

His True Colors Novel Chapter 3128 - 3129

Chapter 3128

“What is that?” The envoy frowned slightly, staring at one person and one cloud in the sky, a little stunned for a moment.

Pei Shiyuan and others also noticed the situation in mid-air, and they were obviously stunned.

I thought about all the possibilities, I didn't expect that someone would take the initiative to send it to the door at this time, and what was even more unexpected was that this guy not only came by himself, but also brought a big cloud with him.

are you crazy?

“Eleventh Lord, that's the kid, that's the kid.” Almost at the same time, a man in black, a healthier figure, jumped out, pointing his finger in the air and shouting with excitement.

Hearing this, Pei Shiyuan frowned: “Mangniu, can you admit your mistake?”

“Eleventh Lord, even if that kid turns to ashes, Mangniu will never admit his mistake. He is the human kid I met that day. “Who else can the excited person be besides him? !

Hear confirmation Mang cattle, Pei Y. eyes surprised: “Damn it, this kid really fuck with a seed, we chase him then, He is easy, even dare to take the initiative right at your fingertips?”

Envoy fiercely eye, a slight Shrink, I have to admit that even he didn't expect that George Han, a kid, would actually operate in the opposite direction, and turned to him.

“Everyone, shrink the line of defense and take this kid for me.” Pei Shiyuan gave a cold voice, and he would personally lead the team to rush on the spot.

After all, this kid didn't suffer a lot from the special envoy during his operation. Today's new hatred and old hatred were reported together.

However, when he was about to move, he was directly stopped by the special envoy. The special envoy snorted: "What are you anxious?"

"The kid who dares to attack hastily, will he be unprepared? Those who are reckless have to meet the enemy, you and that What's the difference between the King of Youming?"

Hearing this, Pei Shiyuan was unwilling to hear this, but looking back at Pei Lan, he saw that he also shook his head at himself, sinking his heart for a moment, and seemed to feel that he was a little bit self-conscious. Reckless.

No matter how wasteful this guy is in Mang Niu's mouth, one thing he didn't think about was that he was the one who killed the King of You Ming.

Therefore, he must have strange tricks, and he should take more precautions in normal times. What's more, at this time, George Han is still actively attacking?

The envoy was right, there must be a conspiracy.

"The order goes on, all the ministries are on standby, and the rest of the generals, follow me to catch this little thief." After the words fell, Pei Shiyuan suddenly drank, and flew directly toward the sky.

"Yes." shouted in unison.

Several elites including Mangniu and Pei Lan followed him, a group of nine people, in a conical shape, headed by Pei Shiyuan, blocking the air.

At the same time, all the ministries underneath also opened their positions, staring into the air with stern eyes.

Pei Shiyuan was stiff, and he drank: "Boy, there is a way to heaven, you don't go, there is no way to hell..."

"Come to your mother, get out!"

Only half of the words, Pei Shiyuan just felt away from him. At some distance, George Han, instead of stopping to confront him as he imagined, he suddenly accelerated towards him.

Only an afterimage remained in place, and in the next second, a black shadow had directly penetrated him, rushing directly behind him directly under his eyelids.

“Fuck.” Pei Shane was so angry that he clenched his fist, and his whole body was extremely depressed.

In front of the generals, in front of the envoy, I originally wanted to come up and show off his power and give a good shock, but unexpectedly, the other party not only did not follow the routine, but also passed directly by his side.

Who can't bear it!

“Stop him for me!” Pei Shiyuan shouted angrily, then turned around, and chased him in the lead.

The eight people behind him also quickly contracted from the cone, and while quickly surrounding George Han, eight attacks were also about to be launched.

George Han didn't intend to fight against each other at all, dragging the cloud behind him to dodge quickly, just escaping.

“Huh, the speed is quite fast.” Pei Shiyuan laughed coldly, and in the next second there was a fierce light in his eyes: “But, do you think Lao Tzu is a vegetarian?” As

soon as the words fell, Pei Shiyuan's figure suddenly radiated. After that, a streamer turned out to chase George Han.

“Chasing!” On the ground, Pei Jin didn't dare to hold big, hurriedly greeted the 27 remaining men and chased them in the direction of the two.

The envoy slightly looked at the two people who were approaching quickly in the air and the eight people who were barely following behind him, and the eyes of the fierce light shrank slightly.

In the next second, when his figure appeared, he was already in front of the twenty-seven men who were pursuing him hundreds of times away.

Its actions are like jumping in space.

And at this time, when George Han was speeding up to flee, he suddenly saw a dark figure suddenly appearing beside him...

Chapter 3129

George Han frowned slightly and looked back. At this moment, who besides Pei Shiyuan could be the dark shadow beside him?

Although George Han was indeed dragged down by the clouds carrying three people behind him, his speed had dropped to more than half, but as the saying goes, a lean camel is also bigger than a horse.

Therefore, even at this time, the speed of George Han is absolutely beyond the reach of most people.

But what George Han could not think of was that, just like that, Pei Shiyuan actually caught up and kept moving forward with him at a constant speed.

Thinking of this, George Han looked at Pei Shiyuan in his eyes, and he couldn't help feeling a bit of appreciation and surprise.

Pei Shiyuan chuckled coldly: "Smelly boy, I thought you could have any weird tricks, but the result was to play this trick. Yes, you continue to run, I see how far you can run."

George Han smiled slightly, and accelerated again. Directly surpassed Pei Shiyuan and opened up several positions.

Pei Shiyuan was not in a hurry, and smiled indifferently. It was also an acceleration and directly caught up with George Han.

Looking at George Han, Pei Shiyuan who was catching up with him coldly disdained: "You keep running."

George Han smiled bitterly, "I really want to keep chasing you forever?"

"Hehe, not only want to chase you, I have to do well." It's nothing more than killing the underground bug. Faced with our chase, you dare to hide everywhere. It's simply unforgivable." Pei Shiyuan sneered.

George Han didn't speak, and looked behind him, and smiled bitterly: "I'm afraid it won't be good for you to chase it down? Your eight subordinates have been moved a little apart, and your tens of thousands of subordinates are even farther away from us. It's so far away. You are not afraid that I will be annoying you and will kill you?"

"I will kill you?" Hearing this, Pei Shiyuan almost didn't laugh.

If first George Han took the initiative to send it to the door, Pei Lan and the special envoy really made him worry about whether George Han had any weird tricks, then now, he has no such worries at all.

Obviously, George Han's strange trick was to kill them by surprise, and the purpose was just to highlight the encirclement.

George Han's reluctance to even fight against each other is the best proof of this problem.

Therefore, even if he didn't know how the insects were killed by this creature, Pei Shiyuan believed that this creature was indeed just like what the bull had said, and had no power at all.

What my most trusted brother said, sure enough, I would never lie to myself.

George Han threatened himself to kill him at this moment. What else could he do besides making himself scornful?

"Just rely on you, a little thief who can only run away?" Pei Shiyuan smiled disdainfully, looking at George Han's "small body" is full of ridicule.

In their tribe, George Han's body is not qualified even if he is used as a slave.

“I just need to move a little bit, and you can break your little monkey-like hand. Do you dare to

speak wildly with Laozi?” George Han shook his head helplessly, even without ignoring the fool and straightforward. Continue to move forward, although this guy looks like five big and three rough, but in fact his mind is so simple.

Sure enough, heaven is fair, and if there is something superior to others, there must be something lacking in others.

“Fuck, what’s the matter, stop talking?” Seeing George Han not talking, Pei Shiyuan’s aura suddenly became stronger: “Smelly boy, are you afraid?”

George Han shook his head helplessly: “Afraid? I’m really scared. I’m really afraid that I can’t help but punch you to death.”

Hearing the first half of George Han, Pei Shiyuan was a little happy at first, which is of course natural, but when he heard the second half, Pei Shiyuan said this. This kind of ruma drank blood, and the irritable person walked away completely on the spot, but angered: “What the fuck are you talking about?”

“Are you deaf?” George Han was not afraid at all, and even looked at Pei Shiyuan impatiently.

“Damn, you have a fucking kind of stop for Lao Tzu, Lao Tzu won’t break your neck, I’m not a man.” Pei Shiyuan roared angrily.

At this time, he was completely irritable and furious, so the mere juniors would dare to talk to him like this? !

“Okay, then I’ll stop.” Suddenly, George Han really stopped in the air and stopped in midair..
