

His True Colors Novel Chapter 3058 - 3059

Chapter 3058

“The evil glutton has become what it is now because of the egg in its mouth. As far as it is concerned, the egg is more valuable than its life. So, George Han, don’t blame me for not reminding you. , Except you, it is best not to let anyone touch or approach its eggs, so as not to cause unnecessary danger.” Xia Ran said.

“Damn!” George Han was taken aback, staring blankly at the gluttony of evil.

What a mess.

Will the evil glutton become what it is now for an egg? This is too impossible, right?

Although the evil glutton is indeed greedy and can do whatever it takes to eat, it is precisely because of its character that it is impossible to pay too much for a small egg.

Because for it, there is no exquisite food, there is only a large amount of food, if you say that this guy pays for food of the size of the King of Youming, this George Han believes.

“Damn, is this male or female?”

Just when George Han couldn’t think of his sister, the pangolin on the side inserted a sentence that made George Han confused.

What does he mean by this?

Means this is the egg laid by the evil glutton?

After contacting Xia and then half a paragraph, there is indeed such a possibility.

But for George Han, it was too ridiculous: “You leave me alone.”

“Miscellaneous?” The pangolin said depressed.

“Where did you take it?” George Han was very damn frustrated, and his entire mind was completely muddled. He didn’t even want to answer the question of whether the evil glutton was a male or a female.

Because it is obvious that whether it is male or female, it is always gluttonous.

Gluttonous, this is also a mammal, and this kind of thing like an egg is really eight poles and it can’t be beaten together.

“The source of peach.” Pangolin said.

“What then?” The

pangolin thought for a while, a little guilty: “Waiting for you, this guy is hungry, I will take him to Taoyuan to find something to eat, but suddenly there was a call in Taoyuan, and the sound seemed to be The sound of the chicken

, the pangolin flew over.” “I thought it caught a living thing and ate it, but when I arrived...” Speaking of this, the pangolin mumbled a bit.

George Han stared at him tightly, waiting for his next words. “that there is only a bird, like a non-chicken chicken, bird-like and non-birds, although size than the then small gluttonous evil, but on the whole there is quite enormous.”

“That Bird There are a lot of peaches and other things in the nest, and the evil gluttons are deliciously eaten in it. I came back and asked Miss Xia Ran. She said that it was the forest bird at the source of their peaches. I saw it played in the nest. It’s fun, no matter what you eat, just...” At this point, the pangolin lowered his head.

At this point, George Han thought that he might finally figure out why the egg exists, and the question about the male and female pangolin.

He even understood the root reason why the evil glutton was made N times thinner for the sake of an egg.

“I don’t know if the evil glutton is a beast, but the pangolin, you are really a beast.” The pangolin cast a blank glance at the pangolin speechlessly.

It seems that the Evil Gourmet is likely to be a father, and this egg may have been laid by it and that bird, not a bird, and a chicken not a chicken.

This can also explain everything in it.

I made a damn thing and went to Taoyuan. I almost became a bridegroom and stopped talking. I didn’t expect to connect the evil gluttons together...

“So, this is really...” George Han thought. There is an answer, but she still looks at Xia Ran, after all, her approval is the real conclusion.

Xia Ran nodded with a smile, and the answer was ready to come out.

George Han covered his forehead with his hands, and his face was sweating. What’s the matter? It turns out that the real reason for the gluttonous gluttony is ten times thinner...that is a four-character idiom that kills everything.

George Han was a little bit dumbfounded. He really didn’t know whether he should cry or laugh because of this. It was so outrageous.

I don’t even know whether I am worthy of the master who handed it over to me...

Glancing at the evil gluttony, this guy also looked at himself eagerly, and George Han couldn’t even laugh or cry.

Xia Ran was also amused by George Han’s helpless appearance, and forbearing his smile, looked at George Han, and said: “Yes, there is one more thing, I want to remind you.”

George Han nodded depressed, what’s the point? I’m done, my heart can’t bear it...

this...it’s too fucking damn fucking.

Chapter 3059

“Evil Gourmet is very weak at the moment, and you need to take more care. In addition, it is an egg, but it was just conceived, and it is in urgent need of nutritional supplement.”

“So, Evil Gourmet may not help you. , It may even add a double burden to you.”

“However, you still have to take good care of this egg, because it is the most important thing for the gluttony of evil, and it is also the source of my peach I am the only offspring of the Taoyuan Forest Bird.”

“You must promise me that you will defend its safety until it is born in this world. In other words, its importance must be no less than my sister in you. “

Is it possible?”

George Han said in a speechless voice with a sweaty waterfall, “Don’t worry, the evil glutton saved me. Naturally, I will treat his offspring as my offspring.”

“That’s great.” Xia Ran smiled softly: “Then I wish you all the best, I should go back.” After

Xia Ran finished speaking, she turned around and gently patted Xia Wei who was reluctant to give up. The next second, her body moved like a phoenix. Like a bird, it flew straight to the sky, and gradually disappeared from the sight of the three of them.

“Fuck!” As soon as Xia Ran left, George Han stared at the pangolin fiercely. This is the fact that his mother’s deviance from the big spectrum, inexplicably, he gave the evil glutton a daughter-in-law, and then Also “unmarried” gave birth to such a thing.

It’s really funny and angry!

Originally, we were expecting the evil glutton to protect the integrity of the three of them. Now it’s fine. Not only can it not help, but it has to take care of the two father and son in turn.

George Han is really... the

pangolin helplessly spread his hands: “I thought it had a companion, and it could eat a little bit, and it was easy and comfortable. Who knew they were so fierce and skinny, not even a baby? “

“Are you so embarrassed to say?” George Han said speechlessly.

The pangolin shook his head, chuckled his mouth twice, and said strangely: “But, why do we have a baby? I said George Han, don’t we have to help hatch the eggs, right?”

Speaking of this, this guy suddenly He chuckled: “Damn, I’m really curious about the scene of your hatching eggs. “If you want to incubate, you will also incubate it.” George Han gave the pangolin a white.

“I think too, but didn’t you hear what Xia Ran said? Except you can touch the egg, no one else can do it, but it will be dangerous. What does this mean, it means that the evil glutton only trusts you in the eyes. Other people can’t.” The pangolin rogue said.

George Han stopped slightly, and had to say that what the pangolin said seemed reasonable.

I wouldn’t really...

Damn!

A weird glance at the evil gluttony, only to find that there seemed to be some kind of pangolin’s right signal in the other’s eye, and George Han couldn’t help swallowing his saliva.

However, at this moment, the rather speechless George Han, how would he know that it was this egg that had completely rewritten the rest of his life.

How does it know what kind of secrets of heaven lie behind this egg.

A good source of peach, which is already the source of peaches in the habitat of the Phoenix clan, how can there be another so-called forest bird?

Looked behind him at a red light, shadow moving over there already dozens of people close to three thousand Korean clear, should not stay here: "Let's get out of here first."

Then down, led Xia Wei and pangolins and gluttonous evil, a few People rushed all the way to the far north.

At this time, the leading man was still confused in the red light, and dozens of figures were gathering there from all directions.

When this group of people saw the leader and his subordinates turning around in the red light, for a while, a man with a body like a tiger, a waist like a bear, and a black body came out of the group. His face was cold and he shouted angrily. , With the first block in his hand, he directly withdrew the red light: "What the fuck are you doing?"

"Ten...Eleventh Lord?"

Upon seeing this, the brawny men hurriedly knelt down.

He was about to speak, when suddenly, there were waves of terrifying and weird grinning laughter from all around the mountains.

Everyone hurriedly turned their heads, their faces were full of fear...
