## Chapter 3048

I searched for the room and knocked on the door for a long time, but there was no response in Xia Ran's room.

Just when George Han and the pangolin were confused about where Xia Ran had gone, Xia Wei turned and hurried towards the row of houses on the west side of the backyard.

Then she stopped in front of the middle house, did not knock on the door, just said softly: "Sister." There was

no light in the house. If Xia Wei had not come here, George Han didn't think there would be anyone inside. .

"Come in." There

was a calm response in the room soon.

Xia Wei nodded lightly, and walked to the door with George Han, and then gently pushed the door. As the wooden door creaked, the scene in the room appeared before the eyes of several people.

Although the room is a bit dim, the furnishings in the room are faintly visible.

There is a sacred table covered by a red cloth on the table. There are two stone statues enshrined on the table. The center is gold and the sides are silver. The two bodies are like people standing, but the head is a phoenix and the back is winged. It looks straight ahead and looks aloof.

There are also four statues on the left and right sides. Although there is no gold or silver body, it is better than the exquisite carving, which is lifelike and mighty.

Xia Ran was sitting on the kneeling blanket in front of the two idols, frowning slightly, as if thinking about something.

Seeing a few people coming in, she regained her senses slightly, saying: "This is the ancestral hall of the Suzaku clan, and the people who worship are the ancestors of the Phoenix."

George Han and the pangolin nodded when they heard the words, the golden body is the initial phoenix, and the silver body is the golden phoenix. , There are eight other young phoenixes on the left and right. The two have met in Shuiyuedongtian, and they know each other naturally. They quickly bent over and bowed to the two golden and silver statues in the center, and then toward both sides. The elephant said bye bye.

“Sister, I...”

Xia Wei just wanted to speak, but Xia Ran stretched out her hand but interrupted Xia Wei’s words. She raised her head slightly and looked at the statue of the ancestor: “I know what you want to ask.”

After speaking, Xia Ran moved her hand, and she was immediately at her feet. The coins appeared in front of everyone in a row.

Divination? !

It looks like this, but if it is a divination, it doesn’t seem to be the same, because the three copper coins at this time are almost all set up in an unbelievable way.

What kind of divination is this? !

Xia Wei frowned: “Tianzi Yixian Gua?” Xia Ran nodded: “Yes.” Then, she smiled bitterly: “After an accident happened to George Han’s body, I hurried to the ancestral hall for divination. Get an explanation there.”

“But...”

After speaking, she sighed and shook her head.

Xia Wei is muran, how could this be? !

“What does this hexagram mean?” George Han frowned slightly, and couldn’t help but curiosity.

Xia Ran didn’t speak, glanced at Xia Wei, and obviously motioned for her to explain. Xia Wei nodded, looked at George Han, and said: “The Phoenix Heaven and Earth Hexa is a special divination of the Phoenix family. It can know the destiny and predict the future. , Can check the past, a total of sixty-four hexagrams, hexagrams are all-encompassing.”

“The first-line hexagram of the word sky is in the Phoenix Tiandi hexagram, but not the special hexagram of the sixty-four hexagrams.”

“The body is in the Phoenix Tiandi hexagram. , But not in sixty-four hexagrams!” The pangolin frowned

and looked strange: “This is too weird, right? What does this hexagram represent?” ‘Sister, it seems that she is reluctant to continue talking.

The two looked at Xia Ran stupidly again, and Xia Ran sighed: “How can I say something that even my sister, who has always been free, can’t say?”

“Let’s talk about your injury. “Xia Ran finished speaking and looked at George Han: “Your seal of the earth has not really been lifted. It is just that some of the wonders in the hexagram have temporarily suppressed it. This process will not last too long, so, If you think you are okay now, then the seal of the earth that comes at any time is likely to cost you your life.”

“The seal has not been lifted?” The pangolin frowned.

Xia Ran nodded: “Yes, so you don’t have to be too happy, it’s just a hexagram technique, I can’t talk to you in detail.”

After speaking, Xia Ran looked at George Han and said, “But there are some words in the hexagram, I can tell you simply, would you like to listen?”

Before George Han could speak, Xia Ran smiled bitterly to herself, and said: “Although, I don’t want to tell you, but the meaning of the hexagram is hard to violate the destiny.”

George Han frowned, and there was still something to say?

## Chapter 3049

grandma, George Han suddenly had an unknown premonition in her heart. Should Xia Ran let herself marry Xia Wei under the name of some hexagram, right?

One move was bitten by a snake, ten years afraid of straw ropes, George Han had to be careful when he was on this.

However, the secrets that the Gua of Destiny did not allow to say, and some of the things that could be said, really attracted me deeply.

Seeing Xia Ran looking at the pangolin, George Han nodded: “He is my good brother, he can be trusted.”

Xia Ran nodded, but did not say to George Han, but turned to look at him. Xia Wei, who was on the side, walked over quietly a few steps, and a white token appeared in her hand with a slight movement, pulling up Xia Wei’s hand, she handed the white token to Xia Wei’s On hand.

“From childhood to adulthood, our two sisters are dependent on life and death. You are lively by nature, simple and kind-hearted, so my sister must take care of you.”

“However, although you and I are sisters, they are not the same fate. Your fate. In accordance with the order, it should be the heaven and the earth, and today is the moment when heaven and earth separate.”

“From today on, this token that symbolizes the patriarch of the Phoenix clan will be formally handed over to you, and you will formally become The new patriarch of the Phoenix clan, and the true master of Taoyuan from now on.”

Faced with this sudden situation, Xia Wei was obviously at a loss and shook her head desperately: “Sister, what are you doing? Taoyuan has always been. You are taking care of it. Are you angry with me?”

“Vir, people will always grow up, I believe you are willing to grow up too, because this is related to many things next to you, so you don’t have to be anxious Reject.”

“Remember, the token is very important. It not only symbolizes the status of the Phoenix family, but also represents the source of Taoyuan and even the entire Phoenix family, so be sure to keep it safe.”

Then, she looked back at George Han, and walked a few steps in front of George Han. With a move in her hand, a small red bottle appeared in her hand: “This is the Phoenix Sky Fire Pill, the best of the Phoenix family. One of the secret magical medicines is generally only passed to the patriarch of the Phoenix clan. There are nine in it. For thousands of years, the Phoenix clan has only used it once before a life-threatening crisis. I will hand in all the remaining eight. In your hands.” “Remember, although part of the power of the Phoenix can be obtained for a short time with the help of the Phoenix Skyfire Pill, the way of heaven is good for reincarnation, and everything is good and bad. I don’t know what side effects it will bring afterwards. , You

use it with caution.” After speaking, she put it in George Han’s hands.

Then, without waiting for George Han’s consent, she took out another book and handed it to George Han: “This is the Phoenix Heart Sutra. It is a secret technique used by the Phoenix family to cultivate the power of the Phoenix. I think you have a method. You can call electricity to draw fire. This Heart Sutra may be able to draw fire for you even further.”

“However, the method is profound and difficult to understand. The Heart Sutra has nine levels, passed down from the ancestors, and the highest is only up to the sixth level. How many levels can you practice? It depends on your good fortune.

“Finally, it’s this box. “As she said, she took out a jewellery box about the size of a palm in her hand: “This is a Phoenix blood box. “

Since ancient times, the Phoenix tribe has something to say. Although the blood box is small, those who see it are often like a phoenix spreading its wings, shaking the world with a cry. However, the blood box is protected by secret text, and if you open it rashly, it will be swallowed by the blood box, and you will not die. “

So, I don’t know its specific mystery. The only thing I can tell you is that the Heart of Golden Phoenix may be helpful to open the blood box.” “

Speaking of this, George Han suddenly remembered, and hurriedly took out the heart of Jinfeng to return it to Xia Ran. After taking it before, he never had a chance to return it to her.

Xia Ran shook his head gently . “The lord of things in this world is not owned by whoever owns them, especially this spiritual thing, even if you understand it, you will have it. “

Since only you can see it through, then you stay by your side to learn more about it. The so-called so-called private arrangements and fixed numbers in the past, this is the case.  
“

George Han frowned: “But...well, even if I accept the Phoenix Heart, then these things...”

These are Phoenix’s treasures, how can George Han want them?

“These are not Xia Wei’s dowry gifts. You can accept it with confidence. Its function is because the language in the hexagram supplements some of your requirements.”

“Huh?” George Han said in a daze.
