## Chapter 3006

“Have you heard of a rumor?” Pangolin said.

“What is the rumor?”

“Long gave birth to nine sons!”

George Han nodded, and said: “The so-called dragon gives birth to nine sons, it refers to the prisoner ox, Juxuan, mocking the wind, Pu Lao, 狻猊, Ba Xia, 狴犴, Negative, Chi kisses the nine beasts.” The

pangolin nodded: “The nine sons look different, their abilities are different, and their preferences are also different, and the body attributes are also biased. However, this does not hinder the prestige of the nine sons, for generations. They are all regarded as gods to suppress all evils, which is the best explanation.”

“So, since ancient times, the power of the dragon has been known to everyone.”

“The Phoenix clan, along with the dragon, has the power of nine sons. The phoenix also has nine chicks, the peacock, the roc, the fire phoenix, the golden phoenix, the blue luan, the snowy owl, the Baiming, the blue mallard and the wind.”

“The nine chicks of the phoenix are not inferior to the nine sons of the dragon. Therefore, how strong is the inheritance of the dragon clan, and how strong is the inheritance of the Phoenix clan.”

“Relying on the blood of the dragon clan, the nine children of the dragon clan can be extraordinary, and the phoenix clan relying on the blood of the phoenix clan can also look at the world. The bloodline, is it strong?”

“The daughter of the phoenix is the incarnation of the ancestral phoenix after the fall. Because of the purest phoenix bloodline, there have been legends since ancient times, saying that the daughters of the phoenix are all beautiful and very beautiful, just like a fairy descending to the earth. .” “

more importantly, Phoenix blood powerful, anyone who gets the Phoenix woman can not only enjoy the beauty and body structure different mortals get Phoenix woman, more importantly, he can also get the Phoenix blood “

The blood of the phoenix can make people rebirth from the ashes, so, to a certain extent, those who get the blood will have the same phoenix, and they can live on.”

George Han nodded abruptly. According to this, he understood why the seal of the earth was nothing, because it was able to be reborn once, even if the body was bombed into scum, and the soul was broken up, but As long as there is a trace of immortality, Nirvana can be revived.

“What’s more against the sky?”

“The power of the phoenix.” The pangolin said: “However, no one knows what the power of the phoenix is.” George Han frowned slightly, what does this mean?

“The phoenix is a female, and the phoenix is a male, but every person in the phoenix legend is a woman. If you want to gain the power of the phoenix, unless...”

“Unless the phoenix fits together?” George Han frowned.

The pangolin nodded: “The power of the phoenix is infinite, but the female is the mainstay of the birds, and the male is the secondary, so since ancient times, you have heard of the phoenix and you have not seen the phoenix. The female body is the basic of the Phoenix family, and the man is excluded. .” “

If you’ve got the heart of Phoenix woman, in fact, no matter what kind of man can become the Phoenix family Phoenix nominal, which is why Phoenix also has nine sons said, and different looks. “

Han three thousand regarded generally understand However, this is also precisely because the daughter of the Phoenix can be combined with any man, it means that there should be many men in this world who have been with the daughter of the Phoenix, otherwise, the Phoenix family would have been cut off long ago.

Then since there is inheritance, there must be integration. After they merge, they should know the power of the phoenix. Why did they become the mouth of a pangolin before anyone knew it?

Hearing this question, the pangolin smiled slightly: “Because the mission of the daughter of the Phoenix is to inherit.”

“What does this mean?”

“Although there have been rumors that the initial Phoenix will reincarnate in the world with its true Phoenix power, but Over the years, it seems that I have never heard of anyone who has met, and more people think that this is a kind of gimmick that the Phoenix family deliberately put in order to attract men.”

“Fortunately, such a rumor is always a huge temptation. In addition, the daughter of the Phoenix itself has a proud appearance and figure, and is more different from the body structure of ordinary women. Therefore, many men still follow suit and shine for the reproduction of the Phoenix family.”

“But it also buried the Phoenix family. A huge hidden danger.” The pangolin said.

“Hidden danger?” George Han frowned.

“Yes.” The pangolin looked at George Han and said sternly: “And this hidden danger is also related to you.”

“Me?” George Han was dumbfounded.

## Chapter 3007

“Don’t you think there is a strange point in this matter?”

“According to what I said, the Phoenix family is not at least prosperous, but it is not so nearly extinct as it is now. Forgetting has become a kind of legend, right?” Pangolin said.

George Han nodded, but he is not too strange. Everyone may want to get the power of the Phoenix, but in fact, the true daughter of the Phoenix is just a gimmick. This huge psychological gap may not be acceptable to everyone. ?

The pangolin nodded: “Human nature is ugly. When I find that my daughter of the Phoenix is only a Phoenix woman, and not a Phoenix woman with the power of the Phoenix, we can imagine the loss in my heart. Many rumors are seen by the Phoenix tribe. In the end, the men in the tribe were forced into chaos. They were full of selfish desires, and found the true daughter of the Phoenix when they were combined.”

“But these are only one aspect, because there are always upright people in this world. What really caused them to wither was the extremely cruel elimination rules in the Phoenix family.”

“Because the beauty of the Phoenix is unique in the world, without the ability of the original Phoenix, the Phoenix family is unable to give birth to nine children with different appearances, so it is to preserve the purity of the blood. If the children do not have the beauty of their parents, the children will die, and the parents will die.”

“In this way, although the Phoenix people are getting more and more beautiful in their years, their numbers have slowly turned into a legend, some even say They are already extinct.”

“What does this have to do with me?”

“It’s a big deal.” The pangolin said: “If you say that the two sisters Xia Wei are really the daughters of the Phoenix, then since we entered the source of peach, we will I have almost only seen them two sisters, right?”

George Han nodded, indeed he has never seen anyone else here.

“They are sisters. This proves that the two of them were born from the same mother, and there are only two of them left in the Phoenix tribe in this world. These two are linked together, what do you think of.”

George Han frowned when he heard this, “You mean, they are the only descendants of the Phoenix people?” was

originally the only two, but because of the relationship between sisters, it can also be regarded as a single pass, becoming the only one.

“Exactly.” The pangolin nodded: “If they are the only one, it also means that the reincarnation of the Phoenix family may have reached the end.”

“Phoenix Nirvana, the end is the starting point.”

“So, of the two sisters, it must be. One person may really have the power of the phoenix from the original phoenix in the legend.”

“You said, does this have anything to do with you?”

Looking at the rare seriousness of pangolins and his rational analysis, George Han was shocked at this time. ‘S stunned in place.

In contact with Xia Wei, although her technique was holding her feet, under the guidance of George Han, she instantly repelled the black and white Shuangsha, which shows that her inner foundation is very strong.

Who would be in this situation?

Obviously, it will only be a very talented person, like the little princess of a unicorn!

In addition, Xia Ran, being Xia Wei’s sister, the actual master, logically speaking, no matter the cultivation level or the discipline, it must be far above Xia Wei.

However, Xia Ran asked herself to find Xia Wei for the answer when it came to lifting the seal of her own land. From a common sense, this shouldn’t be the case.

Because this is the opposite.

“Also, although Xia Ran is beautiful, Xia Wei is beautiful indescribable, and anyone will never forget it when he sees it. If breathtaking is an adjective for beauty, then in Xia Wei it is a verb. , She can really hook your heart and soul away, so that you will always remember her forever.”

“The beauty of the phoenix, she deserves it.”

“So, George Han, now do you know why I scold you shit? You have been lucky enough to meet the Phoenix daughter, and it’s possible that your damn thing happened to be

born out of this world, a few hundred For thousands of years, people have been desperate for the daughter of the true phoenix with the power of the phoenix!" The pangolin said with great depression.

What? !

George Han opened his pupils in shock and looked at the pangolin incredible.

"Fuck you, the more I talk about it, the more annoyed I will be. I must beat you up first."
