

HTC 4051

## Chapter 4051

He gently put back the tip of his nose and smelled it, with a faint smile on his face.

“Although it’s the best, it’s not the best among the best. It’s still a little worse in quality, but at a price of 300,000 yuan, it’s still cheap.” He smiled softly, and the whole person seemed lazy but suave.

This person is only twenty-eight years old, he is considered very young, and he looks extremely rich in clothes.

“Haha, this customer still has a vision. Yes, our shop has always been a fool in doing business. The emphasis is on small profits but quick turnover. This snow lotus 300,000 is already the cheapest among the cheap.” The shopkeeper smiled.

The son nodded and smiled lightly: “Okay, this son of Xuelian wants it, wrap it up.”

As soon as he finished speaking, he glanced at George Han with disdain, full of sarcasm.

The store owner nodded, and in a hurry, he was about to reach out and take Xuelian back to pack the bag, but George Han stopped him at this time

.

“Should I buy things on a first-come-first-served basis? If I remember correctly, it seems that I asked Xuelian first. Why did I sell it to others before I said I was dissatisfied?” George Han said without being humble. .

When the young man heard this, he smiled disdainfully, and the shopkeeper also gave a sneering smile: “This little brother, this business is about real money, not just talking about it.”

“I repeat, this snow lotus is worth a lot of money. It’s not cheap, it’s 300,000.”

The number 300,000, the store said with extreme force, seemed to remind George Han that this thing is ridiculously expensive and you can’t afford it.

George Han smiled lightly: “Isn’t it only 300,000 yuan, I dare to ask the price to buy it, are you afraid that I can’t afford it?”

“300,000 yuan, can you really afford it?” The store owner was taken aback, obviously not convinced.

In fact, he has seen a lot of face-saving diaosi like this, and

most of them just fainted, and it is almost impossible to pay for it.

But this guy in front of him, 300,000 amethysts, take it as soon as he says it.

Without waiting for George Han to nod, the young man smiled: “Then I will pay 350,000.”

George Han frowned and swept towards the guy. Does the other party clearly want to get along with him? !

However, that guy didn’t hide his contempt at all, he turned his face away, and he was very arrogant.

“400,000.” George Han said coldly.

“Four hundred and fifty thousand,” he said again.

“So, Your Excellency is sincerely trying to raise the price with me, right?” George Han asked.

He glanced at George Han disdainfully, and hummed: “This business has always been bought by the highest bidder. Why do you say that I and you are raising the price sincerely? If you can’t afford it, then don’t buy it.”

“If you want to buy it, you can make an offer.” People who

usually take the initiative to

speak often have a price that is beyond his budget, so he thinks that he has basically secured the snow lotus.

“Okay, let’s play with you. If he doesn’t want to join, his whole family is a dog.” George Han laughed coldly and suddenly shouted, “I’ll give you one million!”

One million? !

When hearing this number, the store owner was stunned.

In fact, the price of 300,000 is too high for this snow lotus.

However, after all, this is Fengyi Pavilion, and the guests who come here are all wealthy owners, so the higher it is, the higher it is.

But he probably never dreamed that it was such an inflated price, and now Que suddenly tripled it.

“One

million?” The man also frowned obviously, and his previous calm was obviously dissipated a lot: “bas, **are you fu** kidding me?”

Although one million is not a big deal to him. It is a lot, but after all, it is obviously so many times more than the price of the commodity, this is a normal person will be obviously dumbfounded.

“I’m not joking, if you want to add it, add it, and if you don’t want to add it, get out as soon as possible.” George Han smiled softly, and said sarcastically: “However, we have said that whoever wants to add it will be the whole family. They ‘re all puppies, so before you leave, learn to bark a few times before leaving.” The

two women couldn’t help snickering, and the man suddenly looked extremely ugly: “Fuck, brat, you What are you proud of in front of Lao Tzu? Well, whoever doesn’t add it will be a puppy, a million, right? Come on, Lao Tzu will play with you.”

“Listen to me, Lao Tzu will give you 2 million!”

## Chapter 4052

Wow!

The store owner almost didn't sit directly on the ground.

This price is more than six times its inflated price.

The person is also completely dumbfounded.

"Young master...you...you're serious, two million?"

"Hmph, when this son talks, he always speaks the truth. If he calls two million, he will definitely not miss you a single son." The son finished his words. Looking at George Han provocatively.

For people like him, all they want is face, and it doesn't matter if they have money or not.

However, a stinky diaosi dares to provoke him here, can he bear it?

Obviously can't stand it, and, in front of two super beauties.

The shopkeeper nodded like smashing garlic, and he even wished he could immediately give the snow lotus to the young master, and at the same time give him a gift.

However, at this moment, George Han said leisurely: "Four million."

"Four million?" The

store owner felt that his brain was deprived of

oxygen .

What is the happiest thing in life, that is, the things you sell are seen by two local tyrants at the same time, and they keep raising the price for this.

This plot, he only dared to think about it in the past, and didn't dare to cite it to reality at all.

But now, not only did it happen, but it was in front of his eyes.

**"bas!" The young man shouted angrily and looked at George Han fiercely: "Are you fu crazy? Four million? One plus is double?"**

With this kind of addition, two more rounds, it's fu\*\*\*\* tens of millions.

It's just a snow lotus, where is it worth such astronomical figures?

"It's still the same sentence, don't add it if you can't afford it."

"Fuck, I can't afford it? Four and a half million." The boy gritted his teeth.

"Nine million." George Han spoke again.

This time, the young master couldn't hold his breath any longer, pointing at George Han, completely speechless.

It 's too fu\*\*\*\* outrageous

, it's only 300,000 things, but the price is directly raised to a full 9 million, which is a full 30 times.

In any other place, nine million won't know how many snow lotuses can be bought back.

"Nine million?" The young man smiled coldly and looked at George Han: "You motherfucker is bragging to me, right? By the way, I forgot to remind you, you have to be obedient when the price is out. Come on, you shouted nine million, can you hand it over?"

The store owner who was immersed in shock and ecstasy immediately reacted after hearing this son's words.

Yes, a full nine million. For most people, this is an astronomical figure. With such a large amount of money, how can anyone take it out casually?

Moreover, it is still used to buy snow lotus.

"This little brother, take the liberty of reminding me of friendship, this is the price you have to pay, it's not worth it

, otherwise, I can only report it to the management of Fengyi Pavilion, and they will intervene at that time. If so, this situation will be troublesome." The shopkeeper said.

Although nine million sounds tempting, at least in front of him, he trusts the four and a half million dollars that the son said.

Judging from that young man's temperament and dress, he is the one who can afford it. On the other hand, George Han, seriously, he really doubts whether this guy can afford the initial price of 300,000.

Seeing that George Han just smiled dumbly, he didn't care about the shopkeeper at all, he just looked at the young man and said, "I can't afford the money, what qualifications do you have to know?"

"All right, just admit defeat, and then learn to bark a few times, so you can know the answer." George Han said.

That young man is angry, and his shortcomings are small, but losing face is a big deal.

If this is to be regarded as a dog barking

, he is naturally not happy.

However, now that the price has reached 9 million, if you follow up rashly and this bas\*\*\*\* slaps himself, suddenly he will no longer report it.

Then, he really spent super unjust money.

Nine million, that's not 900,000, let alone 900 yuan.

"Follow, continue to follow, weren't you crazy just now?" George Han added with jealousy.

The young man regained his senses and suddenly smiled: "Hmph, you really want to trick me, let me tell you, I won't be fooled by you."

"Nine million, right? Well, I'll give it to you, at most. I'm a dog, and you, if you can't pay, will be tortured by Feng Yiting's people worse than a dog."

"I abstain!" he shouted loudly.

George Han smiled yinly: "I'm afraid you will be disappointed. It's true that you want to be a dog, but I am still a human being." After the

words were finished, George Han opened his space ring...

### **Chapter 4053**

When the space ring is opened, accompanied by the sound of the jewels, the next second, piles of gold The silver jewelry fell directly to the ground.

This crisp and unique voice immediately alerted all the people around, and they all looked at it.

The young man in front of him was completely dumbfounded.

It's not that he hasn't seen money, on the contrary, he has seen a lot of money, but so much money fell from the hands of a diaosi, it is really jaw-dropping, and it is impossible to say.

"I don't like to bring amethyst when I go out, so I just put some things on it, shopkeeper, you can count it, it's not enough to nine million."

Looking at the gold and silver jewelry on the hill, the boss's eyes were straight. It doesn't need to be counted, just at a glance, it is known that the value of this pile of gold and silver jewelry is at least 50 million or more.

Nine million is more than enough.

The boss changed his previous posture, and his face suddenly filled with a smile: "VIP, what are you talking about, this pile of things is enough for tens of millions, not to mention the mere 9 million for the small one."

You directly accept Get up, or the small shop can help you to ask the people from the exchange room to come and exchange it for you with amethyst, and bring it with you. "

He laughed.

If before, this guy took a sip of you and a high-level attitude, then now, he has completely taken a sip of you, and his attitude is even more humble than that of the young master just now.

George Han smiled softly and looked at the young master: "Since nine million is more than enough, then I think some people should complete their bets and learn to bark, right? "

The boy's eyes widened, how could he have thought that George Han would actually be able to touch so much money.

He clearly wanted to retreat to advance, and put Han

3,000 together, how could he have imagined that the clown turned out to be himself in the blink of an eye?

But there is a bet here, and it seems inappropriate for him not to admit it.

But when he wanted to admit the account, he still couldn't let go of the problem in his heart. Just when he hesitated, more and more people around him were watching.

Seeing this, he turned his heart away and smiled coldly: "Stupid idiot, just talk about it, are you serious? Do you know who this young master is?"

George Han shook his head: "I really don't know this. , Why don't you talk about it?"

"Humph, talk? I'm afraid I'll scare you to death." He sneered disdainfully.

"Who else in this city can scare me to death? Seriously, I'm quite curious." George Han laughed.

"Stinky boy, the frog at the bottom of the well. Okay, let me zoom in on my ears and hear it clearly. I am the only son of the Liu family in this city's Liu residence .

People in Jianghu call him cold-faced Liu son, boy, do you understand?"

Sign up for the name, and sure enough, many people around him suddenly whispered.

Although they spoke very quietly, because it was so quiet here, everyone could actually hear every sentence clearly.

"Damn, this Liu family is not very famous, but it is very powerful."

"That's not true, the Liu family's patriarch is a veteran family that pioneered the Pei family, and is extremely powerful. It's just that the Liu family has always had ancestral teachings. Knowing that the surname is Pei, the Liu family's children are strictly required to keep a low profile."

"Yes, yes, but no matter how low-key a powerful family is, they can't hide their brilliance. After so long, the Liu family is the only family that can receive the annual worship of every patriarch in person, and this aspect alone is very

comparable to ordinary people."

"Indeed, it seems that the young master got into trouble today, and some people are really people you can never afford."

Hearing what everyone said, it seemed that the situation was extremely serious, even the one who changed his attitude just now. The businessman, at this time, also kept his mouth shut and didn't dare to let go of half a fart.

Indeed, the Liu family in this city is definitely not something that ordinary people can provoke.

Even the mighty Pei family members often have to be courteous when they see them.

What's more, what about ordinary people like them?

He glanced at George Han quietly, and couldn't help but break into a cold sweat from the rich master.

However, George Han smiled casually without any fear, and glanced at Young Master Liu coldly. Seeing that he was extremely confident, he couldn't help shaking his head: "Sorry, I really haven't heard of it.

" Man, are you hanging?"

## Chapter 4054

as these words came out, the audience fell silent and fell into a deadly old track.

They all thought that George Han was going to ask something, but it turned out to be such a speechless question.

Are the Liu family hanging?

Asking this question here is actually like asking ordinary people whether the gods are powerful.

This is not the easiest question to answer with some thought.

George Han's question did nothing but show his ignorance.

Many people present didn't even want to answer his question at all.

Because answering him, it shows that his IQ is very low.

"Guest, let me tell you like this, the status of the Liu family is only for us in the Pei family. At the same time, they are also close members of the Pei family." Seeing no one answered the seller, and George Han

More or less

Someone can answer for himself how stupid he is, but Young Master Liu didn't blame the shopkeeper. On the contrary, after the shopkeeper described his level of bullshit, he stood proudly.

"Three thousand, the shopkeeper said that he is a close member of the Pei family. Otherwise, I'll leave it alone." Amelia Su advised.

Hearing Amelia Su's words, George Han hesitated.

Although he deliberately delayed Pei Gu, it did not mean that George Han disrespected Pei Gu. He made Pei Gu wait for his plans to look more real.

In general, George Han attaches great importance to Pei Gu's power.

It's not just because the Pei family's power can really make the future defense of the fallen city impregnable, and there is no need to worry about being attacked.

end risk. More importantly, Pei Gu helped him at his most critical moment. For George Han, this is enough friends, how can he not respect him?

Right now, Pei Hu already has a grudge against him, and the Liu family is a close family of the Pei family, so it's better to have less than one more thing.

Thinking of this, George Han nodded and looked at the merchant: "Well, buy this thing for nine million, and you can wrap it up for me."

After he finished speaking, he looked at Liu Gongzi: "As for yours and mine. Bet, just pretend that nothing happened." The

shopkeeper heard the words and nodded, but just as he was about to wrap it up, a big hand pressed on it again: "Wait."

He raised his eyes . At first glance, it was Mr. Liu who had no good intentions, and the store owner was a little nervous: "What's wrong

, Mr. Liu... Mr. Liu."

"Someone Liu is not a troublemaker by nature, but if someone else provokes me, Mr. Liu is never afraid of trouble." When it fell, he looked at George Han, raised his eyebrows and said, "You have raised this matter, so many people have come to watch, you say it's okay, it's okay?"

In Liu Gongzi's eyes, Han After hearing his name, George Han suddenly changed his arrogance and disdain. Instead, he took the initiative to mention it as if nothing had happened.

This shows a problem.

This guy is cowardly.

He is afraid of his own identity.

So, if that's the case, why should Liu Gongzi leave it alone? Anyway, it is him who is occupying the situation now, how can he give up?

"Then what do you think?" George Han looked back at him coldly.

"What do I want?"

Liu Gongzi smiled: "It's very simple, but there are two ways."

"One, I won this game, leaving two beauties, you can get out, and two, kneel down. You bark a few times, then leave the two beauties behind and get out."

George Han's eyes suddenly burst into anger: "So, you have to make a big deal about this matter, don't you?"

"You can understand that too."

George Han smiled and said: "Okay, since there is a big grievance You are begging me to play, I will be embarrassed if I don't play."

"However, let me remind you, if you really continue to play, your identity as the proud son of the Liu family may not be guaranteed.

" In other words, the ten thousand-year foundation of your Liu family ancestors will be destroyed, are you sure you really want to play?"

## **Chapter 4055**

Hearing George Han say this, Liu Gongzi frowned slightly: "Boy, are you threatening me? Scare me?"

George Hanyi smiled: "I'm just telling you about the consequences. As for what you think I think, it's up to you."

“Crap, if Mr. Pei stood in front of me and said this to Laozi, then I really think about these consequences. But, who the f\*\*\* are you?” Young Master Liu smiled contemptuously.

He knows almost everyone in the Pei family, and even if he doesn't, most of them are marginalized people in the Pei family, so he is fully aware of the people who can really punish him.

Naturally, he completely ignored George Han's threat.

George Han smiled and said nothing.

“Wait for Laozi.” Liu Gongzi finished, and rushed to the inner room in a few steps.

It seemed that he was talking to someone. After a while, the door opened, and hundreds of guards rushed in.

Everyone knows that Fengyi Pavilion has always only allowed guests, not soldiers. They have their own security, and they can't allow others to mess around.

But today, suddenly there are soldiers breaking in, and all this is obviously also due to the identity of Liu family son.

If it weren't for him, who could break this rule?

Seeing the arrival of his soldiers, Young Master Liu's arrogance suddenly became more abundant.

“Stinky boy, there are two paths, choose quickly, otherwise, the young master will choose for you.” Liu Gongzi laughed coldly.

George Han smiled slightly: “Then choose for me.”

“That's good, my young master is very merciful. In this way, I will kneel on the ground to learn a few dog barks, leave two beauties behind, and hurry up. I will not beat you while this young master is in a good mood now.” Liu Gongzi laughed.

George Han shook his head: “It's impossible for people to leave you. The key is that you don't dare to move. So, you can hit me and come here.”

George Han pointed to his own Face.

Seeing George Han being so provocative, Young Master Liu was so angry that he raised his hand and slapped George Han directly.

However, as soon as he slapped the fan, he felt an inexplicable wind blowing suddenly, and then his body fell backwards completely uncontrollably.

“Pop!

Young Master Liu, who lost his body's center of gravity, this slap fan was going out, but it swiped firmly on the head of the soldier on his left.

Amelia Su slightly blocked George Han's face, sneered and looked at ” f\*\*\*

, you...you dare to fight back? "Liu Gongzi was furious.

"What's wrong with fighting back?" "Amelia Su said coldly: "Is it possible that you are only allowed to do it, and we are not allowed to fight back?" Is there such an unfair thing in the world? "

Little beauty

, there is such an unfair thing in the world, it's better if you don't fight back, this young master is happy, and naturally everything is fine. But if you fight back, hmph, do you know what it means to hurt your family? "

"At that time, I will irritate Lao Tzu, and even the eighteenth generation of your ancestors will be planed." " When the

words fell, Liu Gongzi waved his hand, and he was unwilling to suffer the dark loss, and directly ordered the soldiers to do it.

A group of guards did not dare to neglect, and they were about to attack George Han and others. The three looked at each other. , The next second, no matter what else, the two women took Han 3,000 to defend and do not attack, and dodged all the way.

Suddenly, the entire Fengyi Pavilion was in chaos.

As Han 3,000 people hid in the east and west, and the soldiers chased after them, a large number of containers collapsed and countless commodities were destroyed.

Many businessmen saw it in their eyes and were anxious, but they didn't dare to say a word for a while.

After all

, this is Young Master Liu taking people, who would dare to say more and end up in the same fate as George Han.

However, some smart people saw different clues at this time, because on the surface George Han and others were indeed hiding, but the hiding was extremely subtle.

It seems that they have already predicted all attacks, but they are just deliberately hiding.

As for the purpose, they can't guess right now, and because they can't guess, they are skeptical of this method.

After all, if they can hide so easily, it means that their cultivation and ability are higher, so they should switch from defense to offense.

But soon, they seemed to understand the mystery, and they also understood what tricks George Han and others were playing.

"Stop."

With a loud shout, hundreds of Fengyi Pavilion's security guards rushed out. Along with them, a majestic man led a few assistants out slowly...

## Chapter 4056

With this loud shout, and this majestic man walks out, everyone who was originally fighting stopped in tacit understanding.

The guards naturally knew who was coming, and even if George Han didn't know him, he could at least roughly guess who it was from his current posture.

Looking at the inside of Fengyi Pavilion, which was already in a mess, the majestic man was very angry.

He is the real head of Feng Yi Ting. Originally, Young Master Liu had turned a blind eye according to Feng Yi Ting's rules.

But no matter how you turn a blind eye, at least it should be built on the basis of not destroying Feng Yi Pavilion.

However, now that a large number of shops in Fengyi Pavilion have been destroyed, how can he still sit still?

"Mr. Qin." Liu Gongzi clasped his fists slightly as a salute.

The dignified man named Mr. Qin also nodded slightly, in return: "According to

the rules of Fengyi Pavilion, no one is allowed to fight in the pavilion, and offenders will be punished by Fengyi Pavilion's severe punishment.

"Looking at the three of George Han, he said in a cold voice: "Three, do you not know the rules of Fengyi Pavilion?"

George Han frowned slightly: "Mr. Qin, right?"

"Yes!" Mr. Qin said coldly. answer.

"Hehe, someone wants to beat us, we just dodge, why do you put the blame on us? Why, are you afraid of the Liu family?"

"You..." Mr. Qin was furious.

However, George Han's words did make sense. Of course he was afraid of the Liu family's power, otherwise, how could he turn a blind eye?

It's just that, with this mess right now, the loss is so serious, he has to find someone to pay for it, right? !

The Liu family is obviously not in the scope of consideration, and the big injustice can only be his George Han.

"If you didn't wait and

hide, how could the guards crash the shop by catching you? It's not you, but who else?" He replied coldly.

“Wow, I’ve seen people who are arrogant, but I’ve never seen one who is so shameless as you.” George Han really saw it: “I originally thought that Fengyi Pavilion was such a different place, but now Take a closer look at this face, haha, but it is also a place of rubbish.”

“Fengyi Pavilion is the largest trading market in this city, but it has become a place of rubbish in your mouth, boy, your tone is too loud. “Mr. Qin snorted coldly.

“The good or bad of a place depends on whether its rules and style are high-level. As the head of Fengyi Pavilion, Mr. Qin is only a vulgar and elegant person. Can such a place be called a good place?” George Han Thousands of disdain smiled.

“Mr. Qin, you are lazy and play tricks with him.”

Liu Gongzi snorted coldly: “Let’s take him down, I’ll take care of him, and you’ll take the tens of millions of gold and silver jewelry on him as compensation, and we each take what we need. .”

Mr. Qin didn’t answer immediately, and looked at George Han: “I’ll give you one last chance, just keep your hands on it, and let’s do the rest, whatever we do.”

“What else can we do with someone like you?” What should I do?” George Han smiled disdainfully: “You are the one with the power, and you are ready to capture me?”

“Then don’t blame me for being rude.” After the words were finished, Mr. Qin gave a look, and hundreds of security guards also directly moved towards me. George Han rushed over.

Naturally, Young Master Liu would not miss such a great opportunity. With a wave of his hand, the Liu family guards also attacked George Han instantly.

Ziqing directly blocked the outside, while Amelia Su was responsible for protecting George Han closely.

When the husband was at the gate, a group of people was obviously blocked from attacking for a while, and they just attacked for several rounds, but it was difficult to win.

At this time, at the door of Qifeng Pavilion, Pei Gu was already a little tired of waiting.

The main reason he didn’t get bored was not because of waiting, but because he really didn’t know George Han’s attitude, and the whole person seemed arrogant and restless.

Of course, at this moment, what was extremely confusing to him was that the crowd who had been watching around began to move in large numbers in the other direction, making him completely confused as to what was going on.

Soon, a servant quickly ran to his side and added a few words: “Patriarch, there seems to be a big incident in Feng Yi Ting. I heard that three strangers fought with Liu family son inside.

” Go, go, go, it’s a shit.” Pei Gu impatiently dismissed the servant, but suddenly, he froze in place, three...three strangers?

## **Chapter 4057**

next second, he directly grabbed the next person: “What did you say just now, say it again?”

“Patriarch, Three strangers fought with the Liu family in Fengyi Pavilion.”

Pei Gu was dumbfounded on the spot.

The people of the Liu family and the people who should be in the city are naturally very clear, so in this case, who would go blind to trouble the Liu family?

Only people who are not here can go to the Liu family without knowing what to do.

In addition to three strangers, the number seems to be on par with Han 3,000.

It is impossible for you to say that Pei Gu is not ignorant.

“Let me go. Could it be that something really happened to the mother?” Pei Gu hurriedly waved his hand as soon as he finished speaking, and rushed towards Feng Yi Ting with his men and horses.

Almost as soon as he walked on his front feet, the large army on his back feet immediately followed, and even the crowd of onlookers

all followed at this time.

Seeing the attitude of the Patriarch of the Pei family, everyone knew that this incident was by no means a trivial matter.

A group of people rushed to Fengyi Pavilion like this.

At this time, the Fengyi Pavilion was experiencing the biggest disturbance and movement since the pavilion was built.

Even though the security guards in the pavilion cooperated with the Liu family’s guards, it was still a little difficult to deal with the defenses of Zi Qing and Amelia Su.

These two women looked beautiful and gentle, but in fact they were quite incredible.

The two of them blocked the front alone, and the other led George Han to dodge sideways. Even if hundreds of people besieged this small place for nearly half an hour, not even George Han could feel a hair.

A gang of people is desperate, panting, but they can’t do anything about it.

“f\*\*\*, you bltch,

if you have the kind of thing, stand up and hide behind a woman, what kind of hero are you?” Liu Gongzi cursed angrily, pointing at each other angrily.

Amelia Su wanted to say something, but was stopped by George Han.

George Han took a slight step forward, walked in front of Amelia Su, and said disdainfully, “It’s like if I stand up, you can do what you want.” “

I’m standing up now, come on.”

, Young Master Liu immediately rushed towards George Han a few steps.

However, when he was less than five meters away from George Han, a sharp sword was directly blocked in front of him.

"If you want to get close to my three thousand elder brother, then you must first ask me if the sword in my hand will agree or not." Zi Qing said coldly.

Young Master Liu was about to speak, but George Han raised his hand and moved the sword away. Then, he walked in front of Young Master Liu a few steps: "Now, even the sword has been cancelled for you, so

I will stand in front of you. The problem is, Do you dare to do it?"

Seeing George Han being so arrogant, Young Master Liu really wanted to raise his hand and slap him directly in the face.

However, he only raised his hand halfway when he suddenly frowned.

With such security, he naturally didn't need to stand up and let himself beat him. However, now he is standing up and let himself fight. Of this... I am afraid that when I think about it carefully, I feel more and more that something is wrong.

Thinking of this, Young Master Liu couldn't help but stop his hand and start thinking, even worried that George Han would not f\*\*\* him.

"What? I'm afraid, don't dare?" George Han smiled coldly: "However, it's useless to be afraid now. There are many things in one's life that only have one chance. Once missed, even if there is no regret Use."

"For example, you provoked me."

George Han laughed softly.

As soon as the words fell, Young Master Liu, who had been seriously considering it, was really unable to hold back.

No one dared to speak to him in such a tone, let alone play pranks with him at such a time.

Even if he knew that George Han was trying to be provocative in his words, he obviously couldn't care less.

"Damn it, I originally wanted to see you stand up so honestly and let me fight, so I'll give you a less miserable chance. But now, you are actually going to find your own f\*\*\*ing head, then I can't tolerate Grandpa Liu not giving you this chance."

"You're right, there is only one chance in life, but it's not for you to mess with me, but for you to mess with Lao Tzu." After the

words were finished, Young Master Liu gave a big hand. As soon as it is lifted, it will be fanned up.

And almost at the same time, Pei Gu also happened to rush to the door with his team...

## **Chapter 4058**

Pei Gu is in a hurry, and he has imagined countless scenes that may appear in Fengyi Pavilion in his mind, but no matter how much he thinks, it is better See for yourself.

At least, this look is enough to make Pei Guxin mention it directly in his throat.

“Stop!” Pei Gu didn’t know where his breath came from. After running for such a long distance, he could still drink loudly.

With this loud voice, everyone present couldn’t help but look back.

When the head of the Pei family arrived in person, many people bowed their heads slightly on the spot to show respect.

There are also more people, who are sweating cold sweat for George Han at this time.

After all, George Han was already embarrassed enough to have someone from Feng Yiting come out to support the people who provoked the Liu family.

If there is another

Pei family coming out, even George Han with two women who are quite capable, I am afraid that today will be destined to end miserably.

“Uncle Pei.”

As soon as he saw Pei Gu, Young Master Liu, who was raising his arms to hit someone, was overjoyed, but also very happy.

According to the rules, although the Pei family pays annual homage to the Liu family, most of the time the elders meet the elders, and people of their generation don’t have much chance to contact the current Patriarch of the Pei family.

But today, the Patriarch of the Pei family is right in front of him, and it is obvious from the situation that he is here to support him. How could Young Master Liu not be happy?

As soon as he shouted, Pei Gu could of course remember that this was the son of the Liu family, and he rushed over with a few steps with a frown.

“you

What are you doing? Pei Gu looked at Young Master Liu angrily.

Young Master Liu smiled slightly. It’s the time. Uncle really likes to pretend.

However, after all, he is the head of the Pei family, so he should pretend.

Thinking of this, Young Master Liu smiled lightly . : “Uncle Pei, what kind of wind brought you here, oh, it’s okay, but there is a guy who doesn’t have long eyes making trouble here. “

I came out and said a few words, but I didn’t know that they would not sell the face of our Liu family, so we joined forces with Feng Yiting’s brother to catch him.” “

It's a pity, the two big beauties around this kid are somewhat capable. We didn't catch him after so long, and instead let him break many things in Feng Yiting." "

"Uncle Pei, you are the best. Anyway, you are here. Otherwise, would you please help me catch it?"  
Hearing this ,

Pei Gu frowned. If he usually believed Liu Gongzi's nonsense, but today, George Han was standing opposite. How could

he dare to believe it easily?

"Is that true? Pei Gu said coldly.

Naturally, Young Master Liu thought he was pretending again, and nodded immediately, "Exactly. "

However, when he raised his head, he found that Patriarch Pei was not asking him at all, but George Han.

George Han smiled softly: "The truth is, I was buying snow lotus here, and someone made a malicious bid and wanted to take it from me. Well, the result is negotiated with me, and it is decided that the one with the higher price will win. "

"And after the high-priced one got it, some people refused to accept the result and used their power to oppress them

. " "

There are store owners who can testify, and at the same time, many people present can testify, you can ask at will, Patriarch Pei. When the

words fell, George Han looked at Young Master Liu and said with disdain, "You really know how to sue the wicked first." "

"Is there such a thing? Young Master Liu?" Pei Gu asked softly.

Young Master Liu immediately shook his head: "There is absolutely no such thing." After he finished speaking, he stepped in front of George Han a few steps, and said in a low voice full of mockery, "Hmph, stinky boy, there are some things that are not based on what you said. It doesn't make sense, but, let's see if I believe you. What if what you said is the truth? Is there someone who is rude to you?"

George Han smiled and stopped talking. Since Pei Gu is here, then George Han believes this. He will naturally handle things properly, and there is no need for him to say more...

## **Chapter 4059**

Pei Gu frowned slightly, obviously thinking about something.

After a while, he nodded: "It seems that there is no need to ask more about this matter. I already know the details."

Hearing Pei Gu's words, Liu Gongzi was even more proud. Since Uncle Pei said so, then Obviously, he agreed with the "reason" he said, and knew that it was false, so he didn't need to say more and covered it up for himself.

Thinking of this, Young Master Liu raised his mouth at George Han, raised his head, and shook his body slightly, both provocative and mocking.

"Someone."

"Here!"

Several experts from the Pei family who followed Pei Gu immediately stepped forward to take orders.

"Wait for someone who has done a good job, arrest me and put them in jail, and wait for the release."

"Yes!"

As soon as he finished speaking, just when Young Master Liu was very happy, several masters had already waved their hands and led the troops on the spot to quickly start action. .

"Wow!"

Hundreds of elites, led by several masters, first surrounded the security guards in Tingzhong and the Liu family's departments, and then rushed to Liu Gongzi and Boss Qin. Killing state.

This time, Young Master Liu and Boss Qin were obviously dumbfounded.

"Patriarch Pei, what's the meaning of this?"

"Uncle Pei, take care of your subordinates. Did they make a mistake? Why are the guns and knives on our necks?" The

two were in a hurry. shouted.

"What's wrong?" Pei Gu smiled coldly and couldn't help but say: "My subordinates are all elites, they are absolutely correct in doing things, and they will not make mistakes."

Then, Pei Gu looked away and walked slowly in front of Liu Gongzi. : "The Liu family is one of the heroes of the Pei family. Therefore, the ancestors of the Pei family have their own orders. Even if the world changes, even after ten thousand generations, the Pei Liu family should be as close as a family ."

"I treat you Liu family well. , high official salary, no shortage of annual greetings, nephew, what do you think."

Liu Gongzi hurriedly nodded: "Uncle Pei is of course good to my Liu family, our Pei Liu family are also close as a family, then you... Then how can you let people? Did you arrest me?"

"Crack!"

Just as Liu Gongzi was struggling to get up, suddenly, a slap slapped his face heavily.

"Since my family is like a family, and since I am your uncle, then I will educate you well for your father."

Touching his aching and red face, Young Master Liu couldn't believe it, but was extremely scared. Looking at Pei Gu, he didn't understand what was going on.

"Uncle, there are reasons for beating people. You really don't believe the words of the sloppy, right ?

"

I'm enough to kill you with a thousand cuts? Have you heard that there is a VIP from my Pei family?"

Young Master Liu nodded, he had heard of this, but because of the Pei family, his Liu family had no right to intervene. The relationship is close, but the meritorious status of the Liu family is not in the internal officials, but in the outer borders.

As a frontier minister, Liu's father was not in the city. Only his son was idle, and he heard about it, but didn't know it.

"I know, I know, uncle, then... so what's the matter?"

"What's wrong?" Pei Gu smiled coldly, looked at the cronies behind him, shook his head and said, "This title is hereditary, it is true that the first emperor only cared about the merits of his former ministers, but he did not expect the sadness of future dynasties. Because of you If you can't keep up, which tiger general will give birth to a mouse for you." The

entourage smiled and nodded: "The owner is right, some things are too persistent, and they will rest on their laurels

, and some rules are too conservative, and they will stick to the rules."

Nodding slightly, Pei Gu sighed and said, "Then it's time to change."

After that, Pei Gu looked at George Han and said, "VIP, what do you mean?"

After that, Pei Gu gave a slight salute. .

However, just such an action was enough to make everyone present immediately fall into boiling and madness.

"What? Is this young man the newly welcomed VIP of the Pei Mansion?"

"I heard that the Prince of the Pei family even vacated the newly installed Qifeng Pavilion for him to live in. This is enough to show the weight of this VIP."

" Damn , such a big man actually came to Fengyi Pavilion." A

group of people whispered, but at this time, Young Master Liu and Mr. Qin, the head of Fengyi Pavilion, were completely dumbfounded, and the whole person was completely petrified. Left in place...

he...he turned out to be...the VIP of the Pei Mansion! ! ! !

## **Chapter 4060**

Qin feels that his eyes are dark. Feng Yiting has been treating guests with care for many years. Even today, he is still there. Be careful with respected guests like Liu Gongzi.

For Fengyi Pavilion, although it is advertised that there are all VIPs in the pavilion and treat them equally, but in the arena, it is always inevitable that the secular trifles and so on.

Therefore, Feng Yiting actually handled the relationship of these levels carefully.

However, after dealing with it for so long, I didn't expect that today, just because of a little bit of bias, Feng Yiting completely capsized.

Young Master Liu was equally astonished. He just wanted to pick up a girl and maintain his prestige. It was just such a good coincidence, but it happened that he hit the big luck and met a big master.

Moreover, his mother is still a VIP of the Pei family, even the head of the Pei family is a polite master.

Now, recalling everything George Han had said before, Young Master Liu no longer felt any sarcasm.

On the contrary, all he has left is a private and endless coolness.

“

Plop!” With a muffled sound, Young Master Liu bent his knees, and knelt on the ground on the spot: “VIP, VIP, I was wrong, Liu Zongyuan has eyes and doesn't know Mount Tai, and provoked you, it's a little damn, it's a little damn, I also ask you to forgive me, let go of the little ones, let them go.”

George Han smiled lightly, looked at Pei Gu, and ignored Liu Gongzi at all: “These are the affairs of the Pei family and have nothing to do with Han Mou. It is so true that it is difficult for an honest official to break up housework.”

“But since Patriarch Pei asked Han, Han should give some advice out of politeness.”

“Han believes that the inheritance of titles and titles from generation to generation must be a disaster. In the history of the earth, the emperors have long known the harm, so they used conspiracy and conspiracy to cut down the vassal.”

“Among them, the most famous one is the It's a push order.” George Han said.

“Looking at the VIP's meaning, I also agreed to change it.” Pei Gu said with a smile.

George Han chuckled: “Liu family son is not afraid of this, or he doesn't care about it at all. After all, before he wanted to hit Han, Han had already said this, but Liu son was not afraid at all.

” Gu heard the words, nodded, and when Liu Gongzi heard this, the whole person shivered in fright.

It's not that he doesn't care, but he doesn't think that touching George Han will bring him such consequences.

Now, after knowing George Han's identity, how could he not be afraid? !

“Uncle Pei, the Liu family has been loyal from generation to generation. There is no credit or hard work. Please forgive me more, Liu Zongyuan knows it's wrong.”

Pei Gu snorted coldly: "People who do things for the Pei family, Pei must know, and neither Bad treatment . Pass my orders."

"Yes!" "

From now on, the Pei family's hereditary position will be removed, and the Pei family's annual worship will also be cancelled. Except for the current frontier general of the Liu family, any other children will only be paid and not retained.

Position."

"What?" Hearing these orders, Liu Zongyuan couldn't help but slammed down to the ground.

Going to Liulu may have an impact on many other people in the Liu family, but it may not be a big deal, after all, life will not be affected too much.

But for a son of the Liu family like Liu Zongyuan, this has a big impact.

In other words, he is the heir of the future family. If he inherits a family with no future, then the value of his heir will be greatly reduced.

In the past, the Liu family could say here, under the Pei family, above the Wan family, but from now on, what confidence and qualifications does he have to say these words again?

Even, in the near and foreseeable future

, the Liu family will be slowly replaced by other families, and eventually become mediocre.

The feeling of falling from the sky to the ground, Liu Zongyuan felt more real and real than anyone else.

That feeling is really painful.

"As for Fengyi Pavilion." Pei Gu thought for a while, but did not make a decision immediately.

Mr. Qin has been in charge for many years and is quite experienced. At this time, when everyone was not paying attention, he gently turned his ear to Pei Gu: "Patriarch Pei, half of the capital injection in Fengyi Pavilion belongs to the Pei family."

Hearing this, Pei Gu couldn't help but stunned, turned to smile, and looked at Mr. Qin: "You said just now that half of the funds in this Fengyi Pavilion are invested by the

Pei family, right?" This kind of thing was read out loud, but he nodded obediently: "No... that's right, it's..."

Pei Gu nodded clearly, and then smiled again...
