Chapter 3054

“What is he laughing at?” The leader looked at George Han strangely.

“Just slapped him stupid?”

Several subordinates finished speaking, each looking at George Han, full of pointing and disdain.

Not only are they stupid, even Xia Wei, who was already nervous and in a defensive posture, is also a little stupid. Looking at the pangolin, her beautiful eyes are full of questions. What is he doing?

The pangolin rolled his eyes helplessly, and shrugged: “I’m not the roundworm in that guy’s stomach. The ghost knows what happened to him suddenly. But, judging by the judgment that I have been with this kid for so long, it should be this group of guys. I have a hard time to eat.”

“Huh?” Xia Wei was even more dazed. She was kicked and injured more than a pangolin just now. This would actually be... unexpectedly emboldened to say that others have suffered.

Even though everyone was in the same group, Xia Wei couldn’t help but want to complain.

However, just at this moment, George Han suddenly stopped laughing. Then, he looked fiercely serious, raised his hand and slapped it directly on his chest, and suddenly blood spurted.

At this moment, everyone including Xia Wei looked stupid. Is this the so-called counterattack? Is this the so-called suffering for others?

No matter how you look at it, it seems like self-harm, is it possible that he wants to frighten the opponent in this way? In order to achieve the goal of killing one hundred enemies and wounding oneself

several million?

This is too amazing, right?

For Xia Wei, does the so-called Jianghu play like this?

While everyone opened their mouths wide in surprise, George Han suddenly grasped the blood-stained sand, and then threw it at the group of people.

A group of brawny men subconsciously stretched out their hands and blocked them, but the sand that had been thought to be incomparable, once they touched their bodies, they suddenly felt a sharp sting.

Many people burned their clothes on the spot, ate their insides, yelling in pain, and after the leader blocked the sand, they looked down at their hands, and left a thumb on the arm where the sand was originally blocked. Large and small pits, skin and blood were corroded into incomparable black liquid slowly flowing down.

This guy, what is this? looking for a cold, between looked up and saw three thousand Han Xia Wei has been with pangolin and ran toward the mountain.

The leader yelled angrily: "Catch me." In the

next second, a few people were ill-fated and chased away quickly.

Although George Han had already ran a long distance at this time, he was out of luck. Even if he was dragged by pangolin and Xia Wei, his speed was not fast, and it also affected the speed of the two.

When it was still some distance away from the foot of the mountain, as the leader shouted, a black shadow flew over the heads of the three of them and landed in front of them.

"Insidious Rats, do you only have this skill?" The leader turned around, with a murderous expression on his face, looking at George Han and three people coldly and disdainfully.

"Grandpa knows a lot, but I'm afraid you can't stand it." George Han replied coldly, shielding the two behind him.

"Just rely on you?" The leader raised his head and laughed: "Even if you want someone to take you when you run away, do you dare to brag in front of Lao Tzu?" The

words fell, behind George Han, those subordinates He also rushed over and slapped the three of them back and forth.

"Bringing?" The pangolin was dissatisfied with a cold voice: "I need to brag with you? Know why Youming City is gone? Know how he killed the King of Youming? Do you want to try it again?"

Hearing George Han's words, I have fought with each other just now, and the pangolins know that they are not opponents at all, so following George Han's words, they tried to scare these guys back through this kind of coercion.

The leader frowned slightly: "So, you are the one who killed the King of Youming by the caravan from the Su Family?"

“What? Are you afraid?”

“Afraid?” The leader laughed, “Oh my. Mom, I’m really scared to death!”

When the words fell, there was a sudden movement in his hand, and a ray of light energy in his hand rushed straight towards the sky, and then burst in mid-air. At the same time, there was a loud noise and a huge light was emitted.

Immediately afterwards, he looked at George Han and three people coldly, and said: “The next step is just a guess. It’s better if you admit it. I can find you all day and night in this mountain!”

“What? !” The three were shocked.

finished speaking, the whole person showed a grinning evil smile. He could not find a place to step through the iron shoes, and got his mother’s all-out effort. After he realized that there was a situation here, the thirteenth master took As they rushed to the starry night, they arrived in a surprise attack.

After finding the cave, a group of people thought that there would be something to gain, but they emptied it.

However, after seeing a lot of life in the cave, especially the fire in the cave, there is still residual temperature. The thirteenth master decided that the person was not far away, and immediately sent people to thoroughly search the seven mountains, including the surroundings. .

This day and night basically passed, and they were completely wondering why this group of people suddenly disappeared, and they were about to retreat back on their way, but they unexpectedly saw the three suddenly appearing.

Among the three is a human race, plus the strange appearance, and it is easy to connect with the disappearance out of thin air at the beginning, and this leader feels faintly wrong.

With the mentality of Ning Shao not letting it go, he didn’t know that the blind cat had run into a dead mouse.

A group of people behind him also smiled coldly at this time. This time must be a great achievement. If it is good, not only will there be a reward of tens of millions, but an official will be added. The most important thing is that the girl next to this guy is very good. It’s just right.

If you are lucky, it is also a great joy in life to be able to pick up and wear shoes for meritorious service.

“Who are you from? Youming City?” Seeing that the other party was not afraid, but even more arrogant that he came to them, the pangolin couldn’t help but frown.

“Who are Lao Tzu, naturally you are not in your control. If you really want to know, just keep this tone and ask the Hades after meeting our boss.” When the

words fell, he roared and started with a big hand. With a wave, directly leading his brother is a flanking attack.

“Pangolin, take Xia Wei first.” George Han shouted angrily, patted his chest on the spot, spouted a mouthful of blood, held it in his hand, and stood straight up holding the jade sword.

A group of people were frightened and hurried to a halt. After all, the fine sand that George Han had just thrown in, still had a lingering fear at this meeting.

“No, let’s go together.” The pangolin shook his head resolutely. He didn’t say anything before, after all, George Han was capable of that. Even if you go first, it is not to hinder him. But it was different now. George Han was hit by the seal of the earth and left him rashly. In fact, it was no different from asking him to die.

“If you want to go, take Xia Wei away. Whenever you are in danger, you will be a fucking hero. It’s my turn, right?” The pangolin snorted coldly and walked to George Han’s side.

George Han knew that pangolins didn’t want to be a hero at all, they just wanted to protect themselves with him.

“I’m already very happy that you have this heart, but I can’t get out of here with Xia Wei at all. Only if you take him can it be possible, hurry up.” George Han said anxiously.

“She is based on you. I will take her away. What’s the point of you not going out? Don’t forget, you still have a lot to do.”

“I will try to hold them down and go.” Pangolin Resolutely shook his head.

“Or, should I give Brother Three Thousand some blood?” Xia Wei said.

“No.”

Almost at the same time, both of them blurted out, frightening Xia Wei abruptly.

Xia Wei is still injured. If she bleeds heavily at this time, the injury to her will be almost fatal. Not to mention George Han, even the pangolin has never thought of this method.

“Don’t fucking want anyone to leave, brothers, give it to me, I see how much blood he can’t finish.” The leader saw the three people discussing about leaving, and immediately yelled, and he would treat Han three thousand blood. Throwing aside his scruples, he shot in with a knife.

Seeing this, the other brothers quickly killed them.

As he expected, as they raised their swords to kill, after George Han killed a brother with a drop of blood, he wanted to replicate the same tactics but was already entangled by the leader, except that he was repeatedly defeated and wounded. , There is no other way.

The pangolin was also under the siege of everyone, only lingering and panting. Seeing him fall to the ground, a group of people were about to pounce on Xia Wei. At this time, suddenly, the world suddenly turned blood red...
