Chapter 9

Elisa smiled and corrected him, "Ex-wife." Despite how composed Will was, he could not help but appear a little shocked. "Ex-wife?" Elisa extended her hand. "Mr. Darcey, I am Iris. It's nice meeting you for the first time. I hope we can work well together." Although she had seen him a few times as Mrs. Darcy, it was indeed her first time meeting him as Iris. Will shook her hand, but his smile remained somewhat skeptical. "Ms. Iris, why the sudden divorce?" Charli immediately felt indignant and said, "Mr. Wickam is a greedy man. Ms. Iris..." "Charli..." Elisa interrupted her and glared at her to stop bringing up her personal matters. Then, she turned to Will and said, "Mr. Darcey, I know how vital this case is to Darcey Group. Therefore, I will never play around with it. You might not trust Mr. Wickam's ex-wife, Elisa, but you must not doubt Iris. I have no reason to ruin my reputation." Will narrowed his eyes slightly. However, he soon chuckled. "About this case, Gareth has Vincent Shane on his side. I believe no one can help me win other than Ms. Iris." Vincent was an elite lawyer who had never lost a case. A mention of his name would induce fear among other lawyers. Furthermore, he and Gareth were childhood friends. Some said Vincent was as good as Iris. Thus, people were interested to see Vincent and Iris going head-to-head in court. That was also why Will did everything he could to get Iris to represent him. But now... There was an unexpected coincidence, but that made the matter even more interesting. Charli nodded with a chuckle. "That's right, Mr. Darcey! There is no use looking for other lawyers. Vincent is a brilliant lawyer. Therefore, other than Ms. Iris, ordinary lawyers would not stand a chance against him. In that case, there is no need for Iris to spy on you for Mr. Wickam, isn't it?" Will nodded slightly and appeared to agree with what Charli said. However, he did not seem in a rush to discuss business. "What you said makes sense. Shall we have lunch first?" He summoned a waiter to bring in the food. Then, he gentlemanly introduced the dishes and wine to them. Elisa did not refuse his courtesy and picked up the cutleries. "If I had known you are this hospitable, I would have asked to meet you a long time ago." Will smiled. "Previously, I have always seen you with Gareth and never had a chance to talk to you. You and Gareth seemed like a loving couple. Why the sudden divorce?" Then, Will raised a glass of wine and smiled. "Ms. Iris, are you not going to have some wine?" "No, wine is

harmful to health. I heard you have gastric issues. Let's just enjoy the food." Will smiled and seemed to imply something. "I didn't expect Ms. Iris to be so 'concerned' about me and know about my gastric issues." Elisa paused eating for a moment and smiled casually. Then, she continued dining. After that, she did not say anything but focused on eating the food. She ate elegantly at a moderate pace. Meanwhile, Will ate slowly as if he was someone noble. On the other hand, Charli was not in the mood to enjoy the food. She glanced at Will from the corner of her eyes and became worried. Will doesn't seem to trust us. Once Elisa put down the cutleries, Will finally looked at her. "I'm quite surprised by our first meeting." Elisa smiled, "It's okay. There will be more surprises in the future." Will arched an eyebrow, and his eyes gleamed with interest. "I'll look forward to them." Suddenly, Charli cleared her throat. "I think we are almost done with the meal. Should we discuss the case?" Elisa looked at Will calmly. "I already know the specifics about the case and believe we can win. I am also happy with the fees you offered, but I have an additional condition."

Chapter 10

"We can win." Although Elisa had said those words casually, Will believed her. He looked at the gorgeous woman before him with a flash of surprise in his eyes. People said beautiful women are like vases. But what about this lady? If she is not lying and is really Iris, it means she should never be underestimated! Will nodded and replied warmly, "What is it? I will agree if it is within my abilities." Elisa tapped her index finger on the table from time to time. She looked at Will and smiled calmly. "I heard Mr. Morris will be having a birthday banquet in ten days." Will looked at her. "Yes." Elisa tilted her head slightly and smiled. "Do you need a date for the banquet?" Surprise flashed across Will's eyes, but he smiled at her. "It is an honor. I will pick you up from your house that night. May I have your address?" Elisa took a sip of fruit juice.

Then, she pursed her moist lips and said with a smile, "That's too boring. I will meet you at your home and go from there." Charli was rendered speechless. What is Iris up to? Mr. Darcey is a wolf dressed in sheep's clothing! I heard he is a notorious player and a typical scumbag! He is even worse than Gareth and has gone through many women! At least Gareth is only involved with Linda, but Will... He changes women like clothes! If Elisa wants to go to the banquet, she can easily get in with her status as a lawyer. Why does she have to go with Will? She even arranges to go from his house! Charli could not sit still and feared Will would take advantage of Elisa. Thus, she quickly kicked Elisa's leg under the table. However, Elisa did not react no matter how many times she kicked her. That made Charli even more anxious. She stared at Elisa and kicked her harder. Will looked deep into Elisa's eyes and did not seem to mind her intention. He smiled and answered, "Sure." Elisa sent Charli a comforting glance and nodded. "Mr. Darey, when would you like to bring the case to court?" Will thought for a moment and smiled. "I think we can wait until after the birthday banquet. Wouldn't that be more interesting?" Charli was rendered speechless. The two of them seem to be planning something. This morning, Will's assistant even called to say that the case is urgent, but now... Oh! I get it! Is Will planning to let Gareth see that Elisa is his companion before suing him? Then, when they appear in court, Gareth would find out that Will's lawyer is Gareth's ex-wife. My goodness! Will is a vengeful man! Elisa smiled and got up from her seat. "I will leave you to decide when to sue him. Since

we are done with the discussion, I would like to go home for beauty sleep. If there are any more documents, you can send them to Charli. Thank you for your hospitality, Mr. Darcey." Will narrowed his eyes as he saw how easy-going Elisa behaved. She seemed to have arranged everything and was confident of her success. It was very different from how she seemed before. Previously, Elisa would always stand hidden behind Gareth. Although she was beautiful, she seemed to have lost her spirit. But now, Elisa exuded an irresistibly attractive aura. Thus, Will took his phone and smiled at her. "Do you play games? I rank high in this game, so I can guide you." Elisa burst into sudden laughter. She took her phone and joked, "I didn't expect to find you with this achievement. Still, I don't play games." Will seemed to have expected her response and casually opened a social media app. "Would you mind if I add you to my friend list?" Elisa looked at him with a smile. Will smiled back and said, "If needed, I can help you press 'like' to anything you post." Elisa was amused by his childish offer and sent him a friend request. "Mr. Darcey, you should stay away from a divorced woman." Will accepted her friend

request and said, "I just think anything that would make my opponent unhappy would make me happy. Does it bother you, Ms. Iris?"
