Chapter 3046

Xia Wei suddenly stood up nervously: "Sister..."

"No...Isn't it George Han what's wrong?" The

pangolin also stood anxiously at this time. When he got up, Xia Ran's expression was so serious, it was obvious that the situation seemed to be wrong.

Xia Ran didn't speak, frowning and wondering what she was thinking. After a while, she pushed George Han's body up and slapped him directly on the back with a palm.

With this shot, Xia Ran's brows tightened, almost locked together.

"How could this be?" Xia Ran murmured.

"Sister!" Xia Wei was even more worried, tears rolling in her eyes anxiously.

Hearing that his sister was crying, Xia Ran recovered, put George Han back on the bed, looked at George Han, and said, "He won't die."

Xia Wei looked at Xia Ran tightly. , Obviously I don't believe it. After all, Xia Ran's reaction just now...

"Since I was little, when did my sister lie to you?"

"It's just...just just now..."

"Don't worry, after taking so many pills of Phoenix Island, Not only can he not die, but he is also alive and kicking." When the

words fell, she squeezed with two fingers, driving Si Jin Neng, volleyed from George Han's feet all the way to her forehead, and then slightly closed her hands and turned to face. Walked outside the house.

Almost at the same time Xia Ran stepped out, George Han also let out a soft cough and slowly opened his eyes.

Xia Wei bounced from the seat with a bang, but because of too much force, pulling on the wound, Liu's eyebrows wrinkled slightly, and the pangolin at this time had already rushed to George Han's side.

"Three thousand, are you awake?"

Seeing George Han sober, the pangolin was both excited and happy, and squatted beside George Han at a loss.

“Where is this?” George Han looked back at the roof, but he was very strange.

“You are too injured and unconscious. Fortunately, Xia Wei asked her sister for help. Last night, the heavy snow covered your body to prevent the injury from spreading. Today, I used the pill to save you.” Pangolin said.

“Xia Wei?” When George Han heard the name, he couldn’t help feeling a little guilty. When he turned back, he saw Xia Wei forcefully endure the pain and walked slowly with a smile. Thank you.” Looking at Xia Wei, George Han also squeezed a smile, thanking him.

“You are welcome, Brother Three Thousand, besides, it was my sister who injured you, so it is right to save you.”

“Your sister was not at fault for hurting me. It was George Han who was sorry for you.” George Han is sorry. The way.

“No, no, Brother Three Thousand...”

“It’s alright.” The pangolin interrupted the two and said depressedly: “What are you fighting for? If you are really sorry, then I’m sorry. “The

two glared at the shameless guy almost at the same time, then turned to each other and smiled.

“By the way, Big Brother George Han, my sister just fed you a lot of miraculous medicine, how are you feeling now?” The atmosphere improved, and Xia Wei quickly asked about George Han’s situation.

The pangolin also nodded: “Yeah, George Han, how are you feeling now? Damn, that eight-woman just now... No, that Xia Ran was looking at your body, but she looked around and frowned but didn’t say a word. Just leave like this, there is no problem, right?” After

speaking, the pangolin even dragged George Han’s body to look left and right, for fear that there was something wrong with his appearance.

Hearing the words of the two of them, George Han felt his body a little, and immediately frowned.

“Isn’t it?” George Han murmured.

At this moment, the pangolin and Xia Wei really stared at each other.

One is so, so are the two. How can we not surprise people? !

“Damn, George Han,

what’s wrong with you ? You said, don’t be the same as that eight-woman.”

“Yeah, George Han brother, we are very worried about you, what’s going on with you, tell us what.”

George Han’s eyes were still wrinkled. After a while, he turned his eyes back, looking at the two people who were looking at him, and finally recovered.

“

Yes ... a bit bizarre.” “Huh?” The two looked at each other, making them even more dumbfounded.

“I don’t know how to tell you, you follow me.”

Chapter 3047

when the

words came down, George Han had already stood up directly from the stone bed, and then quickly walked towards the outside of the stone house.

Pangolin and Xia Wei glanced at each other, and quickly followed out, wondering what George Han was up to.

At this time, George Han stood at the door, gently raised his hand, and looked at his palm, with a trace of doubt in his eyes.

The next second, he strode suddenly, and his hand moved suddenly.

Seeing this, even a fool knew what George Han wanted to do at this time. The pangolin yelled and wanted to stop it. Xia Wei next to him was also very anxious, but the two who reflected at this time were obviously already slow. NS.

When the words reached his throat, George Han already pushed.

“Bang!” In the

distance, only a loud noise was heard, and a stone broke.

The pangolin and Xia Wei who had just rushed to George Han’s side were stunned.

Hasn’t George Han been hit by the seal of the earth?

He hurriedly issued a spell, is he trying to find death?

The two turned their heads simultaneously and looked at George Han beside him, not knowing why he did this.

Even if you want to explain, just talk with that mouth. What do you want to do in this way? His body recovered, but his brain didn't keep up?

Seeing the expressions of the two of them, George Han did not hesitate. Taking advantage of the dumbfoundedness of the two of them, he raised his left hand again, and suddenly a big rock in the distance flew with the flow, and with a loud noise, the big rock was in harmony again. In addition, the stones on the ground smashed into one place.

The pangolin couldn't help it anymore, and held down George Han's hand: "Are you crazy?"

George Han looked at the pangolin and shook his head: "I know you would say that, but if I tell you, I feel that the seal of the earth in my body has suddenly disappeared?"

"The seal of the earth has suddenly disappeared?" The pangolin was taken aback for a moment. After returning to God in the next second, he looked at George Han suddenly and seriously: "What did you say?"

"The seal of the earth is equivalent to some kind of curse. It is impossible to be eliminated so easily. It is almost accompanied by a person. For a lifetime, how could..." Xia Wei also frowned.

"I also know that you don't believe it, but I don't believe it either. That's why I simply used the most direct method to prove the current situation." George Han said pangolin Han looked at three thousand, wondering: "? Well, now you really do not have to feel the seal"

. "Has been released twice in a row, it does not feel"

listen When George Han replied in the affirmative, after a moment of silence, the pangolin slowly smiled: "Damn, is it true that the old saying is good, if you don't die in a catastrophe, there must be a blessing?"

George Han did not answer, nor did he know how to explain the current situation.

"Perhaps, it was the pills that Xia Ran gave you that worked." The pangolin thought for a while. I am afraid that this possibility is the only explanation.

Xia Wei shook her head: "The elder sister fed the three thousand eldest brothers. Although they are all top-notch elixir of the Phoenix clan, as my elder sister said, most of these elixirs are healing medicines or medicines for strengthening the body. Although it is still a rare treasure, it should not have any help in removing the seal."

“But if it weren’t for the pill, then now George Han can’t feel the seal, what’s the matter?”
The pangolin frowned.

Xia Wei shook her head. She didn’t know about this either.

“Maybe, I should ask my sister.” The

pangolin slapped his head and looked at George Han: “Yes, didn’t I tell you? Xia Ran kept frowning after examining your body. She was very worried and shocked. She had such a reaction, maybe she knew something, or let’s ask her.”

George Han nodded, although he really can’t feel the seal of the earth, but this After all, things are important and will even affect oneself in the future. It is naturally a good thing to be able to ask clearly.

“Where did your sister go?” George Han asked.

Xia Wei only said a word, come with me, and then hurried to a certain direction in the backyard. Pangolin and George Han looked at each other and quickly followed...
