Gods, their results would have been known as the king of votes at any time in the past. But now they were just a foil, and they were a joke.

For a newcomer to fight two Platinum Great Gods, the most important part was that these two Platinum Great Gods took the initiative to challenge the other party, but in the end, they were beaten up.

Zhao Qian had also bought Weibo, and the top three of the search results had been filled up.

"Heaven Trampling" 's monthly tickets have broken the record.

"Dreamlike Dream has locked onto this year's Rookie King."

"The Platinum Great God has been hanged and beaten."

The rest of the fans of Ru Meng also came up on their own. Two of them also entered the top ten of the search engine.

All of a sudden, Ru Meng and Treading the Sky became hot topics for netizens and netizens and authors.

Yang Ming looked at the hot search topic and felt disgusted as if he ate a fly. He had wanted to imitate Zhao Qian and create a super IP, but he failed and lost 30 million.

Zhao Qian slept soundly. The next morning, when he opened the book app, his private messages had already exploded. Some praised him, while there were others who scolded him. Yang Ming also sent him a message.

"Don't be too complacent, this is just the beginning. Who knows who might be the one laughing in the end? "This daddy has a lot of money. In the future, I can always get their books to the top of the rankings. This daddy will see if you have the money to keep up."

Zhao Qian chuckled and ignored Yang Ming. After the reward list and the monthly tickets list, the popularity of "Heaven Treading on" had reached its highest peak. Even if he spent hundreds of millions of dollars in hype later on, it wouldn't increase that much. So why fight with that idiot Yang Ming over the monthly tickets?

Zhao Qian continued to flip through the messages. Soon, he saw a message from Ru Meng.

"Thank you. I'd like to thank you in person. Can we meet? Don't worry, I have no other thoughts for you. I won't pester you, and I won't affect your life. I just want to thank you in person. "

It seemed that Ru Meng felt that the reason Qian Gege didn't want to see her was because he was worried that she would pester him because of his wealth.

Zhao Qian didn't want to expose his identity, so he had to make life difficult for himself. Therefore, he pretended not to see it and emptied the message.

Seeing that it was almost noon, Zhao Qian got up and tidied up before heading to the company. The moment he arrived at the company, Wang Qiang called him over to his office.

"Zhao Qian, how's the order?"

These few days, Zhao Qian was busy with the monthly tickets battle and did not care about the orders. On the other hand, he didn't need to rush it. It was a problem that could be solved with just a phone call.

"Mr Wang, don't worry, we haven't come for a discussion yet. Since I agreed to buy the order, I will definitely keep my promise."

"Hehe ..." I believe in your strength. However, I heard that the Young Master of Feiyu Entertainment, Yang Ming, had recently registered a game Production Company and is bidding for this order. You have to be careful, if he takes it first, then we won't have a chance. After all, he is relying on his Feiyu. His strength and reputation are not something that we can compare to. "

When Zhao Qian heard that Yang Ming also wanted to make this order, he immediately became interested. He had always been worried about not having a fair fight with Yang Ming, and now the chance had come. He could use his identity as Faang Ni's Production Company Operator to fight Yang Ming with true intent. Besides, this battle was a sure win. There was no reason for him to miss out on such a good opportunity.

"Alright, I understand. Is there anything else? If there is nothing else, I will be going out. In the afternoon, I will go to the Xingyuan to inquire about some information. "

Wang Qiang nodded and let him do as he pleased.

Zhao Qian stood up and left. Wang Qiang immediately revealed an evil smile.

"F * ck, if you dare to take the order, let's see how Yang Ming will deal with you." "He is famous for not being easy to provoke. Let's see how you die then."

Wang Qiang muttered to himself and once again revealed a proud smile. So the reason he asked Zhao Qian to buy the order was to make Zhao Qian angry with Yang Ming. Then he could use Yang Ming's power to teach Zhao Qian a lesson. But how could he know that Zhao Qian had already started bickering with Yang Ming.

With an excuse, Zhao Qian went to eat dinner and called the CEO of Xingyuan, Guo Mingda.

"Hello, Young Master. Can you call me at this time? What can I do for you?"

"I have something to talk about. Come out and meet with me. I'll explain everything to you face to face."

"Sure." Has Young Master eaten? If you haven't eaten, I'll treat you to a meal. I hope that Young Master will give us face. "

Last time, Guo Mingda asked for a treat, but was rejected by Zhao Qian. This time, Zhao Qian had something to tell him, so he agreed since he didn't have the nerve to refuse.

The two of them quickly met at Donghai Hotel. It wasn't easy for him to get an opportunity to treat his young master to a meal, so Guo Mingda naturally didn't dare to be stingy about it and chose to treat his young master to the best restaurant in the entire Donghai City.

After entering the room and ordering the dishes, Zhao Qian started to chat with Guo Mingda.

"I heard that there's a tour project in Xingyuan bidding, right?"

"Yes, young master is well-informed."

"Ling Tong my ass, I heard from my current company's manager." If he hadn't, I wouldn't know. I also heard that Yang Ming's company is also involved in bidding, is that right? "

Guo Mingda nodded and replied, "There is indeed a newly established company called Yang Ming. The other party has placed special emphasis on the background of Feiyu and entertainment in the bidding. It should be that

company of Yang Ming."

Zhao Qian laughed happily and told Guo Mingda what to do.

"I want this order, but you should continue the bidding. You just have to give me the order in the end. Understand what? "

"Understood. If that Yang Ming offended Young Master, I can find someone to fix him. Young Master, why do you have to do it yourself? "

"No need. Five years ago, I might have solved the problem with my dad. But for now, I'll try to do it on my own. Furthermore, I do not wish to reveal my identity, in case there is any unnecessary trouble. "

"Understood. Rest assured Young Master, I will definitely do my job well, without a single leak. "

Zhao Qian nodded in satisfaction and invited Guo Mingda to have a meal.

At this moment, Yang Ming was still working hard on the order. He felt that as long as he could obtain this order, his Feiyu would be related to Xingyuan, and he would be able to occupy a seat in the game world in the future. But what he didn't know was that he was just wasting his time.

C41 Go and Do the Cleaning

He hadn't watched Wu Xin's live broadcast for a while. After returning home in the evening, Zhao Qian went to bed after showering and immediately switched on his phone to watch her live broadcast.

Wu Xin had also been waiting for "Qian Gege" to come online. This wait lasted for about half a month. Seeing the room notification "Qian Gege" coming in, Wu Xin immediately welcomed him with a smile.

"Welcome back, Qian Gege. You must be very busy these days."

When the people watching the live broadcast heard "Qian Gege" had arrived, they immediately became excited. This was because they were also waiting for him to arrive. They wanted to ask if the 'Qian Gege' who rewarded Treading on the Sky was the same person as him.

Zhao Qian really liked this ID, so he admitted it since he didn't want anyone to impersonate it in other places.

"That's right, that's me."

"Recently, I've been busy helping to mark the rankings for « Heaven Treading on », that's why I didn't come."

The moment Zhao Qian sent these two messages, the bullet screen immediately exploded.

"Big brother Qiang is awesome, even the Platinum Great God can't beat you."

"More than that!" I heard that the Young Master of Flying Fish was holding those two books, but he was defeated by Qian Gege in the end. "

"666, as expected of Qian Gege." 666, as expected of Qian Gege.

Wu Xin felt a sense of joy as she looked at the screen and praised "Qian Gege".

It was hard to say why, but she had a good impression of this ' Qian Gege '. She really wanted to meet him.

After the live broadcast ended, Wu Xin sent a private message to Qian Gege with her platform ID.

"Thank you for always supporting me. Can I meet you? I want to invite you to dinner as a thank you."

Zhao Qian didn't want Wu Xin to have any gossip about him, so he just refused.

"No!" Live well, and I'll keep an eye on you. If you have any side topic, I will leave you at the first possible moment. "

After a long while, Wu Xin finally replied.

"Okay, I got it. I will do a live broadcast with all my heart, as long as you keep your attention on me. "

Zhao Qian was still worried and called Hong Xiu.

"Hello, Director Zhao, is there something urgent you need to make a call at this late at night?"

"There's nothing urgent. I just wanted to tell you to keep Wu Xin under control. I gave her so many resources that not a single mistake could be made. She just sent me a private message and wanted to meet me. This definitely can't happen. You better tell me. My goal is to make her an international superstar. She can't have gossip. "

"Understood. Director Zhao, don't worry. I will communicate with her every day, reminding her what to do and understanding what she's thinking. "

"Mm, this is for the best. Sleep, good night. "

"Good night, Director Zhao."

Zhao Qian continued to chase after the latest chapter of "Treading on the Sky" and rewarded another million yuan. He had promised Ru Meng that he would reward her with one million words as long as she could update to 600,000 words by the end of last month.

While Dreamlike Dream was changing her script every day, she still had to insist on updating the words ten thousand times over. It was indeed very tiring. Since she did it, Zhao Qian had to keep his word.

When Dreamlike saw the news of the author popping up backstage, Qian Gege gave him another 100 million book coins and immediately sent him a private message happily.

Money was not money. She no longer cared because the money she earned now was more than enough to spend. She only wanted to find a chance to chat with Qian Gege via message.

Zhao Qian saw that someone was sending a private message. He didn't even look at the details and directly emptied the message.

After lunch the next day, Zhao Qian came to the company with a satisfied expression.

Zhang Yuan and Wang Chuan looked at him and found him displeasing to the eye, and their hearts were unbalanced. It was really infuriating for the boss to be late and leave early all day long without paying any attention to the matter.

Zhang Yuan said in a bad mood, "Zhao Qian, Mr Wang just told me that you should go to his office right after you came."

Zhao Qian nodded and went to Wang Qiang's office. He knocked lightly on the door and it actually opened. He was about to say something when he saw Wang Qiang pressing Jiang Xiaoqing down on the table.

Jiang Xiaoqing didn't seem to want to do it. She kept looking at the door, obviously knowing that it wasn't closed. In other words, Wang Qiang had intentionally called Zhao Qian over to let him see this scene.

A sneer appeared on Zhao Qian's face as he took out his phone and started to take photos. Seeing that, Jiang Xiaoqing hurriedly pushed Wang Qiang away, pointed at Zhao Qian and scolded, "You pervert, what are you doing? Hurry up and delete it! "

Zhao Qian put his phone back in his pocket and replied with a mocking smile, "Didn't the two of you want me to see it? "I don't think it's enough to be satisfied just by looking at this once. If you take the photo and watch it every day, your perverted psychology should be greatly satisfied, right?"

Jiang Xiaoqing was excited, but Wang Qiang didn't care. He decided that Zhao Qian had taken Lili out to get a room, and there was a perverted imbalance in his mind. He wanted to torture and humiliate Lili to satisfy his perverted psyche.

Jiang Xiaoqing still had some face, so she rushed over to snatch Zhao Qian's phone. Zhao Qian pushed her away and said in a disdainful tone, "Take your dirty hands away from me. Don't make my clothes dirty. Wang Qiang, is there anything else? "

Wang Qiang replied with a straight face, "Just call me by my name? "No matter what, I'm the manager. Be a bit more polite with me."

"F * ck!" Your elder is already courteous enough to you, if I didn't want to continue playing, you would have already f * * king left! Do you believe that you'll have to pack up and get out of here with just a phone call from laozi?! He really thought of himself as a spring onion! Hurry up and tell me if there's anything else. If there's nothing else, I'll go back to my seat.

Angry, Wang Qiang slapped the table and shouted, "Zhao Qian, show me some respect! I am the manager, and you are just a normal employee.

Zhao Qian was indeed a bit angry in his heart, he couldn't stand this kind of provocation. He took out his cell phone and called Faang Ni.

"Hello, Director Faang, transfer Wang Qiang to be a cleaner, otherwise, all orders will be cancelled!"

After saying that, Zhao Qian hung up the phone.

Wang Qiang burst into laughter and said to Zhao Qian, "You f * cking think you're that great just because you took a few orders? Director Faang is at your mercy, isn't she? If she had listened to you, I would have eaten shit in front of everyone! Just a fool, you really take yourself seriously! "

When his colleagues heard the ruckus, they hurriedly came over to mediate. Jiang Xiaoqing took the opportunity to tell everyone that Zhao Qian was too abnormal, secretly taking pictures of her and Wang Qiang.

Faang Ni could tell that Zhao Qian was very angry and did not dare to be negligent in the slightest. She quickly called Wang Qiang.

"Notify everyone to open a video conference!" Everyone, including Aunt Baojie must attend! "

With that, Faang Ni hung up the phone. Wang Qiang was very confident in

himself. After so many years, although he didn't have any exceptional performance, he did all sorts of good work. Faang Ni would never let someone like him go.

As for a diaosi like Zhao Qian, she would never let herself be manipulated by him just because he had a few orders every year.

Wang Qiang quickly informed the entire company to go to Conference Room, while Director Faang wanted to open a video conference for everyone.

Very quickly, everyone sat down inside their Conference Room, and Faang Ni's image appeared on the big screen.

"The urgency of this videoconference is because I have something important to announce. From now on, Wang Qiang will no longer hold the position of manager of the company. He will be transferred to the cleaning department as a cleaning clerk and will be subject to the management of Aunt Zhang. The position of manager will be decided after I return, and I will temporarily be replaced by Zhao Qian. The decision on the appointment and removal shall take effect immediately. "

The atmosphere in the Conference Room immediately became tense.

Wang Qiang was so shocked that he was stunned. He couldn't believe his own ears. Did Director Faang really take him down because of Zhao Qian?

C42 You Want to Leave No Gate!

After staring blankly for a while, Wang Qiang immediately said to Faang Ni, "Director Faang, I've been with you for five years and I've worked hard even though I didn't do anything for the company. Why are you treating me like this for a newbie who just came in? Aren't you afraid that the other senior employees of the company will feel cold? "

Faang Ni coldly snorted and replied, "All the other old employees do their job and only you don't know who you are all day. Look at your recent performance. Which part of you looks like a manager? Before I left, I even specifically told you not to rely on the company. Now that you've made the decision, you're causing trouble for me. Do you take my words as nothing? "

Wang Qiang quickly explained, "It was Zhao Qian who secretly filmed Jiang Xiaoqing and me. The fault lies with him. You can't blame me for that."

"Zhao Qian, tell me, what exactly happened?"

Zhao Qian stood up, took out his phone and showed the video he took to everyone.

Wang Qiang and Jiang Xiaoqing's faces turned red. Jiang Xiaoqing even cursed over and over again as she came over to snatch the phone. However, she was pushed away by Zhao Qian once again.

Zhao Qian said to everyone, "Wang Qiang told me to go to the office to look for him as soon as I arrived, but he didn't close the door. He purposely let me see him doing this with Jiang Xiaoqing. We're all adults, you know what they mean, don't you? Do you want him to continue to be our manager? "

Wang Qiang quickly quibbled that he forgot to close the door. He didn't intentionally leave the door open for Zhao Qian to see. Who would want to be

seen doing such a thing?

Faang Ni didn't listen to his explanation and replied, "Don't waste my breath, I have already decided that I will not change my mind." Your contract with the company is two years away. If you resign within the next two years, we'll meet in court. "

Faang Ni's attitude was so firm that Wang Qiang didn't dare to argue with her. However, he could not accept Zhao Qian's position as the temporary manager in his heart.

"Director Faang, I can do cleaning, but can you not let Zhao Qian be the manager temporarily? There were also many talents in the company that were better than him. Director Faang could consider them. For example, Wang Chuan, he could also take big orders. And Zhang Yuan, Liu Mei, Wang Juan ... "

Faang Ni scolded angrily, "Shut up! Am I the boss, or are you the boss? Are you in charge of personnel selection and removal? "

"I don't dare, I don't dare ..." "I just suggest that ..."

"I don't accept your suggestion! Alright, let's talk about that. I'll talk about the rest when I get back. "From now on, all of you listen to Zhao Qian's orders."

With that, Faang Ni ended the video conference.

Everyone hurried over to congratulate Zhao Qian. They all knew clearly in their hearts that Faang Ni wanted him to stay in the position of manager for the time being. In fact, she wanted him to be the manager.

After all, the employee who earned money for the boss was a good employee. In this short period of one month, Zhao Qian had brought the company an

order with a profit of tens of millions. If they were the bosses, they would definitely use such employees.

Zhao Qian smiled and said to everyone, "Thank you for your blessings. In the future, we will work together for the company's development. As long as you do your job well, I promise you that by the end of the year, I will ask Director Faangdo to give everyone a bonus. If she doesn't agree, I won't. "

With just a few short sentences, Zhao Qian had already won over everyone's hearts. Why did everyone come out to work? For money, of course. If Zhao Qian dared to threaten Director Faangqua with his bonus, they would definitely support him as the manager.

"Zhao Qian, don't worry. When Director Faang comes back, we will definitely advise her to let you be her manager."

"Yes!" Of all the people in the company, you are the most suitable. "

"That's right. You brought enough orders for the company to eat for years. Other than you, no one else is qualified to be the manager! "

It was cold when people left, but Wang Qiang was already cold when he did not leave. Anyway, he was just a cleaner now, and no one was afraid of him.

Jiang Xiaoqing was stupefied. When she first saw Wang Qiang as the manager, he was able to give her a good life. Therefore, she had abandoned the diaosi Zhao Qian.

Now that Zhao Qian had forcefully replaced Wang Qiang and even swept Wang Qiang away, what should she do? If he continued to follow Wang Qiang, wouldn't it be better to be together with Zhao Qian? However, if she went back to ask Zhao Qian to reform her, would he agree?

Zhang Yuan was also very unconvinced. Zhao Qian suddenly jumped from

being a schemer to being the manager, which was unacceptable to him.

However, Zhang Yuan was clear that Zhao Qian was currently the company's most popular person and could not go against him at this time. There was always a chance to pull Zhao Qian down again in the future. It was better to give in now.

"Manager Zhao, please take care of me in the future."

Zhang Yuan reached out his hand with a giggle.

Zhao Qian glanced at him and smiled, "You don't need to be like this, right? Who doesn't know who? What do you think in your heart, do I not know?"

Zhang Yuan smiled awkwardly and replied, "Don't misunderstand, don't misunderstand... I definitely support Manager Zhao. The past is all in the past now, we have to move forward."

Zhao Qian would not believe these words. He didn't want to waste time with Zhang Yuan, so he turned to Wang Qiang and said, "Wang Qiang, from now on, you will be in charge of cleaning the office. Well done, it will still be near the end of the year. "Don't worry, I won't take revenge on my own account. I'll definitely make Director Faang pay for what I've done for you."

The grudge between Wang Qiang and Zhao Qian was something that he would never appreciate.

"Zhao Qian, don't be happy too early. You're just a temporary acting manager. You're not a manager yet. Have you heard a word? Whomever God wants to destroy, he must first make mad. "You have to be cocky. Let's see when you die."

"Wow, you are such a bastard. I want to be private with you, but you insist on having a public or private conversation with me. It's not that I'm looking

down on you, but if I want to take revenge on a personal grudge, you'll have a miserable two years. You won't even have the right to resist. Do you understand? "

With that, Zhao Qian walked out of the Conference Room, leaving only Wang Qiang and Jiang Xiaoqing.

Jiang Xiaoqing felt that with Zhao Qian's current development situation, as long as nothing unexpected happened, it would definitely get better and better.

Wang Qiang was different. As long as Zhao Qian was in the company, he would have no chance at all. That is to say, within at least two years, Wang Qiang De was completely suppressed by Zhao Qian, unless he was willing to pay the penalty and leave the company.

Obviously, the situation was clear. It was the wisest choice to follow Wang Qiang since there was no future for them.

Seeing that Jiang Xiaoqing seemed to have something on her mind, Wang Qiang asked, "What are you thinking about? Do you think that you can't go on with me now that he's awesome and you want to be with him again? "

Jiang Xiaoqing rolled her eyes and immediately quibbled, "Cut the crap! Am I such a woman in your heart? "You're hurting my heart too much!"

Wang Qiang didn't show any mercy and replied: "Didn't you leave him and me at that time because you wanted to see my position? Right now, my position with him has been reversed. I'm not even as good as him back then. Will you willingly stay by my side? "

Indeed, Jiang Xiaoqing did not want to be together with Wang Qiang anymore. His words also gave her an excuse.

"Then if you say so, if I don't leave you, then I will let you down! Fine! Let's part ways, I'll fulfill your wish! "

Jiang Xiaoqing turned around and was about to leave, but how could Wang Qiang let her go like that? He took a step forward and pulled her back, then slapped her across the face.

"Damn it!" "Even if laozi goes to sweep the floor, don't even think about leaving me, and even more so don't let you get back together with Zhao Qian. Otherwise, laozi will kill you!"

Wang Qiang had beaten and abused her more than once. In the past, she had always been patient for the sake of her long meal ticket. Now that he was powerless to give her a better life, she didn't want to put up with it any longer.

"You f * cking think I'm squishy! You don't have a temper, do you? "

Jiang Xiaoqing slapped Wang Qiang after she finished her sentence.

Wang Qiang flew into a rage and immediately began to punch and kick Jiang Xiaoqing.

Zhao Qian was looking through the documents when the cleaning lady ran over in a hurry.

"Manager, it's bad. Wang Qiang and Jiang Xiaoqing are fighting."

C43 He Did Not dare to Resist

When he heard that Wang Qiang and Jiang Xiaoqing had started fighting, Zhao Qian couldn't help laughing out loud. But he was the acting manager, and he had to stop them.

Zhao Qian brought a few of his colleagues and quickly came to Conference Room, pulling the two people who were entangled with each other away.

Zhao Qian reprimanded, "What are you doing? What is a company? This is the place where you can work! "

Wang Qiang replied exasperatedly: "Don't f * * king put on airs! You haven't even officially become a manager yet! "

Zhao Qian replied with a serious expression, "I haven't officially become a manager yet, but Director Faang explicitly told me to temporarily manage the company. If you do not obey management, I have the right to deduct your salary and approaching. If you don't like it, we can meet in court. "I promise you, within two years, you'll only be able to eat and wait for death. Don't even think about earning a single cent."

Living in a city with a high expenditure of Donghai City, without any income for two years, there was no way one could live. Especially those who were carrying real estate loans and car loans, if they didn't earn anything, they would be waiting for death.

Wang Qiang's face was filled with anger, but he nodded and replied: "You're threatening me with this right? Just you wait, sooner or later you'll cry. "

With that, Wang Qiang walked out.

Under the consolation of her female colleague, Jiang Xiaoqing gradually

calmed down. Zhao Qian walked over and asked her what was going on and why she was fighting with Wang Qiang.

Jiang Xiaoqing cried again, feeling wronged, and replied, "You took away his manager position, and he was upset, so he took it out on me. He even said that he had nothing to do with you. Now that you're the manager, I definitely want to return to your side. I was so angry, I just said I wanted to get back together with you, and then he hit me. He's a psychopath. He beats me up a lot. In the past, it's fine if you hit me at home, but now the company is still hitting me, so I couldn't help but retaliate. Right now, I find that you are truly very good. You will never be fierce towards me, much less hit me. "Sob, sob ..."

Zhao Qian pretended that he didn't understand what she meant and asked, "So you're saying that I'm ruining your relationship?"

Jiang Xiaoqing shook her head in denial.

"No, no ..." That's not what I meant. I mean, I misjudged him. Compared to him, you are more outstanding. I really regret leaving you and choosing him. "

Jiang Xiaoqing's meaning was very obvious. Zhao Qian couldn't understand it even if he wanted to. He laughed mockingly and replied, "You're still f * cking pissing your pants, you can go with anyone who's capable. I'm only a temporary manager now, and maybe one day he'll return to that position. "So you can't help wanting to break up with him. Why do you think you're so despicable?"

Jiang Xiaoqing was stunned. She thought he would be willing to accept the recombination of her good will and Zhao Qian. She didn't expect him to say such harsh words.

His colleagues saw that it was a private matter between Zhao Qian and Jiang Xiaoqing and felt too embarrassed to stay any longer, so they excused

themselves and left.

Jiang Xiaoqing smiled bitterly and asked, "I've already taken the initiative to express my goodwill to you, can't you be a little more magnanimous?"

Zhao Qian was shocked by her words. How could she be so magnanimous?

"I am petty and not magnanimous. I'll make it clear to you that I can't accept you anymore. Also, you must stay with Wang Qiang, otherwise I will spend money to let Mr Hu take care of you. You have also seen how people like Mr Hu do things, ganging up on you is a small matter. So, you better not let yourself be unhappy. "

"Zhao Qian!" Are you even f * cking human? After all, we had a relationship. Are you going to treat me like this? Aren't you afraid of being laughed at by your former classmates? "

Zhao Qian replied angrily, "When you were fucking with Wang Qiang, I was already laughed at, but I still care about that? Alright, I won't waste my time talking nonsense with you anymore. From now on, you're transferred to the marketing department, so I don't need you as an assistant. "

With that, Zhao Qian turned around and left. Jiang Xiaoqing chased after him and said, "You can't do this to me? Didn't you say that the private sector is clear? You can't change my job just because you hate me. "

"I can't drink the tea you've been touching his chicken hands with."

"You ..."

Jiang Xiaoqing was rendered speechless and stood rooted to the spot, unable to move. Zhao Qian's words were very clear. He looked down on her and demanded that she must always be with Wang Qiang, or else he would find Yang Hu to mess with her.

"Zhao Qian, if you take revenge on me like this, you will die a horrible death!"

Jiang Xiaoqing couldn't help but curse out. She felt she was losing face with a cleaning woman of eight generations. However, she was helpless because she had seen what kind of person Yang Hu was.

Zhao Qian returned to his work. After a while, Wang Qiang took his stuff and walked to his side.

Wang Qiang said reluctantly: "Manager Zhao, give me this position, you should be the manager's office from now on."

Zhao Qian shook his head and replied, "No need, the two of us will continue to sit in our seats. Take it back, the office still belongs to you."

Not only was Wang Qiang not happy, but he was also angry.

"Zhao Qian, there's no point in doing that. I'm a cleaner, and you want me to stay in the manager's office. What are my colleagues going to say about me?"

Zhao Qian did not conceal his true thoughts.

Wang Qiang was so angry that he threw the stuff on the table and shouted, "You always say that it's private? Is this what you mean by private?"

"Am I not private enough? I let you sit in your office and blow the air conditioner. Not good enough for you? If I had a personal grudge, you would be cleaning the toilet right now. "Let me remind you one last time. Before Director Faang came back, I gave you the biggest order. You only need to follow her orders and don't have the qualifications to raise questions, nor the qualifications to refuse."

Zhao Qian's tone was very tough, and with that, he pushed Wang Qiang's

stuff to the ground. Wang Qiang felt that he was greatly humiliated. However, he didn't dare to say anything else, so he quickly picked up his stuff and returned to the office.

The moment Wang Qiang returned to the office, he started throwing things on the floor in anger. After a while, Jiang Xiaoqing snuck in.

Wang Qiang glanced at her and asked, "What?" Mocking me? "

Jiang Xiaoqing ran over very gently and hugged Wang Qiang, saying softly, "Qiang Zi, do you really think I'm that kind of person? I admit that I chose you because your conditions were better. But there are more people with good conditions than you, so why did I pick you? It's because I've taken a fancy to you. You can't suspect me just because of a little setback. "

Wang Qiang immediately became alert and asked if she was telling the truth.

Jiang Xiaoqing immediately raised her hand and swore, "If I am lying to you, then I will be struck by lightning by the heavens." Do you believe me now? "

Wang Qiang laughed happily and nodded to tell the truth.

Jiang Xiaoqing continued to ask, "I'm willing to get through this with you, but you have to pull yourself together. You can't let Zhao Qian get the position of manager that easily. We have to fight for him. Even if you can't be a manager, you can't let him be one. Otherwise, do you believe that we will have a chance to shine in the future? The company's benefits are so good. Even if we were to switch companies, we might not be able to get such good treatment. Don't you think so? "

Wang Qiang laughed and replied, "Of course. I, Wang Qiang, am not a person who will admit defeat." Don't worry, Zhao Qian won't be able to be arrogant for more than a few days. I already have a plan in mind, just wait and see a good show.

Jiang Xiaoqing was beaming with joy as she praised, "I knew those who I choose would not be so cowardly. I'm sure you can do what you say. Come on."
"

Seeing his girlfriend being so loyal and confident to him, Wang Qiang was immediately filled with fighting spirit.

Jiang Xiaoqing sneered in her heart. Zhao Qian, just you wait.

C44 Collusion

Soon, the weekend came. Zhao Qian wanted to have Technology Department's employees continue to work overtime so that they could deliver Xingyuan's hand travel by the end of next month.

On the surface, the employees of Technology Department smiled and said that it was no problem, but in their hearts, they were very resentful towards him. In fact, they even thought that he was just relying on this to win Faang Ni's favor.

However, Zhao Qian couldn't care less. He was in a hurry for this Hand-Sneaker game. He wanted to give these people a bonus at the end of the year, so they would have no complaints.

In order to encourage his colleagues in Technology Department, Zhao Qian also worked overtime over the weekend. Although he didn't do anything, he could at least balance the mentality of Technology Department's employees.

At this time, Wang Qiang brought Jiang Xiaoqing to the Flying Fish headquarters. Although it was the weekend, Flying Fish was still on duty.

Wang Qiang went up to the young lady and said, "Hello, could I trouble you to give Yang Ming Young Master Yang a call? Tell him that Zhao Qian's enemy is looking for him."

With that, Wang Qiang gave a few hundred yuan to the receptionist.

On account of the money, the receptionist quickly called Yang Ming.

"Hello, gongzi, there are two people here looking for you. They said that you are Zhao Qian's enemy. Would you like to see them? "

The moment Yang Ming heard that it was Zhao Qian's enemy, he immediately became excited.

"I want to see! Bring them to the Conference Room area for a while, I'll be there shortly! "

Yang Ming quickly hung up the phone and went straight to Flying Fish headquarters.

Soon, Wang Qiang and the others saw it.

Wang Qiang extended his hand to shake hands with Yang Ming and said, "Hello, Young Master Yang. My name is Wang Qiang, I'm Zhao Qian's colleague."

Yang Ming pretended to be very polite as he shook hands with Wang Qiang and invited him and Jiang Xiaoqing to sit down.

"You and Zhao Qian are colleagues? Then why did you lie to the front desk and call it your enemy? "

Wang Qiang quickly explained, "We are indeed enemies, let me explain slowly."

Yang Ming nodded. He got the front desk to pour three cups of water and slowly listened to Wang Qiang's explanation.

After listening to Wang Qiang's detailed explanation, Yang Ming immediately laughed.

"I understand. Zhao Qian deliberately bullied you using the fact that he is the boss's favorite, so you wanted to take revenge on him." Is that right? "

Wang Qiang nodded with a smile and replied that it was indeed so. He hoped

that Young Master Yang would be able to help him.

Yang Ming's eyes continuously sized up Jiang Xiaoqing. With his countless experience in reading people, he could tell from one look that this beauty was the kind of bitch that would go up easily just by paying.

Jiang Xiaoqing pretended to be reserved, but her eyes constantly stole glances at Yang Ming when Wang Qiang wasn't paying attention. In front of Wang Qiang, the two of them were secretly sending each other off.

Wang Qiang was only interested in expressing his intention to cooperate with Yang Ming, but he didn't notice the look in their eyes that was out of place. Yang Ming waited until he had finished his long speech before replying, "Leave this to me. I will definitely teach Zhao Qian a good lesson." Right, do me another favor. Check if Zhao Qian has an ID called "Qian Gege" online. "

Wang Qiang and Jiang Xiaoqing immediately shook their heads and said it couldn't be him. Qian Gege was so rich, he could easily earn a few million. How could it be Zhao Qian, that diaosi?

Yang Ming asked, "Are you all that sure that he doesn't have any money?"

Wang Qiang nodded and replied, "This is my girlfriend, Jiang Xiaoqing. She was the one who ditched Zhao Qian and treated me well. She knows him the best."

Jiang Xiaoqing chuckled and said, "He is just a pauper. The Yue Guang clan doesn't have any savings at all." "If he was that Qian Gege, I wouldn't have broken up with him."

"Haha ..." Good! I believe you. Do you have time at noon? Let's have a meal together. "

Wang Qiang and Jiang Xiaoqing immediately nodded with a smile and said

that they had time. It was their honour to be able to eat with Young Master Yang.

Yang Ming laughed and told the two of them not to be so polite. From now on, they were allies. They should help each other.

Wang Qiang was extremely happy in his heart. He originally wanted to borrow a knife to kill someone, but who would have thought that he would obtain such an awesome ally. But how could he know that Yang Ming had his eyes on Jiang Xiaoqing.

Yang Ming brought the two of them to a high-class restaurant for a good meal. After it ended, he even WeChat each other.

That night, Yang Ming took the initiative to contact Jiang Xiaoqing and asked her if she had time to come out for a cup of coffee.

Jiang Xiaoqing couldn't wait any longer. However, she still pretended to be reserved and said it was too late. It was inconvenient, so she decided to change the day.

This was her strategy. The easier it was to get her hands on it, the less men would cherish it. She wanted to capture him, so she decided to waste Yang Ming first.

At this moment, Jiang Xiaoqing was incredibly happy. She was already daydreaming about herself becoming Yang Ming's girlfriend and borrowing his power to teach Zhao Qian a ruthless lesson.

On Sunday night, Zhao Qian called Yuan Mi out for a meal and told her something.

"How is the company now?"

Yuan Mi quickly put down her chopsticks, wiped her mouth, and reported in a serious tone.

"The key personnel of each department are all available. We only need to add a few more assistants and the like." We will be able to start operations again next week, I can promise Director Zhao that. "

Zhao Qian nodded in satisfaction and continued, "Next week, go next door and sign Wu Xin for me. She will be the starter of the company. My request is that she become an international superstar in the future. As for how she operates, that's your problem. I will give you enough support behind your back. "

Yuan Mi looked doubtful, but she didn't dare to ask. Seeing her hesitation, Zhao Qian told her to say whatever she wanted to say and not be afraid of him at all.

Yuan Mi nodded and said, "I feel that if the company wants to promote artists, they can choose young students with potential from the Film and Television Academy." They are white paper, easier to shape. Wu Xin ... I'm not saying that she's not good, but she's the main broadcaster, and that makes her suffer. Director Zhao should know the position of the streamer industry in people's hearts. Even if Wu Xin really becomes a superstar in the future, this will become a stain on her life. "

Zhao Qian understood Yuan Mi's meaning. As long as an artist who came from a professional background did well, someone would praise him. No matter how hard or how well they did, the main broadcast artiste would always look at them with his tinted glasses. They would only feel that he was unconventional and couldn't be compared to those professionals.

However, Zhao Qian did not care about that. As long as he could control the public opinion, what was there to fear? Whoever dared to say anything bad about Wu Xin, they could just delete their words from the internet.

Wealth international directly or indirectly control or participate in the network as well as media companies, almost cover the entire country. It could be said that whoever Zhao Qian wanted to express his views could do so. If he didn't want some kind of conversation to go on, he could kill the conversation with a single phone call.

So Zhao Qian said to Yuan Mi, "You don't have to worry about that. What you have to worry about is how to make her an international superstar. When you go and sign Wu Xin, go straight to her boss, Hong Xiu. "She knows you're one of mine. You two can just come over after discussing it."

Yuan Mi nodded and replied, "Alright, I know what to do now. "Director Zhao, don't worry. I will definitely complete this task as soon as possible."

Zhao Qian smiled in satisfaction and told Yuan Mi to continue eating.

On Sunday morning, before Zhao Qian had even woken up, Wang Chuan called him.

"Hey, Zhao Qian, hurry and come to the company. Flying Fish's young master, Yang Ming, is here."

Zhao Qian woke up with a start and then calmed down.

"Alright, I'll be there in a bit."

Zhao Qian hung up the phone, threw it aside and went back to sleep. He wasn't afraid of Yang Ming, so why was he so flustered?

C45 To be Humbled and Return

An hour later, Zhao Qian finally woke up. Just as he was about to get up, Wang Chuan called again and asked him where he was.

Zhao Qian yawned and replied, "I just woke up, let's go now."

Wang Chuan was stunned. After staring blankly for a few seconds, he shouted, "What? Are you still sleeping? What the hell do you think? A customer is here, and you're still in the mood to sleep? Do you know that Young Master Yang found out that our project has a lot of problems that need to be improved on? If you don't come now, I'll go find Director Faang."

Zhao Qian replied without a care, "Fuck, it's fine if there's a problem, but what are you panicking for? Find whoever you want, I don't care."

He hung up.

This infuriated Wang Chuan to no end. He immediately called Faang Ni to complain to her, reprimanding her for disregarding the interests of the company.

He thought that Faang Ni would punish Zhao Qian for this, but the result made him very embarrassed. Faang Ni replied, "Now, Zhao Qian is the company's leader, so all the problems will be decided by him. Don't call me about such a small matter. He can do whatever he wants."

With that, Faang Ni hung up the phone, not giving Wang Chuan a chance to continue talking.

Wang Chuan was very unbalanced and even a bit angry. He felt that if this continued, the company would be finished sooner or later.

After an hour, Zhao Qian finally arrived.

Seeing him, Wang Chuan asked in annoyance: "What exactly do you want? Even if you are the manager now, you have the final say in everything in the company. If he angers the customer and cancels the order in a fit of rage, wouldn't all our work be in vain? "

In Zhao Qian's eyes, Wang Chuan was nothing. He definitely wouldn't waste time explaining anything.

"Alright, go do what you need to do."

After he finished speaking, Zhao Qian left for the Conference Room.

Seeing Zhao Qian's arrival, Yang Ming's face immediately became gloomy.

"Hehe ..." He didn't expect Young Master Yang to come in person. After a few days, Young Master Yang looked better and better. Have you succeeded in setting up another anchorage again recently? You must be in a very good mood. "

Zhao Qian immediately took advantage of Yang Ming's love for the female anchorman to talk, and didn't give him any face at all.

Yang Ming sneered and replied, "Being able to follow the unwritten rules is also my ability. If you want to follow the unwritten rules, you don't even have a chance. I thought you were some great person, but it turns out to be the acting manager of such a small company. Haha ... It was fortunate that you were able to show off in public, so you didn't feel embarrassed. Enough nonsense, I just want to ask if your company can handle it? What kind of things are we making? Are you trying to fool me? "

When Zhao Qian first found out about the order, he expected Yang Ming to do this. Therefore, he was not the least bit nervous, and continued to have a

relaxed and complacent look on his face.

Yang Ming became even angrier when he saw that Zhao Qian didn't care about him at all.

"What's with your attitude? Do you take my words as nothing? What we need is high-end, high-end, high-end, high-end, high-end products. "Even looking at it is more technical than you guys.

Zhao Qian was still smiling as he replied, "Why is Young Master Yang in such a hurry? We are still in the process of making it, and we have yet to deliver the finished product to you. As long as it's within the contract, what do you care? As long as the product that was eventually given to you is satisfactory, won't that be fine? "

"You ..."

Yang Ming was at a loss for words. However, he was here today to cause trouble, so he couldn't just let it go like this.

Therefore, Yang Ming continued: "Stop f * cking bluffing me! He was doing it like sh * t now, so how good could he get in the future? Do as I ask, or I'll sue you. There is a clause in the supplementary terms of the contract that states that you must satisfy my modification requirements, or else you will violate the contract. You must think it through. "

Yang Ming had a proud smile on his face. He felt that he was going to be at the end of his tether.

Zhao Qian nodded his head and replied, "Alright, I understand. I will have my colleagues in Technology Department follow your instructions and correct their mistakes. If you have time, you can stay and guide them yourself. The purpose of our company's service is to satisfy our customers, Young Master Yang can be at ease. "

Yang Ming would not obediently stay to guide them, but what if the people from Technology Department did not change after he left?

Thinking for a moment, Yang Ming suggested to call Wang Chuan over. Zhao Qian nodded and went out to call Wang Chuan in.

"Wang Chuan, you were the one who took the order, you should have taken over on my behalf to supervise whether the people from Technology Department had followed my instructions to modify the work. In the future, I will find you to understand the progress of the project. If I find that there are no changes to the work, I will ask you! I, Yang Ming, am already used to it.

Wang Chuan was so scared that he was about to lose half his life. He hurriedly assured Yang Ming, "Young Master Yang, don't worry. I will definitely keep an eye on my colleagues at Technology Department and fix them according to Young Master Yang's request."

"That's for the best!"

After saying that, Yang Ming glared at Zhao Qian again, got up and left.

Zhao Qian chuckled and followed him out, loudly saying, "Take care, Young Master Yang. Come back when you're free."

Yang Ming originally wanted to make things difficult for Zhao Qian, but he didn't expect that he would be defeated. As soon as he walked out of the door, he sent a message to Jiang Xiaoqing on WeChat, wanting to get her to vent.

"Are you free at noon? "Come out and eat. I'll play around your company for a bit and wait for you to get off work for lunch."

Jiang Xiaoqing saw the message on WeChat and quickly deleted it. Then she replied to Yang Ming saying that she wouldn't leave at noon and would ask

him again when she had the chance.

Yang Ming was so angry that he could only scold her.

Wang Chuan still had lingering fear in his heart as he quickly asked Zhao Qian to go and remind his colleagues at Technology Department to follow Yang Ming's instructions and fix them.

Zhao Qian patted him on the shoulder and comforted him, "You don't have to worry so much. Director Faang leave the company to me, I will be in charge of everything." If something really happens, I will bear the consequences and not let you take the blame. Just do your job well, and don't be nosy about things you shouldn't do. You need to know who you are, which company you work for, who you listen to, and what you do. "

Wang Chuan immediately became angry and shouted, "You are harming me! You said it's light and easy, but do I still want to offend Yang Ming? You have the boss to back you up, who do I have? "

"You have me!?" Let me tell you, as long as I'm still in the company, I won't let anyone who dares to bully you off! Put your hearts in your stomachs and do your own thing! "

Zhao Qian then returned to his seat. Wang Chuan wanted to say something, but he didn't know what to say. Since Zhao Qian had already said this much, what else could he say?

After work in the evening, Wu Xin called Zhao Qian.

"Hey, Zhao Qian, do you have time? Come out to eat, I'll treat you! "

"Yo, why are you so happy? Did something good happen?" You found a rich second generation boyfriend? "

"Go!" You just found a rich second generation boyfriend. Heehee ... We just opened an entertainment company next door to the platform, and they signed me as the first artiste to focus on building me. I talked to their CEO for a long time. She said she wanted to make me an international superstar. She told me to always pay attention to my own improvement and my own image. Recently there have been waves of good things, I was really too happy, I just want to find someone to share the joy. After thinking about it, you are the most suitable. How about it? Are you coming or not? "

Since Wu Xin was so happy, Zhao Qian was also very happy. He had almost ruined her life, and now he was building a better future for her, step by step.

"Sure! I'm sure I'll be willing to have someone to treat me to a meal. "

"Hee hee ..." Well, see you at the same place. "I'll see you later."

"Yes."

Zhao Qian told them to work overtime through Technology Department at ease. After he brought them a midnight snack, he drove to the Emperor Restaurant.

C46 Just One Word from You

Soon, Zhao Qian met with Wu Xin. She did look very happy indeed, and the delight on her face could not be concealed.

"Congratulations, you're about to become a superstar. If you get angry in the future, can I still eat with you? Why don't you hurry up and give me an autograph and a photo so we won't have any chances in the future."

Hearing Zhao Qian's joke, Wu Xin also nodded with a smile and replied, "Sure! "Then you have to keep it well, it might sell for a lot in the future."

Zhao Qian laughed out loud. He took out his phone and took a photo with Wu Xin before walking into the restaurant together with her.

Hong Xiu followed Zhao Qian's instructions and gave almost all of her resources to Wu Xin. Naturally, the effect of the promotion was pretty good. As soon as the two of them entered the restaurant, someone recognized Wu Xin and requested to have a photo taken together.

The restaurant became lively, attracting even more attention.

At this moment, Yang Ming happened to bring someone to eat and saw this scene. With a cold look in his eyes, he glared at Wu Xin and Zhao Qian, cursing, "Dammit, let's see how long you can keep this up for."

The young men beside Yang Ming asked him if he wanted to do something to Wu Xin. Wasn't she just a female anchorwoman? What was there to be afraid of?

Yang Ming shook his head and replied, "She is quite famous now. If there's no chance, it's better not to move. I'm a bastard, but I never sue myself. As long as it's not illegal, I can take care of it with money. Once it is against the law,

the consequences are not something I can predict. "

Those young men immediately comforted him and told him not to worry about these things. As long as he said he wanted to touch Wu Xin, they would not implicate him even if he were to make a move.

These people would often accept Yang Ming's favours, so they naturally wanted to find an opportunity to express that they could continue enjoying the benefits Yang Ming brought them in the future. So what if he was locked up for a year or so? After they came out, Yang Ming definitely valued them even more. It could be said that he wouldn't need to eat or drink for the rest of his life.

Yang Ming thought for a while, winked at them, and then led them to the private box to discuss the countermeasures.

A group of people entered the box, told the waiter not to come near, and closed the door.

Yang Ming said very seriously, "I know you brothers have always wanted to show me, but I really don't want you to get into a lawsuit because of me. You all have families, what if they go in? "

"Young master Ming, if you say that, then you're looking down on us brothers."

"Exactly! Don't say that nothing will happen to us. Even if something does happen, the most amazing thing is to go in for two years and take it as a vacation. The brothers believed that Young Master Ming would not ignore us. As long as there are no worries, brothers are not afraid. "

"That's right!" This was what we were all thinking, so Young Master Ming shouldn't worry so much. "As long as you say the word, we'll do it right away if you want to do something to Wu Xin."

Yang Ming deliberately squeezed out a bit of tears and held each of their hands. Then he said to them, "Good brothers, I am already satisfied that you guys said such a thing. As for whether or not we can get rid of Wu Xin, it's not that important anymore. "

The few of them immediately advised Yang Ming not to worry about them. As long as he said the word, they would do the rest.

Yang Ming felt that he had played out enough, it would be a bit over the top if he continued acting out the show. Therefore, he replied, "The brothers also know about my grudge with Wu Xin, I definitely want to graze her. The key thing right now is not only to f * ck her, but it also concerns my face. The people in the circle often ridicule me behind my back when I can't even handle a single streamer. Do you know what kind of expression I have on my face when I hear those words? "

"Understood!" "Young master Ming, please wait a moment. The brothers will definitely complete this task."

"Yes!" We don't have to use illegal means, so of course we should discuss this first. If she really doesn't know how to appreciate favors, then we can't be blamed for our ruthless actions. "

"In short, if Wu Xin is still young, she would definitely be able to kill Young Master Ming."

Yang Ming was elated and quickly thanked everyone.

"Alright!" I will remember your kindness, brothers. What happened? Your family, I will take care of them as if they were my own family. Let's not talk about anything else, at the very least, we should be able to let them live in peace. "

This move of Yang Ming's was very successful in winning over the hearts of others. These people completely believed his words and felt that there was nothing to worry about. They could do whatever they wanted without fear. If they were really caught and brought out, they would be able to soar to greatness.

In order to show his gratitude, Yang Ming ordered the most expensive dishes and opened a dozen bottles of wine to let his subordinates have their fill.

Although Yang Ming wasn't as rich as Zhao Qian, his family could easily afford 1.8 billion. Thus, in order to gain face, spending a few million wasn't a big deal.

On the other side, Wu Xin quickly followed Zhao Qian into the room after taking photos of the fans.

Zhao Qian joked, "Wow, you're really going to get angry. Do you need a broker? I think I can try. "

Wu Xin giggled and replied, "I'm a woman who wants to become an international superstar. Are you qualified to work as a manager?"

Zhao Qian deliberately shook his head with a frown and said, "That's a little difficult. His English is no good, if the foreigners scold them in the future, it would be bad if he didn't understand."

Wu Xin covered her mouth and laughed. Then, she asked Zhao Qian how he was doing recently and when he could buy a house and settle down in the East China Sea.

Zhao Qian didn't seem to talk too much about the issue of his property and income, so he replied: "This house is more than 50,000 yuan a square meter, it's too exaggerated, I don't want to buy it."

A look of disappointment appeared on Wu Xin's face before she continued, "Don't be discouraged. As long as you are willing to work hard, you will definitely be able to buy a house of your own and settle down here peacefully. Besides, didn't you invest in my brother's team? As long as they get good results, the sponsorship and advertising fees alone will be enough to buy a few homes. If you have time, you should watch my brother for training, don't take the money and just don't do business. "

This was something that could only be said by a sister. Zhao Qian smiled and nodded, making it clear that he would definitely watch Wu Le's training when he had time.

Since Wu Xin still had a live broadcast tonight, the two of them ate very fast. After eating, she went to the company. Zhao Qian brought supper back to the company to feed the employees of Technology Department.

At eleven in the evening, Wu Xin came home on time. Just as she left the building, she saw a few people sneakily looking in her direction. Based on the woman's sixth sense, she felt that there was a problem with these people.

For safety's sake, Wu Xin called her brother and told him to come and pick her up.

However, Wu Le was going to participate in a car race this weekend. He was working overtime to change his car so he didn't have time to come over.

Wu Xin had no choice but to run to the side of the road quickly and find a taxi. She purposely turned around to look and saw that those people had also gotten into the car and were following closely behind her.

Wu Xin's house was rather remote, so she had to pass through a stretch of empty suburbs. If those people really were after her, it would be too dangerous to cross that road.

"Master, I'll have to trouble you to circle around the Finance Building. I'll pay for the car."

The taxi driver acknowledged and followed Wu Xin's instructions to circle around the Finance Building. After three laps, the driver found the problem.

"Beauty, there's a car following behind us, their target is you, right?"

"I guess so. You can continue to walk around a few more times. "

"Beauty, look at me, I'm just a little driver driving a taxi. I can't afford to offend these big brothers. Why don't I put you in a place with more people. I don't want the fare, okay? "

Wu Xin became furious when she heard this. It was already past 11, how could there be more people? What if they put her out of the car at this time, and the people behind her tied her up in the car?

"Master, I've already sent your work card to your family. If something happens to me, you won't be able to escape it. Keep going around in circles, I'll call someone to come pick me up. "

The driver had no choice but to continue circling around.

Wu Xin thought for a moment before dialing Zhao Qian's cell phone.

C47 Who Is Behind This

Zhao Qian was driving home when he saw Wu Xin's phone call. He quickly picked it up. She must be in a hurry, he thought, calling at this late hour.

Wu Xin's urgent cry for help came as soon as the call connected.

"Hey, Zhao Qian, come and pick me up. Someone is following me!"

Zhao Qian quickly stopped the car and asked her where she was now.

"I'm in a taxi and I'm letting the driver circle around the Financial Building. Hurry up and pick me up, I'm so scared. "

"I'll come over right now! Give your phone to the driver! "

Wu Xin quickly handed her phone to the driver, who didn't dare to stop and could only pick up the phone slowly.

"Hey, I'm a taxi driver, hurry up and come pick her up, I'm really scared."

"Listen, no matter what happens, you're not allowed to park. I'm going to pick her up right now. If something were to happen to her, even if I disperse all my wealth I will make you feel worse than death! "

"No ..." I'm just a driver..."

"If I don't listen to this nonsense, I won't care whether you are wronged or not!" "Remember my words!"

After saying that, Zhao Qian quickly hung up the phone and called Yang Hu.

No matter who the other party was, since they dared to lay their hands on Wu

Xin, they couldn't let them off lightly. Furthermore, they had to uncover the real culprit behind the scenes.

"Hello, Young Master, what can I do for you so late at night?"

"Wu Xin has been followed. Bring a few people with you to the Finance Department. I'm on my way right now."

"Understood!"

Yang Hu quickly got up from the bed, called a few of his subordinates, and rushed to the Finance Building.

At this moment, the car was still following Wu Xin's taxi. They had already circled around a dozen times and were a little tired.

"Fuck, did that girl discover us?"

"I think it's possible. Isn't this asking the taxi driver to slip away?"

"Damn it, why don't we just rush over to stop a taxi and kidnap her. In any case, Young Master Ming had plenty of money, so when the time came, he would have to pay a high fee to keep his mouth shut. At most, I'll just spend some money to make it up to her. "

"Haha ..."

They laughed lewdly and immediately sped up.

The taxi driver saw the car behind him speeding up and rushing up, which scared him so much that he also sped up.

"F * ck, the f * cking driver actually dares to speed up!" Charge over and stop him! "

The car behind immediately sped up and passed the taxi in an instant. Then, it braked and blocked the taxi's path.

The taxi driver had no choice but to step on the accelerator and quickly reverse the engine.

Wu Xin was too scared to wait for Zhao Qian to arrive, so she hurriedly called the police.

"Hey, I'm at the Finance Department's side. There's a car following me and it wants to force my taxi to stop. Hurry and save me."

The operator assured Wu Xin not to be afraid. The police would arrive soon.

Just as Wu Xin was about to say something, a loud sound rang out and the taxi was hit. She and the driver both jerked back, and then the car stopped.

It turned out that the taxi had been reversing and had hit a private car. The car in front seized the opportunity to rush over. A few people got out, forcefully smashed the door open and pulled Wu Xin out.

"Help! "Save me ..."

Wu Xin shouted for help, but she was outnumbered. Still, she was pulled to the front of the bus. Coincidentally, Zhao Qian had arrived, so he drove his Jaguar and rushed over.

Seeing this, the MPV hurriedly drove away. Zhao Qian pursued closely and even called Yang Hu, reporting his exact location in real time. Yang Hu quickly caught up to him according to where he said.

Both parties started to chase each other. Zhao Qian's Jaguar was even faster and quickly caught up to the MPV. It kept bumping into the MPV, wanting to

knock it into the isolation belt on the roadside.

However, the quality of the MPV was so high that the small Jaguar was completely unable to crash into it.

Wu Xin saw the fast leopard car and knew that Zhao Qian was here to save her, so she shouted for help.

"Zhao Qian, quickly save me!" "Hurry up and save me ..."

Hearing Wu Xin's frightened voice, Zhao Qian steeled his heart, stepped on the accelerator and crashed into the MPV.

The MPV lurched along a section of the "S" route and then steadied itself.

Zhao Qian quickly stepped on the accelerator and ran up again, but he still couldn't stop the MPV.

Fortunately, at this moment, Yang Hu's team arrived. They surrounded the front and forced the MPV to stop.

Zhao Qian quickly got off the car, grabbed a baseball bat from the trunk, ran over and smashed the window of the MPV.

Yang Hu's men were not kind people, they raised their machetes and rushed over. The people in the MPV were shocked and quickly opened the door and begged for forgiveness.

"Don't fight, don't fight ..."

Wu Xin immediately ran down and ran into Zhao Qian's arms while crying.

Zhao Qian quickly brought her to the roadside and asked if she was alright.

Wu Xin shook her head in tears and replied, "It's fine, but I'm so scared. You must ask who they are, why they want to catch me, find out who's behind the scenes. Otherwise, I'm afraid they'll catch me again in the future. "

Zhao Qian nodded and comforted, "Don't be afraid. Leave this matter to me, I'll definitely get to the bottom of this. "Wait for me by the roadside, I'll tell Yang Hu and send you home."

Wu Xin nodded and walked to the sidewalk to wait.

Zhao Qian called Yang Hu over and said, "I think the police will be here soon. Take them away first, no matter what the method is, ask out who ordered them to do it. I just need to know who the mastermind is. Do you understand? "

Yang Hu immediately nodded and replied, "Understood. Rest assured Young Master, I know what to do. "

Zhao Qian acknowledged and quickly ran off with Wu Xin to take a taxi.

After he sent Wu Xin home, Zhao Qian called Yang Hu and asked where he was now. After knowing the address, he immediately rushed over.

Those people were beaten so badly by Yang Hu's people that they probably didn't even recognize their own mothers anymore. However, they still didn't say who was behind the scenes.

The police must be trying to find the owner of the car. Zhao Qian felt that they had to buy time and not waste time. Therefore, he took a hammer from Yang Hu's underlings and smashed down on one of them.

"Ah!" "Ahh!"

Zhao Qian from five years ago was a fuerdai who was a hundred times more of

a bastard than Yang Ming. To him, ruthlessness was a word of praise and he could not find the right word to describe his evil side.

Zhao Qian asked ferociously: "I don't want to talk nonsense with you, I just want to know who is behind this, and I don't want to make things difficult for you guys. I will give you a chance right now, so don't you guys not cherish it."

The guy who was hit by Zhao Qian quibbled, "No ..." "No one was the one to order it. We saw her beauty ourselves and wanted to rape her, but ..."

"Bam!"

With a muffled sound, Zhao Qian also crippled that person's other hand.

"Ah!" "Ahh!"

Yang Ming's lackeys were all scared silly and their legs were trembling. They thought he was great enough to go to prison and be a good man when he came out. But they didn't think that they would be tortured like this. Their bodies really couldn't take it.

Zhao Qian gritted his teeth, tried his best to suppress the anger in his heart, and asked in a low voice: "I really don't want to waste time on you, I'm only interested in the mastermind. Should he speak the truth? If you don't say it now, I'll smash your leg."

With that, Zhao Qian pressed the man's right leg onto the ground, as if he was about to smash his Achilles tendon. If this place was destroyed, it would affect his entire life.

The man was so scared that he begged, "Don't..." Don't... "I beg you, please let me go ..."

Zhao Qian replied in a gloomy tone, "I said I didn't want to make things

difficult for you guys, I'm not interested in you guys. I just want to know who sent you guys." If you continue to waste my time like this, you'll be spending the rest of your life in a wheelchair. Don't worry, I have enough money to pay for it. "I'll count to three, one ..."

"Don't... "Don't..."

Zhao Qian's face became more and more serious as he growled, "Er..."

"Really, no one instructed me to... "Let me go ..."

Zhao Qian gritted his teeth and shouted, "Three..."

"Bam!"

"Ah ..."

C48 Calm Point

Zhao Qian smashed down without any hesitation. That person immediately shouted out in pain while clutching his ankle. The other guys all collapsed on the spot in fright.

"I said it! I said it! It was Yang Ming who told us to come! Yang Ming told us to come! "

"Yes!" "It's Yang Ming, it's Yang Ming ..."

"Please let us go. We have no enmity with you guys, and only came back to kidnap her because of Yang Ming. "

Zhao Qian nodded, signed a cheque for one hundred thousand and threw it on the guy he smashed to the ground.

"Here's 100,000 yuan, take it to the hospital. "

"Ten ..." A hundred thousand ... If you beat me up like this, can a hundred thousand yuan be cured? "

Zhao Qian chuckled and replied, "You can look for Yang Ming for the rest. You work for him, it's a work injury, he has to take responsibility. "

After saying that, Zhao Qian told Yang Hu and the rest to leave quickly.

Yang Hu was puzzled and asked, "Let them go just like that?"

Zhao Qian nodded and told them to stop talking and quickly left.

Yang Hu didn't say anything else and quickly left with his underlings.

After going out, Zhao Qian told Yang Hu to quickly bring his men home to sleep. He was going to the scene of the crime to claim the car.

Yang Hu was worried that Zhao Qian would have trouble, so he asked if he should inform the chairman. Zhao Qian hurriedly shook his head and refused. There was no need to trouble his father with such a small matter.

Soon, Zhao Qian arrived at the scene of the crime. He walked over to the police and told them that the Jaguar was his car. The police quickly brought him back for questioning.

Zhao Qian did not conceal anything and told the police everything. When the police heard that Yang Ming was involved, and then looked at the police station files of Zhao Qian, they could roughly understand the situation.

One was the second generation of the local rich, the other was a grand character of Yanjing, there was nothing to worry about. Furthermore, Yang Ming also greeted him at the first moment, so this matter was treated as a normal traffic accident.

When Zhao Qian returned home, he called Yang Ming.

"Hey, Young Master Yang, you are a rich second-generation young master, Flying Fish. Isn't it better to do things openly?" Why did he use such a despicable method? Are you worthy of your status as a fuerdai? "

Yang Ming was angry and immediately scolded: "You f * cking know they are my people and yet you dare to cripple one of them? I will not let you off. "Just you wait, I'll first bankrupt the company you're staying in, then I'll kill you all."

"Sure. I'm waiting for you to kill me. However, I must warn you, I still have some money with me. Although it is not much, but it is enough to bribe Yang Hu. You want to f * cking deal with me? Come on out in the open. If you dare

to try again, my methods will be a hundred times more cruel than yours. "Also, you're not allowed to touch Wu Xin again in the future. Otherwise, even if you kneel down and beg me, it'll be useless. You have to bear the consequences."

Yang Ming laughed and asked Zhao Qian where he got the confidence to talk to him like that. Zhao Qian ignored him and hung up.

Zhao Qian didn't sleep for the whole night, so he quickly took a shower and wanted to go to sleep. At this moment, Wu Xin called him.

"Hey, Zhao Qian, why don't you give me a call and tell us what's going on?" Did the police make things difficult for you? "

"No. That group of people were sent by Yang Ming. He's afraid of causing trouble, and already has a public relations officer.

"I knew it was that bastard's doing! This was so infuriating! Zhao Qian, tell me, how much does it cost to get that Yang Hu to get Yang Ming? I don't want to be harassed by him again in the future. It's best if I can treat him once and for all. "

Zhao Qian was extremely flustered and flustered as he hurriedly replied, "You can't have such thoughts. I will do all of these for you. You don't need to worry about it." What you have to do is to treat yourself as an international superstar from now on and ask yourself not to do anything that affects your image. I promise you, before long, I will make Yang Ming kneel down in front of you and apologize. "

Wu Xin was worried that Zhao Qian might do something dangerous so she quickly replied, "I think it's better not to. You don't need to get even with him, as long as he doesn't make things difficult for me in the future."

In order to not worry her, Zhao Qian agreed to her request.

If it was Zhao Qian from five years ago, he would have already picked a fight with Yang Ming at the appointed time. Right now, he wanted revenge. He would absolutely not fight and settle the grudge like a little kid. Instead, he would make Yang Ming's family suffer a crushing defeat. He would completely lose everything he had now. For adults, they had to play some of the tricks and tricks an adult should have.

After putting down his cell phone, Zhao Qian quickly lay down and went to sleep. However, after just sleeping for a while, Zhao Fu called him.

"Brat, you stirred up trouble again?"

Zhao Qian cried out in injustice and replied, "How is that possible? I'm just trying to save a friend. I know what I'm doing, so don't worry about it, okay?"

"I only have one son, and you're already f * cking running into someone else. Do you think I don't care?" Then who cares? Wait until you're in the hospital? That kid has been finding trouble with you for so many times, he's a little untactful. "

"Dad, don't interfere. I won't be happy if you interfere. I want to defeat him myself right now, so it can be considered as a form of training for me. Didn't you make me spend five years to pay back that two hundred thousand just to train me? "Don't waste all your efforts at this point in time."

Zhao Fu was rendered speechless by his son. He could only remind him to be careful of everything and not do anything rash in the future. If you need anything, tell the people below to do it. Don't do it yourself.

Zhao Qian understood that his dad was worried about him, so he quickly comforted him, "I know, don't worry. Wait until I defeat this brat, and return to Yanjing to visit you all. "

"Your mom misses you. She said she would go to Eastsea City to see you after she finished what she was doing. I'm very busy every day, so I don't have time to go with her. You'd better take good care of me when the time comes. "

"Alright, that's my mother. I can still kidnap and sell her off!" Last night, I stayed at the police station for an entire night, because I was really too tired.

Zhao Fu nodded and hung up. However, he still didn't trust his son, so he called Wang Qi in.

"Chairman, do you have any instructions?"

"Wang Qi, contact the person in charge of the company in Eastsea City and see what Zhao Qian has been doing recently." I need to see everything before lunch. "

"Understood, I'll do it right away."

Wang Qi quickly ran out to call the company's director at Eastsea City, telling him to find out what Zhao Qian had been busy with recently.

Things that the chairman needed to know, those subsidiaries, whether directly or indirectly controlled by the rich world, or the company's head, naturally had to act quickly.

An hour later, the information was passed to Wang Qi. She quickly sorted it out, printed it out and handed it to Zhao Fu.

After reading it carefully, Zhao Fu smiled with satisfaction.

"It seems that he has grown quite a bit in the past five years. With his brain, he is no longer brainless and ruthless."

Wang Qi quickly agreed, "Chairman, you don't have to worry so much. Just from the times Young Master contacted me, I could already feel that he was very scheming, very similar to you, chairman. "As long as we have a plan, with Young Master's intelligence and the power of our corporation, there's nothing that we can't do."

Zhao Fu laughed heartily and was extremely happy in his heart. If Zhao Qian was really so outstanding, there was no need to worry about the succession of rich countries. Even in the hands of Zhao Qian, money could continue to grow and expand.

After such a big incident had occurred, the police had informed Yang Cheng not to let Yang Ming do whatever he wanted. Otherwise, they would have to get serious.

Yang Cheng had no choice, he could only tell his son to be obedient during this period of time and not make any mistakes. Otherwise, he would definitely not let him off lightly.

Yang Ming was a smart person. He knew he couldn't go against the police, so he nodded and agreed. However, he hated Zhao Qian even more. Right now, he wanted to kill Zhao Qian.

C49 Game Inner Test

Without Yang Ming's interference, Zhao Qian was quite safe for a while.

In the blink of an eye, a month passed. Xingyuan Corporation had finally entered the internal test, and as long as there were no problems with the results, they could open the test.

This game was created by imitating the League of Legends. A total of fifty heroes of the first generation were prepared for the player to choose from.

There were a total of five classes: Field Mage, Middle Mage, Upper Single Warrior, Lower Archer, and Auxiliary Mage. Every class had ten heroes, which was more than enough for the players to play for a while.

As long as the market responds well, the follow-up can still continue to be the new hero online.

Zhao Qian called Wu Xin and asked her out.

Wu Xin was now considered quite famous on the internet. She could not easily be seen on the streets. Thus, the two of them made an appointment at Zhao Qian's new Jaguar to chat.

Wu Xin asked, "I haven't heard from you recently, what are you doing? Why didn't you find me to play? "

Zhao Qian quickly took out his phone and turned on the game. He replied, "Don't talk for now, watch me play a game. You have to look carefully, okay? "

"Oh, okay."

Wu Xin quickly got closer to Zhao Qian and started to look at the screen of his phone.

Zhao Qian had helped Wu Xin cover up a man-machine combat. In the process, Wu Xin had raised all kinds of questions, seemingly very interested.

For a game that even girls would be interested in, it would be hard not to get popular.

When Zhao Qian finished playing, Wu Xin immediately asked, "What game is this? I think it's interesting. This special effect is really beautiful. "And this character model, the pictures, are all so beautiful."

Zhao Qian quickly explained: "This is a hand tour our company made for Xingyuan games. It has already entered the inner section and will be open for testing very soon. A game that even you, a girl, would be interested in would be extremely popular once you entered the market. I think this is your chance."

Wu Xin quickly sat up straight and asked him why he said it was her chance.

Zhao Qian continued to explain: "Flying Fish, Tianxiu, Swan, Dragon Tooth, etc. If you learn this game in advance, when this game enters the market, you will immediately be able to learn all the heroes in Tianxiu. Do you think that you will become more popular? "

Wu Xin immediately understood what Zhao Qian meant. She quickly replied with a smile, "You seem to make a lot of sense, but I don't know this game, so I can't perform it well."

"So start practicing now." I have already asked our colleagues in Technology Department for the operation skills, the sequence of moves, and so on. You should take advantage of the time inside to become proficient at every hero.

After saying that, Zhao Qian took out an excellent dish and handed it to Wu Xin. Inside the plate was the game installer and the information she needed.

Zhao Qian was worried that Wu Xin would find it difficult to operate Hero instead of practicing. He then said to Wu Xin, "I'll go to your platform tomorrow and see if I can sign a cooperation agreement with your platform. "In the future, I'll let your platform broadcast this game exclusively, and see if your boss is willing to."

Wu Xin immediately smiled and nodded. She would go to the company early tomorrow to help him speak up for his boss.

Zhao Qian nodded and sent her home.

When Zhao Qian arrived at his house, he called Hong Xiu.

"Hong Xiu, tomorrow I will go to the platform to discuss a collaboration with you. You should be mentally prepared, don't let me ruin the show."

"Understood. "Director Zhao, don't worry, I will definitely not ruin your plans."

"Yes." It's getting late, go to sleep. "Good night."

After hanging up, Zhao Qian went upstairs to watch Huang Yingmeng and Xu Ying's screenplay.

Zhao Qian was knocking on the door with a plate of fruits in his hand. Huang Yingmeng hurried over to open the door and let him in.

"Sisters, how's the progress of the script? There's no need to be too anxious. Let's eat some fruits and take a rest. "

The two of them nodded and walked over to eat some fruits.

Huang Yingmeng introduced, "The first 300 thousand words are almost done. Sister Xu said that we need a climax. I was just thinking." As long as this climax is to come out, it will be over in a week. "

Zhao Qian nodded with a smile and replied, "That's great. The cast of the film crew has reached the end. Now, only the female lead is left undecided. When the female lead is decided, we'll immediately start shooting. "

Huang Yingmeng then asked if she could see who had been chosen to play what role. Although she didn't have the power to decide, she could give some advice to the director. After all, she was the one who wrote the book. She knew the personality of every person in the book.

Zhao Qian felt that this made sense. Since the filming hadn't started yet, the actors in some of the roles had yet to sign a contract, so Huang Yingmeng could take a look at them.

Thus, he replied, "How about this, I'll tell the Leader that if they think it's appropriate, I'll bring you to meet those actors."

Huang Yingmeng was very happy to thank Zhao Qian for his help. She also said that when she had free time, she would treat him to a meal. She also thanked him for his meticulous care of her during this period.

Zhao Qian laughed and replied, "You're welcome, this is my job. I should do what I have to do. Alright, I won't disturb you guys any longer.

Huang Yingmeng and Xu Ying hurriedly stood up to see Zhao Qian out.

Mr Qian Entertainment company currently didn't have a director of their own. Zhao Qian borrowed from Film and Television Online. In order not to arouse suspicion, he promised to pay 20% of the profits to Film and Television Online.

The next morning, Zhao Qian called the director to ask him out for lunch. Then, he cleaned himself up and quickly went to the Tianxiu Platform office.

Wu Xin was very generous. She recommended Zhao Qian and the game to Hong Xiu very early on and advised her to agree to cooperate.

Hong Xiu then chatted with Zhao Qian in front of Wu Xin.

"I heard from Wu Xin that your game is very interesting. I wonder if Mr Zhao can demonstrate it for me?"

Zhao Qian nodded and said that there was no problem, so he started a manoeuvre match for Hong Xiu to see.

Hong Xiu was just putting on an act. It was just a process. In the end, she would definitely sign a contract with Faang Ni's company.

"Wah!" This game of yours is really well done. I think that every girl likes it so much that they would definitely get angry. "

Zhao Qian chuckled as he put away his phone and asked, "Then is Director Hong willing to cooperate?"

"Of course, but I need to know your conditions. We won't be authorized to use it in vain, will we?"

"Haha ..." Hong was always a straightforward person. I'll tell you right away that I can authorize you to use it for free, but Wu Xin has to be the spokesperson for the game, and she has to spend at least two hours every day to do it live. If any other anchors on the platform want to broadcast this game, then only this game will be allowed to broadcast it. No other games will be allowed to broadcast it. "

Zhao Qian's request was reasonable. Hong Xiu felt that there was no need to bargain, so she agreed immediately.

Zhao Qian stood up and shook hands with Hong Xiu. They agreed to sign the contract in three days.

After leaving Tianxiu, Zhao Qian turned around and went to the Mr Qian Entertainment company next door and found Yuan Mi.

Yuan Mi brought him into the office and quickly asked, "Did Director Zhao come for some instructions?"

"Yes." Come out to lunch with me. I'll take you to someone. The first project that our company invests in is going to start officially. I want you guys to meet up. If you have any problems in the future that you want to discuss and settle, I'll try my best not to participate. "

Yuan Mi immediately nodded and said that it was no problem. The two of them waited until lunch time in the company before leaving the building.

Half an hour later, Zhao Qian and Yuan Mi met with director Chen Jie.

C50 The Order Is Mine Now

Zhao Qian introduced Yuan Mi and Chen Jie to each other so that they could get to know each other. Then, he went straight to the main topic.

"The female lead of this movie has always been empty. She didn't let Director Chen choose the right person in the market because I have someone I want to praise. Yuan Mi, introduce Wu Xin to Director Chen. "

Yuan Mi nodded and quickly gave an introduction to Chen Jie.

When Chen Jie heard he was going to use a female lead, he was a bit unhappy. No matter what, he was still a famous director in the industry. The female lead under his command was all sorts of top tier cards, or maybe even a popular little flower. When was it going to be the turn of an unpopular female lead to be a female lead?

"Director Zhao, I didn't mean to go against you." With such a huge investment in a movie, wouldn't it be a bit of a farce for you to find a female lead to be a female lead? With their bit of fame, they were simply unable to deliver on the viewership ratings. It was safer to look for the already famous female celebrities in the industry. "At the very least, I can guarantee the basic viewership ratings and definitely won't pounce on the streets.

Zhao Qian nodded and replied, "I believe in Director Chen's professional insight. However, I did this project to support Wu Xin. Can Director Chen understand what I mean?"

Chen Jie nodded in understanding. Isn't it common for rich people? Especially in the entertainment industry, it was understandable that female celebrities did not have a godfather to their clients. This was a common phenomenon in the entertainment circle, so Chen Jie was not surprised.

Zhao Qian nodded and continued, "It's good that Director Chen understands. "Then we'll be counting on Director Chen for this movie. We must shoot out the original majestic atmosphere. We must not use the fifty percent special effect to coax the audience."

Chen Jie quickly replied with a smile, "This is my job, there's no need for Director Zhao to say such polite words. I get paid, I should shoot my boss a satisfactory piece of work. "

Zhao Qian liked Chen Jie's work attitude very much. He didn't ask anymore and just paid for the job. He told Yuan Mi and Chen Jie that if they had any problems in the future, they would talk to him.

The two of them nodded in agreement, then ordered some food.

After they finished eating, Yuan Mi brought Chen Jie to find Wu Xin.

"Wu Xin, let me introduce you. This is the famous director of our country, Chen Jie. Our company is going to make a play and decide to let you be the leading actress. Director Chen is here to chat with you.

When Wu Xin heard that she was going to be a female lead, she was so excited that she didn't know what to say.

Chen Jie smiled and told her not to be nervous. As a newcomer, the taboo was to use too much strength because of her nervousness. The results would not be good.

Wu Xin quickly replied, "Thank you for the director's reminder." I don't have any foundation for acting, I just can't control my nerves. "

Chen Jie nodded and pondered for a moment. Then, he said, "How about this, I know a few performance teachers from the East Sea Film Academy. I'll introduce one of them to you, and you can take time to study at her place

every day.

Wu Xin nodded happily, thanking Chen Jie for his help.

Yuan Mi immediately promised that the company would pay for all the expenses. Wu Xin just needed to study. Wu Xin naturally didn't worry about the future of her public expenditure study.

Wu Xin's schedule was full every day, but she was happy because as long as she was able to make it through this period of preparation, the day for her flight would arrive.

In half a month's time, Xingyuan's event would be held in another two days. All the companies were making their final preparations, but only Zhao Qian remained indifferent.

Yang Ming was used to not obeying the rules, so in order to get the order, he sent someone to deliver a gift to the person in charge of bidding for Xingyuan.

Zhao Qian expected that Yang Ming would do this, so he told Guo Mingda in advance that as long as he dared to give them gifts, he would accept them all.

Yang Ming was extremely happy. According to the rules, as long as you accept the gift, you have to do something. He felt that the order must be his, and this time he was finally going to win the money.

Yang Ming couldn't suppress the ecstasy in his heart, so he called Zhao Qian.

"Hey, Sun Thief, I heard that your company is also participating in Xingyuan Competition?"

Zhao Qian acknowledged and replied, "We specialize in this. Of course we want to bid. What? Young Master Yang is also interested in game production?"

"Haha ..." Of course. People's lives are getting better, more pursuing the level of spiritual life, more people play games, of course I want to do games. This time, your opponent is me. Unfortunately, you won't have the chance. This order is already mine. "

Zhao Qian resisted the urge to laugh and replied: "They haven't officially announced it yet, if you say it's yours then it's yours."

Yang Ming replied confidently: "That's right! If I say it's mine, it's mine. If you don't believe me, we can wait and see. "

"Alright!" The day after tomorrow, we will meet at the competition, and I want to see if your company will win the bid. "

After saying that, Zhao Qian hung up the phone.

Yang Ming, this idiot, is really confident. He thinks that he can get the order just by giving a gift. He is too childish.

Very quickly, two days passed, and Xingyuan s' bidding competition was held as scheduled at their headquarters' Conference Room.

Zhao Qian brought Jiang Xiaoqing to the scene with him. After all, they had to do something, and someone had to take some information. Thus, he asked Jiang Xiaoqing to follow them.

As Wu cleaned up, he secretly cursed Zhao Qian to get the order. This way, Yang Ming would definitely fight to the death with him. Furthermore, the company was currently short on manpower, so there was no one to make the next order. It was up to Zhao Qian to decide what to do.

Zhao Qian had brought Jiang Xiaoqing to the scene of the Bidding Conference and had met Yang Ming.

Yang Ming's eyes lit up the moment he saw Jiang Xiaoqing. Jiang Xiaoqing also couldn't wait to see him. She had been hanging on to his appetite for a month already, and it was about time for him to get his hands on her.

"Oh? Isn't this Manager Zhao, who was made by Faang Ni?" I truly admire your courage. You actually dared to come even though you know there's no hope. "You are really athletic. Even though you know you will lose, you still want to participate."

Zhao Qian ignored him and turned around to chat with the other people in charge of the company that came to bid. Since they were all in the industry, it was always good to know more people. They might be able to work together in the future.

Yang Ming felt very displeased when he saw Zhao Qian chatting so enthusiastically with the others. Therefore, he said, "Why are you still chatting? This order is already mine. Don't waste your time waiting here."

Hearing Yang Ming's words, the people in charge of the other bidding companies became unhappy. They asked who he was and how he dared to boast like that.

Yang Ming finally got the chance to introduce himself. However, he didn't introduce himself because it would seem like he was very low. His assistant was very perceptive and quickly introduced him.

"This is the boss of the game Production Company, Yang Ming. Although our company has just been established, your background and strength cannot be compared to mine. Director Yang is the Young Master of Feiyu Entertainment Group, do you know how powerful we are now? If you were the boss of Xingyuan Company, would you choose a partner like us, or would you choose your small workshop? "

When everyone heard that the person in front of them was the Young Master of Feiyu Group, they immediately did not dare to speak anymore. Some of the more capable guys quickly went up to kiss Yang Ming's ass.

"So it's the young master of the Feiyu Group. "Please take care of me from now on. We are at Peng Yun Game's Production Company. My name is Wu Da Wei."

"I am Li Yang, the manager of Ao You Entertainment. Please take care of me in the future, Young Master Yang. If your company needs to produce a game, we can also help, we will definitely give Young Master Yang the most preferential price. "

"..."

The crowd flattered Yang Ming, causing him to laugh out loud.

"I have already recorded everyone's enthusiasm. If there is anything I need, I will definitely contact everyone. However, I'm sorry about this, I want the order. "

After saying that, Yang Ming even forced a smile towards everyone to express his apology.

"Of course, of course... "It's understandable that the stronger people should have gotten the orders to begin with."

"Yes!" If we lose to Young Master Yang, we don't feel that it's a loss, we can accept that. "

"Then we should congratulate Young Master Yang. I hope Young Master Yang will make a huge profit."

Zhao Qian couldn't help but shake his head and laugh at the scene in front of

him. Just act cool and wait for the results to be announced. Let's see how he will end this then.
