

# His True Colors Novel Chapter 3132 - 3133

## Chapter 3132

“Pei Hu? Pei Kun?”

Hearing these two names, Pei Shiyuan was obviously stunned for a few seconds. As a member of the Yingzou clan, Pei Hu, the future of the Mingzou clan’s tomorrow Zhixing, the future rudder master, how could he not know, how could he not know?

As for Pei Kun, that is even more of a famous elder-level soul mission of the Yingzou clan, and there is not one of his most respected seniors.

This guy, unexpectedly... can actually say their names? !

“Do you know them?” Pei Shiyuan looked at George Han coldly and couldn’t help but wonder.

George Han smiled slightly and nodded: “I can’t talk about it. I have met once. I have a better memory and can barely remember their names. They should be very impressed with George Han.”

The two were impressed. I’m fattened by myself, I won’t forget it for the rest of my life.

Hearing this, it became another possibility in Pei Shiyuan’s ears. He smiled coldly, this stupid idiot, thought he knew Pei Hu and Pei Kun for a long time, but it was just bragging.

It’s nothing more than a fate, which means that in fact, he himself admits that he is not familiar with Pei Hu and Pei Kun at all. In the end, I wanted to deliberately confuse the audience. What did they say were impressed by him?

Think of the strongest duo of his clan. It was originally famous. Hearing their names, there are so many people who know them, but knowing them, they don’t know you, what is the meaning of it?

I still know the true god!

Moving out of Pei Hu and Pei Kun to scare myself, I was almost fooled by this stupid.

It's as fucking as real.

Thinking of this, Pei Shiyuan sneered: "Want to move out of them to fool me? Brat, I warn you, if you know their names, then you should also know the terrifying strength of my 樗杌 clan."

"If your kid is smart, behave ." If I'm happy, I can at least spare you a happy death, otherwise, if you can't eat it, I'll go around."

Seeing that after hearing his remarks, this guy not only didn't know what it means to retreat, but he suddenly felt energetic. Obviously, George Han knew that this big fool must be a strange brain circuit, and he understood it as something else. mean.

However, this is not surprising, it can even be said to be commonplace, after all, such people are not rare.

There is only one way to deal with this kind of person, and that is to let him know what pain is.

When the words fell, George Han's hands suddenly moved, and he directly attacked Pei Shiyuan with a punch.

Pei Shiyuan had been prepared for a long time, and smiled coldly: "What? I saw it through, and became angry?" When the

words fell, Pei Shiyuan also suddenly increased the black energy in his hand, and used the remaining left hand to suddenly gather, and directly attacked George Han again. go.

"Come back?" George Han frowned slightly, as if feeling something was wrong.

It stands to reason that this guy has just suffered a head-to-head confrontation with himself. How can he still choose to confront himself with his brains?

Even if this guy's head is really bad, and his forehead is really hard enough, it is absolutely impossible to forget all the losses he had just eaten so quickly, right?

Is it possible...

"Brother George Han, be careful behind you."

Suddenly, when George Han noticed something was wrong, among the clouds behind him, Xia Wei's anxious shouts also echoed.

Hearing the exclamation in the clouds, Pei Shiyuan and George Han who were in the onslaught were shocked one after another. The former was surprised that there was someone in the cloud and she was still a woman, while the latter was naturally surprised that he returned to his eyes and saw the eight things. The magic attack came fiercely as scheduled.

Depend on!

George Han yelled and talked with the bastard for too long, unknowingly the eight people had followed.

No wonder this guy dared to continue to harden himself after failure. It turned out that he was just using himself as a bait, and fought inside and out with the eight people behind him.

George Han's eyebrows turned slightly, and at this moment, he fixed his eyes on the man in black who was constantly jumping in space and attacking him.

Intuition tells George Han that that guy is probably the real tough opponent.

Once that guy catches up, George Han escapes in this raid and will fail completely.

Looking back at the eight fierce attacks, George Han bit his teeth slightly and his head was spinning fast, what should he do.

There is no time.

Thinking of this, a cold light suddenly appeared in George Han's eyes that made Pei Shiyuan frightened. As George Han moved, his proud eyes were full of fear...

and, George Han's moving figure...

## Chapter 3133

What the fuck are you doing? !

Pei Shiyuan was full of these seven words at this time.

He discovered horribly. At this time, after learning that he was directly surrounded by the Eight Ways, George Han didn't think about how to solve the danger, or defend or escape, but...

Instead, he blasted a punch directly on his body, just like before, and directly confronted himself.

Is this guy crazy? Is he sick?

Does he know the consequences of doing this?

He suddenly cursed in his heart, but at this time Pei Shiyuan had to admit that he was persuaded!

"You damn bitch, do you know that you can't beat me, and you want to pull me back?" Pei Shane 's vigorous mouth was cursed, but he was not afraid of it.

With his own strength, even if he has only lost, it does not mean that there is any gap between himself and him. He is indeed a little careless. Now that he is doing his best, why should he be afraid of him?

Moreover, there were eight attacks coming behind him, even if he persisted for a few seconds, he was already thorough enough to return him to the west.

"Also, if you have suffered a loss, I will have to find them all at this time."

When the words fell, Pei Shiyuan screamed angrily, and the power of the left hand fist suddenly urged to the extreme, even if the fist wind he was carrying, at this time, it directly rubbed a strong flame in the air.

George Han smiled coldly, and continued to hit with a punch.

“I’m still afraid that you won’t make it?” Over there, Pei Shiyuan also shouted loudly.

boom!

The two fists collided again, carrying two immense powers and exploded!

Suddenly, the fire burst between the two fists, and the energy moved wildly.

Eight Dao Fa Neng was also getting closer and closer to George Han’s back at this time...

“Swipe!”

A fiery red light and a blue purple lightning suddenly flew out from George Han’s body like two mad dragons, each soaring in the air, turning around and rushing towards the attacking eight people.

“Then...what about Brother George Han?” Xia Wei saw George Han’s counterattack, dazzled and extremely domineering.

But there is also a worrying fact, as he spends the last time to fight back, he has completely lost the opportunity to avoid these eight attacks.

But suddenly, at this moment, the three of Xia Wei suddenly felt empty under their feet, and the whole person completely lost their center of gravity, and fell directly into the sky.

Fortunately, both the pangolin and Xia Wei responded in a timely manner. They immediately set up the old man in a hurry, and barely stabilized his figure, but at the same time, only the white cloud that had only been supporting the two of them had already turned into a stream of light towards George Han. Flew there.

Eight Dao Fa could reach George Han's back at the same time, and suddenly exploded at this time.

The World Anti-Buddha instantly entered a bright white day, and the flashing white light even stabbed people completely unable to open their eyes.

"Brother Three Thousand!" Xia Wei shouted anxiously.

Behind them, the eight people even forgot to resist the skyfire and moon wheel that had set off before, and looked closely at the center of the explosion.

In the distance, the black-clothed army also stopped and looked up. The black-clothed envoy was slightly hovering in the air, and at this time, he was also looking towards this side lightly.

Then, he slowly lowered his head, but saw that the ground was also shaking and shaking slowly because of the explosive airflow in the air at this time.

Such a bombardment can not be said to be not fierce, and under such firepower, can there be a dead egg?

He raised his head in satisfaction and smiled slightly.

At this time, Pei Shiyuan, who was in the center of the explosion, even though his fists collided with George Han at this time, he was almost unable to open his eyes by the white light of the explosion, but turned his head slightly. But it is full of passion.

Sure enough, in this confrontation, he did not lose, he and George Han were evenly matched.

But quite superficial, in fact? George Han has been directly hit by his eight major men. What qualifications does he have to compete with himself?

It was almost the same as what he had expected, and then he only needed to exert his strength slightly, and this guy would fly directly upside down, and his power and limelight would reach its zenith at that time.

Thinking of this, he smiled coldly, turned his head slowly, and looked at George Han, but just as soon as he turned his head, Pei Shiyuan's smile was directly frozen on his face.

How... how could this be?
