

# His True Colors Novel Chapter 3060 - 3061

## Chapter 3060

“Hahahaha, hahaha.” The

sound is like a wolf and a dog. Even though the weather is still bright at this time, the strange laughter still makes people shudder, and I feel that the back spine is constantly cool.

This sound was strange, like coming from the sky and coming out of the ground. The source of the sound was not seen in all directions, but it seemed to come from all directions, making it impossible for people to feel the specific direction of the sound.

A group of people headed by this tiger with a bearish waist and the name Eleven, just looked around and didn't see them. A few kilometers away, they suddenly saw a dark golden light hitting them, and everyone hadn't reflected it, suddenly before their eyes. One flower, the next second, that dark golden light has flashed in front of everyone.

A seat of black clothes is tightly wrapped, and the figure is slender like a bamboo pole, like a corpse coming out of the tomb of the anti-Buddha, and the face is also wrapped in black cloth, only a pair of abrupt old eyes are exposed, and there are still traces in the eyes. Very cold and strange light.

As soon as he saw this man, he was an arrogant and domineering man with a bear waist, and he knelt down immediately in a panic.

As soon as he knelt, a group of people behind him knelt in a hurry.

“I have seen the envoy.” The

voice is uniform, the tone is neat, and the words and gestures are full of supreme respect, and even the slightest timidity.

“Pei Shiyuan, my elder elder, hasn’t seen him for a long time, hasn’t it been a few years?” He covered his face, talking very dark and evil, but couldn’t see his expression.

But it is precisely his contrast that gives people a feeling of evil and evil.

The man named Pei Shiyuan had his head low, but he bit his teeth slightly: “Yes.”

“You know the envoy is here, what’s the matter?”

“Shiyuan knows it, but...” , Pei Shiyuan hesitated.

But Fang Yi hesitated, a pair of volleying demon claws had directly stuck his throat, and straightly lifted the two-meter behemoth man to his feet, and he drew coldly: “You and me. Selling Guanzi.” When the

words fell, the big hand suddenly retracted from his body, and Pei Shiyuan also suddenly fell to the ground, and the blood was sprayed from the mouth.

“This special envoy only wants to hear the results, and is not interested in hearing you upside down.”

“We haven’t found it yet.” Pei Shiyuan endured the pain and hurriedly said.

At this time, a person next to the crowd hurriedly knelt forward and climbed a few steps forward, and said anxiously: “Special Envoy, after the accident happened to the King of Youming, the Elder Elder has led me to the twenty-seventh department and quickly looked around. The Sentry Vanguard found this mountain suspicious the day before, and we immediately pursued it.”“But it’s a pity that after looking for a day and a night, the group of people is like the world has evaporated. This... It’s no wonder we are.” After the

words fell, he hurriedly glanced at the one who was kneeling further behind. The leader of the brawny man motioned to him to speak out quickly, after all, he must have discovered something by sending out the signal suddenly.

The red light just now also shows that they have encountered battles.

When the leader saw his eyes, he didn't dare to make any trouble, and nodded hurriedly: "My envoy calmed down my anger, just... just now I have indeed pursued the murderer who killed the King of Youming."

"So, what about them?" The envoy. He said coldly, his eyes also looked at that guy.

The guy was taken aback for a moment, and couldn't help but tremble: "Ben... I was about to get things done, but suddenly a red light flashed by, and those guys disappeared until the Elder Elder brought someone to come. ... "

Speaking of this, he lowered his head silently.

"Trash!" The envoy snorted coldly, and a dark golden light burst from his eyes to the fellow.

"But..." Seeing the dark golden light hit, the guy suddenly shouted.

The special envoy's eyes were slightly farewell, and the dark golden light swept towards the person next to the guy. Before the poor man even let out a scream, the whole body completely turned into a light smoke and dissipated in place.

"But what?" The envoy looked at the little leader coldly.

The cargo was still very arrogant in front of George Han. At this time, the special envoy's eyes stubbornly stared at the crotch moist, he said anxiously: "The little...the little one has seen them, and even fought with them. Also... please give

me a chance from the special envoy ." "My envoy, I am all dedicated to the ancestors. Right now, I have seen a murderer, it would be better to..." Pei Shiyuan also hurriedly said at this time.

The envoy narrowed his eyes slightly, looked at the little leader, and said, "Since you have fought him, I have a question to ask you right now."

When he said this, he sneered sullenly...

“Special Envoy, please.” The man was still kneeling, but his head was already sweating profusely.

“How far is this person’s cultivation level?” The envoy finished laughing and looked at this guy coldly.

At this moment, the guy’s eyes were taken aback and suddenly became silly.

The person who had previously interceded for Pei Shiyuan may be Pei Shiyuan’s left arm and right arm. He was naturally more intelligent than others when he saw the face. Seeing the little leader was stunned, he quickly glared at the guy and motioned him to speak out.

As a result, the guy was still stunned. This made the man anxious. He glanced at Pei Shiyuan and then at the special envoy. He hurried to make a round and buy some time for the little leader, and said: “Special envoy, that Since the murderer can kill the King of Youming, it is naturally very powerful. Why did the special envoy ask this?”

Hearing this, the special envoy was taken aback, the next second, and even the whole body was not moved, but the man only felt Like a heavy mountain moving horizontally, the whole person flew out directly.

“People have high and low points, and trees also have old age. The envoy asked, when will it be your turn to interrupt?”

“Pei Shiyuan, you have been living outside the Great Wall for a long time, drinking hairy blood all the year round , and you seem to be wild, together with your helper. Going down, it’s also wild.” After the

special envoy finished speaking, Han Guang coldly stared at Pei Shiyuan, obviously already angry.

Seeing this, Pei Shiyuan hurriedly knelt down again, his body depressed extremely low: “Pei Shiyuan is improperly managed, he is a death guilty, and I ask the envoy to calm down

his anger.” Hearing this, he glared at Pei Shiyuan and replied coldly: “You and I have a personal relationship. It’s been a hundred years, and the subordinates in the district don’t know the sky and the earth to interject at will. The lesson here is, why the death penalty should be imposed on you.”

“Thank you, ambassador.” Pei Shiyuan finished speaking in a low voice, and hurriedly glanced at the person lying next to him who was vomiting blood, softly. And he drank: “You haven’t got up yet to

thank the ambassador ?” The man hurriedly got up and endured the pain: “Subordinates, damn, thank the ambassador for forgiveness.”

“Pei Lan, as Pei Shiyuan’s protector, you are naturally super wise, but you should also know how to work around. Do you know why you have found people but failed to arrest them?”

“Please also enlighten me.”

“Know yourself and your enemy,” You can only be victorious in all battles, do you understand?” The envoy finished speaking in a cold voice, dismissing a smile: “For the reason that you have been following Pei Shiyuan for many years, and that Pei Shiyuan has worked with me for many years, I just beat the dog to see the master and teach. Once you go back, you remember it clearly.”

“Subordinates understand.” Pei Lan nodded, and he didn’t know this, but the damn little leader had been stupidly silent, he really had no move, so he made the move.

Now, he can only look at the leader like Pei Shiyuan, hoping that this fool can wake up sooner.

Sure enough, the kid is still staring dumbfounded, looking at the envoy dumbly.

Pei Shiyuan and Pei Lan’s angry mouths were crooked, this silly ratio, you are fucking talking, if you make the envoy upset, this group of people will be fucked along with them.

Just when these two people were in a hurry, the special envoy over there was obviously already extremely impatient, and his eyes were slightly cold: “What? The envoy’s words are not easy to use?”

Pei Shiyuan and Pei Lan buried themselves on the spot. low, we must beg for mercy, simply, that this time leader spoke up:. “..... no no, no, ambassadors, then naturally as destiny, dare not from”

“that being the case, then why do you delay Answer?” The

leader choked for a while and swallowed his saliva: "Subordinates... Subordinates just...just don't know how to answer."

"Just talk to yourself." The envoy said coldly, impatiently.

"This..." Hesitated for a while, the little leader gritted his teeth at this time: "From the situation of his subordinates fighting with him, this murderer, but..."

He glanced at the special envoy, saw that his eyes were cold, and closed his eyes. , Gritted his teeth and opened his mouth: "It's just ordinary rats."

"What?!" A

group of people heard the words, but the envoy hadn't said anything, but each of them had directly raised their heads. While screaming, his face was unbelievable.

Pei Shiyuan and Pei Lan also looked at each other, frowning, Pei Shiyuan stood up and pointed at the little leader with one hand: "Many cow, what the fuck are you talking about?"

"In front of the special envoy, if you are so rude anymore, don't blame me for not reading about brotherhood and taking you to the heavens." Pei Shiyuan angrily said.

The little leader panicked and knelt on the ground, knocking his head again and again: "The reckless sentence is true, never dare to deceive the Eleventh Master and the Special Envoy. The brothers behind me can testify, the conscience of heaven and earth." The

words fell behind him. Several strong men nodded again and again. This time, it was Pei Shiyuan and Pei Lan's turn to look at each other, and even the special envoy's eyes shrank sharply...

"This..."
