

# His True Colors Novel Chapter 3154 - 3155

## Chapter 3154

Looking up, there are about twenty people with strange looks, or pig-shaped human faces, or bear-shaped dog faces, or other things. In short, they are all in various forms and unspeakable.

However, although they have different appearances, their bodies are extremely similar. They are as tall as a hill and as strong as a bull. Any individual is at least the size of four George Han.

At this time, they were standing in a row on the street. Although the street was big, it couldn't hold back the larger group of people. A group of people abruptly formed a very thick wall of people.

Besides, not to mention the body shape, the huge weapon carried on the shoulders of these people is bigger than George Han's body. If they just put the weapon on the ground, it would be enough to form an iron wall.

In the center of the crowd was the man with a bear body and a dog face. He was 2.5 meters long, standing there like an Optimus Prime against the Buddha, lightly carrying a mace on his shoulder.

Only the spikes on the mace, each one is as thick as George Han's arm.

"One, two, three, four."

His face was full of jokes, and with huge fingers, he nodded George Han's head.

Then, his mouth opened wide, revealing brick-like teeth. The teeth were big and the gaps were also big. All kinds of dirty things were faintly visible in the huge gaps between the teeth. He didn't care at all. After turning around in the crevice, he took out a fist-sized wicked object, flicked a finger, looked at the person beside him, and laughed coldly: "Although it is a bit small, the number is not bad."

Next to him The pig body smiled lightly, looked at George Han, then looked at the people behind him, and finally set his sights on Xia Wei beside George Han.

Suddenly, the pigman's eyes lit up: "Especially that little chick, who looks really damn white and tender. If you eat it, it will be very smooth and smooth. It will be great."

"Haha, it's not too late to eat after having fun." . " "

the old man is fucking bad luck a little old to death, and that the meat does not know what the hell kind of firewood into. "

"It's okay. I will take the meat of the dead old man into the wine after a while, chewy."

As the pigman ridiculed, the monsters around him immediately laughed, watching them one by one. Xiang George Han and the others looked like they were looking at their own food.

"Xiao Chunhua, what a fucking damn good job." Xiong Ren was also very satisfied, glanced at the woman next to George Han, and couldn't help but smile.

However, although he was complimenting him, George Han could see his full disdain and a strange divine light in his eyes.

Xiaochunhua was "so praised", instead of the slightest joy, her body trembled involuntarily, and she lowered her head in fright and did not dare to answer.

"Hey, because you have brought new goods, Xiaochunhua, don't worry, brothers will only ravage you tonight." Pigman sneered.

Hearing this, George Han clearly understood what the weird divine light in the eyes of the bear man actually represented and meant.

Xiaochunhua is afraid, guilty conscience may be one aspect, as for the other, it should be a kind of fear engraved in her bones.

At this time, the bear man seemed to have noticed Xiaochunhua's strangeness. He raised his big hand to prevent Pigman from making

fun of him. He stared at Xiao Chunhua with big eyes, and said coldly: “Xiao Chunhua, Lord Xiong is talking to you. , Lift my head up.”

Xiao Chunhua was scared and didn't dare to lift it at all, but the bear was so cold, she had to lift it again, but with this lift, the bear was instantly cold.

Then, he smiled relieved and stared at Xiao Chunhua coldly: “It seems that some people have rebelled.” As

soon as this word came out, Xiao Chunhua's body was obviously frightened again.

The smiles of those ridiculing monsters suddenly solidified on their faces. Obviously, they were a little shocked for such a thing.

“Little Chunhua, aren't

you fucking ?” “You dare to betray us?”

“I see, you don't know the fate of the betrayer, do you?”

When Xiaochunhua heard this, her feet would even weaken on the spot. If George Han hadn't helped her in time, she would fall to the ground for fear that she would stagger.

But even so, her face was extremely pale at this time, anti-Buddha, and suddenly remembered something terrible.

“A good bird chooses a tree and rests. A better choice is of course to choose a better one.” Seeing she was really scared, George Han said.

As soon as the voice fell, a group of monsters collectively looked at George Han...

their eyes, there are confusion, confusion, confusion, and shock. There are all kinds of things.

But more, it is contempt.

“Just...Is there any fly buzzing?”

The pigman asked the monsters beside him, but stared at George Han in disdain.

He even had a feeling that he would kill George Han tens of thousands of times with his eyes alone.

No one answered his question, but their eyes were all on George Han.

“Just now, were you a kid talking to your grandpas?” Pigman re-said, and asked George Han coldly.

“If your pig ears are too long and cover your rotten eyes, go back and wash your pig ears cleanly. Just like an idiot, still showing off here?” George Han said in a low voice.

But this sentence was so harsh in Pigman’s ears.

He is already furious. Although he has a pig body, he is a human face. The most annoying thing in his life is that others call him a pig!

The same kind can’t bear it, let alone George Han’s food in the abdomen, on the spot, this guy made a strange roar in his throat, and in the next second, he was already rushing towards George Han.

But at this moment, a pair of big hands slapped his shoulders, and looking back, it was the taller and stronger bearman.

The bear man smiled coldly at the corner of his mouth, looked at George Han, and said leisurely: “Smelly boy, you are quite crazy, you can talk with your little mouth.”

“No wonder Xiao Chunhua betrayed the Laozi and followed you. , It seems that she is greedy for your mouth skills.” As

soon as the voice fell, a group of monsters burst into roaring laughter. Xia Wei, an unmanned girl, might not understand what they were laughing at, but Xiaochun Hua has already lowered his head and dared not even make a sound.

The pig man was very satisfied, and the bear man's tongue was obviously to win himself back.

Han three thousand smiled: "good birds greener interest rates, did not I mention it seems your ears with his pig ears are the same?."

"Or that you listen to, but that you A bear's head is really limited in understanding."

"Let me explain to you. This means that I am better than you. Xiaochunhua naturally chooses the good ones instead of the bad ones."

"Or, to be straightforward. it twisted melon split dates you these dogs look like, read all eyes sting, small flowers, if not to think for themselves, they have to consider it for their own eyes. " "

Do you really want to idle with nothing to do, according to piss You can know how hot your eyes will be by yourself, and at that time, you can also understand how Xiaochunhua feels now."

"Understand? Rubbish." George Han said calmly, without the slightest. Mood swings.

Had it not been for Xiaochunhua's face, George Han wouldn't bother to talk nonsense with them.

But George Han said it lightly, but the monsters were particularly harsh, especially the pig and the bear. One was proud, and the other was helping others to vent their anger.

But I didn't know that I was angry, and I was scolded along with myself.

"Fuck, you scumbag, I really give you a face, don't you?"

"With your stinky trash, dare to say that we are rubbish?" The

pig stomped and yelled, and the bear fired in his eyes. , Staring at George Han.

“Enough.” The bearman shouted angrily, turned his eyes to Xiaochunhua, and shouted coldly: “Xiaochunhua, you are really stupid to the top. Find this broken monkey and want to play betrayal with us.”

“You wait for me. Now, tonight, I want you to live without death.”  
When the

words fell, this guy suddenly grasped his huge mace, and as the rod fell, the whole wet ground even buzzed.

This momentum is indeed impressive.

Unfortunately, it was George Han who stood opposite him.

With a slight movement in his hand, the jade sword straightened out, and George Han smiled coldly at this time: “What? I can’t wait to prove that I am a trash?”

“It’s okay, satisfy you.” The

words fell...
