

His True Colors Novel Chapter 2167 - 2170

Chapter 2167

“Han Sanqian, I have bowed down, you are almost fine, don't be too much.” Futian said with a sullen face and reluctantly said angrily.

If he really did this, how could his face survive? !

Han Sanqian smiled coldly: “You threaten me? Believe it or not, I not only let you learn how to bark? I also let you learn how to pee?”

“You!!!” Futian knotted.

“If you want to cooperate, you can get away. Of course, if you want to compete with us, I don't mind.” After that, Han Sanqian patted Futian on the shoulder and smiled: ” Why Yaoshen Pavilion lost? You should be very clear in your heart. I can fight half of the Yaoshen Pavilion. Do you think I will be afraid of you?”

Futian was taken aback, although he had been deliberately killing Han Sanqian on the battlefield. However, as the person involved, he knew better than anyone else that Yaoshen Pavilion's defeat was inseparable from Han Sanqian.

This is also the fundamental reason why he wooed the Void Sect in every possible way, but if Void Sect was in Han Sanqian's hands, his game of chess would have been doomed to fail.

hit? He is not sure of victory. Even if you can win a small victory, so what? Once someone takes the opportunity to enter, the Fu Ye family will be wiped out!

Only harmony is the only chance for the Fuye family to survive and grow.

“Han Sanqian, don't threaten me. If you become stricken with us, you will be as isolated and helpless as the Void Sect.” Futian smiled.

“After absorbing the experience of the last failure, if Yaoshen Pavilion calls again now, do you think you should beat you first, or should you beat me?” Han Sanqian smiled.

Fuye has the most coalition forces, and because of the terrain, the Fuye family may surround the Yaoshen Pavilion from behind at any time. Naturally, it is Tianhu City that they want to clear.

“Or, if I tell Yaoshen Pavilion, we decide to join forces with them to clear you out?” Han Sanqian Xiemei smiled.

Although it is impossible for him to do this, Han Sanqian believes that this is Futian's Achilles heel.

In a sense, he, like Wang Wanzhi, finally got the right to take a stud, how to do it?

“You have no choice.” Han Sanqian looked at Futian with a smile.

Futian’s face was cold. He was completely threatened by Han Sanqian. Han Sanqian was not only on the idea, but the most important thing was that his confident eyes did not allow others to have the slightest suspicion. , Take a step back, and you will be able to broaden the sky. This transaction is also a good deal no matter how you look at it.

“How do I know if you will fool me? Don’t forget how you lied to my twelve Ji!”

Han Sanqian smiled disdainfully, and threw a dish on the table directly on the ground with one hand: “Add one more, like Eat up this dish like a dog.”

“You!”

“Then another dish?” Han Sanqian’s face suddenly became cold.

Futian gritted his teeth.

“Wang!!! Wang! Wang!” The

gentleman took revenge. It is not too late for ten years. As long as he can make the family bigger, he can bark like a dog today. In the future, he can make Han Sanqian live as good as dead.

“Ah? This...” The

Fu Ye family looked at each other, collectively dumbfounded.

The crowd of onlookers was even more shocked, and the head of the Fu family was so humiliated by a young man that he let the dog bark as he did.

At this time, many people jumped up to see who the young man in the alley was. There are also some unmarried women who are moved by the sight of Han Sanqian.

The most handsome in the world is either a brave hero who charges and stands in battle, or a solitary Su Shuai who strategizes and looks at the world.

At this time, Han Sanqian was the latter.

“What the hell does this young man come from? Even Futian is like this in front of him? And the executives of the Fuye family are all there, and no one dares to speak out?”

“I don’t know, I haven’t seen this person before. However, I’m very surprised, how could the Fu Mang group be by his side? Do I remember that Fu Mang is not the deputy of the Mysterious People Alliance?”

“You are so. As soon as I said, I can see that Bai Xiaosheng is also here!”

“And you see that the elders of the Wuzong group are all separated from his sides and have a humble attitude. This person, I am afraid that the background is not small. . In my opinion, is it a mysterious person?”

“From the standpoint of the figure, he does look like a mysterious person, but don't the mysterious person always wear a mask?”

Many people talked and commented, but in Fumei's But the ears were extremely harsh.

Fortunately, the news that Han Sanqian is a mysterious person has been deliberately suppressed by the Fu Ye family, and many people do not know Han Sanqian and Su Yingxia. Otherwise, she would really be so angry that she would vomit blood on the spot.

“Is it all right now?” Futian raised his head and looked at Han Sanqian.

Han Sanqian took a look at the dish plate.

As soon as Futian gritted his teeth and closed his eyes, Feng Chuangyun squatted on the ground and ate all the dishes on the plate.

After eating these dishes, Futian stood up with a cold face: “What about now?”

“Yes, very obedient, I will reward you a bit later, now you can go.” Han Sanqian smiled.

Futian suddenly furious: “What do you mean? You let me go? What do you promise me?”

“I only said that I would consider it, but I didn't say that I would agree. Unless, the play is complete.” After that, Han Sanqian will His eyes were placed on Fu Mei who was standing in the alley.

Chapter 2168

Feeling Han Sanqian's gaze, Fumei couldn't help being surprised.

Futian was furious and looked at Han Sanqian incredulously: “Han Sanqian, what do you want to do?”

“What are you doing? Futian, it's okay for you to help the family and bully me, but you bully Yingxia and Nian'er. Something. Do you think I would have never happened to you?” Han Sanqian smiled coldly, the cold light in his eyes even directly made Futian feel cold in his back: “But don't worry, for the time being, I don't plan to have revenge. , I'll

keep it on your head, now, let me charge some interest first.” “Let Fu Mei come over.” Han Sanqian said coldly.

Futian was afraid and angry, wanted to turn his face but didn't dare to turn his face, after all, the consequences of turning his face. He couldn't hold it steady, but one thing was for sure. The Void Sect was not on their side, and there was only one kind of result. Whether they lose or win, the Fu Ye family will be seriously injured. Even frustrated.

“Han Sanqian, don't think about it!” Fu Mei was scared in her heart, but the whole person forced her to be calm, and shouted angrily: “You want to bully this lady on your earth's waste?”

Han Sanqian coldly With one kick, he stood up abruptly, and his hands moved violently.

The sky fire moon wheel turned into red and blue bows and arrows, shaking in his hands! ! !

Roar! ! !

The four dragons suddenly jumped out, roaring to the sky!

With another wave of his hand, hundreds of strange beasts appeared out of thin air, all of them gathered behind Han Sanqian, with the aisles lined up neatly. Each of them grinned, showing their ferocity.

Suddenly hundreds of strange beasts and the four dragons hovering in the headspace made them so powerful that everyone present was shocked.

The most frightening thing is that Han Sanqian was still holding the Pangu axe in his left hand at this time. His hair was suddenly silver, and his whole spirit was scattered. Within a hundred meters, he could feel the pressure on his body that was so huge that he was about to suffocate.

“This guy.....”

“This kind of breath, I have seen it from the two true gods at the top of the Blue Mountain and the Immortal Sea when I was only in the Temple of Qishan. It is so powerful, it is too powerful, and it makes people almost breathless.”

“It's more terrifying than this. Yes, the army of strange beasts next to him. Don't forget that in this battle against the Medicine God Pavilion, it was these strange beasts who raided several times and the Medicine God Pavilion caused a fatal blow.”

“I heard. Qi Beast belongs to the Void Sect. How could it be suddenly controlled by that guy?” While

a group of audiences were shocked, they were also discussing everything in front of them.

At this time, someone slapped his head. Shocked and said: "Damn, what did I say just now? Maybe, my unreliable gossip. Is the real news?"

"What do you mean?" someone asked.

"The gossip said that this battle has nothing to do with the Fu Ye family, and it has nothing to do with the Wuzong. It mainly depends on one person. And that person is said to be a mysterious person." That humanity.

At first, he didn't believe in these gossips, so he naturally thought that these were not reliable, but where he knew it, the more he looked down. But the more I discovered that this fact was surprisingly similar.

What kind of gossip is this? This is obviously an astonishing inside story.

"Wait! No, I remember that the mysterious person has unique red and blue weapons. This person does."

"The point is not the red and blue weapons, but... but the axe in his hand. You don't think that is fundamental. Just..."

"Pangu Axe?"

As someone shouted in surprise, the whole crowd exploded.

"The one with the Pangu axe in hand, isn't it... isn't it Han Sanqian, the trash son-in-law of the Ye family?"

"It is rumored that before the start of the competition on the top of Qishan. Han Sanqian has accidentally fallen into the endless abyss, how could he be alive? Isn't this Han Sanqian?"

"Could it be that Pan Gu Axe gave this person before Han Sanqian died?"

The group of people frowned. I was curious about this.

"That person is Han Sanqian!" Suddenly, someone shouted: "Have you forgotten what Fumei said about him just now? He said that person is a trash from the earth." As

soon as this word came out, all the fun The group of guests were all stunned. Fu Mei, who was full of anger, was also stunned. She obviously did not expect that her unintentional word would accidentally reveal the secret she least wanted to let others know.

"Fu Mang. Fu Yao, my God, how come the two people around him are so familiar to me. But I don't know who it is for a while. Now, I finally remembered."

"That means that this person is really Is it Han Sanqian?"

Although many people were surprised, and many people were unwilling to believe this fact, it was the only explanation in their minds.

He is the “dead” son-in-law of Fu Jia, and more importantly, he is most likely the mysterious person who is all the rage and caused a sensation.

The red and blue weapons, plus the two important figures of the mysterious alliance of Fu Mang and Jianghu Baixiaosheng, everything seems to have lifted the veil before the truth.

If that is the case, it also means. That Han Sanqian from the earth is not a waste at all, even the raptors crossing the river in the world of eight directions!

“Only the waste of my earth!” At this time. Han Sanqian looked at Fu Mei and suddenly said coldly.

“He is really Han Sanqian!!!”

“Oh my God, I’m cracked. He is really the fuss of Fujia...No, the son-in-law of Fujia, Han Sanqian?”

Although many people already believe, He is Han Sanqian, but when the parties nodded personally, the shock was obviously still strong.

But many people also have a deeper question.

” How did this guy come out of the endless abyss? Legend has it that if you fall into it, you can only die? This is the truth that countless true gods have told us with the teaching of blood. “

“Could it be that this guy is an earthling, because it is too low-level, so the endless abyss does not actually have that strong effect on the low-level creatures.”

“You can shut up, say these things, you are afraid that you don’t know how to die “

After being reminded by someone else, the guy who said Han Sanqian’s low-level creatures suddenly turned pale, and hurriedly closed his mouth.

But there is another person who seems to be standing still on the surface at this time, but in fact his legs are already weak.

Ye Shijun.

When it was determined that the person in front of him was Han Sanqian who helped the family, his forehead was already sweating wildly. It turned out that he was the person wearing the mask that day.

The words he attached to his ear suddenly sounded in his ears at this moment. Sure enough, he did not lie to himself, those are all true.

Futian sighed completely at this time, nodded to Fumei, signaled her not to say any more, and hurried over.

The senior executives of the Fuye family also turned their heads to one side, which was obvious.

“Are you crazy? You want me to bow to that trash? I warn you that it is not only me who is ashamed, but also your Fu Ye family!” Fu Mei roared with a grim expression.

“Pop!”

But at this moment, a heavy slap suddenly slapped her face, and when she looked back, it was Ye Shijun.

Chapter 2169

Ye Shijun’s palm of his palm was swollen and painful, not to mention how deep marks would be left on Fu Mei’s face.

His body was trembling slightly, his eyes glanced at Han Sanqian in fear, and then he looked at Fumei with some complaints. He shouted coldly: “What are you doing in a daze? Past.”

Fu Mei looked at Ye Shijun incredulously: “What are you talking about? You let me pass? Ye Shijun, are you crazy, I’m your wife.”

“Past. “Ye Shijun turned his head away, not wanting to talk nonsense with Fu Mei about this matter.

Seeing that Ye Shijun was like this, Fu Mei’s whole expression became very hideous, and then she looked like a mad woman. He rushed up and grabbed Ye Shijun, and roared angrily: “Ye Shijun, are you still a fucking man? Others have made it clear that they are going to humiliate your wife in front of so many people, so why are you even telling me to go?

” Is it because someone else wants to sleep with me. You have to send my old lady away! “

Fu Mei is like a full-fledged shrew, she naturally understands what the past means, so she doesn’t care about herself at this time. Ye Shijun’s ugliness is hoped to wake up Ye Shijun.

How could Ye Shijun not understand the truth that his wife is ashamed and that he has no light? It’s just that shame is better than death, right? !

In the face of Fu Mei's fierceness and madness, some people were startled by her mad dog appearance, and some secretly laughed. Before, there was still a kind of supportive charm among tens of thousands of people. It turned out that he would be like a mad dog when he was down and down. Those pretending to be rich and reserved, it makes people feel ironic in retrospect.

"Enough." Ye Shijun was troubled, and pushed Fumei to the ground: "Hurry over."

Seeing Ye Shijun's steadfast eyes, Fu Mei was distressed. She cast her gaze to the several executives aside. Normally, these executives circled her like a dog. But at this time, seeing Fu Mei cast their eyes, these people would either look elsewhere. Or roll your eyes.

Fu Mei smiled miserably, she knew. She has no choice.

Fu Mang gestured with a look, and Qiu Shui and Shi Yu immediately walked to Fu Mei's side. She directly erected and dragged her to Han Sanqian's front.

Han Sanqian glanced at Su Yingxia, and Su Yingxia nodded.

Su Yingxia came to Fu Mei's body and saw Su Yingxia, there was a fierce light in Fu Mei's eyes.

"Slap!"

Su Yingxia was not polite, slapped the handle. Fan directly on Fu Mei's face.

"Slap!"

Another slap!

Su Yingxia was merciless, and these two slaps also made Fu Mei's mouth ooze a trace of blood. Even so, she still stared at Su Yingxia fiercely with angry eyes. If she could kill people with her eyes, she estimated that she could kill Su Yingxia 10,000 times.

But Su Yingxia didn't have the slightest timidity, and even looked directly at Fu Mei: "While helping the family. I said, you slap me twice. Sooner or later, I will pay you back, that's today."

"Slap! "

Another slap!

"This slap was slapped by me as the wife of Han Sanqian. Fumei, you keep calling me a man as rubbish. As a result, seduce my man in private?" Su Yingxia coldly snorted.

The words came out. The sentiment was in an uproar.

“No, Mrs. Sanqian actually seduce Han Sanqian?”

“I can’t tell, I’m very arrogant in normal times. It turns out that I am a bitch in my bones.”

“Yes, what is Han Sanqian’s status? What’s

wrong ?” “I’m afraid it is City Lord Ye, there may be a green grass on the top.”

Ye Shijun’s face was cold and embarrassing. He knew that Fu Mei must be repaired in the past. I would be ashamed, but I didn’t expect accidents to follow one after another. The big melon from the sky actually landed on his head.

“I...I didn’t...” Fu Mei gritted her teeth and refused to admit it.

“Slap!”

Another slap! ! !

“This slap. I slapped on behalf of the ancestors of the family. You and I are cousins, but you tried to seduce your cousin-in-law, which is morally corrupt!” After

four slaps, Su Yingxia stopped and rushed to Han San. Qian nodded, indicating that he was out of breath.

Han Sanqian’s eyes were sinister, although he knew that with the character of Fumei, Su Yingxia was definitely aggrieved during the detention of the Fujia, but wherever he wanted to, these 38 had actually beaten Su Yingxia.

Fu Mei was stunned by these four slaps and her hair was messy.

Han Sanqian grabbed Fu Mei’s hair and pulled her whole head directly up, and then said coldly: “Mrs. City Lord? Do you really think you are amazing? Let me tell you how you are called at Fujia I don’t want to care about the king’s hegemony, but if you dare to provoke me, don’t say you are a city lord’s wife. Even if you are the city lord, you are just a dog in front of me.”

“Xing Yao.”

“Slaves are here.”

” Her mouth is too stinky, please help her to manage her mouth.”

“Yes.”

Xing Yao nodded, taking a few nervous steps to Fu Mei’s face, but seeing Fu Mei’s fierce eyes, the always weak star Yao was a little scared at this time.

Qiu Shui Shiyu glanced at each other, and then smiled coldly at each other.

“It’s very simple, Xing Yao, you have to fight poison with poison if your mouth smells bad.” Shiyu laughed.

Chapter 2170

After finishing speaking, the savage poetry was not nonsense, he took off his shoes directly and put them into Fumei’s mouth.

Then, he handed his other shoe.

Xing Yao was stunned, shaking to take the shoes. For a while, she was still a little scared, but when she remembered how good his wife was doing to her during this period, she gritted her teeth and pulled a sole on Fu Mei’s face.

“Pop!” The sound is shaking!

The executives of the Fu Ye family turned their heads away and couldn’t bear to look straight. Ye Shijun’s face twitched, and he could feel the pain of the soles of the shoe from a distance.

Fu Mei’s painful tears flowed down, and Qiu Shui and Shi Yu were completely stunned.

Who can think of it, Xing Yao seems weak. In fact, the sole of the shoe was pulled over, more fierce than anyone else.

Xing Yao looked a little at a loss, because she was nervous, she didn’t know how much energy she exerted.

However, Xing Yao stopped talking nonsense when he saw that Fu Mang and others were shocked and excited because of their own soles. The backhand is another sole.

The onlookers looked at each other, and the wife of Han Sanqian Xiaoxiao could sow her shoes in front of the Fu Ye family. Both parties not only made judgments, but also explained that the so-called Mrs. Sanqian was just a joke.

puff! ! !

As Xing Yao pumped more than a dozen shoe soles in a row, Fu Mei’s entire face was flushed and swollen from the fan, like a pig’s head. There was blood and mud in the loose hair, and a shoe on her mouth, like a mad woman. It is not an exaggeration to say that she is a beggar on the street. There is no such thing as the city lord’s wife. !

The entire scene. Fu Ye’s two gangs of executives and the crowd onlookers can be said to be crowded, but at this time, it is quiet and audible.

Han Sanqian waved his hand, Qiu Shui and Shi Yu let go of Fu Mei like a dead dog, Fu Mei fell to the ground, almost motionless.

Futianhou's molars are about to be broken. It was planned well. Fuye's family took the nihilism and consolidated the site. By the way, they played down Han Sanqian's merits and even insulted him, but I do

n't know... Throw another meter.

Not only did the Fuye family in such an environment, the attention they had finally accumulated through this victory disappeared in an instant, now they and Fumei have been insulted one after another, although the harm is not great. But it is extremely insulting.

The Fu Ye family were completely crushed by Han Sanqian.

To make the happy event into such a joke, I am afraid that he is the only one to help the family.

Han Sanqian collected the Skyfire Moon Wheel and Pangu Axe at this time, and his whole aura was much better. At almost the same time, the strange beasts and the four dragons behind him disappeared.

When everyone was surprised at this operation, Han Sanqian had already stood up. He glanced at Fumei who was lying on the ground: "Next time you dare to bully Yingxia, the shoe on your mouth is no longer as simple as it is in your mouth."

After that, Han Sanqian swept again. Futian kneeling on the ground next to his eyes: "Futian, I have received today's interest. You poisoned my daughter and imprisoned my wife. I will always count it with you. Let's go."

Futian was taken by Han Sanqian. In other words, his face was pale in fright, but when he saw Fu Mang and the others were about to leave with Han Sanqian. He hurriedly stood up, and then rushed to Han Sanqian in a few steps.

"You just left? You forgot what you promised me, and you fooled me again?" How can Futian be reconciled. Being so humiliated by Han Sanqian, he can't get anything, even if he knows that Han Sanqian is not in the past, he can't help it.

Han Sanqian smiled slightly: "What can I do if I play with you? Do you think there is any difference between you and Fumei? In my eyes, you are all dogs, but one male and one female."

Finished. Han Sanqian got up and left.

"Han Sanqian!" Stopped Han Sanqian again, Futian's anger was already burning crazily: "Don't go too far."

Han Sanqian paused and said, "Do I have you too much? You have the fruit of today. I think you know the reason better than anyone else. Also. Don't grin in front of me."

Because you not only can't scare me, but also it will make me feel ridiculous. In my place, you are just a dog that I told you to go east and you dare not go west. "When I

heard this, Futian became angry. If his previous tolerance was for the overall situation, then Han Sanqian refused. There is no overall situation at all.

It's just that when he was about to rush towards Han Sanqian angrily, Han Sanqian smiled slightly: "Help the dog. Don't grin, you go to Wuwuzong tomorrow, and talk to Sanyong about the loan. Now, give it to the Lord. Smile. "

Futian was taken aback, and the anger on his face disappeared suddenly. What does this mean? Means that Han Sanqian promised to help Yeh two families?

Thinking of this, Futian felt happy, but couldn't laugh.

How could this transition of emotions happen so quickly, and, in front of so many people, anger and laughter. This... isn't this ashamed?

But in the next second, under Han Sanqian's frown, Futian still smiled reluctantly.

"Laughing is uglier than crying. With a smile, wrinkles can pinch people to death, so hurry up. Seeing this face is nauseous, I almost vomited out what I just ate." Han Sanqian shook his head deliberately pretending to be disgusting. The Fu Mang people who laughed loudly left in the eyes of everyone's surprise.

Futian froze in place, waiting for Han Sanqian to leave, and slammed a fist on the wall next to him. At this time, Fuye's two family members remembered Fumei who fell on the ground and didn't move at all...

Soon after, Tianhu City Exploded!
