

His True Colors Novel Chapter 2836 - 2837

Chapter 2836

Just when he raised his head and looked at the bride, Fang Kun at this time also obviously spotted George Han sitting outside the temple, with a hint of smile in his eyes and a hint of it. Coldness.

The eyes of the two met, but the sky thunder touched the ground fire, and it was extremely fierce.

After the eyes met, Fang Kun slowly walked into the hall with the bride. Inside the hall, the red carpet went straight through, and the jade tables on both sides were full of people. As the couple entered, there was thunderous applause.

With the help of his family, Fang Biao was seated in the center of the main hall. The Fang family members lined up on both sides, looking at the newcomer who slowly walked in front of him, overjoyed.

Outside the hall, many relatives and friends also surrounded the hall one after another, watching the ceremony happily.

“The so-called good match made by heaven is convenient for today. On behalf of the Fang family, I welcome you all to attend the ceremony of Fang Kun’s son, the son of the Fang family.”

Then, the ceremonial officer glanced at Fang’s watch and motioned for him to speak.

There is no such link in the wedding, but the Fang family has added more, and the purpose is naturally self-evident.

Fang Biao nodded happily, got up slightly, and smiled: “Thank you for participating in Inuzi’s wedding. This not only indicates that Inuzi has grown up, it also means that the old man will also enter the ranks of retirement.”

“The wedding is small, but it can introducing all the friends here is actually a big event, and it is also a blessing to our Fang family. The heroes of all walks of life in this desert world, gathered in Fang’s family, have not seen a glorious scene for thousands of years, which really makes Fang very happy.”

“Especially. Mr. Yi Chai and the four major families have sent important personnel to come, and they have made the Fang family more shining.”

Although it is a speech, it is only the influence of the Xuan Fang family and can invite all kinds of distinguished guests to come.

The named Mr. Chai and the members of the four major families also smiled and nodded in response to the Fang family.

“The Fang family is really style.”

“That’s not the case. The important figures came and the history gathered. What is even more exaggerated is that Mr. Chai, who has not appeared for a long time, also came in person. It is simply a cow to the sky.”

“The Fang family deserves to be the first family.”

Fang Biao The words naturally quickly aroused the whispers below, but this was what the Fang family wanted most.

“But there is another person who really makes the Fang family more radiant, even comparable to the sun and moon. It’s just that he is low-key and doesn’t like the excitement. Therefore, although he attended this wedding, he was unwilling to reveal his identity. In the words of his old man Say, this is not stealing the limelight.” Fang Biao continued to laugh. everyone was talking more and more while looking around. Obviously, everyone knew that the low-key person in Fang Biao’s mouth was referring to the new ice who had never covered his face. God.

But it was also precisely because they had never covered their face, many people searched for it, but they just didn’t know who the Ice God was.

“You don’t have to look for it. Although the Ice God is in the wedding, it is still the same as yesterday.” Fang Biao smiled lightly, and everyone sighed.

After all, with that said, I can’t see the old man of Ice God again.

“Patriarch, the auspicious time has arrived.” The ceremonial officer reminded softly.

Fang Biao nodded, and then bowed to everyone present: “Okay, Fang said it again. On behalf of Fang’s family, Fang once again appreciates everyone’s enthusiasm.” The

voice fell, there was thunderous applause, and Fang Biao also applauded. Zhong slowly returned to his seat. At this time, the ceremonial officer cleared his throat slightly, and said: “Since ancient times, we have met by marriage, inherited the virtues of heaven, gained the bosom of the earth, and led the parents. Therefore, the newcomer becomes Yes, worship the heaven and the earth, thank your parents, and get the beginning and the end, get together for blessing and peace.”

“Everyone, I announce that the wedding has officially begun.”

As the official mandarin was finished, shouting loudly, the band waiting outside the hall followed. It played with joy, and the gongs and drums were loud and lively.

“Wedding happy day for Wing, newcomers listen up, preparing for the wedding!”

“One preparing for the wedding.” I heard shouting, two couples open world worship.

However, Fang Kun did not move, and the bride also stayed in place for a long time.

Suddenly embarrassed on the court, Dong Ju silk had no doubt that if he didn't hurriedly let the bride pay the salute, he might not have good fruit.

Dong Ju hurriedly supported Amelia Su gently with his hands, and whispered anxiously: “Future young lady, bye.”

But Amelia Su didn't respond at all. In desperation, Dong Ju secretly strained her hand to force Amelia Su to bend over.

But just when Amelia Su was about to be forced down,

a loud voice suddenly sounded.

“and many more!”

Chapter 2837

everyone was obviously taken aback, looking back, this wait, it turned out to be what Fang Kun said.

At this time, the bride had been slightly crushed by Dong Ju, but Fang Kun still stood proudly.

“Master, you...” The courtesy officer was puzzled.

Although the bride's movements are slower, it does make the atmosphere somewhat awkward, but the problem is that Young Master Fang stands upright from beginning to end. If he is dissatisfied, it should be the bride. Where can he get him? !

Fang Biao frowned slightly and stared at his son closely. It's about time, but this brute kid suddenly stopped. Why?

Fang Kun didn't move in the wind and rain, and smiled indifferently. Then, he slowly opened his mouth: “Since you are worshiping the sky and the earth, you should bow up to the sky and kneel down on the ground.”

“In this temple, although his feet touch the ground, his head is still on the ground.” If you don't see the sky, what kind of worship?” Fang Kun said with a smile.

When this was said, everyone was stunned. What does this mean?

“I propose that as long as you worship the heaven and the earth, you should worship the heaven and the earth, and move to the outside of the temple.”

Everyone was taken aback. Although they had never seen such a wonderful request, they savored and thought about each other. The reason is truth.

To worship the heaven and the earth, it is natural to worship the heaven and the earth. The absence of heaven in this temple is indeed not a gift of heaven and earth in a certain sense. Thinking of this, everyone was surprised, and they were full of admiration for Fang Gongzi who broke the convention.

“This desert community hero Shaojie the future, the future is immeasurable ah.”

“Yes, conformist who must be around itself, this party for me and other young master’d made a breakthrough.”

“Since ancient times, waves pushed Qianlang, this son, it is gratifying and congratulating.” A

group of people quickly discussed in the audience, but no matter what, they were praised by Fang Kun.

Fang Biao was originally a little surprised and dissatisfied with his son’s words, but after seeing the reaction of everyone in the audience, he couldn’t help but smile.

Having a son is like Fang Kun, who deserves to be his own son.

Even Mr. Chai at this time couldn’t help but say yes, his impression of him began to gradually change in a good direction.

But, does Fang Kun really think so?

Obviously, it is not.

Going out to heaven and earth is just part of his plan. Perhaps even he himself did not expect that he accidentally inserted the willow into the willows, and by coincidence, he won the applause of the whole house.

Maybe this is a person. When everyone thinks that he is right, what he does is right. When he is wrong, what he does is naturally making mistakes. “Okay, the wedding, held outside the hall!” Fang Biao chuckled softly.

It just so happened that the Ice God was also sitting outside. Fang Biao was still worried that the Ice God would not come in. He was embarrassed to ask him knowingly. Fang Kun’s words were righteous, and he could go outside without hesitation. The wedding was held in front of the ice god.

Even though this meeting may not be known to everyone, as long as it is used as a talk in the future, it will still be his family.

With Fang Biao's statement, Fang Kun was secretly pleased. The Fang family's family members and the ceremonial officer began to walk around the guests. After everyone was in place, Fang Biao sat down in front of the main hall of Fang Biao, and Fang Kun was standing in front of Fang Biao's body. , Waiting for the final preparations to be completed, but his eyes turned towards George Han unintentionally.

George Han sat there slightly, a little surprised at the sudden move outside of the wedding, until he heard others discuss the reason, this suddenly realized.

However, unlike Fang Biao, George Han would naturally not believe Fang Biao's nonsense, but for a moment he didn't know what the kid was playing.

Seeing Fang Kun's eyes, George Han greeted him indifferently, without fear.

Fang Kun's small actions were just under Fang Biao's eyelids. Seeing him looking at George Han, Fang Biao himself had a different understanding.

It seems that his son has gotten the hang of it. Even though he didn't explain the true identity of the Ice God to him yesterday, he should have noticed from the attitude of himself and Lao Chai yesterday, plus the sudden disappearance of the Ice God and the sudden appearance of the Ice God. The true identity of the ice god.

After all, my own son is incredibly smart.

But Fang Kun's smart Fangbiao was not wrong, but he missed one of the most important points, that is, when a person's mind is obscured by jealousy and hatred, IQ is often lost with it.

In terms of jealousy and hatred, Fang Kun belongs to a person who is born to be strong.

"Okay, all the guests are ready, the ceremony of worshipping heaven and earth will officially begin."

Just when the two eyes met again, the official over there shouted, and the ceremony restarted.

Fang Kun smiled lightly, retracted his gaze, and waited for the next step from the courtesy officer.

"Worship heaven and earth!" As

soon as the voice fell, Dong Ju hurriedly moved and forced the bride's waist down, but at this moment, the accident happened again.
