

HTC 3202

Chapter 3202

One came from the south and the other came from the north. It can't be said that they know each other, it can be said that they are not related to each other.

Secondly, one is a demon, the other is a human being, one has been alive for hundreds of years, and the other is young but not too young.

There doesn't seem to be any intersection between the two.

How could Yumian Shura know about him? Moreover, the most terrifying thing is that not only did he know him, but he also knew that he would cause trouble to himself, and even knew what the kid's last name was.

If the Jade Face Shura hadn't stated his position just now, he really doubted whether the two of them were in the same group, helping Cao Luocheng to make trouble for himself.

"Relax, Ghost Venerable, I said, I definitely didn't come to make trouble with you, so why are you doing this?" Jade-faced Shura smiled.

Ghost Venerable frowned, and did not dare to relax his vigilance: "But, how do you know everything here? This Devil Cloud Ghost City is the site of the deity. Only the deity can check everything in the city. How can others know?"

Could it be that in the city? Already spies?

To a certain extent, this possibility cannot be ruled out. At the moment the situation of Devil Cloud Ghost City is low, and it is natural that someone has fallen into trouble.

The so-called tree falling down and scattered, it is not without its reason.

"Okay, Guizun, you and I have known each other for many years, can I still yin you? I not only know this kid's last name is Han, I even know this guy's full name and what he did before he came here." Yumian Shura whispered softly. Smiled.

Gui Zun was even more puzzled, and he didn't even understand what was going on.

However, at this moment, Yumian Shura took out a long book from his arms and slowly handed it to Ghost Venerable. Only then did he lightly smile and said, "When you finish reading it, you will know the truth."

Although he was puzzled, after Gui Zun took the long book, he quickly opened it and read it.

Immediately afterwards, his brows frowned, and the more they read down, the frown became tighter.

Until a moment later, he finished reading this, it is difficult to believe looking at the Beautiful queen Ashura: "? What are you really?"

“Oh, so true black and white above, most importantly, long book can be false, content It’s okay, but the bright red family seal is a childish and innocent person. Believe this, Gui Zun should know better than me, right?” Yumian Shura laughed.

Gui Zun naturally knew that this mark was true.

However, what he really didn’t understand was how this kind of thing hadn’t happened to him, it was far more unreal than the pie in the sky.

“Yes, I know this is a long book is undoubtedly true, but Kurtis major deity of the seven princesses marry this matter, the deity is difficult to believe ah.” Respect ghosts or helpless shook his head: “This is

even then hubris , But Gui Zun is also really clear that although he is the leader of one party and his might is against the sky, but...

but that is also to be compared with whom.

The Pei family is a family of Yingzhao, the largest power family in this area, at least, in this direction for thousands of miles, Pei family said one, no one dared two.

But such a peerless creature, one day suddenly fell in love with his own sesame meat.

How can I believe it?

“Exactly.” Jade-faced Shura seemed to have anticipated the ghost’s reflection. With a movement of his hand, a light screen floated in the air: “The bride price team is already a step away from the red earth. You only need to nod slightly. It has already been decided.”

Ghost Zun could not help but swallowed his saliva and looked at the light screen with some excitement, but he saw that there was a huge team at the north entrance, wearing red clothes and holding wedding battles in hand, showing lively gifts. Brigade.

This is not a dream?

Is it reality?

He really wanted to slap himself so that he could feel whether it was a dream.

What does it mean to fly on a branch to become a phoenix? Isn’t it just that?

One day his ghost respected, he could also climb the big tree of Pei’s family!

Especially, at this terrible moment.

“Is this true?”

“How can such a big team come all the way, how could it be fake? However, Patriarch Pei has a small request about that kid...” Yumian Shuluo sneered.

Chapter 3203

“What’s the requirement? I shouldn’t. I want the land of red earth to be included in the Pei family, right?”

“Although I am only a man of green forest, the land of red earth has been managed by me for many years. , Is not considered prestigious, but it is also considered a trivial achievement. Losing the city is trivial, but isn't it an insult to me?” Gui Zun said vigilantly.

“Don't worry about the ghost, the Patriarch Pei is really boring in this barren land, otherwise, as you said, you won't live here for many years, don't you?”

“The ghost does not have to be too excited, I am not Have you said that? This request is related to that kid, not you.”

Ghost Zun was taken aback, but he suddenly remembered that he seemed too excited, only remembering the previous things and ignoring the latter.

“That kid? You mean the one with the surname Han?” Gui Zun frowned.

“Exactly.”

Gui Zun was a little puzzled, very puzzled, and said: “A little stinky boy can actually make the Pei family dispatch on such a scale, why is he?”

“Why?” Yumian Shura sneered coldly. : “Originally, I was the same as you. I really felt too

aggressive about this matter.” “The people from Pei's Muye came to report. I hope that the owner can send someone to lobby and get some jewelry slaves for you. I hope that kid will pass by. Here, you can help to encircle and suppress.”

“With the friendship between you and me, plus the generous gifts, I believe that the ghost should not refuse me.”

Hearing this, the ghost naturally smiled: “ Don't talk about jewelry slaves. With just a word of yours, the deity can't hesitate, besides, those who come to my Devil Cloud Ghost City will always come in but not come out. Why do you bother?”

“Neither.” Jade-faced Shura shook his head: “This The child is capable, otherwise he will not easily escape and run into this red earth.”

“Therefore, given this child's ability, if the ghost is strong, he will inevitably suffer heavy losses. Under rudeness, again How can there be a brave man?”

Hearing Jade-faced Shura's words, Gui Zun didn't say anything. He sent so many people to try to teach George Han, but he was frightened by him. If he only relied on Jade-faced Shura to say a few words, he would have to send more. Elite, to be honest, he is really reluctant.

Thinking of this, he nodded: “If that's the case, then give a gift, why bother... and join the Seventh Princess?”

“Because something happened during this process.”

“What's the matter?”

” When Muye General Pei Shiyuan reported the matter to the Patriarch, my son was next to him.”

“Your son?”

Yumian Shura nodded. When his son heard the name of George Han, his expression at the time was now. Still remember clearly.

He was stunned for a few seconds, and then suddenly muttered a few words. In the end, his face was shocked, and then he was furious.

He almost said to the Patriarch with an iron face that he was bound to throw him into hell. After that, he told the Patriarch about the humiliation that occurred on the Qilin Sacred Mountain.

“After hearing this, the Patriarch was naturally furious. The Patriarch loves the son the most, and the person who moves him is like the Patriarch’s life. So...” Speaking of this, Jade-faced Shura looked at the ghost venerable coldly.

After hearing the description of Jade Face Shura, Ghost Zun basically understood the cause and effect of the matter thoroughly, and smiled slightly. It is really time to turn himself.

I met such a “living god of wealth”.

“How about, Guizun, do you respond or should you not?”

Guizun finally showed a faint smile: “Able to join forces with Pei Jiazhu, let alone a mere stinky boy with the surname Han, just want me to kill the Burning Bones Cheng, why is the deity fearful?”

“Thank you, the Patriarch of the Pei family, for me, the deity will surely thwart that kid, and will never give up unless he achieves his goal.” Gui Zun sneered.

With such a big tree here, and the external difficulties are instantly resolved, why is the ghost respected? !

“Very well, I’ll tell the team to come in. The seventh princess can stay quiet in the team for a long time. As for the ghost, you have a hard time. Take the first thief, let’s treat it as a snack on the wedding wine.”
The

words fell, two People stare at each other and sneer...
