Chapter 2998

Then, when the big beautiful woman closed her eyes in fear, she did not feel the attack of George Han's sword intent. She opened half of her eyes and looked at it strangely, but was surprised to find that the sword was coming. However, what faced oneself was not the blade, nor the tip, but the hilt.

She opened her eyes completely and looked at George Han strangely, not knowing what he was doing.

George Han opened his mouth at this moment: "Why don't you kill me?"

"En?" The big beauty was taken aback.

"As long as you don't call it."

Although the place is hidden enough, it can't stand and be quiet enough at night. I have to keep calling like this. I don't know if this big beauty can kill me. Anyway, other people come to the door to kill myself. of.

"You think I dare not." The big beautiful woman said, she took the jade sword, stood up on the spot, and put a sword on George Han's neck.

George Han didn't even dodge or dodge, leaving her to deal with.

"Aren't you hiding?" The big beauty frowned.

"Why do you want to hide?" George Han said: "I sit upright and act upright, what's the reason for hiding?"

"You kissed me, and hand in hand with me..." the big beauty said angrily.

"Do you think I want? If you really die, don't you turn into a ghost to blame me for not being saved?" George Han turned his head to the side, disdainfully.

The big beautiful woman was speechless. Seeing George Han's appearance, she turned her head to one side: "Cut, I would rather die than you touch me." The

two of them are like this, don't go to one side, don't go to the other side. , The conversation came to an end, and the cave was full of embarrassment for a time.

After a while, George Han spoke first: "You still can't kill it? If you don't kill, I will trouble you to put down the sword and keep it on your neck, don't you think it is cold?"

“Also, although your body poison helps You are cleared, but it doesn’t mean there are no remnants. If you get angry, you’d better cut me off at once, or else keep getting angry and get poisoned, don’t blame me.”

Hearing this, the beautiful lady said you, you, and you kept talking. , But the sword in his hand has never used any strength.

“Who is going to kill you?” She gave George Han a blank look, then threw the sword to George Han, and looked around the cave. George Han gave a wry smile, got the jade sword, and took it back.

“Do you live in a place like this?” After the big beautiful woman looked up, Liu Mei frowned slightly.

“The sky is the quilt and the ground is the bed, okay?” George Han smiled softly, then turned and walked to the fire that had not been completely extinguished, and handed some of the baked food to the big beauty: “Your body It’s very empty, eat something to make up for it.” The

big beauty glanced at the food George Han handed over. It can’t be said that the presentation is not good, only that the darkness has become a ball, and even that he is a charcoal. No one will doubt it.

“Is this thing... edible? Will it be poisonous, and poisoned again?” After taking this thing, the big beautiful girl frowned, obviously a little shocked by the black thing.

Not to mention her, even George Han really doubted if he would be poisoned by this food. However, thinking of the pangolin’s hard work all morning, George Han still smiled helplessly: “Don’t worry, you can’t eat people, even if you are poisoned, don’t I help you solve it?”

Hearing this, there is a kind of beautiful woman who has been taken advantage of. Feeling, but this time, she didn’t scream, she lowered her head to look at the dark thing.

After hesitating for a while, her red lips lightly opened, her shell teeth lightly opened, and she still put it in her mouth.

As soon as she entered her mouth, the beautiful face suddenly seemed to be crying. She looked at George Han aggrievedly, and cried: “What are you?”

George Han also happened to have something in his mouth at this time. There is no need for the big beauty to say more, at this time, I also felt an explosion of taste, and directly vomited all the things that had just entered my mouth.

This thing can’t be said to be unpalatable, it is completely inaccessible.

Pooh! What kind of stuff?

Even if this is the kindness of pangolins, George Han is really difficult.

Seeing the appearance of George Han, the big beauty was also very depressed at this time, shook her head and sighed: "I suddenly found out that my sister's words were right."

"Your sister?" George Han wrinkled when she heard this. He frowned, looked back at her, and said strangely: "What's the matter?"

"A long, good-looking man may not be good at everything, at least at the point of cooking, it is completely different from your appearance." After the big beautiful woman finished speaking, her pretty face was overflowing. A strong smile.

Good-looking man cooking is good George Han doesn't know, but at least George Han knows that there is a long man with no clutter, cooking is really clutter.

However, George Han also lazily explained and laughed.

Perhaps after such an episode, the big beauty was in a much better mood. Although it was indeed unpalatable, she watched George Han still eating, and she continued to nibble with something black.

"Hey, weird man, my name is Xia Wei, and you." the big beautiful woman asked.

"The surname is strange, celebrity." George Han replied.

"How can there be such a name?" the big beauty murmured.

"That's not what you called it." George Han smiled bitterly and shook his head: "My name is George Han."

"George Han?" The beautiful girl was stunned for a moment, and then smiled softly without saying a word.

"What's the matter?" George Han frowned.

"Nothing." The big beautiful woman ate with her head down, vaguely seeing that she seemed to be smiling.

"That..." A moment later, the big beauty spoke again: "No matter what you say today, thank you."

Upon hearing this, George Han smiled. In fact, he didn't ask for anything in return. It is enough.

“You’re welcome.” George Han took a bite, then he got up and walked out of the cave.

“Hey, what are you doing.” Seeing George Han go out, the big beauty suddenly panicked and asked hurriedly.

“A big beauty like you, I can’t let you sleep on a stone bed all night, right? I’ll go out and find some hay to spread you out. Besides, the stone bed is grounded. In your physical condition, getting damp is not good for you.” After speaking, George Han got out of the hole.

Looking at the back of George Han leaving, the big beauty Xia Wei turned from worry to joy, smiled lightly, picked up the food in her hand and took a light bite: “You still know Lianxiangxiyu.”

From the cave After going out and having been busy for another half of a circle, George Han finally found some hay and returned. When he returned to the entrance of the cave with the hay, he saw that the pangolin and the evil glutton were still asleep with their eyes closed. He did not intend to wake the two of them. After arranging the sound insulation and concealment of the hole, he returned to the hole holding the hay.

, the pangolin and the evil glutton, who seemed to be asleep, opened their eyes almost at the same time.

Looking into the cave, the pangolin shook his head helplessly, looking at the gluttony of evil and praised it: “Boy, go on the road.”

The gluttony of evil swung its tail slightly, as if responding to the pangolin.

The two of them were away. Although it was obvious that George Han was given space, it was inconvenient for the big beauty to heal them, but in fact they also had the task of guarding them, so when George Han came out, they both woke up a long time ago.

However, in order not to embarrass George Han, they chose to pretend to be asleep!

At this time, George Han who entered the cave was not as sordid as they thought. After taking the hay in, George Han laid a layer of stone bed for Xia Wei.

There is a cloud of medical skills on the fairy island. If moisture comes with all kinds of diseases, you need to isolate it if you want to keep your body healthy.

What’s more, at the moment, Xia Wei has just removed the toxins, so the necessary measures are still needed.

George Han was busy, and Xia Wei was looking at the back, watching George Han being busy and rational, with a faint smile on his face, twitching for a long time, and said: “Where will you sleep?”

“I sleep Outside.” George Han said.

Hearing this, Xia Wei grumbled, but she quickly took out a bag of powder from her bag, and while George Han was not paying attention, she gently sprinkled it on the cooked meat. superior.

After that, she handed it to George Han: "Now, don't say I'm not polite, you saved me, please eat this piece of meat."

George Han took the meat she handed over and looked at it strangely. She glanced.

"What? I'm afraid I will poison you to death." She said defiantly.

George Han smiled and threw the meat into his mouth casually, turned around and walked out of the cave.

It's just that George Han stopped suddenly after taking a step...
