

## C51 Bet

When Yang Ming saw that everyone was flattering him, only Zhao Qian didn't say anything. He couldn't help but want to cause trouble again.

"Zhao Qian, why are you still sitting there? Hurry up and go, in case you feel sad again when the results are announced."

Zhao Qian turned around and glanced at Yang Ming. He sneered and replied, "I am just an iron. I won't believe your words until the final result is out."

"F \* ck!" Your little workshop wants to compete against me? "

After Yang Ming said that, he went closer to Zhao Qian, stuck his body close to Zhao Qian's ears, and said very quietly: "I'm not afraid to tell you the truth, I gave gifts to the people in charge of bidding for Xingyuan. This order has already been given to me. It's just a formality today. If you want to compete with me, what are you going to compete with me for? You don't deserve to be my opponent, you stinking diaosi. "

Zhao Qian deliberately pretended to be very angry and asked: "How the f \* ck can you use this kind of method? Everyone is competing fairly. If you win, I am convinced. It would be disgraceful of you to win in this way. "

Yang Ming was proud and replied: "I have a lot of money, yet you bite me? Even if I don't have any money, I am willing to do it because I will have a relationship with Xingyuan from now on. Just you wait, for the order in your hands, I will also transfer the Xingyuan to me in the future. I want a little, a little, to force your little workshop to death. "Haha ..."

Zhao Qian still pretended to be angry and went away sulking.

Jiang Xiaoqing was extremely happy in her heart, but she pretended to

comfort him on the surface, "Since we know we are doomed to lose, let's not waste our time here." If the opponent is strong and loses, then so be it. There's nothing to be sad about it. "

Zhao Qian turned his head and stared at Jiang Xiaoqing for a few seconds, making her feel scared.

"You ... Why are you looking at me like that? I was just telling the truth, wasn't I? "

"Hehe ..." Do you think laozi can't tell that you and Yang Ming are eyeing each other? Jiang Xiaoqing, I'm warning you, other than Wang Qiang, if you dare to have anything to do with other men, I definitely won't let you off. I still have some spare money on me, so I don't mind spending it on you. I think Yang Hu and the others will definitely be interested in a bitch like you. It's best if you don't cause yourself any unnecessary trouble. "

Jiang Xiaoqing was stunned for a moment before she quickly quibbled, "Nonsense! This is the first time I've seen him, why are you trying to get along with him? Don't throw dirty water on me if you lose your order. "

"Hehe ..." You know what the truth is. I have already warned you that if you insist on acting on your own, don't blame me when the time comes for you to show no mercy. "

Jiang Xiaoqing was puzzled and asked, "Wang Qiang stole me from your hands, shouldn't you hate him? Why do I have to be with him? "

"Of course. Slut is only fit to be together with slut. How about you join hands with her? You're an extremely good match." Since you like him so much, of course I want you to be with him forever. Alright, let's not talk about this anymore. You should think about what to do first. "

Jiang Xiaoqing, who was standing at the side, was terrified. With Zhao Qian's

current strength, it was too easy for him to get rid of Wang Qiang and her. Even if he was not the manager, the money in his hands was enough to make Wang Qiang and her live a bad life.

However, the more he forced her with the money, the more she felt that she had to quickly get into a fight with Yang Ming. Only with Yang Ming's help, would she be able to suppress Zhao Qian.

However, she didn't dare to oppose Zhao Qian on the surface, so she pretended to be scared and replied: "I know, don't scare me."

Soon, the bidding began. The one in charge of hosting the convention was Guo Mingda's assistant, Yang Xueqing.

"Guests, good morning. Welcome to Xingyuan to participate in this invitation conference. In order to save time, I will not say too many polite words, now immediately get down to business. In a responsible and serious manner, the company carefully examined and compared the proposals of each company, and finally selected the most suitable company to take over the project. "

At this point, Yang Xueqing paused for a moment before opening a sealed folder that contained information on the winning bidders.

Yang Ming leaned on his seat proudly, winking at the people around him. Those people tactfully continued to kiss ass to him, congratulating him on taking this order, and from now on, would be partners with Xingyuan.

As Yang Ming heard the flattery from the other companies, he started to float. He looked at Zhao Qian who was not far away and whispered, "How is it? "I've just established a company that can beat you. Are you satisfied?"

Zhao Qian looked at Yang Ming as if he was looking at a retard. He smiled and replied, "I haven't announced the result yet, how do you know it will be you? If you want me to say, every company here has a chance.

Yang Ming snorted and said, "Fuck, do you think he is as shameless as you? They knew they didn't have the chance, so they all gave up. Even though a fool like you knows that you've lost, you're still struggling in vain. Is there any point in that? "

Zhao Qian still had a confident look on his face and replied, "Of course there is. Because I think our company has a huge chance of winning. In any case, before the results come out, I won't believe that you've got the order. "

Yang Ming's face changed and he said angrily: "Really? Then do you have the guts to make a bet with me? If I win, you fucking kneel in front of everyone and kowtow to me. If you win, I'll kneel down and kowtow to you. How about it? Do you dare to take this gamble? "

Zhao Qian had no reason to be afraid of a bet that won't lose. Therefore, he got up and said to Yang Xueqing, "Miss Yang, I'm sorry to disturb you for a minute."

Yang Xueqing smiled and nodded, indicating that Zhao Qian should do as he pleased.

Zhao Qian thanked the crowd and said loudly, "Everyone, I am Faang Ni's Zhao Qian. Young Master Yang said that the order was already his, but I don't think that a company with such a large Xingyuan would do any insider trading. So I said that as long as the results weren't announced, it was possible for every company present to get an order. Young Master Yang said he wanted to be alone with me. If the order was given to him, I would kneel down and kowtow to him, admitting my mistake. If he didn't get the order, he'd kneel down and kowtow to me. I feel that I have agreed to this bet, and I hope that everyone present here can bear witness for us. Please! "

Since they could watch the excitement, everyone was naturally willing to join in. What's more, the person involved was Yang Ming, so they were more

interested.

If Yang Ming lost, would he dare to kneel in front of everyone? Did this Zhao Qian dare to make him kneel again?

"We can bear witness for you. However, handsome brother, you will lose for sure. Young Master Yang is so confident, he must have inside information. Why are you asking for trouble? "

"That's right! "There are a lot of big companies in the industry that can be called by their names. They don't even try to compete with Young Master Yang, so why are you overestimating yourself?"

"Young Master Yang, we will definitely support you."

"Yes!" We definitely support Young Master Yang winning. "

Yang Ming also stood up and cupped his fists towards everyone in gratitude: "I, Yang Ming, thank everyone here first. If there's an opportunity in the future, I will definitely cooperate with everyone. Today, everyone will be my witness. I want to see how he will kneel down and kowtow to me! "Miss Yang, announce the results!"

Yang Xueqing nodded and said loudly, "Everyone, please be quiet. The company does not take part in the personal grudge between this Mr. Yang and Mr Zhao, and does not want to interfere. However, there was one thing. I hope that the two of you do not start a conflict here, lest it hurt everyone's friendship. I now announce the results of the bid and hope that everyone will understand our choice. "

Apart from Zhao Qian and Yang Ming, everyone else remained in their original positions, quietly waiting for Yang Xueqing to announce the results.

## C52 A Big Joke

Yang Xueqing took out a piece of paper from her folder, and said, "Everyone can see that this folder is sealed. Besides the company's leaders, no one else can touch it, and no one knows which company won the bid, so there is no internal determination."

Hearing this, the big family Yang Xueqing instantly felt confident again. Zhao Qian was right, a company with a level of Xingyuan couldn't do high insider trading. So every company has a chance.

Everyone present was in high spirits, their hearts filled with anticipation.

Yang Ming chuckled and said softly, "A bunch of idiots and retards. How can they believe such nonsense? Do you think that those few million were given to me for nothing?"

Yang Ming's assistant smiled and said, "Don't be angry, Young Master. Some people won't shed a tear until they see the coffin."

"Haha ..." "You're right. The results will be revealed very soon. Let's see how they face it."

At this moment, Yang Xueqing had already unfurled the paper, revealing a strange smile.

"The winner is..."

This Yang Xueqing was truly bad. She intentionally caused such a ruckus, causing the hearts of everyone to leap out from their chests.

"Faang Ni Game Production Co., Ltd!"

As soon as Yang Xueqing finished speaking, the Conference Room instantly quietened down.

After a few seconds, everyone looked at Zhao Qian.

Yang Ming was furious, he slapped his chair and stood up, then shouted, "You guys dare to set me up! You dare to not do business after taking your father's money! Do you take me, Yang Ming, or do you take my Feiyu Entertainment to be paper paste? "

Yang Xueqing immediately comforted him with a smile, "Young Master Yang, calm down. There must be a reason why the company's leader made such a decision. As for what Young Master Yang said about someone taking your gift, I will report it to the Leader. We will definitely investigate it thoroughly and give him a satisfactory answer. "

Yang Ming couldn't accept this result. He had shamelessly told everyone that the order was his, but the winning bid was not his. It was too painful to face. The key was that anyone could win the bid, except Zhao Qian's company.

"Don't you fucking talk to me like that! Tell your boss to come over and explain to me, or else this will never end! "

After Yang Ming said this, he started smashing things. Yang Xueqing had no choice but to call the security guards to come in and hold him down.

"F \* ck, I'm Yang Ming, my dad is Yang Cheng, if you dare to touch me, I'll give it a try!"

Seeing Yang Ming shouting like a madman, Zhao Qian had a sense of déjà vu. Five years ago, he had bumped into Wu Xin and was now in the same state.

Very soon, Guo Mingda arrived. He asked about the situation and explained to Yang Ming: "Young Master Yang, please calm your anger. There is a standard

for bidding by the company. I hope you can understand."

"What do I understand!?" Your people took your father's money and promised that they would definitely win the bid. But now that they've done this, do you think your father is being ungrateful? "

"Does Young Master Yang have any evidence? As long as you have evidence, the company will punish you severely. "

"I ..."

Yang Ming was dumbfounded. He was too focused on giving out the money back then, but he didn't expect those people to not do anything for him. They didn't leave behind any evidence like video or audio. The worst thing was that he had given them cash, and there was no evidence of a transfer.

Guo Mingda chuckled and replied, "Young Master Yang doesn't even have evidence, isn't it a bit too much to say that our people accepted your money? With how you slander the reputation of Xingyuan, we have the authority to sue you. "

Yang Ming was angry beyond words, and then he changed the topic to bidding.

"Good!" Let's not talk about that first, I just want to know, why did you make a small workshop like Faang Ni win the bid and not choose us formal companies? "

Yang Ming's words were supported by everyone, and all the participating companies all requested for Xingyuan's evaluation criteria to be announced.

Guo Mingda thought for a moment and replied, "Logically speaking, this is our company's trade secret. But to give everyone an explanation, I don't mind telling you the evaluation criteria. Little Yang, project the bids from each

company onto the big screen. "

Yang Xueqing followed his instructions and quickly sent him the completed form. The table lists the brief information about each company, their offers, and the services provided.

Among the many companies, Faang Ni's production had been highlighted, especially their bid, which had been added to the red, making it very eye-catching.

"This... This was a f \* cking joke! This price is obviously a loss, what are you guys plotting? "

"Exactly! This price has even been announced for the salaries of the employees. Do you rely on love to generate electricity? "

"This is clearly unfair competition. We intentionally won the bid at a low price. In the future, during the production process, we will think of ways to get you guys to add money."

"Yes, that must be it."

"..."

Everyone was talking about it, expressing their confusion and even anger at the price that Faang Ni had made. Isn't this disrupting the market? Once this precedent was set, how would they be able to fill in the price when they joined the bidding?

Yang Ming angrily asked Zhao Qian, "You're f \* cking willing to lose money to earn this order from me?"

Zhao Qian chuckled and stood up to answer everyone's questions.

"To you, this price is a loss, but it does not mean that it is a loss to us. Our company already has projects working with Xingyuan, and it's enough to guarantee that we will have at least tens of millions of profits every year. We can share these profits in this project, which means we're making money. Everyone present knew how important customer resources were. As long as we monopolize the orders for Xingyuan, we won't have to worry about earning money in the future. Besides, so what if we lose money? As long as the boss can afford it. In order to seize the market share, which industry didn't burn their money? You guys can't afford it, so don't participate in the competition. "

Zhao Qian made everyone speechless.

These people were thinking of making money right away, but Zhao Qian was thinking of monopolizing the market before making money. They were not on the same level as Zhao Qian, so how could they compare?

However, Yang Ming didn't understand what Zhao Qian meant. He only felt that Zhao Qian was deliberately going against him. He would rather lose money than take the order away from him.

"Zhao Qian, just you wait. Our enmity has been formed. Your father will not rest until you are dead! "Damn!"

Yang Ming felt that it was too embarrassing and he couldn't stay any longer. He turned to leave, but Zhao Qian stopped him.

"Young Master Yang, you're such a big lords, aren't your words like farts? Just now, we made a bet in front of so many people, whoever loses would kneel down and kowtow to the other side, admitting their mistake. You forgot so quickly because you don't have a good memory? "

Right now, the atmosphere immediately turned serious. The onlookers quickly advised Zhao Qian to be serious and take it seriously. This is Young

Master of Feiyu Group, do you know what would happen if he was forced to kneel down and kowtow?

Yang Ming also took the opportunity to say: "That's right, I advise you to listen to my advice. I can fulfill the bet, but you have to pay with your life! "You better think this through!"

The corners of Zhao Qian's mouth curled up as he smiled cruelly. He then walked in front of Yang Ming and answered very firmly, "I just want you to kneel, do you hear me? It's fine if you don't want to fulfill the bet, but apologize to your father in the newspaper. Otherwise, I don't mind spending money to buy an advertisement. I'm used to being poor, but I feel uncomfortable with just a bit of money on me. If I don't spend it, I won't be able to sleep soundly! "

Zhao Qian's eyes were filled with killing intent. He definitely couldn't let Yang Ming off that easily. Although it wouldn't cause this grandson's reputation to go down the drain, it would definitely cause him to lose face in the Donghai City in the future.

Yang Ming gritted his teeth in anger and replied coldly, "Are you really going to fight me to the death? Do you really think that those steel coins in your pocket can really fight against me? "

Zhao Qian didn't have any intention of shrinking back. His eyes turned cold as he replied word by word, "Haha ..." Then you can try! "

Neither of them was willing to give in. No one present dared to speak a word, including the CEO of Xingyuan, Guo Mingda. Young Master wanted to challenge someone, so he didn't have the right to interrupt.

## C53 It Was up to Zhao Qian to Decide Everything

Yang Ming was puzzled. For an employee of a small workshop, how could he have the courage to challenge him?

Then he thought back to the night Zhao Qian was taken away by the police, and the next day he was released unconditionally. According to the director of police station, there was a relationship between Yanjing and them, so the police let Zhao Qian go. Did Zhao Qian have some kind of amazing background?

To be safe, Yang Ming felt that it would be better to clarify things. If Zhao Qian really had a strong background, then he would have to submit.

"Tell me, what sort of background do you have? Otherwise, how would you dare to face me head on?"

Zhao Qian laughed and replied: "I've said it before, I'm used to being poor. If I have some money, I would feel uncomfortable. "I don't mind spending all my money on you, if you don't believe me, you can give it a try."

As long as Zhao Qian didn't have a strong background, Yang Ming wasn't afraid of him.

"Haha ..." He's scaring laozi! "Come, let me see what you can get out of those few coins!"

With that, Yang Ming turned around and left.

Zhao Qian's eyes were filled with anger, this time he could take the opportunity to teach Feiyu a lesson.

After getting the winning tender, Zhao Qian left with Jiang Xiaoqing.

As soon as we got on the car, Zhao Qian said to Jiang Xiaoqing seriously, "Jiang Xiaoqing, you saw the tension between Yang Ming and me. I'm not joking with you, you dare to tangle with him, don't blame me for disregarding our past relationship, laozi will f \* \* king make you beg for death, and not be able to beg for death! "

Jiang Xiaoqing suddenly felt that Zhao Qian was a little scary. He was really different from before. She immediately replied, "Why are you implicating me in the grudge between him and you? What's more, I don't know him, so why would I get entangled with him? "

Zhao Qian didn't say anything else and immediately drove back to the company.

His colleagues were waiting in the company for news. Seeing that the two of them had returned, they hurriedly went up to them to ask if they had won the bid.

Zhao Qian glanced at Jiang Xiaoqing and she immediately took out the winning tender.

"Very well, we have succeeded."

Everyone immediately shouted out happily. They were all praising Zhao Qian for being powerful, to be able to stand out from so many strong opponents.

Zhao Qian just smiled and didn't say anything.

Wang Qiang hid behind the crowd, feeling conflicted. The fact that Zhao Qian was able to seize the order meant that he must have offended Yang Ming. What Wang Qiang wanted was this kind of situation. He wanted to borrow Yang Ming's hand to deal with Zhao Qian. However, since Zhao Qian had once again obtained a big deal, his position in the company would be further

promoted. In the future, it would be even more difficult to deal with him.

Zhang Yuan's heart was aching. He was really worried as he watched Zhao Qian quickly throw him behind. Originally, their starting line was the same, but Zhao Qian had already left him behind by several units. If this continued, then Zhao Qian would really become the manager and he would be suppressed.

Jiang Xiaoqing couldn't bear to see Zhao Qian so popular, so she said, "Sigh ... " You guys don't know the truth, Zhao Qian purposely lowered the price, that's why they gave us the order. If we follow this price, our company will lose money. I wonder if Director Faang will be angry if she finds out. "

Everyone was stunned when they heard that. Zhao Qian was too bold? How dare he accept the order at a loss? If Director Faang knew, she would have scolded him to death!

Wang Qiang and Zhang Yuan immediately became spirited. Zhao Qian was courting death.

Wang Qiang is no longer qualified to express his opinion, but Zhang Yuan is.

Zhang Yuan immediately said: "Zhao Qian, you really think of yourself as a manager? Even if you think of yourself as a manager, you're still a manager, not a boss. "How dare you accept a loss and ask Director Faang for her opinion?

Zhao Qian replied without a care, "Since Director Faang wants me to be the judge, then I have the right to decide what to do. You don't have to worry about that. Whether the company earns money or not has nothing to do with you. Isn't it? "

Zhang Yuan sneered and said, "Is what you said wrong? The company's benefits are great, Director Faang will definitely give us more bonuses, how

does it have nothing to do with us? You are not fit to be a manager because you are doing this to the detriment of the company and all of us. "

Although the others weren't overly harsh with their words, they all agreed with Zhang Yuan's words. Zhao Qian was using everyone's benefits to take the order. He was only concerned about his own performance and did not care about everyone's benefits.

Zhao Qian didn't want to explain too much to them. He told them that seizing market share was more important than the immediate benefits, do they understand?

Why was it that even though Di Di had lost so much money, someone was still willing to burn her money and invest in her? It was all to seize the market. As long as they had a large share of the market, they would be able to earn a lot of money.

Zhao Qian's foresight was naturally not something that Zhang Yuan and the other troubled people could understand, so there was no need to explain it to them.

"I will explain everything to Director Faang, so don't worry about it. As for the bonus, what should be given to you won't be small, what shouldn't be given to you. Even if the company earns a hundred million, you shouldn't think about getting any extra points. "Alright, let's go to work. I'll go report to Director Faang."

After saying that, Zhao Qian walked back to his seat and sat down. However, Zhang Yuan couldn't resist and immediately called Faang Ni to report the situation.

Zhang Yuan wouldn't let go of any opportunity to defeat Zhao Qian, so he added some extra details to report to Faang Ni in detail.

He had thought that Faang Ni would be furious and would definitely punish Zhao Qian harshly. However, to his surprise, Faang Ni replied very calmly, "The company is now managed by Zhao Qian, and everything is up to him. "If he can do it, then he can do it. It's better than reporting to me."

Zhang Yuan was stunned for a moment before he continued, "Director Faang, you can't be this lenient towards him. Colleagues are now complaining that the company's profits will fall and that everyone will be treated badly. "Director Faang, do you think we can all work well in this mood?"

Faang Ni was immediately angered, "Don't meddle in matters that you shouldn't worry about. Am I the boss or are you the boss?" If you don't like it, hurry up and get out of here! How annoying, you guys are always looking for trouble with Zhao Qian, you really have nothing to do! They didn't have much skill, but their ability to find fault wasn't small! "Find Zhao Qian if you have something to say. Don't call me again!"

Zhang Yuan was stunned. I hung up the phone after you scolded me. He wanted to take the opportunity to attack Zhao Qian, but he didn't expect to provoke such a rascal.

Seeing him in this state, everyone knew that Faang Ni had not spoken kindly to him. However, everyone still wanted to know what exactly she meant.

"Zhang Yuan, what did Director Faang say?"

"That's right! Tell us quickly, what does Director Faang mean by this? Do you want to make this order? "

"Say something, you're really worried to death."

His colleagues were all waiting for him to reply, but Zhang Yuan was still in a daze. He couldn't figure it out. Zhao Qian had only accepted two orders, but how could Director Faang be so good to him? Now that he had accepted an

order for a loss, she actually didn't blame him. It really didn't make sense.

Zhang Yuan did not say anything, which made his colleagues extremely anxious. The impatient colleague pushed him a few times and asked him what he was thinking. Why didn't he answer everyone's questions?

Zhang Yuan woke up in a hurry and quickly replied, "Oh, I'm sorry, I'm sorry. I didn't hear what you guys just said."

His colleagues rolled their eyes and asked again, "What exactly does Director Faang mean?"

Zhang Yuan sighed and replied, "Director Faang said ..." Now the company was run by Zhao Qian, and everything was up to him. He says he can do it if he can, and he doesn't have to report it to her. "

"What?" Is that really what Director Faang said? "

"That's impossible, right? "She's willing to do a loss-making business?"

"I don't believe it! She said that a profit below 30% was a loss. This order is a direct loss, how could she be willing to accept it? "

Zhang Yuan replied helplessly, "That's what I said too, but she just said Zhao Qian will make the decision."

Everyone looked at Zhao Qian. What kind of bewitching soup did he feed Director Faang? Why would she trust him so much?

## C54 Captured Video

Hearing that none of his colleagues believed that Faang Ni would say those words, Zhao Qian sent her a video request and reported the situation to her in front of everyone.

"Director Faang, Xingyuan has already given us the notice, we've won the bid. However, my colleagues all felt that I was wrong to borrow this order at a loss, and that I needed you to decide whether or not to make this order. "

"Keep your voice up, I'll talk to them."

"Oh, okay."

Zhao Qian turned on his phone to the loudest volume, trying to let as many people as possible hear what Faang Ni was saying.

"Listen up, I'm not in the company right now. Everything in the company is handled by Zhao Qian. All you need to do is execute it unconditionally. He will bear all the consequences and you don't have to worry about it. Do you understand? "

Everyone quickly replied that they understood. They told Faang Ni to be at ease that they would definitely carry out Zhao Qian's orders unconditionally from now on.

Faang Ni nodded in satisfaction and continued speaking to Zhao Qian, "Zhao Qian, don't be influenced by them. Just manage the company according to your own thoughts. I believe in your ability and your loyalty to the company. "

Zhao Qian immediately pretended to be grateful and replied, "Director Faang ..." I don't know what to say. "Don't worry, I will definitely not let you down. I will definitely bring the company up to the next level."

"Mm, I believe in your strength. I still have something to take care of, so let's not talk about it. You guys should work hard. "

"Alright, goodbye Director Faang."

The others quickly said their goodbyes to Faang Ni as well. Then, Zhao Qian hung up the video call.

Jiang Xiaoqing whispered, "You really know how to act. You even cried. Disgusting."

Zhao Qian was not interested in arguing with her, so he pretended not to hear her and quickly ordered the production for Technology Department.

Everyone returned to their respective seats to work. Jiang Xiaoqing quietly went to the manager's office, where Wang Qiang was waiting for her.

"What do we do now? "I don't know what poison Faang Ni was poisoned with, but she was so dead set on believing Zhao Qian. We can't possibly do anything to him."

Jiang Xiaoqing was so angry that she drank a glass of water in one go. Then she threw the blanket on the table and sat down angrily.

What else could he do if Lili trusted Zhao Qian so much?

Jiang Xiaoqing wanted to ask Yang Ming for help, but she was worried that Wang Qiang would suspect her. So she purposely said, "It would be great if any of our friends could go against Faang Ni. As long as we can capture Faang Ni, Zhao Qian will just be a loser. There's nothing to be afraid of. "

Wang Qiang immediately thought of Yang Ming and quickly asked, "You went to the event together with Zhao Qian, but Yang Ming didn't react at all when

Zhao Qian won?"

Jiang Xiaoqing quickly recounted the situation in detail to Wang Qiang, and Wang Qiang laughed out loud after hearing it.

"This Zhao Qian is really bold, daring to fight against Yang Ming. If I were to ask Yang Ming out for a meal now, I would definitely be able to convince him to deal with Zhao Qian. "We can't do anything, but Yang Ming has the ability."

Jiang Xiaoqing immediately nodded her head and said that this method was not bad. In fact, her heart was already blooming with joy. Tonight, she was prepared to fall in love with Yang Ming and quickly hug his leg.

Wang Qiang sent a WeChat message to Yang Ming asking if he was free for dinner.

Yang Ming wanted to ask Jiang Xiaoqing to join him, but he felt embarrassed and directly replied, "I want to eat with my girlfriend. Why don't you bring your girlfriend along so we won't be embarrassed. "

Wang Qiang was anxious for revenge, so he didn't think too much about it. He quickly replied back, "No problem." Yang Ming quickly sent the time and place over.

Seeing that Wang Qiang was smiling happily, Jiang Xiaoqing asked, "How is it? Did he agree? "

Wang Qiang nodded and replied, "I agree. However, he brought his girlfriend with him and told me to bring you with him.

Jiang Xiaoqing was ecstatic, but she pretended to be unwilling and replied, "I ..." I don't really want to go... I felt very uncomfortable eating with strangers. If you can't, it's for the best. If you can't, then I'll go. "

Wang Qiang quickly comforted Jiang Xiaoqing not to feel awkward. She only needed to eat and occasionally chat with Yang Ming's girlfriend.

Jiang Xiaoqing nodded, feeling wronged, and replied softly, "Alright then. For the sake of our future, I will go. "

Wang Qiang happily hugged Wu Jia Li. At this moment, her eyes were cold and her mind was thinking of how to hook up with Yang Ming at night.

Zhao Qian could see Yang Ming and Jiang Xiaoqing winking at each other. The two of them definitely had a secret relationship, and it had been a while. Therefore, he sent a WeChat message to Yang Hu, asking the paparazzi to go out and check if there were any interactions between Yang Ming and Jiang Xiaoqing.

At eight in the evening, Zhao Qian was at home watching Wu Xin's live broadcast when Yang Hu called him.

"Hey, Young Master, one of my men reported that Yang Ming was taking a female anchorwoman to dinner with Wang Qiang and Lili at the Emperor Hotel. The four of them entered the box, and half an hour later, the female netizen left. One of the brothers followed after him, while the others continued to monitor the area outside the private box. "

"Hehe ..." Wang Qiang was still unwilling to give up and wanted to borrow Yang Ming's hand to deal with me. I feel that the relationship between Yang Ming and Jiang Xiaoqing isn't simple, tell your subordinates to pay attention to their movements. "

"Understood!" Then I shall hang up first and report back to the Young Master in time if anything happens. "

"Yes." He urged everyone to be careful and not to be discovered. I want this

evidence to be of use at critical moments. I don't want Yang Ming and the others to know about it in advance. "

"Okay. I'll call them right away. "

Zhao Qian nodded and hung up.

Yang Hu quickly called his brothers who were fighting in the front line and passed on Zhao Qian's message to them.

An hour later, Yang Hu called Zhao Qian again.

"Young Master really has good foresight. As expected, Yang Ming had an affair with Jiang Xiaoqing. The two of them got drunk on Liu Tie and secretly went to the toilet to mess around. The brothers have already captured the entire process, and the scenes are clear and the dialogue is clear. "

"Damn, this bitch Jiang Xiaoqing is really lowly!" "You can sort out the documents later. Send it to me at the office downstairs in the morning, I'll go get it."

"Alright."

After hanging up the phone, Wu Tie stomped his feet in anger. Since Jiang Xiaoqing dared to go against his intentions and mess with Yang Ming, then don't blame him for being merciless.

The next morning, Yang Hu came to Faang Ni's production room early in the morning to wait. An hour later, Zhao Qian drove over.

"Why are you here so early?" Zhao Qian asked.

Yang Hu replied with a laugh, "I woke up early. I was worried that I would miss the Young Noble's big issue, so I came over earlier. "Everything is in the

dish, so I'll go first.

Zhao Qian nodded, took over the plate and drove to the parking lot.

The moment Zhao Qian walked into the office, Wang Chuan ran over in a hurry.

"Zhao Qian, you have to be mentally prepared when Young Master Yang comes over to check on the progress of the project."

Zhao Qian knew that Yang Ming didn't come for the inspection, but to cause trouble. However, he wasn't afraid. With the video in hand, Yang Ming couldn't find his fifth finger mountain.

"Alright, I understand."

Wang Chuan replied unhappily, "What's the use of knowing? Technology Department s did not improve at all, and still carried on doing things as they were before. How could Young Master Yang be satisfied? "

Zhao Qian's eyes turned cold as he asked, "Do you think Director Faang's words are bullsh \* t? What do you mean, I'm in charge? "

"I ..."

Wang Chuan was speechless.

"Get back to work! Don't meddle in matters that you shouldn't care about! "

Zhao Qian shouted loudly, trying to intimidate his colleagues, to prevent them from feeling unconvinced.

Wang Chuan didn't dare to say anything else, he could only obediently return to his seat. No matter how unconvinced he was in his heart, the one making

the decision now was Zhao Qian, so he could only be obedient. The others were also frightened by Zhao Qian's anger, and no one dared to speak a word.

Zhao Qian poured a cup of water, sat down at his seat, and contentedly waited for Yang Ming to "throw his life away".

## C55 Give Them a Long Memory

At this time, Wang Qiang was drinking tea happily in his office, waiting for Yang Ming to clean up Zhao Qian.

Jiang Xiaoqing was also secretly delighted. He didn't get messed with by Yang Ming last night for nothing, so he came today to fulfill his promise.

Half an hour later, Yang Ming brought a few Feiyu employees over. A few of them were technical engineers, and it looked like they were going to be real.

Wang Chuan felt very guilty and quickly ran over to welcome them.

"Young Master Yang is here. I'll take you guys to rest at Conference Room first."

Yang Ming's goal was clear. He was here to cause trouble, so he wasn't in the mood to rest.

"No need! Call Zhao Qian here, I brought a technician here to check on the progress of the project! "

At this moment, Zhao Qian's voice sounded.

"Young Master Yang is really hardworking. He just came back to study the project a few days ago."

Yang Ming sneered and replied, "Of course, of course I am responsible for the corporation. Have you fixed the question I told you last time? "I'll put the blame on you first. If you don't change it, I'll be rude to you guys!"

Wang Chuan's forehead was sweating and his hands were shaking due to the nervousness. He was the one who took over the order, and it wouldn't be easy

for him if something went wrong.

Zhao Qian didn't seem to be worried at all. He walked in front of Yang Ming with a smile and whispered, "Young Master Yang should talk to me alone."

Yang Ming immediately refused and shouted: "There's nothing much to talk about. He wants to check the progress of the project immediately."

Zhao Qian continued, "I think it's better if you talk to me alone. I saw something I didn't want to see when I went to the toilet at the hotel last night. Did Young Master Yang want to know what I saw?"

The moment Yang Ming heard the word toilet, his nerves immediately tensed up. He hesitated for a moment, then nodded and agreed to have a talk with Zhao Qian alone.

Zhao Qian smiled in satisfaction and brought Yang Ming to the Conference Room.

Yang Ming felt extremely guilty and whispered, "What did you see last night?"

Zhao Qian didn't say anything and just played the video he prepared for Yang Ming.

Yang Ming was scared out of his wits and quickly snatched his phone away. He shouted in a low voice, "How dare you set me up!"

"Young Master Yang, you better be calm. Although this phone is not worth much, it contains a lot of information and it has a special commemorative value for me." If you were to be broken, you wouldn't be able to afford it even if you went bankrupt. Besides, I've backed up a lot of this video, so it's useless even if you fall. Now do you know why Jiang Xiaoqing and Wang Qiang approached you? "

Yang Ming was "enlightened". Only now did he understand that all of this was a conspiracy of Zhao Qian. Wang Qiang and Jiang Xiaoqing had deliberately approached him to gain his trust, and then Jiang Xiaoqing had schemed against him with the help of a beauty.

Yang Ming slapped his thigh in anger. However, after being excited for a while, he calmed himself down, smiled and said to Zhao Qian: "So what if you have these videos? I don't care. If you dare to release them, I will call the police and capture you. "

Zhao Qian was naturally not fooled by his words. He immediately replied: "I heard your father's health is not good, and I intend to pass the chairman position to you as soon as possible. Feiyu were planning to go on the market, and had already reached the most critical moment. Your father even found you a rich family's daughter who is currently investigating you. Do you think you can afford the consequences if this video were to be released? "

Yang Ming felt a bit of guilt in his heart. If this video was leaked, he definitely would not end up well. The boss of the company may be affected, and his succession to the position of chairman may change. The key point was that the rich young master that his father had found for him would definitely ignore him even more.

After careful consideration, Yang Ming asked a little timidly, "What do you want?"

Zhao Qian took back his phone and replied, "I don't want anything to do with it. I just want to tell you, don't give me any trouble. If you give me trouble, I'll bring you more trouble. "

Yang Ming was not convinced and immediately replied: "Then I have to check the progress of the project, it's very reasonable. If you do not do well, I will not be held accountable? "

Zhao Qian shook the phone in his hand and said, "Then do you think you can be held accountable?"

"You ... You are ruthless! Give me a good talk about how you can return the video to me and not leave a backup. "

"That depends on your performance. Wang Qiang and Jiang Xiaoqing colluded to frame you. As the famous Young Master Yang, you can't pretend that nothing happened, can you?"

"Understood!" Hehe ... They want to use my hand against you, and you want to use my hand against them. Fine! Just tell me what you want them to do, and I'll satisfy you. "

Zhao Qian thought about it for a while, but he couldn't say what he wanted to do to Wang Qiang and Jiang Xiaoqing. However, it was necessary to give them a long memory, otherwise, the two of them would collude with Yang Ming and cause trouble for him in the future.

"I'll leave it to you. "They have to remember better than to do meaningless things in the future."

Yang Ming nodded and immediately left.

Wang Chuan and the rest saw Yang Ming coming out, so they quickly went up to greet him.

"Go back!"

Yang Ming only said these two simple words. The people that came with him understood his temper, so no one dared to ask why, so they quickly followed him.

Wang Chuan was stunned. What does Yang Ming mean by this? He said that he was going to check on the progress of the project, why did he leave now?

At this time, Zhao Qian swaggered out. Wang Chuan quickly went up to him and asked him what he had said to Yang Ming.

Zhao Qian glanced at him and replied, "That's not something you should know. Go back and work hard."

Wang Chuan did not dare to ask anymore and could only obediently return to his work.

After a while, Jiang Xiaoqing snuck into Wang Qiang's office and told him, "I don't know what Zhao Qian said to Yang Ming, but he just left."

Wang Qiang was shocked and quickly sat up straight. "What?" How could this be? "

Jiang Xiaoqing shook her head and replied, "I don't know either. Hurry up and ask Yang Ming what's going on. Didn't you say you were going to teach Zhao Qian a lesson today? Why did you leave without doing anything? "

Actually, Jiang Xiaoqing was thinking that she had already been taken advantage of by him. If he didn't do anything, then she would have lost a lot of money.

Wang Qiang quickly sent a WeChat message to Yang Ming, asking him what was going on and why he temporarily changed his mind.

Yang Ming looked at his phone coldly. A few seconds later, he replied to Wang Qiang.

"The plan has changed. Bring Jiang Xiaoqing out tonight and we'll discuss this properly."

Wang Qiang thought it was true and immediately replied that it was no problem.

The day went by quickly, and as night fell, Wang Qiang took Jiang Xiaoqing to see Yang Ming.

Sun must have made an appointment with Yang Ming when he saw Wang Qiang and Jiang Xiaoqing leaving work so late. Thus, he called Yang Hu and told him to send someone to follow the secretly taken photos.

About nine o'clock, Jiang Xiaoqing called Zhao Qian.

Zhao Qian reckoned that Yang Ming had already made his move, Jiang Xiaoqing probably came to apologize. He picked up the phone.

"Zhao Qian, save me, save me ..." "I beg you, come and save me ..."

Jiang Xiaoqing's voice had changed. She must have received a huge shock.

Zhao Qian was not nervous, he replied slowly: "Save you? What's the matter with you? "

"Yang Ming is a pervert, he beat Wang Qiang to death. He even wants his men to take turns at me. Hurry up and save me. I'm hiding in the bathroom. There are too many of them, and I will die. "Sob, sob ..."

"Don't you like dealing with people in the toilet? What am I doing with Yang Ming, what am I doing with other people, why am I going to save you? You can enjoy it. "

Jiang Xiaoqing was stunned. After a few seconds, she quickly asked Zhao Qian how he knew about the matter between her and Yang Ming.

Zhao Qian didn't hide anything and replied, "I had suspected that you and Wang Qiang had something going on. That's why I had people secretly take pictures of you two. You and Yang Ming messed around in the toilet, and I even made a lot of backups. You say that you are so despicable, why are you asking for help now? When you betrayed me, did you ever think of begging me? "

After saying that, Zhao Qian hung up the phone.

However, Zhao Qian's heart wavered a little at this moment. At any rate, Jiang Xiaoqing had a history with him before. Did he really have to be so cold-hearted and disregard everything else?

## C56 To Hold a Grudge for the Rest of One's Life

Honestly speaking, if the normal breakup did not involve betrayal, Zhao Qian should save Jiang Xiaoqing. However, she betrayed him for money, and in order to deal with him and coax Yang Ming, she really wasn't worth saving.

After careful consideration, Zhao Qian decided to give up on saving Jiang Xiaoqing. Since she had come to this point, it was purely because she had brought it upon herself. She could not blame anyone else.

An hour later, Yang Hu called Zhao Qian.

"Young master, the process has been recorded. As long as the video is released or given to the police, Yang Cheng will definitely not be able to protect Yang Ming. "

"Good!" "Tidy up and send it over to me tomorrow."

"Alright."

Half an hour later, Yang Ming called Zhao Qian.

"Hey, everything has been settled. The two of them will never forget what happened tonight. When will you return the video to me? "

"Tomorrow at 12 noon, you can wait downstairs at my company. I'll give you all the backups."

"You have to keep your word. You can't leave any more backups."

"Haha ..." Don't worry. I, Zhao Qian, have always kept my promises. If I said that I would not keep my backups, I will definitely not keep my backups. "

Yang Ming nodded and hung up.

It was almost eleven o'clock, so Zhao Qian quickly opened his phone to watch Wu Xin's live broadcast.

"Everyone, from tomorrow onwards, I won't be able to broadcast on time. Whenever I'm free, I'll do a live broadcast."

As soon as Wu Xin finished her sentence, everyone asked her why and what had happened.

"Hee hee ..." The company has arranged for a show for me to start shooting tomorrow. "

The number of bullets instantly increased.

"666, baby Xin is already filming."

"What kind of play?" With whom? "

"Who's the male lead? Wu Yanzu? "

"..."

Wu Xin quickly replied, "We have to keep it a secret for now. The director will not allow this news to be made public." But it should be announced soon, because this is a series, and now it's the first season, a total of twenty episodes. The director said that the filming would be done within a month and the production would be finished within a month before the broadcast was launched online. When the director allows me to advertise, I will definitely inform everyone immediately. "

Zhao Qian smiled and started to brush the presents.

"Qian Gege sends out the rocket x1, x2... "x100..."

Seeing Qian Gege send out another 100 rockets, the screen became even more lively.

"666, the tycoon is here again."

"Baby Xin, when are you going to organize a fan meeting? We really want to meet Qian Gege."

"I second that!"

"Seconded ..."

Wu Xin quickly thanked Qian Gege and said, "Thank you for your support." Actually, I also want to organize a fan meeting or something, it's just that my ability is limited and I really can't do it. If something unexpected happens, I can't afford to take the consequences. "

The fans immediately asked Qian Gege to organize the event. With his wealth, he would definitely be able to find a suitable location and arrange for security.

Since everyone was so passionate, Zhao Qian was too embarrassed to not reply.

"That's easy. I'll call the person in charge of the platform and have them organize a meeting with Wu Xin's fans." If they don't agree, I'll leave the platform. "

Everyone immediately began typing in their messages. They all felt that the platform would definitely agree to such an overpowered request from a tycoon.

After the live broadcast ended, Zhao Qian pulled Hong Xiu and Yuan Mi's

WeChat into a discussion group.

"The two of you, coordinate with each other and find a chance to give Wu Xin a fan meeting."

Yuan Mi replied immediately.

"When this show enters the promotional phase, I will arrange a meeting for her fans."

Zhao Qian continued to send messages to Hong Xiu.

"The game's beta test is about to end. The platform is doing its best to promote the game."

Hong Xiu quickly replied to the message.

"Understood. "I've already asked the artist to do the promotional drawings. Starting tomorrow, they will advertise them at the most conspicuous place on the platform's various pages.

Zhao Qian was very satisfied. He told the two of them to rest early and went to sleep as well.

The next morning, Zhao Qian still arrived at the company near noon. As soon as he entered the office, his colleagues reported to him that Wang Qiang and Jiang Xiaoqing were not here today.

They were taught a good lesson by Yang Ming last night, they were probably still half dead. It would be weird if they could come to work.

"I got it, I'll call later to find out what the situation is. You should all go to work well. "

After saying that, Zhao Qian walked to his seat and sat down, then called Wang Qiang. However, he couldn't get through even after trying several times. It was likely that Wang Qiang was severely injured, so it was possible that he still wasn't awake.

Zhao Qian called Jiang Xiaoqing again and immediately got through.

Jiang Xiaoqing immediately scolded, "You scum, why are you calling me? See if I'm dead? "You're too heartless. Even if I've done something that would let you down, do you even need to be so heartless to me?"

Zhao Qian didn't bother to be polite with her and replied, "Both of you brought this upon yourselves. If it wasn't because you guys wanted to use Yang Ming's hand to deal with me, I wouldn't do this to you guys. "

Jiang Xiaoqing was unconvinced. "If you weren't always against us, how could we have come up with such an idea? In the end, it was you who forced us into this state. "

"This is truly funny. You betrayed me, yet you don't allow me to take revenge? I'm not going to waste any more time with you. I called to tell you to hurry back to work. "

Jiang Xiaoqing was enraged and scolded, "Are you even f \* cking human? I'm in the hospital now, on your mother's shift. Zhao Qian, remember this, I will never forgive you in this life. As long as I am alive, I will make you pay a heavy price! Every single day that I live in the future is for the sake of killing you! "

Jiang Xiaoqing hung up the phone after she scolded him. Her voice sounded loud and clear, so her body should be fine.

Soon, it was noon. Yang Ming called Zhao Qian and said that he had arrived downstairs and told him to send the video down.

Wu has already had a new video, and can prove Yang Ming suspected of having committed a crime. As such, the video from before didn't have much use, so it was given to him.

Zhao Qian came to the door and gave Yang Ming the back-up videos.

Yang Ming was worried and asked, "Are you sure there are no other backups?"

Zhao Qian laughed and replied, "You think I'm you? If I say I give it all to you, I'll give it all to you.

Yang Ming still felt uneasy. He felt that if it was him, he would definitely leave a backup. So he said to Zhao Qian, "Then swear that you did not leave a backup. If you leave a backup, you'll be struck by lightning and die a horrible death.

Zhao Qian laughed and ignored him. Then, he turned around and left.

Yang Ming was stunned for a moment before he quickly chased after her.

"What do you mean by laughing? Are there still any more backups? "

Zhao Qian was still smiling as he replied, "If I say there's no more, then don't believe me. It's useless to explain. If you think so, then so be it. If you think so, then be it. "

Yang Ming was even more confused and quickly asked: "What exactly do you mean? If you don't say it clearly, I won't let you go. "

At this moment, Zhao Qian's phone rang. It was Yuan Mi.

Zhao Qian pushed Yang Ming aside and went to the side to pick up the phone.

"Hello, Yuan Mi. What's the matter?"

"Director Zhao, Huaying Group's First Miss Wang Jing just came over, and wants to collaborate with us to develop « Heaven Treading on ». She offered to buy 49 per cent of the copyright with 100 million cash. I feel that the price is a little low, but if we can get the relationship between our Huaying s, it will be of great help to our development in the circle. "

Zhao Qian laughed and replied, "100 million for half of the copyright, she is too greedy. You told her the price was 500 million, and you gave her 40% of the movie rights. There is no room for negotiation. If she agrees, she agrees; if she disagrees, she falls. "

"Understood."

Yuan Mi hung up the phone and called Wang Jing right away to inform her of Zhao Qian's decision.

## C57 Be My Girlfriend for Half a Year

The moment Zhao Qian hung up the phone, Yang Ming came over.

"Zhao Qian, do you still have a backup?"

Zhao Qian was a bit annoyed and bluntly replied: "Are you f \* cking done yet? Oh, right, the person your father has found for you is the young miss of Huaying Group, Wang Jing, right? "

Yang Ming replied with some caution: "Yes, why are you asking this?"

Zhao Qian smiled and shook his head. He replied, "No reason, just casually asked. Alright, I won't tell you anymore, hurry up and leave. If you talk any more, I'll get someone to take a picture of you another day. At that time, no matter how much you beg me or what methods you use, I will not show you any mercy. "

Yang Ming did not dare to continue pestering Zhao Qian. After carefully analyzing Zhao Qian's words, he felt that Zhao Qian should not have any backup. Thus, he left in a relieved manner.

As soon as Yang Ming got on the car, Jiang Xiaoqing called him. He refused, but when she called again, he had to answer.

"What is it? You didn't have enough fun last night, and you still want me to find some brothers to satisfy you? "

"You said last night that Zhao Qian had a video in his hands, forcing you to teach Wang Qiang and me a lesson, is that right?"

"That's right!" I just got the video back. "What?"

"If he can take pictures of you, why can't you take pictures of him?"

Yang Ming sneered and scolded Jiang Xiaoqing for being so brainless. Zhao Qian is a diaosi, even if he was filmed an indecent video of him, so what? What effect would it have on him?

Jiang Xiaoqing immediately explained, "You don't know, he was taken care of by our boss. If we could get a video or a picture of him sleeping with another woman, our boss would kick him out. As long as he leaves the company and has no backers, you can do whatever you want. "

Yang Ming sneered again and replied, "You are such a f \* cking idiot. With your company's small workshop, I can destroy you guys at any time, do I need to be afraid of your boss?"

Jiang Xiaoqing was still unwilling to give up and continued to persuade him, "I know that with your strength, you're not even afraid of a head-on clash. You can look down on our company, but you can't look down on Xingyuan, right? If you dare to touch Zhao Qian, my boss will definitely show up. If you touch our boss, it will definitely affect the normal operation of the company. Xingyuan has several projects in our company, do you think they will allow you to delay the progress of the projects? In other words, if you really dare to touch Zhao Qian, then you have to go against Xingyuan. "

Yang Ming felt that Jiang Xiaoqing's analysis made sense. He was glad that he didn't kill Wu steel, if not he would have offended the Xingyuan.

Yang Ming said, "I feel that your analysis is very reasonable, tell me what plan you have."

Overjoyed, Jiang Xiaoqing quickly replied, "You think of a way to make some medicine. I'll think of a way to invite him out for a meal and put the medicine in his bowl when he isn't looking yet. Can't you just spend more money to find a girl for him to sleep with and record the process? "

Yang Ming immediately laughed out loud. He felt that he was a bastard enough. He didn't expect Jiang Xiaoqing to be so vulgar as to think of using medicine.

However, this was still a good idea. As long as he could make Zhao Qian lose his favor with Faang Ni, he could deal with him however he wanted in the future.

Since the two of them had made up their minds to do so, Yang Ming immediately contacted his friends to get the medicine and gave it to Jiang Xiaoqing. However, she still wasn't out of the hospital, so she could only wait for a while before acting.

When it was near evening, Zhao Qian received an unfamiliar call. He didn't usually answer unfamiliar calls, so he just hung up.

After a while, that unfamiliar number sent him a text message.

"I'm Wang Jing. There's something I want to talk to you about. In room number 608 Donghai Hotel, I will see you all the way. "

Zhao Qian was stunned. Why did this Wang Jing have his number? He quickly got off work and rushed to Donghai Hotel Room 608.

"Dong Dong Dong ..."

Zhao Qian knocked on the door a few times. Soon, a girl, who was dressed very well, opened the door.

As expected of the big miss of the Huaying Group. This temperament, this appearance, it is really top quality in the world.

Zhao Qian sized him up, then asked with a smile: "You are Huaying's First

Miss, Wang Jing?"

Wang Jing nodded with a smile and replied, "Yes, it's me. What? "Doesn't look like it?"

Zhao Qian shook his head and said no, he was just confirming and casually asking.

Wang Jing called Zhao Qian in and locked the private room's door.

"Director Zhao, please sit."

Wang Jing's words also meant that she knew that the boss of Mr Qian Entertainment company was Zhao Qian.

Zhao Qian still did not want to admit it, and said: "You are being a little immoral, great young miss of Huaying Group, you call me a diaosi Director Zhao, aren't you mocking me?"

Wang Jing immediately covered her mouth and laughed. After a while, she continued, "Say, you are obviously the big boss, why do you pretend to be a diaosi?"

"Hehe ..." I don't understand what you're saying. "

"There's no point in continuing to act like this, Director Zhao. Do you think I would dare to invest that much money in a project of several hundred million yuan if I don't figure out who the other party is? There's no other reason for me to invite you here today. I just want to have an interview with you. "With one more person in the middle to spread the word, there will always be some people who don't get what they want, so it's not good to cause a misunderstanding."

Since Wang Jing has already said this much, Zhao Qian felt too embarrassed

to continue acting, so he replied: "Alright. Since Miss Wang has already investigated, I won't continue acting. Yuan Mi should have already told you what I mean, right? That was my bottom line. There was no room for negotiation. If you want to do it, then do as I say. Otherwise, there's no need to talk about anything. "

Wang Jing sneered and replied forcefully, "500 million, don't you think that's too high?"

Zhao Qian shook his head and replied, "Not high at all. You know better than I how hot the movie market is these days. Your family's film production is like a dragon, and you even have your own academy. Even if the box office is not good, just selling copyright to major websites is enough to recoup the cost. "

Wang Jing disagrees with Zhao Qian that any company investment project is for profit, not for return. She could give him 500 million, but she had to get full copyright, not just film and television rights.

Zhao Qian had spent almost 30 million to create "Treading on the Sky", and sold 40% of the copyright for 500 million. In just a few months, he had already earned more than ten times the profit. Whether or not he gave Wang Jing full copyright did not matter to him.

Zhao Qian smiled and changed the topic, asking: "I heard that you have an engagement with Feiyu's Young Master, Yang Ming?"

Wang Jing's expression changed as she asked, "Why are you asking this?"

"Nothing, I just want to know if you are that untasteful to actually take a fancy to trash like that."

"You already said he's trash, how could I possibly take a fancy to him? It's just that the parents of the two families are interested in making a match. "

Zhao Qian nodded his head and continued: "That would be for the best. Yang Ming is already on my blacklist, so sooner or later, I will have to get rid of Yang Family. I don't want you to stand against me in the future. That would be too emotional. "

Wang Jing immediately laughed. She asked Zhao Qian where he got the courage to say this. The Feiyu Group was one of the best companies in the industry, and was actively preparing to go public. As long as they succeeded in going on the market, Yang Family would immediately be on the rich list. Zhao Qian's company had just started, how could he compete with a listed company?

Zhao Qian didn't think so and replied, "You don't have to worry about that. I'm just reminding you. "500 million, I can give you the full copyright. I have a condition, that you become my girlfriend for half a year."

Wang Jing slammed the table in anger and stood up. She pouted her lips and glared at Zhao Qian. She seemed to be very angry.

Zhao Qian was still calm and collected. He crossed his hands behind his head and leaned against the chair as he stared at Wang Jing.

## C58 She's Asleep

Wang Jing looked at Zhao Qian coldly for a moment, then laughed out loud and continued, "What's wrong? You have a grudge with Yang Ming, you want me to take revenge on him if you sleep? "

Zhao Qian shook his head and replied, "I did want to make him feel disgusted with you, but I didn't intend to sleep with you. To be honest, you're not my dish. I like gentle girls, but obviously you're not. You think about it. If you agree, we can sign the contract anytime. If you don't agree, then I'll sell your film and television rights for five hundred million. There's no room for negotiation at all. "

Wang Jing thought about it. If it was just to anger Yang Ming, this matter was not impossible. Furthermore, she wasn't the least bit interested in Yang Ming, so she took this opportunity to get rid of him, causing him to completely give up on her.

After she thought it through, Wang Jing nodded and sat back down. She said, "No problem. I'll pretend to be dating you. I understand." But you can't ask me for another five hundred million. "300 million, 40% of the copyright."

Wang Jing just said it casually, but she could accept 500 million. But in the business world, bargaining was a common thing, what if it worked? She thought Zhao Qian would bargain with her, but to her surprise, he didn't.

"No problem, 500 or 300 million won't make much of a difference to me. The point is that you have to do what you have to do, and when I need you to show up, even if you're in bed with someone you love, you have to get dressed and come right away. "

Wang Jing rolled her eyes and replied, "Can't you pay more attention to your words, damn hooligan." Can you really accept three hundred million? "

"Of course. I said five hundred or three hundred million, and it makes no difference to me. "

"May I ask what is Director Zhao's family doing? Ore? You have such a big mouth! "

Zhao Qian replied with a light tone: "A little."

Wang Jing smiled and rolled her eyes. She thought Zhao Qian was joking, but he was telling the truth. The Wealthy Group was involved in oil, metals, coal, natural gas, etc. These were all real minerals.

Since the two of them had agreed on this, Wang Jing quickly called for the waiter to serve the dishes.

By the time he finished his meal, it was already ten o'clock. Zhao Qian was about to say goodbye to Wang Jing when her cell phone rang.

Wang Jing took out her cellphone and showed it to Zhao Qian with a smile. She said, "It's Yang Ming. Do you want to hear it?"

Wu Tie smiled evilly as he took the phone and answered it, "Young Master Yang, I'm sorry. Jing just took a shower and went to bed. Just now, she was too tired and had already fallen asleep.

After saying that, Zhao Qian immediately hung up the phone.

Wang Jing laughed out loud, raised her foot and kicked Zhao Qian, grumbling: "Aren't you a bad person? Do you think he can sleep at night? "Look, it's coming again."

Wang Jing's cell phone rang again, indicating that it was Yang Ming. She hung up and turned off the phone.

Zhao Qian smiled and said, "Why aren't you answering the phone? Don't know how to explain it to him? "

Wang Jing replied with disdain, "Forget it, why should I explain it to him? I never liked him, and I don't care what he feels. "

"Then aren't you afraid that your dad will blame you?"

"As long as Treading the Heavens makes a lot of money, how could he bear to blame me?"

Zhao Qian gave Wang Jing a thumbs up and asked her if she was going home now or if she had other arrangements.

Wang Jing replied that she was going home, of course. What else could she do at this late hour?

Zhao Qian nodded, waved goodbye to her, and left alone. The moment he entered the elevator, Yang Ming called him. The signal in the elevator wasn't good, so he didn't pick up.

After a while, Zhao Qian came out of the hotel door and Yang Ming called again. He picked up the call and asked, "Young Master Yang, why aren't you sleeping at this late at night? What's the matter?"

Just now, Yang Ming felt that the voice of the person who answered the phone for Wang Jing was similar to Zhao Qian's, which was why he called to ask. He immediately asked, "Where are you now?"

"I'm eating outside. What's wrong? You want to treat me to a meal? "

"With whom?"

"There's no need to tell you that, is there? This is my privacy, you have no right to ask. "

Yang Ming immediately bellowed at Zhao Qian to tell him who to eat with, otherwise, he would go and find trouble with Faang Ni tomorrow.

Zhao Qian pretended to be scared and replied, "Don't, don't, don't ..." I say, I say, okay? Actually, I'm not eating out here. I'm having fun with my new girlfriend at the hotel. As her status is more respected, she doesn't dare to let others know that we're dating, so I can only lie to you. I can only say this much, don't ask anymore. "

Yang Ming was extremely anxious and quickly continued to ask, "What is your girlfriend's name? "Do what?"

"Oh, I can't say. She was much more distinguished than I was, and she said she was not willing to accept a political marriage arranged for her. "Tell me, can I tell you too much?"

The more Yang Ming heard, the more he felt that Zhao Qian was talking about Wang Jing, so he asked directly, "Is your girlfriend called Wang Jing? The eldest miss of the Huaying Group. "Isn't it?"

Zhao Qian pretended to be surprised and replied, "How did you know? You saw it? "

"F \* ck me, Wang Jing is my fiancée. I won't forgive you if you dare to make a move on her!"

Zhao Qian couldn't help but want to laugh, but he suppressed it back and continued to pretend to be surprised: "What? The man Jing said made her want to puke is you! I didn't believe it at first, but now I do. You really make people feel nauseous. Do you think Jing can choose you, those female hosts who follow the rules whenever you want? As long as she's not an idiot, she

would never marry you. "

Yang Ming was so angry that his hands were trembling, and he scolded, "F \* ck, why don't I need you to mind my own business. "Wu Tie, I'm warning you, Wang Jing is my woman. How dare you touch her, I won't cripple you, I'll follow your surname Zhao from now on."

"Don't, if you want to be daddy, laozi still doesn't want a useless son like you. Alright, I won't tell you anymore. Jing has come out from her bath. "I'm hanging up. Bye bye."

Zhao Qian hung up the phone with a happy smile, while Yang Ming, who was on the other side, smashed his phone into pieces in anger.

"How is it? Do you feel a perverted sense of satisfaction? "

Just as Zhao Qian wanted to leave, Wang Jing's voice came from behind. He quickly turned around and saw Wang Jing looking at him with a smile.

Zhao Qian scratched his head, pretended to be embarrassed and replied, "Haha ..." This is too embarrassing, you actually heard it. "

Wang Jing speechlessly rolled her eyes. He didn't look embarrassed at all, he was obviously happy.

It was getting late, so Zhao Qian waved goodbye to Wang Jing again and walked towards the parking lot. Wang Jing followed, and the two of them got their cars and drove home.

Zhao Qian drove in front while Wang Jing followed behind. It was downhill from the parking lot to the road, so Zhao Qian slowed down his speed.

But at that moment, Wang Jing's car suddenly crashed into him from behind.

Zhao Qian's car was hit and sent flying to the road. At this moment, a car came from the left, which scared him so much that he quickly stopped the car.

Wang Jing was terrified, but no matter how hard she tried, the braking system was useless. Her Mercedes-Benz G went straight for Zhao Qian's Jaguar.

"F \* ck!"

Zhao Qian cursed in his heart. His car was hit on the road, and the car whizzing from the left honked to a halt. But because they were too close, it was inevitable that the two cars would collide.

## C59 Artificial

Seeing that the car was about to collide with his, Zhao Qian hurriedly turned the steering wheel, causing the car's rear end to collide with the other car.

Zhao Qian's car was knocked back several meters before it stopped. However, Wang Jing's car didn't stop and hit a tree on the side of the road.

Zhao Qian quickly got out of the car and ran towards Wang Jing. He pulled her out of the car and asked, "How was it? Are you alright? "

Wang Jing was so scared that her face turned pale. She grabbed Zhao Qian's arm tightly and said with fear, "I ..." My brake is broken, it doesn't matter how I step on it. "

Zhao Qian asked doubtfully, "Are you sure you stepped on the brakes, not the gas pedal?"

Wang Jing rolled her eyes and replied a little angrily, "Do you think I'm one of those female road-killer drivers?!"

Zhao Qian smiled and was about to say something when the driver who crashed with him walked over.

"Bro, what's going on? I just bought a new car. Look at this, can I still buy it?"

Zhao Qian took a look. That person's car was indeed new. The red tape on the rearview mirror had not been taken off, so he estimated that he had only bought it for two days. However, that car was not a good car either. Zhao Qian could afford to pay for the BMW X5.

"Sorry. How much did you get for this car? I'll give it to you at its original

price. "

The driver was ready to argue with Zhao Qian, he didn't expect him to be so straightforward.

"Brother, you're really a straightforward person. Then I won't take the opportunity to screw you over, the entire set is 850 thousand."

Zhao Qian nodded, took out his cheque book and signed a cheque of 900,000 and gave it to the driver.

"This is a cheque for nine hundred thousand, the rest is my apology."

The driver smiled embarrassedly as he took the cheque, "Brother, you look too open-minded. I'm too embarrassed to take it."

"What's there to be embarrassed about? My mistake caused your car to be damaged. I should compensate you." Take it. However, if the traffic police come, you can say what you should, and you can't say what you shouldn't. "Anyway, you just don't want to argue with us anymore. Will that be okay?"

"No problem." I promise I won't argue with you. "A small incident, a small matter."

Zhao Qian nodded in satisfaction and called the traffic police.

For no reason at all, how could a car's braking system fail? Zhao Qian felt that there must be something fishy about this. There might be someone who wanted to harm Wang Jing, so he intentionally broke the brake on her car.

Soon, the police arrived. The three of them took the initiative to take responsibility, making the police a bit confused.

"This is the first time we've met someone like you. The others are trying their

best to push the blame onto them, but the three of you are taking the initiative to shoulder the responsibility yourselves. In that case, the responsibility would be shared. You should find the insurance company. "

Zhao Qian and Wang Jing were not short on money, and the BMW driver received a compensation that exceeded the price of the car. The three of them said that there was no need to look for an insurance company and just had to bear the cost of the repairs.

After more than half an hour, the police finally left. Zhao Qian called the trailer and sent the three cars to the 4S store.

The next morning, Zhao Qian went to Jaguar 4S to buy a new car and then drove to Mercedes-Benz 4S to find Wang Jing.

Wang Jing was watching the 4S store to see why the brake system had failed. When Zhao Qian arrived, the results came out.

"Hello, Miss Wang. After our test, we found that your car's braking vacuum tube was artificially cut off and then glued back together with glue. But because of the hot weather, the broken part was opened again, causing the brakes to fail. "

Zhao Qian didn't guess wrong. Someone was indeed trying to harm Wang Jing.

Wang Jing asked dumbly, "What do you mean? "You mean someone wants to harm me?"

The examiner replied immediately, "That's not something we can tell you. We can only tell you that the brake vacuum tube has been cut and attached. As for who did it and why, we can't say for sure. I suggest that Miss Wang go to the police and deal with this matter. If someone really did harm Miss Wang on purpose, there will definitely be a next time. It would be better to find that

person as soon as possible. "

Wang Jing hesitated, but Zhao Qian quickly pulled her aside to talk.

"The vacuum tube was cut off and stuck together. I don't think it was done recently. Even if the police called, they wouldn't be able to find the culprit. The inspector was right. If they didn't succeed this time, there would definitely be a next time. Pretend you don't suspect anyone, just a traffic accident. Before long, the killer would surely take action again. You stay for the day and park the car in the surveillance area. Keep the habit of checking surveillance videos every day, and one day you will be able to catch the killer. "

This method was a bit risky for Wang Jing. If she wasn't careful and didn't find out that the murderer had done something, wouldn't she be in danger again? However, she wasn't afraid and still nodded her head to accept Zhao Qian's suggestion.

At this moment, Wang Jing's cell phone rang. It was Yang Ming. She rolled her eyes and looked at Zhao Qian, asking, "You bastard, are you sick of talking? I'm in trouble, but he called me again."

Zhao Qian laughed and replied, "Anyway, you don't like him, so there's no need to let yourself suffer and deal with him. If he asks you if you're okay with me, just say yes and see if he'll continue pestering you. "

Wang Jing pouted and snorted adorably before answering the call.

"Hello, why are you looking for me?"

Yang Ming hurriedly asked, "Where are you? With whom? Can you come out and meet me? "

Wang Jing replied coldly, "No time. "Yang Ming, you know my attitude, stop

wasting your time."

"You can dislike me, but you can't stop me from liking you. I have already changed a lot for you. Give me a little more time, and I will definitely become the ideal candidate for you. "

"Hehe ..." Much changed? Those female broadcasters in your company who are slightly interested, which one of them didn't get your unspoken rule? You told me you changed so much, did you think I was stupid? "

Almost everyone in the rich second generation knew that Yang Ming was a good person, so he couldn't deny it. However, he could not accept Wang Jing and Zhao Qian, no matter what, he had to snatch her away. This was a matter of dignity and face.

"Jing, you can look down on me, but you definitely can't look down on Zhao Qian. This is a huge humiliation for me. "If you were to find a rich second generation, or an official second generation, or even an ordinary person, I would have no objections. Only he will not be able to do so."

Wang Jing laughed coldly and replied, "Who do you think I want to look for? "It's better if you keep to the rules of your company's female broadcasters."

"You don't know him. He's got a boss and he's in love with a female anchorman. Now he's with you again, he's calling him Three Ships. This is something that has already been known by others. Who knows if there are other ships that haven't been exposed yet. "

Wang Jing turned around and looked at Zhao Qian with a frown, then replied coldly, "It doesn't matter, as long as I like it. As long as I like it, he is a scum, and I will still love him to death. Well, I don't want to tell you, I have work to do. In the future, don't bother me anymore. We'll meet more often, so don't make things awkward for each other. "

Wang Jing hung up the phone after she finished speaking. She walked in front of Zhao Qian and asked angrily: "I heard that you were taken care of by your boss and you're still dating a female streamer? Do you know how much I hate this guy with a few feet on a boat? I'm so angry right now that I don't want to pretend to be your girlfriend anymore. I feel sick. "

Zhao Qian walked towards Wang Jing with a naughty smile, continuously forcing her to back off.

"You ... What are you doing? There are still so many people in the middle of the day, don't mess around. "

Wang Jing warned Zhao Qian fearfully as she retreated.

Zhao Qian ignored her and continued to walk towards her.

Soon, Wang Jing retreated to the wall. Zhao Qian used both his hands to support the wall and surrounded Wang Jing, giving her a wall.

Wang Jing's face immediately turned red. Previously, she had only watched these kinds of scenes on TV or on the internet. She never expected to see such scenes in real life.

"You ... "Don't act recklessly ..."

Wang Jing lowered her head as she spoke softly.

## C60 Reject All

Zhao Qian grabbed Wang Jing's chin with his right hand and slowly lifted her head so that her eyes could meet his.

"I'm just asking you to pretend to be my girlfriend. It's not like I have any effect on you. "You care so much about my emotional state, don't tell me you really want to be my girlfriend?"

Wang Jing quickly shook Zhao Qian off and explained, "No way. I am the big miss of the Huaying Group, why would I fall for a loser like you? No matter what, you have to match up to me, so stop dreaming. I just can't accept your behavior of treading on a few boats. I feel sick. "

"Pretend to be innocent with me. With your beauty, I don't believe you have a few spare tires or something." You girls love to do things that show that you're single, but in reality, there are countless things you can do. "With your looks and identity, it's normal for you to keep dozens of spare tires outside."

Wang Jing pushed Zhao Qian away with all her might and replied angrily, "You think others are that bad even when you're rotten yourself, you're that bad!"

Zhao Qian chuckled as he watched Wang Jing run away in panic.

"I'm leaving. I'll call you if I need anything. You need to come over immediately. You can talk about the contract with Yuan Mi. He can represent me. "

After saying that, Zhao Qian drove to the company.

A week later, Jiang Xiaoqing could leave the hospital. She called Zhao Qian and begged, "The doctor said that I can leave the hospital, but I don't have

anywhere to go. For your sake, find me a place to stay."

Towards those who had betrayed him, Zhao Qian would definitely not show any mercy. He immediately replied: "Isn't Wang Qiang still lying on the bed? As your girlfriend, you should stay at the hospital to take care of him.

"You ... I'm already like this, can't you have some sympathy? "

"You are too damn funny, you said that you will hold a grudge for life, and now you want me to have sympathy for you again, you don't have the face to do that." You must have loved him very much for betraying me and Wang Qiang. Since you love him, you should take care of him. If you dare to leave the hospital, I'll immediately ask Yang Hu to mess with you. I think you don't want to be bullied by so many people again, right? "

Jiang Xiaoqing's thoughts were brought back to that night, and she was immediately shocked to the point of screaming and throwing away her cell phone. That night would be her nightmare for life. It would never go away.

Jiang Xiaoqing told Zhao Qian to find a place for her to stay. Actually, she wanted to take the opportunity to seduce him and secretly record a video for Faang Ni. Just like she said, she would remember the grudge between her and Zhao Qian for the rest of her life. As long as she was alive, she would definitely take revenge.

Zhao Qian understood Jiang Xiaoqing's personality too well. He knew that she must have some sort of conspiracy, so he didn't care about the feelings from the past to take care of her.

After another week, Jiang Xiaoqing had more or less recovered and returned to work.

Her colleagues gathered around her and asked her what was wrong, why she didn't come to work, and why she didn't pick up the phone.

Jiang Xiaoqing forced a smile and replied, "I have something to do back home. Wang Qiang is still at home."

"Wah!" You didn't go back to your hometown to get your pass, did you? "You don't mean anything by that. You didn't even let us know about such a joyous event."

"Jiang Xiaoqing, you couldn't have really impulsively asked Wang Qiang for the certificate, right? His current conditions are not very good, so don't make a fool of yourself. "

"What you are saying is that as long as two people fall in love, nothing is a problem. Isn't it enough to work together? "Why do you have to think so highly of people?"

Seeing that her colleagues were arguing nonstop, Jiang Xiaoqing was in no mood to deal with them. She quickly interrupted everyone and said, "Everyone, quiet down. Wang Qiang and I did not receive our certificates. If he received the certificate, he would definitely inform everyone in advance. Alright, let's not chat during business hours. If Director Faang knew, she would have thought that we were taking advantage of her not being lazy. Everyone, hurry up and work. "

Jiang Xiaoqing returned to her seat after she said that as she tried to figure out how to trick Zhao Qian out.

When it was almost noon, Zhao Qian came to work. Technology Department colleagues hurriedly came over to report the situation of the hand travel internal test, and they also assessed that they could deliver the orders to the market for the official test.

Zhao Qian was extremely happy. It was finally time to defeat the flying fish. He immediately called Guo Mingda and told the Xingyuan department to send

someone to check in on the project.

Around 3 in the afternoon, Zhao Qian went to the Tianxiu Broadcasting Office. He copied the latest version of the game and asked Hong Xiu to give all the hosts who were willing to do the live broadcast of the game more practice.

As one of the top players in the industry, there was a set of mature promotion procedures for new products on the market. The major APP shops buy lists, hire the troll army to brush good reviews, wash downloads, and so on.

In just a week's time, Glory Alliance had reached the top of the game rankings. Mobile phone users who log into the app store, the home page will definitely see this game.

Despite the fact that the game was popular, not many people knew how to play it. Especially some of the more outstanding heroes, no one knew how to play.

At this time, the advertisement for the live broadcast of Tianxiu appeared again. The various game hosts, represented by Wu Xin, all released their more outstanding heroes, and very quickly, a large number of fans came to watch the live broadcast on the platform.

In less than a month, the flow of the Tianxiu Platform had already forced Flying Fish to become the fourth in the industry. Based on the current rate of development, Tianxiu would replace Flying Fish as the country's third largest live broadcast platform in at most a week.

At this time, Flying Fish, Dragon Tooth, Swan, and the other people who had been watching the broadcast all had their senses opened. They quickly looked for Xingyuan and for cooperation.

According to Zhao Qian's instructions, Xingyuan Department informed everyone that the right to broadcast the game online was already packaged

and sold to Tianxiu Department. If they wanted to do a live broadcast, they had to talk to the owner of Tianxiu about buying it.

The various platforms immediately sent people to the Tianxiu Platform to meet up with Hong Xiu, proposing to purchase the right to live broadcast. Hong Xiu rejected them all as per Zhao Qian's instructions.

This was a good opportunity for Tianxiu to become the top in the industry, how could he share it with others?

Since each platform could not purchase the copyright, they turned a blind eye to it and turned a blind eye to it, allowing the host of their respective platforms to play games live.

Zhao Qian had already expected this to happen, so he gave Hong Xiu an order to inform the anchors and the platform they were on. If you do not accept a settlement, if you do not accept private matters, you must go through a court decision.

At this time of the summer vacation, it was the peak period for the students to watch the live broadcast. The hosts of Glory Alliance were all banned. The students could only look for hosts from other platforms. Thus, the flow of the Tianxiu Platform skyrocketed once again, smoothly surpassing that of the flying fish and approaching that of the swan.

After Yang Ming saw the latest data, he cursed in anger. He quickly came to the Tianxiu Platform in person, wanting to talk to Hong Xiu face to face.

Hong Xiu smiled and invited Yang Ming into the office, asking, "Why is Young Master Yang free to come to our small platform?"

Yang Ming replied snappily: "Cut the crap, give me a quick answer, how can I authorize our platform to broadcast live?"

Hong Xiu shook her head and replied, "Young Master Yang's words are a little unprofessional. If it was you Flying Fish who got such a good opportunity, would you be willing to share it with the other competitors?"

Yang Ming was speechless, but he still shamelessly told Hong Xiu to authorize Flying Fish to legally broadcast live no matter what.

Hong Xiu ignored him and called for someone to send him off.

Yang Ming was very angry and threatened sinisterly, "Director Hong is causing trouble for himself! I have already given you face, don't you dare be shameless. "

Hong Xiu chuckled and replied coldly, "Then how does Young Master Yang want to deal with me? Could it be that you want to find someone to kill me? "

"Hehe ..." I won't do it. However, I can still find a few people to give Director Hong a kick out of it. Chief Hong is already an old man and is also a bachelor. I presume he really wants to know what it's like to be a man? "

Hong Xiu was immediately enraged. She walked up to Yang Ming and slapped him. After she was done, she roared, "Scram!"

Yang Ming was equally furious. How dare Hong Xiu hit him?

"F \* ck, you slut, you actually dared to hit your father, your father will kill you!"
